(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Super Bakers (India) Limited (“the Company”) as of 31st March, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the period ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (“the Act”).

**Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (‘the Guidance Note’) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Notes on Financial Statement for the Year ended March 31, 2018****1. Basis of preparation****i. Compliance with Ind AS**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

For all periods up to and including the year ended 31 March 2017, the Company prepared its financial statements in accordance with accounting standards notified under Companies (Accounting Standard) Rule, 2006 (Indian GAAP). These financial statements have been prepared in accordance with Ind-AS 101, "First Time Adoption of Ind-AS", as these are the Company's first Ind-AS compliant Financial Statements for the year ended March 31, 2018.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presented in Indian Rupee ('INR') which is also the functional and presentation currency of the company.

**ii. Historical cost convention**

The financial statements have been prepared on a historical cost basis.

**iii. Use of estimates**

In preparing the financial statements in conformity with accounting principles, management is required to make estimates and assumptions that may affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of financial statements and the amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. Any revision to such estimates is recognised in the period the same is determined.

**2. Revenue recognition**

Revenue is recognised at the fair value of the consideration received or receivable. The amount disclosed as revenue is inclusive of excise duty and net of returns, trade discounts.

The company recognizes revenue when the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the entity.

**Sale of products**

Timing of recognition- Revenue from sale of products is recognised when significant risks and rewards in respect of ownership of products are transferred to customers based on the terms of sale.

Measurement of revenue- Revenue from sales is based on the price specified in the sales contracts, net of all discounts and returns at the time of sale.

Revenue from interest is recognized on accrual basis.

**3. Foreign currency translation****i. Presentation Currency**

The functional currency of the company is Indian rupee. These financial statements are presented in Indian rupee.

**ii. Transactions and balances**

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

#### **4. Property, plant and equipment**

Tangible fixed assets are carried at cost of acquisition less accumulated depreciation. The cost of an item of tangible fixed asset comprises its purchase price, including import duties and others non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Tangible fixed assets under construction are disclosed as capital work in progress.

##### **Recognition:**

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if:

- (a) it is probable that future economic benefits associated with the item will flow to the entity; and
- (b) the cost of the item can be measured reliably.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

#### **5. Intangible assets**

Intangible assets are stated at cost less accumulated amortisation and net of impairments, if any. An intangible asset is recognized if it is probable that the expected future economic benefits that are attributable to the asset will flow to the company and its cost can be measured reliably. Intangible assets are amortised on straight line basis over their estimated useful lives.

#### **6. Depreciation and amortization expenses**

Depreciation on tangible fixed assets and amortisation of intangible fixed assets is provided on the straight line method, as per useful life prescribed in Schedule II to the Companies Act, 2013.

Depreciation on additions is provided on a pro-rata basis from the month of acquisition/installation. Depreciation on sale/deduction from fixed assets is provided for up to the date of sale/adjustment, as the case may be.

#### **7. Income tax**

Income tax expense represents the sum of current and deferred tax (including MAT). Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and

writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

#### **8. Borrowing costs**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of respective assets during the period of time that is required to complete and prepare the asset for its intended use. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred.

#### **9. Inventories**

Raw materials and stores, work-in-progress, traded and finished goods are stated at the lower of cost and net realizable value. Cost of raw materials and traded goods comprise of cost of purchase. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the later being allocated on the basis of normal operating capacity. Cost of inventories also include all other cost incurred in bringing the inventories to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### **10. Government grants**

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit and loss on a straight line basis over the expected lives of the related assets and presented within other income.

The benefit of a government loan at below current market rate of interest is treated as a government grant.

#### **11. Provisions, contingent liabilities and contingent assets**

A provision is recognized when there is a present obligation as a result of past event and it is probable that there will be an outflow of resources in respect of which a reliable estimate can be made. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognised.

#### **12. Earnings per share**

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value.

### **13. Impairment of assets**

#### **(i) Financial assets**

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

#### **(ii) Non-financial assets**

The carrying amounts of assets are reviewed at each balance sheet date in accordance with Ind AS 36 'Impairment of Assets', to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

### **15. Employee benefits**

#### ***Short-term obligations***

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

#### ***Post-employment obligations***

##### **(a) Defined benefit plans**

###### **Gratuity obligations & Leave encashment on termination of service**

*The liability in respect of Gratuity and Leave encashment are not ascertained actuarially and not provided for, the effect of which on accounts is not material.*

##### **(b) Defined contribution plans**

###### **Provident Fund**

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

The Company also assesses the creditworthiness of the customers internally to whom goods are sold on credit terms in the normal course of business. The credit limit of each customer is defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any shipments to overseas customers are generally covered by letters of credit.

The Company has not considered an allowance for doubtful debts in case of trade receivables that are past due but there has not been a significant change in the credit quality and the amounts are still considered recoverable.

**Notes to the reconciliation of equity as at 1st April 2016 and 31st March 2017 and Total comprehensive income for the year ended 31st March 2017****(i) Preference shares considered as borrowings:**

Cumulative redeemable preference shares issued by the Company have been classified as borrowings and recognized at amortised cost on transition date as against part of Equity share capital under previous GAAP. The difference on the transition date has been recognized in opening retained earnings net of related deferred taxes. Interest charge at effective interest rate on such borrowings has been recognized as finance cost in subsequent periods as against appropriation of dividend at coupon rate from reserves under the previous GAAP.

**(ii) Financial liabilities and related transaction costs**

Borrowings and other financial liabilities which were recognized at historical cost under previous GAAP have been recognized at amortised cost under IND AS with the difference been adjusted to opening retained earnings. Under previous GAAP, transaction costs incurred in connection with borrowings were charged to statement of profit and loss. Under IND AS, transaction costs are deducted from the initial recognition amount of the financial liability and charged over the tenure of borrowing using the effective interest method.

**(iii) Excise duty:**

Under previous GAAP, revenue from sale of goods was presented net of excise duty whereas under IND AS the revenue from sale of goods is presented inclusive of excise duty. The excise duty is presented on the face of the Statement of Profit and Loss as part of expenses.

**(iv) Fair valuation of investments**

Investments in equity investments have been measured at fair value through other comprehensive income (FVTOCI). The difference between the fair value and previous GAAP carrying value on transition date has been recognized as an adjustment to opening retained earnings / separate component of other equity.

**(v) Financial assets at amortised cost**

Certain financial assets held on with an objective to collect contractual cash flows in the nature of principal and interest have been recognized at amortised cost on transition date as against historical cost under the previous GAAP with the difference been adjusted to the opening retained earnings.

**(vi) Defined benefit liabilities**

Under IND AS, Remeasurements i.e. actuarial gains and losses and the return on plan assets are recognized in other comprehensive income instead of profit or loss in previous GAAP.

32 Previous year figures have been regrouped/rearranged, wherever considered necessary to conform to current year's classification.
