Letter to Stakeholders

Dear Stakeholders,

It gives me a great pleasure to present the financial report of your company for the year 2015-2016.

In this year where global economic activity remained on a slower trajectory and Indian economy showing vivacity with growth coming in at 7.6% your company has never ceased to move towards development, progress and success in the multifaceted directions of sectors the company is into.

Given the present economic scenario with muted agriculture growth, India's domestic consumption remained strong on the back of favorable demographics. Infrastructure is the backbone of the country's economic growth and has been fueling it for the past one decade or so. The increasing population, rapid urbanization and industrialization are the driving forces for investment in the infrastructure development in the coming years.

The thrust of such opportunities, which have emerged in the present circumstances, has had a great impact on your company, and has lead to winning of new projects worth 272 crores including projects in hydro mechanical works worth Rs. 106 crores in this year. With the state of affairs on economic front and our preparedness, we are well placed for the forthcoming cycle of growth.

Your company is a leading player in the hydro mechanical segment but is constantly looking for growth opportunities through organic or inorganic ventures to enhance shareholders value. Your company had already made opportunistic investments in residential projects and industrial land bank which will yield strong cash flows.

Going ahead with this thought the company has entered into developing of infrastructure for the proposed Ujjain Smart City and venturing into manufacturing of closure for water PET bottles and Carbonated Soft Drinks (CSD). We are confident that this venture is going to boost the forthcoming cycle of growth.

In the midst of development, your company took its responsibility towards the society and environment. The Company has always been a place of continued innovation and hard work and will continue to do so with the same attitude for the foreseeable future.

I feel honored to say that all the above would not have been possible if we, at OM Metals Infraprojects Limited, did not have a strong team of Engineering and Management staff. Our promotion of young talent has resulted in gathering an excellent team of professionals who brought their comprehensive expertise to benefit our company. We truly believe that, a company's strength and success lies on the hands behind it. Therefore, we have ensured that our young employees gain ample opportunities for personal and professional growth.

Therefore, I take this opportunity to thank every stakeholder of OM Metals who plays an integral part in our success and our constant effort towards making a difference.

We would also like to place on record our renewed appreciation for unending trust and support of our customers, shareholders, lenders and vendors shown towards the company.

On your behalf as well as on behalf of the Board of Directors, I whole heartedly admire the integrated efforts of the employees of OM Metals Infraprojects Limited on another impressive performance and pursuing their goal to establish trust amongst you during the year FY16. I would like to thank all of you for your constant presence and garnered interest in the Company.

We look forward to a successful year ahead!

Thank you

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL ECONOMY

In this year global economic activity remained subdued with growth in emerging market and developing economies that accounts for over 70 percent of global growth declined for the fifth consecutive year. However modest recovery continued in advanced economies.

The key transitions that continue to influence the global outlook:

- Gradual slowdown and rebalancing of economic activity in China away from investment and manufacturing toward consumption and services
- Lower prices for energy and other commodities
- Gradual tightening in monetary policy in the United States in the context of a resilient U.S. recovery as several other major advanced economy central banks continue to ease monetary policy

The advanced economies are projected to rise by 0.2 percentage point in 2016 to 2.1 percent, and hold steady in 2017. The overall activity in the United States remains resilient, supported by still-easy financial conditions and strengthening housing and labor markets, but with dollar strength weighing on manufacturing activity and lower oil prices curtailing investment in mining structures and equipment. In the euro area, stronger private consumption supported by lower oil prices and easy financial conditions is outweighing a weakening in net exports. Growth in Japan is also expected to firm in 2016, on the back of fiscal support, lower oil prices, accommodative financial conditions, and rising incomes.

In the emerging market and developing economies the growth is projected to increase from 4 percent in 2015—the lowest since the 2008–09 financial crisis—to 4.3 and 4.7 percent in 2016 and 2017, respectively. However on the positive side, India remains a bright spot with strong growth and rising real incomes. The ASEAN-5 economies—Indonesia, Malaysia, Philippines, Thailand and Vietnam—are also performing well. Countries like Mexico, Central America and the Caribbean are beneficiaries of the U.S. recovery and in most cases the lower oil prices.

INDIAN ECONOMY

Amidst the low global growth environment, the Indian economy showed resilience and grew by 7.6% for the year 2015-16, driven mainly by the service sector. Agriculture, Forestry and Fishing sector, which employs more than 50% of labour force of the country grew by 1.2%. Despite a muted agricultural growth occasioned by poor monsoons, India's domestic consumption remains strong on the back of favorable demographics. India has been a beneficiary of low oil prices which has helped to improve the Government's fiscal position and has improved the profitability of PSU oil & gas marketing companies. Decline in the oil prices also underpinned lower Inflation by offsetting higher food inflation caused by poor monsoon in the previous year. Consequently, RBI has reduced interest rates by 75 basis points during 2015-16 as compared to 50 basis points in 2014-15. The INR has depreciated against the US Dollar by around 6.5% (from a level of 62 to a level of 66) during 2015-16. FII flows were net negative in Debt & Equity markets in 2015-16 echoing the anticipation of interest rate hikes by the US Fed. China's currency devaluation stance added to weakness of the INR. The fall in commodity prices has also had a negative impact on the Indian economy in terms of reduced profitability of metal and mining companies leading to financial stress of several businesses. This has resulted in a curtailment of fresh capital investments and some defaults in servicing debt obligations. Capital investment spending in India has been muted. There is a strong intent from the Government to push investments and growth. However, policy implementation is progressing at a measured pace. 2016-17 appears more promising mainly due to the expectations of a good monsoon and revival of the investment cycle led by favorable government policies such

as increased budgetary allocations on infrastructure projects, pushing investment through cash rich PSUs, thrust on 'Make In India', increased drive on building a strong domestic manufacturing base for Defence equipment, emphasis on increasing investments in nuclear power, initiatives to revive weak state power distribution utilities through the 'UDAY' scheme, focus on build out of Smart Cities, 'Power for All' programs and robust plans to increase investments in metro rails and roads. It is also expected that the GST Bill will be passed in parliament in 2016-17.

BUSINESS SEGMENTS

The Company's business is broadly classified as Engineering & Infrastructure and Real Estate Development

Engineering

OMIL, India's leading Hydro-Mechanical Engineering Company whose Primary focus is on Engineering Construction for dams and Irrigation Projects. It offers turnkey solutions from Designing to commissioning of Hydro-mechanical equipments. The Company has executed more than 60 hydropower projects till now and currently executing projects for ~2,000 MW across Hydro-power projects. The Company has also executed one of the world's largest Vertical Lift gates at Koldam Electronic Project in Himachal Pradesh and one of the World's largest Radial gates at Gosikhurd, Maharashtra.

The company this year has won Hydro Mechanical works project worth Rs. 105.91 crores. Project is for hydro mechanical works of Vyasi HE Project in Dehradun district, Uttarakhand, Awarded by Uttarakhand Jal Vidyut Nigam Limited (UJVN Limited) and has to be executed over a period of 25 months.

Hydro mechanical projects contributes 70% to the Company's unexecuted order book of Rs. 936 crores as on 31st March 2016. The top 5 Unexecuted Order Book of the company is as follows

Project	State	Amount (Rs in Crores)
Kachh Branch Canal Power House Project From SSNL	Gujarat	198
Rampur Barrage	Uttar Pradesh	193
Ujjain Smart City Project	Madhya Pradesh	166
Pallacia Project	Rajasthan	130
Hydro-Mechanical Works of Vyasi H.E.	Uttarakhand	106
Others	-	109
Total		902

Your company in the coming years is set to benefit from the focus of the government on the power sector. The all india installed power generation capacity as on 30.11.2015 is 2,82,023.39 MW comprising of 1,96,204.44 MW Thermal, 42,623.42 MW Hydro, 5,780.00 MW Nuclear and 37,415.53 MW R.E.S. Capacity addition target for the year 2015-16 is 20,037.10 MW. As against it, a capacity of 8,946 MW has been added till 30.11.2015.

The target for hydro power in the 12th plan is 10,897 MW out of which only 3,811 MW has only been achieved in FY2016. Government is expected to take initiatives to harness more out of the hydro power generation

segment as 70% of the target is to be achieved in FY2017. Few of the initiatives taken are

- Himachal Pradesh government has recently drawn up plans for putting the hydropower projects under execution on fast track to harness over 13,500 mw. The state has so far harnessed 10,264 mega watt power, out of which 830 mega watt was harnessed during the year 2015-16. Projects with 265 mw potential are being exploited in state sector. The state has taken measures to avoid delays in execution of power projects due to time consumed in obtaining various clearances and thus time-lines have been prescribed under the HP Public Services Guarantee Act.
- Government of Himachal Pradesh, NTPC Ltd. & NHPC signed an MoU for setting up Hydro Engineering College in the State of Himachal Pradesh where this college will provide great opportunity to strengthen hydro capacity of the state

Real Estate Development

The real estate sector is one of the most globally recognised sectors. In India, real estate is the second largest employer after agriculture and is slated to grow at 30 per cent over the next decade. The Company has Opportunistic Investments into Residential Projects and Industrial Land bank yielding strong Cash flows. Your company with its subsidiaries & Joint ventures has the following real estate projects

Real Estate Project Details

Project	<u>Location</u>	<u>Partner</u>	<u>Project Type</u>	<u>No. of Units</u>	<u>Project Area Sq.ft. (OMIL Share)</u>	<u>Status</u>

Faridabad	8,000	Located on main Mathura Road, New Delhi
VKIA Jaipur	28,000	In Industrial Area at Prime Location
Kota (Institutional Land)	40,000	In the centre of Kota City

The Indian real estate market is expected to touch US\$ 180 billion by 2020. The housing sector alone contributes 5-6 per cent to the country's Gross Domestic Product (GDP). In the period FY08-20, the market size of this sector is expected to increase at a Compound Annual Growth Rate (CAGR) of 11.2 per cent.

The Government of India along with the governments of the respective states has taken several initiatives to encourage the development in the sector. The Smart City Project, where there is a plan to build 100 smart cities, is a prime opportunity for the real estate companies. Below are some of the other major Government Initiatives:

- The Make in India initiative has helped to accelerate leasing of commercial property by the manufacturing

sector, which has outpaced the Information Technology (IT) sector by registering two-fold increase in office transacted space in the first six months of 2016

- Brihanmumbai Municipal Corporation (BMC) has introduced a single-window clearance for construction which will cut the time taken for getting approvals for a building project and lead to correction in prices of residential property, thereby giving a fillip to Mumbai realty
- The Government of Maharashtra announced a series of measures to bring transparency and increase the ease of doing business in the real estate sector

OPPORTUNITIES AND THREATS

Infrastructure Development has been fuelling India's economic growth over the past decade or so. Increasing Population, rapid industrialization and urbanization as well as global trade are driving demand for consistent investment and the infrastructure development. Recognizing these requirements, the Government plans to invest INR 56.3 trillion in infrastructure during the 12th Five year plan (2012-17) at approximately 50% of the investment are to be contributed by the private sector. Considering this potential opportunity in infrastructure segment, the EPC sector is likely to be benefited. The construction industry as a whole and the infrastructure sector, in particular, are currently on a cross road in the country as interest from private sector has declined significantly in the last couple of years due to economic slowdown and a legacy of unresolved challenges. Issues impacting projects right from planning to operation stage have made several of them unviable. Significant cost overruns, regulatory bottlenecks and aggressive bidding positions taken by a few market players are some of the key concerns affecting the EPC sector. Moreover, with increasing working capital requirement and the resultant increase in leverage, the construction player are lacking with limited opportunity to raise further capital to fuel growth in current scenario. Therefore, the sectors are reeling under significant liquidity constraints.

Growth of the Company's order book, project profitability and ability to raise funds depend significantly on the economy. Unfavourable events in the Indian economy can affect investor sentiment and in turn impact project life cycle and its profitability. Competition from a broad range of small time Infrastructure Companies, unstable political environment and changes in Government policy / regulatory framework could impact the Company's operations.

However, the new Government has the ball rolling once again with several announcements to reform the sector and boost investor sentiments. It has led down its agenda to resurrect infrastructure development. Bids are being invited again for stalled projects and new infrastructure projects have been announced including smart cities, high speed rail corridors, Greenfield Airports, Greenfield major Ports, Port- based SEZ's and housing for all by 2022.

BJP government's 'Make in India' campaign has got the attention of several infrastructure and engineering Multi Nationals. Current spending on engineering services is projected to increase to US\$ 1.1 trillion by 2020. Investment is expected to reach 10 per cent of GDP by 2016-17. Going forward in the XII Plan period (2012-17), the Government is expecting about half of the total investment requirement of US\$ 970 billion in the infrastructure India is blessed with immense amount of hydro-electric potential and ranks 5th in terms of exploitable hydro-potential on global scenario. As per assessment made by CEA, India is endowed with economically exploitable hydro-power potential to the tune of 1,48,700 MW of installed capacity.

FUTURE OUTLOOK

Your Company sees good prospects in the domestic economy with the thrust on infrastructure development. The Company has invested in building up the capacities over the years and has also mapped the emerging opportunities with the internal capabilities. Increase in the pace of implementation of various initiatives by the government and revival of the investment cycle would be conducive for achieving the growth aspirations of the Company. The road ahead planned for your company includes:

- Enter new verticals
 - Packaging and Manufacturing
 - Smart city Infrastructure Development

- Enlarge global footprint through acquisition and strategic Joint Ventures in the core business.
- Key and strategic real estate projects on very promising locations.
- Establish presence in varied structure, steel design and fabrication works in bridges, large building constructions and heavy engineering works.

Tap India's second largest potential in the world both in Hydro Electric Power and irrigation by capitalizing on the plans of the government of India plans of river linking project.

STRATEGY

Om Metals is the leading player in the hydro mechanical segment. However the company is not content with garnering a majority of the market share. Our team at OMIL is always striving to constantly upgrade its benchmarks to meet and conquer the growing competitiveness of this segment. We will be further consolidating our position as one of India's leading hydro mechanical equipment manufacturers by securing and executing larger and more complex projects.

To cement our position in the industry, we are also looking at inorganic growth opportunities in the global arena, in order to grow and boost our international presence.

At OMIL, we expect to make a growing, strategic and very opportunistic investment in real estate, infrastructure projects & other high cash generating ventures to enhance the shareholder value.

Two of the strategic and very opportunistic investments planned by your company are

Packaging & Manufacturing

The company is venturing into manufacturing of closure for water PET bottles and Carbonated Soft Drinks (CSD). It involves using compression moulding technology over injection moulding used by existing players in the industry. The technology has been imported from Italy which will generate high returns on investment and help unlocking greater value to shareholders. The capacity in this business will be 10 crore caps per month against an estimated world demand of 2 trillion caps by 2019.

The growth in this venture will be driven by the following factors

- 1) Income Growth - Per capita income has seen a continuous improvement from US\$540 in 2007 to US\$1,140 in 2013. This has driven disposable income growth at a much faster pace than the GDP growth, thereby boosting demand for lifestyle products including alcoholic beverages
- 2) Rural Opportunity - Rising rural income: Proportion of rural population with income above US\$5,000 is projected to increase to 22% in 2025 compared to 3% in 2005. Rise in rural disposable incomes will increase demand for packaged F&B and consumer goods
- 3) Increasing Urbanization - Share of population living in urban area is expected to increase to over 40% in 2030 compared to 30% currently. Urban areas are expected to account for 62% of consumer spending in 2025 compared to 49% in 2013
- 4) Favourable Demographics
 - a. India is a "young country" with median age of just 27 years while the global median age is 33 years
 - b. Youth population (15-34 years) in India is estimated to reach 458 million by 2026
 - c. Higher percentage of youth population is expected to drive demand for tertiary processed foods due to their preference for such products and their propensity to try newer products
 - d. Approximately 60% of India's population is in the age-group of 15-64; another 150 million are likely to be added to this age group in the next five years
 - e. Following these favourable demographics, demand for alcoholic beverages is set to increase

Smart City Infrastructure Development

The current government has a vision of developing 100 smart cities as satellite towns of larger cities and by modernizing the existing mid-sized cities. Your company has entered into a 50:50 JV with SPML Infra Ltd for developing infrastructure of proposed Ujjain Smart City. The development activities will include

- Water Supply, treatment along with drainage system
- Solid Waste Management
- Internal & External roads of 4 & 6 lanes
- Power Transmission & Distribution
- Domestic Gas Distribution System
- Street Lighting, CCTV & SCADA Systems and Safety & Security Systems

The government recently released the list of 20 smart cities out of the 98 shortlisted for the Smart City Mission where Ujjain stood 21st on the smart city proposal ranking list and will be competing for the second round of challenge.

The urban development ministry has recently announced that instead of the originally proposed 100 Smart Cities, now 109 cities will compete to be part of the mission thus giving more opportunity for your company to take up projects in this space.

INDEPENDENT AUDITOR'S REPORT

To the Members of

Om Metals Infraprojects Limited

Report on the Financial Statement

1. We have audited the accompanying standalone financial statements of Om Metals Infraprojects Limited ('the Company') which comprise the Balance Sheet as at 31 March, 2016, the Statement of Profit and Loss, the cash flow statement for the year ended and a summary of significant accounting policies and other explanatory information, in which are incorporated financial statements of Engineering, Real estate & Hotel Divisions of the Company audited by other auditors and whose reports have been furnished to us. Our opinion, in so far as it relates to the affairs of such division is based solely on the report of other auditors.

Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements, that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding of the assets of the Company, preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143 (10). Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India :
 - a) in the case of balance sheet , of the state of affairs of the Company as at 31st March, 2016,

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act"). In preparing the report, we have considered the report made under the aforesaid order by other auditors, who have audited the Financial Statements of the Divisions of Engg. , Real estate and Hotel etc. of the Company we report that:

1. In conjunction with our audit of the standalone financial statements of Om Metals Infraprojects Limited. ("the Company") as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting (IFCoFR) of the company of as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI).

- b) Gratuity:

Gratuity liability is a defined benefit obligation of the company. The Company provides for gratuity to all eligible employees as calculated by actuarial valuer. The benefit is in the form of Lump sum payments to vested employees on resignation, retirement, on death while in employment or on termination of employment of and amount equivalent to 15 days basic salary payable to each completed year of services. Vesting occurs upon completion of 5 years of services. The company has not made annual contributions to funds administered by trustees or managed by insurance companies.

c) Leave Salaries:

Liabilities for privilege leave benefits, in accordance with the rules of the company is provided for as calculated by actuarial valuer, as prevailing salary rate for the entire un-availed leave balance as at the balance sheet date. Actuarial valuation for the liabilities has been provided as per report submitted by the certified valuer.

1.14 Impairment of assets:

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised in the Statement of Profit and Loss whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

1.15 Provisions, contingent liabilities & Assets:

A Provision is recognized when an enterprise has a present obligation as a result of past event, it is probable that an outflow of resources will be required to settled the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not disclosed to its present value and are determined based on best management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Other contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statement.

1.16 Earning per Share:

Basic earnings per share is calculated by dividing the Net Profit or Loss for the year attributable to equity share holders (After deducting taxes etc.) by the weighted average number of the equity shares outstanding during the year are adjusted for the effect.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year are attributable to equity share holders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

1.17 Use of Estimate:

The preparation of financial statements in conformity with the generally accepted accounting principles (GAAP) requires the management to make judgment, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and Liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the out comes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

1.18 Operating Lease – Operating Lease receipts and payments are recognized as income or expense in the statement of profit and loss as per the terms of the lease agreement.

b) Segment accounting polices :

In addition to the significant accounting policies applicable to the business segment as set in note 1, the accounting policies in relation to segment accounting are as under:

i) Segment revenue & expenses :

Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments.

ii) Segment assets and liabilities:

Segment assets include all operating assets used by a segment and consist principally of operating cash, receivables, inventories and fixed assets, net of allowance and provisions, which are reported as direct off sets in the balance sheet. Segment Liabilities include all operating Liabilities and consist principally of trade payables & accrued liabilities. Segment assets and liabilities do not include deferred income taxes except in the Engineering division. While most of the assets/liabilities can be directly attributed to individual segments, the carrying amount of certain assets /liabilities pertaining to two more segments are allocated to the segments on a reasonable basis.

iii) Inter segment sales :

Inter segment sales between operating segments are accounted for at market price . These transactions are eliminated in consolidation.

iv) The main division is Engineering Division and funds provided by Engineering Division to other division and interest on such balances are not charged.

v) Other segments do not have revenue from sale to external customers and to other segments in excess of 10% of total revenue of all segments, external or internal.

Independent Auditors' report on consolidated financial statements

To the Members of Om Metals Infraprojects Limited

Report on the consolidated financial statements

We have audited the accompanying consolidated financial statements of Om Metals Infraprojects Limited (the Holding Company') and its subsidiaries and associate (collectively referred to as the Company' or the Group'), comprising the consolidated balance sheet as at 31 March 2016, the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the consolidated financial statements').

Management's responsibility for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the preparation of the consolidated financial statements in terms of the requirements of the Companies Act, 2013 (the Act') that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013 hereinafter referred to as the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014. The Board of Directors of the Company is responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

Annexure to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting of Om Metals Infraprojects Limited ('the Holding Company') and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

1.2 USE OF ESTIMATES

The preparation of the financial statements in conformity with GAAP requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include computation of percentage of completion which requires the Group to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended, provisions for doubtful debts, income taxes and the useful lives of tangible assets and intangible assets.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Changes in estimates are reflected in the consolidated financial statements in the period in which the changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

- b) In compliance with the Accounting Standards as applicable to its nature of business, the company raised claims with various projects / other parties amounting to Rs. 34556.60. Lacs (Rs. 22452.04 Lacs in Previous Years), against these claims, the Arbitrator awarded claims of Rs. 1612.50 Lacs (Rs 1612.50 lacs in the Previous Year). The company has not been recognizing the revenue on the aforesaid Arbitration Awards on its claimed including interest as awarded from time to time. There are also some counter claims by the Project Authorities/ Other Parties amounting to Rs 4191.38 Lacs (Rs 1354.06 Lacs in previous year) against these claims, the Arbitrator awarded claims to the client of Rs. 82.24 Lacs (Rs 82.24 lacs in the Previous Year). These Awards are further challenged by the clients as well as the Company in the higher courts as the case may be. In accordance with past practice, the Company has not made adjustment because the same has not become rule of the court due to the objections filed by Project Authorities/ Other parties and by the Company.
- c) During the year 2013-14 Pondicherry Port Limited, in view of numerous litigations in the matter of clearances from various authorities in relation to concession agreement dated 21st January 2006 with the Government of Pondicherry (GOP), decided to terminate the project and file for mandatory arbitration by nominating the arbitrator. Pursuant to this and arbitration panel has been constituted before which Pondicherry Port Limited has made a claim among other things for reimbursement expenses incurred in relation to the project, compensation for abandonment etc. The management is of the view that the arbitration proceedings would be in favour of Pondicherry Port Limited and thereafter the company would pursue other infrastructure projects in the near to medium term. Hence, the management in spite of material uncertainties leading to significant doubts, is of the view that the going concern assumption is appropriate.

- a) Segment accounting polices :
In addition to the significant accounting policies applicable to the business segment as set in note 1, the accounting policies in relation to segment accounting are as under:
 - i) Segment revenue & expenses :
Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments.
 - ii) Segment assets and liabilities:
Segment assets include all operating assets used by a segment and consist principally of operating cash, receivables, inventories and fixed assets, net of allowance and provisions, which are reported as direct off sets in the balance sheet. Segment Liabilities include all operating Liabilities and consist principally of trade payables & accrued liabilities. Segment assets and liabilities do not include deferred income taxes except in the Engineering division of OMIL. While most of the assets/liabilities can be directly attributed to individual segments, the carrying amount of certain assets /liabilities pertaining to two more segments are allocated to the segments on a reasonable basis.
 - iii) Inter segment sales :
Inter segment sales between operating segments are accounted for at market price . These transactions are eliminated in consolidation.
 - iv) Other segments do not have revenue from sale to external customers and to other segments in excess of 10% of total revenue of all segments, external or internal.

2.40 Exceptional Items - Loss on sale of Fixed Assets (Land and Building, Plant and machinery and others) is shown under the head Administrative Expenses and profit on sale of Fixed Assets (Land and Building, Plant and machinery and others) is shown under the head Other Income in the previous year

2.41 Corporate Social Responsibility

As per section 135 of the Companies Act, 2013, a company meeting the applicability threshold, needs to spend at least 2% of its average net profit for the immediately preceding three financial years of corporate social responsibility (CSR) activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation, environment sustainability, disaster relief and rural development projects. A CSR committee has been formed by the Company as per the Act. The funds were primarily allocated to a corpus and utilized through the year on these activities which are specified in Schedule VII of the Companies Act, 2013

- Gross amount required to be spent by the Company during the year is Rs. 83.76Lacs.
- Amount spent during the year:

in Rs. Lacs

Particulars	Amount Spent	Yet to be spent	Total
Promoting Education and enhancing Vocation Skills	83.76	-	83.76
Total	83.76	-	83.76

- 2.42 The Preoperative Expenses of Rs. 37.07 Lacs under various heads has been incurred during the year and capitalized in the respective Fixed assets of the Company.
- 2.43 JDA has issued show cause notice on 07.04.2016 to the Om Metal Consortium Pvt. Ltd. regarding permission issues on Construction that by - laws applicable on the date of sale of Khalsa land by Government of Jaipur on 02.10.1944 to Seth Anand Ram Jaipuria Trust and Bye - laws applicable when Om Metals Consortium Pvt. Ltd. submitted its maps for approval on 29.03.2011 and in case of EWS/LIG JDA mentioned that the construction of EWS/LIG houses are being constructed without approval of building plans. On the basis of both the above to issues JDA directed to stop the work of construction at A-2 as well as EWS/LIG site of Building and EWS site. In our view both the above two issue are bad in the eyes of laws because (i) we submitted our building plan in 2011 accordingly the permission given by the JDA on the basis of prevailing JDA building bye laws 2010 hence 1944 bye - laws cannot be made effective (ii) we are constructing the EWS/LIG flats as per the provision of the policy of the Government of Rajasthan dated 02.05.2012 vide which if the building plans for construction of EWS/LIG flats are submitted as per the building bye - laws prepared by the registered Architect and if the permission is not given within 30 days the applicant allowed to start the construction . We are constructing EWS/LIG flats on the basis of deemed permission. We submitted reply of the show cause notice on 18.04.2016 and JDA has to take its decision up to 30.05.2016 as per the direction of JDA Tribunal order dated 20.05.2016. As per discussion with the counsel there are favorable chances of decision in favor of the company hence the company has recognized the revenue as in the last year.
