5. Sub-division of Equity Shares of the Face Value of Rs. 10/- each into 2 Equity Shares of the Face Value of Rs. 5/- each:

To consider and if thought fit, to pass with or without modification(s), the following resolution as an **Ordinary Resolution**:

“RESOLVED THAT pursuant to the provisions of Section 61 and other applicable provisions, if any, of the Companies Act, 2013 (including any statutory modifications or re-enactment(s) thereof, for the time being in force), applicable provisions of the SEBI (Listing Obligation & Disclosure) Regulations and in accordance with the Articles of Association of the Company and subject to the approvals, consents, permissions and sanctions, if any, required from any competent authority, consent of the Members be and is hereby accorded to sub-divide each Equity Share of the nominal value of Rs.10/- (Rupees Ten Only) each in the Capital of the Company fully paid up, into 2 Equity Shares of Rs. 5/- (Rupees Five Only) each fully paid up and all the Equity shares of Rs.10/- (Rupees Ten Only) each fully paid, of the Company, be sub-divided accordingly with effect from the Record Date to be decided by the Board of Directors of the Company

RESOLVED FURTHER THAT pursuant to the sub-division of the equity shares of the Company, all the issued, subscribed and paid up equity shares of nominal value Rs.10/- (Rupees Ten Only) of the Company existing on the Record date to be fixed by the Company shall stand sub-divided into equity shares of nominal value Rs. 5/- (Rupees Five Only) each fully paid up.

RESOLVED FURTHER THAT upon sub-division of Equity Shares of the Company as aforesaid, the existing share certificate(s) in relation to the existing Equity Shares of Face value of Rs. 10/- (Rupees Ten Only) each held in physical form shall be deemed to have been automatically cancelled and be of no effect on and from the Record Date and that no letter of allotment shall be issued to the allottees of the new Equity Shares of Rs.5 /- (Rupees Five Only) each on sub-division and the Company may, without requiring the surrender of existing share certificate(s), directly issue and dispatch the new share certificate(s) of the Company, in lieu of such existing share certificate(s), within the period prescribed or that may be prescribed in this behalf, from time to time and in the case of shares held in dematerialized form, the number of sub-divided Equity Shares be credited to the respective beneficiary accounts of the shareholders with the Depository Participants, in lieu of the existing credits representing the Equity Shares before sub-division.

RESOLVED FURTHER THAT the Board be and is hereby authorized (which expression shall also include a Committee thereof) to take such steps as may be necessary for obtaining approvals, statutory, contractual or otherwise, in relation to the above and to settle all matters arising out of and incidental thereto, and to execute all deeds, applications, documents and writings that may be required, on behalf of the Company and generally to do all such acts, deeds, matters and things and to give, from time to time, such directions as may be necessary, proper and expedient or incidental for the purpose of giving effect to this resolution.

RESOLVED FURTHER THAT the Board be and is hereby authorized to delegate all or any of its powers to any Committee thereof as it may deem appropriate in this regard.”

6. Alteration of Capital Clause of Memorandum of Association of the Company:

To consider and if thought fit, to pass with or without modification(s), the following resolution as a **Special Resolution**:

“RESOLVED THAT pursuant to Section 13 and all other applicable provisions, if any, of the Companies Act, 2013, and the rules made thereunder (including any statutory modification or re-enactment(s) thereof for the time being in force), the existing Clause V of the Memorandum of Association of the Company be substituted with the following new Clause:

“Clause V.

“The Authorised Share Capital of the Company is Rs. 15,00,00,000 (Rupees Fifteen Crores Only) divided into 3,00,00,000 (Three Crores) Equity Shares of Rs. 5/- (Rupees Five Only) each.”

RESOLVED FURTHER THAT the Board of Directors of the Company (the “Board”, which expression shall also include a duly authorized Committee thereof) be and is hereby authorized to take such steps as may be necessary for obtaining approvals, statutory, contractual or otherwise, in relation to the above and to settle all matters arising out of and incidental thereto and to execute all deeds, applications, documents and writings that may be required, on behalf of the Company and generally to do all such acts, deeds, matters and things and to give, from time to time, such directions as may be necessary, proper, expedient or incidental for the purpose of giving effect to this Resolution and to delegate all or any of

the powers herein vested in the Board, to any Director(s) or Officer(s) of the Company as may be required to give effect to the above resolution.

7. Revision in terms of Remuneration of Mr. Pankaj Hasmukhlal Jobalia and his Change of Designation as Managing Director of the Company

To consider and if thought fit, to pass with or without modification(s), the following resolution as a **Special Resolution**:

RESOLVED THAT in partial modification of resolution passed by the Members and pursuant to the provisions of Section 196, 197, 198 and any other applicable provisions of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force), read with Schedule "V" of the Companies Act, 2013 and subject to such other approvals as may be necessary, approval of the members of the Company be and is hereby accorded for payment of revised remuneration to Mr. Pankaj Hasmukhlal Jobalia (DIN: 03637846), w.e.f. 27-Sep-2019 till the remaining Tenure of his Present term, as set out in the explanatory statement annexed to the Notice convening this Meeting.

RESOLVED FURTHER THAT approval of the members be and is hereby accorded to change of designation of Mr. Pankaj Hasmukhlal Jobalia (DIN: 03637846), from Whole time Director to "Managing Director" of the Company.

RESOLVED FURTHER THAT the Board of Directors of the Company or any committee thereof be and is hereby also authorized to amend, alter, modify or otherwise vary the aforesaid terms and conditions and/or remuneration of Mr. Pankaj Jobalia, Managing Director of the Company from time to time.

RESOLVED FURTHER THAT the Managing Director shall be in charge of general management of the Company but subject to superintendence, control and direction of the Board of Directors.

RESOLVED FURTHER THAT the Board of Directors be and is hereby authorized to obtain necessary regulatory approvals (if applicable), to accept any modification to the aforesaid terms of remuneration of the Managing Director, that may be required by the Central Government or other appropriate authority while granting its approval, and to do all such other acts, deeds, matters and things as it may in absolute discretion deem fit for the purpose of giving effect to this resolution, including to delegate powers of the Board granted by this resolution to any committee of Directors, or any Director or Secretary of the Company.

RESOLVED FURTHER THAT in case of loss or inadequacy of profits in any financial year, Mr. Pankaj Hasmukhlal Jobalia, Managing Director shall be paid the above remuneration as minimum remuneration as specified in Section II of Part II of Schedule "V" of the Companies Act, 2013.

RESOLVED FURTHER THAT the Board of Directors of the Company or any committee thereof be and is hereby authorized to do all such acts, deeds, matters and things as in its absolute discretion it may think necessary, expedite or desirable; to settle any question that may arise in relation thereto in order to give effect to the foregoing resolution."

**SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2019**

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
RAMASIGNS INDUSTRIES LIMITED
(FORMERLY KNOWN AS RAMMAICA INDIA LIMITED)
CIN - L36100MH1981PLC024162

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions under the Companies Act, 2013, regulations laid down by Securities and Exchange Board of India and the adherence to good corporate practices by Ramasigns Industries Limited (hereinafter called the Company) for the Financial Year ended March 31, 2019. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Management's Responsibility:

Management is responsible for the preparation and filing of all the forms, returns, documents for the compliances under the Companies Act, 2013, regulations laid down by Securities and Exchange Board of India and to ensure that they are free from material non-compliance, whether due to fraud or error.

Secretarial Auditor's Responsibility:

Secretarial Audit is a process of verification of records and documents on sample basis to check compliance with the provisions of laws and rules/procedures under the Companies Act, 2013, regulations laid down by Securities and Exchange Board of India. The procedure for Secretarial Audit is selected on secretarial auditor's judgment, including the assessment of the risks of material non-compliance of the documents filed. In making those assessments, the secretarial auditor considers internal control relevant to the Company's preparation and fair representation of the documents in order to design secretarial audit procedures that are appropriate in circumstances.

Our responsibility is to express an opinion on the secretarial compliances of the aforesaid laws done by the Company on the basis of our audit. We have conducted our audit solely on the basis of compliance and filings done by the company under the aforesaid laws.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on **31st March, 2019** complied with the statutory provisions listed hereunder and also that the company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March, 2019** according to the provisions of:

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Income Tax Act, 1961. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and there as on ableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

3) Opinion:

In our opinion and to the best of our information and according to the explanations given to us, the afore said financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2019, and its Profit and its cash flows for the year ended on that date.

4) Report on Other Legal and Regulatory Requirements:

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors are disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any material pending litigation which would impact its financial position.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **Ramasigns Industries Limited** ('the Company') as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('the Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's Internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and Guidance Note, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financials Reporting

A company's internal financial control over financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2019

Background

Ramasigns Industries Limited ("Ramasigns" or the "Company") was established in 1981 in the name of M/s Ram Decorative and Laminates Limited specializes for laminates, after that name was changed since 1992 Company was known as M/s Rammaica (India) Limited specializes in Mica. After 2016-17 onwards Company has enter into digital signage industry with new management and gradually become one of the top providers of digital signage media having expanded to great heights.

1. Basis of preparation

A. Statement of compliance

The financial statements have been prepared in compliance with Indian Accounting Standards (hereinafter referred to as the 'Ind AS') notified under Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2016 and other relevant provisions of the Act..

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The financial statements of the Company for the year ended 31st March, 2019 were approved for issue in accordance with the resolution of the Board of Directors on 29 May, 2019.

B. Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA"), through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective from April 1, 2019:

Ind AS 116 – Leases

Ind AS 116 is applicable for financial reporting periods beginning on or after 1 April 2019 and replaces existing lease accounting guidance, namely Ind AS 17 Leases. Ind AS 116 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use ("ROU") asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The nature of expenses related to those leases will change as Ind AS 116 replaces the operating lease expense (i.e., rent) with depreciation charge for ROU assets and interest expense on lease liabilities. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard – i.e. lessors continue to classify leases as finance or operating leases. The Company plans to apply Ind AS 116 on 1 April 2019, using the modified retrospective approach. Therefore, the impact (if any) on adoption of the new standard will be recognized as an adjustment to the opening balance of retained earnings at 1 April 2019, with no restatement of comparative information.

The Company has completed an initial assessment of the potential impact on its financial statements but has not yet completed its detailed assessment. The quantitative impact of adoption of Ind AS 116 on the financial statements in the period of initial application is not reasonably estimable as at present.

With effect from April 01, 2019, the Company will recognize new assets and liabilities for its operating leases of premises and other assets. The nature of expenses related to those leases will change from lease rent in previous periods to a) amortization change for the right-to-use asset, and b) interest accrued on lease liability.

Previously, the Company recognized operating lease expense on a straight line basis over the term of the lease, and recognized assets and liabilities only to the extent that there was a timing difference between actual lease payments and the expense recognized.

C. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

D. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value

E. Use of estimates and judgments

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively. Management has made estimate with respect to useful lives and residual value of Property, Plant and Equipment and Intangible Assets.

F. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values.

The finance team has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and report directly to the chief financial officer.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred

Further information about the assumptions made in measuring fair values is included in Note 36 –Financial instruments – Fair values and risk management

2. Significant accounting policies

a. Foreign currency

Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currencies of company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

- i. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined.
- ii. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognized in profit or loss.

b. Cash and cash equivalents

Cash and cash equivalents includes cash on hand, call deposits and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

c. Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized in statement of profit and loss.

i. Financial Assets

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Debt instruments that meet conditions based on purpose of holding assets and contractual terms of instrument are subsequently measured at amortized cost using effective interest method.

All other financial assets are measured at fair value.

Impairment of financial assets

The Company recognizes loss allowance using expected credit loss model for financial assets which are not measured at fair value through profit or loss. Expected credit losses are weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at original effective rate of interest.

For Trade receivables, the Company measures loss allowance at an amount equal to lifetime expected credit losses. The Company computes expected credit loss allowance based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information

ii. Financial Liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial Liabilities

All financial liabilities (other than derivative financial instruments) are subsequently measured at amortized cost using effective interest method Interest expense is included in the Finance costs line item.

iii. Derecognition of Financial Assets and Liabilities

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or when the Company transfers the contractual rights to receive the cash flows of the financial asset in which substantially all the risks and rewards of ownership of the financial asset are transferred, or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and does not retain control of the financial asset. The Company derecognizes a financial liability (or a part of financial liability) when the contractual obligation is discharged, cancelled or expires.

d. Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognized in the statement of profit and loss. The useful life of the asset is determined as prescribed in schedule II to the Companies Act, 2013.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed of).

e. Intangible assets

i. Recognition and measurement

Intangible assets include software and technical know-how which are measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortization and any accumulated impairment losses.

i) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

ii) Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortization in Statement of Profit and Loss.

f. Inventories

Inventories are stated at the lower of cost and net realizable value. In determining the cost of loose tools, stores and spares, raw materials and components, the FIFO method is used. Cost of manufactured components, work in progress and manufactured finished goods include cost of conversion and other costs incurred in bringing the inventories to their present location and condition which is determined on absorption cost basis.

g. Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into Cash-Generating Units (CGU's). Each CGU represents the smallest Company of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGU's.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGU's) on a pro rata basis.

In respect of assets for which impairment loss has been recognized in prior periods, the company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

h. Employee benefits

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Employee benefits include Provident Fund and Employee state insurance scheme.

Defined contribution plans

The company's contribution to Provident Fund and Employee state insurance scheme are considered as defined contribution plans and are recognized as an expense based on the amount of contribution required to be made and when services are rendered by the employees

i. Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized it as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are disclosed in the financial statements when an inflow of economic benefit is probable. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

j. Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the

Company from the contract is lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

Before such a provision is made, the Company recognizes any impairment loss on the assets associated with that contract.

k. Revenue

i) Revenue from sales of goods

With effect from April 1, 2018 the Company has adopted IND AS 115 "Revenue from Contracts with customers". The effect on adoption of IND AS 115 was insignificant.

Revenue from sale of goods is recognized upon transfer of control of promised products to customer in an amount that reflects the consideration which the Company expects to receive in exchange for those products. Control is considered to be transferred to the customer when the customer has the ability to direct the use of such goods and obtain substantially all the benefits from it.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and rebates, if any, and specified in the contract with the customer. Revenue also excludes taxes collected from the customers.

ii) Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

l. Leases

i. Determining whether an arrangement contains a lease

At inception of an arrangement, it is determined whether the arrangement is or contains a lease.

Leases are classified as Finance leases wherever the terms of lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

ii. Lease payments

Payments made under operating leases are generally recognized in profit or loss on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Lease incentives received are recognized as an integral part of the total lease expense over the term of the lease

Minimum lease payments made under finance leases are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

m. Income tax

Income tax comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the

best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits.

Deferred tax is not recognized for:

-temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

n. Borrowing cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

o. Basis for segmentation

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). Chief operating decision maker's function is to allocate the resources of the entity and access the performance of the operating segment of the Group.

The Board of Directors (CODM) assesses the financial performance and position of the Company and makes strategic decisions and is identified as being the chief operating decision maker for the Company.

p. Earnings per share (EPS)

Basic EPS is computed using the weighted average number of equity shares outstanding during the period. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

q. Exceptional items:

On Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company is such that its disclosure improves the understanding of the performance of the company. Such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

r. Current vs non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

The Company's financial liabilities as on March 31, 2019 is Rs. 4,831.10 Lakhs. Significant portion of the Company's financial assets as on March 31, 2019 Rs. 5,138.85 Lakhs

Credit Risk Management

Credit risk refers to risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has big reputed corporate as customer based due to which credit risk is very less. Significant portion of the Company's financial assets as at March 31, 2019 comprise of trade receivable, which are held with reputed and credit worthy reputed corporate customers.

(iii) Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk. Thus, the Company's exposure to market risk is a function of operating activities in foreign currencies.

Currency Risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss account, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows:

Particulars	2018-19	2017-18
Trade Payables	53,66,929	(3,40,530)

Notes forming part of financial statements for the year ended 31 March 2019 (Continued)

Sensitivity analysis

A 10% strengthening / weakening of the respective foreign currencies with respect to functional currency of Company would result in increase or decrease in profit or loss as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position.

Effect in INR	Profit or (loss)	
	Strengthening	Weakening
As at 31st March, 2019	5,36,693	-5,36,693
As at 31st March, 2018	-34,053	34,053

(Note: The impact is indicated on the profit / loss before tax basis)

(iv) Interest Rate Risk Management

The Company is not exposed to interest rate risk because company borrows funds at Fixed Interest Rate.

(v) Fair Values Measurements

This note provides information about how the Company determines fair values of various financial assets and financial liabilities

Fair value of the Company's financial assets and financial liabilities that are measured at fair value

The following table shows the valuation techniques used in measuring Level 2 fair values for financial instruments measured at fair value in the statement of financial position as well as the significant unobservable inputs used.

Type	Valuation Techniques
"Lease Security Deposits (Amortised cost)"	Discounted cash flow approach: The valuation model considers the present value of expected payment, discounted using a risk adjusted discount rate.

The carrying amount for financial assets and financial liabilities is a reasonable approximation of fair value.
