MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. INDUSTRY STRUCTURE & DEVELOPMENT

The business of the Company is that of a Non Banking Finance Company (NBFC). Non Banking Financial Companies (NBFCs) play a crucial role in broadening access to financial services, enhancing competition and diversification of the financial sector.

Banks and NBFCs compete for similar kinds of business. In spite of strong competition, the inner strength of NBFCs viz local knowledge, credit appraisal skill, well trained collection machinery, close monitoring of borrowers and personalized attention to each client, are catering to the needs of small and medium enterprises in the rural and semi urban area.

Non Banking Financial Companies (NBFCs) have become an integral part of India's financial system. In recent times, NBFC's have emerged as lenders to both

Explicit Finance Limited

companies and individuals. When it comes to lending, NBFCs are generally regarded to be complementary to banks and are often able to offer better services and products to their customers.

B. OPPORTUNITIES & THREATS

Your Company is mainly engaged in the business of Finance and Investment in Capital Market. Business opportunities for Finance Companies are enormous as the new areas and segments are being explored. There is a large scope of small size Finance & Investment Companies like ours, for certain segment of customers, which remain unserved by Banks and large size Investment & Finance Companies.

The major threat being faced by Investment & Finance Companies are regulatory changes in NBFCs, Interest Rate hikes by RBI, high Inflation, aggressive marketing of banks and volatility in global equity and commodity market.

C. RISKS AND CONCERNS

Your company's performance to a large extent depends upon scenario of the capital markets, finance scenario, RBI policies, industry performance and the general economic outlook of the country. The volatility in the stock Market, rate of interest and GDP would affect the profitability of the company.

D. OUTLOOK

As there was slowdown in the global economy, NBFCs had encountered structural challenges such as increased refinancing risk, short-term asset liability mismatch leading to decelerating growth and declining margins. This had a bearing on the profitability of NBFCs in the medium term. But it has been estimated, that in the long run there are vast opportunities for all NBFC's. Hence, the company is expecting to improve its performance and profitability in years to come and maintain its previous position.

E. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Internal Control measures and systems are established to ensure the correctness of the transactions and safe guarding of the assets. The control systems set on place are checked and further supplemented by MIS which provided for planned expenditure and information on disposal and acquisition of assets.
