OPERATIONS

During the year, the company has achieved a turnover of Rs. 500.00 crores, which is Rs. 50.00 crores more than the previous year turnover. Company has made a profit of Rs. 26.03 Crores against profit of Rs. 21.91 Crores in the previous year which amounts to 18.86% increase over the previous year.

In spite of good performance, the company's growth was not as much expected because of foreign Exchange advantages to our world competitors. The company is facing competition from countries like Russia, Kazakistan, Turkey and South Africa and their currencies are devalued after fall in oil prices as they are export oriented countries. Whereas we in India being net import county our Government is not encouraging the rupee devaluation. In view of this we are affected in domestic market by cheap imports and also in export market as their realization in local currency is more, even in terms of dollar it is one and the same. From the table below, we can see the difference in currency devaluation.

Vishnu Chemicals Limited

In spite of the above gap your Company's growth could sustain because of strong fundamentals and efforts put in by the Management.

However during this year the Company is completing the projects of WSS, Power Plant, Chromic Acid and other alternative process technologies to face such challenges effectively and to maintain growth rate.

During the year the Company has acquired Solvay Vishnu Barium Pvt.Ltd., a company which is manufacturing barium Carbonate and its derivatives. In view of synergy in business and due to inherent fiscal benefits the company was made a 100% subsidiary of Vishnu Chemicals Limited.

Though business was not bad, the unit was not in good operating condition as the earlier management which was based abroad, didn't give due attention in terms of time and money. Hence it took us one year to stream line the operations. At present the company is positioned as International Barium products Supplier as well as technically updated with latest standards. During the year in view of above said reasons the Company incurred losses and we are confident to turn around this year.

FUTURE PLANS

In spite of challenges on Foreign exchange variation the Company is going ahead in completing all the projects on hand to reach the landmark sales by next year. The Management is of view to merge the Barium unit into parent company for strategic and fiscal reasons.

ANNEXURE – 2 TO THE INDEPENDENT AUDITOR’S REPORT:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”):

We have audited the internal financial controls over financial reporting of **VISHNU CHEMICALS LIMITED** (“the Company”) as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Tax on income for the current period is determined on the basis of taxable income computed in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax is recognized, subject to consideration of prudence, on timing differences between the accounting income and the taxable income for the year and quantified using the tax rates and laws enacted or substantively enacted as on the balance sheet date. Deferred tax assets are recognized and carried forward to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Foreign Subsidiary:

The foreign subsidiary recognizes the tax liability as per the tax rates and tax laws of that Country.
