DIVIDEND

With a view to consolidate the financial position of the Company, the Board has not recommended any dividend for the year under review.

BUSINESS OPERATIONS & FINANCIAL PERFORMANCE

The operations of the company, during the year under review, were affected by the downturn in the economy across all industries, in India as well as in the rest of the world. The revenues of the company decreased to ₹ 736.19 lakh compared to ₹ 1195.63 lakh in the previous year. The dip in revenues was mostly on account of reduction in exports (direct and indirect) of the company, from ₹ 802.71 lakh in the previous year to ₹ 343.67 lakh during the period under review.

The decrease in revenues has also led to a corresponding decrease in the net profits of the company from ₹ 41.80 lakh in the previous year to ₹ 20.42 lakh during the year under review.

During the year, the company continued to explore alternate export products and markets, as per the guidelines of the Board. As part of this strategy, your company participated and exhibited at **THE INDIA SHOW, Almaty, Kazakhstan**, organized from 27th – 30th March 2014. **THE INDIA SHOW** at Almaty, Kazakhstan was an initiative of the Government of India, Ministry of Commerce & Industry, Department of Commerce, in close association with the Embassy of India in Kazakhstan and Confederation of Indian Industry (CII), to promote Indian Industry in that market. Kazakhstan is a relatively unexplored, untapped market and the participation in the show helped the company meet potential customers. The company has been receiving a few enquiries from Kazakhstan after the participation.

FUTURE OUTLOOK

In the current year, there are some initial signs of a revival in the economy. The Board is hopeful that with improvement in the business sentiment, the company would be able to improve its performance in the current year, especially with regards to its exports.

To increase its exports to semi regulated markets, the company plans to undertake upgradation of its facilities in the current year to GMP standards. This would open up newer markets for its products and help in improving the revenues and profits of the company.
