CHAIRMAN'S LETTER

Dear Shareholders,

It gives me great pleasure to address you all as we collectively continue to navigate through all challenges posed by the COVID-19 pandemic. I am delighted to present the 30th Annual Report 2021-22 of Ram Ratna Wires Limited.

Your Company always strives to make its best efforts in delivering value to its Stakeholders and meeting their expectations. FY 2021-22 has been a challenging year with changes around the globe which has made businesses to transform their practises and work strategically to achieve the targets. Your Company has delivered an impressive performance and achieved some new milestones even in this rigorous time. The Revenue from operations continued to grow to ₹ 2,013 crores and EBIDTA to ₹ 101.48 crores compared with Revenue of ₹ 1,387 crores and EBIDTA of ₹ 53.80 crores recorded in the previous year. This has become possible due to our continuous efforts of optimizing overhead cost, improvement in operations, automations and strategies to mitigate increasing input costs. Company's Profit after Tax was ₹ 48.68 crores compared to ₹ 13.51 crores recorded in previous year. I am very pleased to share with you all that the Board has recommended dividend of 100% for FY 2021-22 based on Company's strong results. Also to commemorate 30 years of incorporation of the Company, I am happy to share that the Board has recommended the issue of Bonus Shares to the Shareholders in the ratio of 1:1 i.e. 1 (One) equity share of ₹ 5/- each for every 1 (One) fully paid-up equity share of ₹ 5/- each.

World is undergoing changes at an unprecedented speed after the outbreak of COVID-19 pandemic. To cater the needs of this dynamic market along with increase in market share, your Company is continuously working to expand its distribution network by adding new Customers, increasing product portfolios, focusing on the timely fulfilment of the industry requirements for the existing products and new products with highest quality standards.

In line with the Company's philosophy of continuous innovations and developments through its in house R&D team, we are in development of new specialized wires to cater needs of new market segments such as electric vehicles (EV) and has future plans for further strengthening its product quality checks with advanced systems and making some of its manufacturing sections fully automatic with integrated working and data collection by PLC integration and ERP systems. This would further help in development of various portals and applications for providing various reports to facilitate customer requirements and providing them with better service.

In continuation of the trend of widening its product basket and expanding its presence in electrical industry, your Company with help of its Subsidiary Joint Venture Company "Epavo Electricals Private Limited" is starting manufacturing of Brushless DC (BLDC) motors

for appliances like AC, fan, HVLS fan and EV. This entire appliance product market is moving towards energy efficient products and almost all products will incorporate BLDC motor that has power-saving advantages relative to other motor types. In future we will see BLDC motors to be used in a wider range of applications. During the year the subsidiary company has also successfully been admitted for the Production Linked Incentive (PLI) Scheme of Government of India for white goods.

Your Company has always believed that our team members are our greatest asset and most valuable resource and we continue to stand behind and support every team member and their families in these tough times of COVID-19 pandemic. “RR CARES” is an initiative started by the Company in FY 2021-22 to provide a sense of security to the families of our colleagues who we have lost unfortunately due to COVID-19 pandemic. Under this initiative the Company has identified three beneficiaries and an amount of ₹ 38 Lakhs will be contributed to their families and further they will be provided education expense till graduation level for up to 2 children.

Recent period has been relentless with the global pandemic, military conflict and more. Your Company is taking concerted actions to be future ready and to achieve continuous growth and give volumetric returns to our shareholders. While the future outlook is fluid with multiple challenges including rising input and supply chain costs, the Company is taking the right actions to compete with them and I am confident that we will emerge stronger. The dedication of every member of Ram Ratna family helped our business navigate through the many challenges of the past year.

I would like to take the opportunity to thank my fellow Board members for their continued guidance, inputs and bringing in unanimity in concrete decision making. I would also like to express my gratefulness to our leadership team and employees for their dedicated work and our suppliers, business partners, investors for their continued trust and support which has helped us make progress and surpass the goals we had set for ourselves. Looking forward for a bright and successful FY 2022-23.

With Warm Regards,
Tribhuvanprasad Kabra
Chairman

RESOLVED FURTHER THAT subject to the provisions of Section 13 and other applicable provisions, if any, of the Companies Act, 2013 or any statutory modification(s) thereof and the rules framed thereunder, consent of the members of the Company be and is hereby accorded for alteration of existing clause V of the Memorandum of Association of the Company with new Clause V as under:

“V. The Authorised Share Capital of the Company is ₹ 25,00,00,000/- (Rupees Twenty-Five Crores Only) divided into 5,00,00,000 (Five Crores) Equity Shares of ₹ 5/- (Rupees Five only) each with the rights, privileges and conditions attaching thereto as are provided by the Articles of Association of the Company for the time being, with power to increase or reduce the capital of the Company and to divide the shares in the capital for the time being into several classes and to attach thereto respectively such preferential, deferred, qualified or special rights, privileges or conditions as may be determined by or in accordance with the Articles of Association of the Company and to vary, modify or abrogate any such rights, privileges or conditions in such manner as may for the time being be provided by the Articles of Association of the Company.”

RESOLVED FURTHER THAT to give effect to this resolution, the Board of Directors and /or the Company Secretary of the Company be and are hereby severally authorised to do all deeds, matters, things, acts, and to execute any documents and writings, as may be deemed necessary, but not limited to making correspondences with Stock Exchanges or any other regulatory authority, seeking all necessary approvals and/or to settle all questions, difficulties or doubts that may arise in this regard.”

6. To consider and approve the issuance of Bonus Shares, and, if thought fit, to pass the following resolution as an ORDINARY Resolution:

“RESOLVED THAT pursuant to the provisions of Section 63 and other applicable provisions, if any, of the Companies Act, 2013 (“Act”) read with Companies (Share Capital and Debentures) Rules, 2014, and in accordance with Chapter XI of the Securities

and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (including any statutory modification(s) or re-enactment thereof, for the time being in force), Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, Foreign Exchange Management Act, 1999 and the relevant provisions of the Articles of Association of the Company and any other provisions as may be applicable and subject to such approvals, permissions and sanctions as may be necessary from appropriate authorities and pursuant to the recommendation of the Board of Directors of the Company, consent and approval of the Members be and is hereby accorded to the Board of Directors of the Company (hereinafter referred to as the Board and which expression shall be deemed to include Committee(s) of the Board) for capitalization of such sums standing to the credit of the Securities Premium Account, General Reserve and other Free Reserves, as may be required, as per the audited financial statements of the Company for financial year ended 31st March, 2022, as may be considered appropriate by the Board, for the purpose of issue of bonus equity shares of ₹ 5/- (Rupees Five Only) each, credited as fully paid-up equity shares to the eligible Shareholders of the Company holding fully paid up equity shares of the Company whose names appear in the Register of Shareholders of the Company / List of Beneficial Owners as received from the NSDL and CDSL as on the 'Record Date' as may be fixed in this regard by the Board of Directors, in proportion of 1:1 i.e., 1(One) new fully paid up Bonus equity share of ₹ 5/- (Rupees Five Only) each for every existing 1 (One) equity share of ₹ 5/- (Rupees Five Only) each held by the Shareholders and that the new bonus equity shares so issued and allotted shall, for all purposes, be treated as an increase in the paid-up equity share capital of the Company held by such Shareholders and not as the income of the Shareholder.

RESOLVED FURTHER THAT the bonus equity shares so allotted shall rank pari passu in all respects with the fully paid-up equity shares of the Company as existing on the record date as may be fixed in this regard by the Board and shall always be subject to the terms and conditions contained in the Memorandum and Articles of Association of the Company.

RESOLVED FURTHER THAT no allotment letters shall be issued to the allottees of the bonus equity shares and in case of Shareholders who hold equity shares in dematerialized form, the bonus equity shares be credited to the respective beneficiary accounts of the Shareholders with their respective Depository Participants and in case of Shareholders who hold Equity Shares in physical form, the Share Certificate(s) in respect of such Bonus Equity Shares shall be dispatched, within such time as prescribed by law and relevant authorities.

RESOLVED FURTHER THAT the issue and allotment of the bonus shares to the extent that they relate to Non-Resident Indians (NRIs), Overseas Corporate Bodies, Foreign Institutional Investors (FIIs) and other Foreign Investors, shall be subject to the approval, if any, of the RBI under the Foreign Exchange Management Act, 1999, as amended or any other regulatory authority, if any, as may be deemed necessary.

RESOLVED FURTHER THAT the Board be and is hereby authorized to take necessary steps for listing of such bonus shares on the Stock Exchanges where the shares of the Company are presently listed, as per the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended and all other applicable laws, regulations, rules and guidelines.

RESOLVED FURTHER THAT to give effect to this resolution, the Board of the Directors and / or the Company Secretary of the Company be and are hereby severally authorised to do all deeds, matters, things, acts, and to execute any agreements, documents and writings, as may be deemed necessary, but not limited to making correspondences with Securities and Exchange Board of India, Stock Exchange(s), Depositories, Ministry of Corporate Affairs, RBI or any other regulatory authority and/or to settle all questions, difficulties or doubts that may arise in this regard."

7. To consider and ratify the remuneration payable to M/s. Poddar & Co., Cost Accountants (Firm Registration No. 101734), for the financial year ending 31st March, 2023 and, if thought fit, to pass the following resolution as an ORDINARY Resolution:

"**RESOLVED THAT** pursuant to the provisions of Section 148 and other applicable provisions, if any, of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014 and Companies (Cost Records and Audit) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force), the payment of the remuneration of ₹ 5,00,000/- (Rupees Five Lakhs only) with applicable tax plus reimbursement of related business expenses, at actuals, to M/s. Poddar & Co., Cost Accountants (Firm Registration No. 101734), who were appointed by the Board of Directors of the Company, as Cost Auditors, to conduct audit of the cost records maintained by the Company, for the Financial Year ending 31st March, 2023, be and is hereby ratified.

RESOLVED FURTHER THAT the Board of Directors of the Company be and are hereby authorized to settle any question, difficulty or doubt, that may arise in giving effect to this resolution and to do all such acts, deeds and things as may be necessary, proper or expedient for the purpose of giving effect to this resolution."

NOTES:

1. Pursuant to the Circular No. 14/2020 dated 08th April, 2020, Circular No. 17/2020 dated 13th April, 2020, Circular No. 20/2020 dated 5th May, 2020, Circular No. 02/2021 dated 13th January, 2021 and Circular No. 2/2022 dated 5th May, 2022 issued by the Ministry of Corporate Affairs ("MCA") (the "MCA Circulars") and other applicable circulars issued by the Securities and Exchange Board of India (SEBI) from time to time, companies are allowed to conduct AGM through VC or OAVM and the requirement of physical attendance of the Members at a common venue has been dispensed with and it has also granted relaxation in respect of sending physical copies of the annual report to shareholders. In view of the aforementioned MCA and SEBI Circulars and in compliance with applicable provisions of the Companies Act, 2013 ("the Act"), the Company is holding this year's AGM through VC/OAVM and as such the route map is not annexed to this notice. The deemed venue of the AGM shall be the registered office of the Company.
2. Since this AGM is being held through VC/OAVM, physical attendance of Members has been dispensed with and accordingly, Members can attend and participate in the AGM through VC/OAVM only. The facility to appoint proxy to attend and cast vote for the members is not available for this AGM and hence the proxy form and attendance slip are not annexed to this Notice. However, Corporate/Institutional Members (i.e. other than Individuals, HUF, NRI, etc.) intending to nominate their authorised representative(s) to attend the AGM through VC/OAVM are requested to send a certified true copy of the Board Resolution / Authority letter etc., together with attested specimen signature(s) of the duly authorized representative(s), to attend and vote on their behalf at the AGM, by e-mail to Scrutinizer at rrwl.scrutinizer@gmail.com with a copy marked to investorrelations@rrglobal.com and evoting@nsdl.co.in.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1,000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
5. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e., Wednesday, 21st September, 2022. Members seeking to inspect such documents can send an email to investorrelations@rrglobal.com.
6. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO (Pursuant to Section 134 of the Companies Act, 2013 read with Companies (Accounts) Rules, 2014)

A. Conservation of energy:

It has been a tradition at your Company, Ram Ratna Wires Limited (“RRWL”) to conserve energy in all its forms. i.e. electrical, mechanical, thermal etc. by adopting and implementing relevant methods, procedures, and appropriate technology.

- 1.1. Electrical energy is the main input and therefore, any reduction in energy consumption leads to its conservation. High level of automation and technological up gradation of both machines and processing methods, energy accounting, monitoring of machine-wise energy consumption on a real-time basis by integrating all energy meters through automation, machine-wise energy consumption analysis, periodic internal auditing, corrective and preventive action, in case of any deviation from target level to achieve higher energy efficiency, are some of the measures taken by your company, to save energy on a regular and permanent basis. The bulk of the power consumption is in the electrically heated ovens the temperature of which are controlled through PLC (Programmed Logic Control) Panels and HMI (Human Machine Interface).
- 1.2. Tapping the wind energy for ventilation inside the factory by installing MS roof ventilator fans, harnessing sunlight by suitable rooftop acrylic sheets, solar water heaters, LED bulbs for lighting, energy efficient motors, and equipment for the process, extraction of heat energy from waste heat for processing etc. are adopted as a standard practice by your Company to conserve energy.

2. Renewable Energy (RE power):

Your Company has already installed, commissioned, and has been operating a 400 kWp solar power plant on the terrace of RRWL Unit 3, during FY 20-21. The material for the second 400 kWp solar power plant has been received in the month of March, 22. The work is in progress for installation.

3. Reduce, Reuse and Recycle water:

This is also a standard practice that is being followed at all levels in RRWL. As you are aware, your Company has already installed energy-efficient effluent treatment plants. The treated water has been used for gardening and other purposes, where the normal water is not required. Saving water means saving energy.

4. Focus is on awareness of every employee of the company to save energy and water:

For this purpose, Seminars & training programs have been conducted regularly & periodically. Further, the company’s Energy Policy and tips for energy saving were displayed on flex boards at important locations throughout the factory and its premises, for educating the employees in this regard.

B. Technology Absorption:

RRWL has not imported any technology. Keeping in line with our national policy i.e. Innovation, Import substitution, and AatmaNirbhar Bharat, your Company has developed several new products, in-house through its strong and highly interactive R&D team which is well equipped with the latest testing instruments, including the TGA test instrument. In fact, your Company is the first Indian winding wire manufacturer to have this highly sophisticated instrument.

C. Foreign Exchange Earnings and Outgo:

SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated 25th January, 2022 has mandated that certain Service Requests including transmission or transposition of securities held in physical or dematerialised form shall be effected only in dematerialised form.

The RTA of the Company processes the Services Requests after due verification and issues communication to Shareholders as per the guidelines provided in SEBI circular mentioned above. It is advised to shareholders holding share certificate(s) in physical form to dematerialize their shareholding to facilitate transfer of shares and avail other related benefits. All share transfers and other communications regarding share certificates, change of address, dividends etc. should be addressed to Company's RTA, M/s. Datamatics Business Solutions Limited.

The Stakeholders' Relationship Committee meets as often as required. As per the Listing Regulations to expedite the process of share transfers, the Committee has delegated the powers of share transfers and related matters to the officers of the Company who attend to share transfer formalities at least once in a fortnight. A summary of all transfers/transmissions etc. so approved is placed at every Committee meeting and Board of Directors from time to time as per the Listing Regulations.

The Company obtained the annual certificate from a Company Secretary in Practice, certifying the Compliance with the share transfer, renewal and exchange etc. formalities as required under Regulation 40(9) of the Listing Regulations, and the same has been submitted with the Stock Exchange, BSE Limited as required.

As stipulated by SEBI, a Company Secretary in Practice carried out an Audit on quarterly basis, to reconcile the total admitted capital with National Securities Depository Limited and Central Depository Services (India) Limited and the total issued & listed capital. Such reconciliation of share capital audit report was submitted to Stock Exchange on quarterly basis.

(xii) Transfer to the Investor Education and Protection Fund:

Pursuant to Sections 124 and 125 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), dividends, if not claimed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF"). Further, all the shares in respect of such dividends which have not been claimed for a period of 7 consecutive years are also liable to be transferred to the demat account of the IEPF Authority. The said requirement does not apply to shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority, restraining any transfer of the shares.

The Company has sent reminder letters to the Shareholders to claim their dividends in order to avoid transfer of dividends/shares to IEPF Authority. Notice in this regard has also been published in the newspapers and the details of unclaimed dividends and Shareholders whose shares are liable to be transferred to the IEPF Authority were uploaded on the Company's website www.rshrshramik.com under the 'Investor' tab.

During the year under review, the Company has credited ₹ 3.38 Lakhs lying in the unclaimed dividend account and 15,000 shares, to the Investor Education and Protection Fund (IEPF) pertaining to financial year 2013-14. During the financial year 2022-23, the Company would be transferring unclaimed dividend amount for the financial year ended 31st March, 2015, as per the due date for transfer.

The Shareholders who have a claim on above dividends and shares may claim the same from IEPF Authority by submitting an online application in the prescribed Form No. IEPF-5 available on the website www.iepf.gov.in and sending a physical copy of the same, duly signed to the Company, along with requisite documents enumerated in the Form No. IEPF-5. No claims shall lie against the Company in respect of the dividend/shares so transferred.

In accordance with IEPF Rules the Company has also appointed nodal officer for the purpose of coordination with the IEPF Authority whose details are available on the website of the Company at <https://www.rshrshramik.com/investor/corporate-governance/>.

MANAGEMENT DISCUSSION AND ANALYSIS

A) Economic Scenario:

A.1. World Scenario

Global growth prospects have weakened significantly due to the Russia - Ukraine conflicts which culminated in a war, in February, 2022. Rising energy, food and commodity prices, and soaring inflation have hit hard globally. Amid the prolonging Russia - Ukraine war and increasing tensions in Indo Pacific region, the world economy will continue to suffer and hence the projected growth is around 3.4% during 2022, which is the lowest, since 2011.

A.2. Indian scenario

IMF estimates released in April, 2022 suggest that India's economy grew by 8.95% in Financial Year (FY) 21-22, making it the fastest growing economy in the world and the world's fastest-growing large economy. According to the provisional estimates released by the National Statistical Office (NSO) on 31st May, 2022, India's real gross domestic product (GDP) growth in FY 21-22 is at 8.7%. An analysis of IMF's 47 years data across 190 countries shows India is set to record its best ever economic performance on the global stage in the next five years as reported in Times of India on 26th July, 2022.

A3. Industry Structure

M/s. Ram Ratna Wires Limited (hereinafter referred to as "The Company" / "RRWL"), is a proud member of ACMA (Automotive Component Manufacture's Association), having accredited IATF (International Automotive Task Force) 16949:2016 certificate by virtue of implementation and maintenance of Quality Management System. This certificate together with ACMA membership puts RRWL way ahead of its competitors in India, among globally reputed suppliers of winding wires and strips, both in Copper and Aluminium.

Your Company is the second largest manufacturer of winding wires and related insulated products in terms of quantity in south Asia, providing total winding solutions to a variety of OEMs, (original equipment manufacturers) covering a wide spectrum of industries which include Automotive, defence & aerospace, electrical, electronic, home appliances and health care, lighting, telecommunication, and allied sectors. A substantial quantity of wires is also being consumed by the rewinding sector.

Total production of all types of wires, strips, and other products during FY 21-22 stood at 25,510 Tonnes, Capacity utilization during FY 21-22 has improved to 69.78% compared to 64.80%, during FY 20-21. Roughly 74% of total production covers enamelled copper wire. The remaining 26% is attributed to other products such as Aluminium winding wires & strips submersible winding wires in different combinations of insulation, enamelled copper strips, paper covered wires and strips, fiber glass covered wires and strips, DC self-bonding wires & strips, litz wires, bunched and braided wires etc.

B) Development & Modernization:

Your company continues to prioritize areas of Automation, innovation, improvement in process, and product quality and new developments by a highly interactive, customer-centric, and strong R&D team which is the asset and the strength of RRWL. A fully integrated quality management system with ERP controls for monitoring, controlling, and reporting production, quality, power, effective utilization of raw material and cost control helps in elimination of human error, maintaining consistency in quality, improving in process, and more importantly, enabling in optimum utilization of resources including material and manpower.

The development of new market-oriented and value-added products is a continuous and consistent policy of your company. New products introduced in FY 21-22 cover thicker wires in DC self-bonding up to 2.65 mm, Self Solderable Aluminium fine wires (Range 0.25mm - 0.35mm), MCB coils, and copper strips as thin as 0.6mm in thickness. The highest production and sales of self solderable wire (SS) attained over 200 MT in January, 2022. This is another milestone in your company's achievements, which also shows customers' trust in RRWL's products.

C) Outlook:

C.1 Demand for winding wires & strips in India:

The global economy was inching towards normalcy during the third quarter of FY 21-22. Consequent to the Russia - Ukraine conflict that resulted in war since last weekend of February, 2022, the Global economy suffered heavily and continues to face hardships due to elevated price of crude oil and other commodities, high inflation, supply chain disruptions, tightening financial conditions and risks to the growth outlook and financial stability. The overall effect impacted negatively industrial growth including that of the electrical industry.

However, domestic demand for winding wires will continue to rise, due to the growth in the power sector and infrastructural developments. The growth of the electrical equipment industry for which winding wire is an essential input is directly linked with the growth of power generation in India. All India's installed capacity of generation as on 31st May, 2022 stands at 4,02,817 MW (Roughly 402 GW), almost 7.96% increase over the previous FY. As per the January, 2022 Electricity market report of the International Energy Agency (IEA), power demand in India is expected to grow at an annual rate of 6.5%

between 2022 and 2024. The installed capacity by the end of FY 2029-30 is projected at 8,17,254 MW (817 GW), which is more than double the present installed capacity.

Therefore, the long-term growth prospects of the winding wire Industry are very high.

C.2 EVs (Electric Vehicles) and EV charging infrastructure:

Ministry of Power for Government of India (GOI) launched the “Go electric” campaign on 19th February, 2021, by switching over to Electric Vehicles (EVs) from fossil fuel-powered vehicles. As reported in IEEMA journal, April, 2022 edition, India is looking for an electrically based mass rapid transportation system that is cost-effective. The Indian EV market is expected to reach 47 billion USD, by 2026. RRWL is much ahead of its competitors in the winding wire industry, in amassing its due market share in EV-grade winding wires and related products.

ACMA membership attributes global recognition to RRWL for supplying Electric Vehicle grade winding wires and related products with consistently high quality. EV motors and allied products manufacturers like Ola Electric-India, Hero Magnetti Marelli-India, Telma Auto-Germany, JNS instruments for Japan have initiated their process of procuring RRWL brand products, Supply to these companies is import substitution, as so far, all the above manufacturers have been importing the wires.

C.3 Global approval for RR Shramik brand:

RRWL has been accredited with valid certificates from the following international Certifying organizations

ISO 9001:2015: International Standard Organization – Quality Management system

ISO 14001:2015: International Standard Organization – Environment Management system

IATF 16949: 2016: International Automotive Task force – Quality Management System

ISO 45001:2018-International Standard organization – Occupational health and safety management systems.

Your company secured consistently 100% monthly rating in quality and quality management systems from the assessment of large and reputed multinational companies like Cummins Generators, Mecc Alte, Schneider Electric, Emerson climate technologies etc. to name a few.

During FY 21-22 a number of reputed new customers, like CG power for PICC, Stanley Black & Decker for DC self-bonding wires, L&T Ahmednagar for SS wires, Ola electric Krishnagiri for DC & AIW wires Amartara for SS wires, Telma for DC wires, etc., (the list is very long) added to the company’s customer base.

M/s. Denso India, M/s. Dixon, M/s Toyota Tsusho & Aisin Automotive, M/s. Schneider Electric, Thailand, have shown interest in the company’s products and are in the process of audits by both Indian and foreign team, sample collection, and related activities.

All these, domestic and international factors spur demand for your company’s products in the long term. Therefore, the future outlook for RR Shramik brand products is very good.

D) Opportunities and threats:

D.1 Opportunities:

Union budget 2022 focuses on energy transition from fossil fuel to renewable energy and storage systems. By 2030 an ambitious target of 280 GW of installed capacity of solar energy has been set. The huge requirement of charging infrastructure to implement the Gatishakti masterplan, Governments determination on Atmanirbharta, especially in defence and Make in India will open up more opportunities for growth of the electrical and allied electronic industry which in turn will boost the demand for winding wires.

Per capita consumption of electricity is a measure of the growth of the electrical Industry and the country’s development. The official data reported a consistent growth of per capita consumption from 914 kWh, in FY 2012-2013 to 1208, as on 31st March, 2020, which is an impressive growth of 32%. Still, India’s per capita consumption is about one-third of the world average. Therefore, there is a very large scope for demand for winding wires in India.

D.2. Threats:

COVID-19 pandemic and its variants continue to disrupt economic activity globally. Over and above, the Global economy is grappled with slow down, high inflation, elevated prices of essential raw materials, and supply chain disruptions due to persistent geo-political tensions and sanctions. The extent of the negative impact on the global economy is unclear and uncertain under the present circumstances. Strengthening of Dollar against Indian rupee and the consequent rise in cost of imported raw material and consumables, rising cost of production, due to wage increase and price increase of inputs, fluctuating copper prices in the international market, and intense competition in prices from the handful of other manufacturers are major threats to the profitability of your company.

E) Performance Review:

During the financial year 2021-22, revenue from operations including other income on standalone basis is ₹ 2,01,951.27 Lakhs as against ₹ 1,38,945.42 Lakhs in the previous year. Profit After tax for the current year is ₹ 4,867.71 Lakhs as against ₹ 1,351.00 Lakhs in the previous year.

On Consolidated Basis revenue from operations including other income is ₹ 2,29,523.77 Lakhs as against ₹ 1,52,966.92 Lakhs in the previous year. Profit After tax for the current year is ₹ 5,417.65 Lakhs as against ₹ 1,572.56 Lakhs in the previous year.

Key Financial Ratios

Ratios	Standalone	
	FY 2021-22	FY 2020-21
Debtors Turnover Ratio	7.34	6.18
Inventory Turnover Ratio	17.74	13.14
Interest Coverage Ratio	2.18	1.20
Current Ratio	1.60	1.32
Debt Equity Ratio	0.77	1.56
Operating Profit Margin%	4.24%	2.70%
Net Profit Margin%	2.42%	0.97%
Return on Net Worth (RONW)	18.37%	6.84%

Explanations for variance in ratios by more than 25%:

- Inventory turnover Ratio has improved due to increase in revenue and optimized inventory management.
- Interest Coverage Ratio and Debt Equity Ratio have improved due to better profitability and also reduction of Debt of Company.
- Operating Profit Margin, Net Profit Margin and Return on Net Worth ratios have improved due to better profitability during the year.

F) Internal Control Systems and their Adequacy:

INDEPENDENT AUDITOR'S REPORT

To
The Members,
Ram Ratna Wires Limited

Report on the Audit of the Standalone Financial Statements

1. Opinion

We have audited the accompanying Standalone Financial Statements of Ram Ratna Wires Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2022 and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022 and its profit, total comprehensive income, its cash flows and the changes in equity for the year then ended.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements in paragraph 6 below of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

4. Information Other than the Financial Statements and Auditor's Report thereon

The Company's Management and Board of Directors is responsible for other information. Other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. Other information comprises the information included in the Annual Report are expected to be made available to us after the date of this auditor's Report.

Our opinion on the financial statements does not cover other information and we do not express any form of assurance, conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read other information comprises the information included in the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

5. Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flow and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

6. Auditor's responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in

the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statement may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Report on other Legal and Regulatory Requirements

- (i) As required by Section 143(3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive loss), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account
 - (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the

Board of Directors, none of the directors are disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure "A"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control over financial reporting.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i) The Company has disclosed the impact, if any, of pending litigations as at 31st March, 2022 on its financial position in its Standalone Financial Statements - Refer Note 30 to the Standalone Financial Statements;

ii) The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;

iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

iv) (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall :

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or
- provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or
- provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e), as provided under (iv) (a) and (b) above, contain any material mis-statement.

v) The dividend declared or paid during the year by the Company is in compliance with section 123 of the Act.

(ii) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure "B"**, a statement on the matters specified in paragraphs 3 and 4 of the Order to the extend applicable.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph (i) (f) under the "Report on other Legal and Regulatory Requirements" in the Independent Auditor's Report of even date to the members of Ram Ratna Wires Limited

1. Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Ram Ratna Wires Limited ("the Company") as of 31st March, 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

2. Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

3. Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

4. Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

5. Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

6. Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial control over financial reporting were operating effectively as at 31st March, 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- (xvii) The Company has not incurred cash losses in the financial year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly, clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of examination of the financial ratios, ageing and expected date of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and the management plan and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which cause us to believe that any material uncertainty exists as on the date of the audit report that company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however state that this is not an assurance as to the future liability of the Company. We further state that our reporting is based on the facts upto the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharge by the Company as and when they fall due.
- (xx) In our opinion and according to the information and explanation given to us the Company has fully spend the required amount towards corporate social responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule-VII to the Act or special account in compliance with the provision of section of sub-section (6) of section 135 of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.

1. SIGNIFICANT ACCOUNTING POLICIES & KEY ACCOUNTING ESTIMATES & JUDGEMENTS

(a) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

(i) Basis of preparation:

The Financial Statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 ('the Act') read together with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The Financial Statements have been prepared on accrual and going concern basis.

The Financial Statements includes Balance Sheet as at 31st March, 2022, the Statement of Profit & Loss including Other Comprehensive Income, Cash Flows Statement, Statement of Change in Equity for the year ended 31st March, 2022 and significant accounting policy and other explanatory information.

(ii) Basis of Measurement:

The Financial Statements have been prepared and presented under the historical cost convention except for certain financial assets and financial liabilities that are required to be measured at fair values at the end of each reporting period by Ind AS.

Historical cost is generally based on fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(iii) Recent pronouncements:

(a) The Ministry of Corporate Affairs ("MCA") has amended the Schedule III of the Act, vide notification dated 24th March, 2021, applicable with effect from 1st April, 2021. The Company has given the effect of the amendment by inclusion of the relevant disclosures by way of additional notes or explanatory notes.

(b) MCA has notified new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1st April 2022, as below:

Ind AS 103 - Business Combination

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its Financial Statements.

Ind AS 16 - Property, Plant and Equipment

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

amounts received from selling items produced while the entity is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in statement of profit or loss. The Company does not expect the amendments to have any significant impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37- Provisions, Contingent Liabilities and contingent assets

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted.

(iv) Current/ Non- Current Classification:

Any asset or liability is classified as current or non-current based on company's normal- operating cycle and other criteria as set out in the Division II of schedule III to the Act.

Asset/ Liability is classified as current, if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of product and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

(b) KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and the accompanying disclosures in notes including disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in the outcomes requiring adjustment to the carrying amounts of assets or liabilities in future periods. The estimates and the associated assumptions are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances as available at the time of preparation of the Financial Statement. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements. The estimates and the associated assumptions are reviewed on an ongoing basis. Changes in accounting estimates are recognised prospectively.

Significant judgements and estimates have been made by the Company relating to

- Amount and Timing of recognising of revenue from contract at a point in time with customers, identifying performance obligations in a sales transactions and volume rebate that gives rise to variable consideration in a sales contract.
- Useful lives of property, plant and equipment and intangible assets at the end of each reporting period.

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

- Impairment of property, plant and equipment and intangible assets
- Impairment of Investments in subsidiaries & Joint Venture
- Provision for employee benefits and other provisions
- Provision for Income Tax including payment of advance Tax
- Recoverability of deferred tax assets
- Fair Value Measurements of Financial Instruments
- Identification of Lease, assessing lease terms (including anticipated renewals) and applicable discount rate
- Commitments and contingencies

(c) SIGNIFICANT ACCOUNTING POLICIES

i) Property, Plant and Equipment

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to the costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discount or rebate is deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the statement of profit and loss as and when incurred.

Capital work-in-progress includes cost of property, plant and equipment not ready for the intended use as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as 'capital advances' under other non-current assets.

The cost and related accumulated depreciation are eliminated from the Financial Statements upon sale or retirement of the property, plant and equipment and the resultant gains or losses are recognised in the statement of profit and loss. Property, plant and equipment to be disposed of are reported at the lower of the carrying value or the fair value less cost of disposal.

The Company had elected to continue with the carrying value of all of its property, plant and equipment appearing in the financial statements prepared as per accounting standards notified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (Generally Accepted Accounting Standards "Previous GAAP") as the deemed cost of the property, plant and equipment in the opening balance sheet under Ind AS effective 1st April, 2016.

Exchange differences arising on translation of long-term foreign currency monetary items recognised in the Previous GAAP financial statements in respect of which the Company has elected to recognise such exchange differences as a part of cost of assets is allowed under Ind AS 101. Such differences are added/deducted to/ from the cost of assets and are recognised in the statement of profit and loss on a systematic basis as depreciation over the balance life of the assets.

ii) Intangible Assets

Intangible assets acquired are initially measured at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Following initial recognition, intangible assets with defined useful lives

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

are carried at cost less accumulated amortization and accumulated impairment loss, if any. Internally generated intangibles are not capitalized and the related expenditure is reflected in statement of profit and loss in the period in which the expenditure is incurred.

Computer Software an intangible asset is measured on initial recognition at cost. Costs comprise of license fees and cost of system integration services and development.

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. On de-recognition the intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the statement of profit and loss.

Expenditure incurred by the Company on development of products are recognised as an intangible asset if and only if, expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Company intends to and has sufficient resources to complete development and use or sell the assets otherwise such expenses are recognised in the Statement of Profit and Loss as incurred. Subsequent to initial recognition, the assets are measured at cost less accumulated amortisation and any accumulated impairment losses, if any. Expenditures incurred on research are charged to the Statement of Profit and Loss as incurred.

Fixed assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Property, Plant & Equipment and Intangible Assets.

iii) Depreciation on Property, Plant and Equipment and Amortisation of intangible Assets

Depreciation on property, plant and equipment is provided on pro rata basis using the straight-line method based on useful life of the assets as prescribed in Schedule II to the Act in consideration with useful life of the assets as estimated by the management.

Intangible Assets with finite lives are amortized on a straight-line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss.

The estimated useful lives, residual values and methods of depreciation of property, plant & equipment are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate and adjusted prospectively, if any.

The estimated useful life of items of property, plant and equipment and intangible Assets are:

Particulars	Years	Particulars	Years
Factory Buildings (including Roads)	10 to 30	Office and Other Equipment	5 to 10
Workers Quarters	60	Computers/ Laptops/ Computers Hardware	3
Plant and Machineries	3 to 40	Computer Servers	6
Laboratory Equipment	10	Computer Software	5
Electrical Installations	10	Vehicles	8 to 10
Furniture and Fixtures	10		

iv) Impairment of Assets

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any).

An impairment loss on such assessment will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

v) Leases

The Company as a Lessee

The Company's lease assets classes primary consists of leases for premises. The Company assesses whether a contract is qualifies to be a lease at the inception of contract. A contract is, or contains, a lease, if the contract conveys the right to control the use of an assets for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of identified asset, the Company assess whether, throughout the period of use, the Company has both of the following: -

- right to obtain substantially all of the economic benefits from use of the identified assets
- right to direct the use of the identified assets

Identification of lease requires significant judgment including judgement to assess the lease terms (including anticipated renewals) and the applicable discount rate. The Company determines the lease terms as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease, if the Company is reasonably certain to excise that option; and period covered by an option to terminate the lease, if the Company is reasonably certain not to exercise that option. In assessing, whether the Company is reasonably certain to exercise the option to extend a lease, or not to exercise an option to terminate a lease, the Company consider all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revise the lease term if there is a change in the non-cancellable period of lease terms.

At the date of the commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease contracts in which it is a lessee, except for leases contract for a period of twelve months or less (short term leases), variable leases and low value leases, in those cases the lease payments are recognised in the statement of profit and loss on a straight-line basis over the term of the lease.

ROU is initially recognized at cost, which comprises of the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU is depreciated from the commencement date on a straight-line basis over the lease term or useful life of the underlining asset, whichever is shorter. ROU is tested for impairment and account for as per impairment of assets policy of the Company.

The lease liability is initially measure at the present value of the future lease payments, which comprises of the fixed payments, variable lease payments, guaranteed residual value or exercise price of purchase option, if the Company is reasonably certain to exercise the option. The lease payments are discounted using interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet. Interest expense on lease liability is reported as finance cost in the statement of profit and loss account and lease payments have been classified as financing cash flows.

The Company as a Lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. For operating leases mainly of workers quarters are recognised in the statement of profit and loss on straight line basis.

vi) Investment in Subsidiaries and Joint Venture

Investment in subsidiaries and joint venture are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exits, the carrying amount of the investments is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiary and joint venture, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit and loss.

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

vii) Inventories:

- Raw Materials, Work-in-progress and Finished goods are valued at the lower of cost or net realizable value. The cost is determined using FIFO method.
- The cost of Inventories of work-in-progress and finished goods comprises the cost of purchases and the cost of conversion and in case of finished goods it also includes the cost of packing materials.

The cost of purchase comprises of the purchase price including duties and taxes (other than those subsequently recoverable by the Company from the taxing authorities), freight inward and other expenditure directly attributable to the acquisition but net of trade discount, rebates, duties for import under advance licenses and other similar items.

The cost of conversion comprises of depreciation and repairs and maintenance of factory buildings and plant and machineries, power and fuel, factory management and administration expenses and consumable stores and spares.

- Packing Materials, Consumable Stores and Spares and Fuel are valued at lower of cost or net realizable value.

The cost is determined using FIFO method.

- Scrap is valued at net realizable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated cost to make sale.

viii) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition and adjusted for transaction costs that are attributable to the acquisition or issues of financial assets and financial liabilities in case of financial assets or financial liabilities not at fair value through profit or loss account.

Where the fair value of financial assets and financial liabilities at initial recognition is different from its transaction price, the difference between the fair value and transaction price is recognised in the statement of profit and loss.

However, trade receivables that do not contain a significant financing component are initially measured at transaction price.

a) Financial Assets

Cash and bank balances

Cash and bank balances consist of:

- **Cash and cash equivalents** - which include cash on hand, deposits held at call with banks and other short-term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.
- **Other bank balances** - which include balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets measured at amortised cost

A financial asset is subsequently measured at amortised cost if both of the following conditions are met:

- If it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to trade receivables, loans and other financial assets of the Company measured using

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

the Effective Interest Rate (EIR) method less impairment, if any, and the amortisation of EIR and loss arising from impairment, if any is recognised in the statement of profit and loss.

Financial assets measured at fair value

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- If it is held within a business model whose objective is to hold these assets in order to collect contractual cash flows and to sell these financial assets, and
- The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair value movements are recognised in the other comprehensive income.

The Company in respect of equity instruments (other than equity instruments of subsidiaries and joint venture) which are not held for trading has made an irrevocable election to present the subsequent changes in fair value of such equity instruments in other comprehensive income. Such an election is made by the Company on an instrument-by-instrument basis at the time of initial recognition of such equity investments. On de-recognition, cumulative gain or loss previously recognised in other comprehensive income is reclassified from the equity to retained earnings in the statement of changes in equity.

A financial asset not classified as either amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

Impairment of Financial Assets

The Company applies loss allowance using the expected credit loss (ECL) model for the financial assets which are measured at amortised cost or fair value through other comprehensive income. Loss allowance for trade receivables with no significant financing component is measured following simplified approach wherein an amount equal to lifetime ECL is measured and recognised as a loss allowance.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on life time ECLs at each reporting date, right from its initial recognition.

For all other financial assets, ECLs are measured at an amount equal to 12-month ECL, unless there has been a significant increase in credit risk for initial recognition in which case those are measured at lifetime ECL.

De-recognition of Financial Assets

A financial asset is de-recognised only when

- The contractual rights to cash flows from the financial asset expire;
- The Company has transferred the contractual rights to receive cash flows from the financial asset or;
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

b) Financial Liabilities

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liability

Trade and other payables are initially measured at fair value, net of transaction costs and are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Interest bearing loans and overdrafts are initially measured at fair value, and are subsequently measured at amortised cost using effective interest rate method. Any difference between proceeds (net of transaction cost) and the settlement amount of borrowing is recognised over the terms of the borrowings in the statement of profit and loss

De-recognition

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or has expired.

c) Financial Guarantee Contracts

Financial guarantee contracts are those contracts that require specific payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value adjusted for transaction cost that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 or the amount recognised less cumulative amortisation.

d) Derivative financial instruments

The Company enters into derivative financial contracts in the nature of forward currency contracts with banks to reduce business risks which arise from its exposures to foreign exchange. The instruments are employed as hedges of transactions included in the financial statements or for highly probable forecast transactions/firm contractual commitments.

Derivatives are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. Any change therein is generally recognised in the statement of profit and loss. Derivatives are carried as financial assets when fair value is positive and as financial liabilities when fair value is negative.

e) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

ix) Fair Value Measurement

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows:-

- Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

- Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 - inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

x) **Non-Current Assets held for sale**

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell and are presented separately from other assets in the balance sheet. The liabilities related to the assets held for sale are presented separately from other liabilities in the balance sheet. Non-current assets held for sale are not depreciated or amortized.

xi) **Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each year end and reflect the best current estimate. Provisions are not recognised for future operating losses.

Where there are number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of Management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for a contingent liability is made when there is a possible obligation or present obligation arising from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company and where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

xii) **Revenue**

Revenue from contracts with customer is recognized when the Company satisfies a performance obligation by transferring the promised goods or services to a customer at a transaction price. The Company assesses promises in the contract that are separate performance obligations to which a portion of transaction price is to be allocated. The transaction price is the amount of consideration to which the company expects to be entitled in exchange for transferring promised goods or services to a customer as per contract, excluding amount of taxes collected on behalf of the government. The transaction price is adjusted of trade discount, cash discount, volume rebate and other variable considerations as per the terms of contract which is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. It is reassessed at end of each reporting period.

Consideration payable to customers is accounted as reduction of transaction price and therefore, of revenue unless the payment to the customer is in exchange for a distinct good or service that the customer transfers to the Company.

Sale of Goods

Revenue from sale of products is recognised at a point in time when the control on the goods have been transferred to a

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

customer i.e. when material is delivered to the customer or as per shipping terms, as may be specified in the contract.

Job Work

Revenue from Job work is recognised when intended job work is carried out and goods are ready for transfer to the owner of the goods.

Export Incentives

Eligible export incentives are recognised in the year in which the conditions precedents are met and there is no significant uncertainty about the collectability.

xiii) Other Income

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Rental Income

Rental income is recognised in the statement of profit and loss on straight line basis.

Dividend Income

Dividend Income from investments is recognised when shareholder's rights to receive payment have been established.

Commission Income

Guarantee commission income (notional) for the financial guarantee issued by the Company to the bank in respect of credit facility granted by the bank to the dealers of the Company is recognised over the period of guarantee.

xiv) Government Grant

Government grants are recognised when there is reasonable assurance that the grant will be received and the company will comply with all the attached conditions. When the grant relates to revenue expense, it is recognised as an income on a systematic basis over the period necessary to match it with the expenses that it is intended to compensate. Government grant related to expenditure on property, plant and equipment is included as cost of property, plant and equipment and is credited to the statement of profit and loss over the useful lives of qualifying assets or credited to the statement of profit and loss over the period in which the corresponding export obligation is fulfilled. Total grants availed less the amounts credited to the statement of profit and loss at the balance sheet date are included in the balance sheet as deferred income.

xv) Foreign Currency Transactions

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The functional and presentation currency of the Company is Indian Rupees (₹).

Transactions denominated in foreign currencies entered into by the Company are recorded in the functional currency (i.e. Indian Rupees), by applying the exchange rate prevailing on the date of transaction. Foreign currency denominated monetary items is restated at the closing exchange rates. Non-monetary items are recorded at exchange rate prevailing on the date of transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is measured. Exchange differences arising out of these translations are recognized in the statement of profit and loss.

The forward exchange contracts are marked to market and gain/loss on such contracts are recognised in the statement of profit and loss at the end of each reporting period.

The Company as per previous GAAP elected to recognise as part of cost of assets, exchange differences arising on translation of long-term foreign currency monetary items and this method of recognition of such exchange difference is followed by the Company as allowed under Ind AS 101. Such differences are added/deducted to/ from the cost of assets and are recognised in the statement of profit and loss on a systematic basis as depreciation over the balance life of the assets.

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

xvi) Employee Benefits

a) Short Term Obligations

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

b) Post-Employment Benefits

i) Defined benefit plan

Gratuity liability is a defined benefit obligation and recognized based on actuarial valuation carried out using the Projected Unit Credit Method. The scheme is maintained and administered by Life Insurance Corporation of India to which the Company makes periodical contributions through its trustees.

ii) Defined contribution plan

A Defined Contribution Plan is plan under which the Company makes contribution to Employee's Provident Fund administrated by the Central Government. The Company's contribution is charged to the statement of profit and loss.

c) Other Long Term Employee Benefits - Leave Salary

The liability towards leave salary which is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services is recognized based on actuarial valuation carried out using the Projected Unit Credit Method.

xvii) Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized. All other borrowing costs are expensed in the period in which they occur.

xviii) Income Taxes

Tax expenses for the year comprises current tax and deferred tax.

Current Tax

Current tax is the amount of income tax payable in respect of taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because taxable profit is adjusted for items of income or expenses which are taxable or deductible in other years and also for items which are not taxable or deductible under the Income Tax Act, 1961 ("the IT Act").

The Company's liability for current tax is calculated using tax rates and tax laws in force.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit under the IT Act.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affects neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent it is no longer probable that sufficient taxable profit will be available to allow entire or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws in force. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity, in which case, the tax is recognised in other comprehensive income or directly in equity, respectively.

MAT

Minimum Alternate Tax ('MAT') under the provisions of the IT Act is recognised as deferred tax in the statement of profit and loss. The credit available under the Act in respect of MAT paid will be recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set off against the normal tax liability. Such asset is reviewed at each Balance Sheet date.

xix) Segment Reporting

Operating segment is a component of an entity whose operating results are regularly reviewed by the Chief Operating Decision Maker (CODM) to make decision about resource to be allocated to the segment and assess its performance. The Company has no separate reportable segment.

xx) Statement of Cash Flow

Cash flow statement is reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non- cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cashflows. The cash flows from operating, investing and financing activities of the Company are segregated.

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short- term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

For the purposes of cash flow statement cash and cash equivalents consist of cash and short-term deposits, as defined above.

xxi) Events after Reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions which existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

xxii) Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose calculating Diluted Earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Note 38: Employee Benefits
A) Defined Benefit Plan- Gratuity (Funded)

The Employees' Gratuity Fund Scheme, is a defined benefit plan. The scheme is maintained and administered by Life Insurance Corporation of India (LIC) to which the Company makes periodical contributions. Under the said scheme, every employee who has completed at least five years of service usually gets gratuity on departure @ 15 days of last drawn salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method.

- 3 The estimates of rate of escalation in salaries considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.
- 4 Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of the obligations.
- 5 The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis the present value of defined benefit obligation has been calculated using the projected unit credit method.

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

Investment in unquoted equity shares are not held for trading. Upon the application of Ind AS 109 - Financial Instruments, the Company has chosen to measure said investment in equity instrument at FVTOCI irrevocably as the management believes that presenting fair value gains and losses relating to the said investment in the statement of profit and loss may not be indicative of the performance of the Company.

B) Fair Value Measurements

- (i) All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows:
 Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities.
 Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
 Level 3 — inputs that are unobservable for the asset or liability.
- (ii) The following tables provide the fair value measurement hierarchy of the Company's financial assets and liabilities:

The carrying amounts of financial assets (other than security deposits and loan to employees) and financial liabilities (Other than long term borrowings & lease liabilities) measured at amortised cost in the financial statements are reasonable approximation of their fair values since the Company does not anticipate that the carrying amount would be significantly different from the value that would eventually be received or settled.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

There have been no transfers between Level 1 and Level 2 for the years ended 31st March, 2022 and 31st March, 2021.

C) Financial Risk Management- Objectives and Policies

The Company is exposed to: (a) Market Risks comprising of Interest Rate Risk, Currency Rate Risk, Commodity Price Risk and Equity Price Risk (b) Liquidity Risk and (c) Credit Risk comprising of trade receivable risk and financial instrument risk. The Company has well placed Risk Management Policy (RMP). The policy provide broad guidelines to identify the risk arising from these factors and provide guidelines to the team for its mitigation or at-least minimize its effect on income / expense on the Company is optimized. Team involved in RMP meets frequently to discuss the level of risk they foresee based on the conditions persisting.

The Company's exposure to Market Risk, Credit Risk and Liquidity Risk have been summarized below:

i) Market Risk

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk on short-term and long-term floating rate interest bearing liabilities. The Company's policy is to maintain a balance of fixed and floating interest rate borrowings and the proportion of fixed and floating rate debt is determined by prevailing interest rates. These exposures are reviewed by the management on a periodic basis.

NOTES to Financial Statements for the year ended 31st March, 2022 (contd.)

The exposure of the Company's financial liabilities to interest rate risk based on liabilities as at reporting date is as follows:

(₹ in Lakhs)

Particulars	Impact on profit before tax	
	2021-22	2020-21
Increase in interest rate by 100 basis points	(201.95)	(308.26)
Decrease in interest rate by 100 basis points	201.95	308.26

(Calculated based on risk exposure outstanding as of date and assuming that all other variables, in particular foreign currency rates, remain constant).

ii) Foreign Currency Risk

The Company is exposed to fluctuations in foreign currency exchange rates where transaction references more than one currency and/or where assets/liabilities are denominated in a currency other than the functional currency of the Company.

Exposures on foreign currency are managed through a hedging policy, which is reviewed periodically by the management. The Company usually enters into forward exchange contracts progressively based on their maturity to hedge the effects of movements in foreign currency exchange rates individually on assets and liabilities. The sources of foreign exchange risk for the Company are trade receivables, trade payables for imported materials & capital goods as well as foreign currency denominated borrowings. The policy of the Company is to determine on a regular basis what portion of the foreign exchange risk are to be hedged through forward exchange contracts.

iii) Commodity Price Risk

The Company is exposed to fluctuations in foreign currency exchange rates where transaction references more than one currency and/or where assets/liabilities are denominated in a currency other than the functional currency of the Company.

Exposures on foreign currency are managed through a hedging policy, which is reviewed periodically by the management. The Company usually enters into forward exchange contracts progressively based on their maturity to hedge the effects of movements in foreign currency exchange rates individually on assets and liabilities. The sources of foreign exchange risk for the Company are trade receivables, trade payables for imported materials & capital goods as well as foreign currency denominated borrowings. The policy of the Company is to determine on a regular basis what portion of the foreign exchange risk are to be hedged through forward exchange contracts.

The Company is exposed to the movement of copper and aluminium prices on the London Metal Exchange (LME). Any increase or decline in the prices of these commodities will have an impact on the profitability of the Company. As a general policy, the Company aims to purchase these commodities at prevailing market prices and also sell the products at price adjusted for prevailing market prices. The Company substantially ensures sale of products with simultaneous purchase of these commodities on back-to-back basis ensuring no or minimum price risk for the Company.

iv) Equity Price Risk

Equity price risk relates to change in fair value of investments in the equity instruments measured at fair value through OCI. As at 31st March, 2022 the carrying value of such equity instruments recognised at fair value through OCI amounts to ₹ 5,949.13 Lakhs (P.Y. ₹ 3,175.82 Lakhs).

A sensitivity analysis demonstrating the impact of change in the carrying value of investment in equity instrument as at reporting date is given below:

vi) Credit Risk

Credit risk refers to the risk that counter party will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk for trade receivables and financial guarantees for dealers, derivative financial instruments and other financial assets.

The Company assess the counter party before entering into transactions and wherever necessary supplies are made against advance payment. The Company on continuous basis monitor the credit limit of the counter parties to mitigate or minimise the credit risk. The credit risk for the financial guarantees issued by the Company to bank for credit facilities availed by Company's dealers from bank is minimum as those parties have long vintage with the Company and they are also subject to credit risk assessment by bank on periodical basis. The credit risk on export receivables are limited as almost all export sales are made to parties having a long vintage with the Company and new parties are subject to necessary due diligence.

For trade receivables, as a practical expedient, the Company computes credit loss allowance based on expected credit loss method. The movement in expected credit loss allowance on trade receivable is as under:

1. Opinion

We have audited the accompanying Consolidated Financial Statements of Ram Ratna Wires Limited ("the Parent") and its subsidiaries- (i) Global Copper Private Limited (GCPL) and (ii) Epavo Electricals Private Limited (EEPL) (collectively referred as "the Subsidiaries") (the Parent and the Subsidiaries together referred to as "the Group") which includes its share of Profit in Joint Venture - RR-Imperial Electricals Limited ("the Joint Venture"), which comprise the Consolidated Balance Sheet as at 31st March, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flows Statement and the Consolidated Statement of Changes in Equity for the year then ended and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements of GCPL and the Joint Venture referred below in paragraph 7 - Other Matters, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rule, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its Joint Venture as at 31st March, 2022 and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements in paragraph 6 below of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred below in paragraph 7 Other Matters, is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

4. Information Other than the Consolidated Financial Statements and Auditor's Report thereon

The Parent's Management and Board of Directors is responsible for other information. Other information comprises the information included in the Annual Report, but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's reports thereon. Other information comprises the information included in the Annual Report are expected to be made available to us after the date of this Auditor's Report.

Our opinion on the Consolidated Financial Statements does not cover other information and we do not express any form of assurance, conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information, when it becomes available and compare with the financial statements of the Subsidiaries and the Joint Venture audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read other information comprises the information included in the Annual Report, if we conclude based on the work we have performed and the report of the other auditors as furnished to us, referred below paragraph 7- Other Matters, that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

5. Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flow and consolidated changes in equity of the Group including the Joint Venture in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the Parent, the Subsidiaries and the Joint Venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and the Joint Venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the Consolidated Financial Statements by the Management and Board of Directors of the Parent, as aforesaid.

In preparing the Consolidated Financial Statements the respective Board of Directors of the Parent, the Subsidiaries and the Joint Venture are responsible for assessing the ability of the Group and the Joint Venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Parent, the Subsidiaries and the Joint Venture are also responsible for overseeing the financial reporting process of the Group and of the Joint Venture.

6. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Joint Venture's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its Joint Venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and of the Joint Venture to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of Parent and other entity included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Other Matters

We did not audit the financial statements and other financial information of GCPL included in the Consolidated Financial Statements, whose financial statements reflects total gross assets of ₹ 9,489.24 Lakhs as at 31st March, 2022, total gross revenue ₹ 28,162.88 Lakhs and net cash inflows amounting to ₹ 629.40 Lakhs for the year then ended, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Parent's share of net profit of ₹ 119.48 Lakhs for the year ended 31st March, 2022, as considered in the Consolidated Financial Statements, in respect of the Joint Venture. The financial statements including other financial information of GCPL has been audited by other auditors whose reports have been furnished to us by the Management. The financial statements including other financial information of the Joint Venture located in Bangladesh have been restated by the management of the Parent in accordance with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India based on audited financial statements and report thereon of other auditor which were prepared following International Financial Reporting Standards and Generally Accepted Accounting Practices prevalent in Bangladesh. We have audited these restated conversion financial statements including other financial information. Our opinion on the Consolidated Financial Statements insofar as it relates to the amounts and disclosures included in respect of GCPL and the Joint Venture and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to GCPL and the Joint Venture is based solely on the reports of the other auditors.

Our opinion on the Consolidated Financial Statements above, and our report on Other Legal and Regulatory Requirements in paragraph 8 below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

8. Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of other auditors on the separate financial statement and other information of the Subsidiaries and the Joint Venture, as referred above in paragraph 7 - Other Matters, to the extent applicable we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of Consolidated Financial Statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated

Financial Statements have been kept so far as it appears from our examination of those books and reports of the other auditors.

- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Parent as on 31st March, 2022 taken on record by the Board of Directors and the report of the statutory auditors of the Subsidiaries, none of the directors are disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls; refer to our separate Report in Annexure which is based on the auditor's report of the Parent and the Subsidiaries. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of the Parent and the Subsidiaries.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Consolidated Financial Statements disclosed the impact, if any, of pending litigations as at 31st March, 2022 on its consolidated financial position of the Group and the Joint Venture - Refer Note 30 to the Consolidated Financial Statements.
 - (ii) The Group and the Joint Venture did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Parent or the Subsidiaries.
 - (iv) (a) The management has represented that, to the best of it's knowledge and belief, as disclosed in the notes to accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall :
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group ("Ultimate Beneficiaries") or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented, that, to the best of it's knowledge and belief, as disclosed in the notes to accounts, no funds have been received by the Group from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Group shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the Subsidiaries, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e), as provided under (iv) (a) and (b) above, contain any material mis-statement.

- (v) The dividend declared or paid during the year by the Parent is in compliance with section 123 of the Act. The subsidiary companies have neither declared nor paid any dividend during the year.
- (vi) With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO/ the Order) issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the Consolidated Financial Statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the Consolidated Financial Statements.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph (f) under the "Report on Other Legal and Regulatory Requirements" in the Independent Auditors' Report of even date to the members of Ram Ratna Wires Limited

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

In conjunction with our audit of the Consolidated Financial Statements of the Group as and for the year ended 31st March, 2022 we have audited the internal financial controls over financial reporting of Ram Ratna Wires Limited ("the Parent") and its subsidiaries - Global Copper Private Limited (GCPL) and Epavo Electricals Private Limited (EEPL) ("collectively referred as the Subsidiaries"), as of that date.

1. **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Parent and the Subsidiaries are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

2. **Auditors' Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and the Subsidiaries based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the auditors of GCPL in terms of their report referred to in Other Matters paragraph 6 below, is sufficient and appropriate to provide a basis for our audit opinion on internal financial controls system over financial reporting of the Parent and the Subsidiaries.

3. Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

4. Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

5. Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the report of the auditor of GCPL referred to in Other Matters paragraph 6 below, the Parent and the Subsidiaries have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial control over financial reporting were operating effectively as at 31st March, 2022 based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

6. Other Matters

Our aforesaid report under section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial control over financial reporting in so far as it relates to GCPL, is based on the corresponding report of the auditor of the GCPL. Our opinion is not modified in respect of the above matter.

The Parent is a public company limited by shares incorporated and domiciled in India with its registered office in Mumbai, Maharashtra. The Parent is listed on the Bombay Stock Exchange (BSE).

The Parent and its jointly controlled entity are mainly engaged in the business of manufacturing of enamelled winding wires and strips, Global Copper Private Limited is engaged in the business of trading and manufacturing of copper tubes & pipes and Epavo Electricals Limited is engaged in the business of manufacturing of BLDC motors for Air conditioner, Hub, HVLS Fan and Submersible Pumps etc. and related products.

The Consolidated Financial Statements ("the Consolidated Financial Statements") as at 31st March, 2022 present the consolidated financial position of the Group as well as its interest in jointly controlled entity. The Consolidated Financial Statements were approved by the Board of Directors and authorised for issue on 23rd May, 2022.

The functional and presentation currency of the Group is Indian Rupees (₹) which is the currency of the primary economic environment in which the Group operates.

1. SIGNIFICANT ACCOUNTING POLICIES & KEY ACCOUNTING ESTIMATES & JUDGEMENTS

(a) BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

(i) Basis of preparation:

The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read together with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The Consolidated Financial Statements have been prepared on accrual and going concern basis. The accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Consolidated Financial Statements includes Balance Sheet as at 31st March, 2022, the Statement of Profit & Loss including Other Comprehensive Income, Cash Flows Statement, Statement of Change in Equity for the year ended 31st March, 2022 and significant accounting policy and other explanatory information.

(ii) Basis of Measurement:

The Consolidated Financial Statements have been prepared and presented under the historical cost convention except for certain consolidated financial assets and consolidated financial liabilities that are required to be measured at fair values at the end of each reporting period by Ind AS.

Historical cost is generally based on fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(iii) Recent Pronouncements:

(a) The Ministry of Corporate Affairs ("MCA") has amended the Schedule III of the Act vide notification dated 24th March, 2021, applicable with effect from 1st April, 2021. The Group has given the effect of the amendment by inclusion of the relevant disclosures by way of additional notes or explanatory notes.

(b) MCA has notified new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1st April 2022, as below:

Ind AS 103 – Business Combination

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its Financial Statements.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

Ind AS 16 – Property, Plant and Equipment

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the entity is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in statement of profit or loss. The Group does not expect the amendments to have any significant impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37– Provisions, Contingent Liabilities and contingent assets

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted.

(iv) Current/ Non- Current Classification:

Any asset or liability is classified as current or non-current based on Group's normal- operating cycle and other criteria as set out in the Division II of schedule III to the Act.

Asset/ Liability is classified as current, if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Group's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Group has ascertained its normal operating cycle as twelve months. This is based on the nature of product and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

(b) KEY ACCOUNTING ESTIMATES, JUDGEMENTS AND ASSUMPTIONS

The preparation of consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and the accompanying disclosures in notes including disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in the outcomes requiring adjustment to the carrying amounts of assets or liabilities in future periods. The estimates and the associated assumptions are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances as available at the time of preparation of the Financial Statement. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements. The estimates and the associated assumptions are reviewed on ongoing basis. Changes in accounting estimates are recognised prospectively.

Significant judgements and estimates have been made by the Group relating to

- Amount and Timing of recognising of revenue from contract at a point in time with customers, identifying performance obligations in a sales transactions and volume rebate that gives rise to variable consideration in a sales contract.
- Useful lives of property, plant and equipment and intangible assets at the end of each reporting period.
- Impairment of property, plant and equipment and intangible assets

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

- Impairment of Investments
- Provision for employee benefits and other provisions
- Provision for Income Tax including payment of advance Tax
- Recoverability of deferred tax assets
- Fair Value Measurements of Financial Instruments
- Identification of Lease, assessing lease terms (including anticipated renewals) and applicable discount rate
- Commitments and contingencies

(c) Basis of Consolidation

(i) Consolidation of Subsidiaries

The Consolidated Financial Statements incorporate the financial statements of the Parent and entities controlled by the Parent i.e. Subsidiaries.

Control is achieved when the Company has

- Power over the investee;
- is exposed to or has rights to the variable returns of the entity and;
- has the ability to affect those returns through its power over the entity.

Generally, there is presumption that a majority of voting rights results in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an entity, the Company considers all relevant facts and circumstances in assessing whether it has power over an entity, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements;
- The Company's voting rights and potential voting rights;
- The size of the Company's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the company obtains control over the subsidiary and ceases when the company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the company gains control until the date the company ceases to control the subsidiary.

Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the Consolidated Financial Statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's Financial Statements in preparing the Consolidated Financial Statements to ensure conformity with the Group's accounting policies. The Financial Statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent company, i.e., year ended on 31st March. When the end of the reporting period of the Parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the Financial Statements of the Parent to enable the Parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation Procedure

- Combine like items of assets, liabilities, equity, income, expenses and cash flows of the Parent with those of the Subsidiaries. For this purpose, income and expenses of the Subsidiaries are based on the amounts of the assets and liabilities recognised in the Consolidated Financial Statements at the acquisition date.
- Offset (eliminate) the carrying amount of the Parent's investment in the Subsidiaries and the Parent's portion of equity of the Subsidiaries. Business combinations policy explains how to account for any related goodwill.
- Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the Consolidated Financial Statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

- Non-controlling interests in the net assets (excluding goodwill) of the Subsidiaries is identified separately from the Group's equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying value of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interests having a deficit balance.

(ii) Consolidation of Joint Venture (Jointly Controlled entity)

The joint venture is an arrangement in which two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decision about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investment in jointly controlled entity is accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint arrangement since the acquisition date. Goodwill, if any relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The Consolidated Statement of profit and loss reflects the Group's share of the results of jointly controlled entity. Any change in OCI of the jointly controlled entity is presented as part of the Group's OCI. Unrealised gains and losses resulting from inter-group transactions between the Group and the joint venture are eliminated to the extent of the interest in the joint venture.

If Group's share of losses of a joint venture exceeds its interest in that joint venture, the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the joint venture. If the joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognized.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value and then recognises the loss as share of profit of a joint venture in the consolidated statement of profit or loss.

(d) SIGNIFICANT ACCOUNTING POLICIES

(i) Property, Plant and Equipment

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Group and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discount or rebate is deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the statement of profit and loss as and when incurred.

Capital work-in-progress includes cost of property, plant and equipment not ready for the intended use as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as 'capital advances' under other non-current assets.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognised in the statement of profit and loss. Assets to be disposed of are reported at the lower of the carrying value or the fair value less cost of disposal.

The Group had elected to continue with the carrying value of all of its property, plant and equipment appearing in the financial statements prepared as per accounting standards notified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (Generally Accepted Accounting Standards "Previous GAAP") as the deemed cost of the property, plant and equipment in the opening balance sheet under Ind AS effective 1st April, 2016.

Exchange differences arising on translation of long-term foreign currency monetary items recognised in the Previous GAAP financial statements in respect of which the Group has elected to recognise such exchange differences as a part of cost of assets is allowed under Ind AS 101. Such differences are added/deducted to/ from the cost of assets and are recognised in the statement of profit and loss on a systematic basis as depreciation over the balance life of the assets.

(ii) Intangible Assets

Intangible assets acquired are initially measured at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Following initial recognition, intangible assets with defined useful lives are carried at cost less accumulated amortization and accumulated impairment loss, if any. Internally generated intangibles are not capitalized and the related expenditure is reflected in consolidated statement of profit and loss in the period in which the expenditure is incurred.

Computer Software an intangible asset is measured on initial recognition at cost. Costs comprise of license fees and cost of system integration services and development.

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. On de-recognition the intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the statement of profit and loss.

Expenditure incurred by the Group on development of products are recognised as an intangible asset if and only if, expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Group intends to and has sufficient resources to complete development and use or sell the assets otherwise such expenses are recognised in the Statement of Profit and Loss as incurred. Subsequent to initial recognition, the assets are measured at cost less accumulated amortisation and any accumulated impairment losses, if any. Expenditures incurred on research are charged to the Statement of Profit and Loss as incurred.

Fixed assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Property, Plant & Equipment and Intangible Assets.

(iii) Depreciation on Property, Plant and Equipment and Amortisation of Intangible Assets: -

Depreciation on property, plant and equipment is provided on pro rata basis using the straight-line method based on useful life of the assets as prescribed in Schedule II to the Act in consideration with useful life of the assets as estimated by the management.

Intangible Assets with finite lives are amortized on a straight-line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss.

The estimated useful lives, residual values and methods of depreciation of property, plant & equipment are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate and adjusted prospectively, if any.

The estimated useful life of items of property, plant and equipment and intangible Assets are:

Particulars	Years	Particulars	Years
Factory Buildings (including roads)	10 to 30	Office & Other Equipment	5 to 10
Workers Quarters	60	Computers/ Laptops/ Computers Hardware	3
Plant & Machineries	3 to 40	Computer Servers	6
Laboratory Equipment	10	Computer Software	5
Electrical Installations	10	Vehicle	8 to 10
Furniture & Fixtures	10		

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

Impairment of Assets

At each balance sheet date, the Group reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any).

An impairment loss on such assessment will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

(iv) Leases

The Group as Lessee

The Group's lease assets classes primary consists of leases for premises. The Group assesses whether a contract is qualifies to be a lease at the inception of contract. A contract is, or contains, a lease, if the contract conveys the right to control the use of an assets for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of identified asset, the Group assess whether, throughout the period of use, the Group has both of the following:-

- right to obtain substantially all of the economic benefits from use of the identified assets
- right to direct the use of the identified assets

Identification of lease requires significant judgment including judgement to assess the lease terms (including anticipated renewals) and the applicable discount rate. The Group determines the lease terms as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease, if the Group is reasonably certain to excise that option; and period covered by an option to terminate the lease, if the Group is reasonably certain not to exercise that option. In assessing, whether the Group is reasonably certain to exercise the option to extend a lease, or not to exercise an option to terminate a lease, the Group consider all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revise the lease term if there is a change in the non-cancellable period of lease terms.

At the date of the commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease contracts in which it is a lessee, except for leases contract for a period of twelve months or less (short term leases), variable leases and low value leases, in those cases the lease payments are recognised in the statement of profit and loss on a straight-line basis over the term of the lease.

ROU is initially recognized at cost, which comprises of the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU is depreciated from the commencement date on a straight-line basis over the lease term or useful life of the underlining asset, whichever is shorter. ROU is tested for impairment and account for as per impairment of assets policy of the Group.

The lease liability is initially measure at the present value of the future lease payments, which comprises of the fixed payments, variable lease payments, guaranteed residual value or exercise price of purchase option, if the Group is reasonably certain to exercise the option. The lease payments are discounted using interest rate implicit in the lease or, if not readily determinable, using incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet. Interest expense on lease liability is reported as finance cost in the statement of profit and loss account and lease payments have been classified as financing cash flows.

The Group as Lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

All other leases are classified as operating leases. For operating leases mainly of workers quarters are recognised in the statement of profit and loss on straight line basis.

(v) Inventories:

- Raw Materials, Work-in-progress, Stock-in Trade and Finished goods are valued at the lower of cost or net realizable value. The cost is determined using FIFO method.
- The cost of Inventories of work-in-progress and finished goods comprises the cost of purchases and the cost of conversion and in case of finished goods it also includes the cost of packing materials.

The cost of purchase comprises of the purchase price including duties and taxes (other than those subsequently recoverable by the Group from the taxing authorities), freight inward and other expenditure directly attributable to the acquisition but net of trade discount, rebates, duties for import under advance licenses and other similar items.

The cost of conversion comprises of depreciation and repairs and maintenance of factory buildings and plant and machineries, power and fuel, factory management and administration expenses and consumable stores and spares.

- Packing Materials, Consumable Stores & Spares and Fuel are valued at lower of cost or net realizable value.

The cost is determined using FIFO method.

- Scrap is valued at net realizable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated cost to make sale.

(vi) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition and adjusted for transaction costs that are attributable to the acquisition or issues of financial assets and financial liabilities in case of financial assets or financial liabilities not at fair value through profit or loss account.

Where the fair value of financial assets and financial liabilities at initial recognition is different from its transaction price, the difference between the fair value and transaction price is recognised in the statement of profit and loss.

However, trade receivables that do not contain a significant financing component are initially measured at transaction price.

a) Financial Assets: -

Cash and bank balances

Cash and bank balances consist of:

- **Cash and cash equivalents** - which includes cash on hand, deposits held at call with banks and other short-term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.
- **Other bank balances** - which includes balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets measured at amortised cost

A financial asset is subsequently measured at amortised cost if both of the following conditions are met:

- If is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to trade receivables, loans and other financial assets of the Group measured using the Effective Interest Rate (EIR) method less impairment, if any, and the amortisation of EIR and loss arising from impairment, if any is recognised in the statement of profit and loss.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

Financial assets measured at fair value

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- If it is held within a business model whose objective is to hold these assets in order to collect contractual cash flows and to sell these financial assets, and
- The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair value movements are recognised in the other comprehensive income.

The Group in respect of equity instruments (other than equity instruments of subsidiaries and joint venture) which are not held for trading has made an irrevocable election to present the subsequent changes in fair value of such equity instruments in other comprehensive income. Such an election is made by the Group on an instrument-by-instrument basis at the time of initial recognition of such equity investments. On de-recognition, cumulative gain or loss previously recognised in other comprehensive is reclassified from the equity to retained earnings in the statement of changes in equity.

A financial asset not classified as either amortised cost or at fair value through other comprehensive income is carried at fair value through the consolidated statement of profit & loss.

Impairment of Financial Assets

The Group applies loss allowance using the expected credit loss (ECL) model for the financial assets which are measured at amortised cost and fair value through other comprehensive income. Loss allowance for trade receivables with no significant financing component is measured following simplified approach wherein an amount equal to lifetime ECL is measured and recognised as a loss allowance.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on life time ECLs at each reporting date, right from its initial recognition.

For all other consolidated financial assets, ECLs are measured at an amount equal to 12-month ECL, unless there has been a significant increase in credit risk for initial recognition in which case those are measured at lifetime ECL.

De-recognition of Financial Assets

A financial asset is de-recognised only when

- The contractual rights to cash flows from the financial asset expires
- The Group has transferred the contractual rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the Group has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

b) Financial Liabilities

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

Equity Instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liability

Trade and other payables are initially measured at fair value, net of transaction costs and are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the consolidated statement of profit and loss.

Interest bearing loans and overdrafts are initially measured at fair value, and are subsequently measured at amortised cost using effective interest rate method. Any difference between proceeds (net of transaction cost) and the settlement amount of borrowing is recognised over the terms of the borrowings in the consolidated statement of profit and loss

De-recognition

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or has expired.

c) Financial Guarantee Contracts

Financial guarantee contracts are those contracts that require specific payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value adjusted for transaction cost that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation

d) Derivative Financial Instruments

The Group enters into derivative financial contracts in the nature of forward currency contracts with banks to reduce business risks which arise from its exposures to foreign exchange. The instruments are employed as hedges of transactions included in the financial statements or for highly probable forecast transactions/firm contractual commitments.

Derivatives are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. Any changes therein are generally recognised in the consolidated statement of profit & loss. Derivatives are carried as financial assets when fair value is positive & as financial liabilities when fair value is negative.

e) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the consolidated balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

(vii) Fair Value Measurement

The Group measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows: -

- Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — inputs other than quoted prices included within Level that are observable for the asset or liability, either directly or indirectly
- Level 3 — inputs that are unobservable for the asset or liability

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

(viii) Non-Current Assets held for sale

The Group classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets held for sale are not depreciated or amortized.

(ix) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each year end and reflect the best current estimate. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of Management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for a contingent liability is made when there is a possible obligation or present obligation arising from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group and where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the consolidated financial statements.

(x) Revenue

Revenue from contracts with customer is recognized when the Group satisfies a performance obligation by transferring the promised goods or services to a customer at a transaction price. The Group assesses promises in the contract that are separate performance obligations to which a portion of transaction price is to be allocated. The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer as per contract, excluding amount of taxes collected on behalf of the government. The transaction price is adjusted of trade discount, cash discount, volume rebate and other variable considerations as per the terms of contract which is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. It is reassessed at end of each reporting period.

Consideration payable to a customer is accounted as reduction of transaction price and therefore, of revenue unless the payment to the customer is in exchange for a distinct good or service that the customer transfers to the Group.

Sale of Goods

Revenue from sale of products is recognised at a point in time when the control on the goods have been transferred to a customer i.e. when material is delivered to the customer or as per shipping terms, as may be specified in the contract.

Job Work

Revenue from Job work is recognised when intended job work is carried out and goods are ready for transfer to the owner of the goods.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

Export Incentives

Eligible export incentives are recognised in the year in which the conditions precedents are met and there is no significant uncertainty about the collectability.

(xi) Other Income

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Rental Income

Rental income is recognised in the statement of profit & loss on straight line basis.

Dividend Income

Dividend Income from investments is recognised when shareholder's rights to receive payment have been established.

Commission Income

Guarantee commission income (notional) for the financial guarantee issued by the Company to the bank in respect of credit facility granted by the bank to the dealers of the Company is recognised over the period of guarantee.

(xii) Government Grant

Government grants are recognised when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions. When the grant relates to revenue expense, it is recognised as an income on a systematic basis over the period necessary to match it with the expenses that it is intended to compensate. Government grant related to expenditure on property, plant & equipment is included as cost of property, plant & equipment and is credited to the statement of profit & loss over the useful lives of qualifying assets or credited to the statement of profit & loss over the period in which the corresponding export obligation is fulfilled. Total grants availed less the amounts credited to the statement of profit and loss at the balance sheet date are included in the balance sheet as deferred income.

(xiii) Foreign Currency Transactions

Items included in the consolidated financial statements are measured using the currency of the primary economic environment in which the Group operates ('the functional currency'). The functional and presentation currency of the Group is Indian Rupees (₹).

Transactions denominated in foreign currencies entered into by the Group are recorded in the functional currency (i.e. Indian Rupees), by applying to the exchange rate prevailing on the date of transaction. Foreign currency denominated monetary items is restated at the closing exchange rates. Non-monetary items are recorded at exchange rate prevailing on the date of transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is measured. Exchange differences arising out of these translations are recognized in the consolidated statement of profit and loss.

The forward exchange contracts are marked to market and gain/loss on such contracts are recognised in the statement of profit and loss at the end of each reporting period.

The Group as per previous GAAP elected to recognise as part of cost of assets, exchange differences arising on translation of long-term foreign currency monetary items and this method of recognition of such exchange difference is followed by the Group as allowed under Ind AS 101. Such differences are added/deducted to/ from the cost of assets and are recognised in the statement of profit and loss on a systematic basis as depreciation over the balance life of the assets.

For the purpose of presenting in consolidated financial statements the share of profit/(loss) in the foreign joint venture (jointly controlled entity) is express in rupees derived using average exchange rate during the period and net share in the assets of the jointly controlled entity is derived using closing exchange rate as on reporting date. The exchange differences arising are recognised in other comprehensive income and accumulated in a separate component of equity. On disposal of foreign operation, all the accumulated exchange differences in respect of that operation

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

attributable to the Group are reclassified to the consolidated statement of profit and loss. Goodwill and fair value adjustments arising on the acquisition of foreign operation if any, are treated as assets & liabilities of the foreign operation and translated at the closing rate.

(xiv) Employee Benefits

a) Short Term Obligations

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Group recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

b) Post-Employment Benefits

i) Defined benefit plan

Gratuity liability is a defined benefit obligation and recognized based on actuarial valuation carried out using the Projected Unit Credit Method. The scheme for all the group companies except one subsidiary is maintained and administered by Life Insurance Corporation of India to which each group company makes periodical contributions. The scheme is separate for each group company.

ii) Defined contribution plans

A Defined Contribution Plan is plan under which the Group makes contribution to Employee's Provident Fund administered by the Central Government. The Group's contribution is charged to the consolidated statement of profit and loss.

c) Other Long Term Employee Benefits – Leave Encashment

The liability towards leave encashment which is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services is recognized based on actuarial valuation carried out using the Projected Unit Credit Method.

(xv) Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized. All other borrowing costs are expensed in the period in which they occur.

(xvi) Income Taxes

Tax expenses for the year comprises current tax and deferred tax.

Current Tax

Current tax is the amount of income tax payable in respect of taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because taxable profit is adjusted for items of income or expenses which are taxable or deductible in other years and also for items which are never taxable or deductible.

The Group's liability for current tax is calculated using tax rates and tax laws that are in force.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries and joint venture, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent it is no longer probable that sufficient taxable profit will be available to allow entire or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws in force.

The deferred tax assets (net) and deferred tax liabilities (net) are determined separately for the Parent and the Subsidiary Companies, as per their applicable laws and then aggregated.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity in which case the tax is recognised in Other Comprehensive Income or directly in equity, respectively.

MAT

Minimum Alternate Tax ('MAT') as per the provisions of the Act is recognised as deferred tax in the statement of profit and loss. The credit available as per tax laws in India in respect of MAT paid will be recognised as an asset only when and to the extent there is convincing evidence that the credit can be carried forward for set off against the normal tax liability. Such asset is reviewed at each Balance Sheet date.

(xvii) Segment Reporting

Operating segment is a component of an entity whose operating results are regularly reviewed by the Chief Operating Decision Maker (CODM) of the Parent to make decision about resource to be allocated to the segment and assess its performance.

(xviii) Statement of Cash Flow

Cash flow statement is reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cashflows. The cash flows from operating, investing and financing activities of the Group are segregated.

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

For the purposes of cash flow statement cash and cash equivalents consist of cash and short-term deposits, as defined above.

(xix) Events after Reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the consolidated financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(xx) Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity share outstanding during the period.

For the purpose calculating Diluted Earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

(xxi) Goodwill

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is initially measured at cost, being the excess of the consideration transferred over the net identifiable assets acquired and liabilities assumed, measured in accordance with Ind AS 103 – Business Combinations.

Goodwill is considered to have indefinite useful life and hence is not subject to amortization but tested for impairment at least annually. After initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination, is from the acquisition date, allocated to each of the Company's cash generating units (CGUs) that are expected to benefit from the combination. A CGU to which goodwill is allocated is tested for impairment annually, and whenever there is an indication that the CGU may be impaired; by comparing the carrying amount of the CGU, including the goodwill, with the recoverable amount of the CGU. If the recoverable amount of the CGU exceeds the carrying amount of the CGU, the CGU and the goodwill allocated to that CGU is regarded as not impaired. If the carrying amount of the CGU exceeds the recoverable amount of the CGU, the Group recognizes an impairment loss by first reducing the carrying amount of any goodwill allocated to the CGU and then to other assets of the CGU pro-rata based on the carrying amount of each asset in the CGU. Any impairment loss on goodwill is recognized in the Statement of Profit and Loss. An impairment loss recognized for goodwill is not reversed in subsequent periods. On disposal of a CGU to which goodwill is allocated, the goodwill associated with the disposed CGU is included in the carrying amount of the CGU when determining the gain or loss on disposal.

(xxii) Business Combination

Business combination is accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. The consideration transferred is measured at fair value at acquisition date and includes the fair value of any contingent consideration. However, deferred tax asset or liability and any liability or asset relating to employee benefit arrangements arising from a business combination is measured and recognized in accordance with the requirements of Ind AS 12 "Income Taxes" and Ind AS 19 "Employee Benefits", respectively.

Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of a bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets acquired and liabilities assumed, the difference is recorded as a gain in other comprehensive income and accumulated in equity as capital reserve. The costs of acquisition excluding those relating to issue of equity or debt securities are charged to the statement of profit and loss in the period in which they are incurred.

In case of business combination involving entities under common control, the above policy does not apply. Business combinations involving entities under common control is accounted for using the pooling of interests method. The net assets of the transferor entity or business are accounted at their carrying amounts on the date of the acquisition subject to necessary adjustments required to harmonise accounting policies. Any excess or shortfall of the consideration paid over the share capital of transferor entity or business is recognised as capital reserve under equity.

12.1 Security Premium

Security premium is used to record the premium received on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

12.2 General Reserve

General Reserve is created from time to time by way of transfer profits from retained earnings for appropriation purposes. General Reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income. Under the Companies Act, 2013 there is no mandatory requirement for transfer of a specific percentage of net profit to general reserve which was required under the erstwhile Companies Act, 1956.

12.3 Equity Instruments through Other Comprehensive Income (OCI)

This represents the cumulative gains/(losses) arising on the revaluation of equity instruments measured at fair value through other comprehensive income, under an irrevocable option, it will be reclassified to retained earnings when such assets are disposed off.

12.4 Foreign Currency Translation Reserve

Exchange differences relating to the translation of the results and net assets of Joint Venture from their functional currencies to the Parent Presentation currency (i.e. ₹) are recognised directly in the Other Comprehensive Income and accumulated in Foreign Currency Translation Reserve.

Note 32 : SEGMENT INFORMATION

- a) Basis of Segmentation :

Factors used to identify the reportable segments:

The Group has following business segments, which are its reportable segments. These segments offer different products which are managed separately because they require different technology and production processes.

Reportable Segment	Operations
Enamelled wires and strips	Manufacturing of Enamelled wires and strips
Copper tubes and pipes	Trading and Manufacturing of Copper tubes and pipes
Other	Manufacturing of BLDC motors for Air conditioner, Hub, HVLS Fans, Submersible Pumps and related Products

Operating segment disclosures are consistent with the information provided to and reviewed by the chief operating decision maker.

The measurement principles of segments are consistent with those used in Significant Accounting Policies. Inter-segment transactions are determined on an arm's length basis.

Note 33 : EMPLOYEE BENEFITS

A) Defined Benefit Plan- Gratuity

The Employees' Gratuity Fund Scheme, is a defined benefit plan. The scheme is maintained and administered by Life Insurance Corporation of India (LIC) separately for each entity in the Group to which they make periodical contributions. Under the scheme, every employee who has completed at least five years of service usually gets gratuity on departure @ 15 days of last drawn salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method. One of the subsidiaries has till the date of this report not maintained the fund.

The following table summarises the components of net benefits expense recognised in the consolidated statement of profit and loss and the funded status and amounts recognised in the balance sheet :

- 1 The average duration of the defined benefit plan obligation at the end of the reporting period is 8.84 years to 14.97 years.
- 2 The Group expects to contribute ₹ 41.70 Lakhs to the plan during the next financial year.
- 3 The estimates of rate of escalation in salaries considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.
- 4 Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of the obligations.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

- 5 The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis the present value of defined benefit obligation has been calculated using the projected unit credit method.

B) Defined Contribution Plan - Provident fund

The Group makes its contribution along with the share of employees' contribution deducted from salary on monthly basis to Employees' Provident Fund administered by the Central Government. The Group's Contribution is charged to Statement of Profit & Loss. The Group has no obligation for any further contribution in case of any shortfall. The details of contribution are as under :-

Investments are not held for trading. Upon the application of Ind AS 109 - Financial Instruments, the Group has chosen to measure said investments in equity instrument at FVTOCI irrevocably as the management believes that presenting fair value gains and losses relating to the said investments in the statement of profit and loss may not be indicative of the performance of the Group.

B) Fair Value Measurements

- (i) All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows:
- Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 — inputs that are unobservable for the asset or liability.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

The carrying amounts of financial assets (other than security deposits and loan to employees) and financial liabilities (Other than long term borrowing and lease liabilities) measured at amortised cost in the financial statements are reasonable approximation of their fair values since the Group does not anticipate that the carrying amount would be significantly different from the value that would eventually be received or settled.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Group could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

There have been no transfers between Level 1 and Level 2 for the years ended 31st March, 2022 and 31st March, 2021.

C) Financial Risk Management- Objectives and Policies

The Group is exposed to: (a) Market Risks comprising of Interest Rate Risk, Currency Rate Risk, Commodity Price Risk and Equity Price Risk (b) Credit Risk comprising of trade receivable risk and financial instrument risk and (c) Liquidity Risk. The Group has well placed Risk Management Policy (RMP). The policy provide broad guidelines to identify the risk arising from these factors and provide guidelines to the team for its mitigation or at-least minimize its effect on income / expense on the Group is optimized. Team involved in RMP meets frequently to discuss the level of risk they foresee based on the conditions persisting.

The Group's exposure to Market Risk, Credit Risk and Liquidity Risk have been summarized below:

Market Risk

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to interest rate risk on short-term and long-term floating rate interest bearing liabilities. The Group's policy is to maintain a balance of fixed and floating interest rate borrowings and the proportion of fixed and floating rate debt is determined by prevailing interest rates. These exposures are reviewed by the management on a periodic basis.

The exposure of the Group's financial liabilities to interest rate risk based on liabilities as at reporting date is as follows:

Particulars	Impact on profit before tax	
	2021-22	2020-21
Increase in interest rate by 100 basis points	(266.97)	(360.33)
Decrease in interest rate by 100 basis points	266.97	360.33

(Calculated based on risk exposure outstanding as of date and assuming that all other variables, in particular foreign currency rates, remain constant).

Foreign Currency Risk

The Group is exposed to fluctuations in foreign currency exchange rates where transaction references more than one currency and/or where assets/liabilities are denominated in a currency other than the functional currency of the Group.

Exposures on foreign currency are managed through a hedging policy, which is reviewed periodically by the management. The Group usually enters into forward exchange contracts progressively based on their maturity to hedge the effects of movements in foreign currency exchange rates individually on assets and liabilities. The sources of foreign exchange risk for the Group are trade receivables, trade payables for imported materials & capital goods as well as foreign currency denominated borrowings. The policy of the Group is to determine on a regular basis what portion of the foreign exchange risk are to be hedged through forward exchange contracts.

NOTES to Consolidated Financial Statements for the year ended 31st March, 2022 (contd.)

The exposure of the Group's foreign currency risk based on unhedged exposure as at the reporting date is as follows:

(₹ in Lakhs)

Particulars	Impact on profit before tax	
	2021-22	2020-21
Increase in exchange rates by 5%	152.75	89.86
Decrease in exchange rates by 5%	(152.75)	(89.86)

Commodity Price Risk

The Group is exposed to the movement of copper and aluminium prices on the London Metal Exchange (LME). Any increase or decline in the prices of these commodities will have an impact on the profitability of the Group. As a general policy, the Group aims to purchase these commodities at prevailing market prices and also sell the product at price adjusted for prevailing market prices. The Group substantially ensures sale of products with simultaneous purchase of these commodities on back-to back basis ensuring no or minimum price risk for the Group.

Equity Price Risk

Equity price risk relates to change in fair value of investments in the equity instruments measured at fair value through OCI & FVTPL. As at 31st March, 2022 the carrying value of such equity instruments recognised at fair value through OCI & FVTPL amounts to ₹ 5,949.38 Lakhs (P.Y. ₹ 3,176.07 Lakhs).

A sensitivity analysis demonstrating the impact of change in the carrying value of investment in equity instrument as at reporting date is given below:

	2021-22	2020-21
Increase by 5%	297.47	158.80
Decrease by 5%	(297.47)	(158.80)

Liquidity Risk

Liquidity risk refers to the risk that the Group encounter difficulty in raising fund to meet its financial commitments. The objective of liquidity risk management is to maintain the liquidity and to ensure that funds are available for short operational needs and to fund Group's expansion projects. The Group has availed credit facility from the banks & financial institutions to meet its financial commitment in timely and cost effective manner.

The Group remains committed to maintaining a healthy liquidity and gearing ratio and strengthening the balance sheet. The maturity profile of the Group's financial liabilities based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below.

Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group is exposed to credit risk for trade receivables and financial guarantees for dealers, derivative financial instruments and other financial assets.

The Group assess the counter party before entering into transactions and wherever necessary supplies are made against advance payment. The Group on continuous basis monitor the credit limit of the counter parties to mitigate or minimise the credit risk. The credit risk for the financial guarantees issued by the Parent to bank for credit facilities availed by Parent's dealers from bank is minimum as those parties have long vintage with the Parent and they are also subject to credit risk assessment by bank on periodical basis. The credit risk on export receivables are limited as almost all export sales are made to parties having a long vintage with the Group and new parties are subject to necessary due diligence.

For trade receivables, as a practical expedient, the Group computes credit loss allowance based on expected credit loss method. The movement in expected credit loss allowance on trade receivable is as under:
