MANAGEMENT DISCUSSION AND ANALYSIS REPORT FORMING PART OF THE DIRECTORS' REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT

The Ceramic and Vitrified industry is largely dependent on Indian Real estate Development. Ceramic and Vitrified is the major input only in building and construction, we can conclude that once the building and development increase there is a huge demand for Ceramic and Vitrified tiles. The Current scenarios in India of real estate is booming because of the Central Government new plans of establishing smart cities in India and also the relaxed interest rates for real estate development. Simultaneously a situation of cut throat competition, margin squeezing to capture market caused serious setback to the business of tiles manufacturers in the organized sector. Added to this many small and unorganized sector have taken up production of tiles and the number of such small units are increasing day by day.

Murudeshwar Ceramics Limited started commercial production on 01.05.1988 with an installed capacity of 12,500 tons per annum (TPA) of Ceramic tiles at Hubli in Northern Karnataka. The Company undertook a major product diversification into manufacture of Vitrified tiles in the year 1993. The Vitrified tiles project was completed in a very short time and the production commenced on 01.03.1994. On considerations of quality, value addition, aesthetic looks and endurance, the said Vitrified tiles under the Brand Name of “NAVEEN DIAMONTILE” became very popular in domestic markets in a very short time. Encouraged by the response for Vitrified tiles in the Indian market, the company has established one more Vitrified tile manufacturing unit in Karaikal with an initial capacity of 6,000 Sq.mtrs. per day which commenced its commercial production on 1st day of October 2003. Simultaneously the capacity expansion also was carried on side by side. On cost considerations the Company stopped production of Ceramic tiles in August 2002. But later on, as a support product, manufacturing of Ceramic tiles was once again started with an initial capacity of 8,000 Sq.mtrs per day at Hubli unit. The new Ceramic tile manufacturing unit became operational from January 2006 and the expansion project was undertaken simultaneously. New varieties of tiles in aesthetic colours, shades, body matrix and in different dimensions are being constantly added on in the product mix. On cost considerations, the Kilns in Hubli unit were modified to be fueled by Coal Gas. The Coal gasification was completed in the year 2009. As on 2012-13 the Hubli Plant was under conversion process from Coal Gas to Natural Gas. The management has started productions in the new plant at Sira, Tumkur. As at the end of the financial year the installed capacity of Ceramic and Vitrified tiles are as follows:

Annual Capacity	VITRIFIED TILES		CERAMIC TILES
	Hubli	Karaikal	Hubli
Installed Capacity (in Sq. Mtrs.) per annum	-	28,35,000	-

OPPORTUNITIES

The number of ambitious programs launched in last 2 years by the Union Government like Smart Cities Mission, Swatch Bharat Abhiyaan, Sanitation for all by 2019, Atal Mission for Rejuvenation and Urban Transformation (AMRUT) and Housing for All by 2022 would create a huge demand for ceramic industry in India in years to come. As we all know that the population of India is increasing day by day and India is expected to be major populated country in the mere future which in term increase demand for discretionary goods like Ceramic tiles. The demand for additional housing units is expected to increase in coming years, which in turn increase demand for Ceramic and Vitrified Tiles. Apart from their decorative looks, Ceramic Tiles are primarily hygiene products are used in bathrooms, kitchens medical centers, labs, milk booths, schools, public conveniences, shopping malls and numerous other centers which in term increase the demand for ceramic industry.

THREATS

Tile manufacturing involves a highly energy intensive manufacturing process; gas, power and transportation cost are the key cost-related issues impacting the industry. Consistency in fuel and power availability at reasonable rates is very major concern for the industry. The ceramic industry in India is highly competitive on account of low entry barriers, easy availability of raw material and limited initial capital investment requirement. The industry is also facing competition of cheap imports of Vitrified tiles from China.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT FORMING PART OF THE DIRECTORS' REPORT (Contd.)

SEGMENT-WISE PERFORMANCE AND DISCUSSION ON FINANCIAL / OPERATIONAL PERFORMANCE :

The Segment-wise performance for the year ended on 31.03.2017 is furnished hereunder :

SEGMENT	PRODUCTION (in Sq. Mtrs.)	SALES	
		Volume (Sq.Mtrs.)	Value (₹ in lacs)
Vitrified Tiles	15,69,487 (19,94,815)	17,72,929 (21,75,454)	6,546.01 (8,347.57)
Ceramic Tiles	- (-)	2,39,508 (2,00,360)	680.12 (604.24)
Earth Work (Sales receipts)	- (-)	- (-)	3,829.37 (3,274.22)

(Figures in brackets indicate corresponding values for the previous year)

As may be seen from the above statement, that there was no production of Ceramic tiles, production of Vitrified tiles reduced by 21.32% and Granite Division has not produced any slabs during the year. Overall sales revenue has also been reduced. With the result the Company has incurred a profit of ₹239.37 lakhs for the year under report compared to profit of ₹157.03 lakhs for the previous year.

OUT-LOOK

The Company has started production in its new unit at Sira, Tumkur. The Company is planning to produce value added Vitrified tiles in Sira unit like Double charge, Nano and Digital printing tiles. Glaze Vitrified tiles are being manufactured at Karaikal Unit in Pondicherry. The Company has realized that profits are more in value added products and is concentrating on bigger size tiles such as 800 mm X 800 mm. Nano tiles are also being manufactured in the size of 600 mm X 600 mm. Glazed Vitrified Tiles and Digital Vitrified Tiles are being manufactured in the size of 600 mm X 800 mm. The R & D team is working hard to invent new product range and designs which can capture the market.

RISKS AND CONCERNS

Despite the Anti-dumping duty imposed by the Hon'ble Government of India on Vitrified tiles cheap imported tiles is disturbing the domestic market continuously. These imported tiles though cannot match the tiles produced by the larger industries in the organized sector in terms of quality, but still can affect the retail market which constitutes a larger part of the tiles market in India. Even though the Company can counter this by considering the quality and brand image, still a portion of market will be taken away by such cheap imported tiles on cost considerations. During the year the price of fuels was increasing at an alarming rate which had directly influence the costing pattern of the Company.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

We have audited the internal financial controls over financial reporting of **Murudeshwar Ceramics Limited** ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT (Contd.)

Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- ★ pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- ★ provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- ★ provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
