MANAGEMENT DISCUSSION & ANALYSIS

INDUSTRY STRUCTURE :

The Textiles Industry was severely impacted by global recession and demand in export market is slowly recovering. However, fierce price competition from other competing countries like China and Pakistan are affecting the overall exports as well as margins. As such, the exports continue to be under pressure.

With the increasing consumer spending, the domestic home textiles market is picking up and the management is initiating measures to penetrate into the domestic market.

OPPORTUNITIES & THREATS :

With the Global Economic recovery appears to be on its way, demand in the developed markets like USA and Europe is likely to grow.

The domestic market is also expected to deliver reasonable growth in the coming years in the areas of hotels and hospitals in addition to home needs.

The Company is taking necessary measures to increase its exports and in the domestic market exploring all avenues to enter the hospitality and hotel industry besides the retail market. In order to tap this opportunity, the Company has initiated steps to expand the product base and also increase the volumes.

INTERNAL CONTROL SYSTEMS AND ADEQUACY :

The Company has proper Internal Controls in place for safeguarding all its assets from unauthorized use or disposal. Adherence to Internal Control Systems is ensured by detailed Internal Audit program so that the assets are correctly accounted for and the business operations are conducted as per laid down policies and procedures. However, the continued illegal strike since December 2008, by the workmen is an impediment for carrying out such internal control effectively for the time being.

The Company has an Audit Committee of the Board of Directors, which meets regularly to review, *inter alia*, risk management policies, adequacies of internal controls and the audit findings on the various functions of different segments of the business.

HUMAN RESOURCES :

The Company is optimistic to solve the current labour problems affecting the production. The Company is deliberating policies benefiting both workers as well as all the stakeholders of the Company at the earliest possible.

HEALTH AND ENVIRONMENT :

Your Company recognizes environment protection and management as one of its highest priorities and every effort is made to conserve and protect the environment. The Company has been involved in ensuring green surroundings in its industrial location.
