PROGRESS OF THE PROJECT AND STATUS OF FINAL ORDER FROM SEBI:

The Company has a plan to set up crude oil refinery in Haldia, West Bengal, however the progress of the project was hampered and it is standstill due to factors beyond the control of the Company. The SEBI, by its ex-parte order No. WTM/PS/ISD/02/2011 dated September 21, 2011, which was later confirmed vide their order dated December 30, 2011, directed your Company not to issue equity shares or any other instruments convertible into equity shares or alter capital structure in any manner till further directions in this regard. The Company in the above matter decided to file an appeal with the Securities Appellate Tribunal (SAT) to seek a solution in the month of August, 2013. SAT vide its order dated August 28, 2013, had directed SEBI to complete the proceedings and issue the final orders after issuing show cause notice to the Company, within a period of eight weeks from the date of order, failing which the ex-parte interim order of September 2011 and confirmatory order of December 2011 will stand vacated. Further during the course of the hearings, SAT had also recorded the statement of the Counsel of SEBI, confirming that their investigations in respect of our Company have been completed. As directed by SAT, SEBI had issued a Show Cause Notice dated September 19, 2013 along with supplementary show cause notices, received on later dates, the Company had filed a detailed reply of the said show cause notices to the SEBI, after which the SEBI issued a final order against the Company, of which operative portions are as under:

- That the Company will not issue equity shares or any other instruments convertible into equity shares or any other security, for a period of ten years.*
- Vide Interim Order dated September 21, 2011 (later confirmed through the Confirmatory Order on December 30, 2011), the Company was directed not to issue equity shares or any other*

instrument convertible into equity shares or alter their capital structure in any manner till further directions. In this context, the Company has already gone the prohibition imposed vide the Interim Order for a period of approximately two years. In view of this factual situation, it is clarified that the prohibition already undergone by the Company pursuant to the aforementioned SEBI Order shall be reduced while computing the period in respect of the prohibition imposed vide this order.

From the above Order it is clear that the Company is restrained from issuing any further equity shares or any other instruments, convertible into equity shares or any other security, effectively for a period of **eight years (approx)**.

Your Company in the above matter has applied for consent order to SEBI and also has challenged the final order of SEBI at the Securities Appellate Tribunal (SAT), for which proceedings are going on.

The members be apprised that there is no change since the last reporting in the status relating to the agreements which was entered with the Hardt Group for purchase of refinery equipment and with the set of refining equipment for which the Company had already contracted and paid advances, however the Company had lost the Bayernoil equipment as it couldn't fulfill its contractual commitments, the rigorous effort of your Company to restart the project is also failed due to the restraint on issue of new equity by SEBI. Meanwhile the strategic investor in Hardt Group has also stopped infusing further funds due to the said embargo of SEBI order.

However, the members may note that the Company in the past had revised the capacity of refinery envisaged in Haldia to 10 MMTPA from 5 MMTPA and had also filed an application to Ministry of Environment to enhance the approval for putting up 200,000 bpd equivalent to 10 MMTPA capacity refineries. The Ministry vide its letter dated September 20, 2011 declined the request as Haldia has been notified as a critically polluted area and no new capacity or expansion can be permitted till it is de-notified. Further Ministry of Environment and Forest vide its Memorandum Dated 17th September, 2013, has de-notified Haldia from critically polluted areas and will be able to consider the new / expansion projects. The Company plans to approach MOEF for getting the requisite clearances for its expansion once the plans for the same are crystallized.

Presently the core consideration of your Company is to first get rid of the present adverse situation and try to create favorable circumstances wherein it can be decided, how to proceed with the project of the Company, and also to decide the future course of action. It is pertinent to note that the embargo imposed by SEBI since September, 2011 has brought the Company on its back foot. Every plan and proposal, which your Company had decided to execute towards the implementation of the project, has been adversely affected and cannot be executed. Considering the present circumstances, it has become very important to re-think and plan afresh for the future development of the Company and its project implementation subject to some positive outcome from the Hon'ble SAT, to which your management is very hopeful.

The Hardt Group which had agreed to become a strategic investor in the Company and initially assisted the Company in implementing its refinery project and also brought in Rs. 136.52 million during March'11 to March'12, through Abboto Limited (another affiliate of Hardt Group), which allowed your Company to meet its funding for working capital and project activities. Presently the Hardt group is supportive to the Company and awaiting the final decision to be made by Hon'ble SAT, in the appeal of the Company made against the said order of SEBI.

However it is important to note that the contracts which was entered with affiliates of Hardt group have expired as of now, but, your Company is fully committed to come out of the present adverse situation.

STATUS OF FIPB, CCEA APPROVAL:

As already informed earlier the Company's proposal to issue GDR's to Tagore and Amber, aggregating to US\$ 317 million was initially approved by the Foreign Investment Promotion Board (FIPB) in their meeting held on May 20, 2011. Since the amount of issue had exceeded Rs. 12,000 million, the proposal was recommended to the Cabinet Committee on Economic Affairs (CCEA). However, prior to receipt of the CCEA approval, SEBI in September 2011, issued directions to the Company to not to issue equity or any other instruments convertible into equity or alter capital structure in any manner.

Further pursuant to the SEBI order, FIPB had also withdrawn its approval. The Company had represented to FIPB repeatedly, requesting them to reconsider their decision. However, FIPB had at that time rejected our request vide its letter dated July 23, 2012 in view of change in the FDI Policy with effect from April 1, 2012. The Company again represented to FIPB, stating that the proposal was earlier approved under the then prevailing FDI policy and the delay was on account of factors beyond the Company's control, which was also rejected by FIPB vide their letter dated November 2, 2012 for want of final orders from SEBI.

Since the SEBI has issued a final order and has restrained the Company from issuing any further equity shares or any other instruments convertible into equity shares or any other security, effectively for a period of eight years (approx), it is immaterial to approach the FIPB in the matter.

STATUS OF LAND AT HALDIA:

As the members are aware, the Haldia Development Authority (HDA), had offered land admeasuring about 400 acres at Haldia, West Bengal to the Company for setting up the project, stipulating a lease premium of Rs. 600 million. Since your Company, due to the embargo imposed by SEBI, could not become operational and could not pay the said lease premium pending financial closure, it entered into a tripartite agreement along with HDA and West Bengal Industrial Development Corporation Limited (WBIDC), whereby, WBIDC paid the lease premium and other development charges to HDA and gave permissive possession of the land to the Company for six months from the date of the agreement, subject to compliance with certain conditions. Your Company could not comply with the conditions and requested an extension of time from WBIDC for the same, WBIDC had granted such extension, with certain additional conditions relating to tie up of equity and achievement of financial closure for the project, which could not be complied with due to the subsisting of SEBI's prohibitory order. The Company had accordingly informed WBIDC, requesting further extension, which was not acceded to and WBIDC had withdrawn the permissive possession.

Your Company has been awarded with the adverse order from SEBI, and it will not be possible for your Company to achieve the financial closure, in any way, till the time SEBI restriction is lifted and Company could enter into securities market, which will lead your Company to be in the position to consider and decide its future course of action and the future strategies, which will ultimately lead to achieving the financial closure. It cannot be denied that the only positive sign as of now with your Company is that the Hardt Group is with us and will be ready to fund the Company in the appropriate manner, once the SAT gives us the positive order in the ongoing matter.

Your management is confident of sourcing the required funds for clearance of the WBIDC dues and getting extensions on annulment of the SEBI order.

DIRECTORS:

Mr. Deep Kumar Rastogi retires by rotation as required under the Companies Act, 1956 and being eligible, offers himself for reappointment.

Mr. R. Rajagopalan, Independent Director resigned from the Board vide his letter dated 23rd October, 2013 and Mr. D. ii. Details of non-compliance by the company, penalties, strictures imposed on the Company by Stock Exchanges or SEBI or any statutory authority, on any matter related to capital markets, during the last three years:

As your Directors have been reporting in their previous reports that, the SEBI, while investigating certain entities in regard to "Market Manipulation using GDR issues" had by its ex-parte order No.WTM/PS/ISD/02/2011 dated September 21, 2011, which was later confirmed vide order dated December 30, 2011, directed your Company not to issue equity shares or any other instruments convertible into equity shares or alter capital structure in any manner till further directions in this regard. The Company in the above matter after awaiting the final orders from SEBI for almost two years since ex-parte ad-interim order of SEBI was issued, decided to file an appeal with the Securities Appellate Tribunal (SAT) to seek a solution in the month of August, 2013. SAT vide its order dated August 28, 2013, had directed SEBI to complete the proceedings and issue the final orders after issuing show cause notice to the Company, within a period of eight weeks from the date of order, failing which the ex-parte interim order of September 2011 and confirmatory order of December 2011 will stand vacated. As directed by SAT, SEBI had issued a Show Cause Notice dated September 19, 2013 along with supplementary show cause notices, received on later dates, the Company had filed a detailed reply of the said show cause notices to the SEBI, which in results the SEBI had issued a final order against the Company, which operative portion are as under:

- That the Company will not issue equity shares or any other instruments convertible into equity shares or any other security, for a period of ten years.*
- Vide Interim Order dated September 21, 2011 (later confirmed through the Confirmatory Order on December 30, 2011), the Company was directed not to issue equity shares or any other instrument convertible into equity shares or alter their capital structure in any manner till further directions. In this context, the Company has already gone the prohibition imposed vide the Interim Order for a period of approximately two years. In view of this factual situation, it is clarified that the prohibition already undergone by the Company pursuant to the aforementioned SEBI Order shall be reduced while computing the period in respect of the prohibition imposed vide this order.*

From the above Order it is clear that the Company is restrained from issuing any further equity shares or any other instruments convertible into equity shares or any other security, effectively for a period of **eight years (approx)**.

GLOBAL SCENARIO

The previous years have been characterised by the continuing weakness of the financial system, epitomized by the instability in currency exchange rates, US monetary policy, and the slowing down of growth in emerging economies.

According to the IMF's World Economic Outlook published in the month of April 2014, the world output grew at a moderate 3.0 percent in 2013 compared to 3.2 percent in the year 2012. Among the developed economies, the USA, which is the largest economy in the world, suffered a setback compared to its robust growth in the year 2012. In the year 2013, GDP in USA grew by a mere 1.9 percent compared to a much higher 2.8 percent in the previous year. This slowdown in growth in the US economy was largely attributable to the political deadlock over policies and fiscal tightening.

In the Euro area, there were finally some positive signs as the region came out of protracted recession during 2013. However, the scepter of debt continues to loom at large with 12 out of 17 countries still under Excessive Deficit Procedure.

However, positive developments have also been witnessed. The slow recovery from recession continues in Europe, albeit without sufficient job creation. Growth has also seen some acceleration in the US and Japan. In balance, the situation is improving globally.

Developing countries specially India and China have been identified as the important source for oil demand increase due to their large populations. In other countries, as people increasingly benefit from more decent living conditions, this triggers rising demand for goods and services.

World Oil Outlook indicates that demand for oil is expected to increase by around 20 million barrels a day(mb/d) over the projection period 2010-2035. However the markets of crude oil and their prices remain unchanged and broadly followed trends of recent years. Further the refining capacity in the Middle East, Asia which is newly opened and increased utilisation of the resurgent US industry led to a weaker refining margin environment.

As described above the macro-economic environment have started recovery, led by the Organization for Economic Co-operation and Development (OECD) countries. Major economic indicators from USA demonstrated positive sentiments. The EU zone, which had witnessed a recession in 2012, recovered in 2013-14. The Emerging markets in contrast struggled to sustain their high growth rates and deal with inflationary pressures. China in particular looks to have moved to a more moderate growth path.

The oil demand globally, grew by 1.3 MMBPD to 91.4 MMBPD, against this mildly positive economic backdrop. The Non-OECD countries led by China contributed to almost the entire oil demand growth. Relatively sluggish economic activity and increasing energy efficiency has led to a decline in absolute demand in developed economies.

Although, the political tension and social unrest in several major oil exporting countries in the Middle East and Africa seriously impacted oil supplies, the overall supply has increased by 0.6 MMBPD, led by Non-OPEC supply which grew by 1.3 MMBPD during 2013 reducing the call on OPEC.

The oil prices in the \$ 90 to \$ 115 per barrel range that has been established over recent years, which was as a result of the geo-political environment continued to remain volatile leading to supply disruptions.

INDIAN SCENARIO

After recovering in 2009-10 and 2010-11, India's GDP growth slowed down to decade's low of 4.5 percent in 2012-13. It picked up marginally to 4.7 percent in 2013-14. Indian economy is likely to grow in the range of 5.4 to 5.9 percent in 2014-15 overcoming the sub-5 percent GDP growth of past two years, even as poor monsoon and disturbed external environment remain a cause for concern, says the Economic Survey. World Bank has projected a growth rate of 5.7% for India in 2014-15.

During FY 2013-14, the total consumption of petroleum products in India was 158.2 million tonnes (MT). The consumption stood at 14.2 MT for the month of March 2014, which is more than average, according to data released by the Petroleum Planning and Analysis Cell, Ministry of Petroleum and Natural Gas. The share of fuels in the country's exports surged from 5.59 percent in 2003-04 to 20.05 percent during 2013-14. Total exports of fuel products stood at US\$ 62.69 billion in value terms during FY 2013-14.

India is the fourth-largest consumer of oil and petroleum products in the world. Its energy demand is expected to reach 1,464 million tonnes of oil equivalent (MTOE) by 2035 from 559 MTOE in 2011. Moreover, the country's share in global primary energy consumption is expected to increase two-fold by 2035.

Oil consumption is estimated to reach 4 million barrels per day (MBPD) by Financial Year 2016, expanding at a compound annual growth rate (CAGR) of 3.2 percent during Financial Year 2007-08 to Financial Year 2015-16. In Financial Year 2012-13, imports accounted for approximately 80 percent of the country's total oil demand.

The change in the Government in the Country has brought the positive sign and the financial market have started taking shape to lure the further investment, such change in the Government has also gave a positive signs to the foreign investors to invest in India, which will ultimately affect the growth in the economy, positively.

The government's supportive foreign direct investment (FDI) policies and promotion of investments have helped the oil sector to grow. The Govt. has introduced policies for Coal Bed Methane (CBM) and series of bidding rounds of New Exploration Licensing Policy (NELP). India offers abundant skilled labour at much competitive wages compared to other countries. Further, several domestic companies have reportedly found natural gas in deep waters. Taking all this into account, there is significant expansion opportunity for the sector in the coming decade.

A budget of about 63,000 crore INR has been allocated for the year 2014-15 to petroleum subsidies as against an estimated 85,500 crore INR spent in FY 2013-14. Before presenting the Budget proposals, the new government supported the rise in LPG, petrol and diesel prices. This heralds an altogether new regime. Reduced subsidy burdens will leave domestic oil companies in better financial health. Deregulation of petrol and diesel prices will make way for competition in the retail market.

In order to meet the ever-growing demand for petroleum products, the government has consistently endeavored to enhance exploration and exploitation of petroleum resources, along with developing a concrete and structured distribution and marketing system. Despite this, crude oil production for 2013-14 remained stagnant at around 37.8 million metric tonnes (MMT) as against 37.9 MMT in 2012-13, showing a marginal decrease of about 0.20%. The bulk of crude oil production is from ageing fields, with the exception of the Krishna Godavari (KG) deep-water and Rajasthan blocks. Production of crude oil was also affected by environmental issues, bandhs/blockades, lower base potential, and delay in production from wells in implementing projects in some areas.

However taking into consideration of the Govt. Policies and the expected improvement in the Indian and the global economy, the Industry is expected to perform well in future.

To,

The Members of CALS REFINERIES LIMITED

Report on the Financial Statements

We have audited accompanying financial statements of **CALS REFINERIES LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2014 and the Statement of Profit and Loss and Cash Flow Statement for the period then ended, and a summary of significant accounting policies and other explanatory information.

Management' Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give

a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- b) in the case of the Statement of Profit and Loss, of the loss for the period ended on that date; and
- c) in the case of Cash Flow Statement, of the cash flows for the period ended on that date.

Emphasis of matter

Without qualifying our opinion we draw attention to:

- (a) We have considered the adequacy of disclosure made in Note No.30 in the notes to financial statements concerning the Company's ability to continue as a going concern. The ability of the Company to continue to be a going concern significantly depends upon its ability to successfully arrange the balance funding and achieve financial closure to fund the refinery project.
- (b) As better elucidated in Note 30 (c), in the view of the mutual non-fulfillment of contractual obligations arising out of company's contracts with certain suppliers/contractors, a liabilities amounting to ₹ 477.49 million has not been accrued.
- (c) As better elucidated in Note 30 (a), an advance of ₹ 4583.44 million was paid to a supplier of plant and machinery. The ability of the company to fulfill its contractual obligations cannot be presently determined and no adjustment with respect to such advance, that may result, has been made in the financial statements. The Company has also given advances amounting to ₹ 140.15 million to various suppliers/contractors in terms of agreements executed by the Company for implementation of refinery project. Such advances may not be recoverable in the event of non-fulfillment of contractual obligations by the Company.
- (d) As better elucidated in Note 30 (d), the acquisition rights of the leasehold land, depends upon the arrangement of funds to meet company's obligations and successful negotiation with WBIDC. The Company has entered into a tripartite agreement along with Haldia Development Authority (HDA) and West Bengal Industrial Development Corporation Limited (WBIDC). The Company was given permissive possession of the said land for a period of six months from the date of agreement, for the purpose of implementing the project. Since the company was not in the position to comply with these conditions it had requested WBIDC to extend the time limit. WBIDC had not acceded to the Company's request and had withdrawn the permissive possession of land. The company has again requested WBIDC to allow time for clearance of the dues and extend the permissive possession till March 2014. However, the company, on going concern basis, has reflected land under fixed assets and lease payment liability towards the same under trade payables. The expenses incurred on land development (₹ 196.91 million) and civil work

(₹ 49.64 million) which is included in cost of leasehold land and capital work in progress may not be recoverable.

- (e) Expenses to the tune of ₹ 498.13 million reflected in Capital work in progress have been incurred by the Company apart from the expenses as mentioned above. We are unable to comment on the recoverability and future economic benefit from such expenses.
- (f) The Securities Exchange Board of India (SEBI) has issued a final order dated October 23, 2013 against the Company in the matter of "Market Manipulation using GDR Issues", which imposes a restriction on any further issue of equity shares or any other instruments convertible into equity shares or any other security by the Company for a period of ten years. As on date of order, the Company has undergone such prohibition as laid down in the order for approximately two year which means the restriction will be reduced effectively to eight years from the date of order. Further, the aforesaid order has also raised a question of siphoning of funds for the benefit of promoters of the Company. The Company is in appeal against the aforesaid order of SEBI in Securities Appellate Tribunal (SAT). The matter is sub-judice and the impact, if any, of the outcome of the same cannot be ascertained at this stage.
- (g) The Company had deferred expenses related to equity and GDR issues amounting to ₹ 246.24 million, which forms part of other non-current assets. With reference to the aforementioned order of SEBI and the embargo on the further issuance of equity or any equity convertible instruments by the Company, we are unable to comment on the future economic benefit arising out of such expenses incurred during the previous years.

The financial statements do not include the adjustments that would result if the Company was unable to continue as a going concern.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003, ("the order") as amended by the Companies (Auditor's

Report) (Amendment) Order, 2004, issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.

2. As required by section 227(3) of the Act, we report that:
 - a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report are in agreement with the books of account.
 - d) In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of Companies Act, 2013.
 - e) On the basis of the written representations received from the directors, as on March 31, 2014 and taken on record by the Board of Directors, we report that none of the directors is disqualified as on March 31, 2014 from being appointed as a director in terms of clause (g) of sub-section (1) of Section 274 of the Companies Act, 1956.

Referred to in paragraph 1 of 'Report on other Legal and Regulatory Requirements' in our Report of even date on the accounts of CALS REFINERIES LIMITED for the year ended March 31, 2014.

- i. (a) The Company has generally maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - (b) As explained to us, all fixed assets have been physically verified by the management at reasonable intervals during the year and no material discrepancies were noticed on such verification.
 - (c) During the year, the Company has not disposed off a substantial part of the fixed assets.
- ii. The Company's nature of operations does not require it to hold inventories. Consequently, clause 4(ii) of the order is not applicable
- iii. As informed to us, the Company has neither granted nor taken any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained, under section 301 of the Companies Act, 1956. Hence clauses (iii) (a) to (iii) (g) of paragraph 4 of the order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the Company and the nature of its business with regard to purchase of inventory, fixed assets and with regard to the sale of goods and services. During the course of our audit we have not observed any continuing failure to correct major weaknesses in internal control system.
- v. The Company has not entered into contracts or arrangements referred to in section 301 of the Act. Accordingly, the provisions of clause (v) of paragraph 4 of the order are not applicable to the Company.
- vi. During the year, the Company has not accepted any deposits from the public. As such, the compliance with directives issued by the Reserve Bank of India and the provisions of section 58A, 58AA of the Companies Act, 1956 and the rules framed there under are not applicable.
- vii. In our opinion, the Company has internal audit system commensurate with the size of the company and the nature of its business.
- viii. We have been informed that the Central Government has not prescribed maintenance of cost records under section 209 (1) (d) of the Companies Act, 1956.
- ix. (a) According to the information and explanations given to us and on the basis of records produced before us, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, wealth tax, custom duty, excise duty, cess and other material statutory dues applicable to it, though there has been a slight delay in few cases. The Company has opted to pay its service tax dues under the VCES scheme of Service Tax. According to the information and explanations given to us, no undisputed arrears of statutory dues were outstanding as at March 31, 2014 for a period of more than six months from the date they became payable.
 - (b) There are no dues in respect of Income Tax, Sales Tax, Wealth Tax, Customs Duty, Excise duty, and cess that have not been deposited with appropriate authorities on account of any dispute.
- x. The Company' has accumulated losses at the end of the financial year exceeding fifty percent of its net worth. Further, the Company has incurred cash losses in the current financial year and in the immediately preceding financial year.
- xi. According to the records of the Company examined by us and information and explanation given to us, the Company has not defaulted in repayment of dues to financial institution, bank or debenture holders as at the Balance Sheet date.
- xii. According to the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities.
- xiii. In our opinion, the provisions of any special statute applicable to Chit Fund, Nidhi or Mutual Benefit Fund/Societies are not applicable to the Company.
- xiv. In our opinion and according to the information and explanations given to us, the Company is not dealing or trading in shares, securities, debentures and other investments hence the provisions of the clause 4(xiv) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.
- xv. According to the information and explanations given to us and the record examined by us, the Company has not given any guarantee for loans taken by others from banks or financial institutions.
- xvi. The Company has not taken any term loan during the year.
- xvii. On the basis of an overall examination of the Balance Sheet of the Company and according to the information and explanations given to us, in our opinion there are no funds raised on short-term basis, which have been used for long-term investment.
- xviii. The Company has not made any preferential allotment of shares to parties and companies covered in the register maintained under section 301 of the Companies Act, 1956 during the year.
- xix. The Company has not issued debentures during the financial year and hence, the question of creating securities in respect thereof does not arise.
- xx. During the year, the company has not raised any money through Public Issue. Hence the clause 4(xx) of the order is not applicable.
- xxi. On the basis of our examination and according to the information and explanation given to us, no fraud, on or by the Company, has been noticed or reported during the course of our audit.

1. Corporate information

Cals Refineries Limited (the Company) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on Bombay Stock Exchange in India.

2. Significant accounting policies

a) Basis for preparation of financial statements

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006, (as amended) and the relevant provisions of the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of Companies Act, 2013. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

b) Use of estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognized in the current and future periods.

c) Tangible Fixed assets and depreciation/amortization

- (i) Fixed assets are stated at cost less accumulated depreciation/amortization. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.
- (ii) Fixed assets under construction and cost of assets not ready for use as at the year-end are disclosed as capital work-in-progress.
- (iii) Expenses incurred relating to project prior to commencement of commercial production are classified as "Pre-operative expenses pending allocation" and are disclosed under Capital work in progress (net of income earned during the project development stage).
- (iv) Depreciation on fixed assets is provided on straight-line method (except intangible assets which are amortized over the period of three years) on pro rata basis from the date of addition at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956 which are as under:

Asset category	Rate of depreciation/amortization
Computers	16.21% p.a.
Office equipments	4.75% p.a.
Furniture and fixtures	6.33% p.a.
Vehicles	9.50% p.a.
Building	1.63% p.a.

Assets costing ₹ 5,000 or less are individually depreciated at the rate of one hundred percent. Obsolete assets have been discarded during the year.

d) Intangible Fixed assets and depreciation/amortization

Software costs relating to acquisition of initial software license fee and installation costs are capitalized in the year of purchase. Software is amortized on a straight-line basis over its useful life, which is considered to be of a period of three years.

e) Expenditure During Construction Period

Expenditure incurred during construction period which is directly or indirectly related to the project is included under Pre-operative Expenses and the same will be allocated to the respective Fixed Assets upon completion of construction.

f) Leases

Leases of assets under which significant risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Lease payments under an operating lease are recognized as expense in the "Statement of Profit and Loss" on a straight line basis over the lease term.

g) Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss account as incurred

h) Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the "Statement of Profit and Loss". If at the balance sheet date there is an indication that a previously assessed impairment loss no

longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

i) Revenue recognition

Sale of goods

Revenue from the sale of goods is recognized when significant risk and rewards in respect of ownership of the goods are transferred to the customer. Revenue is stated net of trade discounts, rebates, sales return and sale tax or value added tax, where ever applicable

j) Foreign currency transactions

Transactions in foreign currency and non-monetary assets are accounted for at the exchange rate prevailing on the date of the transaction. All monetary items denominated in foreign currency are converted at the year-end exchange rate. The exchange differences arising on such conversion and on settlement of the transactions are recognized income or as expense for the year.

k) Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Revised Accounting Standard 15 - Employee Benefits (Revised 2005)

i) Gratuity

Gratuity is a post employment benefit and is in the nature of a defined benefit plan. The liability recognized in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is calculated at or near the balance sheet date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged or credited to the "Statement of Profit and Loss" in the year in which such gains or losses are determined.

ii) Provident Fund

The Company makes contribution to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provision Act, 1952 which is a defined contribution plan and contribution payable is recognized as an expense in the year in which services are rendered by the employee.

iii) Compensated absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

iv) Other short term benefits

Expense in respect of other short-term benefits is recognized on the basis of the amount payable for the year during which services are rendered by the employee.

l) Taxation

Provision for tax comprises current income-tax and deferred tax. Current income-tax is determined in respect of taxable income with deferred tax being determined as the tax effect of timing differences representing the difference between taxable income and accounting income that originate in one period, and are capable of reversal in one or more subsequent period(s). Such deferred tax is quantified using rates and laws enacted or substantively enacted as at the end of the financial year.

m) Contingent liabilities and provisions

Depending upon the facts of each case and after due evaluation of legal aspects, claims against the Company not acknowledged as debts are treated as contingent liabilities. In respect of statutory dues disputed and contested by the Company, contingent liabilities are provided for and disclosed as per original demand without taking into account any interest or penalty that may accrue thereafter. The Company makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of obligation can be made. Possible future or present obligations that may but will probably not require outflow of resources or where the same cannot be reliably estimated, have been disclosed as a contingent liability in the financial statements.

n) Miscellaneous expenditure

Miscellaneous expenditure on account of increase in share capital and other related expenses are written off over a period of 5 years from the date of commencement of commercial production. Any reimbursements received from the depository are credited to "Miscellaneous expenditure" in the year such reimbursement is received.

o) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of dilutive potential equity shares.

- a The Company has a plan to set up crude oil refinery in Haldia, West Bengal. Ministry of Forest and Environment (MOEF) has accorded Environmental Clearance for 5 MMTPA refinery project. The Haldia Development Authority (HDA) / West Bengal Industrial Development Corporation (WBIDC) had allotted land in Haldia. The Government of West Bengal extended various concessions which included VAT incentives equivalent to the investment in Plant & Machinery. The Company raised Equity for US\$ 200 million in Dec'07 by issuing Global Depositary Receipts (GDR) for part funding the project. The proceeds of the GDR issue were fully utilized to pay capital advances related to purchase of equipment of two used oil refineries and other corporate expenses incurred during construction period. The Company entered into contracts for relocation of one refinery from Ingolstadt, Germany and had also paid advances for such equipments. However, the Company could not achieve financial closure and fulfill the terms of the said contract, resulting in cancellation of the contract and forfeiture of the advances paid.

The Company had, on March 15, 2011, entered into an Asset Purchase Agreement with Tagore Investments SA (Tagore) (an affiliate of Hardt group) for the CENCO Petroleum Refinery at a cost of US\$ 275 million. As per the said agreement, the cost of such equipments was to be settled by the Company by issue of Equity in the form of GDR to the extent of US\$ 175 million to Tagore and balance US\$ 100 million in cash on achievement of financial closure.

The Company had also contracted for another set of Refinery equipments from another affiliate of Hardt group namely Amber Energy SA (Amber) at a cost of US\$ 142 million which was to be paid by issue of GDR of US\$ 142 million to Amber.

Simultaneously, the Company had entered into a 'Deed of Novation' with an affiliate of Hardt Group for assuming the contractual obligations envisaged on the supplier under an erstwhile agreement of plant & machinery for which an advance of ₹ 4,583.44 million had been paid.

Hardt Group had agreed to become a strategic investor in the Company and assist it in implementing the refinery project. Abboto Limited (affiliate of Hardt Group) had brought in ₹ 136.52 million as equity during March'11 to March'12 (out of which 120.76 million already allotted & the balance 15.76 million to be allotted as equity shares) to meet funding requirement for working capital and project activities.

After signing the agreements with Hardt Group for purchase of refinery equipment and with the set of refining equipment for which the Company had already contracted and paid advances, the Company revised the capacity of refinery envisaged in Haldia to 10 MMTPA from 5 MMTPA. It filed an application to Ministry of Environment to enhance the approval for putting up 200,000 bpd equivalent to 10 MMTPA capacity refineries. However, the Ministry vide its letter dt. Sept 20, 2011 declined the request as Haldia has been notified as a critically polluted area and no new capacity or expansion can be permitted till it is de-notified. Meanwhile, the Company lost the Bayernoil equipment as it couldn't fulfill its contractual commitments.

The Company's proposal for issue of such GDRs to Tagore and Amber, aggregating US\$ 317 million was approved by the Foreign Investment Promotion Board (FIPB) in their meeting held on May 20, 2011. Since the amount of issue had exceeded ₹12,000 million, the proposal was recommended to Cabinet Committee on Economic Affairs (CCEA). However, prior to receipt of the CCEA approval, SEBI Vide Interim Order dated in Sep'11 had issued directions to the Company not to issue equity or any other instruments convertible into equity or alter capital structure in any manner till further directions. The SEBI has issued a final order dated October 23, 2013 against the Company which mainly states that the Company will not issue equity shares or any other instruments convertible into equity shares or any other security, for a period of ten years.

Further, the Company has already undergone the prohibition imposed vide the Interim Order for a period of approximately two years. In view of this factual situation, it is clarified that the prohibition already undergone by the Company pursuant to the aforementioned SEBI Order shall be reduced while computing the period in respect of the prohibition imposed vide this order. Hence the restriction period of ten years will be reduced to eight years.

The Company's various efforts to restart the project also failed due to the embargo on issue of new equity by SEBI. Hardt Group has also stopped infusing further funds pending revocation of the above mentioned SEBI order. In the light of the above the Company intends to proceed with only a 5 MMTPA refinery on receiving favourable orders from SEBI. The Project cost for setting up of 5 MMTPA refinery with equipments contracted from Hardt Group along with balancing equipments is estimated at around US \$ 1 billion, which would be funded by a Debt: Equity ratio of 70:30. The equity requirement will be met by issue of GDRs to the Hardt group and the existing equity. The contracts entered with Hardt group have expired as of now but Hardt Group has indicated their willingness to extend the same once a favourable order from SEBI is received. However, the

Company has filed an application to the Hon'ble Securities and Appellate Tribunal (SAT), against the abovementioned order of the SEBI, which process is undergoing. The management is confident of obtaining a favourable order soon and achieving financial closure for the project and confident of the support of Hardt Group in implementing the project.

- b During the previous years, the Company had entered into agreements for supply of plant and machinery related to the project. The said agreement provided for certain milestones of performance on part of the parties to the contract which more specifically involved delivery of equipments by the supplier periodical payment by the Company. The Company paid certain advances as per the terms of the contract however, in view of the pending financial arrangements it could not fulfill other terms and conditions stipulated under the said agreements. The suppliers/contractors also could not fulfill their obligations under the said agreements.
- c In view of the fact that the obligations of either party to the contracts in the aforementioned agreements for supply of plant and machinery related to the project are not fulfilled, the Company's liability for payment of ₹ 477.49 million (as on March 31, 2013: ₹ 432.12 million) is not crystallized as at the balance sheet date and hence has not been recognised in these financial statements.
- d Land- Haldia Development Authority (HDA), vide its memo dated March 25, 2008, offered land admeasuring about 400 acres at Haldia, West Bengal to the Company for setting up the refinery project ('the project'). As per the terms of the said memo, lease premium of ₹ 600 million was stipulated, which could not be paid by the company pending financial closure for the refinery project. Subsequently, the Company entered into a tripartite agreement dated March 19, 2010 along with HDA and West Bengal Industrial Development Corporation Limited (WBIDC), whereby, WBIDC has paid ₹ 630 million as lease premium for said land, development fee and other amounts to HDA and the Company was given permissive possession of the land for a period of six months from the date of the agreement with a condition that the land shall be sub-leased in favour of the Company at the end of six months, subject to compliance with certain conditions. Since the Company could not comply with these conditions, it had requested additional time from WBIDC for the same.

WBIDC, while granting such extension, stipulated additional conditions relating to tie up of equity and achievement of financial closure for the project. The Company was not in a position to comply with these conditions as the SEBI order was subsisting and informed WBIDC accordingly requesting further extension. However, WBIDC had not acceded to the Company's request and had withdrawn the permissive possession of land. The Company has again represented to WBIDC requesting time for complying with the conditions.

The strategic investor Hardt group has agreed to provide the required funding to clear the dues of WBIDC, subject to the condition that the Company obtains a favourable order and gets the required extension from WBIDC. The management is confident of sourcing the required funds for clearance of the WBIDC dues and getting extensions on annulment of the SEBI order.

In the absence of any development in the project and withdrawal of the permissive possession of land, cost of land development and civil work amounting to ₹ 196.91million and ₹ 49.68 million respectively is included in the cost of leasehold land and capital work in progress.

The ability of the Company to continue as a going concern is significantly dependent on getting a favourable order from SAT, achievement of financial closure and obtaining the extension of permissive possession and sub-lease of land from WBIDC. The management is confident of getting a favourable order from SAT and complying with the conditions of WBIDC for getting the land. In the event of any delay in arrangement of such funding, the promoter is committed to provide necessary funds to meet the Company's liabilities arising in the foreseeable future. These financial statements have been prepared on a going concern basis on the assumption that the necessary funding and financial closure will be achieved and do not include the adjustments that would result if the Company is unable to continue as a going concern.
