THE CRITERIA FOR PERFORMANCE EVALUATION OF THE
DIRECTORS OF THE COMPANY

The Board will assess its performance each year. The Nomination and Remuneration Committee is responsible to create a process for making such assessment to report annually to the Board on the results of the assessment process. The purpose of the assessment is to increase the effectiveness of the Board. The various Committees of the Board shall annually conduct a self-assessment of their performance and respective Terms of Reference.

Formal annual evaluation by the Board of its own performance and that of its Committees and Individual Directors shall also be done as outlined below:

The Company will follow a seven step system of the following processes for evaluation:

METHODOLOGY

What the Company hopes to achieve?

Clearly identified objectives will enable the Company to set specific goals for the evaluation and make decisions about the scope of the review. Such issues as the complexity of the performance problem, the size of the board, the stage of organisational life cycle and significant developments in the firm's competitive environment will determine the issues the Company wishes to evaluate.

Who will be evaluated?

With the objectives for the evaluation set, the Company needs to decide whose performance will be reviewed to meet them.

The Company needs to consider three groups: the Board as whole (including board committees), individual directors (including the roles of chairperson and/or lead independent director), and key governance personnel (generally the CFO and company secretary).

What will be evaluated?

Having established the objectives of the evaluation and the people/groups that will be evaluated to achieve those objectives, the next stage involves the evaluation becoming specific. It is now necessary to elaborate these objectives into a number of specific topics to ensure that the evaluation (1) clarifies any potential problems, (2) identifies the root cause(s) of these problems, and (3) tests the practicality of specific governance solutions, wherever possible. This is necessary whether the board is seeking general or specific performance improvements and will suit boards seeking to improve areas as diverse as board processes, director skills, competencies and motivation, or even boardroom relationships.

Who will be asked?

Internally, Board members, the CEO, senior managers and, in some cases, other management personnel and employees may have the necessary information to provide feedback on elements of a company's governance system.

Externally, owners/members and even financial markets can provide valuable data for the review. Similarly, in some situations, government departments, major customers and suppliers may have close links with the board and be in a position to provide useful information on its performance.

What techniques will be used?

Depending on the degree of formality, the objectives of the evaluation, and the resources available, boards may choose between a range of qualitative and quantitative techniques.

Who will do the evaluation?

The next consideration in establishing evaluation framework is to decide who the most appropriate person is to conduct the evaluation. If the review is an internal one, the chairperson commonly conducts the evaluation. However, there are times when it may be more appropriate to delegate either to a non-executive or lead director, or to a board committee. In the case of external evaluations, specialist consultants or other general advisers with expertise in the areas of corporate governance and performance evaluation may lead the process.

What do you do with the results?

Since the Board as a whole is responsible for its performance, the results of the review will be released to the board in all but the most unusual of circumstances. Where the evaluation objectives are focused entirely on the board, board members will simply discuss the results among themselves.

1. Report on the Audit of the Financial Statements :

(a) Opinion :

We have audited the accompanying financial statements of **NORBEN TEA & EXPORTS LIMITED** (" the Company "), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit & Loss and the Cash Flow Statement and the Statement of Changes in Equity for the year ended on that date, and notes to Financial Statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "financial statements").

(b) Basis for Opinion :

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of the Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

(c) Key Audit Matters :

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. As per our audit and verification of books and records and fact finding etc. we have determined that there are no separate key audit matters applied to this company which are communicated to the audit's report. Our audit report is unmodified and self-explanatory.

2. Information other than the Financial Statements and Auditor's Report Thereon :

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Corporate Governance Report, Management Discussion and Analysis, but does not include the financial statements and our auditor's report thereon.

Our opinion on financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that. We have nothing to report in this regard.

3. Management's Responsibility for the Financial Statements :

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Accounting Standards and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

4. Auditor's Responsibility for the Audit of the Financial Statements :

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial statements.

As a part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also: -

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risk, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control systems in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exist related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exist, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusion are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represents the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it's probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationship and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determined those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We described this matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determined that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial statements are for M/s Norben Tea & Exports Limited (the 'Company').

3.1 Fair valuation of Investments

Under the previous GAAP, investments in equity instruments and mutual funds were classified as long-term investments or current investments based on the intended holding period and realisability. Long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. The resulting fair value changes of these investments (other than equity instruments designated as at FVOCI) have been recognised in retained earnings as at the date of transition and subsequently in the profit or loss for the year ended 31 March 2021.

Fair value changes with respect to investments in equity instruments designated as at FVOCI have been recognised in FVOCI – Equity investments reserve as at the date of transition and subsequently in the other comprehensive income for the year ended 31 March 2021.

3.2 Borrowings

Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the profit or loss over the tenure of the borrowing as part of the interest expense by applying the effective interest rate method. Under previous GAAP, these transaction costs were charged off to Statement of Profit & Loss or capitalized with the qualifying asset as per the application of the corresponding Borrowings.

3.3 Remeasurements of post-employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive

income instead of profit or loss. Under the previous GAAP, these remeasurements were forming part of the profit or loss for the year.

3.4 Retained Earnings

Retained earnings as at April 1, 2016 has been adjusted consequent to the above Ind AS transition adjustments.

3.5 Other Comprehensive Income

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes remeasurements of defined benefit plans and fair value gains or (losses) on FVOCI equity instruments and debt instruments. The concept of other comprehensive income did not exist under previous GAAP.

3.6 Deferred Tax

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP.

In addition, the various transitional adjustments lead to different temporary differences. According to the accounting policies, the company has to account for such differences. Deferred tax adjustments are recognized in correlation to the underlying transaction either in retained earnings or a separate component of equity.

3.7 Re-classifications

The Company has done the following reclassifications as per the requirements of Ind-AS :

Assets / liabilities which do not meet the definition of financial asset / financial liability have been reclassified to other asset / liability.

Remeasurement gain/loss on long term employee defined benefit plans are re-classified from statement of profit and loss to OCI.

The Company has re-classified unpaid dividend balance from cash and cash equivalents to other bank balances.

Excise duty on sales was earlier netted off with Sales, has now been presented separately.

3.8 Property Plant and Equipment, Intangible Assets and Investment Properties

As permitted by para D5-D8B of Ind AS 101, the Company has elected to continue with the carrying values under previous GAAP for all the items of property, plant and equipment. The same election has been made in respect of intangible assets also.

Fixed Assets

i) Tangible Fixed Assets are stated at their original cost less depreciation. Cost includes incidental expenses. Profits or losses on sale of tangible fixed assets are included in the statement of profit and loss and calculated as difference between the value realized and book value. Capital work-in-progress is stated at cost. Subsidies received in respect of tangible fixed assets are deducted from the cost of respective assets.

ii) Cost of Plantations being Bearer Plants are valued on historical cost basis based on the cost incurred for new extension beginning from uprooting, planting, rejuvenation and maintenance etc. till the time it started bearing fruits/Green Tea leaves.

iii) Capital work-in-progress is stated at the amount expended up to the stage of completion of the project.

Depreciation

Depreciation on tangible assets is provided on Straight Line Method on all assets except land. Depreciation on tangible assets is provided over the useful lives of assets estimated by the management. Depreciation for assets purchased / sold during the period is proportionately charged. Intangible assets are amortised over their

respective individual estimated useful lives on a Straight Line basis commencing from the date assets are available to the Company for use. The management estimates the useful lives for the fixed assets are as follows :

Sr.No.	Name of the Assets	Useful Life (years)
1	Factory Building* & Non-Factory Building	60
2	Plant & Machinery*, Roads & Bridges, Water Installation*, Irrigation Equipments and Electric Installation	30
3	Furniture & Fittings* and Ring & Tubewell*	20
4	Motor Vehicles*	15
5	Computer*	6
6	Office Equipments	5
7	Bearer Plants*	70

* For these class of assets, based on internal assessment and independent technical evaluation carried out by external valuers the management believes that the useful lives as given above best represent the period over which management expects to use these assets.

Hence the useful lives for the assets is different from the useful lives as prescribed under Part C of Schedule 11 of the Companies Act, 2013. Freehold and Leasehold land are not depreciated.

3.9 Cash and cash equivalents

Cash and cash equivalents includes Cash on Hand, Cash at Bank, Cheque in Hand and other short-term highly liquid investments with an original maturity of three months or less.

3.10 Provisions

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Where the company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

3.11 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.12 Contingent liabilities

Provision of contingent liabilities are not made, unless & until the demand raised by statutory authorities, against which the company has preferred an appeal which is pending with the different forum of the said authorities are ascertained.

3.13 Recognition of Revenue

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, value added taxes, goods and service tax (GST) and amounts collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Sale of goods

Sales represents invoiced value of goods sold excluding Goods and Service tax.

Income from Investment

Income from Investment other than investment in shares of companies is included, together with related tax deducted at source in the Statement of Profit & Loss on an accrual basis. Income from investment in shares of companies is recognized on actual realisation.

Interest Income

SIGNIFICANT JUDGEMENTS & ESTIMATES

Estimates

As per para 14 of Ind AS 101, an entity's estimates in accordance with Ind AS at the date of transition to Ind AS at the end of the comparative period presented in the entity's first Ind AS financial statements, as the case may be, should be consistent with estimates made for the same date in accordance with the previous GAAP unless there is objective evidence that those estimates were in error. However, the estimates should be adjusted to reflect any differences in accounting policies.

As per para 16 of the standard, where application of Ind AS requires an entity to make certain estimates that were not required under previous GAAP, those estimates should be made to reflect conditions that existed at the date of transition or at the end of the comparative period.

The Company's estimates under Ind AS are consistent with the above requirement. Key estimates considered in preparation of the financial statement that were not required under the previous GAAP are listed below:

- Fair Valuation of financial instruments carried at FVTPL and/ or FVOCI.
- Fair Valuation of Biological Assets measured at fair value less cost to sell.
- Impairment of financial assets based on the expected credit loss model.
- Determination of the discounted value for financial instruments carried at amortized cost.
- Discounted value of liability for decommissioning costs.
