Profit after Tax	69.10	77.54
Net Worth*	535.49	485.10

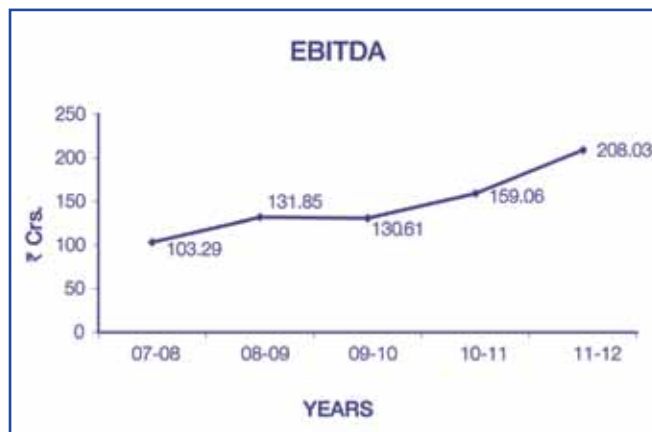

* includes Revaluation Reserve of ₹ 83.93 Crores and ₹ 86.12 Crores respectively.

DIVIDEND

The Board of Directors recommended a dividend of ₹ 1.20 per equity share of ₹ 10/- each.

PERFORMANCE

During 2011-12, your Company achieved the highest ever turnover of ₹ 3707.17 Crores compared to ₹ 2520.46 Crores in the previous year, registering a growth of 47.08%. For the third consecutive year your Company sold over a Million Metric Tonnes of fertilizers. However, the PBT at ₹ 102.47 Crores was lower compared to ₹ 111.60 Crores during the previous year. Profitability was adversely affected by an abnormal increase in interest on working capital and lower production of phosphatics due to non-availability of imported Phosphoric Acid.

PRODUCTION

Urea

Your Company achieved production of the full re-assessed capacity of 3,79,500 MTs.

Di-Ammonium Phosphate (DAP) and Complex Fertilisers

Your Company produced 1,72,276 MTs of Phosphatic Fertilizers during the year compared to 2,23,552 MTs in the previous year. The lower production was on account of erratic and inadequate supplies of phosphoric acid.

Ammonium Bi-carbonate (ABC)

Production of ABC was 15,893 MTs during the year compared to 15,330 MTs in the previous year.

SALES

During the year, your Company sold 3,79,546 MTs of Urea compared to 3,79,442 MTs in the previous year. Sales of manufactured Phosphatic Fertilizers were 1,74,240 MTs compared to 2,24,938 MTs in the previous year. Sales of imported products registered significant growth, with imported Phosphatics at 3,69,181 MTs as against 2,07,320 MTs in the previous year. Sales of Muriate of Potash increased to 91,176 MTs compared to 88,052 MTs in the previous year.

SULPHONATED NAPHTHALENE FORMALDEHYDE (SNF)

As a step towards diversification from the fertilizer sector to Chemicals Production/Trading, your Company had identified Sulphonated Naphthalene Formaldehyde. Accordingly, a state-of-the-art plant was set up in August 2010, which can be expanded on a modular basis to take care of increased demand. You will be happy to note that the Company sold 10,946 MTs of SNF during the year, compared to 4,406 MTs in the previous year. The prime application for SNF is in the manufacture of super plasticizer used in construction chemical industry. For increased market share, new variants are being developed for different applications for specific customer needs. In addition, new customers are being identified and added for greater capacity utilisation. The liquid and powder forms of SNF have been well received in the market and have created a brand name for excellent quality.

PLANT NUTRITION PRODUCTS

In order to retain/improve soil productivity and derive increased output from the same area of land, it is necessary to maintain soil health and correct imbalances in the nutrients essential for plant growth. However the country continues to face a serious problem of deterioration in soil productivity, due to indiscriminate and unbalanced use of NPK fertilizers, inadequate use of other nutrients essential for plant growth and injudicious use of irrigation water. Disproportionate increase in the farm gate prices of Phosphatics and Potash, compared to Urea has further aggravated this problem. In order to arrest and correct this deterioration of soil condition, your Company has introduced crop specific grades of nutrient mixtures and soil conditioners.

To address the nutrient deficiencies noticed in the soil resulting in inadequate output or crop failure in the areas serviced by our Marketing network, our R&D unit at Hassan has been developing nutrient mixtures and soil conditioners to mitigate crop specific issues. These products, in addition to alleviating nutrient deficiencies and improving tolerance to crop specific diseases also lead to better quality and higher productivity. The response from the crop growers on the effectiveness of these products has been very positive and there is a growing demand for development of similar products for other crops.

In order to encourage scientific application of fertilizers and plant nutrients, your Company has been trying to introduce these concepts at the grass roots level. To actively focus attention of all concerned on the specifics involved therein, your Company successfully introduced two unique concepts viz., Mangala Mitra and Mangala Saathi in the previous year. Under Mangala Mitra, opinion leaders in the villages were identified, enrolled, educated and trained on a continual basis on the whole gamut of soil management, crop nutrition and crop protection. These Mangala Mitras in turn educate fellow farmers on various aspects of crop cultivation. Through this innovative approach, your Company is effectively implementing the "Mangala INM" concept, an approach to enable the farmer to make his agriculture an economically sustainable one. Under Mangala Saathi, all the good and potentially good dealers are given special attention through many unique programs that encourage and motivate them for better performance. These two approaches have greatly helped promoting nutrient management awareness.

The Mangala INM concept was introduced in 2002-03 where your Company achieved a modest turnover of ₹ 32 lakhs. Concentrated efforts have resulted in a significant increase year on year, with the Company achieving a turnover of ₹ 131 Crores during the year, a growth of 31% over the previous year.

In order to support with timely supply of quality Plant Nutrition products, your Company successfully commissioned a Specialty Fertilizer manufacturing facility in April 2011 with an annual capacity of 12,000 MTs at its factory in Mangalore, to produce Water Soluble Fertilizers and Micronutrient Mixtures.

PLANT PROTECTION CHEMICALS

As part of diversification and growth strategy and in order to offer a wider range of agri inputs, your Company introduced Plant Protection (PP) products in July 2010. As an entry strategy, a collaborative approach was adopted, with your Company marketing the products of reputed pesticide companies through its channel partner network. In the year under review, your Company launched two products in the Mangala brand name, viz., Mangala Mahakill an insecticide and Mangala Samhar, a Herbicide. In the financial year 2012-13, your Company plans to launch 5 more products of selected molecules under its own brand. The Plant Protection Chemicals business registered a turnover of ₹ 22 crores compared to ₹ 12 crores in the previous year.

WORKING CAPITAL

Delay in agreement on the prices of imported fertilizers with the international suppliers and consequent delayed ordering resulted in bunched up imports in the second half of 2011-12. This resulted in heavy congestion at the east coast ports. Non-availability of railway rakes at the same time contributed to material being stuck at the ports for a long period of time. These factors combined by inordinate delay in release of GOI subsidy, nearly 30% increase in interest rates charged by banks and 20% depreciation of INR vs. USD have contributed to the very significant increase in interest cost.

FERTILIZER POLICY

Government of India is yet to announce the new Urea fertilizer policy for grant of concession as well as investments in the sector. Stage – III of the New Pricing Scheme (NPS) for Urea announced by the Government of India in March 2007 lapsed on March 31, 2010. In the interim, as a stop gap arrangement, the existing policy has been extended provisionally until further orders.

With effect from April 1, 2010, the government introduced a Nutrient Based Subsidy (NBS) policy for Phosphatic and Potassic fertilizers, announcing the rate of subsidy in advance for the full year. For 2012-13, this subsidy has been substantially reduced. Coupled with the sharp depreciation of the Indian Rupee, this has led to an abnormal increase in MRPs for these fertilizers.

RENOVATION / MODERNIZATION OF AMMONIA / UREA PLANTS – NG CONVERSION PROJECT

As per the directive of Department of Fertilizers, GOI and as a part of the renovation / modernization programme, the feed and fuel

viz., Naphtha/ Furnace oil will be replaced with Natural Gas (NG) in Ammonia/ Urea plants and captive power plant (CPP).

A Gas Sale Agreement has been entered into with Indian Oil Corporation for supply of RLNG from Kochi Terminal of Petronet LNG Limited and a Gas Transmission Agreement has been signed with Gail (India) Limited. Based on latest indications, supply of gas to Mangalore is expected in the second half of 2013. The location has been identified for gas receiving station of GAIL at our plant premises and work has started thereon.

The Petronet LNG terminal is expected to be commissioned in September 2012 at Kochi. As indicated by Gail (India) Ltd., laying of Gas pipeline from Kochi to Mangalore is likely to be completed in the second half of 2013.

M/s Jacob Engineering, UK have been engaged for the basic engineering study for gas conversion, which has been completed. Detailed Engineering is in progress. Your Company has already procured from Wartsila, Finland, three Dual Feed DG sets. The balance three DG sets and the Ammonia – Urea plant modification are expected to be ready synchronized with gas supply.

SAFETY, HEALTH, ENVIRONMENT AND POLLUTION CONTROL

Safety

The Company has obtained Occupational Health and Safety Management System Certification OHSAS 18001:2007 as a part of its commitment to continual improvement. In addition to the periodic audits carried out under the integrated management system, a statutory safety audit was also carried out by M/s Rams Safety Consultants Chennai.

Extensive training programs including rescue operations, usage of personal protective equipment, emergency management, safe handling of LPG at home, awareness training on near miss incident reporting, S,H&E management system, were organized for employees and regular mock drills were conducted to check the emergency preparedness.

The Company has procured a State-of-art ambulance equipped with all modern facilities for emergency and a Rescue Tool to rescue people from collapsed building. In addition, fire fighting training was imparted periodically to train the employees as well as contractors' workmen.

Your Company received the **"Unnatha Suraksha Puraskara"** for outstanding safety performance and management system, instituted by the National Safety Council, Karnataka Chapter Bangalore.

Health

As in the past, periodic medical examination was conducted for all the employees, including general physical examination and laboratory investigations. Special tests like pulmonary function test for the employees who are exposed to dust and chemicals, audiometry for those exposed to noise and vision test for those who require high visual acuity at workplace were performed periodically. Medical examination

of the canteen workers with increased emphasis on personal hygiene was conducted. Regular inspection of canteen premises and the canteen food was carried out for maintaining hygiene and the quality of the food. First aid training programmes were conducted for employees and contract workers. Health awareness programmes on stress management, back pain-causes & management, diet & nutrition were conducted for the benefit of employees. A free Asthma check-up camp also was organized at MCF Township.

Environment & Pollution Control

As an ISO 14001 certified Company, many environmental management programs have been implemented. Your Company has installed waste water recovery facility to treat, recycle and reuse the entire quantity of sewage and process effluents, thereby achieving **zero liquid effluent discharge**.

Your Company has also implemented rain water harvesting system and sewage treatment plant at its township. The treated sewage water is used for gardening. Continuing with its green initiative, the Company planted an additional 3000 saplings in the green belt area in its factory in Mangalore.

In recognition of these efforts, your Company received the **"Environmental Protection Award for NP/NPK Fertilizer Plants"** instituted by the Fertilizer Association of India for the second consecutive year.

SOCIAL RESPONSIBILITY

Your Company continued to discharge its Social Responsibility in true spirit and has been actively engaged in the up-liftment/ development of the communities in its operating territory. Your Company has formulated a comprehensive Corporate Social Responsibility (CSR) policy under which **Rural Health** and **Rural Education** have been the areas of specific focus.

In line with this philosophy, your Company formulated two schemes viz., **"Project Eye Care"** intended to prevent/eradicate eye related ailments in identified rural areas and **"Mangala Akshara Mitra"** intended to provide basic facilities and infrastructure to rural schools to promote education and to make schooling a pleasant experience. These schemes were extended to rural and remote locations in the Company's operating territory for the benefit of the poor and needy.

During the year, under **"Project Eye Care"** four free eye camps were conducted in collaboration with Justice K. S. Hegde Charitable Hospital at Sacharipete, Vogga, Soorinje and Gundoori villages. Over 1000 people attended these eye camps of which about 100 were recommended surgery, to be carried out free of cost by the hospital and about 650 people received free spectacles from your Company.

Under its **"Mangala Akshara Mitra"** program, the basic infrastructure that is required, but is lacking in identified schools in remote locations, was provided by your Company. MANAGEMENT DISCUSSION & ANALYSIS

Industry Structure and Developments

The Company has only one business segment, viz. Fertilizers. It manufactures both Nitrogenous and Phosphatic fertilizers and is the only manufacturer of fertilizers in the state of Karnataka. About 66% of the Company's products are sold in the state of Karnataka, which meets about 17% of the needs of the farmers in the State. The Company maintains a modest share of the market in the neighbouring states of Kerala, Tamil Nadu, Andhra Pradesh and Maharashtra.

Threats and Opportunities

Stage III of New Pricing Scheme (NPS) for Urea announced in March 2007 stipulated that existing Naphtha/Furnace Oil/LSHS units should convert to gas by 31.3.2010. Considering the delay in laying of pipeline and inadequate gas pipeline network in South India, Government of India has extended the deadline for conversion until gas availability at the plant locations. The Company has signed a Gas Supply Agreement with Indian Oil Corporation and a Gas Transmission Agreement with GAIL (India) Limited. The work on the LNG terminal at Kochi is progressing well. GAIL has already entered into a MOU with Governments of Karnataka and Kerala for right of use for laying the pipeline from Kochi to Mangalore. We understand that GAIL has already started laying pipeline in a few parts. Based on current assessment of the situation, it is expected that gas will be available at Mangalore by second half of 2013. Location for the gas receiving station of GAIL has been identified in the plant premises and work is on to build the same.

The Nutrient Based Subsidy Scheme (NBS) was introduced by the Government of India with effect from 1.4.2010, thereby enabling the Government to announce annual concession rates in advance, facilitating the Company to plan import of higher quantities of Phosphatic and Potassic fertilizers. Government of India has reduced the subsidy of Phosphatic and Potassic fertilizers significantly for the year 2012-13 resulting in substantial increase in the MRP. Due to concentrated imports in the second half of 2011-12, coupled with port congestion and non-availability of rakes for fertilizer movement, there is an overhang of carry forward stocks of all fertilizers except Urea across the country. There has been deficit rain fall in the Kharif season of 2012-13 lowering the demand for fertilizers.

Future Outlook

The demand for both Nitrogenous & Phosphatic fertilizers in India is increasing steadily, and expected to grow at a compounded annual rate of 6%. With the domestic production almost stagnant and the demand increasing, the supply deficit has to be met from imports. However, based on the reduction anticipated in the fertilizer demand on account of increase in MRP and scanty rainfall, your Company may import lower quantity of fertilizers in the ensuing year.

Considering the significant success achieved due to its focus on Plant Nutrition business and given the enormous potential for growth, the Company would continue to focus and grow in that area and also look to diversify into other products that are synergistic with the existing operations. Plant Protection Chemical business which was started during 2010-11 has gathered momentum and has been growing rapidly. It is expected that the growth momentum will be maintained going forward.

Financial and Operational Performance

a) Production Performance

A total production of 3,79,500 MTs of Urea, 1,72,276 MTs of Complex fertilizers [DAP/ NP], and 15,893 MTs of Ammonium Bi-Carbonate was achieved during the year.

b) Operating Results

Your Company achieved a turnover of ₹ 3707.17 Crores against ₹ 2520.46 Crores. The Profit Before Tax (PBT) was ₹102.47 Crores compared to ₹ 111.60 Crores in the previous year.

c) Resource Utilization

The gross fixed assets as at 31.03.2012 were ₹ 693.26 Crores as compared to ₹ 703.19 Crores in the previous year.

d) Working Capital

Net working capital excluding cash and bank balances, as on 31.3.2012 was ₹ 52.11 Crores. Book debts outstanding for more than 6 months as on 31.3.2012 stood at ₹ 1.11 Crores as compared to ₹ 0.19 Crores in the previous year.

Risks and Concerns

Deficit in rain fall in the Kharif season of 2012-13 is casting a shadow over our growth plans and may result in a reduction in turnover. Demand destruction due to substantial rise in the MRP on account of rupee depreciation and lower GOI subsidy can impact the operations of the Company adversely. Increase in operating costs, mainly interest on working capital etc. may adversely affect profitability.

Internal Control Systems

Adequate internal control procedures are in place across functions in the Company, adequately supported with SAP ERP-version ECC 6.0 and B.O. 4 business reporting tool leading to total business integration.

In addition, an independent Internal Audit team of the UB Group reviews the internal control measures on an ongoing basis, whose reports are reviewed by the Audit Committee of Directors.

Human Resources and Industrial Relations

The Company continues to focus on employee training and development and had organized several technical and other soft skills training programs across levels. The Company constantly endeavors to benchmark its policies and practices with the best in the industry.

The total strength of regular employees at the end of the year was 872 as against 879 in the previous year.

The wage settlement with MCF Mangala Workers Union expired on 30.06.2012. The management has successfully negotiated and a new wage agreement has been signed valid upto March 2016.

AUDITORS' REPORT TO THE MEMBERS

- I. We have audited the attached Balance Sheet of Mangalore Chemicals and Fertilizers Limited, Bangalore as at 31st March 2012, the Statement of Profit and Loss and Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
- II. We conducted our audit in accordance with auditing standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion
- III. As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, 1956, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said order.
- IV. Further to our comments in the Annexure referred to above, we report that:
 1. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of the audit;
 2. In our opinion, proper books of account as required by Law have been kept by the company so far as appears from our examination of those books;
 3. The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report are in agreement with the books of account;
 4. The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in sub section (3C) of Section 211 of The Companies Act, 1956;
 5. On the basis of written representations received by the company from the directors, as on 31st March 2012 and taken on record by the Board of Directors, we report that none of the directors are disqualified as at 31st March 2012 from being appointed as a director under section 274(1) (g) of the Companies Act, 1956.
 6. Without qualifying our opinion, attention is drawn to Note No 34 regarding the concession from Government of India for Urea being recognized on the basis of estimates and Note No 11(c) regarding advance towards preference shares of Bangalore Beverages Limited with coupon rate of 0.001% p.a. repayable after 20 years.
 7. In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - a) in the case of the Balance Sheet, of the state of affairs of the company as at 31st March 2012;
 - b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
 - c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2012

42 SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Accounting

The accounts have been prepared on accrual basis and on historical cost convention except for certain fixed assets, which have been revalued. The financial statements have been prepared in accordance with applicable mandatory Accounting Standards and relevant presentational requirements of the Companies Act, 1956.

b. Fixed Assets

Fixed Assets are capitalised at cost, inclusive of finance charges on borrowed funds attributable to acquisition of fixed assets, for the period upto the date of commencement of commercial production.

Expenditure that increases the future benefit of plant and machinery by improvement in performance and efficiency of the assets as well as increases their useful economic life is capitalised.

Insurance spares are capitalised as part of respective groups of assets.

c. Borrowing Costs

Borrowing costs that are directly attributable to the acquisition / construction of qualifying assets are capitalised while the other borrowing costs are expensed.

d. Investments

Long term investments are valued at cost.

e. Valuation of Inventories

Finished goods are valued at the lower of cost and net realisable value. The cost for this purpose is determined on weighted average cost of production, which comprises direct material costs, direct wages & appropriate overheads. Raw Materials, work-in-process, stores, spare parts and loose tools are valued at the lower of cost and net realisable value. The cost for this purpose is determined on weighted average basis.

f. Revenue Recognition

Sale is recognised on the despatch / delivery of goods to the customer. Sale is exclusive of excise duty, where applicable.

Under the New Pricing Scheme for Urea, the Government of India reimburses in the form of subsidy to the Fertilizer Industry, the difference between the concession price based on the cost of production and the selling price realised from the farmers as fixed by the Government from time to time. Changes in input and other costs as estimated by the Management, as per known policy parameters are recognised in the Profit and Loss account for the year. This has been accounted on the basis of movement of Fertilizer from the factory as per the procedure prescribed by the Government and not on the basis of ultimate sales.

Concession for DAP, MOP and Complex Fertilizers is recognised as per the rates notified by the Government of India. This has been

accounted on the basis of receipt of fertilizer in the district as per the procedure prescribed by the Government and not on the basis of ultimate sales.

Insurance claims are accounted on acceptance.

Revenue from services is recognised as per the terms and conditions of the Contract / Agreement.

g. Depreciation

Depreciation on fixed assets is calculated on the straight-line method at rates prescribed under Schedule XIV of the Companies Act, 1956, as amended. Fertilizer plant has been classified as 'Continuous Process Plant'.

Incremental value of fixed assets arising out of revaluation is depreciated over their remaining useful lives.

Written Down Value of insurance spares is charged off in the year of replacement of the existing part in the fixed asset.

h. Leases

Finance Leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to the Profit and loss account.

i. a. Foreign Currency Transaction

Revenue transactions in foreign currency are translated into Indian rupees at the exchange rate prevailing on the date of the transactions unless such transactions are covered by forward contracts.

The exchange differences arising on foreign currency transactions are recognised as income or expense in the period in which they arise.

All current assets and current liabilities in foreign currency outstanding on the date of the Balance Sheet are converted at the exchange rates prevailing on the date of the Balance Sheet. The resultant differences are recognised in Profit and Loss account.

b. Forward Exchange Contracts

In respect of Forward Exchange Contracts entered into by the Company, the difference between the contracted rate and the rate at the date of transaction is recognised as gain or loss over the period of contract. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2012

j. Retirement and other Benefits to Employees

- a) Eligible employees receive benefits from Provident Fund, which is a defined contribution plan. Contribution made to Provident Fund is charged to Profit and Loss account every month.
- b) Gratuity, a defined benefit retirement plan, to the employees is covered under the appropriate schemes of the Life Insurance Corporation of India. Liability is charged to Profit and Loss Account based on an actuarial valuation carried out at the balance sheet date, by an independent Actuary.
- c) Superannuation, which is a defined contribution scheme, is administered by Life Insurance Corporation of India. The contributions to the said scheme are charged to the Profit and Loss Account on an accrual basis.
- d) Leave Encashment benefits payable to employees is unfunded, determined and recognised at the balance sheet date in the accounts as per the actuarial valuation. Expenditure incurred on payment made to employees under Voluntary Retirement Scheme (VRS) is charged to Profit and Loss account in the year of payment.

k. Earnings per Share

Basic Earnings Per Share is calculated by dividing the net Profit or Loss for the year attributable to the equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating Diluted EPS, net profit or loss for the year, attributable to equity shareholders and the weighted average number of shares outstanding during the year, are adjusted for the effects of all dilutive Potential Equity Shares.

l. Income-tax

Provision for income-tax comprises of current taxes as also deferred taxes. Provision for current tax is made based on the tax liability computed as per the provision of Income Tax Act, 1961. Deferred tax liability is recognised for the future tax consequences of temporary differences between the tax basis and the carrying values of assets and liabilities. Deferred tax assets are recognised if there is reasonable certainty that they will be realised and are reviewed every year. The tax effect is calculated on the accumulated timing differences at the end of the year based on enacted or substantially enacted tax laws.

m. Impairment of Asset

Impairment of asset is reviewed and recognised in the event of changes and circumstances indicating that the carrying amount of an asset is not recoverable. Difference between the carrying amount of an asset and the recoverable value, if any, is recognised as impairment loss in the statement of Profit and Loss in the year of impairment.

n. Intangible Asset (Software)

Intangibles representing software are amortized over their estimated useful life.

Dear Shareholder,

Sub: Dividend

You will be aware that the Board of Directors of the Company, at its meeting held on August 10, 2012, recommended a dividend of Rs.1.20 per equity share of ₹ 10/- subject to the approval of the members at the Annual General Meeting scheduled to be held on September 25, 2012.

To avoid loss of dividend warrants in transit and undue delay in respect of receipt of dividend warrants, the Company has provided a facility to the members for remittance of dividend through the National Electronic Clearing Services (NECS). NECS essentially operates on the new and unique bank account number allotted by banks post implementation of Core Banking Solution(CBS) for centralized processing on inward instructions and efficiency in handling bulk transaction. This facility is available at locations identified by Reserve Bank of India from time to time. This is in addition to the existing facility of ECS in other locations.

Members holding shares in electronic mode are requested to intimate all changes pertaining to their bank details to their Depository Participant and not to the Company or Company's Share Transfer Agent, in order to arrange the dividend payment by NECS / ECS or through warrant by printing the bank details, as the case may be.

Members who hold shares in physical form and desirous of availing this facility are requested to use the format below, to furnish the bank details of the first named shareholder and send the same to the Company/Share Transfer Agent, not later than October 1, 2012 to update the bank details and arrange the dividend payment by NECS / ECS or through warrant by printing the bank details, as the case may be.
