While the provisions of Section 293(1)(d) of the erstwhile Companies Act, 1956 required the Companies to pass an Ordinary Resolution for approving the borrowing limits, the provisions of Section 180(1)(c) of the Companies Act, 2013, requires a Special Resolution to be passed for borrowing funds.

The Ministry of Corporate Affairs had, vide its Circular No. 4/2014 dated March 25, 2014, clarified that the Ordinary Resolution passed under Section 293 of the Companies Act, 1956 prior to September 12, 2013 with reference to borrowings of the Company will be regarded as sufficient compliance of the requirements of Section 180 of the Companies Act, 2013 for a period of one year from the notification of Section 180, i.e. September 12, 2013. Thus, the Ordinary Resolution passed by the Company at the 14th Annual General Meeting held on October 31, 2008 would be applicable and operative till September 11, 2014 and hence, it is necessary for the Company to pass a Special Resolution under the provisions of Section 180(1)(c) to ensure continuous compliance pertaining to borrowing of funds.

The Board recommends passing of Resolution No. 8 as contained in the Notice for the approval by the Members as Special Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution.

Item No. 9 and 10:

The Company had conducted postal ballot procedure under the then applicable Section 192A of the erstwhile Companies Act, 1956, read with the Companies (Passing of the Resolution by Postal Ballot) Rules, 2011, for seeking approval of the Members for the following:

- i) Increasing the Authorised Share Capital of the Company from ₹ 4,00,00,000/- (Rupees Four Crores Only) divided into 40,00,000 (Forty Lacs) Equity Shares of ₹ 10/- (Rupees Ten only) to ₹ 45,00,00,000/- (Rupees Forty Five Crores only) divided into 50,00,000 (Fifty Lacs) Equity Shares of ₹ 10/- (Rupees Ten only) each and 4,00,00,000 (Four Crores) Preference Shares of ₹ 10/- (Rupees Ten only) each and consequent alteration of Memorandum of Association of the Company;
- ii) Issue of 4,00,00,000 (Four Crores) Preference Shares of ₹10/- (Rupees Ten only) on preferential basis to Awaita Properties Private Limited, Promoter of the Company.

The Postal Ballot Resolutions were passed with requisite majority of Members on April 12, 2013.

The Board of Directors of the Company, in the Board Meeting held on March 31, 2014, decided to rescind the aforesaid decisions with a view that increasing Authorised Share Capital will not benefit the Company for time being and therefore it was not to go ahead for the said resolutions passed through postal ballot.

The Board recommends passing of Resolution No. 9 and 10 as contained in the Notice for the approval by the Members as Special Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

The new government led by Mr. Narendra Modi has outlined a 10-point plan to revive the Indian economy, prioritizing infrastructure and investment reform, the prompt resolution of inter-ministerial issues, efficient policy execution and government policy stability. Although the government budget released in July was wanting in detail on structural reform, greater political certainty should be more conducive to investment across a variety of sectors.

While India Inc maintains its growth forecast for FY 2014 at 5.5%, the expectation for FY 2015 is more upbeat at 6.0% to 6.3% for FY2015 as anticipated reforms bear fruit (Source: ADB 2014 Asian Development Outlook 2014 Supplement).

The Indian economy stands at a critical juncture today. It has successfully tackled some macroeconomic problems such as the widening of twin deficits and currency depreciation. But equally challenging problems in the form of a growth slowdown and rising food inflation persist. While, the new government seems to have to hit the ground running on economic policy in order to provide confidence to investors, aggressive action is required to put the economy back on track.

It is interesting to point out that, while banks struggle to control the gross NPA ratio, NBFCs have been faring consistently better over the past decade. The outlook for NBFCs continues to remain stable despite expectations for a stringent regulatory environment.

2. OPPORTUNITIES AND THREATS

Reports from the World Bank indicate that Non Banking Financial Institutions act as a crucial support system contributing to macroeconomic stability and sustained economic growth and prosperity, owing to their ability to finance firms and individuals at a reasonable cost, reduce volatility by providing alternate sources to finance.

The Company is examining various new avenues of business in financial activities. The present business of your Company is investment and financing. The Company intends to diversify its activities into education related business and financing.

The biggest challenge before NBFCs is the stiff competition from banks and financial institutions, due to their ability to raise low cost funds which enables them to provide funds at much cheaper rate. Besides, increased purview of monitoring by regulatory authorities increase the threat of losing the essence of NBFCs.

Current Investments are stated at lower of cost or market value.

f. Revenue Recognition

Significant items of Income and Expenditure are recognised on accrual basis, except those with significant uncertainties.

Dividend income on investments is accounted for when the right to receive the payment is established by Balance Sheet date.

Income on NPI is recognised on realisation.

g. Employee Benefits

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Profit and Loss Account for the year in which the related service is rendered.

Post employment and other long term employee benefits are recognized as an expense in the Profit and Loss Account for the year in which the employee has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques. Actuarial gains and loss in respect of post employment and other long term benefits are charged to the Profit and Loss Account.

h. Provision for Current and Deferred Tax

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961. Deferred tax resulting from "time differences" between taxable and accounting income is accounted for using the tax rates and laws that are enacted or substantively enacted as on Balance Sheet date. The effect of deferred tax asset & liabilities of a change in tax rates is recognised in the Profit & Loss Account in the year of change.

NOTES ON CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR MARCH 31, 2014

i. Earnings per share

Basic Earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

j. Derivative Instruments

Derivative financial instruments are initially recorded at their fair value on the date of the derivative transaction and are re-measured at their fair value at subsequent Balance Sheet dates. Changes in the fair value of derivatives are recorded in the Profit & Loss Account.
