Notes to Financial Statement as at and for the year ended 31st March, 2015

1. Significant Accounting Policies:

1.1) Basis of preparation:

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.2) Use of Estimates :

The preparation of financial statements require judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities including contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Differences, if any, between actual results and estimates are recognized in the period in which the results are known / materialized.

1.3) Recognition of Revenue & Accrual of Expenses ;

- a) Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. All revenues are accounted for on accrual basis except as otherwise stated.
- b) Expenses are accounted on the accrual basis and provisions are made for all known losses and liabilities.

1.4) Fixed Assets :

Tangible Fixed assets

- a) Fixed Assets are stated at cost of acquisition, less accumulated depreciation.

1.5) Investments

Long-term investments are valued at cost of acquisition. Cost of acquisition includes brokerage, legal, professional and other charges incidental/related to the acquisition. Provision for diminution in the value of Non-Current investments is made only if such a decline is other than temporary.

Current Investments are carried at the lower of cost and quoted/fair value of each class of investments.

1.6) Inventories

Inventories are valued at cost or net realizable value whichever is lower. Cost is determined on weighted average basis. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to their location and condition and includes appropriate overheads.

1.7) Cash & Cash Equivalents
