MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENT

The logistics industry is growing on account of strong fundamentals and consistent demand. With rising investments, evolving regulatory policies and infrastructure projects coming through, logistics & supply chain industry is poised for growth. Growth in emerging sectors such as e-commerce, retail, healthcare, chemicals and pharmaceuticals among others has also acted as a catalyst for the logistics sector.

Despite the generally positive economic outlook, estimates indicate that the country's inefficient supply chain results in huge losses every year. The Indian Road freight transport sector continues to remain unorganised and fragmented. The poor road infrastructure conditions, inefficient storage facilities, multiple check post for octroi and sales tax and unnecessary barrier in various states, bureaucratic hurdles and a low rate of technology adoption make the freight industry unproductive and outmoded. The annual cost of delays freight vehicles at chungis (check posts), due to frequent checking by enforcement agencies, halting at toll plazas and the resultant additional fuel consumption is estimated around 21 billion USD, according to a recent study conducted by IIM-Calcutta. Implementation of GST and RFID based e-toll collection can drastically reduce this wastage. Your company has already applied for issuance of "Fast-tag" - RFID based e-toll collection mechanism for its vehicles. The setting up of proposed warehousing and logistic projects will also become viable once the new GST regime is implemented.

Freight volumes are growing more rapidly than the constructed road lengths and this volume pressure on the existing road network is affecting the quality and life of road. The overall cost also increase due to congestion and delays the movement. Negative impact on environment also adds to it.

BUSINESS STRATEGY & OPPORTUNITIES

The process of economic reforms has brought the global markets closer to the Indian economy. The customers now have access to better quality products & services at competitive rates. Globalization and competition have given emphasis to better supply chain management, which in turn has created a market for third party logistics (3PL) service providers. A growing number of customers are outsourcing their Logistic to 3PL providers in order to concentrate on their core competencies. Your company offers integrated logistics solutions using multi-modal transportation including state of the art warehousing facilities, customized customer services and other value added services. Your Company's advanced internet based consignment tracking and enterprise wide on-line computerized systems gives it a superior edge over its rivals.

Logistics solutions have emerged as a new growth opportunity for the express cargo Industry. Manufacturing companies are increasingly outsourcing their logistics requirements from third party logistics providers. Express companies world-wide, with their inherent know-how and distribution management skills coupled with warehousing facilities and technology leanings, are in the best position to offer such value added services.

On the other hand the unorganised/semi-organised segment of the express cargo industry will face pressure on margins because of unfavorable pricing environment. The unorganised sector is mostly into the documents business, where the margins are already squeezed. This segment is heavily populated with a number of players. The entry barriers in the documents business is low and coupled with the internet revolution, the importance of quick delivery of documents has lost its significance.

Logistics - The cargo and logistics companies have identified opportunities to take up integrated logistics solutions for clients. This outsourcing would enable manufacturing companies to concentrate on their primary activities, viz, production and marketing. Outsourcing inventory management will help the customers to have lower capital tie-up, thus reducing the associated risks.

Value added services - In an industry where differentiation is easily replicated, the cargo companies need to innovate new techniques to attract customers. In this endeavor, they add value to the core product to differentiate

themselves from their competitors.

OUTLOOK

Your Company has drawn plans to

- Consolidate its activities relating to logistics and to create a strong base of operations.
- Devise strategies to bring operational efficiency, cost effective services and to face economic slowdown and competition.
- Fine tune the operating structure, and improve the customer focus and increase the Company's competitive advantage. The new structure usher an era of efficiency and growth.

Your company will continue to focus on its key businesses by exploiting its core competence. In order to be a leading edge Company, a well-crafted strategy has been adopted entailing capitalizing on the strong brand equity, optimising costs and improving operational efficiencies at all the levels. These endeavors should facilitate superior margins, despite the forecast of a challenging business environment in the immediate future.

The company expects a growth of around 5-10% with better economic conditions and with the positive impact with implementation of GST. It aims to sustain the growth momentum of its road business and focus on the dedicated container service model. It also aims to get growth from existing clients who are ramping up capacity as well as tap new customers and new segments.

Your Company is also in process of developing required infrastructure viz. warehouses, transshipment hubs, logistic parks etc required for multimodal transportation, composite supply chain solutions including end to end logistic services and has also initiated process of alliance with strategic partners by making joint venture agreements.

RISKS AND CONCERNS

In today's highly unpredictable business environment, it is vital to take a holistic view of risk and compliance. Like any other Company having national business interests, your company is also exposed to business risks, which may be internal as well as external. To ensure our long-term corporate success, it is essential that risks are identified, analyzed and then mitigated by means of appropriate control measures. A strong and independent Internal Audit function at the corporate level carries out risk focused audits enabling identification of areas where risk management processes may need to be improved.

Here are some of the key risks faced by the Company and actions deployed for mitigation.

Industry Risks

- Economic Slow down may affect Company's performance.
- Over dependence on one line of business can threaten viability in the event of a sectoral downturn.
- Efficiency in Internal Systems and Procedures.

Your company offers logistic and road transportation services to a diverse range of industries. It keeps a close watch on the economic environment and timely actions are accordingly taken. These measures help us mitigate the cyclical risks. Also, our internal systems and processes are constantly reviewed and revamped as per industry best practices.

Underutilization of Assets and Infrastructure

- The underutilization of assets and resources, resulting in an adverse impact on profitability in competitive or recessionary market and poor economic conditions.

The systems are being streamlined and integrated across all the branches for effective matching of availability of any underutilized asset/ resources, primarily vehicles at one branch with corresponding requirements for the same by another branch.

Legal Risks

- Threat of damage and loss of cargo due to accidents and hijacking of trucks.
- Risk of pilferage leading to shortages in delivery of cargo.

All the vehicles of the company are comprehensively insured for damages arising out of accidents. The entire fleet of Company's owned vehicles is fitted with modern technology tracking tools like GPS in vehicles to ensure safety of vehicle and cargo. Locks and seals secure trucks before dispatch that can only be broken at the point of unloading. Verification of truck drivers is a necessary compliance and trucks are engaged from reliable market sources.

HR Risks

- Failure to attract & retain talent may adversely affect the Company's performance.
- Failure to implement an effective succession planning for key positions.
- Failure to continuously update employee's skills sets inline with current and future requirements.

Attrition trends are analyzed on annual basis and course correction is taken accordingly. The retention ratio of your company's employee is very high due to continued focus of the management in continued engagements and confidence building measures.

Quality Risks

- Poor service may increase competition risk.

Your Company continuously upgrades its services through technology upgradation, business process re-engineering and by imparting training to its employees at all levels on regular basis.

Liquidity Risks

- A delay in receivables could stretch the Company's working capital resources.

In your Company, the continuous endeavor is to shift towards shorter transaction cycles. The Company has an in built process of credit approval and monitoring with a pre-defined responsibility and accountability at various levels.

Competition Risks

- Unhealthy price cuts and discounts by niche players at state and zonal levels for short haul movements who enjoy cost advantage due to lack of regulatory compliances.
- Increasing trends of e-auctions and entry of large MNC Logistic companies with huge resources and latest technologies into the business may reduce the business share of the company.

Your Company continues to follow suitable strategies to positively modify its risk profile by eliminating and significantly reducing key business risks and developing and implementing strategies to achieve that maximum possible degree of insulation from broad macroeconomics risks. Timely technology upgradation and proper training of manpower is done to further minimize such risks.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has an internal control system commensurate with its size and nature of business and to meet the following objectives:

- Efficient utilisation and protection of resources.
- Compliance of statutory and internal policies and procedures.
- Completeness, accuracy, promptness of the reports generated for all the transactions in the Company.

FINANCIAL RESULTS AND COMPANY'S OPERATIONS

During the year under review, your Company witnessed a fall of about 6% in its Turnover which was recorded at ₹ 5811 lacs as against ₹ 6184 lacs. The fall was primarily on account of adjustment in freight rates by customers due to declining trend of diesel prices. The domestic truck freight market has become highly competitive with entry of truck-aggregators and start-up companies backed with huge foreign investments and high end technology platforms. Despite decline in the turnover, due to constant cost saving endeavors of the management the company has recorded positive profits.

After two successive years of insufficient rains in some parts of India, the forecast for the ensuing year is good. There is significant focus on execution of announced infrastructure projects by Government of India and we can now see some movement at the ground level. Therefore, this will lead to a positive sentiment, and consequently spur demand across the spectrum and in turn increase the demand for transportation.

Other Incomes of ₹ 77 lacs in the current year as against ₹ 16 lacs in the previous year includes ₹ 62 lacs towards gain on sale of portion of a property as a result of which the Profit after tax was recorded at ₹ 81 lacs as against ₹ 37 lacs in the previous fiscal.

ANNEXURE - D TO THE DIRECTORS' REPORT

PARTICULARS OF ENERGY CONSERVATION, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS & OUTGO REQUIRED UNDER THE COMPANIES (ACCOUNTS) RULES, 2014.

A. Conservation of Energy

During the year, the Company has taken following steps to conserve energy:

1. Whenever there was any renovation, provision for natural lighting using transparent sheets was made to reduce artificial lighting and usage of electricity.
2. CFL/LED lighting is being implemented to reduce energy consumption in all offices.
3. The enhanced usages of longer wheel base vehicles in order to carry more loads at lesser fuel consumption.
4. Organised Workshops in collaboration with OEMs for drivers to train them for ensuring optimum efficiency in fuel consumption.
5. The company is also exploring the opportunities of using Bio-Diesel in its fleet for which discussions are being made with vehicle manufacturers.
6. No Capital Investment in energy conservation equipments was made during the year.

B. Technology Absorption

The logistics Industry in India is evolving rapidly and Indian logistics players are increasing investing in IT and it is playing a vital role in modernizing and organizing the logistics sector in India.

Introduction of cost effective models have propelled a paradigm shift in the Indian logistics market. With the latest technology, logistics service providers are no longer restricted to the geographical boundaries but can expand their business to any location.

It is our constant endeavour to understand customer needs and deliver accordingly. A customer-centric delivery model has been deployed which encourages adoption of new services and technology to ensure customer satisfaction and loyalty.

We have a technology-enabled vehicle tracking system which helps ensure better management of assets, timely and transparent reporting of deliveries to the customers through online means including website and emails.

Majority of the company's fleet is also fitted with "JRM" (Journey Risk Management) Devices which provide real time alerts to drivers by way of light and sound indicators on risk perceptions in the areas they are driving.

During the year under review the company has also made retro-fitment of "ABS" (Antilock breaking systems) in 25 vehicles (previous year 20 vehicles) to enhance their safety and is in process of evaluation of the benefits.

The company has neither imported any technology nor incurred any expenditure on Research and Development.

C. Foreign Exchange Earnings & Outgo

Independent Auditors' Report

TO THE MEMBERS OF COASTAL ROADWAYS LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of Coastal Roadways Limited ("the company"), which comprise the Balance Sheet as at March 31, 2016, and the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the said financial statements subject to Note No. 22 regarding non provisions of gratuity liabilities for Rs.12,68,182/- pursuant to Accounting Standard 15, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of the Balance Sheet, of the state of affairs of the Company as at 31, March 2016;
- b) In the case of the Statement of Profit and Loss, of the Profit for the year ended on that date.
- c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal & Regulatory Requirements

Annexure B to the Independents Auditors' Report

(Report on the Internal Financial Controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013.)('the Act')

We have audited the Internal Financial Controls over financial reporting of Coastal Roadways Limited. ("the company") as of 31st March 2016 in conjunction with our audit of the financial statements of the company for the year ended on that date.

Management's responsibility for internal financial controls

The company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institution of Chartered Accountants of India (ICAI). These responsibilities includes the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the companies Act, 2013.

Auditor's responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with Guidance Note on internal financial controls over financial Reporting (the 'Guidance Note') and the Standard of Auditing, issued by ICAI and deemed to be prescribe under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by ICAI. Those standard and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedure to obtained audit evidence about the adequacy of the internal financial controls system over the financial reporting and there operating effectiveness. Our audit of the internal financial controls system over the financial reporting includes obtaining an understanding of internal financial controls system over the financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on assessed risk. The procedures selected depend on Auditor's judgment, including the assessment of the risk of material misstatement of financial statement, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transaction and disposition of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorization of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have material effect on the financial statements.

Inherent Limitation of Internal Financial Controls Over Financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, includes the possibility of collusion or improper management override of controls, material misstatement due to error or fraud may occur and not be detected. Also, projection of any evaluation of internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial control over financial reporting were operate effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institution of Chartered Accountants of India.

a) Defined Contribution Plan

The Company makes contribution towards provident fund to a defined contribution retirement plan for qualifying employees. The Provident fund plan is operated by duly constituted and approved independent trustees/governments. Under the said scheme the Company is required to contribute a specific percentage of pay roll costs in respect of eligible employees to the retirement benefit scheme to fund the benefits.

During the year the Company has contributed ₹ 9,26,398/- (Previous Year ₹ 9,12,337/-) for Provident Fund and Pension Fund. The contributions payable to these plans by the Company are at the rates specified in the rules of the scheme.

b) Defined Benefit Plans

i) The Company makes annual contribution of gratuity to gratuity funds duly constituted and administered by independent trustees and funded with LIC/independent trust for the qualifying employees. The scheme provides for a lump sum payment to vested employees upon retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of 5 years of continuous service.

(ii) The present value of defined obligation and related current cost are measured using the projected unit credit method with actuarial valuation being carried out at each balance sheet date.
