FROM THE CHAIRMAN

Dear Shareholders,

When I wrote to you a year ago, Bhartiya International was nearly five months into the challenges created by Covid 19 and the global shutdown. We didn't know how long our global brands and retailers would be closed for business. What we did know is we were determined to navigate through this immense challenge by staying focused on our core, long-term business strategies, by streamlining our operations and by maintaining the strength of our balance sheet.

I am pleased to report that because of our swift and effective response to this unprecedented crisis, we are now a leaner, more efficient organization, positioned for improved revenue growth and profitability as the economy and retail trade recovers.

Our strategic priorities:

- Improve efficiencies and reduce lead times to respond to critically important digital marketing and e-commerce.
- Expand our handbag and accessories business through investment in state-of-art production equipment, improved factory efficiencies, and expanded capacity for large global brands.
- Utilize the advantages of our vertical integration from tannery to garment to create greater flexibility, to reduce response time, and to better support our large leather outerwear brands.
- Build our virtual manufacturing group through an enhanced network of factory partners and a strengthened design and sourcing team to support a greater breadth and diversity of product sourcing capabilities.
- Elevate our corporate social responsibility commitment through all-encompassing people, environmental and sustainability programs.

I am proud to share with you that we are the first global tannery to achieve environmental and sustainability SupplierSure certification from BLC Eurofins. Thanks to the hard work of our leather-making team, global brands can have full confidence in our excellent operational, environmental and sustainability credentials.

I write this letter with a strong sense of pride and optimism as we enter the new fiscal year. Our strategic choices have positioned our company for success now and in the future. As economies rebound and global retail trade resurges, I am confident Bhartiya International will continue to grow and prosper with greater profitability.

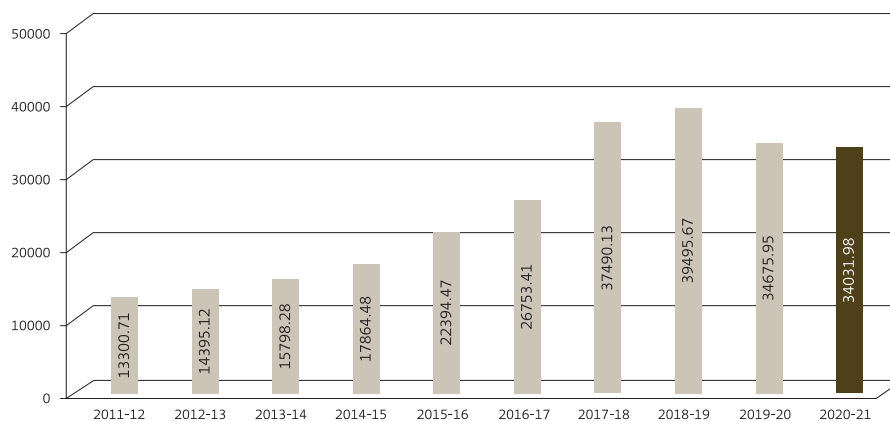

I am incredibly proud of our employees and grateful for their strength, resilience, determination and commitment throughout this difficult year. On behalf of the entire Bhartiya International organization, I thank our shareholders and stakeholders for your continued support.

Sincerely,

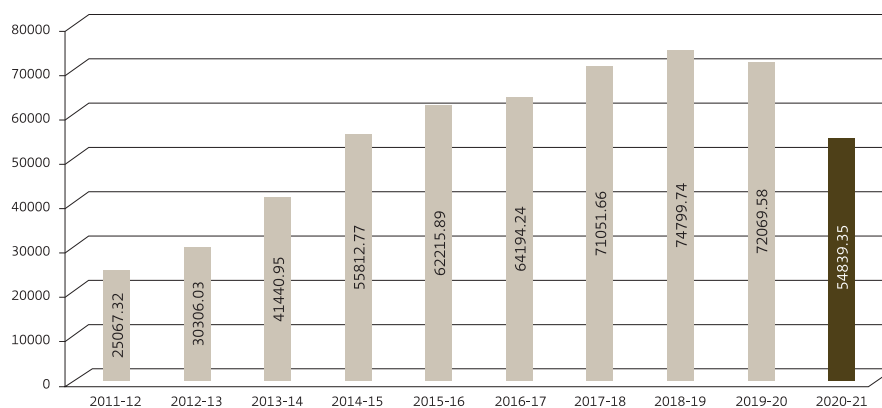

Snehdeep Aggarwal
Chairman

INDUSTRY UPDATE

2020 was an onerous year that changed the global business environment. The impact of the coronavirus (COVID-19) is being felt by all businesses around the world. Businesses are navigating a broad range of interrelated issues that span from keeping their employees and customer safe, managing cash and liquidity, reorienting operations, and navigating complicated government support programs.

Closure of retail stores and supply chain disruptions have led to either cancellation or hold on orders which affected many suppliers across the Globe. The short to medium term is likely to witness consolidation in the industry, as many smaller suppliers may fold their businesses owing to lack of access to capital to sustain operations. As consumers around the globe adjust to the next normal, there is significant variance in consumer sentiment and behavior across countries. Consumer preference has also made a shift to durable, useful products which serve multiple purposes. With the world moving to a hybrid mode of work, fashion is also faster shifting in the way people dress keeping hygiene, health and wellness in mind. The pandemic has also led to a shift in consumer behavior towards digital, forcing many brands/retailer to come up with innovative operating models significantly scaling up digital sales to meet the consumer demand. Bhartiya is gearing itself to take benefit from these changes in consumer preferences owing to its flexible and agile operating model to support the brands/retailers as per their requirements.

While the world went through this challenging period, the silver lining came in terms of a quick development of covid vaccine by leading pharmaceutical companies across the Globe. With a rapid vaccination of citizens across the key geographies like Europe, UK and the USA have led to opening of the economy and markets. The first few months of the current financial year already seeing an optimism in retail sales across these markets. This is very good news for Bhartiya Fashion as our key operating geographies are Europe, UK and the USA.

ABOUT THE COMPANY

Bhartiya's institutional journey began in the year 1987 with a focus on design led manufacturing. Over the last three decades, it has diversified into a global company with presence across six countries and a partner of choice for over 100 retailers/brands across the world. As a vertically integrated company with capabilities across material sourcing, design development, manufacturing, and quality assurance, it is leading the way as a full-service supply chain platform for partner brands with a commitment to sustainability. The fully integrated business model helps us with a unified view of all the core components of delivery to clients and keeps us agile and helps in quick decision making.

At Bhartiya, design plays a key role in whatever we do. Our state-of-the-art in-house R&D department is led by our design professionals based out of Milan, Italy and Gurgaon, NCR. Our teams work closely with partner brands to develop innovative products led by latest trends in fashion and thereby add significant value to our clients.

Bhartiya operates across four business divisions, such as Leather Outerwear, Textile Outerwear, Accessories and Virtual Manufacturing. These divisions are strengthened by an in-house Tannery Unit with a capability to source raw materials from across the world. The company operates a strong network of ten manufacturing units, six design and prototyping facilities, nine business development offices, and six showrooms and driven by direct and indirect employment of over 20000 people worldwide.

KEY BUSINESS DIVISIONS

LEATHER GARMENTS DIVISION

The leather garments division offers complete range of Men and Women outerwear apparel.

We are amongst the largest manufacturer of leather garments globally. In an Industry filled with large number of smaller players, Bhartiya was able to build scale and continues to grow in this division with steady state profitability.

Having consolidated the business model, the division has reached a stage to benefit from operating leverage: additional sales translate to the bottom-line with low incremental costs. Our focus in this segment is to grow the top line through long term partnership with a concentrated list of high value customers along with a diversified client base, de-risking the business. In addition to our in-house expertise of onboarding new customers, the company has ramped up its marketing network by engaging agents in key geographies to grow the business. These agents work on a variable inventive model linked to sales which makes it a cost-effective growth model with no fixed cost investment by the company.

Our design professionals based out of Milan, Italy and Gurgaon, NCR play a key role through constant product innovation led by latest trends in fashion. Company's strong expertise across the value chain (designing, sourcing, manufacturing) and deployment of highly skilled resources and streamlined processes has resulted in higher capacity utilization and have translated into a predictable business model with higher profitability.

ACCESSORIES DIVISION

The accessories division produces leather and non-leather bags, accessories including belts for reputed international brands. Bhartiya has been manufacturing leather accessories for the global market since the last decade, starting with a factory for bags and accessories in Chennai. Bhartiya factory has currently an annual production capacity of over a million bags, belts, wallets, and other small leather goods which is being scaled up further through expansion of our manufacturing facilities. The company is entering into a long-term manufacturing arrangements with leading brands in the luxury accessory space. To support these collaborations, company is expanding capacity through a greenfield facility in Andhra Pradesh. This initiative is a testament to Bhartiya's industrial strength manufacturing platform consists of latest state of the art technology enabled process and highly skilled resources. Our focus would be to grow this division through such long-term partnership model with multiple global luxury accessories brands/retailers. Additionally, our in-house design studio based out of Milan and Chennai crafts the latest trend setting products through an Original Design Manufacturing (ODM) model for many luxury brands in the European and North American market.

TEXTILE OUTERWEAR DIVISION

The Textile Outerwear division offers one of the best quality products to reputed retailers/brands. With a well-equipped sampling and product development infrastructure and sourcing teams, the division specialises in a variety of styles for Men's and Women's categories of Outerwear. The division has seen rapid expansion over the last few years. This has become possible by our cross-sell strategy to offer multiple product lines to our existing global client base. We are currently focusing high value products as a sustained lever for growth. We expect this initiative to deliver sustained profitability while growing its business volume over the next several years.

VIRTUAL MANUFACTURING DIVISION

While Bhartiya continues to focus on building manufacturing capabilities for its clients; company has leveraged a unique untapped opportunity in the virtual manufacturing space. The division is a design led and asset-light platform wherein company provides manufacturing expertise to leading brands by utilizing partner factories. Bhartiya's strong competitive advantages is in using design as a critical element in creating extra value in the supply chain and building partnerships. Consumer needs a certain product at a certain price point along with quality assurance. Bhartiya offers its expertise to match such requirements through access to global relationships and utilizing manufacturing facilities of partner factories. Hence knowledge of all key components: consumer understanding, design, branding capabilities, raw material sourcing capabilities, production and quality assurance capabilities can create significant value for this division.

Key features of the business division are:

- Asset-light model with minimal working capital exposure and no fixed asset investments
- Scalable business model as capacity enhancement can be done without owning Factories

LEATHER FINISHING DIVISION: LEADING THE SUSTAINABILITY INITIATIVE

The rapidly evolving fashion industry demands a conscious approach. Most leading luxury brands in the world have already embraced the Sustainability theme and have made significant progress on this front.

Being a responsible partner to over 100 global brands, our Tannery based in Chennai started moving towards ethical and sustainable production methods. Our tannery sources and produces leathers which are traceable, sustainable, organic, and biodegradable. Bhartiya has a mission to support its partner brands in their journey to remain relevant to their customers and the world by contributing to efficiently using resources and working towards a sustainable world.

The sustainable leather initiative at Bhartiya is about the entire lifecycle of leather with an objective of improving current processes by reduction of energy, water, chemicals and finding efficient ways of using by-products.

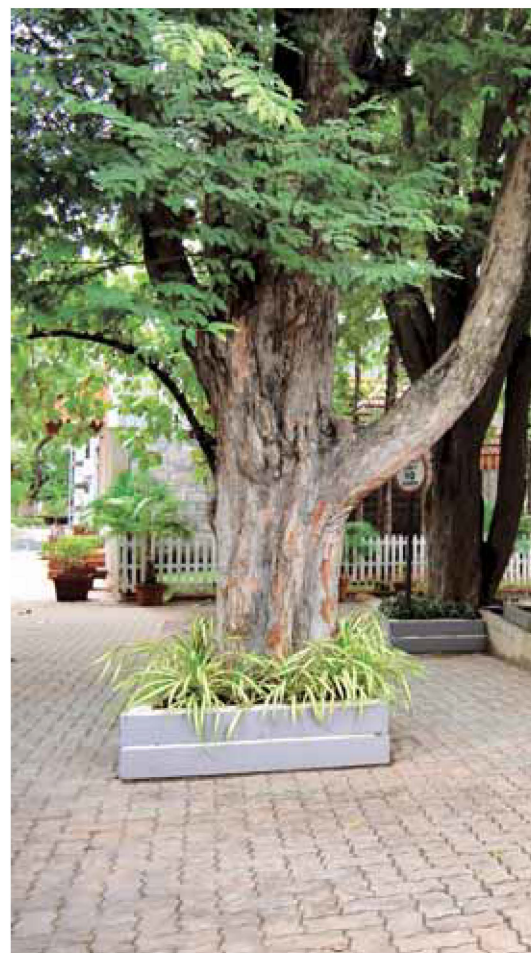

HUMAN RESOURCE

Bhartiya's human resources is the strong foundation for creating many possibilities for its business. During the year under review, the efficient operations of manufacturing units, market development and expansion for various products was the highlight of our people effort. Continuous people development for developing knowledge and skills coupled with sound people practices will deliver the talent needs of the organization. The organization took all the necessary precautions during pandemic and have extended support to the workers to sustain their livelihood. Many programs have been initiated to maintain the mental wellbeing of people and a continuous communication with the teams have been ensured to upkeep the motivation level intact. Massive vaccination drives at all locations couple with testing have ensured that our people and their families are safe and secured at all times. Our people are working round the clock to fulfil the deliverables promised to our customers thereby maintaining the customer delight. All this has been made possible due to the never-ending efforts of our teams and their belongingness towards the organization.

INTERNAL CONTROL

The Company has a proper and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposition and that the transactions are authorised, recorded and reported correctly. Such internal controls are supplemented by an extensive programme of internal audits, review by management and documented policies, guidelines and procedures. These are designed to ensure that financial and other records are reliable for preparing financial information and other reports and for maintaining regular accountability of the Company's assets. The internal auditors present their report to the Audit Committee of the Board.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the Consolidated State of Affairs of the Group as at 31st March, 2021, its Consolidated Loss and Consolidated Other Comprehensive Income, Consolidated Changes in Equity and its Consolidated Cash Flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the other matters paragraph below is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Auditor's Response

Emphasis of Matter

We draw your attention to Note 52 to the Consolidated Financial Statements which states that the company's operations & financial results for the year ending 31st March, 2021 have been partially impacted by the outbreak of COVID-19 pandemic. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statement and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation & presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the Consolidated Financial Position, Consolidated Financial Performance (including other comprehensive income), Consolidated Statement of Changes in Equity and Consolidated Cash Flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors /management of the companies included in the Group, and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the group and its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are responsible for overseeing the financial reporting process of the Group and of its associates.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the group & its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group & its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities within the Group & its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial Statement of such entities included in the consolidated financial statements of which we are independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of five overseas subsidiaries and four local subsidiaries, whose financial statements reflect total assets of Rs 229.32 crores as at 31st March, 2021, total revenues of Rs. 203.35 crore and net cash outflows amounting to 0.85 crore for the year ended on that date. These financial statements have been audited by other auditors whose reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the reports of the other auditors.

We have relied on the audited financial statements of both the associates wherein the group's share of Net Loss aggregate to Rs 8.87 Crores. These financial statements have been audited by other auditor whose financial information and auditor's report have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts & disclosures included in respect of these associates is based solely on the reports of such other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on other legal and regulatory requirements

1. As required by sub-section 3 of Section 143 of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, and the consolidated cash flow statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards (Ind As) specified under Section 133 of the Act.

- e. On the basis of the written representations received from the directors of the Holding Company as on March 31st, 2021 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditors of its subsidiary companies incorporated in India, none of the Directors of the Group companies incorporated in India is disqualified as on March 31st, 2021 from being appointed as a Director of that company in terms of sub-section 2 of Section 164 of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'; and
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/ provided by the Holding Company and its Indian Subsidiaries to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us :
 - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group & its associates.
 - ii) The provision has been made in the Consolidated Financial Statement as required under the applicable law or Ind As, for material foreseeable losses, if any, on long term contracts including derivatives contracts.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company.

ANNEXURE TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31st, 2021, we have audited the internal financial controls over financial reporting of Bhartiya International Limited ('the Holding Company') and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal

financial controls over financial reporting with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors in terms of their reports is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these consolidated financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1 CORPORATE INFORMATION

Bhartiya International Limited ('the Holding Company') is a public limited company with domiciled in India and incorporated under the provisions of the Companies Act applicable in India. The Holding company and its subsidiaries (hereinafter referred to as "the Group") is engaged in the business of manufacturing and trading of leather products & textile products. The Holding Company has its registered office at Chennai and its corporate office at Gurugram, Haryana.

2 BASIS OF PREPARATION

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015.

The consolidated financial statements have been prepared on the historical cost basis except the certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies.

Based on the nature of products/activities and the time between acquisition of assets and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

3 Principles of Consolidation

The financial statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.

Profits or losses resulting from intra-group transactions that are recognised in assets, such as Inventory and Property, Plant and Equipment, are eliminated in full.

In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve (FCTR).

Goodwill represents the difference between the Company's share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.

The audited / unaudited financial statements of foreign subsidiaries / associates have been prepared in accordance with the Generally Accepted Accounting Principle of its Country of Incorporation or Ind AS.

The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

The carrying amount of the parent's investment in each subsidiary is offset (eliminated) against the parent's portion of equity in each subsidiary.

Investment in Associates has been accounted under the Equity Method as per Ind AS 28 – Investments in Associates .

The Group accounts for its share of post-acquisition changes in net assets of associates after eliminating unrealised profits and losses resulting from transactions between the Group and its associates.

Non-Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to shareholders of the Company.

Non-Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet.

4 SIGNIFICANT ACCOUNTING POLICIES

4.1 Property, Plant and Equipment

Freehold land is carried at cost. All other items of property, plant and equipment and Capital work in progress (including Pre-operative expenses) are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset. General and specific borrowing costs directly attributable to the construction of a qualifying asset are capitalized as part of the cost.

Depreciation is charged on a pro-rata basis at the straight-line method over estimated economic useful lives of its property, plant and equipment generally in accordance with that provided in the Schedule II.

Assets acquired under finance lease and leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTD).

4.2 Investment Properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment property is measured at its cost, including related transaction costs and applicable borrowing costs less depreciation and impairment if any.

Depreciation is charged on a pro-rata basis at the straight-line method over estimated economic useful lives of building generally in accordance with that provided in the Schedule II of the Companies Act .

4.3 Intangible Assets

Intangible Assets are stated at cost of acquisition inclusive of incidental expenses related to acquisition. all related revenue expenditure including borrowing cost during the period of development forms part of value of assets capitalized.

Computer software are amortized using the straight Line Method over the period of three years.

Amortization of Intangible Assets-Brand at the overseas subsidiary are as per the rate applicable based on the useful life of assets.

4.4 Lease

Effective from 1st April, 2019, the Company adopted Ind AS 116 – Leases and applied the standard to all lease contracts existing as on 1st April, 2019 using the modified retrospective method on the date of initial application i.e. 1st April, 2019.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a Lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use Assets (ROU Assets)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

(ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTD).

(iii) Short-Term Leases and Leases of Low-Value Assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Company as a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

4.5 Inventories

Raw materials and consumables have been valued at cost after providing for obsolescence. Cost comprise of cost of purchase and other cost incurred in bringing the inventories to their present location and condition. Cost is determined on FIFO basis. Finished goods are value at cost or net realisable value whichever is lower. Cost of finished goods and work-in- progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

4.6 Cash & Cash Equivalents

The Group cash and cash equivalents consist of cash on hand and in banks and demand deposits with banks, which can be withdrawn at any time, without prior notice or penalty on the principal.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Group cash management system. In the balance sheet, bank overdrafts are presented under other current liabilities.

4.7 Employee Benefits

Defined Contribution Plan

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as expenditure, when an employee renders the related service.

Defined Benefit Plan

Gratuity is a defined benefit obligation. The Group accounts for the gratuity liability, based upon the actuarial valuation performed in accordance with the Projected Unit Credit method carried out at the year end, by an independent actuary.

Re-measurement, comprising actuarial gains and losses and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

4.8 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial Assets are subsequently classified as measured at

- Amortised cost
- Fair value through profit and loss (FVTPL)
- Fair value through other comprehensive income (FVOCI).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTD).

Debt Instruments:

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(a) Measured at Amortised Cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

(b) Measured at Fair Value through Other Comprehensive Income:

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(c) Measured at Fair Value through Profit or Loss:

A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

Equity Instruments:

All investments in equity instruments classified under financial assets are initially measured at fair value, the Group may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Derecognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Financial Liabilities

Initial Recognition and Measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Trade and Other Payable

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are generally unsecured. Trade and other payable are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using effective interest method.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTD).

Derivative Instruments:

The Group enters into foreign exchange forward contracts to manage its exposure to foreign exchange rate risks. These contracts are initially recognised at fair value and subsequently, at the end of each reporting period, re-measured at their fair values on reporting date. The resulting gain or loss is recognised in profit or loss in the same line as the movement in the hedged exchange rate.

4.9 Provision and Contingent Liabilities

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

4.10 Revenue Recognition

Revenue from contract with customers is recognised when the Group satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Revenue from Services

Revenue from services is recognised in the accounting period in which the services are rendered.

Other operating revenue – Export incentives

Export Incentives under various schemes are accounted in the year of export.

Interest Income

Interest income is recognized using the effective interest rate (EIR) method

Dividend Income

Dividend income on investments is recognised when the right to receive dividend is established.

4.11 Foreign Currency Translation

Transactions in foreign currencies are initially recorded in functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

4.12 Income Tax

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in other comprehensive income.

Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and liability simultaneously.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTD).

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The Group offsets deferred income tax assets and liabilities, where it has a legally enforceable right to offset current tax assets against current tax liabilities, and they relate to taxes levied by the same taxation authority on either the same taxable entity, or on different taxable entities where there is an intention to settle the current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

4.13 Earning per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

4.14 Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they are incurred.

4.15 Government Grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Profit and Loss on a straight - line basis over the expected lives of related assets and presented within other income.

4.16 Share Based Payment

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

4.17 Critical Estimates and Judgements –

The preparation of financial statements requires the use of accounting estimates which by definition will seldom equal the actual results. Management also need to exercise judgement in applying the Group's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgement are:

- Estimation of Defined benefit obligation
- Estimation of current tax expenses and Payable
- Useful lives of depreciable assets
- Provision and contingent liability
- Carry value of investment in associates

47. Fair Value Measurement

The fair value of the financial assets and liabilities are included at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between market participants.

The following Methods and Assumptions were used to Estimate the Fair Values:

Trade receivables, cash and cash equivalents, other bank balances, short term loans, other current financial assets, current borrowings, trade payables and other current financial liabilities: approximate their carrying amounts largely due to the short-term maturities of these instruments.

Investments traded in active markets are determined by reference to quotes from the financial institutions; for example: Net asset value (NAV) for investments in mutual funds declared by mutual fund house.

The fair values for loans, security deposits were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques.

The following is the basis for categorising the financial instruments measured at fair value into Level 1 to Level 3:

Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTD).

Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

48. Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents.

Particulars	Rs. in Lakhs	
	As at 31st March, 2021	As at 31st March, 2020
Borrowings (long-term and short-term, including current maturities of long term borrowings) (Note 22, 26 & 28)	43,063.99	44,092.78
Less: Cash and cash equivalents (Note 15)	(1,720.25)	(4,934.88)
Net debt	41,343.74	39,157.90
Equity Share Capital	1,220.24	1,220.19
Other Equity	32,811.74	33,455.76
Total Capital	34,031.98	34,675.95
Capital and Net Debt	75,375.72	73,833.85
Gearing Ratio	54.85%	53.04%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

50. Financial Risk Management

The Company's management monitors and manages the financial risks relating to the operations of the Company. These risks include credit risk, liquidity risk and market risk (including currency risk, interest rate risk and other price risk).

Credit Risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets.

Financial instruments that are subject to concentrations of credit risk, principally consist of balance with banks, investments in debt instruments/bonds, trade receivables, loans and advances. None of the financial instruments of the Company result in material concentrations of credit risks.

The age analysis of trade receivables as of the balance sheet date have been considered from the due date and disclosed in below table.

Less than 6 month	12,895.69	11,985.80
More than 6 month	1,246.23	643.27

Liquidity Risk

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The surplus funds with the Company and operational cash flows will be sufficient to dispose the financial liabilities within the maturity period.

Other Financial Liabilities	2,256.55	266.68	362.49	2,885.72

Market Risk

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may, result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates risk/liquidity risk which impact returns on investments. Market risk exposures are measured using sensitivity analysis.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Foreign Currency Risk Management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	As at 31st, March, 2021		As at 31st, March, 2020

Foreign Currency Sensitivity

The following table details the Company's sensitivity to a 5% change in rupee value against the relevant foreign currencies, which is used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end.

Opinion

We have audited the accompanying standalone financial statements of M/s **Bhartiya International Ltd** ('the Company'), which comprise the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss, (including other Comprehensive Income) the Cash Flow Statement and Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, its Profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Auditor's Response
<p><u>Hedge Accounting and the Related Disclosures for Currency Derivatives:</u></p> <p>We identified the hedge accounting for currency derivatives and the adequacy of the related disclosures as a key audit matter because the evaluation of hedge effectiveness involved management's judgement and estimation.</p> <p>Besides, the changes in fair values of these currency derivatives also had a significant impact on the standalone financial statements.</p> <p>As disclosed in note 52 to the standalone financial statements, the Company was exposed to currency risk primarily arising from Foreign currency denominated Trade Receivables.</p>	<p>Principal Audit Procedures Performed:</p> <ul style="list-style-type: none"> Obtaining an understanding of and testing the design and implementation and operating effectiveness of the management's controls over the valuation of currency derivatives and hedge accounting. Inspecting the hedge documentations and contracts and evaluating the management's determination of mark to market valuations and assessment of hedge effectiveness, on a sample basis, to evaluate the accounting for these currency derivatives in accordance with the requirements of the relevant Indian Accounting Standards. Obtaining confirmations from contract counterparties to verify the existence of each currency derivative held at 31 March, 2021. Re performing mark-to-market valuations on a sample basis to evaluate the reasonability of fair values of the currency derivatives and the hedge effectiveness thereof has been appropriately determined by the management; and Assessed the adequacy of the disclosures in respect of the currency derivatives and hedge accounting in accordance with the disclosure requirements of Ind AS 107-Financial Instruments: Disclosures, Ind AS 113- Fair Value Measurement.

Emphasis of Matter

We draw your attention to Note 54 to the Standalone Financial Statements which states that the company's operations & financial results for the year ending 31st March, 2021 have been partially impacted by the outbreak of COVID-19 pandemic. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statement and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the standalone financial statements and our auditor's report there on.

Our opinion on the standalone financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statement our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statement or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, statement of changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind As") specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate

in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statement, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statement may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statement.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statement of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the order.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Standalone Financial Statements dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on 31st March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Standalone Financial Statements and the operating effectiveness of such controls, refer to our separate report in "Annexure B" to this report.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/ provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements (Refer Note 41 to standalone financial statements.)
 - ii) The company has made provision as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long term contracts including derivatives contracts.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE – A TO THE INDEPENDENT AUDITORS' REPORT

The Annexure referred to in Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended 31st March 2021, we report that:

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the Programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of immovable properties, as disclosed in Note 4 on Property, Plant & Equipment to the standalone financial statements, are held in the name of the Company, except for a building acquired in earlier year having a carrying value of 18.50Lacs as at 31st March, 2021. In respect of immovable property taken on lease and disclosed as right to use assets in standalone financial statements the lease agreements are in the name of company.
- ii. The physical verification of inventory excluding stocks with third parties and in transit has been conducted at reasonable intervals by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on physical verification of inventory as compared to book records were not material and have been appropriately dealt with in the books of accounts.
- iii. According to information and explanation given to us and on the basis of our examination of the books of accounts, the company has not granted any loans, secured or unsecured to the companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3 (iii) (a) to (C) of the Order are not applicable to the Company and hence not commented upon.
- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. The Central government has not prescribed the maintenance of cost records under section 148(1) of the Act, for the Company.
- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales tax, value added tax, duty of customs, service tax, duty of excise, GST, cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amount payable in respect of provident fund, employees' state insurance, income-tax duty of customs, GST and other material statutory dues were in arrears as at 31 March 2021, for a period of more than 6 months from the date they become payable.

- (b) According to the records of the Company following are the amounts which are disputed and not paid by the Company:

Nature of Demand	Amount in Rs	Period to which the Amount Relates	Forum where appeal has been filed
Karnataka VAT	56,59,787/-	F.Y 2009-2010 & 2010-2011	Karnataka Appellate Tribunal, Bengaluru

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank as at the balance sheet date.
- ix. In our opinion, and according to the information and explanations given to us, moneys raised by way term loans have been applied for the purposes for which they were obtained.
- x. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the standalone Ind

AS financial statements and according to the information and explanations given by the management, we report that no fraud by the company or no fraud on the company by the officers and employees of the Company has been noticed or reported during the year.

- xi. The According to the information and explanations given by the management, the managerial remuneration has been paid/provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. In our opinion all transactions with the related parties are in compliance with section 177 and 188 of Act, where applicable, and the requisite details have been disclosed in the standalone financial statements as required by the applicable Ind AS.
- xiv. The Company has complied with the provisions of Section 42 of the Companies Act, 2013 in respect of the allotment of shares and moneys raised by way of allotment of shares/warrants have been applied for the purposes for which they were obtained.
- xv. The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

ANNEXURE – B TO THE AUDITORS’ REPORT

Report on the Internal Financial Controls under Clause (i) of Sub–section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of “**Bhartiya International Ltd**” (“the Company”) as of 31st March, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

1 CORPORATE INFORMATION

Bhartiya International Ltd. ('the Company') is a public limited company with domiciled in India and incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on leading stock exchange in India. The Company has its registered office at Chennai and its corporate office at Gurugram, Haryana. The Company is in the business of manufacturing and trading of leather products & textile producers

2 BASIS OF PREPARATION

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015.

The financial statements have been prepared on the historical cost basis except the certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies.

Based on the nature of products/activities and the time between acquisition of assets and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

3 SIGNIFICANT ACCOUNTING POLICIES

3.1 Property, Plant and Equipment

Freehold land is carried at cost. All other items of property, plant and equipment and Capital work in progress (including Pre-operative expenses) are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset. General and specific borrowing costs directly attributable to the construction of a qualifying asset are capitalized as part of the cost.

Depreciation is charged on a pro-rata basis at the straight-line method over estimated economic useful lives of its property, plant and equipment generally in accordance with that provided in the Schedule II.

Assets acquired under finance lease and leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

3.2 Investment Properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured at its cost, including related transaction costs and applicable borrowing costs less depreciation and impairment if any.

Depreciation is charged on a pro-rata basis at the straight-line method over estimated economic useful lives of building generally in accordance with that provided in the Schedule II of the Companies Act .

3.3 Intangible Assets

Computer Software

Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Amortisation Method and Useful Life

The Company amortizes computer software using the straight-line method over the period of 3 years.

3.4 Lease

Effective from 1st April, 2019, the Company adopted Ind AS 116 – Leases and applied the standard to all lease contracts existing as on 1st April, 2019 using the modified retrospective method on the date of initial application i.e. 1st April, 2019.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a Lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (CONTD.)

(i) Right-of-use Assets (ROU Assets)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

(ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(iii) Short-Term Leases and Leases of Low-Value Assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Company as a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

3.5 Investment In Subsidiaries And Associates

Investments in subsidiaries and associates are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists permanently, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and associates, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

3.6 Inventories

Raw materials and consumables have been valued at cost after providing for obsolescence. Cost comprise of cost of purchase and other cost incurred in bringing the inventories to their present location and condition. Cost is determined on FIFO basis. Finished goods are value at cost or net relisable value whichever is lower. Cost of finished goods and work-in- progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

3.7 Cash & Cash Equivalents

The Company's cash and cash equivalents consist of cash on hand and in banks and demand deposits with banks, which can be withdrawn at any time, without prior notice or penalty on the principal.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (CONTD.)

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system. In the balance sheet, bank overdrafts are presented under other current liabilities.

3.8 Employee Benefits

Defined Contribution Plan

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as expenditure, when an employee renders the related service.

Defined Benefit Plan

Gratuity is a defined benefit obligation. The Company accounts for the gratuity liability, based upon the actuarial valuation performed in accordance with the Projected Unit Credit method carried out at the year end, by an independent actuary.

Re-measurement, comprising actuarial gains and losses and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

3.9 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Financial Assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial Assets are Subsequently Classified as Measured at

- Amortised Cost
- Fair Value through Profit and Loss (FVTPL)
- Fair Value through Other Comprehensive Income (FVOCI).

Debt Instruments

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(a) Measured at Amortised Cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

(b) Measured at Fair Value through Other Comprehensive Income:

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(c) Measured at Fair Value through Profit or Loss:

A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (CONTD.)

Equity Instruments:

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Financial Liabilities

Initial Recognition and Measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Trade and Other Payable

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are generally unsecured. Trade and other payable are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using effective interest method.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Derivative Instruments

The Company enters into foreign exchange forward contracts to manage its exposure to foreign exchange rate risks. These contracts are initially recognised at fair value and subsequently, at the end of each reporting period, re-measured at their fair values on reporting date. The resulting gain or loss is recognised in profit or loss in the same line as the movement in the hedged exchange rate.

3.10 Provision and Contingent Liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

3.11 Revenue Recognition

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (CONTD.)

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and taxes. Transaction price is recognised based on the price specified in the contract, net of discount.

Revenue from Services

Revenue from services is recognised in the accounting period in which the services are rendered.

Other operating revenue – Export Incentives

Export Incentives under various schemes are accounted in the year of export.

Interest Income

Interest income is recognized using the effective interest rate (EIR) method

Dividend Income

Dividend income on investments is recognised when the right to receive dividend is established.

3.12 Foreign Currency Transactions

The Company's financial statements are presented in Indian currency, which is also the company's functional currency.

Transactions and Balances

Transactions in foreign currencies are initially recorded in functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

3.13 Income Tax

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in other comprehensive income.

Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and liability simultaneously.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The Company offsets deferred income tax assets and liabilities, where it has a legally enforceable right to offset current tax assets against current tax liabilities, and they relate to taxes levied by the same taxation authority on either the same taxable entity, or on different taxable entities where there is an intention to settle the current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (CONTD.)

3.14 Earning per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

3.15 Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they are incurred.

3.16 Government Grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Profit and Loss on a straight - line basis over the expected lives of related assets and presented within other income.

3.17 Share Based Payment

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

3.18 Critical Estimates and Judgements

The preparation of financial statements requires the use of accounting estimates which by definition will seldom equal the actual results. Management also need to exercise judgement in applying the Group's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgement are:

Estimation of Defined benefit obligation

Estimation of current tax expenses and Payable

Useful lives of depreciable assets

Provision and contingent liability

Carry value of investment in subsidiary and associates

50. FAIR VALUE MEASUREMENT

The fair value of the financial assets and liabilities are included at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between market participants.

The following methods and assumptions were used to estimate the fair values:

Trade receivables, cash and cash equivalents, other bank balances, short term loans, other current financial assets, current borrowings, trade payables and other current financial liabilities: approximate their carrying amounts largely due to the short-term maturities of these instruments.

Investments traded in active markets are determined by reference to quotes from the financial institutions; for example: Net asset value (NAV) for investments in mutual funds declared by mutual fund house.

The fair values for loans, security deposits were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques.

The following is the basis for categorising the financial instruments measured at fair value into Level 1 to Level 3 :

Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents.

Particulars	As at 31st March, 2021	As at 31st March, 2020
Borrowings (long-term and short-term, including current maturities of long term borrowings) (Note 22, 27 & 29)	39,068.41	40,488.49
Less: Cash and cash equivalents (Note 15)	489.81	3,625.40
Net Debt	38,578.60	36,863.09
Equity Share Capital	1,220.24	1,220.19
Other Equity	27,920.40	27,736.69
Total Capital	29,140.64	28,956.88
Capital and Net Debt	67,719.24	65,819.97
Gearing Ratio	56.97%	56.01%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31st March, 2021 and 31st March, 2020.

52. FINANCIAL RISK MANAGEMENT

The Company's management monitors and manages the financial risks relating to the operations of the Company. These risks include credit risk, liquidity risk and market risk (including currency risk, interest rate risk and other price risk).

Credit Risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets.

Financial instruments that are subject to concentrations of credit risk, principally consist of balance with banks, investments in debt instruments/bonds, trade receivables, loans and advances. None of the financial instruments of the Company result in material concentrations of credit risks.

The age analysis of trade receivables as of the balance sheet date have been considered from the due date and disclosed in below table.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (CONTD.)

Liquidity Risk

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The surplus funds with the Company and operational cash flows will be sufficient to dispose the financial liabilities within the maturity period.

Lease Liabilities	79.24	222.58	117.60	419.42
Other Financial Liabilities	1,525.52	-	-	1,525.52

Market Risk

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates risk/liquidity risk which impact returns on investments. Market risk exposures are measured using sensitivity analysis.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Exposure to Interest Rate Risk

Foreign Currency Risk Management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	As at 31st March, 2021		As at 31st March, 2020	
	Foreign Currency Monetary Assets	Foreign Currency Monetary Liabilities	Foreign Currency Monetary Assets	Foreign Currency Monetary Liabilities
USD	80.55	407.37	91.73	463.10
EURO	21.13	148.28	19.50	215.97
GBP	34.87	39.21	30.44	69.91
HKD	0.22	0.58	0.22	0.58

Foreign Currency Sensitivity

The following table details the Company's sensitivity to a 5% change in rupee value against the relevant foreign currencies, which is used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end.

Particulars	As at 31st March, 2021		As at 31st March, 2020	
	5% Weakened	5% Strengthen	5% Weakened	5% Strengthen
Foreign Currency Monetary Assets				
USD	294.47	(294.47)	347.01	(347.01)

GBP	(197.59)	197.59	(328.37)	328.37
HKD	(0.27)	0.27	(0.28)	0.28
Impact on Profit or Loss as at the end of reporting year	(1,762.02)	1,762.02	(2,408.20)	2,408.20

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Disclosure Regarding Derivative Instruments.

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to accounts receivable. The use of foreign currency forward contracts is governed by the Company's strategy approved by the Board of Directors, which provide principles on the use of such forward contracts consistent with the Company's Risk Management Policy. The Company does not use forward contracts for speculative purposes.

The following are outstanding forward contracts.
