KARMA YOGI M. M. KOTHARI
Our Founder Chairman
(25th July 1925 – 27th November 2015)

“The soul never takes birth and never dies at any time nor does it come into being again when the body is created. The soul is birth less, eternal, imperishable and timeless and is never destroyed when the body is destroyed.”

Chairman's Message

Dear Fellow Share Owners,

Once again I will feel honoured to be amongst all of you in the ensuing Annual General Meeting of a Company which has the tradition of nurturing its legacy of sustained growth & sacred values. I thank you all for being part of our journey of success.

To begin with, I would like to apprise all of our stake holders about the challenges faced by your Company during the period under review and the management efforts to overcome those successfully.

General domestic economic environment continued to be cautious as was anticipated after series of historic steps of economic reforms taken by the Government at the centre, international market also felt the heat due to various triggers like imposition of Trade Tariffs by different countries, continuous resurgence in international crude oil prices, unabated adverse currency fluctuation, stressed domestic liquidity together

with other geo political uncertainties. These challenges were very severe in the second half of the period under review. But I am pleased to share that despite such adverse business conditions, your Company could maintain satisfactory performance and could be able to increase the value of your investment, though less than the expectation .This happened due to management's pragmatic, conservative approach and financial prudence.

Let us be prepared for more such challenges in future but we always believe that growth opportunities are immense for those who make a successful transition to the new business models and align into new ways of working. Your Company is undergoing a transformation/ re-alignment by exploring new business opportunities/ models to evolve itself as a robust Company as it was always.

Implementation of RERA has started to give impetus to the Real estate sector growth especially to the actual consumer and opportunities are emerging and we are focused to seize those opportunities.

Your Company has continued to be a purposeful contributor in our communities through its various CSR initiatives to uplift the deprived society through social programs. We are dedicated for providing quality education and improving the quality of lives of the deprived elders of our society by undertaking projects of educational institutions & old age care centers.

Over more than 3 decades, your Company has continued to grow and evolve, creating value for the share owner and we are sure that we will continue to strive ahead.

In the end, I would like to place on record my sincere thanks to all the stake holders including consortium of Banks lead by Allahabad Bank for their continued support and faith in us. I would also like to thank my fellow colleagues for their valuable support and guidance.

With best wishes

Yours truly,

Deepak Kothari

MANAGEMENT DISCUSSION & ANALYSIS REPORT

The information, as required under SEBI (Listing Obligations & Disclosures Requirements) Regulations, 2015 is as under:-

a) INDUSTRY STRUCTURE AND DEVELOPMENTS

As per World Economic Outlook released by IMF in April 2018, the global economic upswing that become around mid-2016 has become broader and stronger. The report projects that advanced economies as group will continue to expand above their potential growth rates and the growth in emerging market and developing economies is projected to firm further, with continued strong growth in emerging Asia and Europe and a modest upswing in commodity exporters. Although downside concerns are also there which include a possibly sharp tightening of financial conditions, waning popular support for global economic integration, growing trade tensions and risks of a shift toward protectionist policies, and geopolitical strains.

India has become sixth largest economy overtaking France and Indian economic growth story continues to be positive on the back of robust domestic consumption and public investment as well as ongoing structural reforms.

In view of aforesaid the domestic industry may grow but the international trade would be under pressure both in terms of value and margins, which would also be a great challenge to your Company.

b) OPPORTUNITIES & THREATS

With the reform oriented and business friendly government at the Center and India among the fastest developing economy of the world, there has been a constant growth in the GDP, but the growing trade tensions and risks of a shift toward protectionist policies and geopolitical strains do pose threats to ongoing international trade. Moreover the trading industry may face the risk of imposition of higher tariffs on import/export of certain commodities by the government of certain countries. The same may also result in price war among Key Competitors.

As the Company deals in international trade, it is exposed to foreign currency risks. As most of the payables and receivables are in foreign currency, fluctuation risk is minimized to the great extent by natural hedging. Company also has in house treasury with well-defined hedging policy through which company monitors its currency exposure on continuous basis and employs various hedging tools like forward cover, options etc.

Company does have comprehensive risk management system in place which includes internal controls which are commensurate to the size and nature of the inherent risks of company's businesses. These Risk Management system and processes enables the company in identifying and managing the risks appropriately.

c) SEGMENT-WISE PERFORMANCE

In trading division company's emphasis is on consolidation and diversification instead of expansion. The revenue of the Trading division during the year under review has been ` 422178 Lacs as compared to ` 429307 Lacs during the previous year and that of the Real Estate etc., has been ` 2059 Lacs as compared to ` 8722 Lacs during the previous year. The profit before tax and interest from both the aforesaid division is at ` 6474 Lacs and ` 1198 Lacs respectively as compared to previous year figures of ` 8388 Lacs & ` 5994 Lacs respectively.

d) OUTLOOK:

Though the global growth may be on upswing and both developed and emerging countries showing signs of same growth but in view of the recent tariff barriers, commodity trade wars in the international trade and the uncertainty in the exchange rate and oil prices, the outlook for the International Trade for your Company looks challenging.

Though your Company, with the initiatives taken by the Government of India, sees improvement in domestic trade and real estate business. ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in Para 2(f) under ‘Report on Other legal and Regulatory Requirements’ section of our report of even date)
REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER SECTION 143(3)(I) OF THE COMPANIES ACT, 2013 (“THE ACT”)

We have audited the internal financial controls over financial reporting of Kothari Products Limited (“the Company”) as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information, and according to the explanations given to us, the company has, in all material aspects, an adequate internal financial controls’ system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st 2018, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in Guidance Note of Audit of International Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each Balance Sheet date to reassess realisation.

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENT OF KOTHARI PRODUCTS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Kothari Products Limited as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of Kothari Products Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies which are companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting

criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Holding Company, in so far as it relates to subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiary incorporated in India.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each Balance Sheet date to reassess realisation.
