Corporate Portrait

Moving into the 125th year since inception, we express our sincere gratitude to our investors, customers, associates and employees for their longstanding trust and commitment.

Cheviot has been under the management of Kanoria family for almost 50 years. Mr. Harsh Vardhan Kanoria had a strong conviction on the versatility of golden fibre and did not remain confined to traditional jute products. He pioneered a specialised weaving unit at Falta Special Economic Zone which led to a global presence for jute textiles. The value-added high grade export yarns and textiles fetched recognition for jute goods across the globe.

An eco-friendly, bio-degradable and natural fibre holds an exciting potential and contributes to maintain a safe environment. The diversified use of jute in floor coverings, jute geotextiles, shopping bags and other industrial purposes is giving a boost in the demand for jute goods.

A new multi-storey weaving and processing unit is set to be commissioned in order to boost the production of fabrics with superior finishes to satiate the global demand for sustainable fabric.

Of trust.

Of commitment.

Of perfection.

Our Vision

To produce and supply environmental-friendly jute products conforming to international standards and create value for our stakeholders.

Our Credentials

Cheviot Company Limited, the flagship company of Group Cheviot, rests on the pillars of integrity, perseverance, technology, innovation, and precision. Upholding these values, Cheviot has established itself as one of the premier Jute conglomerates of the world. Today, it manufactures high quality precision jute yarn, fabrics, sacks and customised products such as geotextiles, food grade bags and technical textiles for the domestic and international markets. Cheviot strives to provide sustainable alternatives through the processing of the eco-friendly and highly versatile golden fibre. Cheviot produces 50+ million jute bags per year that are solely used for food grain packaging by the Government of India.

The company has two state-of-the-art manufacturing units which are equipped with the latest technology situated in the State of West Bengal, India.

Budge-Budge Plant

A composite jute mill. This facility is equipped to produce customised food grade bags, fabrics that are free from hydrocarbons, packaging products, geotextiles and premium quality yarn of various counts.

Falta Special Economic Zone Plant

This is a sophisticated jute weaving unit manufacturing decorative fabrics, geotextiles and lifestyle products woven on Sulzer Looms. This 100% export oriented unit offers customised products to foreign buyers across the globe.

Cheviot Company Limited

- a company that has built a legacy of trust through sustainable growth over **124 years.**

BOARD'S REPORT

(₹ in Lakhs)

Dear Members,

Your Directors are pleased to present their report and audited financial statements for the year ended 31st March, 2022.

1. FINANCIAL SUMMARY OR HIGHLIGHTS

Particulars	For the year ended 31st March, 2022	For the year ended 31st March, 2021
Revenue from operations	57,113.07	39,575.57
Operating profit after depreciation and amortisation	7,571.29	4,747.05
Add: Other income	2,608.95	4,554.73
Profit before tax	10,180.24	9,301.78
Tax expense	2,245.37	1,729.47
Profit for the year	7,934.87	7,572.31

2. DIVIDEND

The Board of Directors have recommended a final dividend of ₹ 60/- per ordinary share on 60,16,875 ordinary shares of face value of ₹ 10/- each (600%), amounting to ₹ 3,610.13 for the year ended 31st March, 2022 (P.Y. ₹ 175/- per ordinary shares on 62,66,875 ordinary shares of face value of ₹ 10/- each (1750%), amounting to ₹ 10,967.03 was declared as special dividend).

3. TRANSFER TO RESERVE

Your directors do not propose to transfer any amount to the reserves out of current year profits.

4. OPERATIONS AND STATE OF COMPANY'S AFFAIRS

There has been no change in the nature of business of the Company during the year under review. Revenue from operations, profitability and earnings per share show under noted position during the year under review as compared to previous year:

Particulars	For the year ended 31st March, 2022	For the year ended 31st March, 2021
Revenue from operations	57,113.07	39,575.57
Export sales (C.I.F. value)	23,548.04	16,442.72
Operating profit	7,571.29	4,747.05
Other income	2,608.95	4,554.73
Profit before tax	10,180.24	9,301.78
Tax expense	2,245.37	1,729.47
Profit for the year	7,934.87	7,572.31
Earnings per share (EPS) of face value of ₹ 10/- (In ₹)	127.40	118.43

The performance of the manufacturing units have improved substantially during the year under review. We overcame the impact of the COVID-19 pandemic and witnessed a significant improvement in production and capacity utilisation. There was an acute shortage of Raw Jute and the Government of India (GOI) had announced a maximum price of Raw Jute from the start of the new crop season.

This adversely affected the margins on supply of sacks to the Government. On the export front, our challenges were the impact of the Russia - Ukraine war on the European economy and high ocean freight rates. In spite of these adversities, we were able to increase our exports substantially and this contributed significantly towards our improved financial performance. Better capacity utilisation and support from exports have helped us to achieve excellent operating profit during the year under review.

Other income largely comprises of gains on investments sold or measured at fair value through profit or loss as per IND AS 109. Gain on investments for the year has reduced due to the impact of capital market scenario. We can expect higher interest earnings in years ahead as a consequence of rising inflation.

BOARD'S REPORT (Contd..)

(₹ in Lakhs)

5. MANAGEMENT DISCUSSION AND ANALYSIS

a) Industry structure and developments

For the second year in continuation, there is a short crop of Raw Jute. The Government of India has announced a maximum procurement price of Raw Jute at ₹ 6,500 per Metric Tonne while the minimum support price is ₹ 5,000 per Metric Tonne. The Government has also linked the B.Twill bags sale price to this notional maximum price of Raw Jute and thereby made the manufacturing and sale of B.Twill bags economically challenging.

Many manufacturing units in the Jute Industry have been forced to close down or reduce operations due to the adverse economic factors as well as shortage of Raw Jute.

Major impact in European countries due to the Russia - Ukraine war are visible. We can only hope that the situation will stabilise and our exports will continue unhindered. Presently, it is a matter of concern.

Major cost increase in all inputs due to inflation are visible.

b) Opportunities and threats

Opportunities

- Greater awareness among the people about the demerits of using plastic is leading to a higher demand for natural bio-degradable jute goods.
- The diversified use of jute in floor coverings, jute geo-textiles, shopping bags and other industrial purposes is giving a boost in the demand for jute goods.
- Cheviot will be commissioning its new weaving unit shortly which will help increase production of value added and diversified products for the Domestic markets.

Threats

- COVID 19 is a major threat to the Jute Industry and a matter of concern as the operations could be affected anytime either at our end or our customers.
- The European economy could be hit hard as a consequence of the war which in turn will have repercussion on us since a large portion of our exports are to Europe. The USD / Euro rates are at historical low.

c) Segment-wise or product-wise performance

The Company is engaged in a single business segment i.e. manufacturing and sale of jute goods. Hence disclosure requirement as required by IND AS - 108 are not applicable in respect of business segment.

However, the geographical segments considered for disclosure are as under:

Particulars	For the year ended 31st March, 2022			For the year ended 31st March, 2021		
	Within India	Overseas	Total	Within India	Overseas	Total
Revenue	32,617.52	23,548.04	56,165.56	22,631.95	16,442.72	39,074.67
Non-current assets other than financial instruments *	18,826.24	-	18,826.24	25,232.96	-	25,232.96

* Non-current assets other than financial instruments include property, plant and equipment, capital work-in-progress, right of use assets, investment property, other intangible assets, non-current tax assets (net) and other non-current assets.

d) Outlook

Your company has performed well inspite of all the adverse factors as stated above. This was only possible due to the dedication of all our workers, staff, executives and managerial team. Challenges going ahead are the after effects of the War, Raw Jute shortage and Government of India linking B.Twill prices to notional maximum rates announced. Outlook for the coming year is not very clear at the moment.

BOARD'S REPORT (Contd..)

(₹ in Lakhs)

e) Risks and concerns

The major areas of risk and concern for the Jute Industry are:

- Availability of Raw Jute: Government move to announce a maximum price of Raw Jute only 30% above the statutory support prices. Jute cultivation should be beneficial for the farmer and he must get a reasonable price for his product. Such price restrictions will reduce the interest of the farmers in Raw Jute cultivation and further affect raw jute crop;
- Raw Jute Trading: Excessive restrictions on Raw Jute trade are affecting the trade and genuine traders are suffering;
- Global scenario: The aftereffects of Russia - Ukraine war on the world economy and inflation can have adverse impacts;
- Lack of diversification: Industry needs diversification and product development through proper Research and Development which is scarce in reality;
- Limitations: Excessive Government interference and dependence of the Jute Industry on Government Sales;
- Lack of modernisation: Industry needs to modernise and develop new technology machines through Research and Development so as to manufacture cost competitive jute products for future growth.

f) Internal control systems and their adequacy

The Board of Directors have designed and implemented various policies and procedures for internal financial controls to ensure orderly and efficient recording and generation of reliable financial and operational information, safeguarding of assets from unauthorised use or losses, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, timely preparation of reliable financial information and ensuring compliance with corporate policies and applicable laws. The audit committee evaluates the internal control system periodically. During the year under review, no fraud was detected by the auditors.

The Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls with reference to financial statements were operating effectively as at 31st March, 2022, based on the essential components of internal controls over financial reporting criteria established by the Company.

g) Discussion on financial performance with respect to operational performance

The following are the significant areas of financial performance:

Particulars	For the year ended 31st March, 2022	For the year ended 31st March, 2021	% Increase / (Decrease)
Revenue from operations	57,113.07	39,575.57	44.31%
C.I.F. value of export sales	23,548.04	16,442.72	43.21%
Finance cost	42.57	43.95	(3.14)%
Inventories	8,769.83	8,215.34	6.75%
Purchase of property, plant and equipment and other intangible assets (including changes in capital work-in-progress, capital advances/creditors)	1,046.35	782.40	33.74%

Revenue from operations have improved mainly on account of increased sale volume and better margins on exports. The expenditure on property, plant and equipment were incurred mainly on setting up modern weaving facilities. The overall performance has improved during the year under review.

h) Material developments in human resource / industrial relations front, including number of people employed

Industrial relations remained cordial during the year under review. There is shortage of new entrants in the Jute Industry.

The Company continues to impart in-house training to new entrants to bring about all round improvement in their working knowledge and skills. The Company also continues its various staff welfare schemes. As on 31st March, 2022, there were 4,127 employees on the roll of the Company.

BOARD'S REPORT (Contd..)

(₹ in Lakhs)

- i) Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations thereof

Particulars	For the year ended 31st March, 2022	For the year ended 31st March, 2021	% Change
Current Ratio	6.31:1	9.20:1	(31.41)%
Operating Profit Margin (%)	13.26%	11.99%	10.59%
Net Profit Margin (%)	13.89%	19.13%	(27.39)%

The Company had utilised the surplus funds held as Investments under Current Assets for capital expenditure, distribution of special dividend and Buy-back of 2,50,000 ordinary shares from the eligible shareholders during the year under review. The impact of these pay-outs on Current Assets and normal increase in current liabilities at year end for business operations have resulted to a change of more than 25% in the Current Ratio compared to previous year. The operating profit margin has improved due to higher business profit. However, the net profit margin has dropped on account of plunge in other income from investments during the year under review. Please refer to Note 57 to the financial statements for the financial year ended 31st March, 2022 for more details on Financial Ratios.

- j) Details of any change in Return on Net Worth as compared to the immediately previous financial year along with a detailed explanation thereof

Particulars	For the year ended 31st March, 2022	For the year ended 31st March, 2021
Return on Net Worth	17.20%	15.65%

Return on Net Worth is calculated by dividing profit for the year by average net worth during the year. Return on Net Worth has increased due to (a) higher net profit for the year and (b) reduction in the average net worth during the year on account of outflow by way of dividend and Buy-back of ordinary shares.

- k) Cautionary statement

We have examined the compliance of conditions of Corporate Governance by **Cheviot Company Limited** ("the Company"), for the year ended on 31st March, 2022, as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and Para C and D of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations, as applicable.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITORS' REPORT

To the Members of Cheviot Company Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Cheviot Company Limited** ("the Company"), which comprise the balance sheet as at March 31, 2022, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit including other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

The key audit matter	How our audit addressed the key audit matter
A. Valuation of Inventories Refer to note 13 to the financial statements. As described in the accounting policies in note 3.1 to the financial statements, inventories are carried at the lower of cost and net realisable value. As a result, the management applies judgement in determining the appropriate provisions for obsolete stock based upon a detailed analysis of old inventory, net realisable value below cost based upon future plans for sale of inventory.	We obtained assurance over the appropriateness of the management's assumptions applied in calculating the value of the inventories and related provisions by: - <ol style="list-style-type: none"> 1. Completing a walkthrough of the inventory valuation process and assessed the design and implementation of the key controls addressing the risk. 2. Verifying the effectiveness of key inventory controls operating over inventories; including sample based physical verification. 3. Verifying for a sample of individual products that costs have been correctly recorded. 4. Comparing the net realisable value to the cost price of inventories to check for completeness of the associated provision. 5. Reviewing the historical accuracy of inventory provisioning and the level of inventory write-offs during the year. 6. Recomputing provisions recorded to verify that they are in line with the Company policy. Our Observation: Based on the audit procedures performed, we are satisfied that the valuation of inventories is appropriate.

INDEPENDENT AUDITORS' REPORT (Contd..)

The key audit matter	How our audit addressed the key audit matter
<p>B. Valuation and existence of Non-Current and Current Investments</p> <p>Refer note 9 and 14 to the financial statements.</p> <p>The company holds Non-Current and Current Investments amounting to ₹ 17,673.96 lakhs and ₹ 5,508.10 lakhs respectively which represents 38.25% of total assets as at March 31, 2022. The Investments comprise of mutual funds, debenture and bonds, government securities, preference shares and Alternate Investment Fund and are majorly actively traded with readily available quoted market prices / net assets value. The investments being financial instruments needs to be appropriately designated at fair value through profit or loss, fair value through other comprehensive income (not to be recycled) or at amortised cost. Further, these financial instruments need to be valued and classified as Level 1, 2 or 3 financial instruments as per the fair value hierarchy. This was an area of focus for our audit and the area where significant audit effort was directed.</p>	<p>Our audit procedures included:</p> <ol style="list-style-type: none"> 1. We understood, assessed and tested the design and operating effectiveness of key controls surrounding fair valuation of investments. 2. We have obtained demat account holding statement / confirmations, Mutual fund and Alternate Investment Fund statements to verify the existence and ownership of the company's Investment portfolio. 3. We have verified on sample basis the fair valuation of all Investments held as at March 31, 2022 to the Net Assets Value provided by the respective Mutual funds and Alternate Investment Funds, market value of debenture and bonds and government securities from source data and tested the arithmetical accuracy of the calculation of valuation of investments. 4. We assessed the adequacy of the Company's disclosures. <p>Our Observation:</p> <p>Based on the audit procedures performed, we are satisfied with valuation and existence of non-current and current investments.</p>

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT (Contd..)

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the **"Annexure A"** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

INDEPENDENT AUDITORS' REPORT (Contd..)

Annexure - A to the Independent Auditors' Report

(Referred to in paragraph 1 with the heading 'Report on Other Legal and Regulatory Requirements' section of our report of even date in respect to Statutory Audit of Cheviot Company Limited for the year ended March 31, 2022)

We report that:

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The property, plant and equipment were physically verified during the year by the management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company. However, mutation of land in Company's name in government land records is pending in following case:

Description of item of Property	Gross carrying value (₹)	Title Deeds held in the name of	Whether title deed holder is a promoter, director or relative of promoter/ director or employee of promoter / director	Property held since which date	Reason for not being held in the name of the Company
Certain portions of Freehold Land situated at Mouza Hetalkhali under Budge Budge Municipality in the State of West Bengal	0.20	Cheviot Company Limited	No	1920 / 1933	Mutation of land for name change in respect of certain portions of freehold land received from M/s Chitpore Golabari Company Limited through perpetual lease/settlement operation is pending.

- (d) As disclosed in note 5(3) to the financial statements, the Company has revalued its freehold land during the year ended March 31, 2022. The revaluation is based on the valuation by a registered valuer and the amount of change is more than 10% of the aggregate of the net carrying value of freehold land as a class of property plant and equipment.
- (e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or are pending against the Company for holding any Benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- ii.(a) The management has conducted physical verification of inventories (excluding inventories in transit) at reasonable intervals during the year and discrepancies of 10% or more in aggregate for each class of inventory were not noticed on physical verification of such inventories. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate.
- (b) The Company has been sanctioned working capital limits in excess of five crore rupees in aggregate from bank during the year on the basis of security of current assets and mortgage of immovable properties of the Company. The quarterly returns/statements filed by the Company with such bank are in agreement with the books of accounts of the Company.
- iii.(a) During the year, the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, limited liability partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.
- (b) During the year, the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, limited liability partnerships or any other parties. According to the information and explanations given to us, the investments made by the Company in mutual funds, alternate investment funds, bonds and other securities are not prejudicial to the Company's interest.
- (c) The Company has not granted loans and advances in the nature of loans to companies, firms, limited liability partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c) of the Order is not applicable to the Company.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting with reference to these financial statements of **CHEVIOT COMPANY LIMITED** ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statement included obtaining an understanding of internal financial controls with reference to financial statement, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

INDEPENDENT AUDITORS' REPORT (Contd..)

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over financial reporting with reference to the financial statements

A Company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over financial reporting with reference to the financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at March 31, 2022, based on the internal financial controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended 31st March, 2022

1. CORPORATE AND GENERAL INFORMATION

Cheviot Company Limited (the "Company") is a listed Public Limited Company incorporated in India. The Company has its registered office at 24, Park Street, Celica House, 9th Floor, Celica Park, Kolkata-700016.

The Company manufactures jute products with flexibility to cater to both domestic and international market. The Company is renowned for manufacturing superior quality Hessian fabrics for export market at the Export Oriented Unit situated at Falta Special Economic Zone in the state of West Bengal, India.

2. BASIS OF ACCOUNTING

2.1. Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements of the Company for the year ended 31st March, 2022 have been approved and authorised for issue by the Board of Directors in their meeting held on 26th May, 2022.

2.2. Basis of Measurement

The financial statements have been prepared on historical cost convention, except for following:

- Financial assets and liabilities (including derivative instruments) that are measured at fair value/amortised cost;
- Freehold land on revaluation model;
- Non-current assets held for sale are measured at the lower of the carrying amounts and fair value less cost to sell;
- Defined benefit plans are measured at fair value.

2.3. Functional and Presentation Currency

The financial statements have been presented in Indian Rupees (₹), which is also the Company's functional currency. All financial information presented in (₹) has been rounded off to the nearest lakhs as per the requirements of Schedule III, unless otherwise stated.

2.4. Use of Estimates and Judgements

The preparation of financial statements require judgements, estimates and assumptions to be made that affect the reported amount of assets and liabilities including contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between actual results and estimates are recognised in the period prospectively in which the results are known/materialised.

2.5. Current Vs Non-Current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities respectively.

Notes to the Financial Statements for the year ended 31st March, 2022

2.6. Adoption of new Accounting Standards

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. Ministry of Corporate Affairs ("MCA") issued notifications dated 24th March, 2021 to amend Schedule III to the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the period starting 1st April, 2021.

3. SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the financial statements are given below. These accounting policies have been applied consistently to all the periods presented in the financial statements except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

3.1. Inventories

- Raw materials, stores and spares and loose tools are valued at lower of cost and net realisable value. However, items held for use in the production of inventories are not written down below cost, if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost includes cost of purchase, non-refundable taxes and other costs incurred in bringing the inventories to their present location and condition. Cost is computed on weighted average basis.
- Work-in-progress and finished goods are valued at lower of cost and net realisable value. Finished goods and work-in-progress include cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is computed on weighted average basis.
- Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and estimated cost necessary to make the sale. Net realisable value of work-in-progress is determined with reference to the selling prices of related finished goods.
- Adequate provision is made for obsolete and slow-moving stocks, wherever necessary.

3.2. Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and in hand, cheques in hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

3.3. Income Tax

Income tax comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

a) Current Tax

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities based on tax rates and tax laws that have been enacted during the period.

b) Deferred Tax

- Deferred tax assets and liabilities shall be measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.
- Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognised for carry forward of unused tax losses and unused tax credits.
- Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.
- The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.
- Deferred tax relating to items recognised outside the statement of profit and loss is recognised either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.
- Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Notes to the Financial Statements for the year ended 31st March, 2022

3.4. Property, Plant and Equipment

a) Recognition and Measurement:

- Property, plant and equipment, except freehold land, held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost, less any accumulated depreciation/amortisation and accumulated impairment losses (if any).
- Freehold land has been stated at revalued amount. The difference between carrying amount of such land and fair value less any impairment loss is shown as revaluation surplus net of deferred tax under the head other equity. The changes in fair value of land is recognised in other comprehensive income net of deferred tax and accumulated in other equity under the head revaluation surplus. The revaluation surplus shall be transferred to retained earnings when the asset is derecognised.
- Cost of an item of property, plant and equipment acquired comprises its purchase price, including non-refundable import duties and taxes, after deducting any trade discounts and rebates, borrowing cost, if capitalisation criteria is met and any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.
- In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of directly attributable overheads, directly attributable borrowing costs incurred in bringing the item to working condition for its intended use, and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located. The costs of testing whether the asset is functioning properly, after deducting the net proceeds from selling items produced while bringing the asset to that location and condition are also added to the cost of self-constructed assets.
- If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.
- Profit or loss arising on the disposal of property, plant and equipment are recognised in the statement of profit and loss.

b) Subsequent Expenditure

- Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.
- Major inspection/ repairs/ overhauling expenses are recognised in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any unamortised part of the previously recognised expenses of similar nature is derecognised.

c) Depreciation and Amortisation

- Depreciation on property, plant and equipment is provided on straight line method at the rates determined based on the useful lives of respective assets as prescribed in the Schedule II of the Act.
- Each part of items of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. Certain components of property, plant and equipment as identified by the Company have been depreciated at their respective useful lives ranging between 4 and 10 years.
- Depreciation on additions (disposals) during the year is provided on a pro-rata basis i.e., from (up to) the date on which asset is ready for use (disposed of).
- Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted, if appropriate.

d) Disposal of Assets

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

e) Reclassification to Investment Property

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

f) Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production. Advances given towards acquisition or construction of property, plant and equipment outstanding at each reporting date are disclosed as Capital advances under "Other Non-Current Assets".

Notes to the Financial Statements for the year ended 31st March, 2022

3.5. Leases

a) Company as a Lessor

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

b) Company as a Lessee

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. Contingent and variable rentals are recognised as expense in the periods in which they are incurred.

(i) Right-of-Use Assets (ROU Assets)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in Note 3.12 Impairment of non-financial assets.

Extension and termination options are included in many of the leases. In determining the lease term the management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option.

(ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments) payable during the lease term and under reasonably certain extension options, less any lease incentives;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(iii) Short-Term Leases and Leases of Low-Value Assets

The Company applies the short-term lease recognition exemption to its short-term leases of Property, Plant & Equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

3.6. Revenue Recognition

a) Sale of Goods

Ind AS – 115 “Revenue from Contracts with Customers” introduce one single new model for recognition of revenue which includes a 5-step approach and detailed guidelines. Among other, such guidelines are on allocation of revenue to performance obligations within multi-element arrangements, measurement and recognition of variable consideration and the timing of revenue recognition.

The Company considers the terms of the contract in determining the transaction price. The transaction price is based upon the amount the entity expects to be entitled to in exchange for transferring of promised goods and services to the customer after deducting incentive programs, included but not limited to discounts, volume rebates etc.

Revenue from the sale of jute products is measured based on the consideration specified in a contract with a customer and excludes any taxes and duties collected on behalf of the government. Company recognises revenue at a point in time, when control is transferred to the customer, and the consideration agreed is expected to be received. Control is generally deemed to be transferred upon delivery of the components in accordance with the agreed delivery plan.

The Company does not expect to have any contracts where the period between transfer of promised goods or services to the customer and payment by customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

b) Interest Income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income (FVTOCI), interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

c) Dividend Income

Dividend income from investments is recognised when the Company's right to receive payment has been established.

d) Other Operating Revenue

Export incentives and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the incentive will be received.

Insurance claims are accounted to the extent the Company is reasonably certain of their ultimate collection.

3.7. Employee Benefits

a) Short Term Employee Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period.

b) Other Long Term Employee Benefits

The liabilities for earned leaves that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the rate of government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Remeasurements as the result of experience adjustment and changes in actuarial assumptions are recognised in the statement of profit and loss.

c) Post Employment Benefits

The Company operates the following post employment schemes:

- **Defined Benefit Plans**

The liability or asset recognised in the balance sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

Notes to the Financial Statements for the year ended 31st March, 2022

The liability recognised for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the rate of government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Remeasurements of the net defined benefit obligation which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling are recognised in other comprehensive income. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

- **Defined Contribution Plan**

Defined contributions to Provident Fund, Pension Scheme and Employees' State Insurance Scheme are defined contribution schemes and are charged to the statement of profit and loss of the year. The Company makes specified monthly contributions towards employees provident fund to a trust administered by the Company as well as to provident fund plan operated by the Regional Provident Fund Commissioner. The minimum rate of interest which is payable every year by the trust to the beneficiaries is notified by the Government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the trust and the notified interest rate.

d) Termination Benefit

Expenditure incurred on Voluntary Retirement Scheme is charged to the statement of profit and loss immediately.

3.8. Government Grants

Government grants are recognised at their fair values when there is reasonable assurance that the grants will be received and the Company will comply with all the attached conditions. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed or netted off with related expenses. Grants related to purchase of property, plant and equipment are included in non-current liabilities as deferred revenue and are credited to profit or loss on a straight line basis over the expected useful life of the related asset and presented within other operating revenue.

3.9. Foreign Currency Transactions

- Foreign currency transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognised in profit or loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the statement of profit and loss within finance costs.
- Non-monetary items are not retranslated at period end and are measured at historical cost (translated using the exchange rate at the transaction date).

3.10. Borrowing Cost

- Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also includes exchange difference to the extent regarded as an adjustment to the borrowing costs.
- Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalised as a part of the cost of that asset that necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale. The Company considers a period of twelve months or more as a substantial period of time.
- Transaction costs in respect of long term borrowing are amortised over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

3.11. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Notes to the Financial Statements for the year ended 31st March, 2022

a) Financial Assets

• Initial Recognition and Measurement:

All financial assets are initially recognised when the Company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

• Classification and Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- Measured at amortised cost;
- Measured at fair value through other comprehensive income (FVTOCI);
- Measured at fair value through profit or loss (FVTPL); and
- Equity instruments measured at fair value through other comprehensive income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

➤ Measured at amortised cost:

A financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

➤ Measured at FVTOCI:

A financial asset is measured at the FVTOCI if both the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
- The asset's contractual cash flows represent SPPI.

Financial assets meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognised in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognised in the statement of profit and loss in interest income. Where the asset is disposed of, the cumulative gain or loss previously accumulated in other comprehensive income reserve is transferred in the statement of profit and loss.

➤ Measured at FVTPL:

FVTPL is a residual category for financial assets. Any financial assets, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as FVTPL. In addition, the Company may elect to designate a financial asset, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. Financial asset included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Interest/dividend income on financial instruments measured at FVTPL are presented separately under other income.

➤ Equity instruments measured at FVTOCI:

All equity investments in scope of Ind AS – 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no reclassification of the amounts from OCI to the statement of profit and loss, even on sale of investment.

Notes to the Financial Statements for the year ended 31st March, 2022

- **Derecognition**

The Company derecognises a financial asset on trade date only when the contractual rights to the cash flows from the asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

- **Impairment of Financial Assets**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and/ or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

b) Financial Liabilities

- **Initial Recognition and Measurement:**

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, as loans and borrowings, as payables or as derivatives, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

- **Subsequent Measurement:**

Financial liabilities are measured subsequently at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

- **Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

- **Offsetting Financial Instruments**

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

c) Derivative Financial Instruments:

The Company enters into derivative financial instruments viz. foreign exchange forward contracts, interest rate swaps and cross currency swaps to manage its exposure to interest rate and foreign exchange rate risks. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the statement of profit and loss immediately.

3.12. Impairment of Non-Financial Assets

- The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (Cash Generating Units – CGU).
- An impairment loss is recognised as an expense in the statement of profit and loss in the year in which an asset is identified as impaired. The impairment loss recognised in earlier accounting period is reversed if there has been an improvement in recoverable amount.

3.13. Provisions, Contingent Liabilities and Contingent Assets

a) Provisions

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Notes to the Financial Statements for the year ended 31st March, 2022

Onerous Contracts:

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist when a contract under which the unavoidable costs of meeting the obligations exceed the economic benefits expected to be received from it.

b) Contingent Liabilities

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognised because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in other notes to financial statements.

c) Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent assets are not recognised though are disclosed, where an inflow of economic benefits is probable.

3.14. Intangible Assets

a) Recognition and Measurement

Intangible assets comprise of computer software, expected to provide future enduring economic benefits are stated at cost less accumulated amortisation and impairment, if any. Cost comprises purchase price, non-refundable taxes, duties, and incidental expenses after deducting trade discounts and rebates related to the acquisition and installation of the assets.

b) Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. All other expenditure is recognised in the statement of profit and loss.

c) Amortisation

- Intangible assets are amortised over a period of five years under straight line method.
- The amortisation period and the amortisation method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortisation period is changed accordingly.

d) Intangible Assets under Development

Intangible assets under development is stated at cost which includes expenses incurred in connection with development of Intangible assets in so far as such expenses relate to the period prior to getting the assets ready for use.

3.15. Investment Properties

- Investment property is property (comprising land or building or both) held to earn rental income or for capital appreciation or both, but not for sale in ordinary course of business, used in the production or supply of goods or services or for administrative purposes.
- Upon initial recognition, an investment property is measured at cost. Subsequently they are stated in the balance sheet at cost, less accumulated depreciation/amortisation and accumulated impairment losses, if any.
- Any gain or loss on disposal of investment property is determined as the difference between net disposal proceeds and the carrying amount of the property and is recognised in the statement of profit and loss.
- The depreciable investment property i.e., buildings, are depreciated on a straight line method at a rate determined based on the useful life as provided under Schedule II of the Act.
- Leasehold land is amortised on a straight line basis over the period of lease.
- Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from the use and no future economic benefit is expected from their disposal. The net difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

Notes to the Financial Statements for the year ended 31st March, 2022

3.16. Non-Current Assets (or disposal groups) held for Sale and Discontinued Operations

- Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of the carrying amount and the fair value less cost to sell.
- An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.
- Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Non-current assets (or disposal group) classified as held for sale are presented separately in the balance sheet. Any profit or loss arising from the sale or remeasurement of discontinued operations is presented as part of a single line item in statement of profit and loss.

3.17. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding during the period are adjusted for the effects of all dilutive potential ordinary shares.

3.18. Cash Dividend Distribution to Equity Holders

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

3.19. Measurement of Fair Values

A number of the accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 — Inputs which are unobservable inputs for the asset or liability.

External valuers are involved for valuation of significant assets and liabilities. Involvement of external valuers is decided by the management of the Company considering the requirements of Ind AS and Companies Act, 2013 and selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

Notes to the Financial Statements for the year ended 31st March, 2022

3.20. New Standards / Amendments to Existing Standards / Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules, 2015 as issued from time to time. On 23rd March, 2022, MCA further amended the Companies (Indian Accounting Standards) Rules, 2015, applicable from 1st April, 2022, as below:

- **Ind AS 103 – Reference to Conceptual Framework** - The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103.
- **Ind AS 16 – Proceeds before intended use** - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.
- **Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract** - The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts.
- **Ind AS 109 – Annual Improvements to Ind AS (2021)** - The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability.

Based on preliminary assessment, the Company does not expect the amendments listed above to have any significant impact in its financial statements.

4. SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

Information about significant judgements and key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

a) Recognition of Deferred Tax Assets:

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic limits.

b) Useful Lives of Depreciable/Amortisable Assets (Property, Plant and Equipment and Intangible Assets):

Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to actual normal wear and tear that may change the utility of plant and equipment.

c) Extension and Termination Option in Leases:

Extension and termination options are included in many of the leases. In determining the lease term the management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option.

This assessment is reviewed if a significant event or a significant change in circumstances occurs which affects this assessment and that is within the control of the Company.

d) Defined Benefit Obligation (DBO):

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.

e) Provisions and Contingencies:

The assessments undertaken in recognising provisions and contingencies have been made in accordance with Ind AS – 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss.

Notes to the Financial Statements for the year ended 31st March, 2022

f) Impairment of Financial Assets:

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.

g) Allowances for Doubtful Debts:

The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

h) Fair Value Measurement of Financial Instruments:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The input to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

i) Estimation of uncertainties relating to the Global Health Pandemic from COVID-19:

The Company has considered internal and certain external sources of information up to the date of approval of the financial statements in determining the impact of COVID-19 pandemic on various elements of its financial statements. The management has used the principles of prudence in applying judgments, estimates and assumptions and based on the current estimates, the management expects to fully recover the carrying amount of inventories, trade receivables, investments and other assets. However, the eventual outcome of the impact of the COVID-19 pandemic may be different from those estimated as on the date of approval of these financial statements owing to the nature and duration of COVID-19 pandemic.

Nature and purpose of other equity

Capital reserve

Capital reserve represents capital profits appropriated as per erstwhile Companies Act, 1956 arising on sale of fixed assets during the year ended 30th November, 1985 and 31st March, 1992. This reserve can be utilised in accordance with the provisions of the Companies Act, 2013.

General reserve

General Reserve represents the reserve created through annual transfer of net profit at a specified percentage in accordance with the provisions of the erstwhile Companies Act, 1956. Consequent to the introduction of the Companies Act, 2013, the requirement to mandatory transfer a specified percentage of net profit to general reserve has been withdrawn, though the Company may voluntarily transfer such percentage of its profits for the financial year, as it may consider appropriate. This reserve can be utilised in accordance with the provisions of the Companies Act, 2013.

Capital redemption reserve

Capital redemption reserve represents the reserve created during the year ended 30th November, 1981 as a result of redemption of cumulative preference share capital of the Company. Further, the Company has recognised capital redemption reserve on Buy-back of ordinary shares from the General reserve during the financial year ended 31st March, 2018, 31st March, 2021 and 31st March, 2022 with the nominal amount of the ordinary shares bought back as per the applicable provisions of the Companies Act, 2013. This reserve can be utilised in accordance with the provisions of the Companies Act, 2013.

Special economic zone re-investment reserve account

Special economic zone re-investment reserve account has been created out of the profit of SEZ unit in terms of the provisions of Section 10AA of the Income Tax Act, 1961. This reserve has been utilised by the Company as per the provisions of Section 10AA of the Income Tax Act, 1961.

Retained earnings

Retained earnings represents the cumulative profits of the Company after appropriation. Retained earnings can be utilised in accordance with the provisions of the Companies Act, 2013.

Other comprehensive income reserve

Equity instruments through other comprehensive income

This represents the cumulative gains and losses arising on the fair valuation of equity instruments measured at fair value through other comprehensive income net of tax and amounts reclassified to retained earnings.

Revaluation surplus

Revaluation surplus represents the gain/(loss), net of deferred tax, on revaluation of freehold land.

Remeasurements of the defined benefit plans

Remeasurements of the defined benefit plans comprises actuarial gains and losses and return on plan asset (excluding interest income) which are recognised in other comprehensive income and then immediately transferred to retained earnings.

47. DIVIDEND

The Board of Directors at its meeting held on 26th May, 2022 have recommended a payment of dividend of ₹ 60/- (F.Y. 2020-21 ₹ 175/-) per ordinary share on 60,16,875 ordinary shares of face value of ₹ 10/- each amounting to ₹ 3,610.13 for the financial year ended 31st March, 2022.

The above is subject to approval at the ensuing Annual General Meeting of the Company and hence is not recognised as a liability.

48. DISCLOSURE PURSUANT TO INDIAN ACCOUNTING STANDARD - 19 'EMPLOYEE BENEFITS' AS NOTIFIED U/S 133 OF THE COMPANIES ACT, 2013

48.1 Defined Contribution Plans:

The Company has during the year recognised an expense of ₹ 550.49 (F.Y. 2020-21 ₹ 466.21) towards defined contribution plans. Out of the total contribution, made for employees' provident fund, a sum of ₹ 84.89 (F.Y. 2020-21 ₹ 76.58) has been made to Cheviot Company Limited Employees Provident Fund while the remaining contribution has been made to the provident fund plan operated by the Regional Provident Fund Commissioner. Further, considering the past track and fair value of the plan assets of the Trust, the Company does not envisage any shortfall in liability towards the interest payable by the Trust at the notified interest rate.

48.2 Defined Benefit Plans:

Gratuity Plan

This is a funded defined benefit plans for qualifying employees. The Company makes contributions to the Cheviot Company Limited Employees' Gratuity Trust Fund. Gratuity is payable to all eligible employees of the Company on superannuation, death, permanent disablement and on resignation/termination of employment in terms of the provisions of the Payment of Gratuity Act or as per the Company's rule, whichever is more beneficial to the employee.

a. Risk Exposure

Defined benefit plans expose the Company to actuarial risks such as: Interest rate risk, Salary risk and Demographic risk.

- Interest rate risk:** The defined benefit obligation calculated uses a discount rate based on government bonds. If the bond yield falls, the defined benefit obligation will tend to increase.
- Salary risk:** Higher than expected increase in salary will increase the defined benefit obligation.
- Demographic risk:** This is the risk of variability of results due to unsystematic nature of decrements that includes mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefits obligations is not straight forward and depends on the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis, the retirement benefit of the short service employee typically costs less per year as compared to a long service employee.

49. SEGMENT REPORTING

49.1 Segment information

Operating segments are reported in a manner consistent with the internal reporting to the chief operating decision maker (CODM). The Chief Executive Officer of the Company being the CODM, assesses the financial performance and position of the Company and makes strategic decisions. The CODM primarily uses earnings before interest, tax, depreciation and amortisation (EBITDA) as performance measure to assess the performance of the operating segments. However, the CODM also receives information about the segment revenues, segment assets and segment liabilities on regular basis.

49.2 Description of Segment

Debentures and bonds	6,258.76	7,458.77	6,293.04	7,683.65

* Investment in preference shares is net of impairment.

The management has assessed that the fair values of cash and cash equivalents, trade receivables, trade payables, short term borrowings, and other current financial assets and financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The management has assessed that the fair value of floating rate instruments approximate their carrying value.

56.2 Fair value Hierarchy

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities. The mutual fund/alternative investment fund are valued using the closing net asset value.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2. The fair value of all debentures and bonds which are not actively traded in the stock exchanges is valued using the closing price or dealer quotations as at the reporting date. Derivatives are valued using valuation techniques with market observable inputs such as foreign exchange spot rates and forward rates at the end of the reporting period.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty. The fair value of short-term financial assets and liabilities is considered to be approximately equal to its carrying value due to their short term nature. Costs of unquoted equity instruments has been considered as an appropriate estimate of fair value where most recent information to measure fair value is insufficient or if there is a wide range of possible fair value measurements.

56.3 Financial Risk Management

The Company has a risk management policy which covers risk associated with the financial assets and liabilities. The risk management policy is approved by the Directors. The different types of risk impacting the fair value of financial instruments are as below:

a) Credit Risk

The credit risk is the risk of financial loss arising from counter party failing to discharge an obligation. The credit risk is controlled by analysing credit limits and credit worthiness of customers on continuous basis to whom the credit has been granted, after obtaining necessary approvals for credit.

i) Trade Receivable

Customer credit risk is managed by the Company subject to Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and major customers are generally from government agencies and in respect of export debtors, terms of shipment is either cash against document or 100% advance against proof of shipments or backed by letter of credit / ECGC coverage. Thus, based on past trends, the Company does not foresee any losses in expected credit loss (ECL). The maximum exposure to credit risk at the reporting date is the carrying value of trade receivable disclosed in Note - 15.

ii) Financial instruments and cash deposit

Credit risk is limited as the Company generally invest in deposits with banks and in bonds of companies having high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investments in government securities, debentures, bonds, preference shares, mutual fund units and alternative investment funds. Counterparty credit limits are reviewed by the Company periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

b) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its financial obligations as they become due.

The Company monitors its risk by determining its liquidity requirement in the short, medium and long term. This is done by drawing up cash forecast for short term and long term needs. The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity monitoring future cash flow and liquidity on a regular basis. Surplus funds not immediately required are invested in certain mutual funds and fixed deposit which provide flexibility to liquidate. Besides, it generally has certain undrawn credit facilities which can be used as and when required, such credit facilities are reviewed at regular basis.

c) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of following risk: interest rate risk, foreign currency risk, other price risk. Financial instruments affected by market risk include investments, trade receivables, borrowings and trade payables.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates.

The Company is exposed to risk due to interest rate fluctuation on its non-current and current borrowings with floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. Such interest rate risk is actively evaluated and is managed through portfolio diversification and exercise of prepayment/refinancing options, where considered necessary.

a) Exposure to interest rate risk

57. FINANCIAL RATIOS

The ratios as per the latest amendment to Schedule III are as below:

Particulars		For the year ended 31st March, 2022	For the year ended 31st March, 2021
(1)	Current ratio [^] (Current assets/Current liabilities)	6.31	9.20
(2)	Debt - equity ratio (Total debt/Shareholders' equity) (Total debt: Non-current borrowings + Current borrowings + Current maturities of long term borrowings) (Shareholders' equity : Equity share capital + Other equity - Capital reserve - Revaluation surplus)	0.02	0.02
(3)	Debt service coverage ratio * (EBITDA/Debt service) (EBITDA : Profit before taxes + Finance cost + Depreciation and amortisation expense + Loss on sale of PPE + PPE and other intangible assets written off) [Debt service : Interest and Lease payments + Principal repayments of non - current borrowings]	164.81	131.56
(4)	Return on equity (ROE) (Net Profit after taxes/Average shareholders' equity) (Shareholders' equity : Equity share capital + Other equity - Capital reserve - Revaluation surplus)	16.25%	15.13%
(5)	Inventory turnover ratio # (Sale of products/Average inventories)	6.61	4.77
(6)	Trade receivables turnover ratio (Sale of products/Average trade receivables)	12.27	10.25
(7)	Trade payables turnover ratio (Expenses/Average trade payables) (Expenses: Total expenses - Finance cost - Depreciation and amortisation expense - Employee benefit expense - Other expenses with respect to non cash items like loss on sale of PPE and PPE and other intangible assets written off)	79.54	74.43
(8)	Net capital turnover ratio # (Revenue from operations/Average working capital) (Working capital: Current assets - Current liabilities)	2.56	1.82
(9)	Net profit ratio \$ (Net profit after tax/Revenue from operations)	13.89%	19.13%
(10)	Return on Capital Employed (Earning before interest and taxes (EBIT)/Average capital employed) (EBIT: Profit before taxes + Finance cost) [Capital Employed: Equity share capital + Other equity - Capital reserve - Revaluation surplus + Non current borrowings + Current borrowings + Current maturities of long - term borrowings + Deferred tax liabilities]	19.87%	17.64%
(11)	Return on investment \$ (Net income on investments/Average investment funds in current and non current investments) (Net income on investments : Interest income on investments + Dividend income + Net gain on sale/fair value changes of investments)	8.14%	15.05%

[^] The variation in current ratio as at 31st March, 2022 as compared to 31st March, 2021 is primarily due to utilisation of surplus funds held as current investments for capital expenditure, distribution of special dividend and Buy-back of 2,50,000 ordinary shares and also due to normal increase in current liabilities.

* The variation in debt service coverage ratio is primarily due to increase in profitability and decrease in interest payment on borrowings during the year ended 31st March, 2022.

The variation in inventory turnover ratio and net capital turnover ratio is primarily due to increase in sales during the year ended 31st March, 2022.

\$ The variation in net profit ratio and return on investment is primarily on account of decline in other income from investments and decrease in average investments during the year ended 31st March, 2022.

NOTICE (Contd..)

STATEMENT IN RESPECT OF SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 4.

Disclosure as required under Regulation 36(5) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

M/s Singhi & Co., Chartered Accountants (Firm Registration No. 302049E), was appointed as statutory auditors of the Company by the members at the AGM held on 25th August, 2017 to hold office for a term of 5 (five) consecutive years from the conclusion of that AGM until the conclusion of the sixth consecutive AGM to be held in the year 2022 on a remuneration to be mutually agreed upon with the Board of Directors.

The Audit Committee has recommended the re-appointment of M/s Singhi & Co., Chartered Accountants as the statutory auditors of the Company on the following basis:

- (a) Experience of the firm having audit exposure across diversified Business and Industries;
- (b) Adequate understanding on the commercial and operational processes of Jute Industry; and
- (c) Performance of the audit team w.r.t. in-depth checking and timely reports received during present tenure.

In accordance with the provisions of Section 139 of the Companies Act, 2013 read with Rules framed thereunder, M/s Singhi & Co. Chartered Accountants, being eligible, has given their written consent for re-appointment as statutory auditors of the Company.

The proposed remuneration to be paid to M/s Singhi & Co., Chartered Accountants as the statutory auditors of the Company for financial year ending 31st March, 2023 is determined at ₹ 11,50,000/- (Rupees eleven lakhs and fifty thousand only) towards audit fees and quarterly limited review fees, plus applicable taxes and re-imbursement of out of pocket expenses to be incurred on actual. During the tenure of re-appointment, the remuneration to be paid to the statutory auditors shall be revised from time to time as may be mutually agreed upon with the Board of Directors.

Taking into consideration the qualifications and experience of M/s Singhi & Co., Chartered Accountants and also the performance of the auditors during their present tenure, the Board of Directors, agreeing with the recommendation of the Audit Committee, recommend the re-appointment of M/s Singhi & Co., Chartered Accountants as the statutory auditors of the Company to hold office for a second term of 5 (five) consecutive years from conclusion of 124th AGM till conclusion of 129th AGM as set out at Item No. 4 of the Notice.

None of the directors and/or key managerial personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the Notice. The Board of Directors recommend passing of the proposed Ordinary Resolution as set out at Item No. 4 of the notice.

Item No. 5.

Mr. Utkarsh Kanoria (DIN 06950837), aged 30 years, was appointed as the Wholetime Director of the Company with effect from 24th May, 2017 for a period of 5 (five) years, whose period of office shall be liable to determination by retirement of directors by rotation, on the terms and conditions, as approved by the members at the AGM held on 25th August, 2017.

Mr. Utkarsh Kanoria has received his degree from the Carnegie Mellon University at United States and joined Cheviot Company Limited in August, 2014. He has in-depth knowledge on the operations of Jute Industry and is steering the overall factory operations. Mr. Utkarsh Kanoria is a member of audit committee and chairman of committee of directors formed by the Board of Directors of the Company.

Upon expiry of the current term of office of Mr. Utkarsh Kanoria, as Wholetime Director, on 23rd May, 2022, the Board of Directors, on the recommendation of Nomination and Remuneration Committee, have re-appointed Mr. Utkarsh Kanoria as Wholetime Director for a further period of 5 (five) years with effect from 24th May, 2022, whose period of office shall be liable to determination by retirement of directors by rotation, on the terms and conditions mentioned in the draft agreement to be entered between the Company and Mr. Utkarsh Kanoria, subject to approval of the members.

The Board of Directors recommend his re-appointment.

The principal terms and conditions including the remuneration governing the re-appointment of Mr. Utkarsh Kanoria are set out below:-

1. Salary: ₹ 2,00,000/- per month or such other sum not exceeding ₹ 4,00,000/- per month as may be determined by the Board of Directors from time to time.

COMMUNICATION ON TAX DEDUCTION ON DIVIDEND

Dear Member,

We are pleased to inform that the Board of Directors at their meeting held on Thursday, 26th May, 2022 have recommended payment of final dividend of ₹ 60/- per fully paid-up ordinary share of face value of ₹ 10/- each for the financial year ended 31st March, 2022, subject to approval of the members at the ensuing Annual General Meeting of the Company convened to be held on Friday, 12th August, 2022. The dividend will be paid to those members, whose name shall appear in the Register of Members or in the Register of Beneficial Owners maintained by the depositories, as on the Record Date, Friday, 5th August, 2022.

Pursuant to Section 194 of the Income Tax Act, 1961 ("IT Act"), the Company is now under an obligation to deduct tax at source (TDS) at the prescribed rates applicable to each category of shareholders, wherever applicable, at the time of making the payment of dividend.

This communication provides a brief on the applicable TDS provisions under the IT Act for Resident and Non-Resident members and information/documents required from the members.

A. For Resident Members :

1. No TDS shall be deducted, if aggregate dividend distributed or likely to be distributed to individual member does not exceed ₹ 5,000/- during that financial year.
2. In other cases, TDS is required to be deducted at the rate of **10%** u/s 194 of the IT Act where members have registered their valid Permanent Account Number (PAN). In case, PAN is not available or invalid, TDS at the rate of **20%** shall be deducted under Section 206AA of the IT Act.
3. No TDS shall be deducted from dividend payable to Mutual Funds, Insurance Companies, Category I and II Alternative Investment Fund, Recognised Provident Funds, Approved Superannuation Fund, Approved Gratuity Fund, National Pension Scheme, Government (Central/ State) or any other entity entitled to exemption from TDS for the time being in force, subject to specified conditions and submission of declaration as per **Annexure 1** with certified copies of evidences.
4. No TDS shall be deducted on furnishing of valid Form 15G (for individuals, with no tax liability on total income and income not exceeding maximum amount which is not chargeable to tax) or Form 15H (for individual above the age of sixty years with no tax liability on total income). Formats of Form 15G and Form 15H are enclosed as **Annexure 2** and **Annexure 3**, respectively.
5. TDS will be deducted at the rate prescribed in the certificate issued u/s 197 of the IT Act, if valid certificate is submitted.
6. TDS will be deducted at higher of the following rates from dividend payable to resident members who are identified as 'specified person' under Section 206AB of the IT Act on the basis of the mechanism prescribed by the CBDT:
 - At twice the rate specified in the relevant provision of the Act; or
 - At twice the rate(s) in force; or
 - At the rate of 5%.

B. For Non-resident Members :

1. TDS shall be deducted at the rate of **20%** (plus applicable surcharge and cess) u/s 196D of the IT Act in case of Foreign Institutional Investors (FIIs)/Foreign Portfolio Investors (FPIs) and u/s 195 of the IT Act for other non-resident members.
2. TDS shall be deducted at lower/nil rate on submission of valid certificate issued u/s 197/195 of the IT Act.
3. Non-resident members may avail lower TDS rate as per Agreement for Avoidance of Double Taxation (DTAA) between India and the country of tax residence of the non-resident member, on furnishing the below specified documents:
 - a) Self-attested copy of PAN. In case PAN is not available, provide information and documents as mentioned in sub-rule 2 of Rule 37BC of the Income-Tax Rules, 1962;
 - b) Self-attested copy of valid Tax Residency Certificate (TRC) obtained from the tax authorities of the country of which the member is a resident;
 - c) Self-declaration in Form 10F as per **Annexure 4**; and
 - d) Self-declaration on letterhead of having no Permanent Establishment in India, Beneficial ownership of shares and eligibility to claim treaty benefits as per **Annexure 5**.

Note: The Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction on dividend paid to non-resident members. Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review by the Company, of the documents submitted by non-resident members.

COMMUNICATION ON TAX DEDUCTION ON DIVIDEND (Contd..)

C. Submission of documents and other matters :

1. The documents such as PAN, Forms 15G/15H/10F/Self-declaration/documentary evidences etc. are required to be submitted physically with the Company's Registrar and Share Transfer Agent, M/s Maheshwari Datamatics Private Limited on or before the Record Date, Friday, 5th August, 2022. Alternately, members may send these documents, as applicable, duly completed and signed, through e-mail at mdpldc@yahoo.com or investorservices@chevjute.com on or before the Record Date, Friday, 5th August, 2022.
2. Please update/verify your PAN and the residential status as per IT Act, if not done so already, with your respective Depository Participant(s) (in case of shares held in dematerialised form) and with the Company's Registrar and Share Transfer Agent, M/s Maheshwari Datamatics Private Limited (in case of shares held in physical form) on or before the Record Date, Friday, 5th August, 2022.
3. TDS will be calculated based on details of first holder/registered member/beneficial owner only as appearing on Record Date. Once TDS is deducted, no transfer of such TDS in the name of another person shall be entertained under any circumstances.
4. TDS certificate will be sent to the members' registered email address in due course after payment of dividend and filing of TDS Return. Members will also be able to view the TDS details in Form 26AS by login to <https://www.incometax.gov.in> provided that valid PAN is registered with the Company/Depository Participant(s).
5. In case, the dividend income is assessable to tax in the hands of a person other than the registered member as on the Record Date, Friday, 5th August, 2022 the registered member is required to furnish a declaration containing the name, address, PAN of the person to whom TDS credit is to be given and reasons for giving credit to such person on or before Friday, 5th August, 2022. No request in this regard would be accepted by the Company or Registrar after the said date.
6. TDS on dividend payable on ordinary shares of the Company, which have been transferred to Investor Education and Protection Fund ('IEPF') in terms of Section 124(6) of the Companies Act, 2013 and Rules framed thereunder shall be determined on the basis of the shareholding of respective members entitled to those shares.
7. In case of incomplete or conflicting information, or the valid information/documents not being provided, the Company will arrange to deduct tax at the maximum applicable rate. In case TDS is deducted at a higher rate, an option is still available with the member to file the return of income and claim an appropriate refund, if eligible. Once deducted, no claim shall lie against the Company in relation to TDS.
8. In the event of any income tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided/to be provided by the member(s), such member(s) will be responsible to indemnify the Company and also, provide the Company with all valid information/documents.

D. Update your Bank Account details:

Members are requested to ensure that their bank account details are updated with the Company/Registrar/Depository Participant(s) to get credit of dividend in their respective bank accounts.
