MANAGEMENT DISCUSSION AND ANALYSIS

1. BUSINESS OVERVIEW & TRENDS

Due to the continued challenges in the Indian economy, the financial sector continues to face its own set of challenges. This is amply reflected in the large value of NPAs finally being brought to light by the sector. While all this clean-up augurs well for the long run, it is important to understand that the cleaning process has its own share of pains. The long term continues to be very attractive, but the short term will continue to see challenges for some time.

2. NATURE OF INDUSTRY

The Financial Services industry is one where every entity is kept on its toes constantly. Change is the only theme that runs constant in the industry, and every opportunity comes with its own set of challenges. It is the quintessential business where there's no free lunch. While volatility is a part and parcel of the industry, it is the expertise of the people running the businesses that eventually leads to good long term performance.

3. BUSINESS PERFORMANCE

While we registered a loss at the net level in this financial year, we believe that we were able to capitalize well on the opportunities that came our way. We look at the year gone by as an important year, laying the grounds for better future performance.

4. RISK FACTORS

We face risk factors at two levels. The first is the depreciation of the value of our investments, which could lead to losses. The second is the challenges from our borrowers, who may be extremely well-intentioned, but may still face short term headwinds in payment of interest and repayment of loans.

5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

We believe that our internal control systems are adequate for the scale of our operations. Excessive controls lead to stifling of work, while inadequate controls lead to mismanagement at all levels. We believe we are fairly balanced on that front.

6. LIMITATIONS OF FINANCIAL STATEMENTS

Numbers merely reflect one part of the work undertaken by any company. The bigger work is in the quality of the people and the quality of the investment. These tend to play out only over a longer period of time. While we present our Balance Sheet for the year gone by, it is important to keep in mind the progress made by the company over the years, which has brought it to its current level. This is what is most important when trying to understand its future prospects.

7. FUTURE OUTLOOK

We have maintained it since last year, and continue to believe that the future of this country remains extremely bright, particularly under the dynamic leadership we see at the Centre. The changes being effected during the past one year will have a profound impact on the running of our country over the years and make it a much more attractive destination for all types of people.

Ikab Securities & Investment Limited
25th Annual Report

8. SEGMENT WISE PERFORMANCE

Your Company has only single segment i.e. Investment. Revenue and expenses have been identified on the basis of accounting standard and guidance note issued by Institute of Chartered Accountant of India

9. HUMAN RESOURCES AND INDUSTRIAL RELATIONS

We continue to maintain cordial relations with all our employees and have not had any problems with them.

10. CAUTIONARY STATEMENT

Financial markets implicitly mean great volatility, and while we expect to do well in the long run, it is important to note that in the short term we may see significant upheavals.
