3. HIGHLIGHTS OF THE COMPANY'S OPERATIONAL PERFORMANCE

- Sales Turnover of the Company crossed ₹ 400 Crores for the first time in the Company's History.
- Exports at ₹ 291.12 Crores accounting for 72.65% of Company's Sales is at an all time high and has crossed the ₹ 250 Crore mark for the second time. The Company continues to be one of the largest exporter of forgings from India and has received 24 consecutive Annual Awards from The Engineering Exports Promotion Council since 1989.
- The Company continues to be a net foreign exchange earner. The net foreign exchange earnings during the current year were ₹ 238.15 Crores.
- The Company has retained its ISO 9001 TS 16949 Certification for its Quality Management.
- The capital expenditure during the year was ₹ 53.10 Crores. Machining capacity has been substantially increased in line with customer demand.
- The Directors increased the Dividend by 10% over previous year and paid 40%.

**4. MANAGEMENT DISCUSSION AND ANALYSIS :****GLOBAL SCENE**

- 4.1. The last fiscal 2013-14 saw a further firming up of equity markets from the increases of previous year. Globally, the availability of “cheap money” was a significant contributing factor for this.
- 4.2. USA - The US economy has shown resilience and has shown strong performance compared to its peers amongst G7 economies.
- 4.3. Europe – The Euro has weathered the pressures on account of the floundering economies of Portugal, Ireland, Greece and Spain (PIGS countries).
- 4.4. Germany along with a few countries bordering the North Sea have emerged as pillars of the European economy. Their relative prosperity forms the back bone of the efforts to keep the EU and ECU integrated. The moribund labour markets in France is a considerable risk to the very EU itself.
- 4.5. The rigid labour markets of Europe, absence of political union, unwillingness of the German public to bear a higher burden, significant welfare commitments, large share of government spending in the economy, etc., are some of the significant structural issues. Countries like Spain, Ireland, etc., have embarked on a journey of significant and painful structural reforms which are starting to bear fruit.
- 4.6. The significant challenge for European leadership is the management of structural reforms and containment of public spending without causing social turbulence.
- 4.7. China – the Chinese economy has maintained its growth rate of around 7.7% for 2013. A further slow-down is expected upto 2017.
- 4.8. Japan – Japan has benefitted from Abenomics, the radical monetary expansion, fiscal stimulus and structural reforms, promulgated by Mr.Shinzo Abe, the Prime Minister of Japan. In 2013, a real GDP growth of 1.5% has been achieved as against 1.4% in 2012.
- 4.9. Commodities – The Dow Jones – UBS Commodity Index has risen considerably in the last one year, signifying the impact of “cheap money”.
- 4.10. Overall, Global output is expected to have grown around 3.3% per various economic think tanks. Across mature economies, the 2014 growth outlook has improved significantly to 2.0 percent growth in 2014, compared to 1.3 percent in 2013.
- 4.11. The issue of high levels of sovereign debt which most countries have run up over the last two decades, continues to be of serious concern. The next few years appear to be a consolidation phase for the global economy with growth stuck in a range of 1-2%. Getting out of high levels of sovereign debt without derailing economies into recession will be a significant conundrum.

INDIA

- 4.12. The Indian economy is expected to have grown by approximately 4.6% in F14 as compared to about 5% in F13.
- 4.13. During F14 the automotive industry posted negative growth rates of approximately 5% in the car segment and 21% in the CV segment.
- 4.14. Steel prices have dropped by about 6% compared to the highs of the previous year.
- 4.15. The INR ended the year lower by approximately 6.5%, ending the year at a level of ₹ 60.96 per USD. Please refer graph below. Further weakening of the INR is anticipated. However, if FDI inflows are strong, the pressure on the INR will be relieved.

M M FORGINGS – capitalising on favourable winds

4.16. The following were important developments witnessed during the year :

- ❖ Adding to the volume of existing parts, were the new parts which were developed in the last 2 years.
- ❖ Despite the fall in the automotive and commercial vehicle segments in India, the company has posted a growth of 14% in domestic sales by the development of new parts. Riding on the back of strong global demand, export sales grew by 15%.
- ❖ Changes in steel prices which are in line with international markets are being passed on to customers as is the industry practice.
- ❖ We are focusing on capacity utilisation, to take advantage of the production capacities created in the last 3 years.

4.17. Overall sales increased by 14.43%. As highlighted in the Directors' Report, Return On Net Worth is 14.51% and Return On Capital Employed is 22.45%. Current Ratio is 1.41. The total outside liabilities to net worth stands at 0.87. Debt Equity Ratio is 0.25.

4.18. The details of segment-wise sales distribution are provided below:

Human Resources and Industrial Relations

- 4.19. Your company continues to focus on the development of its human resources to improve its performance. The company currently has approximately 1100 employees. It is their invaluable contribution that has primarily resulted in your company's position of strength in the industry.
- 4.20. Focus on a safe working atmosphere, constantly evolving systems for recognition and reward, consistent communication and imparting skills and training – all these focused on meeting customer needs, characterise the HR development of the Company.
- 4.21. Every year, each plant of the Company celebrates 'Founder's Day' in a family atmosphere with all employees and their household members.

Health, Safety and Environment

- 4.22. The Company follows a policy of zero tolerance towards accidents. Wherever possible, visible controls and fail-safe systems are provided to ensure prevention of accidents. Regular communication, training and periodic reviews of practices play a vital role in maintaining safety standards.
- 4.23. The Company ensures compliance with all pollution control regulations. Adequate pollution control equipments have been installed to treat effluents and to control air pollution.

**Risk Management**

- 4.24. The Company is a leading manufacturer of automotive components. Automotive industry is subjected to cyclical variations in performance and is very sensitive to policy changes. The market is very competitive. Prices of raw materials change based on supply and demand. Margins remain under constant pressure. Any steep reduction in off-take exposes the Company to high fixed costs.
- 4.25. A considerable portion of the customers of the Company are situated outside of India. Hence, demand for the Company's product is subject to the health of the global economy.
- 4.26. The Company has spread its risks by increasing the geographic spread of its customer base. The Company proposes to improve capacity utilization in its existing facilities. Working capital management will receive high priority.

M M FORGINGS – forging ahead

- 4.27. Our goals in the coming months:
- ❖ Focus on improving sales in keeping with market conditions.
 - ❖ Utilise the production capacity which has been created in the last 3 years.
 - ❖ Focus on cost reduction continuously and particularly on reducing energy consumption.
 - ❖ Enhance IT systems with the continued development of the ERP system in place.
 - ❖ Continue the evolution into green sources of energy in the coming months.
 - ❖ Reduce the impact on the environment.

**INDEPENDENT AUDITOR'S REPORT**

To the Members of **M M FORGINGS LIMITED**

Report on the Financial Statements

We have audited the accompanying financial statements of M M Forgings Limited ("the Company"), which comprises the Balance Sheet as at March 31, 2014, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- b) in the case of the Profit and Loss Statement, of the Profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
- 2. As required by section 227(3) of the Act, we report that:
 - a. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in subsection (3C) of section 211 of the Companies Act, 1956;
 - e. On the basis of written representations received from the directors as on March 31, 2014, and taken on record by the Board of Directors, none of the director is disqualified as on March 31, 2014, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.

- f. Since the Central Government has not issued any notification as to the rate at which the cess is to be paid under section 441A of the Companies Act, 1956 nor has it issued any Rules under the said section, prescribing the manner in which such cess is to be paid, no cess is due and payable by the Company.

**Notes forming part of the financial statements****1 Corporate information**

The Company is engaged in the manufacture of Steel Forgings . The plants for manufacture are located at Singampunari-Pasumpon Muthuramalingam District, Viralimalai-Pudukkottai District and Karainathangal Village-Kanchipuram District, all within the state of Tamil Nadu. The company has its Wind Farm at Panakudi Village-Tirunelveli District, Meenakshipuram, Theni District and Kulasekaramangalam Villlage, Sankaran Kovil Taluk, Tirunelveli. The company has Solar Plant at Bommakkottai, Kalayar Karisalkulam Village, Virudhunagar District, Aruppukottai.

2 Significant accounting policies followed by the company:-**2.1 Basis of accounting and preparation of financial statements**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year. Sales does not include Excise Duty.

2.2 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.3 Inventories

Inventories are valued at the lower of cost (on FIFO / weighted average basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary. Work-in-progress and finished goods include appropriate proportion of overheads .

2.4 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.5 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.6 Depreciation and amortisation

Depreciation has been provided on straight-line method as per the rates prescribed in Schedule XIV to the Companies Act, 1956 and accelerated depreciation is provided, wherever necessary.

2.7 Revenue recognitionSale of goods

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer. Sales does not include excise duty.

2.8 Other income

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

2.9 Tangible fixed assets

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes all expenses incurred in connection with the acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Exchange differences arising on restatement / settlement of long-term foreign currency borrowings relating to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets.

**Note 2 Significant accounting policies (contd.)**Capital work-in-progress:

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

2.10 Foreign currency transactions and translationsInitial recognition

Transactions in foreign currencies entered into by the Company and its integral foreign operations are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date

The Loss, if any, in the case of Foreign currency monetary items (other than derivative contracts) of the Company and its net investment in non-integral foreign operations outstanding at the Balance Sheet date are considered/restated at the year-end rates. However, gains if any, are not considered.

Treatment of exchange differences

Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company and its integral foreign operations are recognised as income or expense in the Statement of Profit and Loss. The exchange differences arising on restatement / settlement of long-term foreign currency monetary items are capitalised as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets. The amount capitalised in the current year is at ₹ 45996427 (Last Year ₹ 38289883).

Accounting of forward contracts

Premium / discount on forward exchange contracts, which are not intended for trading or speculation purposes, are amortised over the period of the contracts.

2.11 Investments

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

2.12 Employee benefits

Employee benefits include provident fund, superannuation fund, gratuity fund and compensated absences,

Defined contribution plans

The Company's contribution to provident fund and superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made.

Defined benefit plans

For defined benefit plans in the form of gratuity fund / Super Annuation fund, the same are covered under Group Gratuity Scheme of LIC and Super Annuation Fund with LIC..

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

2.14 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets. .

2.15 Segment reporting

The Company is engaged in only one segment - Manufacture of Steel Forgings

**Note 2 Significant accounting policies (contd.)****2.16 Earnings per share**

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.17 Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company. Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Current and deferred tax relating to items directly recognised in equity are recognised in equity and not in the statement of Profit and Loss.

2.18 Research and development expenses

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technological feasibility has been established, in which case such expenditure is capitalised. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

2.19 Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.20 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

2.21 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

2.22 Service tax input credit

Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is no uncertainty in availing / utilising the credits.
