DIRECTORS' REPORT

To,  
The Shareholders,

Your Directors have pleasure in presenting the 22nd Annual Report together with the Audited Statement of Accounts for the year ended 31st March, 2010.

Working and Financial Results

Total Income during the year was Rs.1,12,74,301.17/- as compared to Rs. 1,17,94,096.08/- in the previous year but the profit during the year amounting to Rs. 14,23,756.96/- as against loss of Rs. 11,02,666.80/- in previous year.

The net impact of the above, has resulted in profit during the year compared to the earlier year due to better capacity utilisation in BPO sector specially in Call Centre Project though it is yet to be stabled and suffering from several contingencies and industry hazards.

The Financial Highlights are given below :

	Figures for the Current year Rs.	Figures for the Previous year Rs.
Balance Brought Forward from the Last Year	(3,05,27,331.35)	(3,16,29,998.15)
Profit / (Loss) Before Depreciation	17,19,798.96	15,05,796.43
	<u>(2,88,07,532.39)</u>	<u>(3,01,24,201.72)</u>
Add/Less :		
Depreciation	(2,96,042.00)	(4,03,129.63)
Loss	<u>Rs. (2,91,03,574.39)</u>	<u>Rs. (3,05,27,331.35)</u>

Dividend

No dividend is recommended in view of the accumulated loss during the year apart from meeting the contingent liabilities.

Future Prospects

BPO (Business Process Outsourcing) – The Company is targetting ITES based services, both voice & non-voice based projects from several organisations in USA, Canada, UK & Australia. Endeavours are being made to move towards better segment of ITES such as KPO (Knowledge Process Outsourcing) & EPO (Education Process Outsourcing). To bridge the gap of manpower the Company has targeted to explore market of manpower development, manpower resourcing, developing, delivering under the new brand name LNSEL Jobs Online which has resulted in positive. Endeavours are being made for strategic alliances with staffing Companies in U. S. A.

The Company is preparing itself to set up a SEZ unit and is working for suitable space in a Special Economic Zone of a size more than several times of its current size. The Company envisages to move to SEZ (Special Economic Zone) on allotment of land from the respective authorities. **(E) Management Discussion and Analysis Report :**

**Industry Structure and Developments :** The contribution of IT & BPO Sector in India's economy is much higher than its export achievement or the brand equity in foreign markets that has raised India's economy profile abroad. The BPO industry today boasts over turnover of \$ 12 billion & employs 23,00,000 staffs. The NASSCOM - Mckinsey 2009 report estimates that the combine IT & BPO industry workforce is increasing by 26% annually. Despite of global meltdown India is still the leader in the world in IT & BPO.

As the Indian ER & D services off shoring industry is ingraining deeply within the customer value chain, it is becoming increasing critical to augment its existing capabilities to engage in end-to end product development initiatives in both traditional verticals and emerging verticals. Globally offshorable revenues of these above eleven verticals are expected to reach between USD 90-100 billion out of which India would garner a 40% share by 2020 equivalent to USD 40-45 billion from the current share of USD 7.9 billion.

**BPO Business –** The Indian domestic market has undergone a transformation over the past decade-rising from the periphery to emerge as a viable, high potential support unity for the country's IT-BPO sector.

**BPO Destinations –** India, Malayasia, Vietnam, Singapore, Philippines, Latin America, Eastern Europe, South Africa and recently Egypt is considered as a significant BPO destinations. The industry creates lot of job opportunities for youth and brings overall growth for the country.

**Future of Indian BPO –** Total of IT BPO industry to reach USD 71.7 billion accounting for 5.8% of India's GDP; software & services revenue aggregated to about USD 60 billion.

Software and services export revenues estimated to grow over 16-17% to reach USD 47 billion. Direct employment expected to reach nearly 2.23 million, an addition of 2,26,000 employees while indirect job estimation at 8 million.

**Risks & Concerns for Indian It Industry –** Though demand conditions have been optimistic, the Indian IT sector is exposed to certain risks which may hinder growth rate. An appreciating Rupee, slow down in US economy, shortage of skilled manpower, limitations in domestic infrastructure and competition from other global players. Services provided at a low cost by China, Philippines and Vietnam are threat to Indian Companies. The employment and growth has reduced to 16%. Apart from this increasing activities of global MNC's is making it difficult for employee retention for Indian Companies.

On the financial front wage inflation of 15% can reduce the top line as well as the bottom line of the companies. Shortage of experienced and skilled call centre professionals is another concern for the industry. In voice based operations infrastructural support as to Zero break down is another contingency factor which affects revenue.

**Opportunities and threats –** NASSCOM & Mc Kinsey & Company conducted a comprehensive study to develop a perspective on the potential of the RIM industry. This report, the rising remote infrastructure management opportunity : Establishing India's Leadership details the potential of the remote infrastructure in management.

Service providers are expected to enhance focus to domestic market to derisk business & tap into the local growth opportunities. Lack of working age population in the developed economies & a significant long term cost, arbitrage indicates India's sustained cost competitiveness. There are a large number of multinational IT enterprises operating in India in sectors such as :- Integrated chip design, system software, communication software, R & D centres, Technology support sector, captive support sector, BPO sector etc. reaping the cost and quality advantages.

India has already established its brand equity in the global IT market. Indian IT software and service firms offer software product/packages, a wide spectrum of IT service, including system management & maintenance, consultancy services, system integration, chip design, E-governance, E-Commerce, IT enabled services covering banking/financial/insurance sector & off shore development on various platform Oracle, SAP, sage & also ERP implementation and having sold their licences of the software they are looking for implementation partners to serve the client.

**Growth** – According to NASSCOM-Mc Kinsey study, the IT-enabled services sector was due to employ 1.1 million people and earn \$ 1 billion by 2008. That was soon revised to \$24 billion. The rapid growth is throwing up winners and the losers who did nearly everything right and are now set to take on a larger share of the BPO pie even as they gear to meet competition from the world's largest BPO corporations which are eyeing India. About 8-10 Indian groups are set to clock \$ 100 million in revenues in the next 14-18 months, purely on the strength of their present contacts.

While the effects of the economic crisis were expected to linger in the near term future the Indian BPO industry displayed resilience and tenacity in countering the unpredictable conditions and reiterating the viability of India's fundamental value proposition. Consequently, India managed to retain its leadership position in the global sourcing market.

At the same time, NASSCOM survey showed that substantial growth would take place over the two years enabling the industry to get past the \$ 60 billion export target in FY 2011. Export revenues touched \$ 47.3 billion in FY 2009, accounting for 66% of the total IT-BPO industry revenues.

**Segment-wise or Product-wise performance** – In view of the identical geographical location and the same product, i.e. ITES, there is hardly any need for separate segmental reporting.

**Outlook** : Despite the unprecedented economic downturn the industry will witness sustainable growth. The global technology related spending is expected to grow from 2010 onwards led by growth in the outsourcing adaption.

**Internal Control System and their adequacy** – The Company has an Internal Control and Audit System Commensurate with its size and nature of its business.

**Discussion on financial performance with respect to operational performance** – The company has made profit during the year but revenue has reduced due to lack of working in optimum capacity and heavy manpower attrition and non availability of appropriate manpower who can maintain the standards and quality of delivery. The Company also tried for new manpower development but it is taking time. Certain laws, introduced by the Federal Government in USA against outsourcing of Government jobs to India and after the vanishing of the charm of e-commerce in world economy, the Company's performance has been severely affected and the Company has no option but to identify new avenues of software services. The Company has commenced HR services additionally apart from last year's activities of Medical Transcription, Animation, Call Centre and other non-voice based KPO services and ERP implementation services but the results have not been derived to the extent desired. The Company is hopeful for better results.

**Material development in Human Resources/Industrial Relation front, including No. of people employed** – Number of old employees were reduced in view of the low production and of course new skilled manpower was introduced for Medical Transcription and Call Centre and ERP implementation and their is a smooth operational relations with the employees of the Company. The Company has outsourced the work to the professional consultants. The Company has attempted lately to develop the required skilled human resource for the future prospective projects in KPO in good hope. The Company has taken up International Staffing as a business activity and new avenue for revenue which has strengthen its manpower in domestic and international market. West Bengal has come up strongly as IT HUB and many BPO and other industry players have started or likely to start their operations. Manpower of professionals in IT/ITES has crossed 50,000 in Kolkata and is expected to cross 2,00,000 in next three years. Staffing has become a part of the industry in domestic and international market. To bridge the gap, the company has targeted to explore market of manpower development, manpower resourcing, developing and delivering under the new name of LENSEL JOBS ONLINE and hopeful of success.

The Indian BPO industry is at an interesting junction of its history. After recording mind boggling growth of nearly 37% Job for the last six years, the sector is faced with dynamic and volatile global scenario which is throwing up significant challenges. The manpower situation is undergoing a major change in IT BPO, company deals with the slowing global economy. The dynamic market place is also pushing HR within companies to evolve a new & more important role for itself.

**AUDITORS' REPORT**

To,  
The Members of M/s. Lee & Nee Softwares (Exports) Ltd.

We have audited the attached Balance Sheet of M/s. Lee & Nee Softwares (Exports) Ltd. as on 31st March, 2010 and the Profit & Loss Account and Cash Flow Statement for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

1. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
2. As required by the Companies (Auditors' Report), Order, 2003, issued by the Central Government of India and on the basis of such checks as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraph 4 and 5 of the said order.
3. Further to our comments in the Annexure referred to in paragraph 1 above, we report that
  - a) We have obtained all the information and explanations, which to the best of our knowledge and belief, were necessary for the purpose of our audit.
  - b) In our opinion, proper books of account have been kept by the Company as required by law so far as appears from our examination of such books.
  - c) The Balance Sheet and Profit & Loss Account and Cash Flow Statement referred to in this report, are in agreement with the books of account.
  - d) In our opinion, subject to notes on accounts, the Balance Sheet and Profit and Loss Account and Cash Flow Statement dealt with by this report have been prepared in compliance with the accounting standards referred to in sub-section (3C) of Section 211 of the Companies Act 1956.
  - e) On the basis of the confirmation received from the Directors and taken on record by the Board of Directors, none of the Directors is disqualified as on 31.3.2010 from being appointed a Director of the Company under Section 274(1)(g) of the Companies Act 1956.
  - f) In our opinion and to the best of our information and according to the explanation given to us, the said accounts read together with Company's accounting policies and other notes thereon of schedule '14' for which we have relied on managements' perception, give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.
    - i) in the case of Balance Sheet of the state of affairs of the Company as on 31st March, 2010 and
    - ii) in the case of Profit and Loss Account, of the profit of the Company for the year ended on that date.
    - iii) in the case of Cash Flow Statement of the Cash flows for the year ended on that date.
