EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 ANNEXED TO THE NOTICE OF THE SEVENTYSECOND ANNUAL GENERAL MEETING OF THE COMPANY IN RESPECT OF ITEMS NO.5 TO 10 OF THE SAID NOTICE.

Item No.5:

The Board recorded at its meeting held on 9th November, 2017 the appointment of Sri Suneel Babu Gollapalli (DIN: 01652638) on the Board of the Company by IDBI Bank Limited effective from 10th August, 2017, in the place of Sri Rabinarayan Panda. Sri Suneel Babu Gollapalli will hold office upto the date of 72nd Annual General Meeting of the Company.

Notice in writing under Section 160 of the Companies Act, 2013 has been received from a member signifying his intention to propose the appointment of Sri Suneel Babu Gollapalli as a Director of the Company liable to retire by rotation.

The disclosure containing the profile and other details of Sri Suneel Babu Gollapalli as required under Regulation 36 (3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS2) is annexed to the Notice.

The Nomination and Remuneration Committee, after considering Sri Suneel Babu Gollapalli's profile and performance, has recommended his appointment as a Director liable to retirement by rotation and the Board has approved the same. The Board considers that the appointment of Sri Suneel Babu Gollapalli as a Director, as aforesaid, would be in the best interests of the Company. Hence, the Board recommends the Ordinary Resolution as set out in Item No.5 of the Notice convening the 72nd Annual General Meeting of the Company for approval of the Members.

Interest of Directors and Key Managerial Personnel:

None of the Directors except Sri Suneel Babu Gollapalli and none of Key Managerial Personnel of the Company or their relatives is directly or indirectly concerned or interested, financially or otherwise, in this resolution.

Item No.6:

The present and final term of office of Sri N.Srinivasan (F&R) (DIN: 00004195) as an Independent Director of the Company expires on 28.08.2018. The Board, based on the recommendation of the Nomination and Remuneration Committee, co-opted Sri N.Srinivasan, as an Additional Non-executive and Non-Independent Director of the Company with effect from 29th August, 2018.

Under the provisions of Article 103 of the Articles of Association of the Company read with Section 161 of the Companies Act, 2013 ("the Act"), Sri N.Srinivasan will hold office up to the date of the Seventysecond Annual General Meeting of the Company.

Notice in writing under Section 160 of the Companies Act, 2013 has been received from a member signifying his intention to propose the appointment of Sri N.Srinivasan as a Director of the Company liable to retire by rotation. The disclosure containing the profile and other details of Sri N.Srinivasan as required under Regulation 36 (3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS2) is annexed to the Notice.

Considering Sri N.Srinivasan's qualification, acumen, rich experience, expertise in functional areas of finance, accounts & audit and his contribution to the Company, the Nomination and Remuneration Committee has recommended the appointment of Sri N.Srinivasan as Non-executive, Non-independent Director liable to retire by rotation and the Board has approved the same. The Board considers that the appointment of Sri N.Srinivasan as a Director, as aforesaid, would be in the best interests of the Company. Hence, the Board recommends the Ordinary Resolution as set out in Item No.6 of the Notice convening the 72nd Annual General Meeting of the Company for approval of the Members.

Interest of Directors and Key Managerial Personnel:

None of the Directors except Sri N.Srinivasan (F&R) and none of key managerial personnel of the Company or their relatives is directly or indirectly concerned or interested, financially or otherwise, in this resolution.

Item No.7:

The Plant has also been recommended for Silver Award for manufacturing excellence by International Research Institute for manufacturing which will be awarded in the ceremony scheduled in September 2018. The Plant has received an appreciation letter from the Rajasthan Government for company's contribution to the construction of minor percolation tanks.

The Company's Dalavoi Plant was presented with the "Good Industrial Relations Award" by the Tamil Nadu State Labour Department.

The Company's Sankarnagar Plant has been selected for "Commendation Award" for Health and Safety for the Calendar year 2016 by the National Safety Council, Tamil Nadu Chapter.

The Company's Chennai Grinding Unit has got Safety Award for Lowest Weighted Frequency Accident Rate and Longest Accident Free Period in Man Hours from Tamil Nadu Government.

OPERATIONS

The Company's performance for the year under review has been discussed in detail in the Management Discussion and Analysis section. The cement industry in India is the second largest in the world in terms of capacity with around 425 million tonnes next only to China. The overall demand for the cement in the country which was growing at a CAGR of 7 to 8% in the last two decades suffered with a negative growth in the previous two fiscals and a practically nil growth during the first half of 2017-18. The industry had to face stiff challenges during the year due to latent effect of demonetization, teething troubles arising out of GST roll out, RERA impact, prohibition on sand mining in certain States, etc. In addition, the Supreme Court of India also banned the usage of petcoke for a brief period which was reversed subsequently. The industry had to bear the brunt of steep increase in fuel cost and surge in petroleum products prices in addition to increase in customs duty on petcoke to 11% from around 3%.

However, from the month of November'17, the industry had started witnessing improvement in the off-take and has quickly turned around to register a double digit growth in production in the second half and ultimately ended the year with a Five year high growth of 6.3%. The capacity utilization was around 70% on an all India basis.

South India which has got the highest capacity in the country of over 150 million tons had to face severe competition in the market place with a lower demand of around 70 to 80 million tons only. Even after movement to other areas, the capacity utilization could not improve beyond 60%. With capacity overhang, the selling prices of cement also started declining from the month of October'17.

Given the tough market conditions, the capacity utilization of the Company at 71% was better than the industry peers in south. The sales volume for the year under review was at 111.75 lakh tons and the total revenue for the year was at ₹ 5360 crores. With the increase in the price of coal and oil, the EBIDTA was lower for the year at around ₹ 712 crores against ₹ 878 crores in the previous year. The interest charges were at ₹ 340 crores against ₹ 360 crores while the depreciation was ₹ 256 crores against ₹ 257 crores. The net profit before tax was ₹ 116 crores as against ₹ 260 crores in the previous year.

With the improved off-take in the States of Telangana and Andhra Pradesh on account of thrust being given by the Governments for the infrastructure creation and dams, etc. and with the lifting of ban on sand quarrying in Tamil Nadu, the outlook for cement growth to continue at its normative level of the previous two decades seems achievable.

The shipping division continued its costal movement of cargo and earned a revenue of ₹ 17.34 crores while RMC division which had a subdued sales of 2.32 lakh cu.m. of concrete (2.56 lakh cu.m.), earned a total revenue of ₹ 95 crores against ₹ 101 crores in the previous year.

EXPANSION / MODERNISATION

As earlier mentioned, your company has got approval from the relevant authorities for enhancing the capacity of Dalavoi and Sankari plants in Tamil Nadu. The Company also obtained necessary approvals from the environment authorities for installing new energy efficient cement grinding facility at Sankarnagar replacing its old cement mills.

SUBSIDIARIES

CONSOLIDATED FINANCIAL STATEMENTS

Pursuant to Section 129(3) of the Companies Act, 2013 read with Rules, the Audited Consolidated Financial Statement of the Company and of all the subsidiary and Associate Companies is enclosed. A separate statement containing the salient features of the audited financial statement of all the subsidiary and Associate Companies is also enclosed in Form AOC-1, (Annexure 'H') as prescribed under the Companies Act, 2013 and the Rules made thereunder.

POLICY ON DETERMINATION OF MATERIAL SUBSIDIARIES

The India Cements Limited has, as on date, 12 subsidiaries controlled through shareholdings in such Companies, none of which is material.

COROMANDEL ELECTRIC COMPANY LIMITED

The power generation from the Gas power plant has improved considerably due to additional natural gas availability from Oil and Natural Gas Corporation Limited (ONGC) during the complete year. The plant was able to generate (net) 201 million KWH as against 169 million KWH in the previous financial year. The Company has achieved plant load factor (PLF) of 89.22% as against 75.19% in corresponding previous year. During the year the Company has sold 37 million KWH of power to the cement plants of The India Cements Limited located in Tamil Nadu State and the balance power of 164 million KWH was sold to other group captive consumers. The gross income from operations earned by the Company was at ₹ 93.28 crores (previous year ₹ 83.02 crores) and with increase in operating costs, the net profit after tax was at ₹ 8.59 crores as against ₹ 18.16 crores in the previous year.

COROMANDEL TRAVELS LIMITED

The Company has operated the flight for a total of 283:40 flying hours during the financial year 2017-18. The Company has earned a total income of ₹ 13 crores and incurred a loss of ₹ 23 crores for the year under review.

PT. COROMANDEL MINERALS RESOURCES, INDONESIA AND COROMANDEL MINERALS PTE LIMITED, SINGAPORE

During the year, Coromandel Minerals Pte Ltd, Singapore, a 100% subsidiary of your company has completed acquisition of 100% shareholding in Raasi Minerals Pte Ltd, Singapore, which has controlling interest in coal mines in Indonesia through stepdown subsidiaries PT Adcoal Energindo, Indonesia and PT Mitra Setia Tanah Bumbu, Indonesia.

Consequent to improvement in international prices of coal, PT Mitra Setia Tanah Bumbu, Indonesia, which owns the coal mines has mined and sold 299925 Tonnes of coal during the year 2017, including 169365 Tonnes of coal sold to your company.

The financials of these companies are furnished in Annexure 'H'.

INDIA CEMENTS INFRASTRUCTURES LIMITED

The Company has not taken up any new projects during the year. The first phase of the joint development of a property in Coimbatore has been completed and as on date, nearly 70% of the units have been sold and handed over to the Owners. The Company is in the process of selling the remaining units. The second phase of the property is in progress. In order to improve the marketability of the units and due to regulatory changes, it is proposed to revise the plans and obtain the necessary regulatory approvals.

Since the Company has not taken up any new projects, the manpower has been considerably reduced and the available manpower is being used for completing the remaining part of the works already taken up.

ASSOCIATE COMPANIES

COROMANDEL SUGARS LIMITED

During the year under review, India's sugar production touched a record high of 320 Lakh Tns far in excess of domestic consumption of about 250 Lakh Tns which led to sharp drop in sugar prices during the second half of the year. Despite this, the Company was able to achieve an EBIDTA of around ₹ 36.85 Crores (as against ₹ 34.10 Crores achieved in FY 17).

Crushing improved to 5.68 Lakh Tns (as against 3.81 Lakh Tns in FY 17) and the sugar production improved to 5.31 Lakh quintals (as against 3.39 Lakh quintals in FY 17). However, due to sharp drop in realization, the sale volume was restricted to 4.25 Lakh quintals (as against 4.47 Lakh quintals in FY 17). During the year, the power export increased to 243 Lakh units (as against 46 Lakh units in FY 17).

Due to lower crushing, the Company was not able to fully utilize the 30 MW Co-gen plant commissioned in the previous year. In view of higher rainfall in the area in which the plant is located, we expect significantly increased crushing during the current year. However, the performance of the company depends on the prevalent sugar prices, as the country's sugar production is expected to be significantly higher than the consumption for the 2nd year in succession.

INDIA CEMENTS CAPITAL LIMITED (ICCL)

The main focus of the Company continues to be on various fee-based activities such as Full Fledged Money Changing [FFMC], Travel & Tours and Forex Advisory Services. The Company's FFMC division continues to enjoy the status of Authorised Dealers, Category II. The wholly owned subsidiary viz. India Cements Investment Services Limited (ICISL) is in Stock Broking. The Consolidated Gross income from operations of ICCL was ₹ 658.19 lakhs during the year under review as against ₹ 599.89 lakhs in the previous year and the consolidated Net profit after tax was ₹ 79.90 lakhs as against ₹ 54.90 lakhs in the previous year.

ADEQUACY OF INTERNAL FINANCIAL CONTROLS

In accordance with Section 134(5)(e) of the Companies Act, 2013 and Rule 8(5)(viii) of Companies (Accounts) Rules, 2014, the Company has an Internal Financial Control Policy and Procedures commensurate with the size and nature of operations and financial reporting. The Company has defined standard operating procedures covering all functional areas like sales, marketing, materials, fixed assets etc.

The Company has engaged the services of Chartered Accountant firms for carrying out internal audit of all its plants as well as marketing offices. The internal auditors have been given the specific responsibility to verify and report on compliance of standard operating procedures. The auditors have reported that there are adequate financial controls in place and are being followed by the Company. This has been further explained in the Management Discussion and Analysis Report.

ANNEXURE 'B' TO DIRECTORS' REPORT FOR THE YEAR ENDED 31ST MARCH, 2018

MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW OF THE ECONOMY

During 2017 World Economy saw rebound in growth aided by the recovery in trade and investment in advanced economies and the continued strong growth in Emerging Asia. Global growth, as per IMF estimates, picked up last year to 3.7% reversing the stagnant growth of 3.1% in the previous two years. The higher growth was also aided by the upswing in trade in several commodity exporting countries and the sweeping tax cuts in the US to revive investment.

All the same, geopolitical tensions and economic upheavals continued in major economies apart from their protectionist policies to benefit domestic markets. In addition, the friction and trade wars between the US and China had threatened to harm the recovery in trade and investments.

INDIAN ECONOMY: GROWTH MOMENTUM SLACKENS

Last year, Indian economy lost its growth momentum and conceded its status as the fastest growing major economy to China mainly hurt by the lingering impact of demonetisation of ₹ 500 and ₹ 1000 notes announced on November 8, 2016 that had disrupted economic activity and affected domestic consumption. This apart, glitches arising from the roll out of Goods and Services Tax (GST) from July 1, 2017 had slowed down growth.

As a result, GDP growth touched a trough of 5.7% in the first quarter of last year and slightly improved to 6.5% during second quarter. The economy saw a turnaround from third quarter with a pick-up in growth at 7.2%. Still, the overall growth rate is pegged lower at 6.7% compared with 7.1% in 2016-17.

The overall private consumption and investment activity remained weak during the year and it was mitigated to some extent by the public infrastructure investment push and surge in current expenditure after the public pay hikes for Government employees. World Bank in its report in January 2018, expected the economy to reclaim the position of fastest growing major economy from the current year.

SECTORAL PERFORMANCE

While normal rainfall was reported during the South West monsoon and North East monsoon season, it was not uniform among all regions. Some parts of the country suffered due to drought conditions. The Union Government announced a slew of measures to uplift the sector, improve farmers' income and step-up credit to the sector. As a result, agriculture and allied sector is estimated to have posted a growth of 3% against 4.1% in the previous year.

Industrial activity remained subdued for most part of the year and the growth picked up after the second half and grew above 7% driven by the strong manufacturing growth, rise in credit growth and improvement in exports. The overall industrial growth measured in terms of Index of Industrial Production is estimated to be 4.3% during 2017-18 against 4.6% in the previous year.

The core sector or infrastructure sector, which included cement, reported a growth of 4.2% in 2017-18 against 4.8% in the previous year. Construction activity remained weak for most part of the year. Cement demand was not uniform in all the regions and a pick-up was reported only after the third quarter.

Last fiscal, services sector growth remained almost same at 8.3% against 8.8% in the previous year.

EXPORTS / IMPORTS

During the year, India sustained the recovery in merchandise exports achieved in the previous year.

Cumulative value of exports increased to \$ 302.84 Billion (₹ 1952168.79 crore) registering a positive growth of 9.78 per cent in Dollar terms and 5.56 per cent in Rupee terms over the previous year.

On the other hand, with rising commodity prices pushing up value of shipments, cumulative value of imports came to \$ 459.67 Billion (₹ 2962897.70 Crores) registering a growth of 19.59% in Dollar terms and 14.94% in Rupee terms over the previous year.

The trade deficit during 2017-18 widened to \$156.83 Billion, highest since 2012-13 due to higher oil, gold and electronic imports against \$ 105.72 Billion in the previous year.

India's foreign exchange reserves hit an all-time high of \$ 424.36 Billion in the week ended March 2018 from \$ 370 Billion at the end of March 2017 on account of increase in foreign currency assets.

On the external front, with spike in crude oil prices and rising imports, current account deficit is estimated to have increased to 1.8% of GDP against 0.7% in the previous year.

FISCAL DEFICIT

Fiscal deficit, the gap between expenditure and revenue, had been pegged at ₹ 5.95 lakh crore during 2017-18. This translated into a higher fiscal deficit of 3.53% of GDP in line with revised estimates against 3.2% originally estimated in the Budget.

There was a shortfall in non-tax revenue due to lower accrual through spectrum auction. Part of the shortfall was met through higher direct tax collections and disinvestment proceeds.

INFLATION

During the year, the annual rate of inflation, based on Wholesale Price Index (WPI) eased to 2.47% compared to an average of 5.11% in the previous year.

During the year, retail inflation in terms of Consumer Price Index (CPI) declined to an average level of 3.6% from 4.96% in the previous year due to softening in food and commodity prices. It was within the RBI mandated rate of 2% to 6%.

CEMENT INDUSTRY

The cement industry had to face and overcome various hurdles in the year in the form of latent effect of demonetisation, teething troubles arising out of GST roll out, RERA legislation impact, restrictions/ban on sand mining in several states. The industry's woes multiplied with a ban on the cost effective fuel petcoke by the Supreme Court of India which was subsequently withdrawn. The industry also had to face substantial hike in the prices of petroleum products, imported fuel and petcoke. This was compounded by the increase in Customs Duty on petcoke to 11% from around 3% earlier.

The industry which stands a testimony for test of time maneuvered through this tougher times and has started signs of recovery from the second half of last fiscal. According to the information available from the publication of Department of Industrial Policy and Promotion (DIPP), the industry had shown a meager growth of 0.6% only in the first half of the year in cement production but recovered in the second half with a double digit growth in production ending the year with a Five year high growth of 6.3%. This growth compares against the contraction of 1.2% in cement output in the previous year. Even south which witnessed a negative growth in the first half showed signs of pick-up in demand ending the year with a growth of around 6% primarily driven by the Infrastructure and Governmental push in Andhra Pradesh, Telangana and Karnataka. However, Tamil Nadu units lagged behind in growth with restrictions on sand mining and lack of any Governmental projects.

The growth in the second half was primarily on account of the support led by Government infrastructure projects and housing initiatives and flexible inter-state movement of cement due to implementation of GST and elimination of local taxes. The capacity utilization of the industry in India continued to be sub-optimal of around 70% on an all India basis. While north, central and east based units had production levels of 85% to 90% of capacity, the overhang in South in capacity rendered an average capacity utilization at sub-optimum levels. This intense competition in the market place on account of capacity overhang in the south together with the weak demand led to fluctuations in the fortunes of the industry in the south with a lower realization for cement in the market place during the year under review.

On the cost front, there was a huge increase in the input cost caused by the increase in the prices of fuel namely imported coal and petcoke. The average petcoke price which was around 60\$ delivered in the last quarter of the previous year went up to a level of 100\$ during the last quarter of the current year. The petroleum products price also moved up significantly during the year under review showing an increase of ₹ 9/- per litre or 15% increase. The impact of all these could not be passed on due to constraints in the market place caused by the lack of adequate demand. However, on the back of series of reforms undertaken over the past year various agencies including IMF have projected an economic growth of

around 7.3% to 7.5% during the current fiscal better than the trends of the previous years. The Government has given a push through the budget for construction of cement concrete roads, highways through its unique Bharatmala Project, construction of rural roads under the Pradhan Mantri Gram Sadak Yozana, housing for all by 2022, metro rail networks in several cities, bullet train, etc which augur well for the industry in the medium term.

COMPANY PERFORMANCE

Despite sluggish growth in the southern markets, the performance of the Company in terms of production and sales was marginally higher than that of the previous year which is as under:

	In Lakh Ts	
	2017-18	2016-17
Clinker production	80.90	81.91
Cement production	111.15	108.14
Cement sales	111.50	108.36
Clinker sales	0.26	2.03
Total overall sales	111.76	110.39

The performance of the company in terms of productivity was maintained as that of previous year. Since export price of clinker was unremunerative, the company withdrew from clinker export market and only cement exports continued during the year. The capacity utilisation was at 71% marginally higher than 70% in the previous year but it was better than industry average in the south. The blending efficiency also improved during the year under review and operating parameters were kept under check.

With the intense competition prevailing in the local markets, the company further expanded its market horizon to east, central and western markets with additional marginal contribution. The selling price was under tremendous pressure during the 3rd and 4th quarter of the year resulting in a lower net plant realisation. The major element in the total cost of production, namely, power and fuel substantially increased during the year under review with steep hike in the price of petroleum products and fuel. Consequently the variable cost for the company increased by nearly 11% which could not be fully compensated through suitable increase in the selling price due to tight market conditions. The steep increase in the price of diesel also meant higher operating cost of the mine (raw materials) and higher outgo on the outward movement of cement which also affected the margin. The Company however continued its thrust on reducing fixed cost by closing non-core verticals, further pruning down of man power, revised cost efficient sustained policies for the employee benefits and other measures which helped in reducing the fixed cost sizably despite the inflationary pressures. Consequently, the EBITDA was around ₹ 712 crores against ₹ 878 crores in the previous year. Interest costs were lower at ₹ 340 crores against ₹ 360 crores while depreciation was at ₹ 256 crores against ₹ 257 crores. The profit before tax was at ₹ 116 crores against ₹ 260 crores. Taxation provision including deferred tax was at ₹ 15 crores against ₹ 87 crores in the previous year.

COST MITIGATION MEASURES AND OTHER IMPROVEMENT MEASURES

To further strengthen the company's philosophy of sustainable operations, lot of proactive steps were taken by the Company:

- Fuel mix was improved further with higher usage of low cost petcoke.
- To help in reducing carbon emission, the company strived to improve the clinker consumption in cement with higher usage of additives and with focus on improved blending.
- The fly-ash (waste) generated from its own power plants have also been recycled into the operations to reduce the cost and to conserve atmosphere.
- Waste materials like copper slag, chemical gypsum, etc. have also been used in the process of cement manufacture reducing the cost of production.
- While the price of fuel substantially increased affecting the cost, efforts were not spared to reduce the heat consumption in two of its plants and power consumption was also substantially reduced at one of its plants.

- The Company also improved the usage of its self-generated power source which constituted around 85% of its total power consumption during the year as against 81% in the previous year (84.14 crore units against 80.30 crores units in the previous year).
- With focused efforts, operating efficiency of the thermal power plant at Vishnupuram was also substantially improved during the year under review.
- The clinker output had further improved at Chilamkur, Dalavoi, Yerraguntla and Banswara plants.
- The Company has also provided additional bag filters and necessary pollution control equipments required to comply with the latest emission standards and the revised pollution norms.
- The Company has started producing value added products like oil well cement and sleeper cement catering to the niche markets with higher contribution.
- With the price of fuel picking up, the company revived its mining operation in its captive coal mine from Indonesia and met 53% of coal required for its power plants during the year.
- Through series of measures, the logistics cost were kept under control during the year despite steep increase in the price of diesel.
- Plans are also in the anvil to install Waste Heat Recovery System at two more locations which will substantially reduce the power cost and also reduce the carbon emission.

GREEN ENERGY AND CLEAN DEVELOPMENT MECHANISM

- The company's mission and vision is to provide sustainable environment and lot of green energy initiatives have been taken so far and the Company is on the pursuit of enhancing its image as one such company in the industry for environment protection.
- The Company has pro-actively installed wind mills of a capacity of 18.65 MW in Tamil Nadu, which provide green power to the company's plants in Tamil Nadu and which could also be counted as a renewable green energy.
- The Company is also one of the first to install Waste Heat Recovery System at its Vishnupuram plant which during the year had contributed 485 Lakh units of power which was consumed by Vishnupuram Plant.
- The Company is one of the pioneer in the production of blended cement adding its part in the low carbon technology road map for the Indian cement industry.
- The Company has been continuously improving its clinker to cement factor by reducing the carbon content in the overall cement.
- With the revised norms for controlling the emissions and pollution, the company has converted all its Electro Static Precipitators (ESPs) to high efficient bag filters at all its locations. All the parameters of emissions are also continuously monitored through Continuous Ambient Air Quality Monitors which are directly linked to the State Pollution Control Boards.
- The Company has also been taking steps to face the revised norms relating to Nox and Sox emissions from all its plants.
- With the revised notification regarding Plastic Waste Management Rules, the company has been actively pursuing to establish a suitable collection system for using plastic waste.
- The Company is also pursuing with the towns near the plant locations for possible usage of solid waste after segregating the waste at the sources.
- All the plants have been equipped with necessary upgraded pollution control equipments for controlling the fugitive dust emissions through dust extraction/suppression systems.
- The Company is also committed to the cause of sustainable development of the villages near our plants through slew of measures to improve the environment by developing mines rehabilitation, greener initiatives, recharging water from the mines to villages and ponds.
- As part of water conservation, the company has taken steps by reducing the fresh water in-take for its process, installation of Sewage Treatment Plant and Effluent Treatment plant at its locations ensuring effective utilisation of waste water, improvement in water storages through rain water harvesting at its Plants, mines and colonies, creation of new water bodies at its mines areas.

HEALTH AND SAFETY

- Maintaining the health and safety of its constituents is a continuing exercise of the company. The company has a very well-defined Safety, Health and Environment (SHE) policy which mentions the objectives, ownership and accountability.
- The health and safety programme cover not only employees but also all the stakeholders including contractors, nearby community, customers, etc.
- For shop floor employees and senior management personnel's safety, frequent workshops on safety and health check-ups are being conducted to increase awareness.
- External agencies also carry out frequent inspections on electrical and instrumentation safety to comply with the statutory requirements and also to adopt best practices.
- Personal protective equipments have been provided for all the executives, staff and workers and stringent rules have been framed for strict adherence to this. Also number of outside programmes conducted to enhance the health and safety consciousness, risk assessment, accident investigations, etc. Routine daily safety prayer meetings also conducted in a systematic way at all its locations.
- Medical facilities have also been provided at all the locations to ensure primary level treatment in addition to first aid and emergency care duly supervised by qualified medical practioners with ambulance at their end for emergency. Employee profile has also been digitalised to have basic health details such as blood group and frequency of check-ups which helps in monitoring their health in a systematic way.
- The Company, as part of CSR has also been conducting medical camps at the nearby villages. These include diabetic screening, eye test, provision of free spectacles, free cataract operations camps, distribution of hearing aids, drunkard rehabilitation schemes to name a few.
- The Company has also been visiting its warehouse of the stockists and have been advocating on safety methods to be implemented.

BUSINESS RISKS AND OPPORTUNITIES

The Company has got a detailed Risk Management Policy which is well-defined to cover the various business risks and the mitigation process. The Board of Directors of the Company periodically review the risks and the action plans thereon.

The Risk Management Policy in general encompasses all risks covering projects, competition, raw materials, occupational health, hygiene, environment, regulatory rules and other operational risk for the business. Operating team and the management also frequently meet to identify the business risks and to formulate plan for managing the same which supports the Board in strategic decision making in the development of detailed mitigation plans.

The primary risk faced by the industry in the south is the demand for cement in the last few years. The industry which had witnessed steady growth of over 9% in the past 2 decades had to face negative growth and practically nil growth in the previous 3 to 4 years caused by various reasons including poor economic growth in the region, deficit rainfall and political changes in the southern States.

As earlier mentioned, with the Governmental push on infrastructure creation in the form of housing, dams, etc. in Andhra Pradesh and Telangana from last year together with the forecast of various agencies for a sustainable growth to come in the near future, it is expected that the economy will rebound from the current fiscal and may mitigate the impact of this demand risk in the near future.

On the raw material front, the industry is dependent on natural resources of limestone and coal. In the case of limestone, the deposit concentration is only in few States while in other States the reserve is fast depleting and has been a challenging one to meet the day-to-day requirements. The regulatory changes in the form of revised MMDR notifications have also complicated the process of obtaining mining leases and mining of limestone with an auction process even for an existing company.

While the Company has got adequate limestone reserves which can serve for next several decades, the regulatory changes may lead to increase in the lead time for getting necessary approvals.

With the shortage of coal in India for the cement sector in particular, industry had been relying on imported coal and petcoke in recent times. The international prices of imported coal and petcoke which came down sharply during previous year started to climb up steeply during the year as

mentioned elsewhere. With the dollar rate also fluctuating, cost of fuel substantially increased for the industry in general. Industry also had to face the court intervention through petcoke ban for a few months, which was reversed subsequently. The cost of fuel and its availability and its usage remains as one of the big risks for the industry. The Company could, however, partly mitigate this risk by using coal from its own mines in Indonesia which is primarily used for its thermal power plants for generating power.

Again the non-availability of good quality gypsum at reasonable costs within the vicinity of the plants is also a risk necessitating import of the same, the price of which is substantially higher than the local gypsum. The Company is reasonably secured against this risk through contracts with nearby fertilizer plants for chemical gypsum with a reduced dependence on imported gypsum.

The company has also taken pro-active steps in installing collection systems for fly-ash at the state owned thermal plants nearby its cement plants to ensure continuous availability. However, the price of fly-ash is subjected to frequent fluctuations which is a risk faced by the industry in general which would be mitigated through a revenue neutralisation process of increase in selling price.

On the power front, the industry had always been subjected to severe shortage of power in the past. However, in the last two years, there has been substantial improvement in the availability of power with more power plants coming into operation. To ensure continuous and quality power supply, the Company has installed thermal power plants in Tamil Nadu, Telangana and Rajasthan, in addition to the gas fired power plant at Ramanathapuram. The Company also meets its requirement through Waste Heat Recovery System at Vishnupuram besides windmill capacity of 18.65 MW and through the shareholding in APGPCL with rights to use the power at a cheaper cost for nearly 21MW.

Another risk faced by the industry is the process of acquisition of land which remains a challenge with revised notifications. In addition to the prices, the process involved are very complex and lengthy.

Another big risk for the industry as always been the ever increasing logistics cost. With the annual bout of increase by railways and with the steep escalation in the prices of diesel and petroleum products, the rates for inward and outward movement of materials have increased substantially. In order to mitigate the risk, the company has developed its own dedicated fleet of transporters at steady rates and has got small fleet of own vehicles to cater to the needy areas in times of emergency. Based on cost economics, however, long lead despatches are carried out through railway transport mode. The company has also got a cargo ship and a shipping division which are resorted to for movement of import materials at optimum rates.

Market competition has also been one of the risks faced by the industry particularly in the south because of the low capacity utilisation. The southern states with a cement capacity of over 150 million today has a demand of around 60% of its capacity only resulting in severe competition in the market place. With lesser additional capacity creation in the anvil, this imbalance is expected to be corrected together with pick-up in growth in demand over the next few years.

Import of cement into country without any customs duty thereon is also a risk. However, given the present logistics costs and the handling costs in the ports, the same has not been experienced as a big risk so far excepting in some border States of India.

Frequent fluctuation in the rupee-dollar exchange rates is also a cause of concern which increases the import burden of fuel and spares, etc. While a portion of risk is covered through some exports, a major portion of the same has been covered through hedging mechanism.

The ever increasing cost of manpower is also a cause of concern for the industry. The company, however, has substantially brought down its overall manpower over the last few years through improvement in operating methods, mechanisation, etc and has been pursuing methods for trimming manpower further without compromising its objective of "Retention of Talent".

OUTLOOK

The broad-based cyclical upturn in the global economy is expected to be sustained over the next couple of years. IMF has projected Global growth to be 3.9% in 2018 driven by expansion in world trade, strong growth in emerging economies and investment recovery in advanced countries. WTO expects global merchandise trade to grow by 4.4% this year.

Indian economy is expected to reclaim the tag of the fastest growing major economy this year. World Bank expects GDP growth to accelerate to 7.3% while IMF has forecast a growth of 7.4% in 2018-19. RBI also expects the growth to strengthen to 7.4% this year.

Expanding global trade, forecast of normal rainfall and the moderate rise seen in private investment are expected to spur growth. With excess liquidity in the banking system, credit off take is expected to pick up to boost demand.

India remains a favourable investment destination among the major economies. At the same time, soaring crude oil and energy prices, widening current account deficit, inflation risks, Rupee value weakening against \$, RBI raising Repo rate and hardening interest rates have cast a shadow on sustaining the macro economic stability.

As in previous years, Union Budget for 2018-19 has its thrust on public investment, infrastructure, agriculture, irrigation, rural development, roads, metro rail projects and housing. This is expected to increase the demand for cement and result in higher capacity utilisation.

COMPETITION COMMISSION

The Competition Commission of India (CCI) vide its Order dated 20.06.2012 imposed a penalty of ₹ 187.48 Crores on the Company along with penalties on 10 other Cement Companies and Cement Manufacturers' Association (CMA), based on a complaint filed by Builders Association of India, alleging cartelization and abuse of dominance. The Company and the other 10 Cement Companies preferred appeals to The Competition Appellate Tribunal, New Delhi (COMPAT). The COMPAT vide its Order dated 11.12.2015 allowed the appeals and remanded the matter back to Competition Commission on ground of procedural violations by CCI while passing the Order. In the remand proceedings, the CCI, after hearing the parties, passed an Order dated 31.08.2016 wherein penalties imposed on 11 Cement Companies were reaffirmed including a penalty ₹ 187.48 Crores on the Company. Based on legal advice, the Company filed an appeal before the COMPAT and the other 10 Cement Companies also filed appeal. The COMPAT vide its interim Order dated 21.11.2016 admitted the appeals and directed the 11 Cement Companies to deposit 10 % of the penalty amount for grant of interim stay of the CCI Order dated 31.08.2016 till the disposal of appeals. The Company had deposited ₹ 18.75 Crores in accordance with COMPAT's interim Order dated 21.11.2016. The COMPAT (now as "NCLAT"- National Company Law Appellate Tribunal) vide its Final Order dated 25.07.2018 dismissed the Appeals filed by 11 Cement Companies and confirmed the penalties imposed by CCI vide its Order dated 31.08.2016. Based on legal advice, the Company has evaluated the legal recourse and is in process of challenging the NCLAT Order dated 25.07.2018 before Supreme Court. In view of the appeal and based on expert legal opinion, no provision has been made in the above Financial Statements.

HUMAN RESOURCES & INDUSTRIAL RELATIONS

The industrial relations remained cordial throughout the year at all our plants. The company is focussed on having least manpower at all its locations and has been continuously reducing the workforce through multitasking, automation etc. Various management development programmes are conducted for enhancing the skill level of employees, upgrade their talent to make them future managers. The Company has also developed a very strong HR process and strategy to improve the overall organisational effectiveness and has performance appraisal system in place. The overall number of employees on the rolls of the company as at the end of the year under review was 2409.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company has a well-defined internal control system commensurate with size, scale and complexity of operation to support the business operations to ensure statutory compliance. External auditors carry out concurrent audit of all the plants and offices which adds to the stability of the internal control systems. Suitable internal checks have been built in to cover all monetary transactions with proper delineation of authority, which provides for checks and balances at every stage. The Company has a strong system of budgetary control which covers all aspects of operations, finance, capital expenditure at macro level and on a monthly basis reported directly to top management. All the physical performances and efficiency parameters are monitored on a daily basis and actions are taken then and there. The Company has an Audit Committee of the Board of Directors to review financial statements to shareholders. The role and terms of reference of the Audit Committee cover the areas mentioned under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Section 177 of the Companies Act, 2013 besides other assignments referred to by the Board of Directors from time to time.

While the sales volume remained more or less constant in the last two years, the net plant realisation was lesser on account of various reasons mentioned elsewhere in the report. With the increase in fuel cost substantially and with the inflationary pressures, the operating profit was lower than that of previous year. The interest and other charges were lower due to repayments while depreciation was at the same level of the previous year. The resultant Net Profit Before Tax was lower on account of lower net plant realisation and higher expenditure caused by substantial increase in power and fuel cost.

CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis Report describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable Securities Laws and Regulations. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include global and domestic supply and demand conditions affecting selling prices of finished goods, input availability and prices, changes in Government regulations, tax laws, economic developments within the country and other factors such as litigation and industrial relations.

ANNEXURE 'C' TO DIRECTORS' REPORT FOR THE YEAR ENDED 31ST MARCH, 2018

CORPORATE GOVERNANCE

(As required by Schedule (V) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015)

A. MANDATORY REQUIREMENTS

1] Company's Philosophy:

The Company's Philosophy on Corporate Governance aims at the attainment of the highest levels of transparency, accountability and responsibility in all operations and all interactions with its Shareholders, Investors, Lenders, Employees, Government and other stakeholders.

The Company believes that all its operations and actions must serve the underlying goal of enhancing overall shareholder value, consistently over a sustained period of time.

2] Board of Directors:

The Board has 12 members consisting of a Vice Chairman & Managing Director and a Wholetime Director, seven Independent Directors and three Non-executive directors of whom two have been nominated by IDBI Bank Limited and Life Insurance Corporation of India respectively.

The Board functions both as a full Board and through Committees. The Board and Committees meet at regular intervals. The Board has constituted seven Committees viz., Audit Committee, Share Transfer Committee, Stakeholders' Relationship Committee, Nomination and Remuneration Committee, Corporate Social Responsibility (CSR) Committee, Compensation Committee and Committee of Directors.

During the year 2017-2018, five Board Meetings were held on 17.04.2017, 27.05.2017, 28.07.2017, 09.11.2017 and 09.02.2018. The composition of the Board, attendance at the Board Meetings during the year and the last Annual General Meeting and also the number of other directorships and Committee memberships are given below:

Sl. No.	Name of the Director	Category of Directorship	No. of Board meetings attended (From 01.04.17 to 31.03.18)	Attendance at last AGM	No. of other Directorships held in public companies	No. of Membership (M) / Chairmanship (C) in other Board Committee(s)*
						(As on 31/03/2018)

12.	Sri Suneel Babu Gollapalli ^{*1} Nominee of IDBI Bank Ltd., in its capacity as Lender	Non-Executive Director	2	No	Nil	Nil
13.	Sri Rabinarayan Panda ^{*2} Nominee of IDBI Bank Ltd., in its capacity as Lender	Non-Executive Director	3	NA	NA	NA

* Only Audit Committee and Stakeholders' Relationship Committee are considered for the purpose.

^{*1} Appointed as a Director of the Board w.e.f. 10.08.2017.

^{*2} Ceased to be a Director of the Board w.e.f. 10.08.2017, consequent to withdrawal of nomination by IDBI Bank Limited.

Disclosure of relationship between directors inter-se:

Smt. Chitra Srinivasan Smt. Rupa Gurunath and Sri N.Srinivasan, Vice Chairman & Managing Director of the Company are related to each other. No other director is related to them or each other.

Independent Directors:

The Board has framed a 'Code for Independent Directors' as required under the Companies Act, 2013. Independent Directors are issued Letters of Appointment setting out in detail, the terms of appointment, duties, responsibilities and expected time commitments.

During the financial year 2017-2018, Independent Directors met once i.e., on 09.02.2018.

The composition of and attendance at Committee of Independent Directors meeting are given below:

Sl. No.	Name of the Member	No. of Meetings held	No. of Meetings attended
1.	Sri N. Srinivasan (F&R), Chairman	1	1
2.	Sri Arun Datta	1	—
3.	Sri K.Balakrishnan	1	—
4.	Sri S.Balasubramanian Adityan	1	1
5.	Sri N.R.Krishnan	1	1
6.	Sri V.Manickam	1	1
7.	Sri V.Ranganathan	1	1

Familiarisation programmes imparted to independent directors:

The Company has a familiarisation programme for Independent Directors with regard to their role, rights, responsibilities in the Company, nature of the Cement Industry, the business models of the Company etc. and the details of the same are available on the website of the Company.

At the time of appointing Independent Directors, an Appointment Letter incorporating their role, duties and responsibilities and the various terms and conditions of their engagement is issued for the acceptance of the Independent Directors.

When a new Independent Director is appointed the Vice Chairman & Managing Director and Key Managerial Personnel of the Company brief him on the functioning of the Board and the nature of operations of the Company.

Independent Directors are provided with a copy of the latest Memorandum and Articles of Association of the Company, Company's inhouse journal "Compass", the latest Annual Report, India Cements Code of Conduct for Directors and Senior Management and ICL Code of Conduct for Prevention of Insider Trading.

Independent Directors are also advised from time to time, of the compliances required from them under the Companies Act, 2013, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred as "Listing Regulations") and other relevant rules and regulations. The provision of access to senior managerial personnel at Board / Board Committee meetings enables Independent Directors to interact with them to understand the Company's strategy, business model, operations, service and product offerings, markets, organization structure, finance, human resources, technology, quality and risk management and such other areas as may arise from time to time.

Section E: Principle-wise performance

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability.

- (1) Does the policy relating to ethics, bribery and corruption cover only the Company? Yes / No. Does it extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others?

The Company has got a Code of Conduct and Vigil Mechanism that were approved by the Board of Directors. These are applicable to the Board Members and Senior Management of the Company and an annual affirmation on compliance of the Code is taken from them. The Company persuade parties associated with it to follow the principles of ethics, etc. and gives importance to Corporate Governance which is an integral part of the management of the company.

- (2) How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

There were no complaints on ethics / transparency and accountability during the year.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.

1. List upto 3 of your products or services whose design has incorporated social or environmental concerns, risks and / or opportunities.
 - (a) The Company is engaged in the manufacture of cement that help customers to build sustainable structures which are more durable and more environmental friendly and resource efficient. The Company is primarily engaged in the production of blended cement which uses fly-ash, a natural waste, as an additive contributing for the improvement in the environment.
 - (b) The Company also concentrates on reducing the use of clinker in the cement thereby resulting in conservation of lime stone and reducing the CO₂ emissions.
 - (c) The Company also effectively generates power from the waste heat, addressing the carbon emissions, saving of water and fossil fuels in the process of power generation.
2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):
 - (a) Reduction during sourcing / production / distribution achieved since the previous year throughout the value chain?
On the production front, the Company has been continuously striving hard to reduce the power and fuel consumption thereby contributing for the improvement of environment. Supply chain management plays a key role in achieving economies in cost of inward materials and logistics cost of outward movement.
 - (b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?
The end usage of cement by customers and its purposes are not available with the Company and hence the reduction in consumption of energy and water by them by utilizing our product cannot be quantified.
3. Does the Company have procedures in place for sustainable sourcing (including transportation)?
 - (a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.
The major raw material required for the Company is lime stone and all the plants of our Company are located in proximity to the lime stone deposits resulting in minimum of transport cost, with lesser fuel and lesser carbon emission.
Most of the other raw materials required for process are procured by the Company from nearby sources and their selection process and practices adopted by the Company are focused towards delivering quality raw material at the cheapest costs incurring very less freights in a sustainable manner.
All the inputs are sourced on a sustainable basis and the Company has also long term agreements / leases in place for gypsum, lime stone, fly-ash, etc.
The Company also gives preference in selection of vendors who are complying with principles of sustainability and long-term existence and have commitment to the social aspects of health and safety, statutory compliance and non employment of child labour.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

(a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company has always given the preference to local vendors for supply of stores, spares, PP bags and repair works. Our contractors who are engaged in the repairs and maintenance of plants are employing workmen from the nearby villages by providing opportunities to them to earn livelihood.

Many small entrepreneurs have put up their workshops nearer to our plants. Our Company engages their services for outside repair jobs.

The local vendors are provided with safety equipments and apparatus and are expected to adhere to the safety procedures of the Company. Long-term rate contracts are entered and periodical feed back given to vendors to improve quality, delivery, etc.

5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

The Company is engaged in manufacture of cement and power and does not directly discharge any effluent or wastes.

The fly-ash from our power plants are entirely used in our cement production. The waste water discharged from the power plant operations is purified, recycled and used for dust separation, gardening and house-keeping in the colony.

The excess heat available from the kiln is also captured by the waste heat recovery plant and used for generation of power at the cheapest cost. All waste materials like copper slag, flyash, gypsum are being used in the process.

Oil wastes are disposed of duly complying with pollution control procedures to approved vendors.

Principle 3 Businesses should promote the well-being of all employees

1. Please indicate the Total number of employees. : No. of permanent employees is 2409 (Managerial -1290 & Non-Managerial - 1119)

Principle 4 Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized.

- Has the Company mapped its internal and external stakeholders? Yes/No
Yes. The Company has mapped its internal stakeholders as well as external stakeholders.
- Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders.
The Company is in the process of identifying its marginalised stakeholders by way of vendors, stockists, contract workers who are situated in and around its factory locations which are essentially under-developed locations requiring attention.
- Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.
Most of the Corporate Social Responsibility (CSR) activities undertaken by the Company are towards the welfare of the people and stakeholders in and around our factory locations by providing health and sanitary care, educational facilities and vocational training, infrastructural facilities like road, water, etc. Most of the welfare schemes undertaken by the Company are targeted towards upliftment of the poor and down-trodden and marginalised stakeholders located in and around our factories to enable them to have a sustainable livelihood and aimed at rural development.

Principle 5 Businesses should respect and promote human rights

- Does the policy of the Company on human rights cover only the Company or extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others?
The Company has a Code of Conduct for Directors and Senior Management of the Company. The Company complies with the National and Local Laws as far as the individual rights are concerned. However, there is no specific human rights policy for the time being, which is being formulated for the approval of the Board.
- How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management ?
No complaints for violation of human rights were received by the Company during the financial year.

Principle 6 Business should respect, protect and make efforts to restore the environment

- Does the policy related to Principle 6 cover only the Company or extends to the Group / Joint Ventures / Suppliers / Contractors / NGOs / others.
The Company has a Policy on Safety Health and Environment (SHE), which covers all the operations of the Company. As earlier mentioned 2 of the subsidiaries are also covered in BR initiatives of the company.
- Does the Company have strategies / initiatives to address global environmental issues such as climate change, global warming, etc? Y / N. If yes, please give hyperlink for webpage etc.
Yes. The Company is committed to reduce Greenhouse Gas (GHG) emissions and have got short-term and long-term targets in this regard. All these targets are aimed at:

- Improving the blended cement ratio and reducing clinker in the overall cement by paving way for carbon reduction.
 - Continuous focus on reduction of thermal and electrical energy consumption.
 - Installation of Waste Recovery System and renewable energy in the form of windmills.
 - Utilization of waste products from its thermal power plants like fly ash to improve the environment.
 - Development of ponds and afforestation of the mined area to ensure greener environment.
 - Installation of high efficiency bag filters in place of ESPs to ensure emissions are well within the permissible limits and continuous monitoring of the same by relevant authorities.
3. Does the Company identify and assess potential environmental risks ? Y / N

INDEPENDENT AUDITORS' REPORT

To

The Members of The India Cements Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying Standalone Ind AS financial statements of THE INDIA CEMENTS LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2018, and the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Standalone Ind AS Financial Statements").

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these Standalone Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Standalone Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31 March, 2018, and its profit including other Comprehensive Income, Changes in Equity and its Cash Flows for the year ended on that date.

Emphasis of Matter

Without qualifying our opinion, attention is drawn to

- a. Note No.40.2 of the Standalone Ind AS Financial Statements relating to the Order of the Competition Commission of India (CCI), concerning alleged contravention of the provisions of Competition Act, 2002 and imposing a penalty of ₹ 187.48 Crores on the Company. The Company has filed an appeal before the Competition Appellate Tribunal seeking for setting aside of the Order passed by CCI. Consequent to reconstitution of Tribunals by the Government, this matter was transferred to the National Company Law Appellate Tribunal ("NCLAT"). NCLAT has completed its hearing on the matter and Order is awaited. Based on the legal advice the company believes that it has a good case and accordingly no provision has been considered necessary by the Company in this regard.
- b. Note No.40.5 to the Standalone Ind AS Financial Statements, regarding the Order of attachment issued under Prevention of Money Laundering Act through which certain assets of the company amounting to ₹ 120.34 Crores have been attached vide provisional attachment Order dated 25 February

Annexure B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The India Cements Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON ACCOUNTS FOR THE YEAR ENDED 31ST MARCH 2018

1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Financial Statements upto the year ended 31st March 2016 were prepared in accordance with the Accounting Standards Rules 2006 (as amended) and other relevant provisions of the Companies Act, 2013 (Indian GAAP).

The Ministry of Corporate Affairs (MCA) issued a Notification on 16th February, 2015, making Indian Accounting Standards (Ind AS), issued under Section 133 of Companies Act, 2013 mandatory for certain class of companies.

As per the Notification, Ind AS is mandatory for the Company for the Financial year commencing 1st April 2016. Accordingly, the Company has adopted Ind AS from 1st April 2016 and the Financial Statements from the year 2016-17 are prepared in accordance with the principles laid down in the said Ind AS.

The Financial Statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

The Financial Statement have been prepared on a historical cost basis, except for the following assets and liabilities:

- (i) Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)
- (ii) Employee's Defined Benefit plan as per Actuarial valuation
- (iii) Plant, Property and Equipment measured at fair value

The Company has considered its operating cycle to be 12 months for the purpose of Current and Non-current classification of assets and liabilities

The Financial Statements are presented in Indian Rupees rounded to the nearest lakhs with two decimals.

2 FIRST TIME ADOPTION OF IND AS DURING THE FINANCIAL YEAR 2016-17

The Company restated the financial statements as at 1st April 2015 (opening), being the transition date, on the following basis:

Exemptions availed as per Ind AS 101:

- 1) Past Business Combination:
The Company has elected not to apply Ind AS 103-Business Combinations retrospectively to Past Business Combinations that occurred before the transition date of 01-Apr-2015, consequently, the company has kept the same classification for the past business combinations as in its previous GAAP financial statements.
- 2) Property, Plant and Equipments:
The Company has elected to measure the PPE at Fair value on transition date.
- 3) Investments in Subsidiaries & Associates:
The Company has elected to carry its Investments in Subsidiaries & Associates at deemed cost which is its previous GAAP carrying amount at the date of transition to Ind AS.
- 4) Sales Tax Deferrment Loan:
The Company has elected to use the previous GAAP carrying amounts of Sales Tax Deferrment Loan existing at the date of transition to Ind AS as the carrying amount of the loan in the opening Ind AS Balance Sheet.
- 5) Fair Value of Financial Assets and Liabilities:
As per the Ind AS exemption, the Company has not fair valued the financial assets and liabilities retrospectively and has measured the same prospectively.

Note on Scheme of Amalgamation:

The Board of Directors has approved a Scheme of Amalgamation of Trinetra Cement Limited and Trishul Concrete Products Limited with the Company effective 1st January 2014 (Appointed Date) under Section 391 to 394 of the Companies Act, 1956. Hon. Madras High Court referred the petition to National Company Law Tribunal (NCLT). NCLT after hearing the arguments approved the scheme on 13/04/2017. Accordingly the attached financials include the financials of the amalgamating companies.

3 SIGNIFICANT ITEMS OF ACCOUNTING POLICY (To be read with Notes 1 & 2)

1 Use of estimates

The preparation of financial statements in conformity with generally accepted Indian Accounting Standards (Ind AS) principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent

liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

2 Inventories

- (a) Raw materials, fuel, stores & spares and packing materials are valued at lower of weighted average cost and net realisable value (NRV). However, these items are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost.
- (b) Work in progress, Stock in trade and Finished goods are valued at lower of cost and NRV. Cost of Finished goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.
- (c) Construction and Infrastructure Projects are valued at cost or net realisable value whichever is lower.

3 Cash and Cash equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash at bank, in hand (including cheques in hand) and short term investment with an original maturity of three months or less.

4 Property, Plant and Equipments:

- (a) During transition from Indian GAAP to Ind AS on 1st April, 2015, the fair value of Property, Plant and Equipments (PPE) is considered as the deemed cost of acquisition.
- (b) Additions to Property, plant and equipment are stated at cost of acquisition or construction. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.
- (c) Property, Plant and Equipments (PPE) acquired on hire purchase or on Financial Lease are shown at their principal cost, excluding the interest cost included in these agreements which is charged to revenue over the life of the agreement.
- (d) Depreciation is recognised using straight line method so as to depreciate the carrying value less the residual values over the remaining useful life of the asset(s), other than freehold land and properties under construction, specified in Schedule II to the Companies Act, 2013, or in the case of assets where the useful life was determined by technical evaluation, over the useful life so determined.
- (e) Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date and are carried at cost, comprising of direct cost, directly attributable cost and attributable interest.
- (f) Software development costs are capitalised and depreciated along with computers. Software, that are capitalised, are depreciated over 3 years under straight line method.
- (g) Material items such as Spare parts, Stand-by equipments and service equipments are classified as PPE when they meet the definition of PPE as specified in Ind AS 16 and depreciated.
- (h) Fair value of PPE is ascertained at regular intervals. However, PPE and intangible assets with definite lives, are reviewed for impairment at each Balance Sheet date, if events or changes in circumstances indicate that their carrying values may not be recoverable and impairment, if any, is charged to revenue.

5 Foreign Currency Transactions

- (a) Foreign Exchange transactions are accounted at the exchange rates prevailing at the time of transactions or at contracted rates. Assets and Liabilities in foreign currencies are translated at values prevailing as at the year end. Gains / Losses if any, arising therefrom are recognised in the Profit and Loss account.
- (b) Forward Exchange contracts used to hedge Foreign Currency Transactions are initially recognised at the spot rate on the date of contract. Forward Exchange contracts remaining unsettled at the end of the year are translated at the year end rates. The difference in translation of Forward exchange contracts are recognised in the profit and loss account.

6 Borrowing Costs

Borrowing costs consist of interest and other ancillary costs that the Company incurs in connection with the borrowing of funds. The borrowing costs directly attributable to the acquisition or construction of any asset that takes a substantial period of time to get ready for its intended use or sale are capitalised. All the other borrowing costs are recognised in the statement of profit and loss within finance costs of the period in which they are incurred.

7 Mines Restoration Expenses:

The Company provides for the expenditure to reclaim the quarries used for mining based on the estimated expenditure required to be made towards restoration and rehabilitation at the time of vacation of mines. Costs arising from such obligation for restoration and rehabilitation at closure of the mines are assessed at each Balance Sheet date and the provision if any required is made in the financial statements so as to reflect the current best estimates.

8 Revenue Recognition:

- (a) Revenue from the sale of goods is recognised to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured. Revenue from the sale of goods is measured at the fair value of consideration received or receivable, net of returns and discounts.
- (b) Revenue from Construction and Infrastructure projects under property development division is recognised on percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.
- (c) Revenue on time charter of ships is recognized on a proportionate basis.

9 Research and Development

Research and Development expenses not resulting in any tangible property/equipment are charged to revenue.

10 Investments:

Investments other than in Subsidiaries and Associates are stated at fair values. Investment carried at cost is tested for impairment as per Ind AS 36.

11 Employee benefits

- (a) Recognition and measurement of defined contribution plans

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period.

- (b) Recognition and measurement of Defined Benefit plans

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/(asset) are recognized in the Statement of Profit and Loss.

Remeasurements of the net defined benefit liability/ comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized in Other Comprehensive Income.

- (c) Other Long Term Employee Benefits

Entitlements to annual leave and sick leave are recognized when they accrue to employees. Unavailed leave balances are accounted using the Projected Accrued Benefit method with actuarial valuations being carried out at each Balance Sheet date.

- (d) Fringe Benefits arising on options vested under Employees Stock Options Scheme (ESOS) are charged to Profit and Loss Account and credited to Stock Options Outstanding Account. On allotment of shares, corresponding amount is transferred from Stock Option Outstanding account to Securities Premium Account.

12 Tax Expense

- (a) Current income tax is measured and accounted based on the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961 at the tax rates applicable for the year.

- (b) Deferred Tax

Deferred tax is provided, on all temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax is measured and accounted based on the tax rates and tax laws enacted or substantively enacted at the Balance Sheet date.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

13 Provisions, Contingent Liabilities & Contingent Assets

- (a) Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.
- (b) Contingent liability is disclosed in books for a present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation and a reliable estimate is not possible.

Contingent assets are disclosed where an inflow of economic benefits is probable. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

14 Government Grants

Sales Tax deferral liability to State Governments, which is at a below-market rate of interest, that existed at the transition date is continued to be stated at gross liability, as permitted under IndAS 101.

15 Leases

As a Lessee

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. PPE acquired under finance leases are capitalised.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the group as lessee are classified as operating leases and are charged to the Statement of Profit and Loss on straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases

16 (a) Financial Assets:

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. All financial assets are recognised initially at fair value. These assets are subsequently classified and measured at:

- (i) amortised cost
- (ii) fair value through profit and loss (FVTPL)
- (iii) fair value through other comprehensive income (FVTOCI).

All equity instruments other than in subsidiaries and associates in scope of Ind AS 109 are measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Debt instruments are measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Expected credit losses are recognised for financial assets other than those classified under FVTPL category. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to lifetime expected credit losses ie., expected credit short fall. The impairment losses and reversals are recognised in statement of Profit and Loss.

(b) Financial Liabilities

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are classified and measured at amortised cost / fair value through profit and loss (FVTPL). In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using effective interest method.

Financial liabilities are subsequently measured at amortised cost. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

II) Disclosure of Fair Value Measurements

The Fair Values of Financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair Value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial instruments approximate their carrying amounts largely due to their short term maturities of these instruments.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To

The Members of The India Cements Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of The India Cements Limited (hereinafter referred to as "the Holding Company"), its subsidiaries and its associates (the holding company, its subsidiaries and its associates collectively referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31 March 2018, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with relevant rules issued there under.

The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Board of Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the "Other Matters" paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on standalone or consolidated financial statements, as applicable, and on the other financial information of the subsidiaries and associates, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the consolidated financial position of the Group, as at 31 March 2018, and their consolidated financial performance (including other comprehensive income), consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Emphasis of Matter

Without qualifying our opinion, attention is drawn to

- a. Note no.40.2 of the Consolidated Ind AS Financial Statements relating to the order of the Competition Commission of India (CCI), concerning alleged contravention of the provisions of Competition Act, 2002 and imposing a penalty of Rs.187.48 Crores on the Company. The company has filed an appeal before the Competition Appellate Tribunal seeking for setting aside of the order passed by CCI. Consequent to reconstitution of Tribunals by the government, this matter was transferred to the National Company Law Appellate Tribunal ("NCLAT"). NCLAT has completed its hearing on the matter and order is awaited. Based on the legal advice the company believes that it has a good case and accordingly no provision has been considered necessary by the Company in this regard.
- b. Note no.40.5 to the Consolidated Ind As Financial Statements, regarding the order of attachment issued under Prevention of Money laundering Act through which certain assets of the company amounting to ₹ 120.34 Crores have been attached vide provisional attachment Order dated 25 February 2015 which the company is disputing before legal forums. The company has been legally advised that it has strong grounds to defend its position, pending the outcome of the proceedings the impact if any is not ascertainable at this stage.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Holding Company as of and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting of The India Cements Limited ("hereinafter referred to as "the Holding Company") and its subsidiaries, associates, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. As regards the associate companies where consolidation is based on financial statements prepared by management we express our inability to comment on the adequacy and operating effectiveness of internal financial controls over financial reporting.

Other matter

Our aforesaid reports under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to eight subsidiary companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

CONSOLIDATED ACCOUNTS

NOTES ON ACCOUNTS FOR THE YEAR ENDED 31ST MARCH 2018

1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Financial Statements upto the year ended 31st March 2016 were prepared in accordance with the Accounting Standards Rules 2006 (as amended) and other relevant provisions of the Companies Act, 2013 (Indian GAAP).

The Ministry of Corporate Affairs (MCA) issued a Notification on 16th February, 2015, making Indian Accounting Standards (Ind AS), issued under Section 133 of Companies Act, 2013 mandatory for certain class of Companies.

As per the Notification, Ind AS is mandatory for the Company for the Financial year commencing 1st April 2016. Accordingly, the Company has adopted Ind AS from 1st April 2016 and the financial Statements from the year 2016-17 are prepared in accordance with the principles laid down in the said Ind AS.

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

The financial statement have been prepared on a historical cost basis, except for the following assets and liabilities:

- (i) Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)
- (ii) Employee's Defined Benefit plan as per Actuarial valuation
- (iii) Plant, Property and Equipment measured at fair value

The Company has considered its operating cycle to be 12 months for the purpose of Current and Non-current classification of assets and liabilities.

The financial statements are presented in Indian Rupees rounded to the nearest lakhs with two decimals.

2 FIRST TIME ADOPTION OF IND AS DURING THE FINANCIAL YEAR 2016-17

The Company restated the financial statements as at 01st April 2015 (opening), being the transition date, on the following basis:

Exemptions availed as per Ind AS 101:

1) Past Business Combination:

The Company has elected not to apply Ind AS 103-Business Combinations retrospectively to Past Business Combinations that occurred before the transition date of 01-Apr-2015, consequently, the company has kept the same classification for the past business combinations as in its previous GAAP financial statements.

2) Property, Plant and Equipments:

The Company has elected to measure the PPE at Fair value on transition date.

3) Investments in Subsidiaries & Associates:

The Company has elected to carry its Investments in Subsidiaries & Associates at deemed cost which is its previous GAAP carrying amount at the date of transition to Ind AS.

4) Sales Tax Deferrment Loan:

The Company has elected to use the previous GAAP carrying amounts of Sales Tax Deferrment Loan existing at the date of transition to Ind AS as the carrying amount of the loan in the opening Ind AS Balance Sheet.

5) Fair Value of Financial Assets and Liabilities:

As per the Ind AS exemption, the company has not fair valued the financial assets and liabilities retrospectively and has measured the same prospectively.

Note on Scheme of Amalgamation:

The Board of Directors has approved a Scheme of Amalgamation of Trinetra Cement Limited and Trishul Concrete Products Limited with the Company effective 1st January 2014 (Appointed Date) under Section 391 to 394 of the Companies Act, 1956. Hon. Madras High Court referred the petition to National Company Law Tribunal (NCLT). NCLT after hearing the arguments approved the scheme on 13/04/2017. Accordingly the attached financials include the financials of the amalgamating companies.

CONSOLIDATED ACCOUNTS

NOTES ON ACCOUNTS FOR THE YEAR ENDED 31.03.2018 (Contd.)

3 SIGNIFICANT ITEMS OF ACCOUNTING POLICY (To be read with Notes 1 & 2)

1 Use of estimates

The preparation of financial statements in conformity with generally accepted Indian Accounting standards (Ind AS) principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

2 Inventories

- (a) Raw materials, fuel, stores & spares and packing materials are valued at lower of weighted average cost and net realisable value (NRV). However, these items are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost.
- (b) Work in progress, Stock in trade and Finished goods are valued at lower of cost and NRV. Cost of Finished goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.
- (c) Construction and Infrastructure Projects are valued at cost or net realisable value whichever is lower.

3 Cash and Cash equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash at bank, in hand (including cheques in hand) and short term investment with an original maturity of three months or less.

4 Property, Plant and Equipments:

- (a) During transition from Indian GAAP to Ind AS on 01 April, 2015, the fair value of Property, Plant and Equipments (PPE) is considered as the deemed cost of acquisition.
- (b) Additions to Property, plant and equipment are stated at cost of acquisition or construction. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.
- (c) Property, Plant and Equipments (PPE) acquired on hire purchase or on Financial Lease are shown at their principal cost, excluding the interest cost included in these agreements which is charged to revenue over the life of the agreement.
- (d) Depreciation is recognised using straight line method so as to depreciate the carrying value less the residual values over the remaining useful life of the asset(s), other than freehold land and properties under construction, specified in Schedule II to the Companies Act, 2013, or in the case of assets where the useful life was determined by technical evaluation, over the useful life so determined.
- (e) Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date and are carried at cost, comprising of direct cost, directly attributable cost and attributable interest.
- (f) Software development costs are capitalised and depreciated along with computers. Software, that are capitalised, are depreciated over 3 years under straight line method.
- (g) Material items such as Spare parts, Stand-by equipments and service equipments are classified as PPE when they meet the definition of PPE as specified in Ind AS 16. and depreciated.
- (h) Fair value of PPE is ascertained at regular intervals. However, PPE and intangible assets with definite lives, are reviewed for impairment at each Balance Sheet date, if events or changes in circumstances indicate that their carrying values may not be recoverable and impairment, if any, is charged to revenue.

CONSOLIDATED ACCOUNTS

NOTES ON ACCOUNTS FOR THE YEAR ENDED 31.03.2018 (Contd.)

5 Foreign Currency Transactions

- (a) Foreign Exchange transactions are accounted at the exchange rates prevailing at the time of transactions or at contracted rates. Assets and Liabilities in foreign currencies are translated at values prevailing as at the year end. Gains / Losses if any, arising therefrom are recognised in the Profit and Loss account.
- (b) Forward Exchange contracts used to hedge Foreign Currency Transactions are initially recognised at the spot rate on the date of contract. Forward Exchange contracts remaining unsettled at the end of the year are translated at the year end rates. The difference in translation of Forward exchange contracts are recognised in the profit and loss account.

6 Borrowing Costs

Borrowing costs consist of interest and other ancillary costs that the Company incurs in connection with the borrowing of funds. The borrowing costs directly attributable to the acquisition or construction of any asset that takes a substantial period of time to get ready for its intended use or sale are capitalised. All the other borrowing costs are recognised in the statement of profit and loss within finance costs of the period in which they are incurred.

7 Mines Restoration Expenses:

The company provides for the expenditure to reclaim the quarries used for mining based on the estimated expenditure required to be made towards restoration and rehabilitation at the time of vacation of mines. Costs arising from such obligation for restoration and rehabilitation at closure of the mines are assessed at each Balance Sheet date and the provision if any required is made in the financial statements so as to reflect the current best estimates.

8 Revenue Recognition:

- (a) Revenue from the sale of goods is recognised to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured. Revenue from the sale of goods is measured at the fair value of consideration received or receivable, net of returns and discounts.
- (b) Revenue from Construction and Infrastructure projects under property development division is recognised on percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.
- (c) Revenue on time charter of ships is recognized on a proportionate basis.

9 Research and Development

Research and Development expenses not resulting in any tangible property/equipment are charged to revenue.

10 Investments:

Investments other than in Subsidiaries and Associates are stated at fair values. Investment carried at cost is tested for impairment as per Ind AS 36.

11 Employee benefits

- (a) Recognition and measurement of defined contribution plans

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period.

- (b) Recognition and measurement of Defined Benefit plans

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/(asset) are recognized in the Statement of Profit and Loss.

Remeasurements of the net defined benefit liability / comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized in Other Comprehensive Income.

CONSOLIDATED ACCOUNTS

NOTES ON ACCOUNTS FOR THE YEAR ENDED 31.03.2018 (Contd.)

- (c) Other Long Term Employee Benefits
Entitlements to annual leave and sick leave are recognized when they accrue to employees. Unavailed leave balances are accounted using the Projected Accrued Benefit method with actuarial valuations being carried out at each Balance Sheet date.
- (d) Fringe Benefits arising on options vested under Employees Stock Options Scheme (ESOS) are charged to Profit and Loss Account and credited to Stock Options Outstanding Account. On allotment of shares, corresponding amount is transferred from Stock Option Outstanding account to Securities Premium Account.
- 12 Tax Expense
- (a) Current income tax is measured and accounted based on the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961 at the tax rates applicable for the year.
- (b) Deferred Tax
Deferred tax is provided, on all temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax is measured and accounted based on the tax rates and tax laws enacted or substantively enacted at the Balance Sheet date.
A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.
- 13 Provisions, Contingent Liabilities & Contingent Assets
- (a) Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.
- (b) Contingent liability is disclosed in books for a present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation and a reliable estimate is not possible.
Contingent assets are disclosed where an inflow of economic benefits is probable. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
- 14 Government Grants
Sales Tax deferral liability to State Governments, which is at a below-market rate of interest, that existed at the transition date is continued to be stated at gross liability, as permitted under IndAS 101.
- 15 Leases
As a Lessee
Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. PPE acquired under finance leases are capitalised.
Leases in which a significant portion of the risks and rewards of ownership are not transferred to the group as lessee are classified as operating leases and are charged to the Statement of Profit and Loss on straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases
- 16 (a) Financial Assets:
Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. All financial assets are recognised initially at fair value. These assets are subsequently classified and measured at:
- (i) amortised cost
 - (ii) fair value through profit and loss (FVTPL)
 - (iii) fair value through other comprehensive income (FVTOCI).
- All equity instruments other than in subsidiaries and associates in scope of Ind AS 109 are measured at fair value, the company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Debt instruments are measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of

- (i) the entity's business model for managing the financial assets and
- (ii) the contractual cash flow characteristics of the financial asset.

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Expected credit losses are recognised for financial assets other than those classified under FVTPL category. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to lifetime expected credit losses ie., expected credit short fall. The impairment losses and reversals are recognised in statement of Profit and Loss.

(b) Financial Liabilities

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are classified and measured at amortised cost / fair value through profit and loss (FVTPL). In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using effective interest method.

Financial liabilities are subsequently measured at amortised cost. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

II Disclosure of Fair Value Measurements

The Fair Values of Financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair Value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial instruments approximate their carrying amounts largely due to their short term maturities of these instruments.

The Company has different leave plans including paid leave of absence plans and encashment of leave plans for employees at different grades and provision has been made in accordance with ind AS19 (Accounting Standard 15). The total amount of provision available for the unavailed leave balances as at 31 st Mar 2018 is ₹ 6374.63 Lakhs (as at 31 st March 2017: ₹ 8109.80 Lakhs). Liability has been created based on actuarial valuation done during the year, with the Discount rate of 7.50%. Actuarial Valuation differences included in Other Comprehensive Income ₹ 96.86 Lakhs.					
Pursuant to a change in the compensation policy to Managerial Grade employees, the Company has revised the policy on encashment of accumulated leave with effect from 01-01-2018. This has resulted in reduction of provision for unavailed leave balance as at 31-03-2018 and also resulted in lower expenditure on manpower costs during the year.					
(b) Defined Contribution Plan:					
Employer's Contribution to Provident Fund	1518.71	1540.07			
			(c) Defined Benefit Plan:		
			The details of parameters adopted for valuation of post-employment benefit plans and leave benefits, as per Ind AS 19, are as under:		
			(i) Contribution to Pension Funds:		
			The Company offers pension plans for managerial grade employees and whole time Directors. While some of the employees are eligible for Defined Benefit Plan of Pension, others are eligible for Defined Contribution Plan of Pension. The Defined Benefit Plans of pension are managed by Life Insurance Corporation of India and the provision has been made on the basis of actuarial valuation.		
			(ii) Gratuity:		
			The employees are eligible for Gratuity benefits as per the Payment of Gratuity Act, 1972. The Gratuity Scheme is governed by a Trust created for this purpose by the Company. The amount of Contribution to be made is arrived at based on an actuarial valuation done at the Balance Sheet date.
