MANAGEMENT DISCUSSION AND ANALYSIS

a) Industry

Recycling as waste management practice in India is pushed by statutory compulsions, ecological requirements and economic considerations. The recycling activity is witnessing a shift and moving from largely unorganized approach to a more organized large scale corporate domain. The negative externalities caused from the hazardous nature of the material used in products, makes it necessary to reclaim the waste and recycle components of the products to reduce the associated environmental contamination.

The recent policy amendments and proposed actions in the country have resulted in more organized efforts to recycle electronic waste (e-waste) although the technology in India is still limited and the e-waste recyclers cannot recover metals from the printed circuit boards, but their operational costs are coming down significantly as the industry prepares itself for the proposed e-waste recycling policy (draft of e-waste recycling policy is in circulation and largely in acceptable form).

b) Waste & Recycling industry facts

In the United States, the recycling industry currently provides 1.1 million jobs, generates approximately \$240 billion in revenue, and spends close to \$40 billion in payroll. There are about 56,000 public and private companies of varying sizes within this industry. In other words, there are some huge opportunities within the Waste & Recycling industry providing a unique opportunity to make money while keeping the earth green. There are still some challenges to overcome before companies can fully take advantage of these opportunities, however, the upside is huge.

c) Strength, Weakness, Opportunities & Treats

Strengths

- Global demand for raw materials is driving the growth of the recycling industry
- Rising commodity prices result in increased profitability in recycling
- Increasing availability of new technologies for efficient and cost effective recycling

Weaknesses

- The waste and recycling industry is fractured in and consolidation has just begun
- Margins in the industry are currently low
- Price fluctuations for recycled materials are high

Opportunities

- Consolidation by Merger & Acquisitions

Threats

- Rising cost of wages and fuel
- Obsolete systems and software
- Tougher regulations

As you can see, the Waste and Recycling industry is in an interesting space right now. There is plenty of room for consolidation, growth and increased operational efficiency. Coupled with the growing global demand for environmentally friendly business practices, companies in this space have a lot to be excited about.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mini Diamonds (India) Ltd. ("The Company"), as of 31st March, 2016 in conjunction with our audit of standalone financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting, issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the Institute of Chartered Accountants of India. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide for a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide a reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: 1) pertain to maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation to financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the Inherent Limitations of Internal Financial Controls over Financial Reporting, including the possibility of collusion or improper management override controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls system over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies & Notes on Financial Statements

1. Significant Accounting Policies

a) AS – 1 Disclosure of Accounting Policies

The financial statements have been prepared using mercantile system of accounting under the historical cost convention on a going concern basis. It recognizes significant items of income and expenditure on accrual basis.

b) AS – 2 Valuation of Inventories

Rough Diamonds & Cut and Polished Diamonds have been valued as under:

Where stocks can be identified:

At cost or net realizable value whichever is lower.

Where the stocks are mixed:

At technically evaluated cost or net realizable value whichever is lower.

Rough Rejection Diamonds have been valued at its net realizable value.

Gold, Silver, Consumables and Alloys are Valued at Cost i.e. Cost of acquisition as on that date.

As the physical verification, examination and valuation of diamonds involving visual appraisal etc. are technical in nature, the same are fully relied upon by us on the management. According to the management, except where the stock is valued at actual cost the values assigned are the fairest possible approximations to the cost incurred or its net realizable value.

c) AS – 4 Contingencies & Events occurring after the Balance Sheet Date

There were no events occurring after the Balance Sheet date.

d) AS – 5 Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies

No prior period items and extraordinary items were noticed during the course of audit.

e) AS - 6 Depreciation Accounting

Tangible Assets

Depreciation has been provided under the written down method at the rates prescribed under schedule II of the Companies Act, 2013. In respect of the assets added/ sold during the year pro-rata depreciation has been provided.

f) AS – 9 Revenue Recognition

The income of the company, derived from sale including exchange fluctuation on exports, is recognized on the completion of sale with the passing of the title.

g) AS – 10 Accounting for Fixed Assets

Fixed assets are stated at cost of acquisition to the company including expenditure incurred up to the date the asset is put to use.

h) AS – 11 Accounting for the effects of changes in Foreign exchange rates

Transactions denominated in foreign currencies are normally recorded at the Exchange rate prevailing as on the date of transaction.

Monetary items denominated in foreign currencies at the year-end and not covered by forward contract are translated at year-end rate.

Non-monetary foreign currency items are carried at cost.

Monetary items covered by forward exchange contracts are translated at the rate ruling at the date of transaction as increased or decreased by the proportionate difference between the forward rate and the exchange rate on the date of transaction, such difference having been recognized over the life of the contract.

Any income or expense on account of exchange difference either on settlement or on translation is adjusted to the profit and loss account.

i) AS – 16 Borrowing Cost

Interest & commitment charges on borrowings granted by the banks and interest on loans obtained from other parties are recognised in the Statement of Profit & Loss. No amounts of borrowing costs have been capitalised during the year.

j) AS – 17 Segmental Reporting

Primary Segment

Company has only one primary reportable segment viz Gems & Jewellery.

Secondary Segment

Details as per Geographic Region

Region	Region wise Sales (In Rs.)
Antwerp	14,849,997/-
Dubai	127,598,868/-
U.S.A.	7,681,455/-
Hong Kong	148,972,175/-
Exchange Gain/(Loss)	2,037,080/-
Local	956,453,220/-
TOTAL	1,257,592,795/-

Segment Reporting and Related Information requires that an enterprise report a measure of total assets for each reportable segment. The fixed assets and inventories used in the company's business are not identifiable to any particular reportable segment and can be used interchangeably among geographical segments. Consequently, management believes that it is not practical to provide segment disclosures relating to total assets since a realistic analysis among the various geographic segments is not possible
