#### 11. Management Analysis and Review Report:

#### a. Industry structure & Development:

The world economic growth is showing a gradual improvement and it is expected that there will be better growth in next few years. Despite a slow recover in the world economies, it is happy to see that India has recorded admirable growth post recession. It is said that India is one among the best performers on the globe in terms of its ability to raise resources, credit-worthiness and credibility in International market. The Indian economy has shown remarkable resilence to both external and domestic shocks.

The real estate sector in India includes the development of residential housing and housing sites, commercial buildings and office spaces, Industrial facilities, ware houses, hotels and other commercial spaces, purchase and sale of land and its development rights. Originally, the real estate sector in India has been highly an unorganized sector. The various factors that impeded the organised way of dealing was absence of centralized title registery providing title guarantee, lack of uniformity in local laws, non-availability of bank finance, high interest rates and taxes and lack of transparency in transaction. However the real estate sector has exhibited greater maturity and value due to economic compulsions, regulatory reforms and active consumerism despite of above impediments. Real estate market was sluggish in the beginning of the 2009, As the Industry has been recovering from the slowdown and the market conditions are improving, it is expected that there will be good demand in real estate sector. Infrastructure and real estate form the backbone of the Country's progress and economic development. The realty sector is the second largest employer after agriculture. According to the report of the Technical Group on Estimation of Housing Shortage, an estimated shortage of 26.53 million houses during the Eleventh Five Year Plan (2007-12) provides a big investment opportunity.

#### b. Opportunities:

The Government of Tamil Nadu and the private sectors are promoting many industrial parks i.e., Auto, Leather, Hardware, Cellcity - Special Economic Zones. The demand for affordable housing is going to be huge in these areas. Your Company is concentrating on increasing the vacant land Bank in and around the industrial corridors, which can fetch potential value for the investment made by the Company in near future. The Government is planning to introduce the concept of "Mixed Zoning" for land use in Chennai as against the exclusive zoning concept used in other metros in India and places of work would be clustered in such a way that the residential complex are constructed in and around Industrial Corridors to encourage walk to work concept. In view of this, there is a huge demand for vacant lands in and around the Industrial Corridors. The State Government is Curbing the menace of land grabing and watchful, this will help in having fair deals.

#### c. Segment-wise analysis:

Your Company is dealing in only one segment i.e., buying and selling of vacant land.

7 Fort

#### d. Outlook:

In and around Chennai, Tamil Nadu Government, through State Industries Corporation of Tamil Nadu, is promoting industrial estates i.e., Auto, Leather, Hardware Hitech Special Economic Zone and other public and private Sectors are coming up with establishing Big Industries. The Government of Tamil Nadu is developing infrastructures like metro rail, roads and Airport, and supporting the industry and providing rail corridors to the Industriat Hub and the Chennai City expanding fast and wider. Moreover, Chennai is concerned the city is fully congested and suburban areas have great demand potential. Better connectivity such as Development of outer ring roads, wide and multilane roads, express highways, metro rail covering main hubs in the city and connecting outer part of the Chennai city have all given a major demand for housing sites situated outside the Chennai city. Also the generation of new employments in the above industries leads to the requirement for vacant land. Your Company is concentrating on increasing the vacant land Bank in and around the industrial corridors, which can fetch potential value for the investment made by the Company. The Company has a strong business presence in and around Chennai, Tamil nadu.

#### e. Threats, Risks, and concerns:

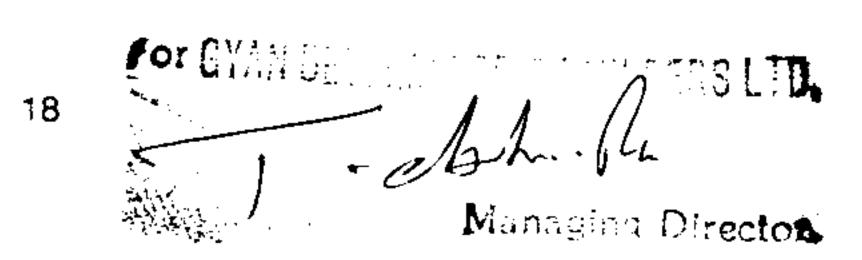

Rising petrol prices, cost of quality labour, inflation, multiple taxes and interest rates have developed major concerns. Affordability can come only with smaller unit sizes. The Government needs to change the norms that have been fixed decades ago to achieve affordable housing everywhere.

The cost of construction materials like cement and steel, power, water and labour have increased rapidly. Added to this are the complicated and slow government approvals. These are some areas of concern which need to be looked into by the respective government departments. Morevoer, Real Estate is one of the most overburdened tax segments in the Country and Uncertain Global economic Environment are some of the risks and concerns.

#### f. Internal control systems and their adequacy:

Your Company has in place, adequate internal control systems and procedures commensurate with the size and nature of our business. These procedures are designed to ensure that:

- An effective and adequate internal control environment is maintained across the Company.
- All assets and resources are acquired economically, used efficiently and are adequately protected.
- \* Significant financial, managerial and operating information is accurate, reliable and is provided timely, and
- All internal policies and statutory guidelines are complied with.

#### g. Discussion on financial performance with respect to operational performance.

The Company has made a profit of Rs. 5,42,671/- as against previous year Profit of Rs. 281,268.49/-. Presently your Company is concentrating on buying and selling of Vacant Lands situated in and around Chennai. Your Board of Directors are confident that there will be enormous demand for vacant lands in view of increase in hiring by the Companies and improvement in salaries and better job security. Your Company is concentrating on increasing vacant lands which can fetch potential value for the investment made by the Company and in turn increase in the wealth of the share holders.

# h. Material developments in human resources/industrial relations front, including number of people employed

The Company is continuously endeavoring to align the employee's objectives with the business objectives of the organisation through its HR policies, process and other development initiatives to achieve its organizational goals. Industrial relations have been cordial. The total number of employees in the Company during the financial year 2010 - 2011 were Six.

#### 12. Cautionary Statement:

Details given herein above relating to various activities and future plans may be forward looking statements within the meaning of applicable laws and regulations. The actual performance may vary from those express or implied.

#### SCHEDULE 14: SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

#### I. Significant Accounting Policies

#### A. Basis of accounting:

The financial statements have been prepared to comply in all material aspects with the notified accounting standards by Companies Accounting Standards Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial Statements are prepared under the historical cost convention and income and expenses are accounted for on an accrual basis, in accordance with the accounting principles generally accepted in India. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

#### B. Events Occurring After the Date of Balance Sheet:

Material events occurring after the date of Balance Sheet are taken into cognizance.

#### C. Revenue Recognition:

Income from Operations:

Income from Operations is determined as the aggregate during the period of the project promotion fee earned, value of the construction work done, increase in land development cost and the proceeds from the demolition contracts, interest receipts and other income.

#### (a) Project Promotion Fee:

Project promotion fee is the fee charged to the customers on allotment of flats at the specific rate per square foot of built up area to be constructed, in consideration of the various services rendered by the company for promoting the respective projects. Project promotion receipts include sale of land to the customers.

#### (b) Value of Construction Work:

The value of construction work done during the year is determined as follows:

- i. In the case of projects completed during the year, it is the difference between the value of construction to the customers on completion of the project and the value of construction to the customers at the beginning of the accounting year.
- ii. In the case of projects in progress at the close of the accounting period, it is the difference between the value of construction to the customers determined at the close of the accounting period and the value of construction to the customers at the beginning of the accounting period.
- iii. Value of construction to the customers in respect of completed projects is the full value that is paid /payable by the customers for the project on this account.
- iv. Value of construction to the customers in respect of projects in progress at the beginning of the accounting period and at the close of the accounting period is the value of work-in-progress on those dates respectively.

#### (c) Demolition Proceeds:

Demolition proceeds for the period is the aggregate sum stated as consideration in the demolition agreements executed during the period, for demolition of existing structures on the properties taken up for development by the company.

#### D. Fixed Assets:

Expenditure which is of a capital nature is capitalised at cost which comprises purchase price (net of rebates and discounts), statutory levies and other expenses/charges directly expended in acquiring such assets.

#### E. Intangible Assets:

There are no Intangible Assets of the Company.

#### F. Impairment:

The company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, then impairment loss is recognised wherever the carrying amount of an asset is in excess of its recoverable amount and the same is recognized as an expenses in the statement of profit and loss and carrying amount of the asset is reduced to its recoverable amount.

Reversal of impairment losses recognised in prior years is recorded when there is an indication that the impairment losses recognized for the asset no longer exist or have decreased.

#### G. Depreciation:

Depreciation is provided from the date on which assets have been installed and put to use on Written down Value method at the rates specified under Schedule XIV to the Companies Act, 1956. Depreciation is provided from the date of capitalization till the date of sale of assets. According to the circular No. 14, dated 20-12-1993, depreciation on assets, whose actual cost does not exceed five thousand rupees have been provided at the rate of hundred percent. Depreciation is not provided on Land and building.

#### H. Work - in - Progress:

Work - in - Progress in respect of each project in progress is first valued at the close of the accounting year at the aggregate of the cost of materials consumed, labour charges and the other expenditure incurred on the project. Thereafter the adjustment for value addition is made on the following basis:

- i. Where the actual expenditure incurred up to the end of the accounting year in a project is between 30% and 89% of its total estimated expenditure, and this total expenditure is less than its total estimated revenue, value addition is determined as 2/3rds of the proportionate estimated surplus (such proportion being the percentage of actual expenditure to total estimated expenditure). Where however the actual expenditure of a project up to the close of the accounting year is above 89% of the total estimated expenditure of the project, value addition is determined as the 4/5th of the proportionate estimated surplus (such proportion being the percentage of actual expenditure to total estimated expenditure)
- ii. Where total estimated expenditure of a project is in excess of its total estimated revenue, the entire actual expenditure comprising of the cost of the material consumed, labour and other expenditure incurred on the project is considered as the value of work-in-progress till the project is completed.

#### I. Land Owner's Account:

Amounts due from customers towards land cost are debited to their accounts on the land cost falling due under the agreements of the project promotion and construction are credited to the

respective land owner's accounts. Advance to land owners are reflected as the aggregate of amounts paid to them and amounts due from them, reduced by the amounts credited to them as aforesaid.

#### J. Inventories:

The inventories are valued at cost.

#### K. Recognition of Income and Expenditure:

Income and expenditure are recognised on accrual basis and provision is made for all known expenses.

#### L. Borrowing Costs

There are no borrowing costs attributable to the acquisition or construction of assets. Other borrowing costs are recognised as expenses in the period in which they are incurred.

#### M. Taxation

Tax expense comprises current tax, deferred tax and fringe benefits tax.

The accounting treatment for income-tax in respect of company's income is based on the Accounting Standard 22 on 'Accounting for Taxes on Income' issued by the Institute of Chartered Accountants of India. Provision for current income-tax is made in accordance with the Incometax Act, 1961.

Deferred tax assets and liabilities are recognized at substantively enacted tax rates, subject to the consideration of prudence, on timing difference, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.
