ANNEXURE “C”**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****OVERALL REVIEW**

Calling for a long-term vision for the development of the NBFC sector in India, CII has suggested a five point agenda for consideration of the Ministry of Finance and the Reserve Bank of India. The Agenda focuses upon (1) Meeting the funding requirement of the sector adequately, (2) Maintaining the existing NPA classification norms, (3) Bringing NBFC sector under the ambit of the SARFAESI Act, (4) Addressing concerns on Capital Adequacy requirement, (5) Resolving tax related issues. Credit growth for non-banking finance companies (NBFCs) has slowed to 5% in the first nine months of the fiscal year 2013-14 (9M, FY2014) from around 15% in 9M, FY2013, the significant slowdown being caused mainly by de-growth in the commercial vehicle (CV), construction equipment (CE), and gold loan segments; the mortgage segment has continued to report robust growth.

OPPORTUNITIES, THREATS, RISKS, CONCERNS, PERFORMANCE AND OUTLOOK

The NBFC sector has been gaining systemic importance in the recent years and the share of NBFC has steadily grown from 10.7% of banking assets in 2009 to 14.3% of banking assets in 2014-15.

As there are wide scope of expansions for the NBFC in finance sector in India, NBFC are now become crucial way for getting investment to other sector of markets. Along with the facilities such as Loan, and investment NBFC are now have a new opportunities as per the new RBI norms which are strictly followed by all the NBFCs.

The Reserve Bank of India released the ‘Revised Regulatory Framework for NBFCs’ on November 10, 2014 which broadly focuses on strengthening the structural profile of NBFC sector, wherein focus is more on safeguarding of the depositors money and regulating NBFCs which have increased their asset-size over time and gained systemic importance. Due to subdued economic growth, last two years, have been challenging period for the NBFCs with moderation in rate of asset growth, rising delinquencies resulting in higher provisioning thereby impacting profitability. However, comfortable capitalisation levels and conservative liquidity management, continues to provide comfort to the credit profile of NBFCs in spite of impact on profitability. With rapid growth, regulatory scrutiny has increased on gold loan lending practices. NBFCs are under greater focus as a result of their higher interest rates and charges, and non-adherence to know your customer (KYC) regulations. This may further impact the dominance of NBFCs in the gold loan market. At just 1.2% of the total gold stock in the country at present, gold loans have a huge growth potential. However, firms need to develop distribution, product and risk mitigation strategies to get a share of the pie in a profitable and sustainable fashion.

NBFCs being financial intermediaries are engaged in the activity of bringing the saving and the investing community together. In this role they are perceived to be playing a complimentary role to banks rather than competitors, as it is a known fact that majority of the population in the country do not yet have access to mainstream financial products and services including a bank account and therefore the country needs institutions beyond banks for reaching out in areas where banks’ presence may be lesser. Thus NBFCs especially those catering to the urban and rural poor namely NBFC-MFIs and Asset Finance Companies have a complimentary role in the financial inclusion agenda of the country. NBFCs bring the much needed diversity to the financial sector thereby diversifying the risks, increasing liquidity in the markets thereby promoting financial stability and bringing efficiency to the financial sector.

At the same time, their growing size and inter connectedness also raise concerns on Financial stability. Reserve Bank’s endeavor in this context has been to streamline NBFC regulation, address the risks posed by them to financial stability; address depositors’ and customers’ interests, address regulatory arbitrage and help the sector grow in a healthy and efficient manner. Extending its campaign against unfair charges to non-banks, RBI has barred finance companies from imposing pre-payment charges on loans extended on floating rates. Reserve Bank of India’s latest directive will impact finance companies that provide loans against property. Most of the consumer durable loans are short-term in nature and are therefore at a fixed rate. Long-term loans against property are among those that are at floating rates.
