Forward looking statements

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

“The challenges in our lives are there to strengthen our conviction. They are not there to run us over.”

- Nick Vujicic

Adversity is tricky. It causes some to break. For others, it is an opportunity to validate their character. They take this moment to build on their strengths and reinforce their conviction. They tap their inner resilience and move ahead with renewed vigour.

At AksharChem, we have exhibited a similar enterprising spirit. For us, the last two years, were all about a journey of resilience, determination and persistence as we faced with unprecedented challenges. We reinvented ourselves and strengthened our competencies, to be future ready, all the while deriving belief from our values to stay grounded and mindful. We successfully diversified to inorganic chemicals and drove operational excellence. We deepened customer relations and sharpened focus on sustainability. We unlocked shareholder value creation and stepped ahead for all stakeholders.

The result: We delivered highest-ever revenues at

₹380.34 Crore

As the market now improves, we are confident for progressing ahead responsibly to deliver long-term value.

FORGING AHEAD RESPONSIBLY AND SUSTAINABLY

AksharChem (India) engages in the manufacture of dyes, pigments and inorganic chemicals. Globally recognized by top chemical companies, we are one of India's leading exporters of Vinyl Sulphone and world's leading manufacturer of CPC Green. We also have one of the largest manufacturing capacities for Precipitated Silica that is increasingly being in demand for high performance tyre and rubber applications.

We stand strong in a competitive market, with a robust R&D led portfolio, world-class quality standards and supply reliability, making us a dependable supplier to customers across more than 25 countries.

Through the years, we have invested in various technologies at our plants to evolve into one of the most cost-effective and sustainable companies. With this, we are meeting the needs of our customers as well as that of industry, society and planet.

Vision

To emerge as global leader in supply of specialty chemicals by creating value for our esteemed customers by supplying quality products.

Mission

We are committed to use 'Green' technologies in all our manufacturing operations. We also endeavor that we will protect environment by using cleaner technologies and we are responsible for safety and health protection of our work force.

CHAIRPERSON'S MESSAGE

It was a tough year for the chemical industry. AksharChem reported a profitable growth.

This happened because we possessed the guts to see beyond the challenges and moved with agility to capture opportunities when they came.

Dear Shareholders,

It is with great pleasure that I write to you about your Company's progress. 2021 certainly saw the global economies rebounding, especially the Indian economy which posted 8.7% growth in FY 2021-22 as against a contraction of 6.6% in the previous year. The challenges, though, for the dye and dye intermediate industry was far from over. Its demand continued to be weak for a large part of the year with sluggish textiles market and the input prices peaked to levels never seen before. It was only during the third quarter that the demand revived with festivals around. This was again short lived as rising crude oil prices and Russia-Ukraine war proved dampener.

Delivering record performance

As they say, tough times bring out the best in you, so was true for us. I am proud of our team who displayed utmost agility in the short time frame when demand was high, to take the Company ashore. We regularly touched base with our key global customers, to convert business opportunities which saw the exports revenue growing strongly by 44% to Rs. 280 Crores in FY 2021-22.

The efforts paid back and we achieved our highest ever revenues in FY 2021-22. It is noteworthy that for the very first time, we crossed the landmark figure of Rs. 100 Crore in turnover in a single quarter during Q4 FY 2021-22. It was just eight years back, that we for the first time crossed the Rs. 100 Crore mark for entire year. So yes, as a company we are making leaps ahead.

Breaking through in Precipitated Silica

During the year, our Dahej plant has started commercial manufacturing of global standard Precipitated Silica. Multiple grades are being manufactured, tailor-made to customer requirements, and several batches have already been dispatched, garnering customer appreciation.

I see this product line-up opening a new era of opportunity for us. It will be a game changer in attracting newer customer market. In recent times, Precipitated Silica products have gained significant traction for their ability to deliver high performance to tyre and rubber products and in an environment-friendly way. Additionally, it provides multiple avenues for innovation. Our teams are actively exploring portfolio expansion to micro pearl silicas and highly dispersible silicas, and alongside targeting new customer base.

We see ample opportunities in this space, and intend to spend the next couple of years in aggressively building its market.

Prudent capital management

In recent months, our H-Acid product was facing challenges of lower demand due to adverse economic conditions. And so, we took a strategic decision to shut down the plant instead of burning cash and blocking capital. The shutdown will not have any effect on the Company's performance, and we believe it will help channelise funds in the right growth areas. We will be watchful of the market, and resume this plant's operations once the demand improves.

Unlocking value for shareholders

At AksharChem, we value our shareholders and investors who have always believed and supported us. We operate with a philosophy of always rewarding them well and creating value. This year, the Company has undertaken the Buy-back of equity shares from shareholders in proportion to their shareholding to enhance their value and to improve financial ratios by way of distribution of surplus funds to them. Your Company bought back 1,69,491 equity shares at Rs. 590 each. The buy-back was done at a premium of 17.11% and 16.77% over the closing market price of the Equity Shares on NSE and BSE and more than 6,000 shareholders benefited. I express my gratitude to all the participating shareholders and continue to seek your support going forward.

Focused on sustainable growth

In a world where environmental and social risks have become the top area of concern, sustainable growth is the

only way forward. I am happy to state that long before the sustainability agenda got global attention, your Company was practising them. We are maintaining a large green belt and our plants are performing beyond regulatory norms in terms of waste management, water consumption and emissions. We continue to maintain a policy of zero discharge. Our plants are also amongst the safest, thanks to our safety teams who have been at the helm of implementing practices and training people. We also run multiple community welfare programmes including supporting education and healthcare efforts.

As a leader of the Board, I assure that your Company is strongly practices high standards of governance and ethical practices. We have adequate board independence to ensure rights of all stakeholders are considered.

Closing comments

AksharChem has had a momentous journey. I thank all the stakeholders for their continued support and guidance. We remain committed to creating value for each of you. While we see some short-term challenges with high inflation, I assure you that we are exercising adequate cautiousness and controls to overcome them. We are confident of the chemical industry's long-term prospects. India's atmanirbharta focus and the rising prominence of the Indian chemical players in the global landscape bodes well.

We believe that we have created the right to win with presence in right product and geographies and having long-term relations with key customers.

Warm regards,

Paru M. Jaykrishna

MESSAGE FROM JOINT MANAGING DIRECTOR & CEO

Dear Shareholders,

I have always believed that the best way to grow is to get out of the comfort zone. Because if the situation does not change, then there will not be any scope for development. Swimmers never learn unless they get into pool. Boxers never mature unless they fight. Same goes true for corporates. It is the difficult situation that accelerates the learning curve, that forces us to rethink and evolve, and which brings out the true strengths.

At AksharChem, we are learning, innovating and evolving for the next. This is the one big message that I want to give.

For many years, we had been sailing smoothly. We became rather too complacent. But then the pandemic suddenly changed things. We were faced with supply chain disruptions, weak demand and the high inflation. It made us introspect. And, I would definitely say, it has thrown open several areas for improvement.

One, we have now started having sales and operations planning meetings on a regular basis. This is critical in the highly uncertain operating context that the world is currently amidst. It is enabling us to immediately identify areas needing attention and resolve issues. This was instrumental in driving our growth in tough times, and given its immense benefit, we have now institutionalised this practice.

“I am happy to state that all our hard work and perseverance translated into results amidst the difficulties in FY 2021-22.”

Two, we went into granular details to manage costs. This is helping mitigate the unprecedented price rise to an extent, yet there is still way to go.

Three, as supply chain became challenging our teams came up with innovative ways to get around it and make sure we deliver on our commitments to customers.

While the challenges are just not yet over, we are more confident than ever.

Performance that matters

I am happy to state that all our hard work and perseverance translated into results amidst the difficulties in FY 2021-22. We faced a situation where a weak textile demand led to lower offtake of our products for most part of the year. Exports also became difficult due to port congestion. It was at this time, that we increased engagements with customers globally and came up with ways to bypass supply chain challenges.

With this, we posted a ~54% growth in topline to Rs. 380.34 Crores in FY 2021-22 which is the highest ever in our history. The growth was primarily driven by expansion in sales volumes from 8,853 tonnes in FY 2020-21 to 12,173 tonnes. Realisations were mostly flat, as the significant increase in costs of materials, logistics and energy could not be passed to customers due to stiff competition. As a result, though profits increased in absolute terms, the margins were slightly lower. Our EBIDTA grew ~33% to Rs. 31.72 Crores with a margin of 8.34%, lower by 136 basis points over FY 2019-20. PAT margin was lower 89 basis points to 4.18%.

This year, we also started commercial manufacturing of Precipitated Silica and within the first year, we successfully sold 2,995 tonnes. The product gives an opportunity to expand to new customers and deepen wallet share with existing ones, and will be key to driving our growth in the coming years.

Acting for a Better Future

Costs control, backward integration, enhanced productivity and efficiency, expansion and sustainability are key parameters to maintain our competitiveness. These are being pursued by the entire senior management on a priority basis.

Our teams have been directed to adopt a more customer focused approach by understanding their need to develop relevant new products, provide exceptional service and nurture existing customers. We also target to expand market segments and geographic reach with broader product portfolio, improved packing, product safety and competitiveness.

We see significant market potential for Silica and CPC Green. As the operating context and demand improves, we will look forward to expanding their capacities. Our solid balance sheet position with a net worth of Rs. 280 Crores and low debt:equity of 0.18 as on March 31, 2022 provides us adequate headroom to pursue opportunities.

Final thoughts

At AksharChem, we are confident of taking our fight into the next round. I have many reasons to believe that the best is yet to come and we can enhance value creation for all stakeholders. I thank you all for being with us in these difficult times and seek your continued support.

Warm regards,

Munjal M. Jaykrishna
Jt. Managing Director & CEO

FIGHTING ADVERSITY, CAPITALISING OPPORTUNITIES

Most of FY2021-22 was extremely challenging. Demand was low and input prices including raw materials, energy and logistics peaked. Realisation were low as passing on costs was difficult. At AksharChem, we fought hard to overcome these turbulences and moved with agility to make the most of opportunities.

Moving with agility to capitalise momentum

The first half of FY2021-22 was sluggish with low spending capacity of dye intermediates players due to low textile demand. However, in Q3 FY2021-22, as textile demand started to revive due to festivals, we quickly ramped up production and supply chain to meet the rising demand. In Q4 FY2021-22, we successfully crossed the Rs. 100 Crore turnover landmark in a single quarter to reach Rs. 111.96 Crores. With this, we closed FY2021-22 with highest ever annual turnover of Rs. 380.34 Crores.

Creating export opportunities

With domestic markets weak, we focused on activating international markets. We maintained sustained engagements with customers, implemented superior planning to overcome challenge of port congestion and pushed our products. As a result, exports during the year increased 44% to Rs. 280 Crore, contributing 74% to overall business.

MAINTAINING UNWAVERING FOCUS ON PRIORITIES

Precipitated Silica is an important strategic focus area for diversification and business growth, and to ensure stable long-term value creation for our stakeholders. In FY 2021-22, we successfully started commercial production of our new state-of-the-art Dahej plant for Precipitated Silica alongside building market for it. This venture will enable us to ensure stable and predictable revenues growth.

Moving forward, we are committed to expand capacity as demand grows. Product mixes available for consideration are conventional precipitated silicas, micro pearl silicas and highly dispersible silicas.

In July, 2021, we successfully commenced the commercial production of Precipitated Silica at the Dahej plant, achieving consistent quality output under stringent process control parameters. We acquired all major certifications of ISO 9001:2015, 14001:2015 and 45001:2018. The plant enjoys significant competitiveness, being in proximity to sea port and highways for easy transportation to customers across the country. It also has excellent control on raw material supplies, being in proximity to all vendors.

In its very first year, we achieved stabilization of the plant with steady capacity utilisation. We are manufacturing diverse grades of Precipitated Silica customized to customer's requirements of different applications, demonstrating our flexibility in production. We have also established a solid business moat for this inorganic chemical product, having marketed it to reputed customers across tyre, rice rollers, footwear and specialty market like rubber chemicals, crop protection industries, overseas markets, etc.

BUILDING RESILIENCE FOR THE LONG-TERM

The operating context for FY 2022-23 remains volatile. The uncertainties of high inputs continue to persist, as the world sees inflated oil prices and risks of stagflation following Russia-Ukraine war and zero COVID-19 policy of China. At AksharChem, we have taken strategic decisions to ensure business viability in the longer run.

Optimising working capital

Our H-Acid plant is witnessing adverse economic condition due to lower demand for dyes from textile companies which are facing challenges of record high cotton price. This has

made the plant commercially unviable and we have temporarily shut its production to optimize our working capital usage. We will instead allocate capital in areas where opportunities are abundant. The operations of this plant will be resumed once market conditions improve.

Driving organisational efficiency

We have invested in robust financial technology platforms which generate various Management Information System reports. These have been critical in optimising operations and decision making, with speed and quality. They are also enabling us to maintain a high level of compliance.

ENVIRONMENT, SOCIAL AND GOVERNANCE

SOCIAL

Safe and Performance driven Workplace

At AksharChem, a dedicated and motivated workforce is key to delivering on our strategy. We are continually investing in health and safety measures, training and development and employee engagement to achieve this.

Health, safety and wellbeing

Health and safety of employees is top most priority. We conduct weekly safety drills and have proper safety dress codes for all working under any hazardous norms. We have provided provision of medical facilities at plant levels. Proactiveness being key in preventing accidents, we have suggestion / complaint box to enable employees to raise concerns, which are acted upon. We also conduct corporate games and interactive sessions alternate weekends to strengthen employee motivation and bonding.

Learning and development

At AksharChem, we emphasise on building communication skills, technological competency, professionalism, teamwork, reliability and problem-solving abilities. We encourage professional development alongside ensuring daily interaction by team meetings. We undertake to identify skill gaps of employees, and accordingly training schedules are maintained as per growth plans and work quality inputs. We also conduct knowledge sharing through discussions, presentations, and weekly tasks.

Diversity and inclusion

We are an equal opportunity employer and do not support any kind of discrimination. We attract people from diverse fields and ensure that each department has a mix of different cultural people. We provide a safe and growth oriented workplace for women. For their safety, we have a policy on prevention, prohibition and redressal of sexual harassment.

Delivering Better Value to Customers

We are committed to ensuring best quality, supply reliability and always responding to our customers' needs. We strive to set benchmarks in value delivery by continually investing in better technologies and processes.

Being a reliable partner

We ensure high quality of products all time without any compromise. We have a track record of zero returns on account of quality issues. We also ensure to meet on all our order commitments in time, even during the pandemic despite the supply chain challenges. This was ensured through regular engagements to update on industry condition and better shipment planning to overcome the challenges of port congestion and shortage of empty containers.

Value added services

We offer customised packaging solutions and deliver product through diverse modes (air, rail, sea, road) as per customer needs.

Empowering Communities

Communities provide us social license to operate. We undertake focused initiatives for progressive development of communities near our plants.

In FY 2021-22, we spent Rs. 47.48 lakhs on community development initiatives. Our efforts are targeted at ensuring the welfare of the communities, promoting education and enhancing healthcare. Some of the key initiatives undertaken during the year include:

Promoting healthcare

We donated Rs. 40 lakhs to a charitable trust in their mission of improving the healthcare infrastructure.

Ensuring environmental sustainability

We spent Rs. 7.28 lakhs in undertaking initiatives for conservation of natural resources and maintaining soil quality.

Promoting Education

We spent Rs. 20,000 to distribute Silver Medals as a Prize to the students of Primary School in nearby areas to motivate them for further education.

GOVERNANCE

We are an ethical and transparent organization. We have designed our corporate governance mechanism to ensure compliance beyond the mandatory requirements provided by the legislation and protect interests of all stakeholders.

Governance mechanism

Our governance framework covers all regulatory and legal requirements and several voluntary practices. It ensures high level of transparency and facilitates maximizing stakeholder's value. We have high regards for conducting business activities with integrity, transparency and high level of accountability.

Business ethics and policies

Our corporate governance architecture is underpinned by various policies, frameworks and codes. These guide each action and interaction of the Company and its people with all

stakeholders. All our employees abide by the code and we do not have any instances of non-compliance. We also encourage our suppliers and channels partners to adopt such practices. We have policies on Prohibition of Insider Trading, Preventing Fraud, Prevention of Bribery and Corruption, Whistle-Blower, Anti-Money Laundering and Confidentiality of Information among others. Our Board members lead from the front to ensure highest standard of governance. A balanced board with 50% directors being independent ensures that interests of all stakeholders are considered.

ENVIRONMENT

Ensuring Green and Sustainable Manufacturing

At Aksharchem, we have integrated sustainable manufacturing and responsible actions into all aspects of business. We take actions around lowering emissions and resource consumption, planting trees and managing wastes. We ensure meeting all pollution and environmental standards and are committed to acting for a better planet.

Ensuring clean air

We adhere to local emission standards with our ambient air monitoring system. Latest technologies like electrostatic precipitators are being used for removing particles and reducing harmful emissions. We also maintain a green belt which acts as carbon sink and every year build on it through tree plantation drives.

Efficiently managing wastes

We follow a robust waste management process to effectively treat wastes to permissible limits before disposal. This is done through the common effluent treatment plant of GIDC which measures on Supervisory control and data acquisition (SCDA) systems. At our plants, the use of automated packaging machines has greatly reduced packaging waste. Further, we provide regular training and conduct awareness programs for employees towards optimising resource consumption and minimising waste. In FY 2021-22, we have initiated process to enter tie-up with government approved sites for solid waste management.

Optimising energy consumption

We continually invest in modernising our plant infrastructure and equipment including in automation technologies to reduce in energy consumption per unit. We undertake research and development activities towards optimising processes which has resulted in minimising energy usage. Further, we have installed solar panels for green energy.

Focusing on water positivity

We have water treatment plants at our facilities which ensure most of the waste water generated in manufacturing is treated. This treated water is reused in some processes and for gardening and in toilets. Over the years, we have greatly improved our manufacturing process, enabling us to sustainably reduce fresh water consumption.

STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013

As required under section 102 (1) of the Companies Act, 2013, the following Statement set out all the material facts relating to the Special Business mentioned in Item No. 5, 6 and 7 of the accompanying Notice.

Item No. 5

Mr. Jigar M. Patel (DIN: 05291605), was appointed as Independent Director at the 29th Annual General Meeting held on September 28, 2018, to hold office for a term of five consecutive years till the conclusion of 33rd Annual General Meeting.

On the recommendation of Nomination and Remuneration Committee of the Board of Directors, on the basis of the report of performance evaluation of Independent Directors, the Board of Directors have recommended the re-appointment of Mr. Jigar M. Patel as an Independent Director of the Company for a second term of 5 (five) consecutive years commencing from August 09, 2022 in accordance with the provisions of the Companies Act, 2013 (Act) and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), subject to approval of members by way of special resolution in the ensuing Annual General Meeting.

Mr. Jigar M. Patel has consented to his re-appointment and has confirmed that he does not suffer from any disqualifications which stand in the way of his re-appointment as the Independent Director. The Company has also received declarations from the aforesaid Independent Director confirming that he meets the criteria of independence as prescribed under Section 149 (6) of the Act and Regulation 16(1)(b) of the Listing Regulations. The

Company has received a Notice from a member in writing under Section 160 of the Act, proposing his candidature for the office of Independent Directors. In the opinion of the Board, the aforesaid Independent Director fulfill the conditions specified under the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1)(b) of the Listing Regulations for his re-appointment as Independent Director of the Company and is independent of the management.

The above-mentioned Independent Director is expert in his respective field and his experience and valuable guidance is beneficial to the Company. The Board based on the recommendation of Nomination and Remuneration Committee and considering benefits of his expertise, has recommended the resolutions for approval of shareholders by way of special resolution.

Brief profile of the aforesaid Independent Director and the disclosures required under the Listing Regulations forms part of the Notice.

A copy of the letter recommending his appointment as Independent Director, setting out the terms and conditions of his appointment are available for inspection by the members at the registered office of the Company on all working days (except Saturday and public holidays) between 11.00 a.m. to 1.00 p.m. and will also be available at the Annual General Meeting. The Board recommends the Special Resolution(s) set out at Item No. 5 of the Notice for the approval by the Members.

Except Mr. Jigar M. Patel and his relatives, none of the Directors,

Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the respective resolutions for his appointment, set out at Item No. 5 of this Notice.

The Board of Directors recommends the passing of the Special Resolutions set out at item no. 5 for approval of the members.

Item No. 6

Under the provisions of the Companies Act, 2013 [the Act] certain documents such as the Register of Members and Index of Members, Register and Index of Debenture holders, register and index of any other security holders, Register of Renewed and Duplicate Shares and copies of all annual returns prepared, together with the copies of certificates and documents required to be annexed thereto under section 92 of the Act, and other related books, are required to be maintained at the registered office of the Company unless a special resolution is passed in a general meeting authorizing the keeping of the register at any other place, other than the registered office is situated.

In the interest of operational and administrative convenience, it is proposed to keep the Register of Members, Register of Debenture holders, the Index of Members / Debenture holders, if any, other statutory Register required to be maintained under section 88, 94 of the Companies Act, 2013 and copies of annual returns filed under section 92 of the Companies Act, 2013 or any one or more of them, at corporate office of the Company situated at Arista 8, Corporate House No. 8, Behind Rajpath Club, Bodakdev, Ahmedabad, Gujarat - 380 054, a place other than its registered office.

Approval of the members is required under section 94 of the Act for effecting the change in the place at which the Register and Index of Members are to be kept. The Board recommends the Special Resolution set out under Item No.6 of the notice for the approval of the members.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution as set out at Item No. 6 of the Notice.

Item No. 7

In order to augment resources inter alia, for financing capital expenditure and/or for general corporate purposes, the Company may offer or invite subscription for secured and/or unsecured, bonds, Commercial Paper ("CP") or any other Debt securities in one or more series / tranches on private placement basis.

Pursuant to the provision of Section 42 and any other applicable provisions of the Companies Act, 2013 read with Rule 14 of the

Companies (Prospectus and Allotment of Securities) Rules, 2014, a Company shall not make a private placement of its securities unless the proposed offer of securities or invitation to subscribe securities has been previously approved by the members of the Company by a Special Resolution for each offer or invitation. Further, the sub rule (2) of the said Rule 14 states that in case of an offer or invitation to subscribe for non-convertible debentures on private placement, the Company shall obtain previous approval of the members by means of special resolution only once in a year for all the offers or invitations for such debentures during the year.

Accordingly, consent of the members is sought for passing a Special Resolution as set out under this item no. 7 of the Notice. This resolution enables the Board of Directors of the Company/its duly authorised Committee to offer or invite subscription for debt securities, including but not limited to non-convertible debentures, commercial paper, bonds, etc., whether in rupee denominated or denominated in foreign currency, in one or more series or tranches aggregating up to ₹ 300 crores (Rupees Three Hundred Crores Only), as deemed fit, from time to time, during the period commencing from the date of passing of special resolution till completion of one year thereof or the date of next Annual General Meeting to be held in calendar year 2023, whichever is earlier within a period of one year within the overall Borrowing limits of the Company, as approved by the Members from time to time.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 7.

The Board of Directors recommends the passing of the Special Resolution set out at item no. 7 for approval of the members.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OVERVIEW

AksharChem (India) Limited is one of the leading chemicals manufacturing company based in India with a focus on exports to over 20 countries. Our product offerings fall into two categories organic chemicals and inorganic chemicals, which further diversified into Vinyl Sulphone, H Acid, CPC Green in organic chemicals and Precipitated Silica in inorganic chemicals. Out of which organic chemicals have multiple applications in textile, inks, plastics and paints industries and inorganic chemicals have applications in tyre, rubber, agrochemical and animal feed industries. We are one of the key manufacturers in the chemical markets for these products and have been recognised as Star Export House by the Government of India. We believe that we have built strong reputation in our markets, over 30 years of experience that has translated to a customer base.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Our manufacturing facility is located in Gujarat, with installed manufacturing capacity of 23,400 MTPA, as of March 31, 2022. Our facility is fully integrated and equipped to manage products from the stage of chemical treatment to dispatch, lending us competitive advantages such as cost effectiveness and maintenance of quality standards. Our facility includes automated and cost-efficient systems and quality control and quality assurance laboratories, among others. The plants of the Company are situated at Chhatral and Dahej.

As the textile demand has not increased due to Covid in the beginning of the year, the realization was low. There was no increase in the spending capacity of the end consumers of Dyes intermediate due to effect of the Covid at initial period of this year. However, on account of increase in textile demands due to festivals in third quarter we have recovered the revenue, which was reflected in the topline and bottomline of the Company.

The energy cost witnessed sharp increase due to underlying increase in coal price. Also, all the main raw material prices were up due to volatility of crude. Export expenses were increased due to container shortages.

OPPORTUNITIES AND THREATS

There would be a requirement by various companies for different grades of precipitated silica which would be tailor-made suiting to different applications including tyre, rice rollers, footwear, specialty segments like rubber chemicals, crop protection industries, overseas markets etc. and all key customers and industry leading players are primary goal, as they are the trend setters. With these key customers, we have already established our business relationship and positioned ourselves appropriately.

For precipitated silicas, our consistent quality output under

stringent process control parameters, location of plant at Dahej with close proximity to sea port and highways for easy transportation to customers across the Country and excellent control of RM supplies as we enjoy close proximity to all vendors for key RM Supplies, fair degree of competitiveness etc are factors which can help us to satisfy demand of our customers at reasonable cost which ultimately helps us out to enter in the market easily.

H-Acid plant of the Company also got affected due to adverse condition in the industry in the recent months.

OUTLOOK AND STRATEGY

The Company always priorities the stakeholders of the Company in terms of quality of the products, social services to the needy people, retaining the employees who are adding value in the culture of the Company, giving adequate returns to the stakeholders of the company especially shareholders.

The Company adopts more customer focus approached by understanding customer need and develop new products, provide exceptional service and nurture existing customers. Expand market segments and geographic reach with broader product portfolio, improve packing, product safety and competitiveness. Promotion through trade exhibition participation, trade journals and digital platform.

The Company will Offer world standard precipitated silica grades with competitive pricing tool backed up with high quality service support with a vision to foster a long term business relationship with our customers. And meeting varying expectations of our customers with supply of quality product and service and provide appropriate value proposition remains key focus on a long term for our Company.

RISKS AND CONCERNS

The financial performance of the year 2021-22 was quite satisfactory in terms of revenue on account of increase in textile demands due to festivals in third quarter, which was reflected in the topline of the Company. However, all the main raw material prices were up due to volatility of crude which has affected the bottomline of the Company.

The energy cost witnessed sharp increase due to underlying increase in coal price. Also, all the main raw material prices were up due to volatility of crude. On the other side while India was positioning as an alternative to China, the current high input price regime seems to reinforced the importance of China, hence the China price is also still worrisome. Dumping/selling at lower rate by China in the current scenario makes it difficult for us to improve our margins.

FINANCIAL AND OPERATIONAL PERFORMANCE

During the year 2021-22 the volume was 12,173 MTPA and our

ANNEXURE F TO Directors' Report

current capacity utilization blended basis stands at 79.8%. Net revenue from operations for FY2021-22 is ₹ 38,034.44 Lakhs as compared to ₹ 24,648.29 Lakhs for FY2020-21, a growth of 54.30%. However, the year has remained average as compared to last year in terms of profitability, mainly on account of higher operating cost as well as increased logistic cost. Export expenses were

increased due to container shortages. We have, however, achieved robust growth in the topline as our exports were increased during the year even after adverse condition prevailing in the world. But selling price could not be passed on the customers due to stiff competition. Below are the Financial Figures for the financial year 2021-22.

FINANCIAL SECTION

Independent Auditor's Report

To the Members of
AksharChem (India) Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying financial statements of **AksharChem (India) Limited** (the 'Company') which comprise the Balance Sheet as at March 31, 2022, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, the changes in equity and its cash flows for the year then ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter

Property, Plant & Equipment

The value of property, plant & equipment and capital work-in-progress amounted to ₹ 24,683.71 Lakh (i.e. 60.80% of total assets) at the Balance Sheet Date 31/3/2022.

There are number of areas where management judgment impacts the carrying value of property, plant and equipment and capital work-in-progress and their respective depreciation profiles. These include :

- the decision to capitalize or expense costs;
- review of estimated useful lives of assets
- the timeliness of transfers to property, plant & equipment from capital work-in-progress.

Refer to note 3 and 4 of the financial statements.

Response to Key Audit Matter

We tested controls in place over the property, plant & equipment cycle, evaluated the appropriateness of capitalization policies, performed tests of details on costs capitalized and assessed the timeliness of capitalization from capital work-in-progress. We also reviewed the appropriateness of estimated useful lives applied in the calculation of depreciation.

No issues were noted from our testing.

Information other than Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the Other Information. The Other Information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's reports thereon.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance

conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are

required to report that fact. We have nothing to report in this regard.

Management’s Responsibility for the Financial Statements

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgement and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively or ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and

obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting polices used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief are necessary for the purpose of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rule 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of Section 197 read with Schedule V to the

Companies Act, 2013.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on the financial position of its financial statements (Refer Note No. 37 to the financial statements);
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring the amounts required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. (a) The final dividend proposed in the previous

year, declared and paid by the Company during the year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

(b) As stated in Note no. 17.4 to the financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to approval of the members in the ensuing Annual General Meeting. The

amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.

“Annexure A” to the Independent Auditors’ Report

(Referred to in paragraph 1 under “Report on Other Legal and Regulatory Requirements section of our report of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of Company’s Property, Plant and Equipment and Intangible Assets :
 - (a) (A)The Company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
(B)The Company is maintaining proper records showing full particulars of intangible assets.
 - (b) The Property, Plant & Equipment have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and nature of its business. According to information and explanation given to us, no material discrepancies were noticed on such verification.
 - (c) The title deeds of all the immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) as disclosed in the Note no. 3 and 4 to the financial statements are held in the name of the company.
 - (d) The Company has not revalued its property, plant and Equipment and its intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
(b) During the year, The Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, at any point of time during the year, from

banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements comprising stock statements and book debt statements filed by the Company for certain quarters are not in agreement with the Reviewed books of accounts, however such differences between books of account and those submitted to bank are reconciled. (Refer Note 48 to the Financial Statements.)

- iii. The Company has not made investments and provided any guarantee or security to companies, firms, Limited Liability Partnerships or any other parties during the year. The Company has granted loans or advances in the nature of loans to other parties, in respect of which :
 - (a) The Company has provided Interest-free unsecured loans or advances in the nature of loans during the year and details of which are given below:

Particulars	Aggregate Amount during the year (In Lakhs)	Balance outstanding at the balance sheet date (In Lakhs)
- Subsidiaries	Nil	Nil
- Joint Ventures	Nil	Nil
- Associates	Nil	Nil
- Others (Employees)	44.20*	20.83

* Including opening balance of ₹ 9.12 Lakhs as on April 1, 2021.

- (b) In relation to loans and advances granted, we are of the opinion that the terms and conditions of the loans and advances provided are not prejudicial to the interest of the Company.
- (c) In respect of interest-free loans or advances in the nature of loans provided by the Company to its employees, the schedule of repayment of principal has been stipulated and the repayments of principal amounts are regular as per stipulation in such cases.
- (d) There are no amounts overdue for more than ninety days in respect of the loan granted by the company.
- (e) No loan or advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the

year. Hence, reporting under clause (iii)(f) is not applicable.

- iv. In our opinion and according to the information and explanations given to us, the Company has complied with provisions of Section 186 of the Companies Act, 2013 in respect of loans and investments. The Company has not granted loan or given guarantee or provided security as provided in the Section 185 and 186 of the Companies Act, 2013.
- v. According to information and explanation given to us, the Company has not accepted any deposits from the public and is not holding any amounts which are deemed to be deposits during the year. Hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- vi. We have broadly reviewed the books of accounts maintained by the Company pursuant to the Rules made by the Central Government for maintenance of cost records under Section 148 of the Act, and are of the opinion, that prima facie, the prescribed accounts and records have been

made and maintained. We have, however, not made a detailed examination of the said records with a view to determine whether they are accurate or complete.

- vii. In respect of statutory dues:
- (a) The company has been generally regular in depositing undisputed statutory dues including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to it with the appropriate authorities. There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no statutory dues referred to in sub-clause (a) above which have not been deposited as on 31st March, 2022 on account of any dispute, except the following :

Name of the Statute	Nature of Dues	Amount (In Lakhs)	Period to which the account relates	Forum where the dispute is pending
Gujarat VAT Act, 2003	Sales Tax	18.03	2004-05	Ahmedabad VAT Tribunal
Income Tax Act, 1961	Income Tax	44.27	2003-04	High Court of Gujarat
Income Tax Act, 1961	Income Tax	10.28	2017-18	CIT (Appeal), Ahmedabad
Income Tax Act, 1961	Income Tax	11.40	2018-19	CIT (Appeal), Ahmedabad

- viii. According to the information and explanations given to us, there are no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 during the year.
- ix. (a) The Company has not defaulted in the repayment of loans and other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The Company does not have subsidiaries or associates or joint ventures. Accordingly, clause 3(ix)(e) of the Order is not applicable to the Company.
- x. (a) The company did not raised money by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause x(a) of the Order is not applicable.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or convertible debentures (fully, partly or optionally convertible) during the year under review and hence reporting under clause x(b) of the Order is not applicable.
- xi. (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of Section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and

- Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year. Accordingly, the provisions stated in paragraph (xi)(c) of the Order is not applicable to company.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
(b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- xv. In our opinion, the Company has not entered into any non-cash transactions with directors or persons connected with its directors during the year. Hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company. Accordingly, the provisions stated in paragraph 3(xv) of the Order are not applicable to the Company.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act 1934. Accordingly, the reporting under clause 3 (xvi)(a) of the Order is not applicable to the Company.
(b) In our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities without any valid Certificate of Registration from Reserve Bank of India. Hence, the reporting under paragraph clause 3 (xvi)(b) of the Order are not applicable to the Company.
(c) The Company is not a Core investment Company (CIC) as defined in the regulations made by Reserve Bank of India. Hence, the reporting under paragraph clause 3 (xvi)(c) of the Order are not applicable to the Company.
(d) The Company does not have more than one CIC as a part of its group. Hence, the provisions stated in paragraph clause 3 (xvi)(d) of the Order are not applicable to the Company.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year. Hence, the provisions stated in paragraph clause 3 (xvii) of the Order are not applicable to the Company.
- xviii. There has been no resignation of the statutory auditors of the Company during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanations given to us, the provisions of Section 135 of the Act are applicable to the Company. The Company has made the required contributions during the year and there are no unspent amounts which are required to be transferred to the special account as on the date of our audit report. Accordingly, the provisions of paragraph (xx)(a) to (b) of the Order are not applicable to the Company.

“Annexure B”

to the Independent Auditors’ Report

(Referred to in paragraph 2(f) under “Report on Other Legal and Regulatory Requirements” section of our report of even date)
Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of AksharChem (India) Limited (“the Company”) as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s Judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting.

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company. (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies of procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES to the Financial Statement for the year ended March 31, 2022

1. Company Information

AksharChem (India) Limited (the 'Company') is a public limited Company domiciled in India with its registered office at "Akshar House", Chhatral Kadi Road, Indrad, Dist: Mehsana – 382 715, Gujarat. The equity shares of the Company are listed on BSE Limited (BSE) and National Stock Exchange of India Limited (NSE).

The Company is principally engaged in the business of manufacturing & export of Dyes, Pigments and Precipitated Silica.

The financial statements as at March 31, 2022 present the financial position of the Company.

The financial statements for the year ended March 31, 2022 were approved by the Board of Directors and authorized for issue on May 20, 2022.

2. Significant Accounting Policies

2.1 Basis of Preparation of Financial Statements

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

(i) Compliance with Ind-AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

(ii) Basis of Preparation and presentation

The financial statements have been prepared and presented on the going concern basis and at historical cost basis considering the applicable provisions of Companies Act 2013, except for the following items that have been measured at fair value as required by relevant IND AS.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

- Certain financial assets/liabilities measured at fair value (refer accounting policy regarding financial instruments) and
- Any other item as specifically stated in the accounting policy.

(iii) Functional and Presentation Currency

The financial statements are presented in Indian Rupees, which is the functional currency of the

Company and the currency of the primary economic environment in which the Company operates.

(iv) Classification of Assets and Liabilities as Current and Non-Current

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle, and other criteria set out in Schedule III of the Companies Act, 2013. Based on the nature of products and the time lag between the acquisition of assets for processing and their realisation in cash and cash equivalents, 12 months period has been considered by the Company as its normal operating cycle.

(iv) Rounding off amounts

The financial statements are presented in INR and all values are rounded to the nearest Lakhs (INR 1,00,000) as per the requirement of Schedule III, unless otherwise stated.

2.2 Key accounting estimates & judgements

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable.

2.2.1 Critical accounting estimates

- Useful lives and residual values of Property, plant and equipment represent a material portion of the Company's asset base. The periodic charge of depreciation is derived after estimating useful life of an asset and expected residual value at the end of its useful life. The useful lives and residual values of assets are estimated by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on various external and internal factors including historical experience, relative efficiency and operating costs and change in technology.

b. Income taxes

The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes including amounts to be recovered or paid for uncertain tax positions. Management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

c. Defined benefit obligations

Defined benefit obligations are measured at fair value for financial reporting purposes. Fair value determined by actuary is based on actuarial assumptions. Management judgement is required to determine such actuarial assumptions. Such assumptions are reviewed annually using the best information available with the Management.

d. Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised.

2.3 Property, Plant and Equipment (PPE) (IND AS 16)

These tangible assets are held for use in production, supply of goods or services or for administrative purposes. Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment losses except for freehold land which is not depreciated. Cost includes purchase price after deducting trade discount/rebate, import duties, non-refundable taxes, Net of GST input credit wherever applicable, cost of replacing the component parts, borrowing costs and other directly attributable cost of bringing the asset to its working condition in the manner intended by the management.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

The cost of an item of PPE is recognised as an asset if, and only if, it is probable that the economic benefits associated with the item will flow to the Company in future periods and the cost of the item can be measured reliably. Expenditure incurred after the PPE have been put into operations, such as repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred.

Items such as spare parts, standby equipment and servicing equipment are recognized as PPE when it is held for use in the production or supply of goods or services, or for administrative purpose, and are expected to be used for more than one year. Otherwise such items are classified as inventory.

Expenditure on acquisition of PPE for Research and Development (R&D) is included in PPE and depreciation thereon is provided as applicable.

The Company adjusts exchange differences arising on translation difference/settlement of long term foreign currency monetary items outstanding and pertaining to the acquisition of a depreciable asset to the cost of asset and depreciates the same over the remaining life of the asset. The depreciation on such foreign exchange difference is

recognised from first day of its financial year.

De-recognised upon disposal

An item of PPE is derecognised on disposal or when no future economic benefits are expected from use or disposal. Any gain or loss arising on derecognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss when asset is derecognised.

Treatment of Expenditure during Construction Period

Expenditure, net of income earned, during construction (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) period is included under capital work-in-progress, and the same is allocated to the respective PPE on the completion of construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other Non-Current Assets".

Depreciation

The depreciable amount of an asset is determined after deducting its residual value. Where the residual value of an asset increases to an amount equal to or greater than the asset's carrying amount, no depreciation charge is recognized till the asset's residual value decreases below the asset's carrying amount. Depreciation of an asset begins when it is available for use, i.e., when it is in the location and condition necessary for it to be capable of operating in the intended manner. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale in accordance with IND AS 105 and the date that the asset is derecognised.

The Company depreciates its property, plant and equipment (PPE) over the useful life in the manner prescribed in Schedule II to the Act. Management believes that useful life of assets are same as those prescribed in Schedule II to the Act, except for plant and equipment wherein based on technical evaluation, useful life has been estimated to be different from that prescribed in Schedule II of the Act. Useful life considered for calculation of depreciation for various assets class are as follows:-

Asset Class	Useful Life
Factory Building	30 years
Non-Factory Building	60 years
Road, Fencing, Borewell, etc.	5/10 years
Plant & Equipment	15/20 years
Lab Equipment	10 years
Electric Installation	10 years
Furniture & Fixtures	10 years
Office Equipment	5 years
Vehicles	8 years
Computers	3 years

The identified component of fixed assets are depreciated over the useful lives and the remaining components are depreciated over the life of the principal assets.

Depreciation on fixed assets added/disposed off during the period is provided on pro-rata basis with reference to the date of addition/disposal.

The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

Leasehold Land is amortised over the primary period of the lease.

2.4 Intangible assets (IND AS 38)

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Computer Software

Computer software are amortized over period of 3 years.

Internally Generated Intangible Assets - Research and Development Expenditure:

Expenditure incurred on development is capitalised if such expenditure leads to creation of any intangible asset, otherwise, such expenditure is charged to the Statement of Profit and Loss. PPE procured for research and development activities are capitalised.

2.5 Leases (Ind AS 116)

The Company has adopted Ind AS 116 - Leases effective 1st April, 2019.

As a Lessee

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company recognises a Right-of-Use (ROU) asset and a lease liability at the lease commencement date. The ROU asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payment made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The ROU asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the ROU asset or the end of the lease term. The estimated useful lives of ROU assets are determined on the same basis as those of Property, Plant and Equipment. In addition, the ROU asset is

periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-to-use assets and lease liabilities for short-term lease that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expenses on a straight-line basis over the lease term.

As a Lessor

The company, as a lessor, classifies a lease either as an operating lease or a finance lease. Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term.

2.6 Inventories (IND AS 2)

Inventories consisting of stores and spares, raw materials, work in progress, stock in trade, goods in transit and finished goods are valued at lower of cost and net realisable value. However, materials held for use in production of inventories are not written down below cost, if the finished products are expected to be sold at or above cost.

The cost is computed on moving weighted average basis and is net of credits under GST.

Goods and materials in transit include materials, duties and taxes (other than those subsequently recoverable from tax authorities) labour cost and other related overheads incurred in bringing the inventories to their present location and condition.

Traded goods includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

2.7 Borrowing Cost (IND AS 23)

Borrowing cost includes interest expense, amortisation of discounts, ancillary costs incurred in connection with borrowing of funds and exchange difference, arising from foreign currency borrowings, to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are attributable to the acquisition or construction or production of a qualifying asset are capitalised as part of the cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to

get ready for its intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing cost are recognised in the Statement of Profit and Loss in the period in which they are incurred.

2.8 Impairment of Assets (IND AS 36)

At the end of each reporting period, the Company reviews the carrying amounts of its PPE and other intangible assets to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit (CGU) to which the asset belongs. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The resulting impairment loss is recognised in the Statement of Profit and Loss Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

Where an impairment loss subsequently reverses, the carrying amount of the asset or CGU is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or CGU in prior years. A reversal of an impairment loss is recognised in the Statement of Profit and Loss.

2.9 Government Grants (IND AS 20)

Government grants are recognized when there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received. When the grant relates to an expense item, it is recognised in the Statement of Profit and Loss by way of a deduction to the related expense on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income on a systematic basis over the expected useful life of the related asset.

2.10 Taxes (IND AS 12)

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized directly in equity or in other comprehensive income.

a) Current Tax

Current tax includes provision for Income Tax computed under Special provision (i.e., Minimum alternate tax) or normal provision of Income Tax Act. Tax on Income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments/appeals.

b) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences, unabsorbed losses and unabsorbed depreciation to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, unabsorbed losses and unabsorbed depreciation can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the balance sheet date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

c) Minimum Alternate Tax (MAT):

MAT is recognised as an asset only when and to the

extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised, it is credited to the Statement of Profit and Loss and is considered as (MAT Credit Entitlement). The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income Tax during the specified period. Minimum Alternate Tax (MAT) Credit are in the form of unused tax credits that are carried forward by the Company for a specified period of time, hence, it is presented as Deferred Tax Asset.

2.11 Employees Benefits (IND AS 19)

a) Employee Benefits

All employee benefits payable wholly within twelve months of rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., are recognized during the period in which the employee renders related services and are measured at undiscounted amount expected to be paid when the liabilities are settled.

b) Post-employment obligations

The Company operates the following post-employment schemes:

- (i) Defined benefit plans such as gratuity and;
- (ii) Defined contribution plans such as provident fund.

(i) Defined benefit plans-Gratuity obligations

The liability or assets recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets.

The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The benefits which are denominated in currency other than INR, the cash flows are discounted using market yields determined by reference to high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the

discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and change in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

(ii) Defined contribution plans

The Company pays provident fund contributions to publicly administered funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

2.12 Provisions, Contingent Liability and Contingent Assets (IND AS 37)

Disputed liabilities and claims against the company including claims raised by fiscal authorities (e.g. Sales Tax, Income Tax, Excise, GST etc.) pending in appeal / court for which no reliable estimate can be made and or involves uncertainty of the outcome of the amount of the obligation or which are remotely poised for crystallization are not provided for in accounts but disclosed in notes to accounts. However, present obligation as a result of past event with possibility of outflow of resources, when reliable estimation can be made of the amount of obligation, is recognized in accounts in terms of discounted value, if the time value of money is material using a current pre-tax rate that reflects the risk specific to the liability. No contingent asset is recognized but disclosed by way of notes to accounts.

2.13 Trade and Other Payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

2.14 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the

payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government such as Goods and Services Tax, etc.

Sale of Goods

Revenue from sale of goods is recognised when control of the products being sold is transferred to our customers and there are no longer any unfulfilled obligations. The performance obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.

Revenue from sales excludes GST. It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Rendering of Services

Revenue from rendering of services is recognized as per the terms of the contract with customers when related services are performed and when the outcome of the transactions involving rendering of services can be estimated reliably.

Dividend Income

Dividend Income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

Interest Income

Interest Income on financial assets measured at amortised cost is recognised on a time-proportion basis using the effective interest method.

Other Income

Other income is recognised when no significant uncertainty as to its determination or realisation exists.

2.15 Cash Flows and Cash and Cash Equivalents (IND AS 7)

Statement of cash flows is prepared in accordance with the indirect method prescribed in the IND AS 7. For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cheques and drafts on hand, deposits held with Banks, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. However, Bank overdrafts are shown within borrowings in current liabilities in the balance sheet for the purpose of presentation

2.16 Earnings per share (IND AS 33)

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- The profit attributable to owners of the Company
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- The after 'income-tax' effect of interest and other financing costs associated with dilutive potential equity shares, and
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.17 Segment Reporting (IND AS 108)

Based on "Management Approach" as defined in IND AS 108 – Operating Segments, the Management evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments.

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

2.18 Foreign Currency Transactions (IND AS 21)

In preparing the financial statements of the Company, transactions in foreign currencies, other than the Company's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary assets and liabilities denominated in foreign currencies are translated at the rate prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency, are not retranslated.

Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which these arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and
- exchange differences on transactions entered into in order to hedge certain foreign currency risks.

2.19 Events occurring after the balance sheet date (IND AS 10)

Assets and liabilities are adjusted for events occurring after the reporting period that provides additional evidence to assist the estimation of amounts relating to conditions existing at the end of the reporting period.

Dividends declared by the Company after the reporting period are not recognized as liability at the end of the reporting period. Dividends declared after the reporting period but before the issue of financial statements are not recognized as liability since no obligation exists at that time.

Such dividends are disclosed in the notes to the financial statements.

2.20 Financial Instruments (IND AS 109)

i. Recognition and initial measurement

All financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortized cost;
- Fair Value through Other Comprehensive Income (FVOCI) – equity investment; or
- Fair Value Through Profit and Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses,

including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on de-recognition is also recognized in profit or loss

De-recognition

Financial assets

The company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The company de-recognizes a financial liability when its contractual obligations are discharged or cancelled, or expire. The company also de-recognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

2.21 Cash Dividend to Equity Holders of the Company:

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.22 Research and Development

Expenditure on research is recognized as an expense when it is incurred. Expenditure on development which does not meet the criteria for recognition as an intangible asset is recognized as an expense when it is incurred.

Items of property, plant and equipment and acquired

intangible assets utilized for research and development are capitalized and depreciated / amortized in accordance with the policies stated for Property, Plant and Equipment and Intangible Assets.

2.23 Goods and Service Tax / Service Tax input Credit:

Goods and Service tax / Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

2.24 RECENT PRONOUNCEMENT

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts

received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies the treatment of any cost or fees incurred by an entity in the process of derecognition of financial liability in case of repurchase of the debt instrument by the issuer. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 106 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

Securities Premium:

The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve. The reserve is utilised in accordance with the specific provisions of the Companies Act, 2013.

Capital Redemption Reserve:

Capital Redemption Reserve represents reserve created during buy back of Equity Shares and it is a non-distributable reserve.

General Reserve:

General Reserve has been created by transfer out of profit generated by the Company and is available for distribution to shareholders. Under the erstwhile Companies Act, 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to the introduction of the Companies Act, 2013, the requirement to mandatory transfer a specified percentage of net profit to general reserve has been withdrawn.

Retained Earnings:

Retained earnings are the profits that the Company has earned till date including effect of remeasurement of defined benefit obligations less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained Earnings is a free reserve available to the Company.

Equity Instruments through Other Comprehensive Income:

This represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through other comprehensive income, under an irrevocable option, net of amounts reclassified to retained earnings when such assets are disposed off.

Effective portion of Cash Flow Hedges:

This Reserve represents the cumulative effective portion of changes in Fair Value of derivatives that are designated as Cash Flow Hedges. It will be reclassified to profit or loss or included in the carrying amount of the non-financial asset in accordance with the Company's accounting policy.

43. Financial Risk Management - Objectives and Policies

The Company's financial liabilities comprise other than derivatives mainly of borrowings, trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets, other than derivatives, include trade and other receivables, other balances with banks, loans, investments and cash and cash equivalents that arise directly from its operations.

The Company's activities are exposed to Credit risk, Liquidity Risk and Market risk.

The Board of directors of the Company are overall responsible for the establishment and oversight of the company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

The Company's audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

43.1 Credit Risk Management

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers and loans. The carrying amounts of financial assets represent the maximum credit risk exposure.

Trade Receivables and Loans

The company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base. The company has established a credit policy under which each new customer is analyzed individually for creditworthiness before the company's standard payment and delivery terms and conditions are offered. Sale limits are established for each customer and reviewed quarterly. Any sales exceeding those limits require approval from the management of the company.

The company limits its exposure to credit risk from trade receivables by establishing a maximum payment period of 120 days for customers. More than 85% of the company's customers have been transacting with the company for over five years, and none of these customers' balances are credit-impaired at the reporting date.

Confirmation of balances from Debtors & Loans and Advances received, are being reconciled.

Cash and Cash Equivalents

The company holds cash and cash equivalents of ₹ 14.01 Lakhs at March 31, 2022 (P.Y. ₹ 144.04 Lakhs). The cash and cash equivalents are held with bank and cash on hand.

NOTES to the Financial Statement for the year ended March 31, 2022

43.2 Liquidity Risk

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. The company uses process costing to cost its products, which assists it in monitoring cash flow requirements and optimizing its cash return on investments.

43.3 Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates and interest rates – will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

43.4 Interest Rate Risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

With all other variables held constant, the following table demonstrates the impact of the borrowing cost on floating rate portion of loans and borrowings and excluding loans on which interest rate swaps are taken.

44 Capital Management

For the purposes of the Company's capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital Management is to maximise shareholders' value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirement of the financial covenants.

The company monitors capital using gearing ratio, which is net debt divided by total equity plus debt.

(₹ in Lakhs)

Particulars	As at	As at
	March 31, 2022	March 31, 2021
Borrowings	5,027.32	1,478.91
Less : Cash & Cash Equivalents Including investment in Liquid Fund.	14.01	144.04

Equity and Net Debt (B)	32,985.26	29,207.10
Gearing Ratio (A/B)	0.15	0.05

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest bearing loans and borrowing in the current period.

As at March 31, 2022, the Company has only one class of equity shares. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2022.

NOTES to the Financial Statement for the year ended March 31, 2022

45. In the opinion of the Board, the current assets, loans and advances are approximately of the value stated in the balance sheet, if realised in the ordinary course of the business. Provision for depreciation and all known liabilities have been made in accounts.
46. In terms of Ind As 36 – Impairment of Assets issued by ICAI, the management has reviewed its fixed assets and arrived at the conclusion that impairment loss which is difference between the carrying amount and recoverable value of assets, was not material and hence no provision is required to be made.

47. Financial Instruments - Fair Values & Risk Management

47.1 Accounting Classifications & Fair Value Measurements

The fair values of the financial assets and liabilities are measured at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

All financial instruments are initially recognized and subsequently re-measured at fair value as described below :

- The fair value of investment in quoted equity shares and mutual funds is measured at quoted price or NAV.
- Fair values of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short-term maturities of these instruments.
- Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account for the expected losses of these receivables.
- The fair value of forward foreign exchange contracts and currency swaps is determined using forward exchange rates and yield curves at the balance sheet date.
- The company uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique:

Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Note- 'Reason for material discrepancies'

- The differences in inventories and trade receivables are majorly on account of goods in transit where the goods have been physically dispatched from the Company location however, the same has not been considered as revenue from the purpose of revenue recognition principles and hence reversed from books of accounts for respective quarter ends.
- The management, basis their understanding with banks, submits stock statement of physical stock as available at respective locations at the period end. Accordingly adjustment for goods in transit (inward and outward) is not considered for the purpose of filing returns with banks.
- There are other differences on account of regrouping and reclassification of trade receivable balances . The Company has filed provisional return with banks for the quarter ended March 31 2022, as per the due date and subsequently filed final return with respective banks where amounts as per return matches with underlying books of accounts as at March 31, 2022.
