Dear Fellow Shareholder,

India is the world's largest sourcing destination for the information technology (IT) industry, accounting for approximately 67 per cent of the US\$ 124-130 billion market. The Gartner world wide IT services market is forecast to grow 4.2percent in 2017. Buyer investments in digital business, intelligent automation and services optimization and innovation continue to drive growth in the market.

The Indian IT industry continues to develop capabilities around traditional and emerging markets, verticals and customer segments, expand global delivery presence, and increase focus on high value services including product development. Slowing growth in banking and finance sector, Britain's decision to leave EU, US elections, weaker discretionary spending and growing pricing pressure in traditional business along with shift to wards newer business models such as digital and cloud have led Indian IT firms to temper down expectations.

Today, the largest spenders on innovation are spearheading globalization of innovation, in terms of both regions and sectors and Engineering Services Off shoring is being used to expand global innovation capacity. India's USD 10 billion Engineering and R&D sector (ER&D), which employs over two lakh people, has enabled the country to emerge as a strategic partner to global organizations requiring innovative, high value engineering solutions. The engineering and embedded solutions segment currently accounts for over 15 per cent of India's IT-BPO exports and is playing a pivotal role in accelerating innovation and establishing India as a cradle of design and engineering capabilities.

According to Nasscom, Engineering services in India has definitely moved up the value chain. ER&D companies are providing global engineering consultancy that can lay out a roadmap for rationalizing R&D activities, change management and ramping up. They are providing frugal engineering capabilities, helping clients develop cost-competitive products, especially for emerging markets. India's value engineering capabilities aligned to product sustenance are helping in the optimization of design, manufacturing and sourcing processes. India's share of global ER&D off shoring revenues is 22 per cent ER&D firms are leveraging engineering expertise to develop innovative product designs to drive lower costs and faster time-to-market. The Indian IT industry continues to develop capabilities around traditional and emerging markets, verticals and customer segments, expand global delivery presence, and increase focus on high value services including product development.

The commoditization of IT, maturity of services, adoption of new technology trends like Internet of Things (IoT), analytics, and sustainability-related technologies fuel growth in engineering services. Unlike in the past, India-based global service providers (GSPs) have been considered for more strategic roles like co-innovation and joint development projects, which are based on a risk-sharing model.

On an overall basis on the standalone front your company registered a total revenue of Rs. 7396.79 lakhs for the year ended 31st March 2017. Domestic sales were Rs. 334.88 lakhs while Export sales was Rs. 7061.91 lakhs. EBIDTA was at Rs. 1189.09 lakhs and Net profit after tax was Rs. 668.09 lakhs.

The Consolidated total revenue for the year ended 31st March 2017 was Rs. 8119.75 lakhs. EBIDTA was at Rs. 627.25 lakhs and Net Profit after tax at Rs. 116.25 lakhs.

During the year 2016-17 the company declared an Interim dividend of Rs. 2.50/- on 19th October, 2016. With a view to augment resources for long term growth the Directors have recommended for approval of the members a final dividend of 2.50/- per equity share of Rs 10/- each for the financial year 2016-2017. The dividend amount paid out if approved by members will be Rs. 125.00 lakhs, interim paid Rs. 125.00 lakhs, while Rs. 52.25 lakhs will be paid by the company towards total dividend tax and surcharge thereon. The dividend payout for the year under review has been formulated in accordance with the Company's policy to pay sustainable dividend linked to long term growth objectives of the company to be met by internal cash accruals and the shareholders' aspirations.

With the maturity of "Globalization of Engineering" and "Digital & Mobile Technology" over the last few years, there is an intense race to rapidly create new products across the world, causing a "New Product

Revolution”. The thrust areas are in the Semiconductor Equipment, Medical Devices, Hi-Tech, Consumer Electronics, Automotive & Aerospace and telecom industries.

This “New Product Revolution” has opened opportunities for companies, like ASM, in the space of Engineering Services.

The IoT (Internet of Things) offers quality space for new product development and ASM is working on creating its own products as well as Co-Creation for customer's products. The next couple of years will be exciting in this space.

Cashing in on this opportunity, ASM, through the initiative of ARISE (ASM Research and Innovation Step for Excellence) has seen remarkable success in the “Co-Creation of IP led Product Innovation” and Platform Services for its clients. As a System Design House, ASM is fully equipped to handle complex Electronics, Mechanical and Embedded software design and development to complete the product under one roof. Further, working prototype and manufacturing results in the entire product realization for the client.

The future looks exciting and upbeat in the R&D – Products and Engineering Services Outsourcing (ESO) space. There are lot of drivers for the clients like Reducing Product Development Life Cycles, Global Competition and getting a first mover advantage by ring-fencing the IP. The clients are equally excited to collaborate with the Engineering Service providers, like ASM, to leverage their capability for global, regional and adjacent markets, thereby optimize the R&D Operations.

The company continued to sustain its profitability despite a volatile and challenging external environment during the year under review with the unstinted support of its dedicated, committed and competent employees. We attribute our success to an experienced management team and to a customer- oriented organization that is dedicated to excellence. Steered by the talent of our people and vesting faith in the resilience of our business model we look forward to overcoming challenges that lie ahead of us.

On behalf of the management of the company and on my behalf, I take this opportunity to thank

- Our esteemed customers, shareholders, vendors, business partners, advisors and consultants for their support
- Employees of the company for their valuable contribution, efforts and spirit of dedication
- State Bank of India, Overseas Branch, Bangalore, Axis Bank, Bangalore and Indian Bank, Singapore for their support and guidance.
- Central and State Government, Customs, Reserve Bank of India, Software Technology Parks (STPI) and NASSCOM.

ANNEXURE - III

POLICY FOR DETERMINING MATERIAL SUBSIDIARIES

1. PREFACE

The Board of Directors (the “Board”) of ASM Technologies Limited (the “Company”) has adopted the following policy and procedures with regard to determination of Material Subsidiaries.

This Policy will be applicable to the Company effective 1st October 2014. This Policy is in terms of Clause 49 of the Listing Agreement with the Stock Exchanges.

2. POLICY OBJECTIVE

To determine the Material Subsidiaries of ASM Technologies Limited and to provide the governance framework for such subsidiaries.

3. EFFECTIVE DATE

The said policy shall come into force w.e.f 29, October 2014.

4. DEFINITIONS

“**Audit Committee or Committee**” means “Audit Committee” constituted by the Board of Directors of the Company, from time to time, under provisions of Listing Agreement with the Stock Exchanges and the Companies Act, 2013.

“**Board of Director**” or “**Board**” means the Board of Directors of ASM Technologies Limited, as constituted from time to time.

“**Company**” means a company incorporated under the Companies Act, 2013 or under any previous company law.

“**Independent Director**” means a director of the Company, not being a whole time director and who is neither a promoter nor belongs to the promoter group of the Company and who satisfies other criteria for independence under the Companies Act, 2013 and the Listing Agreement with the Stock Exchanges.

“**Subsidiary**” shall be as defined under the Companies Act, 2013 and the Rules made thereunder.

“**Material Non Listed Indian Subsidiary**” shall mean an unlisted subsidiary, incorporated in India, whose income or net worth (i.e. paid up capital and free reserves) exceeds 20% of the consolidated income or net worth respectively, of the listed holding company and its subsidiaries in the immediately preceding accounting year.

5. POLICY

A subsidiary shall be a Material Subsidiary, if any one of the following conditions are satisfied:

- a. If the investment of the Company in the subsidiary exceeds twenty per cent of its consolidated net worth as per the audited balance sheet of the previous financial year; or
- b. If the subsidiary has generated twenty per cent of the consolidated income of the Company during the previous financial year.

Based on audited consolidated and standalone annual accounts of Company and its subsidiaries, in each financial year, the Company would identify the subsidiaries which would get covered under the definition of material subsidiary as provided above and material non listed Indian subsidiary.

6. PROCESS

If any subsidiary is found to be 'material', the Company should comply the followings:

- 1) The Company will not dispose of shares in its material subsidiary which would reduce its shareholding (either on its own or together with subsidiaries) to less than 50% or cease the exercise of control over the subsidiary without passing a special resolution in its General Meeting except in cases where such divestment is made under a scheme of arrangement duly approved by a Court/Tribunal.
- 2) The Company will not sell, dispose off and lease any assets amounting to more than twenty percent of the assets of the material subsidiary on an aggregate basis during a financial year without prior approval of shareholders by way of special resolution. However, the said approval is not required if the sale/disposal/lease is made under a scheme of arrangement duly approval by a Court/Tribunal.
- 3) At least one Independent Director of the Board of the Company shall be a director on the Board of the Material Non-Listed Indian Subsidiary Company.
- 4) The Audit committee of the Company shall review the financial statements of its Non-Listed Subsidiaries in particular the investments made by such subsidiaries.
- 5) The minutes of the Board meetings of the Non-Listed subsidiary shall be placed before the Board of the company at regular intervals.
- 6) The Board shall also review all significant transactions and arrangements entered into by Non-Listed subsidiaries.

7. DISCLOSURES

The company shall disclose this policy on the company’s website and the same shall also be provided in the Annual Report of the company.

8. AMENDMENT

The Board may amend or modify this Policy in whole or in part, from time to time

6. Reasons for not spending the proposed CSR expenditure: The shortfall in CSR expenditure for the financial year 2016-17 is Rs. 2,215,421

The Company is committed to spending towards CSR initiatives and has also identified projects which are implemented in a phased manner. During the year under review, the shortfall in the spend is due to fact that the project implementation extended beyond the financial year and hence payment had to be structured for the next year. The CSR activities are scalable which coupled with new initiatives that may be considered in future. Moving forward the Company will endeavor to spend on CSR activities in accordance with the prescribed limits. However, the contribution is marginally increased compared to last year.

7. The CSR Committee, hereby confirms that the implementation and monitoring of CSR Policy is in compliance with CSR objectives and Policy of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Overview

ASM along with its subsidiaries has been providing world class consulting and product development services in the areas of Engineering Services and Product R&D with successful Offshore Development & Support Centers in India and Overseas for its global clientele. The company is a public limited company incorporated in India and having its registered office in Bengaluru, Karnataka, India. The company's shares are listed with BSE Limited.

These financial statements have been prepared in line with the requirements as specified under Generally Accepted Accounting Principles in India (GAAP) which comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) rules, 2014 and guidelines issued by the Securities and exchange Board of India (SEBI).

1. Industry Structure and Development

The global economy looks ready to get a move on again and this new momentum could push global economic growth to 3.4% in 2017, compared with an estimated 3% annualized growth rate for 2016. According to Nasscom, the Indian IT Industry has been battling global macroeconomic and political headwinds over the last few quarters, and all these uncertainties have reflected in the muted earnings outlook of Indian IT majors. India is the world's largest sourcing destination for the information technology (IT) industry, accounting for approximately 67 per cent of the US\$ 124-130 billion market. The industry employs about 10 million workforces and more importantly, the industry has led the economic transformation of the country and altered the perception of India in the global economy.

As per Nasscom, the Indian IT sector is expected to grow at a rate of 12-14 per cent for FY2016-17 in constant currency terms. The sector is also expected triple its current annual revenue to reach US\$ 350 billion by FY 2025.

Driven by growth in software and IT services revenue, IT spending in India is forecast to reach \$72.4 billion in 2017, up 6.9 percent from 2016 estimated spending of \$67.7 billion, according to the latest forecast by Gartner, Inc. IT services spending is on pace to grow 8.3 percent in 2016 to reach \$11 billion, and increase 13.5 percent in 2017 to reach \$12.5 billion.

The future looks very promising as the Industry is gearing itself well to phase of challenges. Digitisation, disruptive technologies and innovation will fuel growth with new opportunities in the years ahead. As businesses look to newer areas and new economies, new and intelligent systems are required to be built with next- generation technologies and with superior cost- benefit performance.

2. Opportunities

Driven by growth in software and IT services revenue, worldwide IT spending is forecast to reach \$3.5 trillion in 2017, up 2.9 percent from 2016 as per Gartner Report. India continues to gain market share and with Indian IT sector , strong and stable fundamentals, the industry will continue to drive the country's growth . As per Nasscom the IoT market in India stands at USD 5.6 billion with 200 million connected units in 2016. This is expected to grow to USD 15 billion with 2.7 billion units by 2020. Currently, the IoT ecosystem in India comprises of 120 organizations playing across the value chain. The industry offers a slew of opportunities and scope for innovation thereby attracting the young mind to push their limit. Cloud represents the largest opportunity under SMAC, increasing at a CAGR of approximately 30 per cent to around US\$ 650-700 billion by 2020. According to a Nasscom Booz Global Engineering Research & Development (ER&D) report the market opportunity for engineering research and development in India is estimated to reach \$45 billion (around Rs2.1 trillion) by 2020. Of this, at least \$5 billion would be spent by Indian firms locally. The future is indeed bright for the engineering services sector as recent trends show that ER&D activities are moving closer to emerging markets, and that there is growing confidence among global customers in India's supply base capabilities.

We believe in our competitive strengths and with our Global Delivery Model and core competencies consider to address the changing economic scenarios as an opportunity to provide greater value to existing clients and add new clients. Our specific industry, domain and technology expertise allows us to enable clients to transform their businesses through innovative strategies and solutions. Our process driven engineering and planning ensures in delivering quality products in the optimum time and cost. ASM is a pioneer in Mechanical, Electrical/Electronics System and Sub System design.

3. Outlook

This has been provided elsewhere in the Annual Report.

4. Risks and Concerns

a. Competition Risk

India has established itself as the major off shoring destination for global IT companies. US \$1 trillion opportunity is offered by the emerging technologies, Social, Mobility, Analytics and Clouds (SMAC) collectively. However, the paradigm has changed as the Indian IT industry is facing stiff competition from the outsourcing companies

based in different parts of the world — China, Taiwan, Philippines, Eastern Europe and Latin America. There are tremendous emphasis on productivity, value additions, quality, customer experience, and effective communications, meeting the datelines, domain knowledge and agility.

Technologies are moving rapidly from traditional Java, Net and Mainframe, to Analytics, Big Data, Artificial Intelligence and Robotics. The recent layoffs in some large companies in fact are symptoms of these profound changes. IT companies are facing tremendous pressure on cost, productivity and ROI. Thus the Indian ITeS sector needs to make extra endeavor to remain competitive in terms of cost efficiency measures and scalability of various high end services to handle competition.

We compete with other technology service providers in response to requests for proposals and in certain services there is increased competition resulting in pressures in pricing. The company's capability to offer innovative and value added solutions and services by integrating its diverse domain knowledge enables it to move ahead in an environment of increasing competition. Absence of vigilance against competition could result in contraction of revenues from business. The best practices and methodologies built up by the company for development and customization of solutions ensure that projects are completed with speed, optimal resources and meet customer needs. The unrivaled blend of engineering culture and technology skills adopted by the company and its strategic acquisitions and management resources adds to its capability to proffer innovative and value added solutions and services by integrating its diverse domain knowledge experience. The company has derisked its business from competition by virtue of its domain expertise in providing end to end total IT solutions.

b. Financial Risk.

The growth of India's information technology sector is likely to be sluggish as global political uncertainties and currency fluctuations continue to threaten to rock the boat for Indian companies. Global headwinds such as macroeconomic factors, currency volatility and disruptive technologies impacted the Indian IT industry in 2016. While the effect of short-term factors may show for a couple of quarters, the long-term factors including Trump's anti-outsourcing talk, if implemented, may impact the IT sector. The IT sector would have to re-adopt technology disruptions by reshaping enterprises and focus on technology-led platforms, as the currency volatility and innovative technologies such as artificial intelligence, automation, etc have disrupted the sector's traditional products and solutions. Irrespective of this, many companies are already looking at competing countries like the Philippines, Vietnam and China as the administrative costs there are much less.”

With a significant portion of the company's revenues coming from exports, volatility in exchange rates may impact Company's business adversely. The company however mitigates the risks with robust accounts receivable management, centralised framework to control expenses and currency hedging strategies by the management. The company has a defined policy for managing its foreign exchange exposure. The company tracks the foreign exchange markets closely and takes appropriate hedging decisions from time to time if need be. The happenings, the political developments in the large markets that we operate in have very significant impact on our business conditions, but these are the things which are beyond our control but what is within our control is to make sure that we are not vulnerable to major event risks of this nature and therefore we conduct a business in a manner that we take these risks into account and we mitigate these risks by appropriate hedging strategies. The risk policy of the Board covers some of this large macro level risk and the remedial measures taken by the company to face and mitigate some of these risks.

c. New Technologies and Business Models

Technologies in cloud, big data, analytics, mobility, social media and the Internet of Things(IoT) have become the order of the day. Indian companies are keeping track of these trends and gearing up to change their products and services to accommodate these areas where clients are looking for more innovations to enhance delivery. Digital also became mainstream during the year, with the industry increasingly investing in digitized solutions to drive future growth opportunities. Digital solutions in the year accounted for 12-14 % of the industry revenues. The year also witnessed hyper growth in technology start-up and product landscape and as per Nasscom, India is already ranked as the fourth largest start-up hub in the world. As the landscape evolves in terms of New Markets, New Industries and Value Chain, and as the Indian Engineering and R&D (ER&D) services offshoring industry enhances its value proposition, it is getting increasingly critical for the sector to augment its existing capabilities. It also needs to enter into engagements that lead to end-to-end product development, in order to reach its set targets.

The company keeps itself up graded with the latest technologies solutions and assimilates changes to be successful in anticipating or responding to technological advances on timely basis. The service requirements from clients over the last two years is from a total outsourcing model to a blended outsourcing model to optimize the total cost of ownership. ASM has constantly expanded its infrastructure, technology and people skills to address the specialized markets in which is present. ASM, through the initiative of ARISE (ASM Research and Innovation

Step for Excellence) has seen remarkable success in the “Co-Creation of IP led Product Innovation” and Platform Services for its clients. As a System Design House, ASM is fully equipped to handle complex Electronics, Mechanical and Embedded software design and development to complete the product under one roof. Further, working prototype and manufacturing results in the entire product realization for the client. In our effort to step up non-linear growth, some of the key designs by the Engineering Services group are being prototyped and will be manufactured in limited quantities through partner companies and delivered to strategic customers. The company also regularly audits and verifies its compliance with security and disaster recovery measures. ASM has centralized back up and data recovery systems and planned procedures for regular back up of all critical servers.

d. Geography Risk

Slowdown in the global economic environment and corporate IT spending budget could impact the company's business. Business environment in the past year has been volatile and uncertain. There has been stagnant and sluggish growth in some of the key markets like India and Europe. characterized by rapid transition and transformation leading the industry into expanding into newer verticals and geographies, attracting new customer segments, and transforming from technology partners to strategic business partners.

The company's firm roots and prominent presence in the home market provides it an opportunity to refine its international offerings with the derived benefits of synergy across operations and optimizations of resources. The company's well grinded skills tested in Indian markets enable it to spread efficiently its business across various geographies. The company has insulated its overall performance from the impact of market exigencies and vagaries with a domestic international spread of business and combinations of its various solutions and services. The company moreover derives most of the revenues from off shoring business resulting in a healthier bottom line and protection from risks from any downward spiral in any economy. The company's growth is not dependent on any specific geographic area or specified industry segment.

5. Internal Control System and their adequacy

The internal control systems adopted by the company are adequate and appropriate to its operations so as to ensure uninterrupted functioning of its business. The system has been designed to ensure that assets and interest of the company are protected and dependability of accounting data and its accuracy are ensured with proper checks and balances. The existing internal control systems and their adequacy are frequently reviewed and improved upon to meet the changing business environment.

The Company has internal audit to examine and evaluate the adequacy and effectiveness of Internal Control system. The internal audit ensures that the system designed and implemented to provide adequate internal control commensurate with the size and operations of the company. The Audit Committee of the company chaired by the independent director and consisting of other non-executive independent directors, periodically review and commend the quarterly, half yearly and annual financial statement of the company. A detailed note on the functioning of the audit committee forms part of the chapter on Corporate Governance in this Report.

The management duly considers and takes appropriate action on the recommendations made by the statutory auditors, internal auditors and independent Audit Committee of the Board of Directors.

REPORT ON CORPORATE GOVERNANCE

(Pursuant to Schedule V (C) of SEBI Listing Obligations and Disclosure Requirements) Regulations 2015

I COMPANY'S PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE

Corporate governance is creation and enhancing long-term sustainable value for the stakeholders through ethically driven business process. These values and principles set the context to manage our Company affairs in a fair and transparent manner. We at ASM believe, that sound corporate governance is critical to enhance and retain investor trust and consider it our inherent responsibility to disclose timely and accurate information regarding our financials and performance of the Company.

Effectual Corporate governance requires a clear understanding of the respective roles of the Board and the senior management and their relationships with others in the corporate structure. During the year under review, the Board continued its pursuit of achieving these objectives through the adoption and monitoring of corporate strategies, prudent business plans, monitoring of major risks of the company's business and ensuring that the company pursues policies and procedures to satisfy its legal and ethical responsibilities. At the core of its corporate governance practice is the board, which is responsible for safeguarding and advancing the interests of the shareholders, acting as their representative in establishing corporate policies and reviewing management's execution of those policies. The Board of Directors fully support and endorse Corporate Governance practices and attempt to go beyond the statutory requirements.

II BOARD OF DIRECTORS

The Board is primarily responsible for the overall management of the Company's business.

The present Board comprises of 6 members, three of whom are Independent Directors, two Non Executive Non Independent Directors and one Executive Director being the Managing director. Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2017 and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the order.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) the balance sheet, the statement of profit and loss and the cash flow statement dealt with by this Report are in agreement with the books of account;

- (d) in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) on the basis of the written representations received from the directors as on 31 March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"; and
- (f) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The company has provided requisite disclosures in the financial statements as to holdings as well as dealings in specified bank notes during the period from 8th November, 2016 to 30th December, 2016. Based on audit procedures and relying on the management representation we report that the disclosures are in accordance with books of accounts maintained by the company and as produced to us by the management.

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets
- (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner at reasonable intervals. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The Company is a service company, primarily rendering software services. Accordingly, it does not hold any physical inventories. Thus, paragraph 3(ii) of the Order is not applicable to the Company.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the Register maintained under Section 189 of the Act.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made.
- (v) The Company has not accepted any deposits from the public.
- (vi) The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any of the services rendered by the Company.
- (vii) According to the information and explanations given to us, in respect of statutory dues :
 - (a) No undisputed amounts payable in respect of provident fund, income tax, sales tax, value added tax, duty of customs, service tax, cess and other material statutory dues were in arrears as at 31 March 2017 for a period of more than six months from the date they became payable.
 - (b) According to the information and explanations given to us, the following dues of income tax, service tax have not been deposited by the Company on account of disputes:

Name of the statute	Nature of dues	Amount (in Rs)	Period to which the amount relates	Forum where dispute is pending
Service tax	Service tax	15,890,315	16th June 2005 to 30th Sept 2009	CESTAT, Bangalore

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013("The Act")

We have audited the internal financial controls over financial reporting of ASM TECHNOLOGIES LIMITED ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance

with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Financial Statements

1. CORPORATE INFORMATION

ASM Technologies Limited., established in 1992, is a pioneer in providing world Class Consulting Services in the areas of Engineering Services and Product Engineering Services with successful Offshore Development & Support centers in India and overseas for its global clientele.

2. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain financial instruments which are measured at fair value. These financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 133 and the other relevant provisions of the Companies Act, 2013..

b) Use of estimates

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expense during the year. Example of such estimates include provision for doubtful receivables, employee benefits, provision for income taxes, accounting for contract costs expected to be incurred, the useful lives of depreciable fixed assets and provision for impairment.

c) Fixed Assets

Fixed assets are stated at cost, less accumulated depreciation / amortisation. Costs include all expenses incurred to bring the asset to its present location and condition.

d) Depreciation / Amortisation

Depreciation is provided on straight-line method at the rates specified in schedule II of the Companies Act, 2013. Depreciation for the assets purchased/sold during the year is proportionately charged. Individual assets acquired for less than Rs. 5,000/- are entirely depreciated in the year of acquisition.

e) Leases

Assets taken on lease by the Company in its capacity as lessee, where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight-line basis

f) Impairment

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

Reversal of impairment loss is recognised immediately as income in the statement of profit and loss.

g) Investments

Long-term investments and current maturities of long-term investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long-term investments are stated at the lower of cost and fair value. Investments comprising mutual funds held as stock in trade are stated at market value or fair value.

h) Employee benefits

(i) Post-employment benefit plans

Contributions to defined contribution retirement benefit schemes are recognised as an expense when employees have rendered services entitling them to such benefits. For defined benefit schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, or amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

(ii) Other employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave, overseas social security contributions and performance incentives. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

i) Revenue recognition

Revenue from contracts priced on a time and material basis are recognised when services are rendered and related costs are incurred.

Revenue from turnkey contracts, which are generally time bound fixed price contracts, are recognised over the life of the contract using the proportionate completion method, with contract costs determining the degree of completion. Foreseeable losses on such contracts are recognised when probable.

Revenue from sale of software licenses are recognised upon delivery where there is no customisation required. In case of customisation the same is recognised over the life of the contract using the proportionate completion method.

Revenue is reported net of discounts.

Dividend is recorded when the right to receive payment is established. Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable.

j) Taxation

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company and its Indian subsidiaries will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the assets will fructify.

Deferred tax expense or benefit is recognised on timing differences being the difference between taxable income and accounting income that originate in one period and is likely to reverse in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only to the extent that there is virtual certainty that sufficient future taxable income will be available to realise such assets. In other situations, deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realise these assets.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Company is able to and intends to settle the asset and liability on a net basis.

The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

k) Foreign currency transactions

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities other than net investments in non-integral foreign operations are translated at the exchange rate prevailing on the balance sheet date and the exchange gains or losses are recognised in the statement of profit and loss. Exchange difference arising on a monetary item that, in substance, forms part of an enterprise's net investments in a non-integral foreign operation are accumulated in a foreign currency translation reserve.

Premium or discount on foreign exchange forward and currency option contracts are amortised and recognised in the statement of profit and loss over the period of the contract. Foreign exchange forward and currency option contracts outstanding at the balance sheet date, other than designated cash flow hedges, are stated at fair values and any gains or losses are recognised in the statement of profit and loss.

l) Provisions, Contingent liabilities and Contingent assets

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

m) Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

We have audited the accompanying consolidated financial statements of ASM TECHNOLOGIES LIMITED (“the Holding Company”) and its subsidiaries (collectively referred to as “the Company” or “the Group”), comprising of the consolidated balance sheet as at 31 March 2017, the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of the consolidated financial statements in terms of the requirements of the Companies Act, 2013 (“the Act”) that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013 (hereinafter referred to as “the Act”) read with Rule 7 of the Companies (Accounts) Rules, 2014. The Board of Directors of the Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company, as at 31 March 2017, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other matter

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2017, we have audited the internal financial controls over financial reporting of **ASM TECHNOLOGIES LIMITED** (“the Holding Company”) and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes forming part of the Financial Statements

1. CORPORATE INFORMATION

ASM Technologies Limited along with its wholly-owned and controlled subsidiaries Advanced Synergic Pte Ltd, Singapore and Pinnacle Talent Inc, USA and ESR Association Inc, USA wholly-owned and controlled subsidiaries of Advanced Synergic Pte Ltd, Singapore is a pioneer in providing world Class Consulting Services in areas of Engineering Services and Product Engineering Services with successful Offshore Development & Support centers in India and overseas for its global clientele.

2. SIGNIFICANT ACCOUNTING POLICIES

a) **Basis of preparation**

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain financial instruments which are measured at fair value. These financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 133 and other relevant provisions of the Companies Act 2013 and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) **Use of estimates**

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expense during the year. Example of such estimates include provision for doubtful receivables, employee benefits, provision for income taxes, accounting for contract costs expected to be incurred, the useful lives of depreciable fixed assets and provision for impairment.

c) **Fixed Assets**

Fixed assets are stated at cost, less accumulated depreciation / amortisation. Costs include all expenses incurred to bring the asset to its present location and condition. Goodwill arising on consolidation or acquisition is not amortised but is tested for impairment.

d) **Depreciation / Amortisation**

Depreciation is provided on straight-line method at the rates specified in schedule II of the Companies Act, 2013. Depreciation for the assets purchased/sold during the year is proportionately charged. Individual assets acquired for less than Rs. 5,000/- are entirely depreciated in the year of acquisition. In Pinnacle Talent Inc, depreciation on computer and software is provided on straight-line method at 20%. In Advanced Synergic Pte Ltd, depreciation is provided at 100% for the computers and 33.33% of the office equipments. In ESR Associates Inc, depreciation on computer and software is provided on straight-line method at 20% and Goodwill is amortised over a period of 15 years.

e) **Leases**

Assets taken on lease by the Company in its capacity as lessee, where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight-line basis

f) **Impairment**

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

Reversal of impairment loss is recognised immediately as income in the statement of profit and loss.

g) **Investments**

Long-term investments and current maturities of long-term investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long-term investments are stated at the lower of cost and fair value. Investments comprising mutual funds held as stock in trade are stated at market value or fair value.

h) **Employee benefits**

(i) **Post-employment benefit plans**

Contributions to defined contribution retirement benefit schemes are recognised as an expense when employees have rendered services entitling them to such benefits. For defined benefit schemes, the cost of providing benefits

is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, or amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

(ii) **Other employee benefits**

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave, overseas social security contributions and performance incentives. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

i) **Revenue recognition**

Revenue from contracts priced on a time and material basis are recognised when services are rendered and related costs are incurred.

Revenue from turnkey contracts, which are generally time bound fixed price contracts, are recognised over the life of the contract using the proportionate completion method, with contract costs determining the degree of completion. Foreseeable losses on such contracts are recognised when probable.

Revenue from sale of software licenses are recognised upon delivery where there is no customisation required. In case of customisation the same is recognised over the life of the contract using the proportionate completion method.

Revenue is reported net of discounts.

Dividend is recorded when the right to receive payment is established. Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable.

j) **Taxation**

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company and its Indian subsidiaries will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the assets will fructify.

Deferred tax expense or benefit is recognised on timing differences being the difference between taxable income and accounting income that originate in one period and is likely to reverse in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only to the extent that there is virtual certainty that sufficient future taxable income will be available to realise such assets. In other situations, deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realise these assets.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Company is able to and intends to settle the asset and liability on a net basis.

The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

k) **Foreign currency transactions**

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities other than net investments in non-integral foreign operations are translated at the exchange rate prevailing on the balance sheet date and the exchange gains or losses are recognised in the statement of profit and loss. Exchange difference arising on a monetary item that, in substance, forms part of an enterprise's net investments in a non-integral foreign operation are accumulated in a foreign currency translation reserve.

Premium or discount on foreign exchange forward and currency option contracts are amortised and recognised in the statement of profit and loss over the period of the contract. Foreign exchange forward and currency option contracts outstanding at the balance sheet date, other than designated cash flow hedges, are stated at fair values and any gains or losses are recognised in the statement of profit and loss.

l) **Provisions, Contingent liabilities and Contingent assets**

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions(excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

m) **Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Dear Shareholder(s)

Subject : Instructions for e-voting

Please find enclosed the Notice convening the 25th Annual General Meeting of the company to be held on Tuesday , June 20 2017, at 10.00 A.M.

Pursuant to provisions of Section 108 of the Companies Act 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014, substituted by Companies (Management and Administration) Amendment, Rules 2015 and Regulation 44 of SEBI(Listing Obligations and Disclosure Requirements)Regulations, 2015, the company is providing the e-voting facility to the shareholders to enable them to cast their votes electronically on the items mentioned in the Notice. The company has appointed Karvy Computershare Private Limited ('KCPL', 'Karvy' or 'Service Provider') to provide the e-voting facility.

E-voting particulars

EVEN (e-voting event number)	User ID	Password

The instructions and other information relating to e-voting are as under:

1. A. In case a Member receives email from Karvy [for Members whose email IDs are registered with the company/ Depository Participant(s)]:
 - (i) Launch internet browser by typing the URL: <https://evoting.karvy.com>.
 - (ii) Enter the login credentials (i.e. User ID and Password mentioned above). Your Folio No./ DP ID-Client ID will be your User ID. However, if you are already registered with Karvy for e-voting, you can use your existing User ID and password for casting your vote.
 - (iii) After entering these details appropriately, Click on "LOGIN".
 - (iv) You will now reach password change Menu wherein you are required to mandatorily change your password. The new password shall comprise of minimum 8 characters with at least one upper case (A-Z), one lower case (a-z), one numeric value (0-9) and a special character (@,#,\$, etc.). The system will prompt you to change your password and update your contact details like mobile number, email ID, etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you

forget it. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.

- (v) You need to login again with the new credentials.
 - (vi) On successful login, the system will prompt you to select the "EVENT" i.e., ASM Technologies Limited.
 - (vii) On the voting page, enter the number of shares (which represents the number of votes) as on the Cut Off date under "FOR/AGAINST" or alternatively, you may partially enter any number in "FOR" and partially in "AGAINST" but the total number in "FOR/AGAINST" taken together should not exceed your total shareholding as mentioned herein above. If the shareholder does not indicate either "FOR" or "AGAINST" it will be treated as abstained and the shares held will not be counted under either head.
 - (viii) Shareholders holding multiple folios/demat accounts shall choose the voting process separately for each folios/demat accounts.
 - (ix) Voting has to be done for each item of the Notice separately. In case you do not desire to cast your vote on any specific item it will be treated as abstained.
 - (x) You may then cast your vote by selecting an appropriate option and click on "Submit".
 - (xi) A confirmation box will be displayed. Click "OK" to confirm else "CANCEL" to modify. Once you confirm, you will not be allowed to modify your vote. During the voting period, Members can login any number of times till they have voted on the Resolution(s).
 - (xii) Corporate/Institutional Members (i.e. other than Individuals, HUF, NRI, etc.) are also required to send scanned certified true copy (PDF Format) of the Board Resolution/Authority Letter, etc. together with attested specimen signature(s) of the duly authorized representative(s), to the Scrutinizer at e mail ID: scrutinizerasmtec@gmail.com with a copy marked to evoting@karvy.com.
