ANNEXURE B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **OSCAR GLOBAL LIMITED** ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the

financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the financial statements**SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS****COMPANY OVERVIEW**

OSCAR GLOBAL LIMITED (here in after referred as 'OGL' or 'company') was incorporated in 1990 and is engaged in the business of manufacturing and export of Leather Garments and Accessories for men and women. The company is exporting its goods mainly to the European countries such as Germany, France, Holland etc. The manufacturing facilities are located at Noida, Uttar Pradesh.

1 SIGNIFICANT ACCOUNTING POLICIES**1.1 Basis of accounting and preparation of financial statements**

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. For recognition of Income & Expenditures accrual (mercantile) system of accounting is followed except some expenses of minor nature, which are accounted for on cash basis. GAAP comprises mandatory accounting standards as prescribed by the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 2013 and guidelines issued by the Securities Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.2 Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that effect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of financial statements and reported amounts of income and expenditures during the period. Examples of such estimates include future obligations under employee retirement benefit plans payments, income taxes.

1.3 Fixed Assets

Fixed Assets are stated at cost, less accumulated depreciation and impairment, if any. The cost of a fixed asset comprises its purchase cost and directly attributable cost of bringing the assets to working conditions for its intended use.

1.4 Depreciation and amortization

Depreciation on fixed assets is provided on carrying amount @ rate corresponding to the remaining useful life of asset as specified in Schedule II to the Companies Act, 2013. Depreciation on addition/deletion/disposals during the year is provided on pro-rata basis.

1.5 Inventories (as taken, valued and certified by the management)

Inventories consisting of raw material is valued at cost and finished goods are valued at cost or market price whichever is less.

1.6 Provisions and contingent liabilities

A provision is recognized if, as a result of a past event, the company has a legal obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

1.7 Income Taxes & Deferred Taxes

Income Taxes are accrued in the same period that the related revenue and expenses arise. A provision is made for income tax annually, based on the tax liability computed, after considering tax allowances and exemptions. Provisions are recorded when it is estimated that a liability due to disallowances or other matter is probable. Minimum Alternate Tax (MAT), if any, paid in accordance with the tax laws is being offset by the company on a year on year basis.

The difference that result between the profit considered for income taxes and the profit as per the financial statements are identified, and thereafter a deferred tax asset or deferred tax liability is recorded for timing differences, namely the differences that originated in one accounting period and reverse in another, based on the tax effect of the aggregate amount of timing difference.

1.8 Revenue recognition

Revenue is primarily derived from export sales net of returns and sale of duty free licenses, FPS license and export incentives. The company presents revenues net of value added taxes in its statement of profit and loss.

1.9 Employee benefits

Employee benefit includes provident fund, payment of gratuity, encashment of earned leave

a. Provident fund

b. Gratuity and encashment of earned leave

The company is making provisions for payment of gratuity and encashment of earned leave for those employees who are eligible for such benefits under the Payment of Gratuity Act, 1972 and Factories Act, 1948 respectively. The company is making provisions for the gratuity and encashment of earned leave on actual eligibility and undiscounted present value of benefit basis. No actuarial valuation is made for such liabilities as required by AS-15. Any gain or loss on these accounts is accounted for in the financial statements.

1.10 Segment reporting

The company is operating in only one product i.e. leather garments and accessories. Hence there is no need to present financial information's segment wise as required by AS-17.

1.11 Earning per share

Diluted earning per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares if any, by the weighted average number of equity shares outstanding during the year.

1.12 Cash & cash equivalents

Cash and cash equivalents comprise cash on hand and balances/deposits with banks. The company considers all investments that are readily convertible to known amounts of cash to be cash equivalents which are subject to insignificant risk of changes in value.

1.13 Cash flow statement

The cash flows from operating, investing and financing activities of the company are segregated based on the available information.

1.14 Foreign currency transactions
