CHAIRMAN'S STATEMENT

It gives me immense pleasure to interact with you once again through the foreword to the 16th Annual Report for the year ended 31st March, 2011.

We are looking forward to 2011-12 as a very exciting year in terms of growth. The overall Media and Entertainment Industry in India is expected to grow at a compounded annual growth rate (CAGR) of 14 percent per annum. The year 2011-12 is likely to witness the increasing penetration of traditional and new media. Factors like potential for penetration of different mediums, greater segmentation of audiences and catering to individual niches, growth expected from regional markets, government and industry players, push for digitization, increasing mobile and broadband penetration are pointing towards a very promising future for the whole industry.

From a content provider's perspective, Content production is expected to grow at a CAGR of 15-20 % p.a. over the next two years. Growth is expected to be driven due to an intrinsic need for differentiated content across the growing number of channels competing in the broadcasting space. The advent of convergence i.e. merging of customer end devices like PC's, Mobiles, tablets into a converged communication channel as well as the advent of 3G is likely to bring in content evolution.

Your company is rightly positioned and is closely watching the developments in the sector. Strategic initiatives are being road mapped to consolidate our position through its wholly owned subsidiaries and group companies.

Mastiii, a music and humour television channel launched in July 2010 by TV Vision Ltd. (wholly owned subsidiary company) consistently continues to dominate & maintain its leadership position in the csm 15+ HSM markets. The channel recorded one of the fastest growths to the leadership position in the history of Indian Broadcasting in recent times. Mastiii continues to grow from strength to strength.

In keeping with the company's strategic expansion policies, the group has also launched two more television channels **Dabangg** & **Dhamaal** in February 2011 through HHP Broadcasting Services Private Limited and UBJ Broadcasting Pvt. Ltd. (step down subsidiaries) respectively. Both channels are positioned as India's first Hindi regional general entertainment channel in encrypted form. **Dabangg** is specifically targeting and available to the territory of Uttar Pradesh, Bihar, Jharkhand and Uttarakhand. **Dhamaal** is specifically targeting and available to the territory of Madhya Pradesh, Rajasthan and Chhattisgarh. Apart from opening up newer avenues in terms of local and retail revenues, the model has got potential to redefine the broadcasting space.

Your company is also well positioned to leverage on content syndication opportunities likely to be witnessed due to the constantly increasing players in the broadcasting space, with its own library of more than 4000 hours across various genres. Apart from the same, the company sees sizeable revenue and is in the process of identifying partners to take the channels into the International arena. The company is also conducting feasibility studies to tie up its content with various digital platforms and increase its bottom line.

To conclude, I wish to place on record my appreciation for the support extended to the company by its advertisers, producers, artistes, bankers, shareholders and creditors. I also place on record my appreciation for the support extended by the staff to enable the company to have broader vision and step further confidently.

With warm regards,
