MANAGEMENT DISCUSSION AND ANALYSIS

ANNEXURE - I

A. INDUSTRY STRUCTURE AND DEVELOPMENTS

Textile Industry is the largest employer of workforce after agriculture, It plays a crucial role in the Indian economy. Its importance to the Indian economy is recognised for its significant contribution to industrial production and export earnings. The Indian spinning sector is largely organised and continues to be a predominant supplier of cotton yarn in the world. The cotton yarn manufactured by the Indian spinning mills is said to be one among the best in the world.

During the previous 9 months, there was an oversupply of yarn both in the domestic and international markets. Hence, the spinning mills were not able to fetch good prices for their yarn. Cotton prices were stable during the last year but since the demand for quality yarn was low, spinning mills were competing with each other and selling their yarn at uneconomical prices, thus majority of the spinning mills suffered losses.

B. OPPORTUNITIES, THREATS, RISKS AND CONCERNS

Your company has covered required cotton at reasonable prices for the season ending October 2016, hence the company is expected to perform well for these months. The spinning industry is dependent on cotton which is an agricultural product and this single input will be about 60% of the selling price of yarn, hence, price fluctuations and availability of cotton will play major role in the performance of spinning mills always.

C. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

At present, the segmental reporting is not applicable to the company as its operates only in single reportable business i.e. "Textiles"

D. OUTLOOK

The prices of cotton has increased manifold. The company has covered cotton at reasonably lower prices for the season ended October 2016. Hence, we expect the company to do well during these months. The power situation in Tamil Nadu has improved considerably as compared to the previous years, thus there will not be any drop in utilization due to power interruptions. The demand for yarn will increase in a rising cotton market.

E. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a proper and adequate internal control system to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposition. All the transactions are authorised, recorded and reported correctly.

F. FINANCIAL AND OPERATIONAL PERFORMANCE

Please refer Board Report on financial and operational performance review.

G. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT

The Company has been conducting training & motivational programmes for both the management staff and the workers. The purpose is to increase the competency levels in the organization. The Company recognizes the importance and contribution of its human resources for its growth and development and is committed to the development of its people.

H. CAUTIONARY STATEMENT

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Sri Nachammai Cotton Mills Ltd as of 31st March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

SRI NACHAMMAI COTTON MILLS LIMITED

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
