Impact of Covid 19 on Business operation:

The spread of Covid 19 has affected the business operations post the Nation wide Lockdown. The Company has taken various measures in consonance with Central and State Government advisories to contain the pandemic, which included closing of manufacturing facilities. Given the uncertainty of quick turnaround to normalcy, post lifting of the Lockdown, the Company has carried out a comprehensive assessment of possible impact on its business operations, financial assets, contractual obligation and its overall liquidity position, based on the internal and external sources of information and application of reasonable estimates. The Company does not foresee any significant incremental risk to the recoverability of its assets, in meeting its financial obligations over the foreseeable future, given early and required steps taken to contain, protect and mitigate the exposure. Pursuant to the relaxed guidelines the Company has now resumed its operations; however some of the staff continues to operate from home. Since the situation is continuously evolving, the impact assessed in future may be different from the estimates made as at the date of approval of these financial results. Management will continue to monitor any material changes arising due to the impact of this pandemic on financial and operational performance of the Company and take necessary measures to address the situation.

MANAGEMENT DISCUSSION & ANALYSIS REPORT:

GLOBAL ECONOMIC INSIGHT:

Undoubtedly, FY 2019-20 was a challenging year not just for business in India, but for most business across the Globe. Almost all Countries faced a slowdown in economic growth amidst rising trade tensions and policy uncertainties. This had its bearing on the steel industry as well, in terms of weak demand and falling steel prices. Making matters worse, the COVID-19 outbreak in early 2020 brought global economic activities to a near standstill as nationwide lockdowns and social distancing norms were imposed to contain the spread in the affected Countries.

INDIAN ECONOMIC REVIEW:

In India, muted demand and oversupply is likely to result in suppressed steel prices and capacity utilization in the near term. Since India depends largely on migrant labour, restarting construction and infrastructure projects will be a challenge. The demand from infrastructure, construction and real estate sectors is likely to be subdued in the first half of the financial year 2020-21 due to the lockdown followed by the monsoons during the second quarter. Further, the demand from automobile and

SURAJ PRODUCTS LIMITED

capital goods sectors is likely to reduce significantly with consumers deferring discretionary spends in the near term. Effective Government stimulus and return of consumer confidence is likely to be the key driver for a gradual recovery over the second half of the financial year 2020-21.

UPLIFTING RURAL DEMAND:

The Indian Government is endeavoring to create world class infrastructure in the Country. It is planning to invest Rs. 25 trillion in infrastructure over next three years; Rs. 8 trillion will be used to develop 27 industrial clusters, while Rs. 5 trillion will be used for building roads, railways and port connectivity.

CHANGING RURAL DEMAND:

Indian's rural sector is slowly undergoing a transformation. Consumption patterns of people are slowly changing, facilitated by improved networking. People in villages are seeking information proactively from multiple sources, which also include social media.

The GST is being seen as a crucial reform, as it is anticipated to bring greater transparency in the country's indirect tax structure.

INDUSTRY STRUCTURE & DEVELOPMENT:

Sponge iron & pig iron are intermediate products as source of metalics for electric steel making. Other source of metalics is steel scrap. The Sponge iron industry in India is divided into two types, those who are integrated with steel making and those in merchant sector. Suraj Products Limited is slowly graduating from a merchant plant to a steel producer.

In the Modern Economy Steel is a vital component to the development. The strength of steel industry shows the growth & development of all major industrial economies. Consumption of steel is a significant indicator of socio-economic development of the people of the country. Since incubation period for setting up integrated steel plants is large, the growth in demand of steel during the year was met generally by secondary steel sector or through import of steel. One of the sources of metalics for secondary steel making sector is sponge iron and pig iron. Sponge iron industry, therefore, witnessed continued development for its product during the year. The trend is likely to continue in future. With the anticipated increase in rural spending and infrastructure, the steel demand is likely to be good.

COMPANY'S PERFORMANCE:

Gross Turnover	:	1,182,461,169
Profit before Taxation	:	38,171,149
Profit after Taxation	:	5,40,45,013

OPPORTUNIES, THREATS & FUTURE OUTLOOK:

a) OPPORTUNITIES:

The renewed importance given by Government on affordable housing, roads, sagarmala projects and other infrastructure projects are expected to create steel demand, this will augur well for sponge iron and pig iron industry.

As per the National steel policy crafted during FY 2019-20, the crude steel production target for India is set at 300 MT by 2030. Share of sponge iron & pig iron in making steel will be 80 MT, which will create huge opportunity for sponge iron industry.

b) THREATS:

Most of the steel producing industries are expected to witness a decline in crude steel output due to production cuts amidst ongoing lockdowns. The COVID-19 pandemic has severely affected economies and industries globally including steel industry.

SURAJ PRODUCTS LIMITED

The cost of iron ore and coal constitute more than 80% of cost of production. Therefore the profitability of the Company depends on market price of these raw materials. The only way to reduce the cost of iron ore and coal is to have captive mines for these raw materials, which the company does not have. The emergence of large players may pose threat due to their economies of scale.

c) OUTLOOK:

The COVID-19 pandemic has severely affected economies and industries globally and the steel industry is no exception. Therefore, outlook for steel industry includes scenarios regarding the pandemic's speed of propagation, possible recurrence, near-term impact of measures being taken to contain the outbreak and the effectiveness of the stimulus announced by the Governments of various Nations.

After slower than expected growth in 2019, steel demand is estimated to contract significantly in the Financial Year 2020-21. According to the World Steel Association (WSA), it is possible that the impact on steel demand in relation to the expected contraction in GDP may turn out to be less severe than that seen during the erstwhile global financial crisis. In comparison with other sectors, the manufacturing sector is expected to rebound quicker through supply chain disruptions are likely to continue.

Most of the steel producing regions are expected to witness a decline in crude steel output due to production cuts amidst ongoing lockdowns. However, it is expected that compared to other Countries, China will move faster towards normalization of economic activity as it was the first Country to come out of the COVID-19 crisis. Governments of different Nations have announced sizeable stimulus packages which are expected to favour steel consumption through investment in infrastructure and other incentives for the steel industry.

RISK AND CONCERN:

Steel demand is dependent on economic growth. Slowdown in the economy coupled with excess capacity can adversely affect steel demand and pricing. It is also affected by trade barriers and protectionist policies. These can lead to steel price variability and impact operating performance. The Company is exposed to competition from other materials or alternative steelmaking technologies. These factors can impact steel prices, demand for steel and operating performance. COVID-19 is expected to have a significant impact on the economy in terms of contraction in underlying demand, disruption in manufacturing and supply chain operations across the Country, labour issues, liquidity issues etc. adversely affecting steel prices and cash flows.

SEGMENT- WISE/ PRODUCT- WISE PERFORMANCE:

In accordance with the Accounting Standard 17 issued by the Companies (Accounting Standards), Rules, 2006 including any further amendments thereof, the Company has a single business segment having four products namely Sponge iron, Pig Iron and MS Ingot/Billets & TMT Bar. The Company has started manufacturing of TMT Bars during this financial year.

INTERNAL CONTROL SYSTEM & THEIR ADEQUACY:

The company has adequate and effective internal control system commensurate with its size and nature of business to provide reasonable assurance that all assets are safeguarded, transactions are authorized, recorded and reported properly, applicable statutes, the Suraj Products Limited code of conduct and Corporate policies are duly complied with Internal audit and other control are reviewed periodically by Audit Committee.

SURAJ PRODUCTS LIMITED
Reports on the Financial Statements

Opinion

We have audited the accompanying IndAS Financial Statements of "M/S. SURAJ PRODUCTS LIMITED" (the "Company"), which comprise of the Balance Sheet as at 31st March, 2020, the related Statement of Profit and Loss (including Other Comprehensive Income), and the Cash Flow Statement for the year ended and the statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information which we have signed under reference to this report.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sl. No.	Key Audit Matter	Auditor's Response
1	<i>Evaluation of uncertain tax positions</i>	<i>Principal Audit Procedures</i>
	The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.	Our procedure included, amongst others, assessing the appropriateness of management's assumptions and estimates in relation to uncertain tax positions, challenging those assumptions and considering advice received by management from external parties to support their position. We have involved our tax specialists to consider management's assessment of the tax positions and related provision/liability accruals when necessary. We concur with management estimates and the outcome of their procedures to determine the relevant provision/ liability.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, change in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) and accounting principles generally accepted in India, specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Ind AS Financial Statement

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

SURAJ PRODUCTS LIMITED

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s.Suraj Products Limited ("the Company") as of 31 March 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls

SURAJ PRODUCTS LIMITED

over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS**1. CORPORATE INFORMATION**

Suraj Products Limited ('SPL' or 'the company') is a public limited company incorporated in India with its registered office at Vill: Barpali, PO; Kesarmal, Rajgangpur, Dist: Sundargarh, Odisha is engaged in production of Sponge Iron by direct reduction of Iron Ore, Pig Iron, Ingots/Billet, TMT Bars & Generation of Power. Company share are listed & traded in Bombay stock Exchange and Calcutta Stock Exchange.

2. BASIS OF PREPARATION & PRESENTATION**A. Statement of Compliance with Ind AS:**

The Financial Statements have been prepared in accordance with Ind ASs notified under the Companies (Indian Accounting Standards) Rules, 2015 & the provisions of the Act (to the extent notified) and guidelines issued by Securities Exchange Board of India (SEBI).

The Financial statements for the year ended 31st March, 2020 were approved by the Board of Directors and authorized for issue on 29th day of June, 2020.

B. Accounting Convention:

The financial statements have been prepared on the historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

C. Use of Estimates & Judgments:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and amounts of assets and liabilities and disclosure of contingent liabilities at the date of financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ.

Key sources of estimation of uncertainty at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets & liabilities within the next financial year, are in respect of useful life of property, plant & equipment, valuation of deferred tax liabilities, provisions and contingent liabilities. The accounting policies followed by the company for the same have been disclosed in subsequent notes.

D. Revenue Recognition:

Sales are recognized on the basis of the fair value of the consideration, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Expenses are accounted for on accrual basis and provision is made for all expenses.

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the asset to that asset's net carrying amount on initial recognition.

E. Leases:**Group as a Lessee****Finance Leases**

Finance leases, which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the lower of the fair value and

SURAJ PRODUCTS LIMITED

present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income. Lease management fees, legal charges and other initial direct costs are capitalised.

If there is no reasonable certainty that the Company will obtain the ownership by the end of lease term, capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

F. Property, Plant & Equipment & Depreciation:

Property, Plant & Equipment is stated at cost net of recoverable taxes less accumulated depreciation and impairment loss, if any. All costs, including financing costs till commencement of commercial production are capitalized.

- a) Depreciation has been provided on pro-rata basis on assets acquired after 01.04.2002 on a Written down Value Method and on assets acquired prior to 01.04.2002 on a straight Line Basis Method. Freehold land is not depreciated.
- b) Effective 1st April, 2014, the Company depreciates its Property, plant & equipment over the useful life in the manner prescribed in Schedule II of the Act.
- c) Depreciation, useful lives and residual values are reviewed periodically, at each financial year end.
- d) No depreciation is charged on the assets disposed off / discarded during the year.

G. Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated depreciation and impairment loss, if any. All costs, including financing costs till commencement of commercial production are capitalized.

H. Inventories:

Inventories are valued at Cost or Net Realisable Value whichever is lower.

- a) In case of Raw Material, Stores and spares, consumables and trading goods, the cost includes duties and taxes(net of GST wherever applicable) and is arrived on weighted average cost basis.
- b) Cost of Finished goods includes the cost of raw material, cost of conversion and other manufacturing costs incurred in bringing the inventories to their present location and condition and excise duty.

I. Employees Benefits:

Short Term

Short term employee benefits are recognized as an expense at the undiscounted amount expected to be paid over the period of services rendered by the employees to the company.

Defined-contribution plans

These are plans in which the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. The Company's payments to the defined-contribution plans are reported as expenses during the period in which the employees perform the services that the payment covers.

(i) Leave Encashment

Retirement and other employee benefits

- a) Earned leave which cannot be carried forward to future periods are "short term" benefit only if the employees are entitled to either encash or utilize the benefits during the period of twelve months following the end of the accounting period (when they became entitled to the leave). In other cases the benefit is required to be treated as "long term". According to the policy of the company, no leave can be carried forward beyond the end of the financial year. Accordingly all leave granted has been accounted for in the current financial year.
- b) Contribution to Provident Fund, employee state insurance and other funds are determined under the relevant statute and charged to revenue Account.
- c) Present liability for future payment of gratuity is covered through Group Gratuity Scheme of Life Insurance Company of India and contribution thereon is charged to revenue account and the assets are funded by the LIC based on actuarial valuation done internally by LIC and the company has no obligation except to the extent of the premium determined by Life Insurance Corporation.

J. Accounting For Taxation:

Current Tax:

Provision for current taxation is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred Tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

K. Borrowing Cost:

Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction/ development of the qualifying asset up to the date of capitalisation of such asset is added to the cost of the assets.

L. Impairment of Assets:

The carrying values of assets/cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognized in the Statement of Profit and Loss.

M. Earnings Per Share:

Basic Earnings per Share is calculated by dividing the net profit or loss after tax for the year attributable to the shareholders by the weighted average number of equity shares outstanding during the year. For purpose of calculating diluted earnings per share, the net profit or loss for the year and weighted number of shares outstanding during the year are adjusted for the effects of dilutive potential equity shares.

N. Provisions and Contingent Liabilities:

Provisions are recognized when the company has a legal or constructive obligation as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent Liabilities are disclosed when the company has a possible obligation or a present obligation and it is probable that a cash outflow will not be required to settle the obligation.

O. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

P. Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are measured at fair value except when amortised cost approach is used. Transaction costs that is directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition): the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income ("FVTOCI") (except for debt instruments that are designated as at fair value through profit or loss on initial recognition): the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income is recognised in profit or loss for FVTOCI debt instruments. All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL. Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by Company are classified as either financial liabilities or as' equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' Line item. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability. All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

SURAJ PRODUCTS LIMITED

(i) **Market Risk**

Market risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market prices. Such change in value of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

Foreign Currency Risk

The company has its operations based mainly within the country. So, the company does not have any significant foreign currency risks.

Interest Rate Risk

The company has investments mainly in fixed interest bearing investments. Hence the company is not significantly exposed to interest rate risks. The interest rate on borrowings ranged from 9.50% to 12.85% in the previous year & 9.90% to 11.00% in the current year.

(ii) **Credit Risk**

Credit Risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to credit risk is on account of trade receivables amounting to Rs.2.70 crores as at 31st March, 2019 and Rs. 6.16 crores as at 31st March, 2020. Trade receivables are typically unsecured and derived from revenue earned from customers. Credit risk is managed by establishing credit limits and reviewing the credit approvals provided to various customers. The company has no expected credit loss as at 31st March, 2020.

(iii) **Liquidity Risk**

Liquidity risk is the risk that the company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or other financial asset.

The company's principal sources of liquidity are cash and cash equivalents, bank fixed deposits and the cash that is generated from operations.

The company manages liquidity risk by maintaining adequate reserves and by continuously monitoring forecast and actual cash flows. The company generates sufficient cash flows from current operations which together with the available cash and cash equivalents provide liquidity both in the short-term as well as in the long-term.
