MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Management Discussion and Analysis.

A. Industry Structure and Developments

During the year, the luggage Industry witnessed an all-round growth. Growth was seen across channels and product categories. This growth has been fueled mainly by a continuous shift of consumer preference from unorganized sector to organized sector, growth in air travel, good wedding season, Government's focus on tourism, a growing acceptance of luggage as a lifestyle product.

Strong growth was seen in Hyper market and in E - commerce channels. Growth in these channels was led mainly better pricing and convenient shopping experience provided by Hyper market and E - commerce.

As per World Travel & Tourism council, the outlook for Travel & Tourism in 2016 remains robust, despite economic fragilities and other sources of volatility in the wider market. The sector's GDP growth contribution is expected to accelerate and again outpace growth of the wider economy. The direct contribution of Travel & Tourism to GDP is forecast to rise by 7.1% in 2016, and to rise by 7.9% pa, from 2016-2026.

Company Development:

The Company witnessed a good growth in the topline during the year under review, owing to good wedding season and increase in domestic and international travel. New product introductions supported by strong below the line advertising and robust distribution led to positive growth. Company is becoming multi brand as during the year it acquired brands like Genius & Magnum and also signed a distribution agreement for India with ANTLER, a popular luggage brand in UK.

The Company has introduced an exciting new range of Polycarbonate luggage, popularly known as PC zippered luggage, which is light weight & durable. The material provides a variety of opportunities to integrate fashion cues in the product. The Company also launched new product categories eg. Backpacks, Laptop Bags. All these products are very well received by the market.

The Company has improved its presence in Hypermarkets by increasing the count of point of sales in larger retail chains Big Bazaar, D' Mart, Reliance, Bharti Walmart, Aditya Birla Retail, Vishal, TESCO & Hypercity etc. Company has grown significantly in ecommerce in marketplace websites such as amazon.in, snapdeal.com, myntra.com, jabong.com & flipkart.com etc. The Company also operates from 50+ exclusive retail stores. Thus across channels, several new product ranges were launched across price points, in both PC & soft luggage categories, with a special thrust on polycarbonate, business collections and backpacks.

Depreciation of rupee against USD has put pressure on margins. Imported Soft luggage across product categories is the highest contributor to sales of the Company. During the year, rupee remained weak and the Company's buying costs of imported products remained high in rupee terms. The Company was able to negotiate and limit cost increases in dollar terms with the Chinese supplier due to its increased negotiating power. Further, due to intense competition, only some increases were passed on to customer through price increases which partially but not fully offset these increased costs. Prices of polymer, aluminum and polycarbonate, the basic raw material for hard luggage, remained under control due to softening of crude prices.

B. Opportunities and Threats

Keeping pace with market growth or even outperforming the market in the coming years is the biggest challenge. On the other hand, due to its linear structure, faster and better decision making allows the Company to grab opportunities in time. The key opportunities lie in gaining leadership position in new category like school bags. Also the Company sees good opportunity in backpacks and PC categories where good growth is expected as consumers upgrade from unbranded to branded products.

C. Segment/Product-wise Performance

Major growth is observed in soft luggage uprights and polycarbonate uprights, whereas traditional hard luggage, made of Poly Propylene saw a steep drop in Sales. This shift is due to change in consumer preferences towards the convenience of light and wheeled travel products and away from heavier products without wheels. Soft luggage is major contributor to the Company's sales.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

D. Outlook

Though a challenge, the Company is confident to grow faster than the market growth. The topline is likely to keep growing at a good rate due to new and better product offerings and robust distribution network. However, the margins may continue to experience pressure on account of weaker rupee, intense competition, advertisement spends etc.

Considering the threats, opportunities and the strengths of the Company, the key task at hand will be to make the most of the category growth across all price segments and maintain margins to the best possible level without affecting volume growth. The Company will try to pass on some escalations through price increases and better price negotiations on purchase side. The Company will also manage other costs.

Considering the above, the outlook for the current year looks bright, except for unfavorable impact, if any, on account of rupee depreciation, weaker consumer sentiment or other unforeseen circumstances.

E. Risks and Concerns

Like any other entity, the Company is exposed to various risks and uncertainties and also has access to opportunities across its national presence. The Company's performance, future prospects and cash flow generation could be materially impacted by any of these risks or opportunities. The major risks as identified by the Company are overdependence on China for purchase of soft luggage, risk of exchange loss associated with imports, unfair competition, brand positioning, etc.

Safari follows the Enterprise Risk Management (ERM) framework to manage these risks which is primarily based on the integrated framework for enterprise risk management and internal controls developed by the Risk Management Committee.

F Internal Control Systems

Ernst & Young LLP, Chartered Accountants, were appointed as the Internal Auditors of the Company to review internal controls periodically with specific reference to evaluation of the current business processes, identify gaps, inefficiencies, process exceptions and suggest action plans, verify adherence to risk mitigation plans, to review plant operations / effectiveness, sales planning and distribution channels, branches of the Company, to provide assurance regarding various compliances by assessing the reliability of financial controls and compliance with applicable laws and regulations. The Company has a regular check on expenses including capex in relation to an approved budget. The Company has documented policies and SOPs with regards to all major activities. The Internal Auditors submit their reports to the Audit Committee every quarter. The management considers and takes appropriate action on the recommendations made by the Statutory Auditors, Internal Auditors and the Audit Committee of the Company. ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SAFARI INDUSTRIES (INDIA) LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **SAFARI INDUSTRIES (INDIA) LIMITED** ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such controls were operating effectively as at March 31, 2016, based on the relevant criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SAFARI INDUSTRIES (INDIA) LIMITED [Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")]

In conjunction with our audit of the consolidated financial statements of the company and for the year ended March 31, 2016, We have audited the internal financial controls over financial reporting of **SAFARI INDUSTRIES (INDIA) LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiary company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary company, which are companies incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such controls were operating effectively as at March 31, 2016, based on the relevant criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
