Your Company presently holds 15.70% of equity capital of D1WML.

D1WML has concentrated its efforts towards convergence of existing jatropha plantations in the state of Jharkhand having abandoned its plantation in North East of India due to excessive weed growth.

ANNEXURE I

MANAGEMENT DISCUSSION AND ANALYSIS REPORT INDUSTRIAL STRUCTURE AND DEVELOPMENTS

The year 2015 – 2016 was good for the Indian economy and the country is expected to report growth of GDP over 7.5%. The inflation also remained low and there was growth in many industries during the year with the Stock Markets not being very high as compared to the beginning of the year but nevertheless remaining stable more or less during the said year. India has derived considerable benefits from the falling crude prices in the global market in the major part of the year resulting in reduction in trade deficit. The country was also able to contain wholesale price inflation along with retail inflation. The Reserve Bank of India has during the year cut the policy rate twice at the rate of 25 basis points each time, making way for the commercial banks and the financial institutions to reduce lending rates. The Company is a beneficiary of this move. The industry is expecting further rate cuts in future.

Stable to bullish trend has been witnessed in the Stock Market during the major part of the year under review, primarily on account of the Country having a stable Government whose policy reforms have been benefitting various sectors of the economy. The prospects of the general Indian economy are looking good with the expectation of good flow of funds by the foreign investors coupled with investments from the domestic investors. In view of the above factors, the business atmosphere is becoming congenial for various industries including the financial and investment sector in which your Company is engaged.

OPPORTUNITIES AND THREATS, RISKS AND CONCERNS

Your Company being a Non-Banking Financial Company is primarily engaged in the business of making investments and giving loans to various bodies corporate. The major part of the loans and investments made by the Company are in the Group Companies. Some of the Companies where the Company holds sizeable shares declared reasonable dividend in the last year and they are expected to recommend dividend in this year too in view of the improvement in business scenario. The Company expects timely recovery of loans with interest thereon from its borrowers. Being a part of the Williamson Magor Group, the Company is in a position to derive benefits from the Group infrastructure and the reputation that the Group enjoys in the corporate world.

The Company has considerable investments in the shares of a few listed Companies. In a volatile market the Company is exposed to the risk of fluctuation in share prices. This however is not likely to affect the working of the Company as a major part of the said investments are held on a long term basis and temporary fluctuations of those shares in the stock market do not have much financial implication to the Company.

The Company being a Member of Credit Information Bureau (India) Limited ("CIBIL"), a credit information company pursuant to the Credit Information Companies (Regulation) Act, 2005 will be in a position to avail of the financial data of its Members who may be its lenders/borrowers (not being Group Companies). This will eventually minimize the Company's risk of operations.

OUTLOOK

Earnings of the Company depend on the performance of the Companies where the Company has invested funds in equities or given loans. With better growth prospects continuing with a stable Government at the Centre, the economy is expected to grow more offering better environment for the industries to perform better. The Companies where the company has invested funds or to whom it has lent money are expected to improve their performance and some have shown also improved performance. As a result the Company hopes to generate higher income in the form of interest, dividend and other income in the current year.

A further rate cut by the Reserve Bank in the current year will have a beneficial effect on the Company in the form of reduced interest burden. Barring unforeseen circumstances, the Company is expected to do well in the current year.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company maintains a system of Internal Control commensurate with its size. The Internal Auditors regularly review the operations. The Audit Committee reviews the adequacy of Internal Control System at regular intervals and provides guidance for improvement.

The Risk Management Committee formed by the Board of Directors of the Company also has a policy by which it periodically reviews the various risks to which the Company is exposed to and ensures proper record maintenance and proper legal compliances for exercising effective Internal Controls.

Moreover, the KYC Norms (i.e. Know Your Customer Norms) and the Revised Fair Practices Code as per the RBI directives act as integral parts of the overall Internal Control System of the Company.

HUMAN RESOURCES

There is no material development on the Human Resources front. The Company maintains harmonious relationship with its employees.

CAUTIONARY STATEMENT

Statements in the Management Discussion & Analysis Report in regard to projections, estimates and expectations have been made in good faith. Many unforeseen factors may come into play and affect the actual results, which could be different from what the Directors envisage in terms of future performance and outlook. Market information contained in this Report has been based on information gathered from various published and unpublished reports, and their accuracy, reliability and completeness cannot be assured.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the

company are being made only in accordance with authorisation of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements

Note 1

1. Significant Accounting Policies

a) Basis of Preparation

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. Pursuant to section 133 of the Companies Act, 2013 (the "Act") read with Rule 7 of the Companies (Accounts) Rules, 2014 till the standards of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended], the other relevant provisions of the Act and to the extent applicable, with the provisions of Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007 [NBFC Directions].

All assets and liabilities have been classified as current or non-current as per the criteria set out in the Schedule III to the Companies Act, 2013. Considering its nature of business, the Company has ascertained its operating cycle as 12 months for the purpose of current - non current classification of assets and liabilities.

b) Tangible Assets

Tangible assets are stated at cost of acquisition net of accumulated depreciation and accumulated impairment losses, if any.

An impairment loss is recognized where applicable when the carrying value of tangible asset exceeds their net realisable value or value in use, whichever is higher.

Profit or loss on disposal of tangible assets is recognised in the Statement of Profit and Loss.

c) Depreciation

Depreciation on tangible assets (other than Land- Freehold) is provided on pro-rata basis on reducing balance method over the estimated useful lives of the assets as specified in Schedule II to the Act.

Also refer to the Note 1(m) below.

d) Investments

Investments which are of long term nature are stated at cost less amounts written off/provided for when the directors are of the opinion that diminutions other than temporary, in their carrying values have taken place.

e) Revenue Recognition

Operating Revenue :

Dividend income is recognized when right to receive dividend is established.

Interest income is generally recognised on a time proportion basis taking into account the amount outstanding and the rate applicable, when there is reasonable certainty as to realisation and guided by NBFC Directions.

Other operating revenue is recognised when there is reasonable certainty as to its realisation.

Service Income is accounted for based on business arrangements in existence on rendering of services.

Lease rental income under operating lease is recognised in the Statement of Profit and Loss.

f) Employee Benefits

Short term employee benefits :

These are recognised at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered .

Post Employment Benefit Plans :

Contributions under Defined Contribution Plans are recognised on accrual basis as expenses for the year.

In case of Defined Benefit Plans, the cost of providing the benefit is determined on the basis of actuarial valuation using the Projected Unit Credit Method at each Balance Sheet date.

Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss . The retirement benefit obligation provided in the Balance Sheet represents the present value of defined benefit obligations.

g) Foreign Currency Transactions

Foreign Currency transactions are recorded at the rate of exchange prevailing on the date of the respective

transactions. All foreign currency monetary items are restated at the year-end at the closing rate. Exchange differences arising on settlement /reinstatement are recognised in the Statement of Profit and Loss.

h) Borrowing Cost

i) Lease

The Company has leased certain tangible assets and such leases where the Company has substantially retained all the risks and rewards of ownership are classified as operating leases. Lease income on such operating leases are recognised in the Statement of Profit and Loss on a straight line basis over the lease term which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognised as an expense in the Statement of Profit and Loss in the period in which they are incurred.

j) Taxes on Income

Current tax is determined as the amount of tax payable in respect of taxable income for the period as per the applicable tax rates and laws.

Deferred tax is recognised, subject to the consideration of prudence in respect of deferred tax assets, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred Tax Assets in respect of carry forward losses and/or unabsorbed depreciation are recognised only when its virtually certain that sufficient future taxable income will be available against which such deferred tax assets will be realised.

Deferred tax assets and liabilities are measured using the tax rates and the tax laws that have been enacted or substantively enacted by the Balance Sheet date.

k) Provision and Contingent Liabilities

Provisions : Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date and are not discounted to its present value.

Contingent Liabilities : Contingent liabilities are disclosed when there is a possible obligation arising from past event, the existence of which will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

l) Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles followed in India requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes requiring a material adjustment to the carrying amounts of assets and liabilities in future periods.

m) Revision in useful lives of Tangible Assets:

Effective 1st April 2014, the Company has started charging depreciation in keeping with the requirements of Schedule II to the Act and as a result of which the estimated useful lives of certain tangible assets have been revised. Pursuant to the transitional provision set out in the said Schedule II, the carrying amount (after retaining the residual values) aggregating Rs. Nil (31st March, 2015 : Rs. 110 thousand) relating to tangible amounts where the revised useful lives are Nil as at 1st April, 2014 had been debited to General Reserve (Refer Note 3). Further the related tax impact on such adjustment amounting to Rs. Nil (31st March, 2015: Rs. 38 thousand) had also been credited to General Reserve. Accordingly the depreciation expense for the year ended 31st March, 2016 is higher and the Loss before Tax for said year is higher by Rs. Nil (31st March, 2015 : Rs. 852 thousand).

n) Cash & Cash Equivalents :

Annexure A to Independent Auditors' Report

Referred to in paragraph 11(h) of the Independent Auditors' Report of even date to the members of Williamson Magor & Co. Limited on the consolidated financial statements for the year ended March 31, 2016.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Williamson Magor & Co. Limited (hereinafter referred to as "the Investing Company") and its associate companies and jointly controlled companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Investing Company, its associate companies and jointly controlled company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis of Qualified Opinion

8. The internal financial controls over financial reporting of Kilburn Engineering Limited for the year ended March 31, 2016, an associate company of Investing Company, was audited by another firm of chartered accountants, who vide their report dated May 23, 2016 have reported as follows :

“According to the information and explanations given to us and based on our audit, a material weakness has been identified as at March 31, 2016 in the Company’s internal control system with respect to valuation of the Investment in shares of McNally Bharat Engineering Company Limited in view of the significant reduction in the market price of the shares, as described in Note 26.4 of the Financial Statement, which could result in stating the investments at a value higher than its realisable value.

A ‘material weakness’ is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company’s annual or interim financial statements will not be prevented or detected on a timely basis.”

Qualified Opinion

9. In our opinion, the Investing Company, its associate companies and jointly controlled companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and except for the possible effects of the material weakness described above on the achievement of the objectives of the control criteria as stated in the Basis for Qualified Opinion paragraph above, such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
10. The internal financial controls over financial reporting of Kilburn Engineering Limited for the year ended March 31, 2016, an associate company of Investing Company, was audited by another firm of chartered accountants, who vide their report dated May 23, 2016 have reported as follows :

“We have considered the material weakness reported above in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements of the Company for the year ended March 31, 2016, and the material weakness has affected our opinion on the said financial statements of the Company.”

Other Matters

11. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to four associate companies and one jointly controlled company, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

Operating Revenue :

Dividend income is recognized when right to receive dividend is established.

Interest income is generally recognized on a time proportion basis taking into account the amount outstanding and the rate applicable, when there is reasonable certainty as to realisation and guided by NBFC Directions.

Other operating revenue is recognised when there is reasonable certainty as to its realisation.

Service Income is accounted for based on business arrangements in existence on rendering of services.

Lease rental income under operating lease is recognised in Profit and Loss Statement.

h) Employee Benefits

Short term employee benefits :

These are recognised at the undiscounted amount in the consolidated profit and loss statement for the year in which the related service is rendered.

Post Employment Benefit Plans :

Contributions under Defined Contribution Plans are recognised on accrual basis as expenses for the year.

In case of Defined Benefit Plans, the cost of providing the benefit is determined on the basis of actuarial valuation using the Projected Unit Credit Method at each Consolidated Balance Sheet date.

Actuarial gains and losses are recognized immediately in the Consolidated Profit and Loss Statement. The retirement benefit obligation provided in the Consolidated Balance Sheet represents the present value of defined benefit obligations.

i) Foreign Currency Transactions

Foreign Currency transactions are recorded at the rate of exchange prevailing on the date of the respective transactions. All monetary items are restated at the year-end at the closing rate.

However in case of one Associate, the exchange differences relating to non-integral foreign operations are accumulated in a "Foreign currency translation reserve" until disposal of the operation, in which case the accumulated balance in "Foreign currency translation reserve" is recognised as income / expense in the same period in which the gain or loss on disposal is recognised.

j) Hedge Accounting

One of the Associates, have applied the principles of hedge accounting as set out in Accounting Standard - 30 "Financial Instruments: Recognition and Measurement" to those futures and options that are designated as cash flow hedges. The changes in the fair value of such contracts, to the extent that they are effective, are recognised directly in the Cash Flow Hedge Reserve Account under Reserves and Surplus, net of applicable taxes, and the ineffective portion is recognised in the Consolidated Statement of Profit and Loss. The balance in the Cash Flow Hedge Reserve Account is reclassified in the Consolidated Statement of Profit and Loss when the hedged item affects the profit or loss.

k) Derivative Contracts

One of the Associates enters into derivative contracts in the nature of foreign currency swaps, forward contracts with an intention to hedge its existing assets and liabilities, in foreign currency. Derivative contracts which are closely linked to the existing assets and liabilities are accounted as per the policy stated for Foreign currency transactions and translations. All other derivative contracts are marked-to-market and losses are recognised in the Consolidated Statement of Profit and Loss. Gains arising on the same are not recognised, until realised, on grounds of prudence.

l) Borrowing Cost

Borrowing costs relating to qualifying assets, if any, are added to the cost of such assets. Other borrowing costs are charged to Consolidated Statement of Profit & Loss.

m) Taxes on Income

Current tax is determined as the amount of tax payable in respect of taxable income for the period as per the applicable tax rates and laws.

Deferred tax is recognized, subject to the consideration of prudence in respect of deferred tax assets, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred Tax Assets in respect of carry forward losses and/or unabsorbed depreciation are recognised only when its virtually certain that sufficient future taxable income will be available against which such deferred tax assets will be realized.

Deferred tax assets and liabilities are measured using the tax rates and the tax laws that have been enacted or substantively enacted by the Consolidated Balance Sheet date.

n) Provision and Contingent Liabilities

Provisions : Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Consolidated Balance Sheet date and are not discounted to its present value.

Contingent Liabilities : Contingent liabilities are disclosed when there is a possible obligation arising from past event, the existence of which will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is termed as a contingent liability.

o) Use of Estimates:

The preparation of consolidated financial statements in conformity with generally accepted accounting principles followed in India requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes requiring a material adjustment to the carrying amounts of assets and liabilities in future periods.

p) Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

Exceptional Item

Impairment loss relating to Goodwill on Consolidation

The Investing Company formed a Joint Venture Company viz. D1 Williamson Magor Bio Fuel Limited (D1WMBFL) together with another party to engage in the business of jatropha plantation. In view of continuing losses having been incurred by D1WMBFL, over the years, substantial erosion of its networth, scaling down of its plantation activities in the recent past and resultant uncertainty about recoverability of its investments in this entity, it has been considered prudent to impair the entire goodwill arising on consolidation of Rs. 25,296 Thousand.

NOTE 36

Based on Notification no. DNBS.223/CGM(US)-2011 dated 17th January, 2011, provision has been made for standard assets at 0.25 percent of the balance of such assets as at 31st March, 2016 which has been disclosed separately as 'Contingent Provision against Standard Assets' in Note 10.

NOTE 37

Pursuant to the requirements of Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions 2007, the Investing Company had made an application to the Reserve Bank of India (RBI) seeking extension for regularization of the requirements relating to concentration of investments and exposure norms in a phased manner.

In the meantime RBI vide its Notification No. DNBS(PD)CC. No. 197/03.10.001/2010-11 dated 12th August, 2010 and No. DNBS(PD)CC. No. 206/03.10.001/2010-11 dated 5th January, 2011 has come out with a new category of NBFC which is known as Systemically Important Core Investment Company. The Investing Company had filed an application with RBI for the conversion of its status from Systemically Important Non Deposit Taking Non Banking Financial Company to Systemically Important Non Deposit Taking Core Investment Company as a result of which the Investment Company would not be required to dilute its exposure in terms of Investments and loans as mentioned above.

In response to the Investing Company's aforesaid application, RBI had advised the Investing Company in February 2013 to resubmit the application afresh just after attaining the stipulated criteria for a CIC-NDSI but not later than 31st March, 2015 and the Investing Company submitted the application afresh based on audited accounts of Financial Year 2013-14 within the stipulated time as provided by the RBI. However RBI has returned the said application advising the Investing Company to refurnish the application afresh based on latest Financials after meeting all the criterion of being a CIC- NDSI. The Investing Company has already filed the application in the financial year 2015-16 with RBI and the matter is under consideration of RBI.

NOTE 38

The following Note has been reproduced from the stand-alone financial statements of an Associate, Kilburn Engineering Limited (referred to as "the Company" therein): "The Company holds investment in equity shares of McNally Bharat Engineering Company Limited (Book Value Rs. 1993.45 Lakhs) as strategic investment on a long term basis. The Company is of the view that the diminution in value of Rs. 1344.17 Lakhs (Previous Year : Rs. 1280.10 Lakhs) in these investments is temporary. Notwithstanding this, out of abundant caution, a total provision of Rs. 800 Lakhs (Previous Year Rs. 600 Lakhs) including Rs. 200 Lakhs (Previous Year Rs. 200 Lakhs) during the year is made in the books."

NOTE 39
