MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry Structure & Development

Continental Petroleums Limited (CPL) is one of the leading manufacturers of industrial lubricants in India and manufacturing wide range of premium quality lubricants for Automotive & Industrial Application, specialties and process oils etc. under the brand name of “Mobolene” at Behror plants. This industry has much growth potential and is growing globally.

2. Overview:

The financial statements have been prepared in compliance with the requirements of the Companies Act, 1956/2013 and made on a prudent and reasonable basis in order that the financial statements reflects a true and fair manner the form and substance of transactions and reasonably present our state of affairs and profit for the year.

3. Market Segment

There are two major segments of the lubricants industry.

The automotive lubricants segment has an approximate market share of 65% and the Industrial lubricants segment accounting for the rest.

- Import Threat

Lubricants are usually made according to the nature of use, climatic conditions, type of road, and nature of automobiles and so on. Therefore, it would not be logical to import the same in the country. But at the same time, there is not much difference and the same can be imported if one prefers to do so. In fact, premium products, even as on today, are imported. However, in the general outlook of things, import of lubricants in India would not be competitive due to the prevailing import duty structure as well as high freight costs. In consideration of above, it could be safely noted that the key factors to success for any company in the Lubricant industry would be:

- a) Good brand image.
- b) An extensive marketing network.
- c) Strong financial resources.
- d) Technological innovations and R&D backup.

4. Internal Control System and their Adequacy

The Company has proper and adequate systems of internal control to ensure that assets are safeguarded and transactions are duly authorized, recorded and reported correctly. The Internal Control system is further supplemented by Internal Audit, conducted by an independent firm of Chartered Accountant. The Audit Committee also reviews the

adequacy & effectiveness of the Internal Audit function and takes corrective action(s), if required.

5. Human Resource

The Company enjoys the services of human resources highly committed towards the growth of the Company. The Company ensures the health & safety requirements of all concerned at its sites as well as offices. There is a unity of purpose among all the employees of the Company.

6. Health Safety and Environment

The management is aware of all the HSE issues that are relevant to the conduct of oil and gas operations. Hence enforces complete regard to the HSE and ensures all its personnel, contractors and others associated with the operations adhere to the Company's HSE policies and norms to ensure safe and environmentally friendly operations. Due to this, the Company has thus far been successful in conducting its operations safely.

7. Cautionary Statement

Statements in this report on Management Discussion and Analysis describing the company's objectives, projections, estimates, expectations or predictions may be "forward looking statements" within the meaning of applicable securities law or regulations. These statements are based on certain assumptions and expectations of future events. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting global and domestic demand-supply, finished goods price in the domestic and overseas markets in which the Company operates, raw-materials cost and availability, changes in Government regulations, tax regimes, economic developments within or outside India and other factors such as litigation and industrial relations. The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements, on the basis of any subsequent developments, information or events
