MANAGEMENT DISCUSSION AND ANALYSIS:

a) Industry Structure and Developments:

The Indian gem and jewellery industry has witnessed a marginal decline of 0.36% in FY 2011-2012 owing to the decrease in trading exports of diamonds. The total gem & jewellery industry exports were recorded at US\$ 42839 million (INR 204823 crores) in FY 2011-12 as compared to US\$ 42995 million (INR 195735 crores) in April 2010 – March 2011. Though in dollar terms there is a marginal drop of 0.36%, the exports mark an increase of 4.6% in rupee value. The gem & jewellery sector accounted for 14% of India's total merchandise exports in FY 2011-2012.

The growth in the sector was primarily driven by Gold Jewellery which registered an increase of 30% in FY '12. The exports grew from US\$ 12695 million (INR 57747.67 crores) in 2010-2011 to US\$ 16517 million (INR 79430.26 crores) in 2011-2012.

Cut and Polished Diamonds (CPD) witnessed a decline of 17.3% with exports decreasing from US\$ 28217 million in 2010-2011 to US\$ 23329 million in 2011-2012.

Coloured gemstone exports witnessed an increase of 9.10% in dollar terms with sector recording growth from US\$ 314.20 million in 2010-2011 to US\$ 342.80 million in 2011-2012.

UAE was the largest exporting destination with 44% of Exports to the market, followed by Hong Kong with 25% and USA with 12% of exports.

An increase in import figures of rough diamonds indicates stable growth of trade at the manufacturing level and growth in exports.

There has been a substantial decline in import of polished diamonds during January to March 2012 more than 70% in a month post introduction of 2% duty on C&PD. In the annual figure the decline is 30% in 2011-12 in comparison to previous year. It is expected that the total import of polished diamonds at US\$14.3 bn in 2011-12 may eventually come down significantly in 2012-13.

b) Opportunities and Threats:

(i) Opportunities:

The jewellery industry is growing at a whopping rate with the boom in the domestic and exports of Indian jewellery, the shining materials of India brings more sparkle to the economy. Gems and jewellery export stands the second major foreign exchange earner for the country. India has many natural advantages to emerge as Gems & Jewellery hub of the world. India has the largest and the best artisan force for designing and crafting the jewellery in the world. There is considerable scope of value addition in terms of capacity building at the domestic front, quality management and professionalism.

India is the world's largest manufacturing centre for gems and jewellery and the Industry contributes over 12% to the total export earnings of the country and employs highly skilled 1.5 million workers. The gems and jewellery industry is a major exchange exchequer as major portion (around 80%) of its turn over was contributed by exports. Diamonds contribute to nearly 80% of the entire turnover and of this industry and hence many times the terms 'gems and jewellery industry' and 'diamond industry' are used as synonyms.

(ii) Threats:

Although India currently enjoys dominance in the world's cut and polished diamonds market, China may emerge as a viable rival, if not in the near term, certainly in the longer term. An increasing number of diamond processors from Israel and Belgium, and even India, are setting up facilities in China for a variety of reasons, according to the report on the Indian gems and jewellery industry. The primary reasons for these are:

- (i) The labour force there, like in India, is cheap and disciplined.
- (ii) High economic growth in China over the past decade has resulted in a significant increase in potential consumers in the high – income segment within the country.
- (iii) Quality of workmanship and technological development (technical expertise) are the other areas where the Indian industry faces a threat from China.

c) Segment wise Performance:

The Company is in the business of Rough Diamonds and Polished Diamonds. The Company has two segments one is manufacturing and other is trading. The detailed reporting of segment wise performance of the Company is mentioned in point J Notes to Accounts of the Auditor's Report.

d) Future Outlook:

As industry survey stated, there has been a slowdown in the economy specially in the developed economies and it may continue for sometime due to demand contraction in the developed markets such as the US and the European Union,. However, very recent figures and increase in consumer confidence across globe have boosted the industry confidence and experts are hoping for quick revival of consumer demand and growth in industry. All India Gem and Jewellery Trade Federation (GJF) are targeting growth from US \$ 16.79 billion to US \$ 26.23 billion by the year 2012.

India possesses the world's most competitive gems and jewellery market due to its low cost of production and availability of skilled labour. As per the new research report "Indian Gems and Jewellery Market - Future Prospects to 2011", highly skilled and low cost manpower, along with strong government support in the form of incentives and establishment of SEZs, has been the major driver for the Indian gems and jewellery market. The market also plays a vital role in the Indian economy

as it is a leading foreign exchange earner and accounts for more than 12% of India's total exports. Currently the Indian market remains highly fragmented, but is rapidly transforming into an organized sector.

The Indian Diamond Industry is witnessing a divergent trend in the demand for cut and polished diamonds and maintaining its Global Presence. The Jewellery Industry is also having its presence felt in the local as well as global market. The new Government and its economic policies will have an impact on the economic reforms and also on the Gem and Jewellery Industry. The Rupees / Dollar fluctuations is having a lot of impact on the performance of the industry and continues to do so in future also because the exports are linked to dollar. The overall demand in the world market is excellent but due to problems faced by the U.S. economy the demand will be sluggish until and unless there is improvement in the oil price. Revaluation of Yuan of China will have cost bearing effect in the labour market. This will open up the market for Indian Diamond and Jewellery and increase its presence. The cash flow of the company is very encouraging with the significant growth in terms of turnover as well as profitability. Currently, the industry is facing a slowdown due to global economic turmoil. But due to various government efforts and incentives coupled with private sector initiatives, the Indian gems and jewellery sector is expected to grow at a CAGR of around 14% from 2009 to 2012. At present, the Indian gems and jewellery market is dominated by the unorganized sector; however, the trend is set to change in near future with the branded jewellery market growing at an expected CAGR of more than 41% in the coming four years.

The outlook for the Industry and consequently for the Company during the current financial year is reasonably good, subject however, to the effects of prevailing disturbed scenario in the different parts of the world. The Company is putting a lot of efforts to strengthen its financial position by increasing its working capital so as to expand its operations and export business. In view of the demand for Cut and Polished Diamonds and Diamond Studded Jewellery there is a continuous growth in diamond business. There is enough potential in the Indian and Overseas market for the Companies engaged in diamond trade and export. The Company's policy is to maintain goodwill in the market and flawless perfection at all levels. Customer's satisfaction is the top most priority.

e) Risk Management:

Risk is an important element of corporate functioning and governance. Your Company has established the process of identifying, analyzing and treating risks, which could prevent the Company from effectively achieving its objectives. It ensures that all the risks are timely defined and mitigated in accordance with the well structured risk management Process.

f) Internal Control Systems:

The Company has designed an effective Internal Control System to balance the financial, operational, compliance and other risks and explore its business opportunities at the fullest to achieve its desired objectives.

g) Financial performance with respect to operational performance:

The turnover of the Company has increased to Rs. 29,44,87,350.00/- as compared to Rs. 21,35,36,034.90/- in the previous year. Despite the global recession affecting the domestic market as well, the Company has established itself in the local market with an increasing sale of Rs. 8,97,19,841.00/- as compared to Rs. 6,84,01,409.00/- in the previous year.

h) Human Resources:

People are the most valued assets of the Company. They work individually and collectively contributing to the achievement of the objectives of the business. The relation between the employees and the Company remained cordial throughout the year. Your Company's corporate culture and the vision and values help unite the workforce and provide standards for how your Company conducts the business.

i) Code of Conduct:

The Board of Directors has prescribed norms of ethical practices and code of conduct for the Directors of the Company. The Code of Conduct of the Company lays down the principles, values, standards and rules of behavior that guide the decisions, procedures and systems of the Company in a way that (a) it contributes to the welfare of its stakeholders, and (b) respects the rights of all constituents affected by its operations. The Code of Conduct is reviewed from time to time by the Board.

DEMATERIALIZATION OF SHARES:

Dematerialisation is the process of converting the physical form of shares into electronic form. Dematerialisation helps to overcome the problems of delay in transfer of certificates, forgery of certificates etc. as well as reduces the transaction time

as compared to the physical segment. Due to the various benefits of dematerialization of shares to the investors and the Company as well, your Directors request and recommend you to convert your physical shares in dematerialized form.

REPORT OF CORPORATE GOVERNANCE 2011 - 2012

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

Corporate Governance means to steer an organization in the desired direction. It deals with laws, procedures, practices and implicit rules that determine a Company's ability to take informed managerial decisions vis-a-vis its claimants—in particular, its shareholders, creditors, customers, the State and employees. There is a global consensus about the objective of 'Good' Corporate Governance: maximizing long-term shareholder value."

MINI DIAMONDS (INDIA) LIMITED believes that Corporate Governance brings about equilibrium between the expectations of the owners, employees, customers and all other stakeholders. It builds continuing bonds with shareholders, employees, investors, depositors, borrowers, suppliers, customers and business constituents.

The Company believes that its fundamental objective is not mere fulfillment of the requirements of law but in ensuring commitment of the Board in managing the Company in a transparent manner for maximizing stakeholder value.

Securities and Exchange Board of India (SEBI) incorporated Clause 49 in the Listing Agreement in February 2000, as part of its endeavour to improve the standards of Corporate Governance in line with the needs of a dynamic market. As a Company, which believes in implementing and adopting best-in-class corporate governance policies, MINI DIAMONDS (INDIA) LIMITED has adopted practices mandated in the revised Clause 49 and has established procedures and systems to be fully compliant with it.

The Company aims at maximizing long-term value and shareholders' wealth and thus adheres to the ethics, value and morals of the Company and its Director.

Good governance is integral to the very existence of the Company. It seeks to achieve following objectives of the Company viz:

- A properly structured Board capable of taking independent and objective decisions;
- Adoption of transparent procedures and practices and to arrive at decisions on the strength of adequate information.
- To keep the shareholders informed of relevant developments impacting the Company.

Your Board of Directors presents the Corporate Governance Report for the year 2011-2012.

AUDITOR'S REPORT

To,
The Members of Mini Diamonds (India) Ltd.,

We have audited the attached Balance Sheet of Mini Diamonds (India) Ltd. as at 31st March, 2012 and the Statement of Profit and Loss for the year ended on that date. These financial statements are the responsibility of the entity's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We report as follows :

1. As required by the Companies (Auditor's Report) Order, 2003 as amended by Companies (Auditor's Report) (Amendment) Order, 2004 (together 'the Order') issued by the Central Government of India, in terms of Section 227(4A) of the Companies Act, 1956 we enclose in the Annexure a statement on the matters specified in the paragraphs 4 and 5 of the said Order.
2. Further to our comments in the Annexure referred to in paragraph 1 above :
 - a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as appears from our examination of the books;

**Schedule : 22 :**

Notes annexed to and forming part of the Balance Sheet and Statement of Profit & Loss

I - Significant Accounting Policies & Notes To Accounts**1. Significant Accounting Policies****a) AS – 1 Disclosure of Accounting Policies**

The financial statements have been prepared using mercantile system of accounting under the historical cost convention on a going concern basis. It recognizes significant items of income and expenditure on accrual basis.

b) AS – 2 Valuation of Inventories

Rough Diamonds & Cut and Polished Diamonds have been valued as under:

Where stocks can be identified:

At cost or net realizable value whichever is lower.

Where the stocks are mixed:

At technically evaluated cost or net realizable value whichever is lower.

Rough Rejection Diamonds have been valued at its net realizable value.

Gold, Silver, Consumables and Alloys are valued At Cost. i.e. cost of acquisition as on that date.

As the physical verification, examination and valuation of diamonds involving visual appraisal etc. are technical in nature, the same are fully relied upon by us on the management. According to the management, except where the stock is valued at actual cost the values assigned are the fairest possible approximations to the cost incurred or its net realizable value.

c) AS – 4 Contingencies & Events occurring after the Balance Sheet Date

There were no events occurring after the Balance Sheet date.

d) AS – 5 Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies

No prior period items and extraordinary items were noticed during the course of audit.

e) AS – 6 Depreciation Accounting

Depreciation has been provided under the written down value method at the rates prescribed under schedule XIV of the Companies Act, 1956. In respect of the assets added / sold during the year pro-rata depreciation has been provided.

f) AS – 9 Revenue Recognition

The income of the company, derived from sale including exchange fluctuation on exports, is recognized on the completion of sale with the passing of the title.

g) AS – 10 Accounting for Fixed Assets

Fixed assets are stated at cost of acquisition to the company including expenditure incurred up to the date the asset is put to use.

h) AS – 11 Accounting for the effects of changes in Foreign exchange rates

Transactions denominated in foreign currencies are normally recorded at the Exchange rate prevailing as on the date of transaction.

Monetary items denominated in foreign currencies at the year-end and not covered by forward contract are translated at year-end rate.

Non-monetary foreign currency items are carried at cost.

Any income or expense on account of exchange difference either on settlement or on translation is adjusted to the profit and loss account.

i) **AS – 16 Borrowing Cost**

Interest & commitment charges on borrowings granted by the banks and interest on loans obtained from other parties are recognised in the Profit & Loss Account. No amounts of borrowing costs have been capitalised during the year.

j) **AS – 17 Segmental Reporting****Primary Segment**

Company has only one primary reportable segment viz Gems & Jewellery.

Secondary Segment**Details as per Geographic Region**

Region	Region wise Sales In Rs.
Local	89,719,841/-
New Zealand	259,681/-
Hongkong	159,776,042/-
Bangkok	7,408,189/-
Dubai	7,553,000/-
Belgium	8,662,939/-
Exchange Gain/(Loss)	14,854,464/-
TOTAL	288,234,156/-

Segment Reporting and Related Information requires that an enterprise report a measure of total assets for each reportable segment. The fixed assets and inventories used in the company's business are not identifiable to any particular reportable segment and can be used interchangeably among geographical segments. Consequently, management believes that it is not practical to provide segment disclosures relating to total assets since a realistic analysis among the various geographic segments is not possible.

k) **AS – 18 Related Party Disclosure**

Sr No.	Related Party	Nature of Transactions	Amount (In Rs)
1	Key Management Personnel	<ul style="list-style-type: none"> • Remuneration • Loan Repaid (Net of Receipts) 	<p>4,80,000/-</p> <p>362,000/-</p>

l) **AS – 20 Earnings per share**

Earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders, by the weighted average number of equity shares outstanding during the period.

m) **AS – 22 Accounting for Taxes on Income**

Current Tax is determined as the amount of tax payable in respect of taxable income for the year after considering various reliefs admissible under provisions of the Income Tax Act, 1961.

The deferred tax for timing difference between the book profit and the tax profit for the year is accounted for using tax rates and tax laws that have been enacted or substantially enacted at the Balance Sheet date.

n) **AS – 28 Impairment of Assets**

The Company assesses at each Balance Sheet date whether there is any indication that asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Profit and Loss Account.

o) **AS -29 Provisions, Contingent Liabilities and Contingent Assets**

The Company recognizes a provision when there is a present obligation as a result of a past event that requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but will not require an outflow of resources. When there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.
