We have audited the accompanying financial statements of Yogi Infra Projects Limited which comprise the Balance Sheet as at March 31, 2014, and the Profit and Loss Statement and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

Corporate information

Yogi Infra Projects Ltd. is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956.

1. Summary of significant accounting policies

1. Basis of preparation

The presentation of financial statements in conformity with the generally accepted accounting principles requires estimates and assumptions to be made that affect reportable amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the year in which the results are known / materialized.

The company has ascertained its operating cycle as up to twelve months for the purpose of current and non-current assets and liabilities.

2. Changes in Accounting Policy

2. Presentation and disclosure of financial statements

Consequent to the notification of Revised Schedule – VI under the companies act, 1956, the financial statements for the year ended March 31, 2014, are prepared as per the Revised Schedule VI.

3. Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

4. Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost, less accumulated depreciation and impairment cost, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

5. Investments

Investments which are not readily realizable and intended to be held for more than one year from the date on which such investments are made, are classified as non-current investments.

Investments are recorded as cost on the date of purchase, which includes acquisition charges such as brokerage, stamp duty, taxes etc. Current investments are stated at lower of cost and net realizable value.

6. Inventories

Inventories comprising shares are valued at lower of Cost and NRV.

Further the cost is determined on FIFO basis. The cost of shares represents the purchase price of share which is inclusive of brokerage.

7. Revenue Recognition

Income is recognized from Land Development Works and Sub Contract in the financial year in which the agreement to sell is executed with the concerned buyer and recognized net of service tax, and it is probable that economic benefits will flow to the company and the revenue can be reliably measured.

In respect of shares sales are recognized on transfer of significant risk to the buyer on accrual basis which comprises two categories namely delivery based and non delivery based.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and applicable interest rate.

Dividend income is recognized in the year in which it is received.

8. Income taxes

MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

9. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Earning considered in ascertaining the company's earning per share (EPS) is the net profit for the period after deducting preference dividend and any attributable tax thereto for the period. The weighted number of equity shares

outstanding during the period and for all periods presented each adjusted for the events such as bonus shares, other than the conversion of potential Equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

10. Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand.
