Pursuant to clause 49 of the Listing Agreement a Management Analysis Report is given below:

A. INDUSTRY BACKGROUND :

Tea is one of the oldest industries in India started during the British Empire. India is not only the largest producer of tea but is also the largest consumer. Tea is an important industry for India since it earns a substantial amount of foreign exchange by way of exports even though the quantum and value of exports has been coming down over the past few years.

B. INDUSTRY OUTLOOK :

The Company has a long experience of tea plantation, production and marketing. The availability of land for tea cultivation is limited and not all land is suitable for tea cultivation. Government regulation and control also affect the tea industry., The multiplicity of taxes on the industry also affect profitability.
