REVIEW OF OPERATIONS

Interest charged to the tune of Rs.4211.83 lakhs on the advances to a Related Party for purchase of Land and Wind Mill, which has been called back constitutes the major revenue for the year.

The revenue from operations consist of the revenue from sale of land to the tune Rs.3645.25 lakhs, revenue recognized from Joint Development Project (JDA) to the tune of Rs.398.47 lakhs and a marginal amount of Rs.33.36 lakhs received as Lease Rent.

After adjusting the provision for tax to the tune of Rs.5546.59 lakhs, the net loss for the year is Rs.1661.15 lakhs.

Joint Development Agreement (JDA) With M/s.SPR Construction Pvt. Ltd.

The Company has commenced the development of the world-class integrated township on a Joint Development Model. The Joint Development Agreement (JDA) has been signed with leading Chennai-based real estate developers, SPR Group, for development on its mainland area of 63.89 acres at Perambur, Chennai.

The mixed use development is the first-of-its-kind township located in a prime location and is based on the concept of building a destination “Where Business Meets Life”. Planned around combining professional workspaces and living spaces into one gated arena, it includes a separate residential development, an organized wholesale center, along with a Retail Mall, School, Convention Center and Entertainment Area. The joint venture between Binny Ltd. and SPR Group believes it can utilize the opportunity presented by the current physical and social infrastructure bottlenecks faced in Sowcarpet (South India’s largest wholesale market) located at just 3 kms from the Project Site. The Site has easy road access on all four sides, and is the only private land of this scale in close proximity to the city’s wholesale markets. The development of the wholesale center on the site will prove to be an extension/ alternative to the Sowcarpet market and is expected to become a trading hub not only for the Chennai city, but also for the entire South India, given its proximity to Chennai Port.

The Project has already received great levels of expression of interest from all quarters. Its residential phase and wholesale market development has already received all the requisite approvals and RERA registration, with other developments expected to obtain the same in the next few months. The Project shall be developed over a period of 7-9 years in a phased manner. Work on the first phase has already begun and is proceeding at a steady pace. The project's residential towers (Tower A, Tower B and H) has met with overwhelming response from the Chennai community and was successful in selling a record number of units in a short span.

Current Status of Project:

- 1. Residential Towers Development** – Phase 1 towers - (Tower A, Tower B and H) is already 70% sold out. The Civil Structure are nearing 85% completion and finishing work has started. The Company has been receiving enquiries / EOIs regarding the launch of its next tower. The approval for next residential tower is expected to be obtained during FY 2020-21 upon which the sales would be commenced
- 2. School Development** –The School is 95% Complete in terms of Civil work & Structural work. The School is named as “The Shriram Universal School (TSUS), Chennai” and has commenced operations for the Academic Year 2020-21 in collaboration with Shri Educare Group from Delhi who are known to setup distinguished educational institutes like Lady Shriram College, Shriram College of Commerce and a string of Schools with the TSUS brand name. The School has adopted CBSE curriculum and has classes from Nursery to Grade VI for its inaugural year. The School has garnered an incredible response from the micro market with more than 350 admissions for its first academic year. The School stands as testimony to the Company's promise of improving the overall quality of life. We foresee higher customer confidence on the vision of project which will reflect in form of higher and faster sales.
- 3. Villa Development** – Civil Structure are nearing 70% completion and finishing work is underway. Aiming to deliver Villa's by next calendar year
- 4. Market of India, Wholesale Market** – We have started the construction work on the Ground floor after completing the excavation and work for 2 basement floors and lower ground floor.
- 5. Experience Centre** – The Company has inaugurated a one-of-its-kind life size sample zone of MOI for Customers to come and witness how the life transforms at MOI. The Experience Center is built to aid in the Sales of MOI. The Experience center will also accommodate a Model Apartment of the future residential tower and the same is now in its finishing stage.

Impact of Covid-19 on the Company

During the Phase 1 and Phase 2 of the nationwide lockdown, Covid-19 had impacted the ability to do business since there were severe restrictions on the movement of construction material, employees, labour and interested customers. This compounded the pre-existing challenging market and macro economic environment

The Company is backed by a strong Joint Development Partner, committed employees and a resilient business model based on which the impact may not be as significant as it has been on other local players. However, the revival of consumer sentiment could take longer than what was initially anticipated considering depletion of personal savings of most individuals and aspiring businesses. The reverse migration of Labour also posed some hardships in the ability to scale back construction activity. The local State and Central Government has been responding to the needs of the Industry from time to time. The Central Government has permitted a delay in project deliveries upto 6 months by permitting the Developers to invoke the “Force Majeure Clause”. The company foresees that the impact of Covid-19 could be on the financial performance for the next 2 quarters atleast.

Safety of Labours, Customers and employees was of paramount importance during the period of lockdown and will always be so. With this in mind, the Company has put in place abundant safety measures including sanitization, fumigation procedures and entry-checks through Aarogya Setu App.

The Company has always been futuristic in its approach and had already made significant investment in marketing through virtual world even before COVID-19 was rampant in India. The Company has been capable of conducting walk through, brochures, floor plans etc in digital form. Further, the Company has moved to video conferencing platforms and started addressing enquiries virtually. Given these physical challenges, the Company has been able to achieve 60% of Sales noted during the pre-covid period, which is quite encouraging.

However, Covid-19 has also presented an opportunity for the integrated township project in a unique way. Greater family bonding during lockdown has increased the desire for providing an improved quality of life for their loved ones. We have observed that customer preference is likely to drift significantly towards environments that are controllable, safe and secure,

while providing amenities that reduce need to venture out. Hence, once the consumer sentiment revives, townships like the one which is developed by the Company, which are adjacent to schools, office spaces, will be the first to benefit.

We are also noticing that customers are more risk averse than before and are inclined towards project which are nearing completion since there is a clear road map for delivery / possession. Prospective customers are deriving confidence from the fact that the Company has been able to complete the School Project and the super structure for the residential project is already in place.

DIVIDEND

The Company does not recommend any dividend for the year ended March 31, 2020.

DEPOSIT

The Company did not invite or accept any deposit during the year under review.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**i) Industry structure and developments:**

With the decision to exploit its vast urban land bank, the Company has entered the real estate sector. This transformation is being undertaken because the Company understood the growth potential of the sector, and is in a position best-leverage the opportunities. While over 75% of the real estate market in India is related to residential housing, The Company is determined to largely focus on this segment while also developing a mixed portfolio that includes commercial property, retail, entertainment and hospitality.

The primary focus is on best utilising the land asset in Perambur area given the location's demand and land usage regulations.

ii) Opportunities and threats:

The residential real estate segment in India has witnessed significant growth in the first decade of this millennium. Thereafter the impact of the global economic crisis was felt by the sector, there was a slowdown and decline in demand, subsequently the demand has started picking up gradually and the industry is in a phase of consolidation. Growth in commercial real estate has been driven largely by the flourishing service sector in the Country, especially the IT and IT enabled services (ITeS). While the real estate sector has strong fundamentals, it continues to be highly dependent on economic cycles. For the residential sector, the prevailing economic condition has a major impact on individuals buying power and the level of income related uncertainties that determine investment risk taking capabilities.

For the commercial segment, the relationship is even more direct, as improved economic activity requires more people to be employed that leads to demand for more office space.

iii) Segment-wise or product-wise performance:

Not Applicable

iv) Outlook:

By all indications, the Real estate sector will have turnaround in the next year or so. Indian economy is finally turning the corner though GDP growth is pegged at 4.2% this fiscal year which was beset with muted sentiments owing to general economic downturn over the last couple of years. The turnaround in sentiment actually began after a series of incremental reforms and announcements, which benefits Indian industry as well as the real estate sector.

Some of these measures include the incentives announced by RBI for infrastructure financing, the reduction in interest rates on home loans, incentives for affordable housing, announcement of a framework for REITs (Real Estate Investment Trusts) and relaxation of norms for foreign direct investment in construction. The Government's initiative in relaxing complex FDI norms will lead to higher foreign inflows and more liquidity for the sector.

Covid -19 impact on Residential Real Estate

Amidst, the current COVID-19 outbreak, the Real Estate Sector is likely to witness major disruptions due to construction delays and financing issues. However, the Company is backed by a strong Joint Development Partner, committed employees and a resilient business model based on which the impact may not be as significant as it has been on other local players. The revival of consumer sentiment could take longer than what was initially anticipated considering depletion of personal savings of most individuals and aspiring businesses. However, Covid-19 has also presented an opportunity for the integrated township project in a unique way. Greater family bonding during lockdown has increased the desire for providing an improved quality of life for their loved ones.

v) Risk and concerns:

While the management of The Company is confident of creating and exploiting the opportunities, it also finds the following challenges:

- Macro-Economic Risks: Interest rates, inflation and exchange rate risks are amongst the important macroeconomic indicators.

- **Liquidity Risk:** The time required for liquidity of project can vary depending on the quality and location of the property.
- **Other Risks:** Unanticipated delays in project approvals, Availability of accomplished and Trained labour force, increased cost of manpower, rising cost of construction, etc.,

Market instability and uncertainty may create a slight flutter for the sector. The Current economic outlook, though not dim, seems bleak and can hamper the industry growth. Continuous change in policies will tend to affect investment as well.

vi) Internal Control system and their adequacy

The Company has adequate internal control systems commensurate with its size and nature of business and complexity of operations. Internal Auditors conduct regular audits and report to the Audit Committee, thus ensuring the adequacy and effectiveness of Internal Control. The observations of the Internal Auditors are reviewed periodically on a quarterly basis and due compliances ensured. The exceptional items are reported to the Board.

vii) Discussion on financial performance with respect to operational performance.

Financial performance with respect to operational performance is discussed in the main part of the Report.

viii) Material Developments in Human Resources / Industrial Relations front, including number of people employed.

The Company's streamlined reporting system ensures efficiency. The Company continues with the job appraisal system ensuring overall growth of the employees of the Company. The Company still invests in training and development of its employees. The thrust of the Company has been on talent improvement through training programmes. Industrial relations have continued to be cordial throughout the year.

CORPORATE GOVERNANCE

The Directors present Company's report on Corporate Governance in compliance with SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 and the practices followed by the Company.

The Company is committed and consistently practised good corporate governance. The Company's philosophy on Corporate Governance is compliance of matters by maintaining disclosure, transparency, accountability and aiming at enhancing the long term value of all stakeholders and the Company endeavours to ensure that highest standards of ethics and code of conduct are met throughout the organization.

ii. Penalties / Strictures during last three years

During the Financial year 2017-18, due to resignation of Shri. T Radhakrishnan and Dr. D.V.R. Prakash Rao, Independent Directors on 20.05.2017 and non availability of the other Independent Director Smt. T Manisriram,

the Audit Committee Meeting could not be held for consideration and approval of Audited Financial Statements for the year ended 31.03.2017 within the stipulated time as prescribed in Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015. Further Smt. T Manisriram had resigned from the Board on 05.10.2017 and Statutory Auditors had tendered their resignation on 01.09.2017. As a result, the Audit Committee could not be held on the subsequent quarter ended 30.06.2017.

The Board then reconstituted the Audit Committee and the Audited Financial Results for the year ended 31.03.2017 and the Unaudited Financial Results for the quarter ended 30.06.2017 were considered and approved by the Board after the recommendations of Audit Committee on 23.10.2017.

Since, the Audited Financial Results for the year ended 31.03.2017 and the Unaudited Financial Results for the quarter ended 30.06.2017 have not been approved within the permitted time limit prescribed under SEBI Listing Regulations, 2015 a penalty of Rs.9,65,715 /- was levied by the M/s.BSE Limited.

Other than penalty mentioned above no other strictures/penalties were imposed on the Company by Stock Exchange or SEBI or any statutory authority on any matter related to capital markets during the last three years. The Company has been complying with SEBI Rules and Regulations.

iii. Whistle Blower Policy

During the Financial Year, there was no such incident that necessitated the Audit Committee to investigate according to the Whistle Blower Policy.

In line with Section 177 (9) of the Act read with relevant rule 7 of the Companies (Meetings of Board and its powers) rules, 2014 and Listing Regulations, 2015, the Company has established a Vigil Mechanism overseen by the Audit Committee. This has been uploaded in the Company's website. The link for the same is http://www.binnyltd.in/images/policies/Whistle_Blower_Policy_Vigil_Mechanism.pdf

No personnel were denied access to the Audit Committee of the Company.

iv. Compliance with the discretionary requirements under Listing Regulations, 2015

The Board of Directors periodically reviewed the compliance of all applicable laws and steps taken by the Company to rectify instances of non-compliance, if any. **CERTIFICATE ON COMPLIANCE WITH THE CONDITIONS OF CORPORATE GOVERNANCE
UNDER SECURITIES AND EXCHANGE BOARD OF INDIA (LISTING OBLIGATIONS AND
DISCLOSURE REQUIREMENTS) REGULATIONS, 2015**

To the Members of Binny Limited

I have examined the compliance of Corporate Governance by Binny Limited, for the year ended 31stMarch 2020, as stipulated under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The compliance of conditions of Corporate Governance is the responsibility of the management. My examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me,

I certify that the Company has complied with the conditions of Corporate Governance as stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

I further state that no investor grievances are pending for a period exceeding one month against the Company as per the records maintained by it.

I state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

SECRETARIAL AUDIT REPORT
For the Financial Year 2019-20

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,

M/s.BINNY LIMITED

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. BINNY LIMITED (hereinafter called the Company)**. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of **M/s. BINNY LIMITED** books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19 pandemic, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended 31st March 2020, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s. BINNY LIMITED** ("the Company") for the financial year ended on 31st March 2020 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; **(Not applicable to the Company during the audit period)**
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 and amendments from time to time; **(Not Applicable to the Company during the audit period)**
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; **(Not applicable to the Company during the audit period)**
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **(Not Applicable to the Company during the audit period)**
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; **(Not Applicable to the Company during the audit period)**

- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **(Not Applicable to the Company during the audit period)**
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; **(Not Applicable to the Company during the audit period)**

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with Bombay Stock Exchange.

My observations/remarks are as under:

1. The advances to related party for purchase of land for which the members of the company have not approved the resolution. The company has called back the advances and these advances for purchase of land are pending for recovery. However, interest has been charged on the advance.
2. The advances to related party for purchase of wind mill. The company has cancelled the contract and recalled the advance paid and this amount is pending for recovery. However, Interest has been charged on the advance.
3. The outstanding loan amount of Rs.31.33 lakhs due from one of the party covered in the register maintained under section 189 of the Act.
4. The advances to related party for purchase of land for which the members of the Company have also approved the resolution. The Company is in the process of completion of registration formalities.

We also observed that the Company is required to spend an amount of Rs. 297.76 lakhs towards Corporate Social Responsibility (CSR) for the financial year 2019-20.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and Woman Director. There is no change in the composition of the Board of Directors during the period under review.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent to at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Majority decision is carried through while the dissenting members views are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

INDEPENDENT AUDITORS' REPORT

To

The Members of Binny Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of BINNY Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31 March, 2020, and its profit(financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to the following matters in the Notes to the Standalone financial statements:

- a) Note No. 37.4 to the Standalone financial statements with regard to the Income Tax, Wealth Tax and Service Tax demands disputed before respective authorities, which describes the uncertainty related to the outcome of the appeals filed against the Orders of the Authorities
- b) Note No. 37.8 to the Standalone financial statements with regard to the advance to related party for purchase of land for which the members of the Company have not approved the resolution. The Company has called back the advance and the advance for purchase of land is pending for recovery. However, interest has been charged on the advance.
- c) Note no.37.9 to the Standalone financial statements with regard to the advance to related party for purchase of Wind Mill. The company has cancelled the contract and recalled the advance paid and this amount is pending for recovery. However, interest has been charged on the advance.
- d) Note no.37.10 to the Standalone financial statements with regard to the advances to related party for purchase of land for which the members of the Company have also approved the resolution. The Company is in the process of completion of registration formalities.
- e) Note No. 6 to the Standalone Financial Statements regarding the trade advances for purchase of land, textile goods and other items, the Company is in the process of negotiation with the parties and if the supplies are not received, the advance amount will be recovered.
- f) Note No. 35 to the Standalone Financial Statements regarding the Management's assessment of the impact of covid-19 pandemic and the resultant lockdown, on the significant uncertainties involved in making estimates involved in the preparation of financial results. However, in view of the highly uncertain economic environment, the actual results may differ from those estimated as at the date of approval of these financial results.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
1.	<p>Revenue recognition:</p> <p>Revenue from real estate projects is recognized upon transfer of control and ownership of such real estate/ property, as per the terms of the contracts entered into with buyers, which generally coincides with the firming of the sales contracts/ agreements/ other legally enforceable documents. Pending recognition of revenue, the advance amounting to Rs 21721.11 Lakhs is kept under Project advance - Revenue received in advance.</p> <p>We identified this as a key audit matter because though the sale considerations are being received from the customers based on the Payment Schedule annexed to the Construction Agreement entered with the Customers, these amounts will be shown under Project Advance until registration of sale deeds.</p> <p>(Refer Note No. 2.5 to the Standalone Financial Statements, on Revenue Recognition)</p>	<p>Our audit procedures included, among others:</p> <ol style="list-style-type: none"> a. Review of Joint Development Agreement between the Company (Owner) and M/s SPR Construction Private Limited (Developer) b. Review of Special Audit Report in respect of collection of sale proceeds from SPR Construction Private Limited. c. Disclosures made in the Notes to accounts. d. Management representation on the Accounting Policy on Revenue recognition and the accounting of the project advances received from the Developer. <p>Based on the above procedures performed, we observed that the Company's Policy on Revenue recognition and accounting of Project advances received is adequate and reasonable.</p>

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the Corporate Governance Report (but does not include the Standalone Financial Statements and our auditor's report thereon), which we obtained prior to the date of this auditor's report (hereinafter referred to as 'CG report'), and the information included in the Director's Report including Annexures, Management Discussion and Analysis, Business Responsibility Report and other company related information (hereinafter referred to as 'Other reports'). The Other reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information included in the CG report that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the 'Other reports', if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions, if required. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Standalone) prescribed

under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements, that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate Internal Financial Controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the said Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

ANNEXURE 2 TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of BINNY LIMITED on the Standalone Financial Statements for the year ended 31 March 2020

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls with reference to Standalone Financial Statements of BINNY Limited ("the Company") as of 31 March 2020 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to Standalone Financial Statements based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial control with reference to Standalone Financial Statements included obtaining an understanding of internal financial control with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgments, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements in place and such internal financial controls with respect to Standalone Financial Statements were operating effectively as at 31 March 2020, based on the internal controls over financial reporting criteria established by the Company considering the components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

(Amount in INR lakhs, unless otherwise stated)

1. General Information

Binny Limited (the "Company") is a public limited company domiciled in India and was incorporated on June 30, 1969 under the provisions of the Companies Act, 1956. Its registered and principal office of business is located at No. 1, Cooks Road, Perambur Chennai - 600012. The Company is primarily engaged in the business of real estate development. The shares of the Company are listed in the Bombay Stock Exchange (BSE).

2. Significant accounting policies

2.1 Basis of Preparation of Financial Statements

The financial statements have been prepared using the significant accounting policies and measurement basis summarised below. These were used throughout all periods presented in the financial statements.

(a) Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as the 'Ind AS') notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

(b) Current / non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

(c) Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Amounts in the financial statements are presented in Indian Rupees in Lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimal places.

(d) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimates and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected. Refer Note 3 for detailed discussion on estimates and judgments.

2.2 Property, plant and equipment

Recognition and Initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

Subsequent measurement (depreciation and useful lives)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses.

Depreciation methods, estimated useful lives

Depreciation on property, plant and equipment is provided on a straight-line basis, computed on the basis of useful lives prescribed in Schedule II to the Act:

Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale from property plant and equipment is provided up to the date preceding the date of sale. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under 'Other Income'.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

2.3 Foreign Currency Transactions

(a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

(b) Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss. All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

2.4 Fair value measurement

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

2.5 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Recognition of revenue from real estate development

Revenue from real estate projects is recognized upon transfer of control and ownership of such real estate/ property, as per the terms of the contracts entered into with buyers, which generally coincides with the firming of the sales contracts/ agreements/ other legally enforceable documents

Projects are executed through joint development arrangements not being jointly controlled operations, wherein the Company provides land to possessor and the possessor undertakes to develop properties on such land, the possessor has agreed to transfer certain percentage of constructed area or certain percentage of the revenue proceeds, the revenue from the development and transfer of constructed area/revenue sharing arrangement in exchange of such development rights/ land is being accounted on hand over the property to the customer.

Other Income

Interest Income is recognised on accrual basis using effective interest method (EIR) as set out in Ind AS 109, Financial Instruments, and where no significant uncertainty as to measurability or collectability exists.

2.6 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

(a) Current income tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(b) Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.7 Leases

As a lessor

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

2.8 Inventories

Inventories primarily constitute land and related development activities, which is valued at lower of cost or Net Realizable Value. Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

As regards assets transferred from Property, plant & equipment (PPE), the carrying cost as per the PPE block has been considered as cost which is much less than the Net realizable value.

Cost comprises of all expenses incurred for the purpose of acquisition of land, development of the land and other related direct expenses.

2.9 Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the recoverable amount of the asset or the cash generating unit is estimated. If such recoverable amount of the asset or cash generating unit to which the asset belongs is less than its carrying amount. The carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If, at the reporting date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized are accordingly reversed in the statement of profit and loss.

2.10 Provisions, contingent liabilities and contingent assets

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date. Provisions are discounted to their present values, where the time value of money is material.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent assets are neither recognized nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

2.11 Cash and cash equivalents including Statement of Cash Flows

Cash and cash equivalent in the balance sheet comprise cash at banks and cash on hand which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and balances with banks, as defined above as they are considered an integral part of the company's cash management process.

2.12 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial assets

(i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments: All equity investments within the scope of Ind AS 109 are measured at fair value. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. The Company has currently exercised the irrevocable option to classify its investment in Mutual Funds as Fair Value through Profit and Loss (FVTPL).

(iii) Impairment of financial assets

In accordance with Ind AS 109, Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are measured at amortized cost.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument.

ECL impairment loss allowance/reversal recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet.

(iv) Derecognition of financial assets

A financial asset is derecognized only when a) the rights to receive cash flows from the financial asset is transferred or b) the company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients. Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

(b) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

2.13 Redeemable preference shares

The terms of the contract relating to preference share issue suggest that the preference share capital is entirely in the nature of a liability. On issuance of redeemable preference shares, the fair value of the liability portion of the same is determined using the market interest rate for an equivalent non-convertible bond. This amount is recorded as a liability on an amortised cost basis (including transaction costs, if any) until extinguished on conversion or redemption of the bonds.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability.

2.14 Employee Benefits

(a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(b) Other long-term employee benefit obligations

(i) Defined contribution plan

Provident Fund: Contribution towards provident fund is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

Employee's State Insurance Scheme: Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

(ii) Defined benefit plans

Gratuity: The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise. Leaves under defined benefit plans can be encashed only on discontinuation of service by employee.

2.15 Contributed equity

Equity shares are classified as equity share capital.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.16 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year after deducting interest on preference shares and any

attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.17 Borrowing costs

Borrowing costs directly attributable to the acquisition and/or construction of a qualifying asset are capitalized during the period of time that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit or loss as incurred

3. Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

3.1 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the year end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Defined benefit plans (gratuity benefits and leave encashment)

The cost of the defined benefit plans such as gratuity and leave encashment are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each year end.

The principal assumptions are the discount and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis.

30 Earnings per share

Basic earnings per share amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the profit attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

(D) Terms and conditions of transactions with related parties

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free except for borrowings and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 March 2020, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (31 March 2019: Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

33 Fair values of financial assets and financial liabilities

The fair value of other current financial assets, cash and cash equivalents, trade receivables, investments, trade payables, short-term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security and term deposits are not significantly different from the carrying amount.

Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

Non-current borrowing comprises liability portion on liability component of Convertible Preference Shares. The impact of fair value on such portion is not material and therefore not considered for above disclosure. Similarly, carrying values of non-current security deposits and non-current term deposits are not significant and therefore the impact of fair value is not considered for above disclosure.

(Amount in INR Lakhs, unless otherwise stated)

34 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

	As at 31 March 2020	As at 31 March 2019
Level 1 (Quoted price in active markets)		
Investments in Equity instruments FVTPL	0.01	0.01
Investments in mutual funds FVTPL	30.93	18.92

35 Financial risk management objectives and policies

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings and derivative financial instruments.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has no exposure to the risk of changes in market interest rates. The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates. The Company's fixed deposits, interest bearing security deposits and loans are carried at fixed rate. Therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Impact of Covid-19 Pandemic

As the major part of the Financial instruments held by the Company are bearing fixed coupon and are amortised at cost. Accordingly, material volatility is not expected due to Covid-19 Pandemic.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a different currency from the Company's functional currency). The company has no exposure to the risk of changes in foreign exchange rates.

Impact of Covid-19 Pandemic

As the Company do not have foreign currency exposure, we do not foresee foreign currency risk for Financial statements as at 31 March 2020.

(B) Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and financial assets measured at amortised cost. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls. Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2020 and 31 March 2019 is the carrying amounts as mentioned in Note 6 to 10 excluding Note 7 - Inventories.

Impact of Covid-19 Pandemic

The company has not witnessed any instances where in it indicates that the counter parties may default in discharging their liability. The Company is not in position to measure and access prospective default based on current scenario.

(C) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

Impact of Covid-19 Pandemic

We witnessed higher risk averseness of customers than before in bookings. However, Customers have shown huge inclination towards projects which are nearing completion. As a result of proactive measures and well put strategies, the Company was able to achieve 60% of pre-Covid sales. We consider the Covid-19 impact do have impact on our business and to certain level on liquidity but we do not foresee any material impact on liquidity position. The company has put measures in palce to tackly liquidity issues if any and are in process of accessing and putting proactive measures in pace to tackly liquidity problem if any.

36 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximize the shareholder value and to ensure the Company's ability to continue as a going concern.

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. Total debt comprises of non-current borrowing which represents liability component of Convertible Preference Shares and Secured borrowings. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.
