CHAIRMAN'S MESSAGE

Dear Fellow Shareholders,

I am pleased to report 19th Annual Performance Report of the Company to all the stakeholders of the Company. It gives me immense pleasure to share with you, another year of impressive performance by Optiemus. Despite of challenges and competition, the foregoing year 2011-12 was the year of record performance when your Company Optiemus Infracom Limited crossed the revenue generation of Rs. 1900 cr., with a growth of 57.87% in revenue, 80.50% in PAT, the progress of Optiemus has something to be proud.

We are moving forward with accelerated energy towards multidimensional expansion. We are confident our sales and operating profits will grow significantly in current fiscal.

As a Company, Optiemus is positioned at an interesting juncture and looking towards a great future. We are following different models towards this. We are working with various agencies, companies, institutions in order to get the solution fastest.

It gives me immense pleasure to convey that your Company has acquired a commercial property situated at Sector 126, Noida (Uttar Pradesh) which is one of the prime locations of NOIDA on Expressway. The said Property is costing approximately Rs. 130 Crores having plot size of 13260 Sq Mtrs along with buildup structure of approximately 4,00,000 Sq ft.

The acquisition of said property is a part of diversification plan and also to create an asset base of the Company, the said property is being developed as a Software and Technology Center. I believe that your Company will receive a striking revenue by setting of such development on the said property.

I am sharing that in a little over a decade of wireless telephone. India has moved from a subscriber base of zero to becoming the second largest market in world after China with around 65% of the Indian population having mobile in their hands as on 2012 which translate the gigantic figure of 765 million subscriber. That is 2.5 times of the total US population and second to the China with 863 million subscribers. It also reports penetration of 85% by the end of 2014. Plus, the number of mobile subscribers in India is growing by a whopping 20 million every month.

We have always believed that our growth is intrinsically linked with the growth of our people. We encourage diversity and a performance driven organizational culture in which people give their best and feel proud to be part of a successful and a caring organization.

I would like to thank each and every one of our employees whose commitments and efforts made 2011-12 yet another successful year for the Optiemus.

On my conclusion, I would also like to thank you, all our shareholders, for your continued support in our journey of delivering consistent, competitive, profitable and responsible growth.

Sincerely

Ashok Gupta

Chairman & Managing Director

MANAGEMENT DISCUSSION AND ANALYSIS

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

i) Business Segment- Telecommunication Products

The Telecommunications continues to be one of the India's biggest success stories. In recent years the Telecom sector has been delivering strong returns on investment and steady subscriber addition. In 2012, the total telecom subscriber base is expected to reach approximately 690 to 700 million to include about 640 to 650 million wireless users driven by a rise in communications demand from semi-urban and rural India. Rural Market will be the next growth driver for operators with the near saturation of Urban Market. In 2012, 3G services will have just begun to spread in India and mobile entertainment are likely to be more popular. Multiple factor, planned and unplanned, anticipated and unanticipated have coalesced to produce a remarkable decades of continued success, these include low tariffs and low handset cost.

ii) Business Segment – Infrastructure

India's growing economy is placing huge demands on critical infrastructure – power, roads, railways, ports, transportation systems, and water supply and sanitation. While the government has raised its investments in infrastructure, the investment gap remains daunting with an estimated \$1 trillion required to meet the country's resource needs over the next five years. Accordingly, India is encouraging private participation in infrastructure development.

2. OPPORTUNITIES

i) Telecommunication Products

Even though the global liquidity crunch is likely to take a toll in short term merger, the interest shown by global Telecom operators in domestic India Telecom market has been encouraging. Recently Japan's leading Telecom operator, NTT Docomo invested USD 2.7 Billion. Norway based Telecom Company Telenor invested USD 1 Billion. It is an opportunity to build a truly global presence. Despite the global slow down, the demand for new mobile connections in India are expected to be rebuts.

ii) Infrastructure

The road sector in India will call for investments in the range of US\$75-90 billion over the next five years and India's construction sector is anticipated to grow at about 35 percent between the 2008–09 FY and the 2012–13 FY. The private sector is likely to contribute 44 percent of the country's total projected spending of US\$100 billion on roads and highways during the 12th Five-Year Plan period.

3. THREATS

i) Telecommunication Products

The Current financial crisis could have a low to medium impact on Telecom sector in terms of rising cost of capital and reduction in discretionary spending on the part of customer. Looking ahead in order

to ensure strong growth rate the Government and the regulators will need to put in place compressive directions and companies will need to consistently innovate to effectively manage the revenues and costs.

ii) Infrastructure

Delay in Government and regulatory decision making have caused several road, railway port and other infrastructure projects to fall behind schedule. The slow down of reforms and a lack of long term funding could hurt profitability. The uncertain economic environment is causing investment to dry up in the infrastructure sector.

4. OUTLOOK

After the completion of merger, the Company has from time to time moving into areas of business which would be more profitable for the company. As the part of diversification plans the Company has incorporated a wholly owned subsidiary in Singapore. The Company is desirous to expand its operation globally so as enable it to make its presence in the global market.

5. RISKS AND CONCERNS

The revenues and expenses are difficult to predict and can vary significantly from period to period, which could cause our share price to decline. Compliance with new and changing corporate governance and public disclosure requirements adds uncertainty to our compliance policies and increases our costs of compliance.

6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an adequate system of internal controls for achieving efficiency in operation, optimum utilization of resources and effective monitoring thereof and compliance with applicable laws.

The Audit Committee undertakes extensive programmes for both pre and past audit checks and review and also carries out regular follow-up on observations made.

7. HUMAN RESOURCES/ INDUSTRIAL RELATIONS

Your Company continuously invests in people development, grooming management talent, and has a culture of harnessing people power to the maximum. Devotion and commitment of our employees has enabled the Company to reach its targets and deadlines on time.

8. CAUTIONARY STATEMENT

Statement in the management Discussion and Analysis describing the company's objectives, expectations or predictions may be forward looking within the meaning of applicable securities laws and regulations. Actual results may differ materially from those expressed in the statement. Important factor that could influence the company's operation include Changes in Government Regulation, Tax Laws, Economic Development of the country and such other factors.

CORPORATE GOVERNANCE REPORT

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

The Company's Philosophy on Corporate Governance is aimed at ensuring that the objectives of the Company are well defined along with timely measurement and monitoring of the performance against those objectives. It envisages attainment of a high level of transparency & accountability in the functioning of the Company and helps the management in the efficient conduct of the Company's affairs and in protecting the interest of various participants like shareholders, employees, lenders, clients, etc. and at the same time places due emphasis on compliance of various statutory laws.

AUDITOR'S REPORT

To
**THE MEMBERS OF
OPTIEMUS INFRACOM LIMITED
NEW DELHI**

We have audited the attached Balance Sheet of **Optiemus Infracom Limited ('the company')** as at March 31, 2012, the Profit & Loss Account of the company and cash flow statement of the company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standard required that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting, the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We report that:

1. As required by the Companies (Auditor's Report) Order, 2003 ('the order'), as amended, issued by the Central Government in terms of Section 227 (4A) of the Companies Act, 1956 ('the Act'), we enclose in the annexure a Statement on the matters specified in the paragraphs 4 and 5 of the said Order.
2. Further to our comments in the Annexure referred in Paragraph 1 above, we report that:
 - i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii) In our opinion, proper books of accounts as required by law have been kept by the Company so far as appears from our examination of such books.
 - iii) The Balance Sheet, the Profit & Loss Account of the company and the cash flow statement dealt with by this report are in agreement with the books of Accounts.
 - iv) In our opinion, the Balance Sheet, the Profit & Loss Account and cash flow statement dealt with by this report comply with the accounting standards as referred to in Section 211 (3C) of the Companies Act 1956.
 - v) We have no observation or comments that have adverse affect on the functioning of the company.
 - vi) On the basis of written representation received from the Directors as at 31 March 2012 and taken on record by the Board of Directors, we report that none of the Directors of the company are disqualified from being appointed as Director of the company under section 274 (1) (g) of the companies act 1956.

- vii) In our opinion and to the best of our information and according to the explanations given to us, the accounts read together with notes on Accounts give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
- a) In the case of Balance Sheet, of the state of affairs of the Company as at March 31, 2012;
 - b) In the case of Profit & Loss Account, of the profit of the Company for the year ended on that date; and

Notes Forming part of the financial statement**Significant Accounting Policies****1. Nature of Operations**

The Company is primarily engaged in the trading of mobile handset and mobile accessories and construction of road and highways business etc.

2. Basis of accounting and preparation of financial statement

The financial statements of the company have been prepared in accordance with the Generally Accepted accounting principles in India (Indian GAAP) to comply with the accounting standard notified under the Companies (Accounting Standard) Rules, 2006 (As amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis under the historical costs convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

3. Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (Including Contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the difference between the actual results and the estimates are recognised the periods in which the results are materialise.

4. Inventories

Inventories are valued at the lower of cost (On FIFO basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary. Costs included all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges.

5. Cash and Cash equivalents (For purposes of cash Flow Statements)

Cash comprises cash on hand and fixed deposits with banks. Cash equivalents are short-term (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

6. Cash flow Statement

Cash flows are reported using the indirect method, whereby Profit before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accrual of past or future cash receipts or payments. The cash flows from operating, investing and financial activities of the company are segregated based on the available information.

7. Depreciation

Depreciation has been provided on the written down value method at the rates prescribed in schedule XIV to the Companies Act 1956.

8. Revenue Recognition**Sale of Goods**

Sales are recognised, net of returns, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sales exclude sales tax and value added tax.

Income from services

Revenue from service contracts are recognised pro-rata over the period of the contract as and when services are rendered.

Other Income

Interest Income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

9. Tangible Fixed Assets

Fixed assets are stated at cost, less accumulated depreciation/amortisation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Fixed Assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately in the Balance sheet

10. Intangible Assets

Intangible assets are carried at cost less accumulated amortisation and impairments losses, if any. The cost of intangible assets comprises its purchase price, including any imports duties and other taxes and any directly attributable expenditure on making the assets ready for its intended use and net of any trade discounts and rebates.

11. Foreign currency transactions and translations

Initial recognition

Transactions in foreign currencies entered into by the Company and its integral foreign operations are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date

Foreign currency monetary items (other than derivatives contracts) of the Company and its net investment in non-integral foreign operations outstanding at the Balance sheet date are restated at the year-end rates.

In the case of integral operations, assets and liabilities (Other Than Monetary items), are translated at the exchange rate prevailing on the Balance Sheet date. Non-monetary items are carried at historical cost. Revenue and expenses are translated at the average exchange rates prevailing during the year. Exchange differences arising out of these translations are charged to the statement of profit and loss.

Treatment of Exchange differences

Exchange differences arising on settlement/restatement of short term foreign currency monetary assets and liabilities of the Company and its integral foreign operations are recognised as income or expenses in the statement of profit and loss. The Exchange differences on restatement/settlement of loans to non-integral foreign operations that are considered as net investment in such operations are accumulated in a Foreign Currency monetary item translation difference account

Accounting of forward contracts

Premium or discount on forward exchange contracts, which are not intended for trading or speculation purposes, are amortised over the period of the contracts if such contracts relate to monetary items as at the Balance sheet date.

12. Investments

Long-Term investments (Excluding investment properties) , are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value.

Cost of investments include acquisition charges such as brokerage, fees and duties

13. Retirement and other Employee benefits

The Company's contribution to provident fund and superannuation fund are considered as defined contribution plans and are charged as an expenses as they fall due based on the amount of contribution required to be made.

Provident Funds and Employees State Insurance Fund (Defined Contribution Schemes) are administrated by the Central Government of India and Contribution to the said funds are charges to profit and loss account on accrual basis.

For Defined benefit plans in the form of gratuity fund and post-employment medical benefits, the cost providing benefits is determined using the projected unit credit method with actuarial valuation being carried out at the each Balance sheet date. Actuarial gains and losses are recognised in the statement of profit and Loss in the period in which they occur.

14. Borrowing Costs

Borrowing costs include interest amortisation of ancillary costs incurred and exchange difference arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest costs. Costs in connection with the borrowing of funds to the extent not directly related to acquisition of qualifying assets are charged to the profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction or cost of the assets. Capitalisation of borrowing costs is suspended and charged to the statement of profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

15. Segment reporting

The Company identifies primary segments based on the dominant sources, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit and loss amounts are evaluated regularly by the executive Management.

The accounting policies adopted for segment reporting are in line with the accounting policies of the company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segment on the basis of their relationship to the operating activities of the segments

Revenue, expenses, assets and liabilities which relate to the company as a whole and are not allocable to segment on reasonable basis have been included under “ Unallocated revenue/ expenses/assets/ liabilities.

16. Earning per share

Basic Earning per share is computed by dividing the profit after tax(including the post tax effect of extraordinary items if any) by the weighted average number of equity shares outstanding during the year.

Diluted earning per share is computed by dividing the profit after tax (Including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expenses or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earning per share and the weighted average number of equity share which could have been issued on the conversion of all dilutive potential equity shares.

17. Taxes on Income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the difference, being the between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent period. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are

recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Current and deferred taxes relating to items directly recognised in equity are recognised in equity and not in the Statement of Profit and Loss

18. Research and development expenses

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of product are also charged to the Statement of Profit and Loss unless a product's technological feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Asset.

19. Provisions and Contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provision (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimation. Contingent liabilities are disclosed in Notes.

20. Provision for warranty

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates possible future incident based on corrective actions on product failures. The timing of outflow will vary as and when warranty claim will arise-being typically upto three years.

As per the terms of the contract, the Company provides post-contract services / warranty support to some of its customer. The Company accounts for the post-contract support / provision for warranty on the basis of the information available with the Management duly taking into account the current and past technical estimation.

21. Insurance claims

Insurance claims are accounted for on the basis of claim admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

22. Service tax input credit

Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is no uncertainty in availing / utilising the credits.

23. Previous Period Comparatives

- i) Previous period's figures have been regrouped where necessary to conform to current period's Classification
- ii) Schedule VI of the Companies Act 1956 is revised with effect from 1st April 2011 and the adoption of such revised schedule VI has significantly impacted the presentation and disclosures in the Current financial statements.
- iii) Notes 1 to 32 form an integral part of the Balance Sheet as on 31st March 2012 and the profit and Loss account for the year ended 31st March 2012.
- iv) Part IV of Schedule VI of the Companies Act, 1956 is attached herewith.
