## MANAGEMENT DISCUSSION & ANALYSIS REPORT

### Industry Structure & Development

Indian Textile Industry is one of the leading textile Industries in the world. The opening of the economy in 1991 had given a much-needed thrust to the industry in India. India's Textile Industry is largely dependent on textile manufacturing and export and India earns about 17% of its foreign exchange through Indian textile exports.

The Indian Textile Industry also contributes to 4% of the GDP and employs more than 35 million people, the second largest employment only after agriculture, and 14% of the industrial production of the country.

### Opportunities & Threats

The potential size of the Indian textile industry is expected to reach US\$220 billion by 2020. With consumerism and disposable income on the incline, the retail sector has witnessed rapid growth in the past decade. Further, the Government has proposed the establishment of Centres of Excellence for training the workforce in the textile sector.

The threat of low-cost manufacturing and imports from neighbouring countries still exists in India, however with higher quality and better customer service, the Indian Textile Industry will weather this storm of low-cost imports.

### Financial Performance

Total turnover of the Company during the year was 460.25 Lakhs as against 183.93 Lakhs in the previous year. The turnover increased by 150% compared to the previous year. Profit before interest, depreciation and taxes was Rs. 205.52 Lakhs.

### Risks & Concerns

The primary risk for the Company is with the unorganized low cost sector. Having to compete with low cost, low quality manufacturers is always a concern. Secondly, import of fabrics is always a direct competitor to the Company. There are currently no significant borrowings and as such the Company is well isolated from financial risks & concerns, especially with the increasing interest rates.

### Internal Control Systems

The Company has suitable internal control systems which ensure safeguarding the Company's assets, promote efficiency and ensure compliance with legal and regulatory provisions. The audit committee is headed by a chartered accountant with over 40 years of experience. The statutory auditors also discuss their comments and findings with the management as well as with the audit committee.
