MANAGEMENT DISCUSSION AND ANALYSIS

1) INDUSTRY STRUCTURE AND DEVELOPMENTS

India, with a population of over 1 billion and a national literacy rate of 65%, offers one of the world's biggest markets for the print media. In spite of the 1990's revolution in cable and satellite television and spurt of news channels, there has been a prolific growth in the number and readership of newspapers in India. Liberalization of regulations in the news and current affairs segment has given this market further flip. The print business has witnessed steady growth with new editions being launched and new players entering the field.

Close to 60,000 publications of various kinds in various languages (123 languages and dialects) are currently registered with the Registrar of Newspapers of India (RNI), which functions under the Indian government's Ministry of Information & Broadcasting. An estimated 1900 'large' daily newspapers are published in the country – over 40 per cent of them in Hindi, less than 10 per cent in English and the other half in dozens of other languages and dialects.

Your Company belongs to the Regional Print Media Industry and which is a publisher of "SANDESH" a premier Gujarati daily newspaper in Gujarat Region, incorporated on March 11, 1943 to carry on the business of editing, printing and publishing newspapers and periodicals. The Company started its first printing facilities at Ahmedabad.

Late Shri Chimanbhai S. Patel acquired the entire business from the original promoter in the year 1958, and had put his efforts to strengthen the activities carried out by "SANDESH". The editorial policy of the Company has always been based on basic journalist values of objectivity and has not been influenced by any external forces. Presently, Shri Falgunbhai Patel, Chairman & Managing Director is running the entire business affairs of the Company along with Shri Parthiv Patel, Managing Director and a professional team of the Executives of the Company.

The Company had started its printing facilities at Baroda during 1985-86, at Surat during 1989-90, at Rajkot during 1990-91, and at Bhavnagar during 1998-99 to cater to the semi urban and rural areas. The Company has its regional offices at Mumbai, Delhi, Kolkata, Bangalore, Chennai and Pune, which have experienced staff and well equipped communication facilities. Besides the Company also publishes "STREE", a weekly magazine and also the periodical "SANDESH PRATYAKSHA PANCHANG" which remained popular among the public. Your Company has a strong regional franchise, where it enjoys strong readership loyalty.

The Company has also diversified in to out-of-home, real estate and finance businesses. An integrated township and other landmark mega-commercial projects are underway. Also the Company is all set to launch Bhuj Edition in the month of July 2011, taking its total editions to six from the current five. A weekly newspaper under the name & style 'AGRO SANDESH', specific to the rural community of Gujarat covering the farming, dairy and co-operative sector shall also be launched in July 2011.

2) **OPPORTUNITIES AND THREATS**

Macro factors such as rising literacy, increasing penetration in semi-urban and rural areas and stable newsprint prices are likely to ensure profitable growth for the print media sector. Future growth is largely driven by semi-urban and rural areas on account of increasing commercial activity, higher spending power and rising literacy. With the language print medium dominating in these areas, language newspapers are preferred over English newspapers. Language newspapers will emerge stronger from the recent slowdown owing to the strong business model, which as a healthy revenue mix.

Increase in advertisement expenditure by consumer-oriented companies and emergence of newer advertisement-spending industries such as telecom, retail and financial services are likely to ensure healthy advertising revenues.

As the Company is in the Regional Print Media Industry, the opportunities lie in Rural and semi-Urban areas of Gujarat. The Company is planning to improve the circulation of newspaper in those areas and will target higher readership amongst the young, educated and elite mass of the public. The Company is also planning to improve the readership in smaller town and villages of Gujarat.

With the rapid growth of Industries, there is a paradigm shift in the advertising policies of the Corporate at large. Earlier, Advertisers invested heavy share of their advertisement budget in Print Media but after arrival of the Satellite Channels, FM Radio, Outdoor, Internet etc., the share of advertisement in the Print Media is decreasing. Phenomenal increase in the prices of Indigenous and Imported News Print (which is the basic raw material for newspapers) calls for greater caution for the Industry Players.

The Company has diversified in outdoor advertising aggressively and "Sandesh Spotlight" is the OOH wing of the Company. The Company with its strong media presence has ventured into the outdoor media with a vision 'To make an impact in the OOH market by combining Marketing Strength and Futuristic Approach'. The Company's foray in the outdoor media was marked by the procurement of 3 very prestigious tenders; viz. BRTS Bus Shelters, AUDA & AMC, within an operational span of less than a year which is a formidable feat for any outdoor player. Spotlight now has about 100 properties in the prime locations of Ahmedabad, covering the most prominent junctions & some of the busiest cross roads, and aims at strategically adding more so as to be able to provide its clients with best visibility for their brands; in line with its mission - 'To work as a team with our clients to ensure better mileage and visibility for their brands'.

However, with better Planning, focused approach for the implementation of strategy, professionalisation of Management, will help the Company to have a sustained development of its business. Further, looking to the popularity of Newspaper amongst its readers, there seems to be no close threat from its competitors.

3) SEGMENT-WISE OR PRODUCT-WISE PERFOMANCE

I) PUBLICATION : -

This is the core business of the Company since its inception. Despite competition in the Regional Print Media Industry, the Company was capable to maintain its business volumes. The revenue from the publication division was Rs. 20,881.55 Lacs during the Financial Year under review as against Rs. 17,008.36 Lacs in previous Financial Year. Hence, there is a marginal rise in the revenue of the Publication division of the Company. Consequently, the profitability of the publication division also increased.

II) FINANCE DIVISION:-

The segment revenue from Finance Division was Rs. 2,839.20 Lacs during the Financial Year under review as against Rs. 2,374.74 Lacs in the previous year.

4) OUTLOOK, RISKS AND CONCERNS

The Business outlook for the Print Media Industry and the Company looks good. Contrary to global trends, both readership and circulation of newspapers is growing in India. The raw material scenario, especially with regard to newsprint prices both in domestic and foreign markets, continues to be challenging but the impact is generic to all players within the sector. However, the Company keeps close watch on the development on the Newsprint front. The Company uses Imported as well as domestic Newsprint and by judicious mix of them, tries to mitigate the high cost impact on the operations. The newsprint price is cyclical and is dependent on various factors.

The Company is strengthening its market positions, reinforcing its relationships with Agents, Advertisers and providing high quality contents to the readers. Your Company's website i.e. "www.sandesh.com" is a very popular website for the Gujarati community.

5) INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY

People with specific domain areas have been appointed at senior positions. Changes have been initiated in the organization hierarchy with focus on delegation of authority, which has resulted in smoother functioning of the operational activities. Two-way communication system has been initiated aimed at increasing sharing of business information amongst employees and their participation in the planning and execution. Concrete initiatives have been taken to establish performance management and development system, succession planning etc. Besides Management support is being exercised through series of review meetings on major business parameters, divisional/departmental performances on a regular basis.

The Company has implemented a new Performance Management system for all the employees. The new system enables a holistic approach to the issue of managing performance and does not limit to only an appraisal. It starts from defining the complete job profile, performance planning and Goal-setting and takes it forward into performance review discussions, feedback and development.
