FORWARD LOOKING STATEMENT

In this Annual Report, we have disclosed forward looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements – written and oral – that we periodically make contain forward looking statements that set out anticipated results based on the management’s plans and assumptions. We have tried wherever possible to identify such statements by using words such as ‘anticipate’, ‘estimate’, ‘expects’, ‘projects’, ‘intends’, ‘plans’, ‘believes’, and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward looking statement, whether as a result of new information, future events or otherwise.

Chairperson's Message

Dear Shareholders,

Following prolonged challenges, India's sugar sector is gradually moving towards a phase of balanced and sustainable growth. Sugar demand is marginally exceeding supply for the first time in five years in India. Such a scenario will bolster realisations and benefit the industry as a whole. Changes in India's sugar industry scenario has a major impact on the world, as India continues to be one of the largest global producers and consumers.

Globally, the production of sugar is expected to touch 169.371 million tonnes in 2015-16, a decline of 1.969 million tonnes or 1.15% from 2014-15. This was primarily due to reductions in Brazil, India, the European Union and Ukraine. During the year, sugar prices fluctuated in the global market owing to multiple factors. The effect of El Nino caused inadequate rainfall; and even there was drought in sugar producing countries such as South Africa, India, Thailand and Australia. Excessive rain in Brazil caused harvest problems and reduced sugar content in cane. A change in Brazilian fuel tax policy caused by increased duty to petrol has stimulated greater demand for cheaper bioethanol for the nation's flex-fuel fleet. This in turn averted the supply from sugar exports and increased the price.

In India, the world's second largest sugar producer, sugar production during the year was 237 lac tonnes, lower by 11 lac tonnes than the previous fiscal. The trend indicates a shorter tail of crushing and lower sugar production this year vis-à-vis the preceding sugar season. The decline in production was primarily driven by a severe drought in the largest sugar-producing state, Maharashtra, which impacted the availability of sugarcane. In Karnataka, weaker monsoons are expected to adversely impact sugar production, while production is expected to marginally increase in Tamil Nadu.

The Government has supported sugar mills by providing interest-free loans to clear cane dues and mandating compulsory exports to tackle the high sugar stocks in the domestic market. Besides, cash subsidy from UP and Bihar governments have positively impacted the industry.

Going forward, we expect further improvement in domestic sugar realisations. It is encouraging to note that sugar demand is likely to be robust as domestic food and beverages sector continues to grow in India

Prices also firmed in India, where the expectation of sizeable exports and a consequential drop in domestic sugar stocks lent support to the market. The current level of sugar pricing is at a balanced position and larger units are expected to do well, going forward.

The prices of by-products such as bagasse and molasses remain remunerative, driven by healthy demand from the consuming sectors such as power, paper and alcohol. Moreover, ethanol is gaining prominence as fuel substitute with a renewed focus on using bio-fuels and green energy to reduce emissions. To encourage the use of bio-fuels in India, the Government has proposed an enhancement of ethanol blending to 10% from the current 5% and fixing more remunerative prices. It is one of the areas which has the potential of improving the fundamentals of the sugar sector if pursued seriously by the Government.

OUR PERFORMANCE

After few years of consistent challenges, the Company finally witnessed improvement during the year. Our sugar segment registered a production of 23.78 lac quintals during the sugar season 2015- 16, as against 23.04 lac quintals during 2014-15. Our revenue from operations (Gross) marginally decreased from 88,618.97 lacs and stood at 87,697.16 lacs. However, the net profit grew to 1,119.27 lacs against a loss of (5,537.13 lacs) the previous year.

We are restructuring our two businesses to bring in fiscal flexibility and facilitate the operational efficiency in

order to realign our business whereby businesses of the Company will be housed geographically in separate new entities for its sugar, investment and tea undertakings. The UP unit will be under Avadh Sugar & Energy Limited and Bihar unit will be under Magadh Sugar & Energy Limited. The restructuring process is awaiting regulatory approvals and the entire process is expected to be completed by September-October 2016.

Going forward, we expect further improvement in domestic sugar realisations. It is encouraging to note that sugar demand is likely to be robust as domestic food and beverages sector continues to grow in India. India's rapid economic growth and evolving consumer aspirations and spending patterns will drive the sector's next level of growth.

We believe, the sugar industry will gradually perform better, and we seek the support of state governments in evolving a balanced and transparent cane pricing mechanism and free movement of molasses.

We, as a company, will emphasise on strengthening our internal efficiencies to make the most of the emerging optimism in the sector. I expect the cooperation and support of all our stakeholders to make the journey more rewarding in future.

Warm regards,

Nandini Nopany
Chairperson

26. AUDITORS, AUDIT QUALIFICATIONS AND BOARD'S EXPLANATIONS

Statutory Auditors

Messrs SR Batliboi & Co LLP, Chartered Accountants, hold office as Auditors of the Company till the conclusion of ensuing Annual General Meeting

and being eligible, offered themselves for re-appointment. According to the certificate submitted to the Company by the said firm of Auditors the said re-appointment, if made by the Shareholders, will be well within the limits prescribed in Section 141 of the Companies Act, 2013.

The Board, on the recommendation of the Audit Committee, proposed that Messrs S R Batliboi & Co LLP, Chartered Accountants, be re-appointed as the Statutory Auditors of the Company for a period beginning the conclusion of the ensuing Annual General Meeting of the Company and ending on the conclusion of the Annual General Meeting to be held next thereafter.

The remarks/observations made by the Statutory Auditors in their report are self explanatory and does not require any further clarifications/ explanation. However, the Statutory Auditors have commented regarding carrying Deferred Tax Asset (DTA) (net) of ₹ 7,017.61 lacs (after reversal of ₹ 199.75 lacs during the year) up to March 31, 2016. The Company has not recognised any further DTA during the current financial year as a matter of prudence. Further, the Company has earned profits during the current year consequent to improved realisation and sugar yields. In view of above, the management is certain that the Company would be in a position to generate positive cash flows and profitability and is certain that there would be sufficient taxable income in future to claim the above tax credit.

Cost Auditors

Pursuant to Section 148 of the Companies Act, 2013 read with The Companies (Cost Records and Audit) Amendment Rules, 2014, the cost audit records maintained by the Company in respect of its Sugar activity is required to be audited. Your Directors have, on the recommendation of the Audit Committee, appointed Mr. Som Nath Mukherjee, Cost Accountant, as the Cost Auditor to audit the cost accounts of the Company for the financial year 2016-17. As required under the Companies Act, 2013, the remuneration payable to the cost auditor is required to be placed before the Members in a general meeting for their ratification.

Secretarial Auditor

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and The Companies (Appointment and Remuneration of Managerial

Personnel) Rules, 2014, your Company had appointed Messrs Vinod Kothari & Co., Practising Company Secretaries to undertake the Secretarial Audit of the Company for the financial year 2015-16. The Secretarial Audit Report is annexed herewith as **Annexure "F"** and which is self explanatory.

31. LOANS, GUARANTEE AND INVESTMENTS

It is the Company's policy not to give any loans, directly or indirectly, to any person (other than to employees under contractual obligations) or to other body corporate or person. In compliance with section 186 of the Companies Act, 2013, loans to employees bear applicable interest rates. During the year under review, the Company has not made any investment in securities of other body corporate. The details of Investments, Loans and Guarantees covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the Standalone Financial Statements.

32. RELATED PARTY CONTRACTS / ARRANGEMENTS

All related party transactions that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There were no materially significant related party transactions made by the Company with Promoters, Directors, Key Managerial Personnel or other designated persons which may have a potential conflict with the interest of the Company at large. Accordingly, no transaction are being reported in Form AOC-2 in terms of Section 134 of the Act read with Rule 8 of the Companies (Accounts) Rules, 2014. However, the Directors draw attention of the members to Note 33 to the standalone financial statement which sets out related party disclosures.

All Related Party Transactions are placed before the Audit Committee as also the Board for approval. Prior omnibus approval of the Audit Committee is obtained for the transactions which are of a foreseen and repetitive nature. The Company has developed

a Related Party Transactions Policy for purpose of identification and monitoring of such transactions.

33. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS & OUTGO

The information on conservation of energy, technology absorption and foreign exchange earnings and outgo as stipulated under Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of The Companies (Accounts) Rules, 2014, is annexed herewith as **"Annexure H"**.

34. PARTICULARS OF EMPLOYEES

The information required pursuant to Section 197 read with Rule 5 of The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 in respect of employees of the Company, is attached as a separate **"Annexure I"** and forms an integral part of this Report.

35. EXTRACT OF ANNUAL RETURN

The details forming part of the extract of the Annual Return in form MGT 9 is annexed herewith as **"Annexure J"**.

35. CEO/CFO CERTIFICATION

Mr. Bal Kishore Malpani, the Whole-time Director and Mr. Shiv Kumar Maheshwari, Chief Financial Officer have submitted certificates to the Board as contemplated under Reg 17(8) of the SEBI (LODR) Regulations, 2015.

36. ACKNOWLEDGEMENT

Your Directors take this opportunity of recording their appreciation of the shareholders, financial institutions, bankers, suppliers and cane growers for extending their support to the Company. Your Directors are also grateful to various ministries in the Central Government and State Governments of Uttar Pradesh and Bihar, the Sugar Directorate and the Sugar Development Fund for their continued support to the Company. The Directors also recognise the valuable contribution made by the employees at all levels towards Company's progress.

Management Discussion and Analysis

GLOBAL ECONOMY

The global economy stumbled in 2015-16, in the midst of weak cumulative demand, falling commodity prices and increasing financial market volatility in major economies. Average global inflation continued to drop amid persistently subdued economic activity, modest wage growth and lower commodity prices. All these factors weighed on consumer and business sentiment at a time when household consumption, industrial production and demand for exports have already shown signs of easing.

China's slowdown also slashed trade and investment in many countries and prompted broader concerns about growth prospects in advanced economies. According to International Monetary Fund (IMF) going forward some of the factors which should be taken into consideration to make economies more efficient include more government stimulus, especially through spending on infrastructure; more extensive monetary policy from central banks; and structural reforms, such as changes in labour and competition policies.

INDIAN ECONOMY

India remained one of the fastest growing major economies in the world in 2015-16 and was acknowledged in a bright spot in the global economic development by both, the World Bank and the IMF. The Indian economy drew substantial comfort from prevailing favourable macro conditions in terms of decline in inflation,

increase in foreign capital inflows, fairly stable currency, narrowing trade deficit and current account deficit, lower interest rate regime and growth supportive government policies and initiatives.

Inflationary pressures for the country receded during the year. Both CPI and WPI inflation have been at comfort levels and within the target set by the monetary experts. Wholesale Price Index (WPI) contracted for 16th straight month as February 2016 WPI came in at -0.91% y-o-y vs -0.9% y-o-y in January 2016 as inflation in food articles declined in tandem with CPI data. India's trade deficit has seen noteworthy improvement in 2015-16 with decline in both imports and exports. It came in at a 30 month low (to \$6.5 billion) in February 2016. Indian economy demonstrated a lot of resilience in maintaining growth during a time of subsiding global demand, falling commodity prices and weakening growth in emerging economies.

INDUSTRY STRUCTURE AND DEVELOPMENT

Global Sugar Industry

According to International Sugar Organization (ISO), the world sugar economy is expected to enter a deficit phase in 2015-16 of 3.527 million tonnes as compared to a surplus of 1.3 million tonnes in 2014-15. This is mainly due to downgrading of production projections for India, the EU and Ukraine which is partially compensated by developed prospects for sugar output in Australia, Russia and Thailand.

Fast facts: Global sugar industry

- Sugar is one of the world's major agro-based industries and is also one of the most actively traded soft commodities on the exchanges
- Brazil, India, EU, China and Thailand rank amongst the global producers of sugar

- More than 80% of sugar is produced from sugarcane, while the balance is from sugar beet
- More than 100 countries around the world rely on sugar from Brazil with key export markets that include the Russian Federation, India, Iran and the United Arab Emirates
- Brazil and India are the largest sugar producers from sugarcane and EU and US are the major sugar producers from beet

Global sugar demand and supply

World output is predicted to decline by 1.969 million tonnes in 2015-16 or 1.15% from 2014-15. The world market continued to be effected by the unforeseen changes caused by uncertainties as to how weather, political and currency factors will affect supply and demand. On the supply side, the beet harvest has reached its peak in the Northern hemisphere.

CONSUMPTION

Global consumption is expected to continue rising and reach an estimated 172.898 million tonnes (including a 3.294 million tonnes adjustment for unknown trade). The anticipated growth rate of 2.21% is generally in line with the previous season (2.28%) and the 5-year average (2.15%). Sugar consumption in the long-run is mostly driven by per capita income and population growth.

PRODUCTION

According to International Sugar Organization (ISO), the world production is expected to reach 169.371 million tonnes in 2015-16, a decrease of 1.969 million tonnes from 2014-15. This is mainly due to reductions in Brazil, India, the European Union, and Ukraine.

REGIONAL PLAY

Brazil's production is forecast to be unchanged at 35.59 million tonnes, up 965,000 tonnes or 2.45% from the previous season as a higher percentage of sugarcane is converted to ethanol. Higher demand in the domestic market is due to the increase of the assigned ethanol blend in gasoline from 25% to 27% and the increase in federal and state taxes for gasoline. Additionally, the state of Minas Gerais, where there is a large fleet of flex-fuel vehicles, has lowered its ethanol tax. Sugar consumption is lower as the economic recession has reduced sales of processed food items. Exports are projected down 200,000 tons to 23.8 million on lower exportable supplies.

Thailand's production is predicted to be flat at 10.8 million tonnes as increased area is counterbalanced by a drought-induced yield decrease, with the same amount of cane diverted to ethanol production as last year. Exports are forecast to jump to a record 8.8 million tonnes as stocks are drawn down to meet high demand from fast growing markets such as China and Sudan.

EXIM of sugar

Both export availability and import demand are expected to grow in 2015-16 as compared to 2014-15. Exports may increase as against the level achieved in the previous season on account of higher production in exporting countries as well as releases of stocks. Exporters' production is projected to grow by 1.763 million tonnes, while their consumption increase is put at 1.672 million tonnes. Consumption in importing countries is expected to grow by 2.087 million tonnes at 57.010 million tonnes as compared to 55.484 million tonnes in the previous season. China is expected to remain the world's largest sugar importer with 4.575 million tonnes of sugar expected to enter the country in 2015-16.

World sugar prices

During the year the sugar prices fluctuated in the global market. This was on account of several factors: (i) World consumption exceeded production for the first time in six years which might start to erode the high level of global stocks, (ii) the effect of the El Nino event caused lower rainfall and even drought in sugar producing countries such as South Africa, India, Thailand and Australia. Excessive rain in Brazil caused harvest problems and reduced sugar content in the cane. (iii) A change in Brazilian fuel tax policy caused by increased duty to petrol has stimulated increased demand for cheaper bio ethanol (originating from sugar) for the nation's flex-fuel fleet. This in turn averted supply from sugar exports and increased the price.

INDIAN SUGAR INDUSTRY

India is the second largest producer of sugar in the world, producing around 28 million tons of white plantation sugar per annum. Called the 'growth engine' of the rural economy, the sugar industry is ranked as the second largest agro processing industry in the country. During the last few years not only the number of factories in India has increased but also product capacity (TCD) has almost doubled all over the country. Many factories both from private and public sectors are facing bad times due to slump in market. Product diversification adding cogeneration and concentrating on export is the need of the hour. As compared to 366 sugar mills which were working on March 31, 2015, 215 sugar mills continue to crush sugarcane in the current season as on March 31, 2016.

Fast facts: Indian sugar industry

- Second largest producer and largest consumer of sugar in the world.
- Second largest agro processing industry after cotton, involving over 60 million farmers and dependents.
- Unique industry structure with large number of stakeholders including millers, farmers, Government, industrial and retail consumers.
- Small average farm size of around 1-2 hectares.

Indian sugar demand and supply

Production

As per Indian Sugar Mills Association (ISMA) India's sugar production as on March 31, 2016 was 237 lac tonnes, lower by 11 lac tonnes a year ago. The trend indicates a shorter tail of crushing and sugar production this year, as compared to last sugar season. The decline in production is mainly driven by severe drought in the largest sugar producing state, Maharashtra, which impacted sugar cane availability.

Consumption

Indian sugar consumption in 2015-16 is forecast to be at 25 MMT. The input from the states showed that yields in Maharashtra and Karnataka could be impacted due to long dry spells in the sugarcane growing belts.

Export

India's sugar industry exported more than 1 million tonnes of low-quality whites between October 2015 and March 2016, below the target of 3.2 million tonnes.

REGIONAL PLAY IN INDIA

The state-wise sugarcane production estimates are as follows:-

Maharashtra

Sugar mills have produced 82 lac tons of sugar as against 93.6tons produced during the corresponding period last year. As on March 31, 2016, 58 sugar mills were under operation as compared to 135 sugar mills in 2014-15. Most of these sugar mills are operating in Kolhapur, Pune and Sangli Districts which are the main cane belt area and were not so badly affected due to less water availability. Due to drought like conditions, the average recovery in Maharashtra is reported to be slightly lower than last year.

Uttar Pradesh

Sugar mills of Uttar Pradesh produced 65.70 lac tons of sugar up to March 31, 2016 which was 63.4 lac tons

at the corresponding period last season. As against 76 sugar mills operating last year at this time, 48sugar mills are crushing sugarcane now. Due to good weather conditions in the State and substantial improvement in cane varieties and their acreage in the State, the average sugar recovery being reported from U.P. is significantly higher than last year by around 1%.

Karnataka

Sugar production in Karnataka till March 31, 2016 was 40.16 lac tons, as against 42.47 lac tons produced last season on the corresponding period. Of the 51 sugar mills which crushed during 2014-15,15 are working as of now.

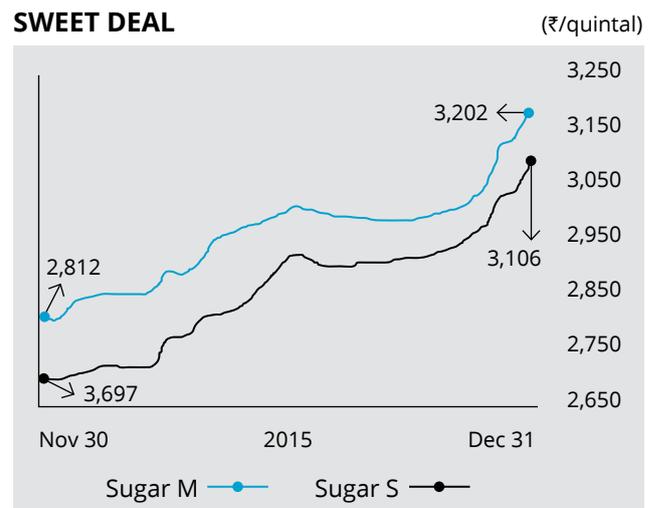

Tamil Nadu

In Tamil Nadu, sugar mills have produced 8 lac tons of sugar till March 31, 2016 as compared to 7.53 lac tons produced last year. Almost same number of sugar mills is still crushing sugarcane in Tamil Nadu at the end of March i.e. against 38 sugar mills last year; there are 39 sugar mills under operation currently.

Sugar Price

Domestic sugar prices continued to be influence by both the domestic and international markets. An aggressive sugar export strategy, with declining domestic production continued to mount pressure on domestic prices. Other factors include weather pattern like weak monsoon rains, El Nino phenomenon or excessive dryness, which hamper the sugar production and its crushing. The demand from the top sugar importing countries likes the US, Germany, UK and China are also important factors that affected prices.

SCOT Analysis of Indian Sugar Industry

Strengths

- The Indian sugar industry is the second largest producer of sugar in the world after Brazil. The sector has made the country self-reliant in what is a highly sensitive, commoditised, mass consumption market.
- The Indian sugar industry is a source of livelihood for more than 50 million people – directly and indirectly.
- The Indian sugar industry also supports downstream industries by providing key raw materials like molasses and bagasse.
- This sector has been the focal point of socioeconomic development of the rural India especially in parts of Uttar Pradesh, Maharashtra and Karnataka.

Challenges

- Questionable governmental policies that regulate the input prices have resulted in mills incurring enormous losses.
- Most of the sugar factories are more than 40 years old and still reliant on outdated technology – leading to lowered installed production capacities, lower efficiencies and increased losses.

Opportunities

- High value by products for downstream industries like distilleries and power.
- Huge potential to increase the productivity of cane and sugar recovery rate.
- Advanced technology available to enhance by product utilisation.

Threats

- Sugar sector is vulnerable to political interests.
- Lack of ground water availability for irrigation purposes.
- Quality of soil deteriorates due to overuse of fertilisers and pesticides to increase yield.
- Unhealthy competition between members of the society.

Government Initiative

On November 18, 2015, the Government of India's (GOI) Cabinet Committee on Economic Affairs (CCEA) approved a sugarcane production subsidy of ₹ 4.50 per quintal for sugarcane crushed during MY 2015/16 (October-September). This will ensure timely payment to farmers by mills and reduce their cost of procurement. The production

subsidy will be provided to farmers on behalf of the sugar millers which are indebted to cane farmers for old crop sales. Qualifying sugar millers must have exported at least 80% of the indicative sugar export quota, and achieved 80% of respective targets of ethanol production.

In order to further reduce these arrears and support cane growers, the government has taken out a World Trade Organization compliant scheme in which production subsidy will be given to offset the cost of cane.

Outlook

The outlook for the sugar industry remains grim. The long-term prices and profitability of Indian sugar companies will remain highly cyclical and reliant on domestic and international supply-demand trends. It would also hinge on agro-climatic conditions in the major sugar producing countries and the trends in crude oil prices. Further, government/court action in ensuring removal of mandatory crushing by sugar mills for the entire cane offered to them by farmers in the command area and a rational linkage between cane and sugar prices will have a critical bearing on the long-term viability of sugar operations.

Over the medium term, international sugar prices will be largely determined by fluctuations in world sugar production as well as crude oil prices, which determine the raw sugar-ethanol blend in major exporting countries like Brazil. Going ahead lower sugar prices will increase consumption, but on the supply side, farmers are likely to shift to other crops, which in turn would reduce the sugar output, leading to a supply correction.

Within the sugar industry however, players with high operating competences, forward integration and strong capital structure will be best placed to ride out the cycles. The support extended by the Central government and some State governments during the year to support sugar companies by way of export subsidy, renewed emphasis on EBP, and the linking of cane prices to sugar prices (in some States like UP) is appreciated. Going forward, there is need for balanced policy approach on sugarcane pricing and effective addressal of the surplus stock before situation is out of control leading to irreparable damages.

Business segment review

Sugar

Production

Sugar segment registered a production of 23.78 lac quintals during the sugar season 2015-16, as against 23.04 lac quintals during 2014-15.

Crushing

At Upper Ganges, we crushed 220.29 lac quintals of sugarcane during the sugar season 2015-16, compared to 233.81 lac quintals in 2014-15.

Recovery

This season the Company witnessed good recovery of sugar from the cane crushed due to availability of better

yield of sugarcane. The average recovery during the period was 10.78 as against the 9.88 of previous period.

Sugar realisations

The realisations per Qtl. (net of excise) of free sugar decreased to ₹ 2674.98 in 2015-16 from ₹ 2937.57 in 2014-15, thus registering a decrease of 8.94 %.

Production of ethanol

US production is anticipated to fall from 55.4 bln litres to 54.5 bln litres, whereas in Brazil output is expected to rise by 2.5% to 27.5 bln litres. EU production is set to consolidate at around 5.1 bln litres. At the same time several smaller scale producers such as Argentina, India, Philippines and Thailand will likely post gains.

Consumption

Global fuel ethanol consumption is expected to rise from 96.4 bln litres in 2015 to a record 97.2 bln litres in 2016 – an increase of 0.8%. Demand for ethanol will remain high in Brazil but growth will be much lower than seen in 2015, rising by less than 1% to 28.1 bln litres. At the same time

no growth is presently anticipated in the world's biggest consumer, the US, with off take remaining at around 52 bln litres, approximating the E10 blend wall. In the EU, consumption is slated to consolidate at around 5.2 bln litres. Despite the ongoing low oil price environment gains in consumption are expected in several smaller consumers such as Argentina, Colombia, India, Japan Philippines and Thailand.

Indian scenario

Ethanol is slated to gain in prominence as global awareness and climate regulations on greenhouse emissions mandate a shift to clean bio-fuels and environment friendly gasoline substitutes. According to the report published by Global Agriculture Information Network, India's ethanol program is based on producing ethanol from sugar molasses, a by-product of the sugar industry and not directly from sugarcane or corn as in most other countries. This is mainly done in the interest of food security. In order to encourage the use of bio-fuel, the Government also proposed an enhancement of the ethanol blending to 10% from the current 5% and fixing more remunerative prices. It is one of the areas which has the potential of improving the fundamentals of the sugar sector if pursued seriously by the Government.

A revived fuel ethanol blending program should ensure higher output next year. Production is expected to increase from 650 million litres to 850 million litres. In August the government announced that it would impose an E10 mandate from the current sugar cycle which started in October 2015. This mandate would require the use of 2.3 billion litres of fuel ethanol annually and a significant expansion in distilling capacity by the sugar industry. The government believes that the feedstock base for ethanol production should be expanded from final C- to B-molasses. Such a move would help reduce sugar production.

COGENERATION INDUSTRY

Sugar industry has been traditionally practicing cogeneration by using bagasse as a fuel. With the advancement in the technology for generation and utilisation of steam at high temperature and pressure, sugar industry can produce electricity and steam for their own requirements. It can also produce significant surplus electricity for sale to the grid using bagasse. Over 200 of the 600 sugar mills have cogeneration plants with an installed exportable capacity of over 3500 megawatts. A clear national regulation on cogeneration should be in place as this is considered as a non-conventional source of power and the industry should be paid higher than what it is being paid for per unit of power sold to state grid.

As of September, India remained well behind its target to add 400 MW of bio-power (including biomass power & gasification and bagasse-based cogeneration) to the national grid in 2015/16. In fact, no new projects have come online so far in the current fiscal year (April/March), leaving installed capacity stagnant at 4,419 MW, according to the Ministry of New and Renewable Energy. In the state of Uttar Pradesh, the Electricity Regulatory Commission (UPERC) has been advocating the idea of making cogeneration of power mandatory for all future sugar mills. There are 115 sugar mills in Uttar Pradesh. In Maharashtra state, the cabinet has recently sanctioned a plan to construct 27 transmission links for a capacity of 2,570 MW of renewable energy. This is part of a countrywide initiative to set up new power lines across India.

What is co-generation?

Cogeneration (*Combined Heat and Power or CHP*) is the simultaneous production of electricity and heat, both of which are used. The most important principle of cogeneration is that, in order to make the most of the many benefits that arise from it, systems should be based on the heat demand of the application.

Why cogeneration?

Efficient conventional electricity generation using a large scale centralised power plant is assumed to be at 35%. A typical medium pressure boiler operates at an efficiency of about 85%. Assuming that an industrial process needs both heat and power in a ratio 1.5:1, the overall energy generation efficiency will thus be about 54%.

In case, similar thermal and electrical energy is supplied using a suitable co-generation system, the overall efficiency could range from 65 to 95%. If the efficiency is assumed to be 75%, the total primary fuel savings would be about 28%.

Government policy

According to a Government policy regulating cooperative sugar factories, the State Government provides 5% of the capital expenditure on the cogeneration project while the factory concerned puts in an equal amount. The Sugar Development Fund of the Union Government provides 30% funding of capital investment and the remaining is secured through institutional funding. An investment of about ₹ 4.50 crore per MW is needed to start a cogeneration plant in a cooperative factory.

Road ahead for the tea industry

The outlook for tea is mixed with increased production in most producing countries accompanied by strong consumption growth in developing countries. There is a continual shift of consumers towards health, wellness and convenience segments. With the passage of time and excellent marketing techniques, consumers are better aware of the health benefits of different varieties of tea like green tea among others. Drinking habits and lifestyles changes in the last one decade have shown that consumers are ready to pay more for quality teas.

Though, India needs to take a number of initiatives to reinforce its position in the global market and address emerging markets by further refining the quality as well as packaging standards, thereby enhancing product quality.

RISK MANAGEMENT AT UPPER GANGES SUGAR & INDUSTRIES LIMITED

Risk is an accepted part of doing business. The real provocation for any business is to identify the principal risks and how it faces it and develops, monitor appropriate controls.

Risks and its mitigation are given as under:

Fluctuations in the production due to climatic changes

Climatic conditions not only affect the productivity but also the quality of leaves harvested.

Mitigation

India being the world's biggest sugar consumer is likely to produce 27 million tonnes of the sweetener in 2014-15, which is about 2% of growth. (Source: Economic Times)

Slower pace of re-plantation

India's productivity has not grown due to slow pace of re-plantation of old bushes.

Mitigation

According to ISMA higher sugar production in the current season, against the estimated consumption of 24.8 mt, carryover stock for the 2015-16 season is estimated at 8.5 mt, 2.5 mt higher than the normative requirement of six million tonnes. (Source: Business standard)

Shortfall in the raw material supply could impact the Company's operations

A lower cane output usually translates into lower production of sugar and by-products.

Mitigation

In the past years, the Company has been working with large number of farmers in all its manufacturing facilities, resulting in the mitigation from any shortage of supply of raw material.

Increasing competition in the global tea market

India is a major exporter of CTC tea and faces stiff competition from Kenya.

Mitigation

Since Kenya is entirely a CTC producer, India's strategy is to cater different markets, differently. For China, it would be taken up at the diplomatic level, as there are non-tariff barriers. This will result to lesser competition and diversified market reach.

Coffee acting as a strong substitute to tea

Coffee is emerging as a near perfect substitute and is posing a huge challenge to tea consumption.

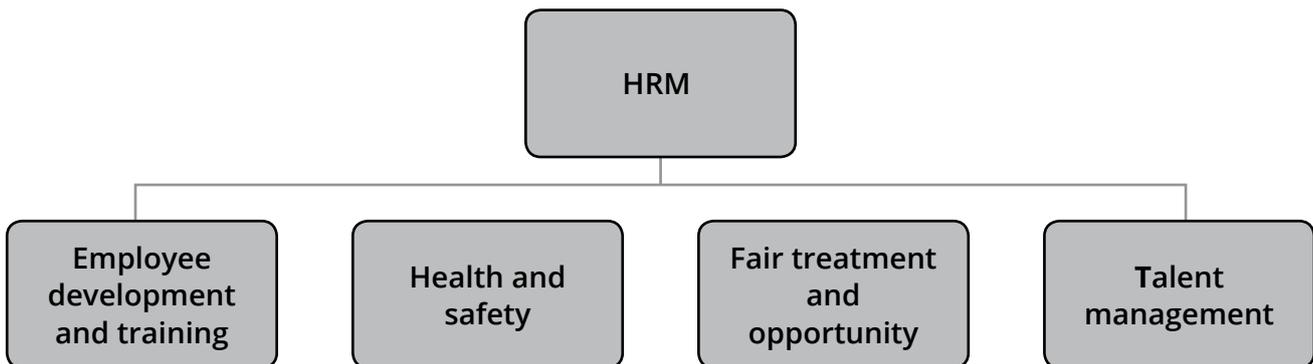

Mitigation

Tea is probably the most popular drink in India. The country is the largest consumer of tea in the world and we consume 25% of the tea produced world-wide. India is also the second largest producer of tea in the world. (Source: The India Express)

Report on Corporate Governance

1. COMPANY'S PHILOSOPHY

Upper Ganges Sugar & Industries Limited (UGSIL), a part of Birla Group of Sugar Industries, is of the firm conviction that Corporate Governance in essence refers to the rules, procedures, values, systems or laws by which businesses are operated, regulated, and controlled. A well-defined and enforced corporate governance provides a structure that works for the benefit of everyone concerned by ensuring that the enterprise adheres to accepted ethical standards and best practices as well to formal laws. Governance practices may vary but the principles are generic and universal. Accordingly the Board of UGSIL manages its business ethically and in a transparent manner with the profit objective balanced by long term value equitably for all stakeholders which term includes every one ranging from the Board of Directors, management, shareholders, cane growers, customers, employees and society at large.

Given the fact that the business operations of UGSIL is well diversified, sound governance practices are indispensable for it to build and sustain trust in all its stakeholders.

UGSIL is committed to run its business in a legal, ethical and transparent manner with dedication that originates from the very top and permeates throughout the organisation. Besides adhering to the prescribed corporate practices as per Clause 49 of the Listing Agreement / SEBI (LODR) Regulations, 2015 it voluntarily governs itself as per highest ethical and responsible standards of business.

This chapter, along with the chapters on Management Discussion and Analysis and Shareholders' information reports UGSIL's compliance with Clause 49 of the Listing Agreement / SEBI (LODR) Regulations, 2015 highlighting the additional initiatives taken in line with international best practices.

Corporate Governance Philosophy

UGSIL's philosophy is to constantly achieve business excellence and optimise long term value through ethical business conditions. Being a value driven organisation UGSIL envisages attainment of the highest level of transparency, accountability

and equity in all facets of its operations including everyone it works with, the community it is in touch with and the environment it has an impact on. Strong Governance practices by the Company have boosted the level of stakeholder's confidence testified by improved performance and various recognitions achieved by the Company. This has helped UGSIL to pay uninterrupted value based services to all its stakeholders.

The corporate governance structure in the Company ensures that its Board of Directors is well informed and well equipped to fulfil its overall responsibility by way of providing strategic direction to the senior management, employees, etc. which is the backbone of the ability to meet the aspirations of all stakeholders.

UGSIL's initiatives towards adhering to highest standards of governance include: professionalisation of the Board; fair and transparent processes and reporting systems; and going beyond the mandated Corporate Governance Code requirements of SEBI. At the highest level the Company continuously endeavours to improve upon these aspects on an ongoing basis and adopt innovative approaches for leveraging resources, converting opportunities in to achievements through proper coordination, empowerment and motivation, fostering a healthy all round growth and development to take the Company forward.

The guiding principle is that the while determining qualification, positive attributes and other criteria's, the remuneration and the other terms of employment shall be competitive in order to ensure that the Company can attract and retain competent Executives.

- When determining the remuneration policy and arrangements for Executive Directors/ KMP's and Senior Management personnel, the Remuneration Committee considers pay and employment conditions with peers / elsewhere in the competitive market to ensure that pay structures are appropriately aligned and that levels of remuneration remain appropriate in this context.
- The Committee while designing the remuneration package considers the level and composition of remuneration to be reasonable and sufficient to attract, retain and motivate the person to ensure the quality required to run the Company successfully.
- The Committee while considering a remuneration package must ensure a balance between fixed and incentive pay reflecting short and long term

performance objectives appropriate to the working of the Company and its goals.

- The Committee considers that a successful remuneration policy must ensure that a significant part of the remuneration package is linked to the achievement of corporate performance targets and a strong alignment of interest with stakeholders.

Appointment criteria and qualifications:

1. The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director, KMP or at Senior Management level and recommend to the Board his / her appointment.
2. A person should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person is sufficient / satisfactory for the concerned position.
3. The Company shall not appoint or continue the employment of any person as Whole-time Director who has attained the age of seventy years. Provided that the term of the person holding this position may be extended beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond seventy years.

• TERM / TENURE:

1. Managing Director/Whole-time Director:

The Company shall appoint or re-appoint any person as its Executive Chairman/Chairperson, Managing Director or Executive Director for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

2. Independent Director:

An Independent Director shall hold office for a term as per the applicable laws prevailing from time to time. In accordance with the Companies Act, 2013 and applicable Clauses of the Listing Agreement an Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for re-appointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly. However, if a person who has already served as an Independent Director for 5 years or more in the Company as on 1st October, 2014 or such other date as may be determined by the Committee as per regulatory requirement, he / she shall be eligible for appointment for one more term of 5 years only.

At the time of appointment of Independent Director it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies as an Independent Director and three listed companies as an Independent Director in case such person is serving as a Whole-time Director of a listed company.

- **EVALUATION:**

The Committee shall carry out evaluation of performance of every Director, KMP and Senior Management Personnel at regular interval.

The Committee may also consider the report of evaluation carried out only by Independent Directors while reviewing the performance of Non Independent Directors and the board as whole.

- **REMOVAL:**

Due to reasons for any disqualification mentioned in the Companies Act, 2013, rules made thereunder or under any other applicable Act, rules and regulations, the Committee may recommend, to the Board with reasons recorded in writing, removal of a Director, KMP or Senior Management Personnel subject to the provisions and compliance of the said Act, rules and regulations.

- **RETIREMENT:**

The Director, KMP and Senior Management Personnel shall retire as per the applicable provisions of the Companies Act, 2013 and the prevailing policy of the Company. The Board will

have the discretion to retain the Director, KMP, Senior Management Personnel in the same position / remuneration or otherwise even after attaining the retirement age, for the benefit of the Company.

Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo

Information under Section 134(3)(m) of the Companies Act, 2013 read with Rule, 8 of The Companies (Accounts) Rules, 2014 and forming part of the Directors' Report for the financial year ended 31st March, 2016.

I. Conservation of Energy:

i. The Company continues to take following initiatives to conserve energy during the year 2015-16:

- a) Various machineries and equipment installed during earlier year besides increasing generation of steam tend to reduce consumption of steam and fuel.
- b) Auto control combustion system fitted with all the boilers reduces the consumption of bagasse.
- c) The modified system of heating sugarcane juices and bleeding of vapours for pan boiling is working satisfactorily in the form of considerably reducing consumption of steam and fuel.

The above measures have reduced the consumption of fuel and power substantially and consequently the cost of production.

ii. **Additional investments and proposals, if any, being implemented for reduction of consumption of energy:**

In view of lesser availability of funds, the Company does not intend to commit its already strained financial resources towards implementation of energy reduction programmes though the Company shall

continue to use its existing resources and implement conventional methods to substantially reduce consumption of energy.

iii. **Impact of measures of i and ii above for the reduction of energy consumption and consequent impact on the cost of production of goods.**

None Significant.

II. Research & Development and Technology Absorption

The Company continues to carry out Research and Development in the following specific areas

1) Control of Insect, Pest and Disease

i) **Through Moist, Hot Treatment:** In order to maintain the genetic purity of varieties of Sugarcane, treatment is given to cane seed with moist hot air treatment. It improves the quality and yield of sugarcane. This process shall continue for the future also.

ii) **Chemical Control:** In order to control the Insect, Pest and Borer, insecticide and pesticide is being applied on the crop just before indent of Pest and Borer for its control.

iii) **Biological Control of Bore:** Parasites Trichogramma have been applied in the crop to protect from Insects, Pests and Borers.

2) Ratoon Management

To increase the yield of the Ratoon, farmers are being educated on constant basis to burn the trash in the field, stubbing the plant and giving the proper dose of fertilizers and irrigation. Farmers are educated also to fill the gaps by new and improved plants.

Owing to above efforts, higher yield of disease free cane is being made available to the Company's sugar mills resulting in higher return to cane growers as well as to the Company. This has also contributed to higher recovery of cane.

The Company has not imported any new technology.

The Company had incurred an expenditure on research and cane development amounting to ₹ 210.95 lacs.

III. Foreign Exchange Earnings and Outgo

a) Activities relating to exports, initiatives taken to increase exports	}	Non significant as international sugar price in export market were significantly lower than the domestic prices. Therefore, the export of sugar would not have made any economic sense for the year 2015-16.
b) Development of new export markets for products and services and export plan		
c) Earnings in foreign exchange	-	NIL
d) Expenditure in foreign currency	-	₹ 68.46 lacs

Independent Auditor's Report

To the Members of
Upper Ganges Sugar & Industries Limited
Report on the Financial Statements

We have audited the accompanying financial statements of Upper Ganges Sugar & Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical

requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

BASIS FOR QUALIFIED OPINION

As indicated in Note 14 to the financial statements, the Company continues to carry Deferred Tax Asset (DTA) (net) of ₹ 7,017.61 lacs (after reversal of ₹ 199.75 lacs during the year) up to March 31, 2016, based on the future profitability projections made by the management. In our opinion, in the absence of virtual certainty about the above projections, as required in terms of Accounting Standard - 22, had the above impact been considered, loss for the year would have been ₹ 5,898.35 lacs as against the reported profit of ₹ 1,119.26 lacs and reserves & surplus as at the balance sheet date would have been (-) ₹ 7,239.11 lacs as against the reported figure of (-) ₹ 221.50 lacs.

Our audit opinion on the financial statements for the previous year was also qualified in respect of the above matter.

QUALIFIED OPINION

In our opinion and to the best of our information and according to the explanations given to us, except for the effect of the matter stated in the Basis for Qualified Opinion paragraph, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of

the state of affairs of the Company as at March 31, 2016, of its profit, and its cash flows for the year ended on that date.

EMPHASIS OF MATTER

We draw attention to Note 36 to the financial statements in respect of composite scheme of arrangement to re-structure and de-link the Company's multiple businesses into separate entities w.e.f 1st April, 2015 subject to necessary approvals, more fully described therein. Pending such approvals, no adjustment has been made in these accounts. Our opinion is not qualified in respect of this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure 1 referred to in paragraph 1 under the heading “Report on Other Legal and Regulatory Requirements” of our report of even date to the members of Upper Ganges Sugar & Industries Limited as at and for the year ended March 31, 2016

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) Fixed assets were physically verified by the management during the year in accordance with a planned programme of verifying all of them once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to information and explanations given by the management, the title deeds of immovable properties, included in Fixed Assets are held in the name of the Company except in respect of land aggregating ₹ 25.42 lacs where the title deeds are yet to be executed in favour of the Company. Further, in respect of freehold land and leasehold land aggregating to ₹ 105.21 lacs of Gross Block (Net Block ₹10.66 lacs) as at March 31, 2016, original title deeds were not available with the Company since as explained, the title deeds thereof are lying with the banks as security towards various credit facilities and hence we are unable to comment on the same
- (ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noted on such physical verification except for in one of the units fully detailed in the note 23 to the financial statements which have been properly dealt with in the books of account.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees and securities granted in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable and hence not commented upon.
- (v) In respect of deposits accepted in earlier years and repaid during the year, in our opinion and according to the information and explanations given to us, directives issued by the Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provisions of the Companies Act, 2013, and the rules framed there under, to the extent applicable, have been complied with. We are informed by the management that no order has been passed by the Company Law Board, National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, in respect of its products and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases.
- (b) According to the information and explanations given to us, no undisputed dues in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, service tax, duty on custom, duty of excise and value added tax on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in lacs)	Period to which the amount relates	Forum where dispute is pending

Annexure 2 to the Independent Auditors' Report (referred to in our report of even date to the members of Upper Ganges Sugar & Industries Limited as at and for the year ended 31st March, 2016)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Upper Ganges Sugar & Industries Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of

controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

QUALIFIED OPINION

According to the information and explanation given to us and based on our audit, the following material weakness has been identified as at March 31, 2016:

The Company's internal financial controls over recognition of deferred tax asset and controls over assessing virtual certainty in recognition of deferred tax asset, were not operating effectively which has resulted in material misstatement whereby the Company has recognised deferred tax assets without establishing virtual certainty under Accounting Standard 22 – Accounting for Taxes on Income notified under the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, the Company has, in all material respects, maintained adequate internal financial controls over financial reporting as of March 31, 2016, based on the internal control over financial reporting criteria

established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India, and except for the effects of the material weakness described above on the achievement of the objectives of the control criteria, the Company's internal financial controls over financial reporting were operating effectively as of March 31, 2016.

EXPLANATORY PARAGRAPH

We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act, the standalone financial statements of Upper Ganges Sugar & Industries Limited, which comprise the Balance Sheet as at March 31, 2016, and the related Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information. This material weakness was considered in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2016 standalone financial statements of Upper Ganges Sugar & Industries Limited and has affected our opinion on the standalone financial statements of the company and we have issued a modified opinion on the standalone financial statements dated May 13, 2016.

Notes to Financial Statements

as at and for the year ended 31st March 2016

1. CORPORATE INFORMATION

Upper Ganges Sugar & Industries Limited (the Company) is a public company domiciled in India. Its shares are listed on National, Bombay and Calcutta Stock Exchanges in India. The Company is primarily engaged in manufacture and sale of Sugar and its By-products (Molasses and Bagasse), Spirits including Ethanol, Power and Tea. The Company presently has manufacturing facilities at Seohara, District Bijnor in the State of Uttar Pradesh, at Sidhwalia, District Gopalganj and at Hasanpur, District Samastipur in the State of Bihar and Tea Garden at North Lakhimpur in the state of Assam.

2. BASIS OF PREPARATION

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

2.1 Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period and the results from operations during the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(b) Tangible Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses determined,

if any. The cost comprises the purchase price inclusive of duties (net of CENVAT Credit), taxes, incidental expenses, erection / commissioning expenses and borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the assets to its working condition for the intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significant parts of fixed assets are required to be replaced at intervals, the company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed asset, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of tangible fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Machinery spares which can be used only in connection with an item of tangible fixed asset and whose use as per technical assessment is expected to be irregular, are capitalised and depreciated over the residual life of the respective assets.

(c) Depreciation on Tangible Fixed Assets

The classification of plant and machinery into continuous and non-continuous process is done as per technical certification and depreciation thereon is provided accordingly.

Depreciation on fixed assets is provided under Straight Line basis using the rates arrived at

Notes to Financial Statements

as at and for the year ended 31st March 2016

based on the useful lives estimated by the management. The company has used the following rates to provide depreciation on its fixed assets.

Class of Assets	Useful Lives estimated by the management (Years)
Factory Buildings	5 to 30
Non-factory Buildings	5 to 60
Plant and Equipments	5 to 40
Computer and Data Processing Equipments	3 to 6
Furnitures and Fixtures	10
Vehicles	8 to 10
Office Equipments	5

Depreciation on fixed assets added / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal.

The management has estimated, supported by independent assessment by professionals, the useful lives of certain plant and equipment as 5 to 18 years. These lives are lower than those indicated in schedule II.

Leasehold properties are depreciated over the primary period of lease or their respective useful lives, whichever is shorter.

(d) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets being Specialized Software are amortised on a straight line basis over a period of 5 years.

(e) Leases

Operating Lease

Leases where the lessor effectively retains substantially all the risks and benefits of the ownership of the leased assets are classified as operating leases. Operating lease payments

are recognized as an expense in the statement of profit and loss on straight line basis over the lease term.

Finance Lease

Assets acquired under lease agreements which effectively transfer to the company substantially all the risks and benefits incidental to ownership of the leased items, are capitalized at the lower of the fair value of the leased property and present value of minimum lease payment at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and the reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of their liability. Finance charges are charged directly to the expenses account.

(f) Borrowing Costs

Borrowing cost includes interest, amortisation of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(g) Impairment of Fixed Assets

The carrying amounts of assets are reviewed at each balance sheet date to determine, if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount which is the greater of the asset's net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Notes to Financial Statements

as at and for the year ended 31st March 2016

Depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

(h) Government Grants and Subsidies

Grants and subsidies from the government are recognized when there is reasonable certainty that the grant/subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, it is recognized as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate.

Where the grant or subsidy relates to an asset, its value is deducted from the gross value of the asset concerned in arriving at the carrying amount of the related asset.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of shareholders' funds.

(i) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

(j) Inventories

Raw Materials, components, stores and spares are valued at lower of cost and net realizable value. However, these items are considered to

be realizable at cost if the finished products, in which they will be used, are expected to be sold at or above cost. Cost of raw materials and stores and spares is determined on annual weighted average method / moving average method.

Goods under process, finished goods (including Power Banked), traded goods and standing crops, are valued at lower of cost and net realizable value. Finished goods, Goods under process and Standing Crops include cost of conversion and other costs incurred in bringing the inventories to their present location and condition based on normal operating capacity. Cost is determined on weighted average basis.

By products, Country crop and Saleable scraps, whose cost is not identifiable, are valued at estimated net realizable value.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(k) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, which usually coincides with delivery of the goods. The Company collects Sales Tax(s) and Value Added Taxes (VAT) on behalf of the government and, therefore, these not being economic benefits flowing to the Company. Hence, they are excluded from revenue. Excise duty and Cess deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the period.

Income from Renewable Energy Certificates (RECs) is recognised at estimated realisable value on confirmation of RECs by the concerned Authorities.

Notes to Financial Statements

as at and for the year ended 31st March 2016

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Dividend income is recognized when the shareholders' right to receive the payment is established by the reporting date.

Insurance and other claims, Interest on doubtful loans and advances to cane growers and Compensation receivable in respect of land surrendered to / acquired by the Government due to uncertainty in realisation, are accounted for on acceptance basis.

(l) Foreign Currency Translation

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction, and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange differences

Exchange differences arising on the settlement/ conversion of monetary items are recognized as income or expenses in the period in which they arise.

(m) Retirement and other Employee Benefits

Retirement benefits in the form of Provident and Pension Funds are defined contribution schemes and are charged to the statement of profit and loss of the period when the

contributions to the respective funds are due. The Company has no obligation other than contributions to the respective funds. The Company recognises contribution payable to the provident fund scheme as an expenditure, when an employee renders the selected service.

Gratuity liability being a defined benefit obligation is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year.

Short term compensated absences are provided for based on estimates.

The Company treats accumulated leaves expected to be carried forward beyond twelve months, as long term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The company does not have an unconditional right to defer its settlement for the period beyond 12 months and accordingly entire leave liability is shown as current liability.

Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

(n) Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to tax authorities in accordance with Income Tax Act, 1961 enacted in India. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years.

The deferred tax for timing differences between the book and tax profit for the period is accounted for using the tax rates and laws that have been enacted or substantively enacted as of the reporting date. Deferred tax asset is recognized only to the extent that

Notes to Financial Statements

as at and for the year ended 31st March 2016

there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized. If the company has carry forward unabsorbed depreciation and tax losses, deferred tax asset is recognized only to the extent that there is virtual certainty supported by convincing evidence that sufficient taxable income will be available in future against which such deferred tax asset can be realized.

The carrying amount of deferred tax assets is reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient taxable income will be available in future.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

(o) Segment Reporting Identification of segments

The Company has identified that its operating segments are the primary segments. The Company's operating businesses are organized and managed separately according to the nature of products, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which the customers of the Company are located.

Inter Segment Transfers

The Company accounts for inter segment transfers at mutually agreed transfer prices.

Allocation of common costs

Common allocable costs are allocated to each segment on case to case basis applying the ratio, appropriate to each relevant case. Revenue and expenses which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis are included under the head "Unallocated".

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

(p) Earnings Per Share

Basic Earning per Share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted number of equity shares outstanding during the period.

For the purpose of calculating diluted earning per share, net profit or loss for the period attributable to equity share holders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

(q) Cash and Cash Equivalents

Cash and cash equivalents in the cash flow statement comprise of cash at bank and on hand and short-term investments with an original maturity of three months or less.

Notes to Financial Statements

as at and for the year ended 31st March 2016

(r) Excise Duty

Excise duty is accounted for at the point of manufacture of goods and accordingly, is considered for valuation of stocks as on the reporting date.

(s) Provisions

A provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions made in terms of Accounting Standard 29 are not discounted to its present value and are determined based on the best estimate required to settle the obligation, at the reporting date. These are reviewed at each reporting date and adjusted to reflect the current management estimates.

(t) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

32. SEGMENT INFORMATION

The primary segment reporting format is determined to be business segments as the company's risks and rates of return are affected predominantly by differences in the products produced. Secondary information is reported geographically. The operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Accordingly, the Company has identified "Sugar", "Spirits", "Co-generation" and "Tea" as the operating segments :

Sugar - Consists of manufacture, trading and sale of Sugar, Molasses and Bagasse

Spirits - Consists of manufacture and sale of Industrial Spirits (including Ethanol), Fusel Oil and Bio-Compost

Co-generation - Consists of generation and transmission of Power

Tea - Consist of cultivation, manufacture and sale of tea

Others - Consist of Miscellaneous business comprising of less than 10% revenues.

The Company primarily operates in India and therefore the analysis of geographical segments is demarcated into its Indian and Overseas Operations.

Independent Auditor's Report

To the Members of
Upper Ganges Sugar & Industries Limited
Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Upper Ganges Sugar & Industries Limited (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), comprising of the consolidated Balance Sheet as at March 31, 2016, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms with the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph Other Matters below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

BASIS FOR QUALIFIED OPINION

As indicated in Note 14 to the consolidated financial statements, the Holding Company continues to carry Deferred Tax Asset (DTA) (net) of ₹ 7,017.61 lacs (after reversal of ₹ 199.75 lacs during the year) up to March 31, 2016, based on the future profitability projections made by the management. In our opinion, in the absence of virtual certainty about the above projections, as required in terms of Accounting Standard - 22, had the above impact been considered, there would have been a loss

Independent Auditor's Report

of ₹ 5,545.65 lacs during the year as against the reported profit of ₹ 1,471.96 lacs and reserves & surplus as at the balance sheet date would have been (-) ₹ 4,092.43 lacs as against the reported figure of ₹ 2,925.18 lacs.

Our audit opinion on the consolidated financial statements for the previous year was also qualified in respect of the above matter.

QUALIFIED OPINION

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of consolidated state of affairs of the Group as at March 31, 2016, of their consolidated profit and their consolidated cash flows for the year ended on that date.

EMPHASIS OF MATTER

We draw attention to Note 36 to the consolidated financial statements in respect of composite scheme of arrangement to re-structure and de-link the Company's multiple businesses into separate entities w.e.f 1st April, 2015 subject to necessary approvals more fully described therein. Pending such approvals, no adjustment has been made in these accounts.

Our opinion is not qualified in respect of above matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by section 143(3) of the Act, to the extent applicable, we report that:

- (a) We and the other auditor whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion proper books of account

as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as appears from our examination of those books and the report of the other auditor;

- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss, and consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Group;
- (f) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2016 taken on record by the Board of Directors of the Holding Company and the report of the auditor who is appointed under Section 139 of the Act, of its subsidiary Company, none of the directors of the Group's companies is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act;
- (g) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above;
- (h) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Holding Company and its subsidiary company, refer to our separate report in "Annexure 1" to this report;

(i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group – Refer Note 7 & 35 to the consolidated financial statements;
- ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary.

OTHER MATTER

The accompanying consolidated financial statements include total assets of ₹ 3,339.69 lacs as at March 31, 2016, and total revenues and net cash inflows of ₹ 354.63

lacs and ₹ 35.11 lacs respectively for the year ended on that date, in respect of the subsidiary which have been audited by other auditor, whose financial statements, other financial information and auditor's report have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the reports of such other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements above, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor and the financial statements and other financial information certified by the Management.

Annexure 1 to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Upper Ganges Sugar & Industries Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Upper Ganges Sugar & Industries Limited as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Upper Ganges Sugar & Industries Limited (hereinafter referred to as the "Holding Company") and its subsidiary company, which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal

financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

QUALIFIED OPINION

According to the information and explanations given to us and based on the report issued by other auditor on internal financial controls system over financial reporting in case of its subsidiary company, which is a company incorporated in India, the following material weakness have been identified as at March 31, 2016.

The Holding Company's internal financial controls over recognition of deferred tax asset and controls over assessing virtual certainty in recognition of deferred tax asset, were not operating effectively which has resulted in material misstatement whereby the Holding Company has recognised deferred tax assets without establishing virtual certainty under Accounting Standard 22 – Accounting for Taxes on Income notified under the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the holding company's annual or interim consolidated financial statements will not be prevented or detected on a timely basis.

In our opinion, the Holding Company and its subsidiary company which are companies incorporated in India,

have, in all material respects, maintained adequate internal financial controls over financial reporting as at March 31, 2016, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India, and except for the effects of the material weakness described above on the achievement of the objectives of the control criteria, the internal financial controls over financial reporting were operating effectively in the Holding Company and its subsidiary company which are companies incorporated in India as of March 31, 2016.

OTHER MATTERS

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to the subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, the consolidated financial statements of the Holding Company, which comprise the Consolidated Balance Sheet as at March 31, 2016, and the Consolidated Statement of Profit and Loss and Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, and our report dated May 13, 2016 expressed a qualified opinion.

as at and for the year ended 31st March 2016

1. PRINCIPLES OF CONSOLIDATED FINANCIAL STATEMENTS:

The consolidated financial statements of Upper Ganges Sugar & Industries Ltd. ("the Company") and its subsidiary company (collectively referred as "the Group") have been prepared on the following basis: The consolidated financial statements which relate to Upper Ganges Sugar & Industries Ltd. and its subsidiary company, have been prepared on the following basis

- (a) The financial statements of the company and its subsidiary are consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenditure, after fully eliminating intra group balances, intra group transactions and any unrealized profit / loss included therein in accordance with Accounting Standard (AS-21) "Consolidated Financial Statement".
- (b) The consolidated financial statements have been prepared using uniform accounting policies, except stated otherwise, for like transactions and are prepared, to the extent possible, in the same manner as the company's separate financial statements.
- (c) The difference between the cost of the company's investments in the subsidiary and the equity capital of the subsidiary (as defined in Accounting Standard - 21) as on the date of investment, is treated as Goodwill / Capital Reserve, as the case may be, in the financial statements.
- (d) The Subsidiary Company considered in the financial statements is as follows:

Name	Country of Incorporation	% of ownership/ voting power	
		As on 31.03.2016	As on 31.03.2016
Uttar Pradesh Trading Company Ltd.	India	100	100

- (e) The following Subsidiary Companies and Joint Venture Company were incorporated for the purpose of restructuring as detailed in Note 36. The

Company's investment in the above Subsidiaries and Joint Venture entity will stand cancelled once the order become effective, accordingly the investment is temporary in nature, hence, the above Subsidiaries and Joint Venture entity are not consolidated.

Subsidiary Companies	Ganges Securities Limited Cinnatollah Tea Limited Magadh Sugar & Energy Limited
Joint Venture Company	Avadh Sugar & Energy Limited

2. BASIS OF PREPARATION

The consolidated financial statements of the Group have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the Accounting Standards notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those used in the previous year.

2.1 Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period and the results from operations during the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(b) Tangible Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses determined,

Notes to Consolidated Financial Statements

as at and for the year ended 31st March 2016

if any. The cost comprises the purchase price inclusive of duties (net of CENVAT Credit), taxes, incidental expenses, erection / commissioning expenses and borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the assets to its working condition for the intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significant parts of fixed assets are required to be replaced at intervals, the company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed asset, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of tangible fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Machinery spares which can be used only in connection with an item of tangible fixed asset and whose use as per technical assessment is expected to be irregular, are capitalised and depreciated over the residual life of the respective assets.

(c) Depreciation on Tangible Fixed Assets

The classification of plant and machinery into continuous and non-continuous process is done as per technical certification and depreciation thereon is provided accordingly.

Depreciation on fixed assets is provided under Straight Line basis using the rates arrived at

based on the useful lives estimated by the management. The company has used the following rates to provide depreciation on its fixed assets.

Class of Assets	Useful Lives estimated by the management (Years)
Factory Buildings	5 to 30
Non-factory Buildings	5 to 60
Plant and Equipments	5 to 40
Computer and Data Processing Equipments	3 to 6
Furnitures and Fixtures	10
Vehicles	8 to 10
Office Equipments	5

Depreciation on fixed assets added / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal.

The management has estimated, supported by independent assessment by professionals, the useful lives of certain plant and equipment as 5 to 18 years. These lives are lower than those indicated in schedule II.

Leasehold properties are depreciated over the primary period of lease or their respective useful lives, whichever is shorter.

(d) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets being Specialized Software are amortised on a straight line basis over a period of 5 years.

(e) Leases

Operating Lease

Leases where the lessor effectively retains substantially all the risks and benefits of the ownership of the leased assets are classified as operating leases. Operating lease payments

Notes to Consolidated Financial Statements

as at and for the year ended 31st March 2016

are recognized as an expense in the statement of profit and loss on straight line basis over the lease term.

Finance Lease

Assets acquired under lease agreements which effectively transfer to the company substantially all the risks and benefits incidental to ownership of the leased items, are capitalized at the lower of the fair value of the leased property and present value of minimum lease payment at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and the reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of their liability. Finance charges are charged directly to the expenses account.

(f) Borrowing Costs

Borrowing cost includes interest, amortisation of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(g) Impairment of Fixed Assets

The carrying amounts of assets are reviewed at each balance sheet date to determine, if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount which is the greater of the asset's net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

(h) Government Grants and Subsidies

Grants and subsidies from the government are recognized when there is reasonable certainty that the grant/subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, it is recognized as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate.

Where the grant or subsidy relates to an asset, its value is deducted from the gross value of the asset concerned in arriving at the carrying amount of the related asset.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of shareholders' funds.

(i) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

(j) Inventories

Raw Materials, components, stores and spares are valued at lower of cost and net realizable

Notes to Consolidated Financial Statements

as at and for the year ended 31st March 2016

value. However, these items are considered to be realizable at cost if the finished products, in which they will be used, are expected to be sold at or above cost. Cost of raw materials and stores and spares is determined on annual weighted average method / moving average method.

Goods under process, finished goods (including Power Banked), traded goods and standing crops, are valued at lower of cost and net realizable value. Finished goods, Goods under process and Standing Crops include cost of conversion and other costs incurred in bringing the inventories to their present location and condition based on normal operating capacity. Cost is determined on weighted average basis.

By products, Country crop and Saleable scraps, whose cost is not identifiable, are valued at estimated net realizable value.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(k) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, which usually coincides with delivery of the goods. The Company collects Sales Tax(s) and Value Added Taxes (VAT) on behalf of the government and, therefore, these not being economic benefits flowing to the Company. Hence, they are excluded from revenue. Excise duty and Cess deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the period.

Income from Renewable Energy Certificates (RECs) is recognised at estimated realisable

value on confirmation of RECs by the concerned Authorities.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Dividend income is recognized when the shareholders' right to receive the payment is established by the reporting date.

Insurance and other claims, Interest on doubtful loans and advances to cane growers and Compensation receivable in respect of land surrendered to / acquired by the Government due to uncertainty in realisation, are accounted for on acceptance basis.

(l) Foreign Currency Transactions

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction, and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange differences

Exchange differences arising on the settlement/ conversion of monetary items are recognized as income or expenses in the period in which they arise.

(m) Retirement and other Employee Benefits

Retirement benefits in the form of Provident and Pension Funds are defined contribution

Notes to Consolidated Financial Statements

as at and for the year ended 31st March 2016

schemes and are charged to the statement of profit and loss of the period when the contributions to the respective funds are due. The Company has no obligation other than contributions to the respective funds. The Company recognises contribution payable to the provident fund scheme as an expenditure, when an employee renders the selected service.

Gratuity liability being a defined benefit obligation is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year.

Short term compensated absences are provided for based on estimates.

The Company treats accumulated leaves expected to be carried forward beyond twelve months, as long term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The company does not have an unconditional right to defer its settlement for the period beyond 12 months and accordingly entire leave liability is shown as current liability.

Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

(n) Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to tax authorities in accordance with Income Tax Act, 1961 enacted in India. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years.

The deferred tax for timing differences between the book and tax profit for the period is accounted for using the tax rates and laws

that have been enacted or substantively enacted as of the reporting date. Deferred tax asset is recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized. If the company has carry forward unabsorbed depreciation and tax losses, deferred tax asset is recognized only to the extent that there is virtual certainty supported by convincing evidence that sufficient taxable income will be available in future against which such deferred tax asset can be realized.

The carrying amount of deferred tax assets is reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient taxable income will be available in future.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

(o) Segment Reporting

Identification of segments

The Company has identified that its operating segments are the primary segments. The Company's operating businesses are organized and managed separately according to the nature of products, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which the customers of the Company are located.

Notes to Consolidated Financial Statements

as at and for the year ended 31st March 2016

Inter Segment Transfers

The Company accounts for inter segment transfers at mutually agreed transfer prices.

Allocation of common costs

Common allocable costs are allocated to each segment on case to case basis applying the ratio, appropriate to each relevant case. Revenue and expenses which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis are included under the head "Unallocated".

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

(p) Earnings Per Share

Basic Earning per Share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted number of equity shares outstanding during the period.

For the purpose of calculating diluted earning per share, net profit or loss for the period attributable to equity share holders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

(q) Cash and Cash Equivalents

Cash and cash equivalents in the cash flow statement comprise of cash at bank and on hand and short-term investments with an original maturity of three months or less.

(r) Excise Duty

Excise duty is accounted for at the point of manufacture of goods and accordingly, is considered for valuation of stocks as on the reporting date.

(s) Provisions

A provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions made in terms of Accounting Standard 29 are not discounted to its present value and are determined based on the best estimate required to settle the obligation, at the reporting date. These are reviewed at each reporting date and adjusted to reflect the current management estimates.

(t) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

32. SEGMENT INFORMATION

The primary segment reporting format is determined to be business segments as the company's risks and rates of return are affected predominantly by differences in the products produced. Secondary information is reported geographically. The operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Accordingly, the Company has identified "Sugar", "Spirits", "Co-generation" and "Tea" as the operating segments :

Sugar - Consists of manufacture, trading and sale of Sugar, Molasses and Bagasse

Spirits - Consists of manufacture and sale of Industrial Spirits (including Ethanol), Fusel Oil and Bio-Compost

Co-generation - Consists of generation and transmission of Power

Tea - Consist of cultivation, manufacture and sale of tea

Others – Consist of Miscellaneous business comprising of less than 10% revenues.

The Company primarily operates in India and therefore the analysis of geographical segments is demarcated into its Indian and Overseas Operations.

Sub: Green Initiative in Corporate Communication- Electronic Mode of Service of Documents

The Ministry of Corporate Affairs, Government of India, has by Circular No. 17/2011 dated 21st April, 2011 and another Circular No. 18/2011 dated 29th April, 2011 clarified that a Company will be deemed to have complied with the provisions of the Companies Act, 1956 if it has made service of notices(s)/documents to its shareholders through electronic mode i.e. by e-mail. As a strong supporter of green initiatives and as a responsible corporate citizen, your Company vehemently supports the said clarification. We are sure, that as a responsible shareholder, you too will support this initiative and get yourselves registered for getting all corporate communications in electronic form from the Company. By registering yourself with the Company for e-communication, you will be able to receive such notice(s)/document(s), etc., promptly and without there being a chance of loss of the same in postal transit.

It is therefore proposed that henceforth documents Notices of Meetings, Annual Reports, Directors' Reports, Auditors' Report and other shareholder communications will be sent electronically to the e-mail id provided by you and made available with the Company by the Depositories viz., NSDL/CDSL. All those shareholders of the Company who have so far not provided their e-mail ids to the Company are requested to do so. All those shareholders who have already provided their e-mail ids to the Company are requested to keep their Depository Participants (DPs) informed of changes, if there be any, in their e-mail ids.

For shares held in physical form, shareholders can either register their e-mail ids with the Company at birlasugar@birla-sugar.com mentioning their name(s) and folio no. or intimate their e-mail ids to the Company's Registrar & Share Transfer Agent M/s Link Intime India Private Limited at the following address:
