**DIRECTORS' REPORT**

To,

**The Members
Gopala Polyplast Limited**

Dear Members,

The Directors submit this 32nd Annual Report together with the Audited Accounts for the year ended 31st March, 2016.

1. FINANCIAL RESULTS

The performance of the Company during the year under review is summarized in the following statement:

(Rs. in Lacs)

Particular	31.03.2016	31.03.2015
Revenue from operations	30874.22	28601.60
GROSS PROFIT/(LOSS) BEFORE INTEREST & FINANCE CHARGES, DEPRECIATION AND TAX	1566.93	929.28
Interest & Financial Charges	907.12	797.08
Depreciation	610.74	567.15
PROFIT / (LOSS) BEFORE EXCEPTIONAL & EXTRA ORDINARY ITEMS & TAX	49.07	(434.95)
Extra Ordinary Item 8. : Profit / (Loss) on sale of fixed assets / investment	0.35	(21.92)
PROFIT / (LOSS) BEFORE TAX	49.42	(456.87)
Provision for Taxation (including deferred tax)	17.80	13.99
PROFIT / (LOSS) FOR THE YEAR	31.62	(470.86)

2. STATE OF AFFAIRS OF THE COMPANY

The performance of the Company during the year under review improved reasonably well due to less volatility in the price of its key raw materials as compared to the same in the previous year 2014-15. Revenue from operations during the year under review increased by Rs.2272.62 lacs and profit before interest, depreciation and tax increased by Rs.659.81 lacs as compared to previous year. Despite increase both in finance cost by Rs.110.04 and provision for depreciation by Rs.43.69 lacs, the profitability of the Company during the period under review improved by Rs.502.48 lacs and the Company earned net profit of Rs.31.62 lacs as against net loss of Rs.470.86 lacs in the previous year.

During the year under review the company had established two new products viz. Reverse Laminated BOPP Bag and Block Bottom Bag in the Market and impact of these two new products had reflected in improved performance of the company. The Company had got registered with DGS & D of Government of India and got the rate contract from DGS&D for Supply of food grain bags to Government agency.

The Company expects better performance during the year 2016-17 with expected full utilization of its capacity for the manufacture of AD Star and BOPP bags.

3. MATERIAL CHANGES DURING THE YEAR UNDER REVIEW

No material changes and commitments have occurred during the year and between the end of financial year under review and the date of this report of the Board of Directors, which affects the financial position of the Company.

4. DIVIDEND

The Board of Directors recommends dividend Re. 0.01 per Cumulative Redeemable Preference Share of the Company for the year under review and also cumulative dividend pro rata for the year 2013-14 and for the year 2014-15. The dividend will be paid when declared by the shareholders in accordance with the law. However, with a view to conserving resources, your directors do not recommend dividend on Equity Share Capital for the year under review.

5. TRANSFER TO RESERVES

The Board of Directors does not propose to transfer any amount to the General Reserve or to any other reserve.

6. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Sec. 134 (5) of the Companies Act, 2013 the Directors confirm:

**ANNEXURE – III****Management Discussion and Analysis Report:****a) Industry Structure and developments**

Gopala Polyplast Limited has been in the HDPE/PP woven sacks industry right from its inception. The Company offers the complete range of HDPE/PP woven bags / sacks with liner, HDPE/PP woven laminated bags, BOPP coated bags, AD Star bags, which are manufactured in our state of the art manufacturing unit. Today the Company is one of the largest manufacturers of PP Woven Sacks for Cement Industry in the Country. The Company has also diversified its activities by setting up facilities for manufacture of textile woven labels.

Despite being hampered by the Jute Packaging Materials (Compulsory Use in Packing Commodities) Act, 1987 (JPMA) by which the Government of India mandates the use of only Hessian (Jute) bags for many high-volume applications like packaging of food-grains and sugar, the industry produces the equivalent of almost 1 million MT of polypropylene (PP) and high density polyethylene (HDPE) per annum valued at around Rs.10,000-12,000 crores. HDPE bags are used mainly by the fertilizer industry and PP bags are mainly used for the packaging of cement. Of course, this number has been boosted by the periodic shortage of Hessian bags in recent years as a result of which the Government has permitted dilution of the JPMA from time to time until the shortage was overcome. Today, the use of woven sacks is quite extensive for applications ranging from chemicals, fertilizers and cement to a wide variety of products in the 10 to 50 kgs. range.

Plastic woven sacks are technically the preferred system as compared to Hessian bags because they provide much better protection to the products. They are also much cheaper - a typical 50 kg. Hessian bag costs about Rs.25 per bag whereas a PP woven sack costs around Rs.18 per bag.

The growth of organized retailing through huge malls and increase in the demand of ready to wear garments because of changing fashion trends have lead to growth in demand of labels. The Company has made inroads in the domestic garments sector. Due to the depreciation of Rupee against the US Dollar the garment exports from the country has created tremendous opportunity for the label business.

b) Opportunities and threats**Opportunities :**

1. Growing industrialization in India, leading to more demand of sophisticated packaging by end customer. The Company is main supplier to cement industry and all major players in cement industries are doing their expansion on regular basis so demand of bags will increase in near future.
2. With the beginning of organised retailing of agro & food products, the packaging requirement with value added PP bags will emerge creating a new market for the company's product.
3. Poor showing of jute industry. Hence food grain sector shows ample scope in future as government is relaxing the jute packaging orders.
4. Export, retail packing of sugar and food grain shifting to PP sacks segment.
5. Ready to wear garment in domestic market is increasing due to changing fashion trend will create a new demand for label product for the company.
6. Overall economic growth of India.

Threats :

1. The threats of competition out of new capacities .
2. International fluctuation in petroleum products affects industry.
3. Domestic market is more price sensitive than quality sensitive
4. The process of making bags from fabric is labour oriented and labours are now in short supply.
5. Products are not bio degradable. Hence, criticism from certain sector of society as being dangerous to environment may force government to put some type of restrictions which may adversely affect future growth.

c) Segment-wise or product-wise performance

The details have been furnished under Sl. No. 13 of the notes to the financial statement of the Balance-sheet.

d) Outlook

Woven polyethylene /polypropylene bags or simply woven HDPE/PP bags are versatile packing materials and are, being used as an innovative and cost-effective packaging concept with light weight and the toughest packaging bags, in mainly cement industries, agricultural, Sugar, fodder, chemicals, fertilizers, Sand, metals and concretes etc. polypropylene bags have special linings that result in better resistant to humid conditions, in turn, leading to

prolonged shelf life of the packed products. The HDPE/PP fabrics have high strength along with increased tear resistance. Hence, these bags can withstand rough handling during the process of transportation. HDPE (high density polyethylene) used in order to take advantage of its excellent protective barrier properties. Its chemical resistance properties also make it well suited for items such as containers for household chemicals and detergents.

PP (polypropylene) has high tensile strength, making it ideal for use as tough handling material. Because of its high melting point, polypropylene can be hot-filled with products. PP Woven bags are the traditional bags in packaging industry due to their wide variety of usage, flexibility and strength. They are commonly used for packing fertilizers, feeds, grains, Barley, flour, salt, sugar, seeds, explosive, cement, coal, malt, rubbish and other lumpy and fine materials. PP Woven bags are made according to customers' preferred specifications as to mesh, denier, G/ square meter, color, and width that varies from 35cm to 80 cm. Polypropylene bags or sacks are used for packing a wide range of pulverous and free-flowing goods such as flour, corn, grain, animal feed, sugar, salt, fertilizer, carbon, caustic soda, Cement, calcium carbonate, gypsum, lime, sand etc.

Packaging is one of the fastest growing industries and stands at USD 700 billion globally. It has grown higher than GDP in most of the countries. In developing country like India, it grew at a CAGR of 16% in the last five years and touched ~USD 32 Bn in FY 15. The Indian packaging industry constitutes ~4% of the global packaging industry. The per capita packaging consumption in India is low at 4.3 kgs, compared to developed countries like Germany and Taiwan where it is 42 kgs and 19 kgs respectively. However in the coming years Indian packaging industry is expected to grow at 18% p.a. wherein, the flexible packaging, which among other includes woven sacks, is expected to grow at 25 % p.a. and rigid packaging to grow at 15 % p.a.

As per the current scenario, there is a clear dearth of the required quantity of jute bags (14.1 lakh bales) for food grains and their pricing is also a bit on the higher side. The rise in demand that has been estimated for the jute bags will not be met if current statistics are to be considered. Thus, the Central Government has no other option than to consider plastic bags as a cost effective and readily available packaging material for food grains. The Food Ministry in a recent note said for "the current rabi (2016-17) season, the jute industry expressed its ability to supply 2 lakh bales a month against the total requirement of 13.43 lakh bales packing materials during December 2015 to April 2016." Considering this, the Centre had used 4.96 lakh bales of HDPE/PP bags. From January to April, the two union ministries had extended the exemption from 10% (in November and December, 2015) to 30% this year and any change in this scenario is unlikely in near future. In fact, the Commission on Agricultural Costs and Prices wants dilution of food grain packaging to 75% from 90% and is keen to do away with the mandate for sugar from 20% currently.

Demand for the Company's products depends on the growth in demand for the products of its user industries, such as Cement (about 50%), Fertilizer (about 25%), Chemicals (about 7%), Food Grains (about 6%), Sugar (about 1%),.. The Indian woven sack industry is expected to continue to grow at the annual compounded growth rate of 11% to 12%. In case of Labels demand depends on the growth of Apparel Industry, which is also expected to grow at the annual compounded growth rate of 11% to 12%.

e) Risks and concerns

1. Food grain products are restricted to use PP sacks as stipulated under Jute Packaging Materials (Compulsory Use in Packaging Commodities), Act, 1987, which affects the demand. Though the Company is not affected by the said restriction as its major sales is to Cement sector which consumes about 50% of PP sacks, it definitely impacts the growth plans.
2. Due to lower margins high production capacity utilization is required in order to earn profit.

f) Internal Control System and their adequacy

The company has the internal control systems, which have been found adequate by the management of the company. The company has also constituted an audit committee to further strengthen the internal audit control systems in the Company.

g) Discussion on financial performance with respect to operational performance

Discussed in the Directors' Report under the heading "State of affairs of the Company."

h) Human Resources Development and Industrial Relations

Industrial relations within the Company as well as public relations with all outside agencies have been most cordial. The Board wishes to place on record its appreciation for the sustained efforts of all employees towards attaining the present performance.

i) Material financial commercial transactions, where the management has personal interest which have a potential conflict with the Interest of the Company at large.

There are no material financial commercial transactions, where the management has personal interest, which have a potential conflict with the Interest of the Company at large.

Annexure – B to Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of Gopala Polyplast Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to and audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedure selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that,

- (1) Pertain to the maintenance of records that, in reasonable details, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorities of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**ACCOMPANYING NOTES TO THE FINANCIAL STATEMENTS****1. Significant Accounting Policies****A. Basis for Preparation of Accounts:**

The financial statements have been prepared under the historical cost convention, in accordance with Accounting Standards issued by the Institute of Chartered Accountants of India and the provisions of the Companies Act, 2013, as adopted consistently by the company. All income and expenditure having a material bearing on the financial statements are recognized on accrual basis.

B. Revenue Recognition:

Sales are recognized when goods are supplied and recorded net of excise duty on goods manufactured but includes job work income.

C. Fixed Assets & Depreciation:

Fixed Assets are capitalised at cost inclusive of Inward Freight, Taxes (CST), Installation expenses and allocable preoperative expenses. Depreciation has been provided on Straight Line Method, at the rates and as per life specified under schedule II of the Companies Act, 2013. No depreciation is provided on assets that have already been depreciated to the extent of 95% of their original value. Life of intangible assets [Software] has been adopted as 3 years.

D. Investments:

Investments are stated at market value as on date of Balance Sheet.

E. Inventories:

Raw material, consumables & Finished Goods are valued at Cost (Including Excise & VAT) including expenses incurred in bringing the inventories to its present location and condition or net realizable value, whichever is lower. Upto last year, i.e. FY 2014-15, the company was valuing the closing stock net of Excise & VAT, however, as the company is required to comply with the provision of ICDS [Income Computation and Disclosure Standards] for better presentation, the method of valuation has been changed to the effect that all creditable duties on purchase like Excise and VAT are included in valuation of closing stock due to which Inventory Value has been increased by Rs. 3,17,61,997/- as compared to the old method.

F. Retirement benefits:

- (i) The Company's contribution to provident fund is charged to Profit and Loss Account.
- (ii) Leave encashment is paid on annual basis every year and charged to Profit & Loss Account.
- (iii) Provision for Accrued Gratuity has been made on the basis of in house estimate only and not on the basis of professional actuarial valuation report.

G. Foreign Currency Transactions:

Transactions in Foreign currency are recorded at the rate of exchange in force at the time transactions are effected and exchange difference, if any, on settlement of transaction is recognised in Profit & Loss Account. Monetary transaction balance as on date of Balance Sheet have been reported at exchange rate on Balance Sheet date and difference charged to profit & loss account. Forward contract premium paid on forward contracts are charged to Profit & loss account over life of such contract.

H. Contingent Liability:

A disclosure for a contingent liability is made when there is a possible obligation as a result of past event, existence of which will be confirmed only by occurrence or non occurrence of a future event, which is not wholly within the control of the company. The detailed breakup of contingent liabilities has been set out in a separate statement annexed to this Schedule.

I. Borrowing Costs:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets and are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

**J. Related Party Transactions:**

Disclosure of transactions with Related Parties, as required by Accounting Standard 18 "Related Party Disclosures" has been set out in a separate statement annexed to this Schedule. Related Parties as defined under clause 3 of the Accounting Standard have been identified on the basis of representations made by key managerial personnel and information available with the Company.

K. Taxes on Income:

Tax expense comprises current tax (i.e. amount of tax for the year determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future, however when there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets.

Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonable / virtually certain (as the case may be) to be realized.

In view of the brought forward losses, no provision for income tax has been made.
