3. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAS OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT:

1. Matters related to the Promoter/ Promoter Group

Material Changes

- The Promoters, Mr. M.M. Ramachandran and ATLAS Jewellery Private Limited have been facing significant liquidity issues in the year under review.
- As per information available with the Company, the promoter, who is a non-resident Indian, residing in the U.A.E. and his U.A.E based Companies are under severe financial difficulties. The promoter himself is in judicial custody for alleged default in repaying bank borrowings.
- ATLAS Jewellery Private Limited is also facing financial difficulties and its lender (South Indian Bank) has filed an application before the Debts Recovery Tribunal (DRT) for the realization of their dues.
- South Indian Bank in their application before DRT has also sought to take possession of the entire shareholding of the Promoter in ATLAS Jewellery India Ltd (AJIL).

- The promoter, Mr. M.M. Ramachandran and his spouse Mrs. Indira Ramachandran have resigned from the Board of the Company with effect from 10th November, 2015 and 11th February, 2016, respectively. As a consequence, presently there is no promoter representation on the Board of the Company.

Impact on Financials

- The promoter's financial condition is presently un-certain. Coupled with the fact that a petition has been filed in the DRT for takeover of promoter's entire shareholding in the Company, the implications for the promoter's position will be clear only after due adjudication. The uncertainty has adversely impacted business development
- In case the promoter is unable to resolve his financial difficulties at the earliest, the same may have severe reputational impact on the future operations of the Company and its capability to raise resources or continue its operations. Further the Promoters are not part of the Board or Management of the Company which also impacts fund raising activities of the Company.

2. Non- Realization of Export Proceeds of USD

Material Changes

- The Company's export proceeds for the Financial Year 2014-15, to the tune of USD 20,774,488.11, have remained unrealized as on date.

Financial Impact

- The non-realization of the export proceeds has had a severe impact on the financials of the Company and its operations.
- The Company is making all efforts to realize its dues and till date its efforts has not met with any success and may significantly impact its future prospects to continue its business operations.
- The Company is also evaluating the option of initiating legal proceedings in India/Abroad against the importer. This would, however, further strain the financial position of the Company due to likely costs.

3. Company's inability to raise funds

Material Changes

- The promoters were in the process of raising additional funds for the Company from India/Abroad and the Company under the personal guarantee of the promoter had also made applications for working capital funding with various banks/institutions.
- However with the promoter facing legal action and being no longer part of the Board of the Company, the planned funding did not materialize. The Company could not, therefore, embark on its stated business and other plans.

Financial Impact

- With the planned funding not being available, the Company had to drastically reduce its retail operations leading to huge financial loss.
- The Company was forced to surrender its Chennai Showroom, drastically reduce its retail operations in Mumbai and scale down its retail operations in Bangalore due to resources constraints.
- Due to funds crunch it could not recruit the right talent in sales and marketing, build up the

requisite level of stocking and initiate marketing activities. All these adversely impacted its retail operations and all its showroom continue to register cash losses.

- If the Company is unable to turn around at the very earliest, it would not be able to sustain its retail operations.

35. MANAGEMENT DISCUSSION & ANALYSIS REPORT

Pursuant to Regulation 34 and Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Management Discussion and Analysis Report is as follows:

INDUSTRY STRUCTURE AND DEVELOPMENTS

Overview of Gems and Jewellery Sector

The Gems and Jewellery sector plays a significant role in the Indian economy, contributing around 6-7 per cent of the country's GDP. One of the fastest growing sectors, it is highly export oriented and Labour intensive.

Based on its potential for growth and value addition, the Government of India has declared the Gems and Jewellery sector as a focus area for export promotion. The Government has recently undertaken various measures to promote investments and to upgrade technology and skills to promote 'Brand India' in the

international market.

India is deemed to be the hub of the global Jewellery market because of its low costs and availability of high-skilled Labour. India is the world's largest cutting and polishing center for diamonds, with the cutting and polishing industry being well supported by government policies. Moreover, India exports 95 per cent of the world's diamonds, as per statistics from the Gems and Jewellery Export promotion Council (GJEPC).

The industry has generated US\$ 38.6 billion of revenue from exports in 2015-16, making it the second largest exporter after petrochemicals.

India's Gems and Jewellery sector has been contributing in a big way to the country's foreign exchange earnings (FEEs). The Government of India has viewed the sector as a thrust area for export promotion. The Indian government presently allows 100 per cent Foreign Direct Investment (FDI) in the sector through the automatic route.

Indian Retail Segment and Growth of Organized Sector

While the overall retail gems and Jewellery sector is growing 10% annually, the organized retail segment is expanding 30-40% in recent years with Gold Jewellery making up for 80% of the Rs.3,00,000-crore gems and Jewellery market of the country. Currently, the organized segment accounts for 22%, while the unorganized one, primarily comprising local and independent stores, makes up for 78% of the retail gems and Jewellery market.

With the changing lifestyles and growing disposable income, the outlook and buying patterns of consumers in the recent years have changed rapidly. Indian consumers now demand greater transparency, better service and a more compelling value proposition driven by brand and fashion. Consumers are now beginning to move towards branded Jewellery and are also willing to pay justified premium for high quality and inventive designs as a consequence the share of the organized segment has grown substantially. The unorganized segment is, however, struggling to match this growth rate.

Owing to free delivery and heavy discounting, the overall online retail market in India is estimated to rise have risen to \$6 billion in 2015, compared with \$3.5 billion last year (states Gartner Inc.). CLSA Asia Pacific Markets forecasts that the market might grow to \$22 billion by 2018. On-line retail Jewellery segment is also growing steadily. However the total sale of online jewellery ventures (including some initiative by traditional players) tally to no more than \$200 million or Rs. 1,256 crore.

According to a FICCI AT-Kearney study, the Indian Jewellery market is expected to touch close to \$85 Billion or Rs. 5, 30,000 crore by 2018. Further according to a report by Research and Markets, the Jewellery market in India is expected to grow at a Compound Annual Growth Rate (CAGR) of 15.95 per cent over the period 2014-2019.

OPPORTUNITIES AND THREATS

The Indian retail sector is growing rapidly and this growth is significantly driven by large retailers/ brands. The leading brands are pulling the organized market and are opening opportunities to grow. The large brands are also increasing their reach at a fast pace through setting up of retail showrooms, on-line sales portals and franchise routes, especially in tier- 1 and tier-2 cities. These players are also offering a variety of discount schemes including financing schemes to consumers to further boost sales.

Future growth outlook for the sector looks reasonably robust however the competition is expected to be stiff and very consumer centric added to this would the challenges posed by the un-organized sector which still account for more than 80% of the market.

The Country's un-branded Gem's & Jewellery Sector is presently facing intense competition with branded players having become very aggressive and we expect this situation to further intensify in the near future. The branded players with their own manufacturing set-ups, Pan India network of showrooms, strong on-line presence and access to funds at relatively cheaper rates will pose a big challenge for AJIL, which has just three showrooms in operation and no funding support.

36. CORPORATE GOVERNANCE

As per the applicable provisions of **Schedule V** of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a detailed Corporate Governance Report has been given in this Report. A certificate from auditors confirming compliance with the conditions of Corporate Governance as stipulated under Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is annexed as Annexure 'VI'.

The Annexures referred to in this Report and other information which are required to be disclosed are annexed herewith and form a part of this Report:
