Infosys expects to recover from last quarter's disappointment

Bangalore/Hong Kong, Sept 15: Infosys expects growth to bounce back from last quarter's disappointing showing but warned that the IT services industry will take a short-term hit from Britain's decision to depart the European Union.

Infosys, a barometer for the health of the \$3 trillion global enterprise IT spending market, slashed its annual sales forecast in July, reflecting the economic uncertainty that's roiling India's outsourcing giants from Tata Consultancy Services to Wipro. Chief executive officer Vishal Sikka said Britain's unprecedented move however presents a longer-term opportunity for companies like Infosys that can help banks and corporations prepare their systems for the transition. "We will know more" in the run-up to Infosys' next quarterly earnings report,

Sikka told a small group of analysts during JPMorgan's investor conference in New Delhi that was webcast by the company. "What I could say is that we see our Q2 growth will be higher than Q1 growth."

Sikka didn't specify whether it was referring to quarter-on-quarter growth or comparisons to the year earlier. Since taking the reins in August 2014, Stanford alumnus Sikka has presided over a surge in Infosys' value and been credited with helping his company outshine larger rivals. But technology spending is expected to taper off as clients gauge the impact of Brexit and the U.S. presidential elections, hurting IT services companies.

Investors are taking heed. Shares in TCS have fallen roughly 5% since warning last week that US financial clients were trimming IT

budgets. Infosys, which said in August it's

ramping down about 3,000 staff after losing a key RBS contract, is down about 11% since ratcheting back its sales forecast the month before.

“In addition to the statutory obligations, the formalizing of industry positions, the AGM provides a focus for emerging industry issues and a forum for members to meet and network.”

Dear Shareholders,

Please find attached the details of our 25th **Annual General Meeting** (AGM) which we are holding at Aggarwal Farm House, A-5, Bhati Mines Road, Near Dera crossing, Fatehpur (Chattarpur), Delhi-110074 on Thursday, September 22, 2016 at 10.00 am.

The Board considers that all the resolutions to be put to the meeting are in the best interest of the Company and its shareholders as a whole and unanimously recommends that you vote in favour of them, as the directors intend to do in respect of their own beneficial holdings.

If you would like to vote on the resolutions but cannot attend the AGM, please register your proxy appointment by filling in the proxy form sent to you with this Notice of Meeting and returning it to our registrar/Company Address as soon as possible. If you appoint a proxy this will not prevent you from attending and voting at the AGM in person, should you choose to do so.

Voting

Voting at the meeting will be by poll rather than on a show of hands. This allows all shareholders, present in person or by proxy, to vote on all resolutions in proportion to their shareholding. We believe that this is the fairest approach to voting and will ensure an exact and definitive result. This year I will once again call a poll for all resolutions considered at the AGM.

I would encourage you to visit our website, www.superiorindustrial.in and see for yourself the information available in the Investors section.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

Report on Internal Financial Controls under Clause (i) of Sub Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Superior Industrial Enterprises Limited ("the Company") as of 31st March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
