MANAGEMENT DISCUSSION AND ANALYSIS (MD&A):

Overall Review

The financial year 2016-2017 was not at all a good one for the financial market. The second advance estimates of national income forecast by the Central Statistics Office released on 28 February 2017 suggest a real GDP growth of 7.1% for FY2017; and a real gross value added (GVA) growth of 6.7%. Both estimates are significantly lower than what the economy achieved in the previous year. The Government's decision of demonetization has its effect on the economy in the second half of the FY2017. However the continuing positive action of the Government may bring the positives out and that could be seen in the financial market and the economy in the FY 2018.

Industry Structure and Development

The NBFC sector has been steadily gaining systematic importance with increase in assets from less than 11% of banking assets in FY 2009 to over 14% now. NBFC have been growing at a faster rate due to a smaller base and also due to their ability to structure transactions to satisfy specific customers need. It could also control the assets quality because of availability of better collateral cover. NBFC continue to be an important source of capital for borrowers.

Opportunities and Threats

We believe that despite the current headwinds, the long term India growth story is intact and the recent improvement in the economy augurs well for financial services firm like Ken. We believe the policy liberalization and forward looking regulatory changes will help market grow in size, thus making available wider opportunities for providers of financial service. Poor monsoon than expected and slower than expected push to reforms are perceived to be threats for growth of financial service Sector in India.

Segment-wise/Product-wise Performance

Your Company has only one reporting segment. The revenue for the year was Rs. 30.99 lakh and the profit after tax was Rs. 0.33 lakh.

Outlook

The markets presently are subdued and how sooner it will revive is not easy to predict. However, with the industry's increasing preparedness, the evolving opportunities can be better harvested.

Risk and Concern

In recent months inflation has shown an upward trend, which could pose a risk, should it not be tamed quickly. The Government should continue its initiative of Ease of Doing Business. During the year your Company under its well planned and defined risk management policy gave attention to all the risk areas. The Board of Directors is apprised of the development in risk management in periodical meetings where the quarterly results are approved.

Internal Control System

Your Company has a planned internal control system through internal checks and reviews it periodically to strengthen it and safeguard Company's assets. Management Information System is given upmost importance.

Financial Performance w.r.t. Operational Performance

During the year under review, the Company has earned Total Revenue of Rs. 30.99 lakh as compared to Rs. 15.75 lakh earned during the previous year. The Company has earned net profit after tax of Rs. 0.33 lakh as to net profit of Rs. 2.74 lakh earned during the previous year. The profitability has declined mainly due to increase in expenditure during the year. The operational performance has shown some improving sign.

Safety, Health and Environment

Your Company as a matter of policy gives greater importance to safety, health and environment and also ensures compliance with applicable legislative requirements.

Human Resources

Your Company recognizes the importance of Human Resource in achieving its objectives and strategies as human resource plays an important role in the success and growth of Company. Your company gives priority in honing and utilizing their skills through in house training programs.

Cautionary Statement

The report contains forward looking statements describing expectations, estimates, plans or words with similar meaning. Your Company's actual result may differ from those projected depending on various factor. Your Company cannot guarantee that the assumptions and estimates in the forward looking statements are accurate or will be realized.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of KEN Financial Services Limited ("the Company") as of 31 March 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the

transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
