MANAGEMENT DISCUSSION & ANALYSIS REPORT, REVIEW OF OPERATIONS DURING THE YEAR & FUTURE PLANS

(I) Industry structure and developments.

Mushroom farming is practiced in more than 100 countries and its production is increasing at an annual rate of 6-7% presently. World production of mushroom is over 27 million tons as per claims of Chinese Association of edible mushrooms. Indoor cultivation of mushrooms utilizes the vertical space and is regarded as the highest protein producer per unit area and time – almost 100 times more than the conventional agriculture and animal husbandry. This high tech horticulture venture has a promising scope to meet the food shortages without undue pressure on land. In India, mushroom production shot up from near 11000 tons in 1992 over 1,20,000 tons in 2012. India produces about 600 million tons of agricultural waste annually and a major part of it are left out to decompose naturally or burnt *in situ*. This can effectively be utilized to produce highly nutritive food unlike mushrooms and spent mushroom substrate can be converted into organic manure for field crops. Mushroom growing is highly labour oriented venture and two factors, i.e., availabilities of raw material and labour make mushroom growing economically profitable in India.

On the export front also, for the first time during 1994 India not only figured in the US imports but emerged as the IInd largest exporter of the canned mushrooms replacing Taiwan. Now a few commercial mushroom units are exporting canned mushrooms to the Americans, European and other countries regularly

(ii) Opportunities Strength and Threats

Opportunities

Macro-economic as well as industry specific indications point to enduring buoyancy in the domestic market, while the international geographies in which your Company operates are likely to be stable as well.

Changing demographics (young, higher disposable income, experimental, urbanization, willingness to spend) further fuelled by trends like a greater awareness of health and nutrition on one hand and more hedonism (especially the new 'affluent' generation) is rapidly enlarging the opportunity.

Development trends of Mushroom industry is based on the increasing consumer consciousness and demand for nutritious quality and organic products in domestic and international market. Increasing interest in protection of environment from the industrial pollution and environment friendly progress in mushroom production and processing technologies resulting in tremendous growth in the productivity and production of mushrooms.

Strength:-

Mushrooms are grown seasonally as well as state-of-art environment controlled Crop room in the commercial units. It is highly labour oriented venture and labour availability is no constraint in the vicinity of **Tarai Foods** and two factors that is availabilities of raw materials and labour make mushroom growing economically profitable in this region. Moreover, **Tarai foods Ltd. Rudrapur** is located in the bowl of raw materials like Wheat Straw, Sugar cane Bagasse & Chicken Manure required for composting. Besides, the moderate climate of the Tarai region is well suited to mushroom production as temperature does not as high alike other parts of the country.

Awareness about food and medicinal values of mushrooms increasing quantitative use of mushrooms in the country thus creating better market for a product like fresh and processed mushrooms. There is increasing market for post harvest products like pickles or soup powder of mushrooms.

Threats

Uncontrolled price structure

When there is a glut in the market, the price of certain food items falls down considerably but as the demand increases or there is shortage of those food items in the market the price rises up with a vast variation. Thus there is always an uncertainty in market prices of most of the food items which reduces the amount of net profit and this discourages the manufacturers/ producers of this food items. This problem gets aggravated during peak production months, also because there is no minimum support price from the Govt.

High transportation charges:

Although, agro and animal wastes are available in plenty in India but their availability are not evenly distributed. Due to diversified climate and topography of land, different kinds of crops are raised in different parts of the Country and production/ manufacture have to pay heavy transport charges. The hike in diesel/petrol prices from time to time aggravates this problem.

Competition: eg - Availability of canned Chinese mushroom at lower price.

Unorganized production and sale particularly by seasonal farmers resulting in glut in market during winter months. This results in price cut in the period.

Lack of modern facilities to produce quality compost, casing material and spawn TFL is going to improve its facilities in this regard.

(iii) Segment wise & Product-wise performance:

The Company operates in a single segment. The product wise performance is as under:

Fresh Mushrooms

Mushroom Spawn

Compost for Mushroom

Product-wise performance

Sale of Finished Goods

Description	Current Year 2017-18		Previous Year 2016-17

Mushroom Spawn	5.94	7.44	4.16	5.12
Compost for Mushroom	87.57	2.92	-	-

Management is consistently keeping close watch on the changing market scenario and the business strategy is reviewed regularly for achieving a consistent growth by meeting the tough competition successfully.

(iv) Risks and concerns:

Every business has inherent risks involved in its operations, which may be either external or internal. The external factors are market competition, availability of cheaper substitute products, Government policies regarding ongoing political and economic changes in the importing Country. The

To the Members of TARAI FOODS LIMITED

We have audited the accompanying standalone financial statements of TARAI FOODS LIMITED ("the Company") which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information which we have signed under reference to this report.

Management's Responsibility for the standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and designs, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the Accounting and Auditing standards and matters which are required to be included in the Audit Report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion whether the company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these standalone financial statements.

Basis for Qualified Opinion:

1. Clause 12 on Note 21 regarding damage to the cold store building.
2. Clause 9 on Note 21 regarding interest on Term Loan default not provided for.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, ***except for the effects of the matter described in the Basis for Qualified Opinion paragraph***, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (ii) in the case of the statement of profit and loss, of the loss for the year ended on that date; and
- (iii) in the case of the cash flow statement, of the cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to –

1. Clause 10 on Note 21 of the Financial Statement with regard to continued losses and negative net worth. Considering continued losses, and negative net worth of the company, the concept of going concern may be in doubt, Its ability to continue as going concern depends upon the settlement of outstanding dues of secured/ unsecured creditors and restructuring of operations by considering appropriate business strategies and financial viabilities. In spite of these uncertainties, accounts have been prepared on going concern basis and we are unable to ascertain its impact on the financial statements of the company.

Our opinion is not qualified in respect of the above matter.

As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the Annexure-A, a statement on the matters specified in paragraphs 3 and 4 of the Order.

“Annexure B” to the Independent Auditor's Report of even date on the Standalone Financial Statements of TARAI FOODS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of TARAI FOODS LIMITED (“the Company”) as of 31 March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
