MANAGEMENT DISCUSSION AND ANALYSIS REPORT

We submit herewith the “Management Discussion and Analysis Report” on the business of the Company as applicable to the extent relevant.

GLOBAL ECONOMY OVERVIEW:

Global Economy after a 3.3% contraction in 2020 and a 5.8% rebound in 2021, global GDP growth is projected to slow to 2.7% in 2022 and 2.6% in 2023, Advanced economies and many middle-income countries reached substantial vaccination rates. International trade picked up, and high commodity prices are benefiting many developing countries.

Although, rising energy prices and supply interruptions have resulted in higher and more wide spread inflation than expected. Elevated inflation is projected to last longer than prediction, although assuming inflation expectations remain well-anchored, inflation should steadily decline in 2023 as supply-demand imbalances fade and major economies respond with monetary policy.

INDIAN ECONOMY OVERVIEW:

India has emerged as the world's fastest-growing major economy, and it is predicted to be one of the top economic powers in the next decade, owing to its robust democracy and strong partnerships. According to Advance estimates, the India's economic growth is expected to remain in the range of 8 to 8.5 per cent in 2022-23 as against a projected growth of 9.2 per cent in the current financial year and a sharp contraction witnessed in 2020-21.

With economic momentum resuming, and the long-term advantages of supply-side reforms in the works, the Indian economy is poised to grow at considerable pace. According to IMF's World Economic Outlook (October 2021 edition), India's nominal GDP, measured in nominal USD market exchange rate is estimated at USD 3,515 Bn in 2023 (FY 2023-24), accounting for 3.3% of global GDP and making it the sixth largest economy in the world. When measured in purchasing power parity (PPP) terms, India is estimated to be the third largest economy at PPP USD 12,387 Bn in 2023.

India's nominal GDP at current prices was estimated at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY 22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy, and is planning to achieve 40% of its energy from non-fossil sources by 2030.

The Indian Pharmaceuticals industry plays a prominent role in the global pharmaceuticals industry. India ranks third worldwide for production by volume and 14th by value.

India is the 12th largest exporter of medical goods in the world. Indian drugs are exported to more than 200 countries in the world, with US being the key market. Generic drugs account for 20% of the global export in terms of volume, making the country the largest provider of generic medicines globally. Indian drug & pharmaceutical exports stood at US\$ 24.60 billion in FY22 and US\$ 24.44 billion in FY21.

INDUSTRY STRUCTURE AND DEVELOPMENT

Indian pharmaceuticals value added output is forecast to grow more than 6% annually in 2022 and in 2023, due to the ongoing rollout of Covid-19 vaccinations, a rebound in non-Covid related medical treatments and a surge in generic drug exports. However, in H1 of 2022 drug producers still face pressure on gross margins, due to high commodity and transport costs. Domestic wholesalers and pharmacies continue to generate low, but stable margins.

While generic drugs still account for about 70% of output, the pandemic has spurred Indian drug producers to substantially increase their R&D spending. Due to a serious supply disruption in 2020, Indian drug producers intend to increase local production of Active Pharmaceutical Ingredients (APIs) in order to reduce their reliance on Chinese deliveries. Those imports have meanwhile rebounded, but are not yet back to pre-pandemic levels. The government has announced a large incentive scheme (e.g. with tax exemptions) to boost local API production, which will last until 2030.

The industry is highly export-oriented, being one of the leading suppliers of generic drugs to the US. Exports could be impacted by resumption of US Food and Drug Administration (USFDA) inspections of Indian production plants. Failures to meet required quality standards could lead to lower sales to the US, and could have a negative effect on margins.

We expect the domestic drug market to grow steadily in the coming years, due to demographic trends and rising household income. The growing middle class can increasingly afford high quality drugs, while demand for treatments (and related drugs) of cardiovascular diseases and other chronic diseases will increase.

Industry Overview

OPPORTUNITIES, CHALLENGES AND OUTLOOK

Opportunities

As per extant policy, FDI up to 100 per cent, under the automatic route, is permitted in the pharmaceuticals sector for Greenfield investment. Hundred per cent FDI is also permitted for investments in existing companies under the government approval route. Further, the Government of India has also put in place mechanisms such as the Drug Price Control Order and the National Pharmaceutical Pricing Authority to address the issue of affordability and availability of medicines.

In this regard the sector has seen a lot of investments and developments in the recent past.

Some of the initiatives taken by the Government to promote the pharmaceutical sector in India are as follows:

- As per the Union Budget 2022-23:
 - Rs. 3,201 crore (US\$ 419.2 million) has been set aside for research and Rs. 83,000 crore (US\$ 10.86 billion) has been allocated for the Ministry of Health and Family Welfare.
 - Rs. 37,000 crore (US\$ 4.83 billion) has been allocated to the 'National Health Mission'.
 - Rs. 10,000 crore (US\$ 1.28 billion) has been allocated to Pradhan Mantri Swasthya Suraksha Yojana.
 - The Ministry of AYUSH has been allocated Rs. 3,050 crore (US\$ 399.4 million), up from Rs. 2,970 crore (US\$ 389 million).
- In March 2022, under the Strengthening of Pharmaceutical Industry (SPI) Scheme, a total financial outlay of Rs. 500 crore (US\$ 665.5 million) for the period FY 2021-22 to FY 2025-26 were announced.
- India could restart deliveries of COVID-19 shots to global vaccine-sharing platform COVAX in November-December 2021 for the first time since April 2021. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Emphasis of Matter

We draw attention to:

- (1) During the year Company's administrative & other general expenses are paid by Ajai Goyal (Director) on behalf of the company.
- (2) Company has not paid BSE Listing fee since last two Financial Years i.e. (FY 2020- 21& 2021-22)
- (3) Material Uncertainty Related to Going Concern-

The financial statements which indicates that the Company has accumulated losses and its net worth has been substantially eroded, Company has incurred a loss during the current and previous year(s) and, the Company's current liabilities exceeded its current assets as at the balance sheet date and the Company is not doing any business operations from past more than three years. These conditions, indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern.

- (4) Debtors, Creditors, Loan & Advances balance are subjected to confirmation.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information or another title if appropriate, such as “Information Other than the Financial Statements and Auditor’s Report Thereon”

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Ind AS financial statements and our auditor’s report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Ind AS Financial Statements

The Company’s Management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with

[the Companies (Indian Accounting Standards) Rules, 2015, as amended]. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing

our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

ANNEXURE-B TO THE INDEPENDENT AUDITOR'S REPORT**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Raymed Labs Limited (“the Company”) as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s and Board of Directors’ Responsibilities for Internal Financial Controls

The Company’s Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting with reference to these Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India, Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected

depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company’s internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles, A company’s internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion
