i.	Net Profit	(102.90)	49.72

The Net sales for the year ended 31st March, 2016 is ₹ 787.83 lakhs, as against ₹ 3431.31 lakhs for the previous corresponding year. The Profit/Loss before Tax is ₹ (94.49) lakhs as against ₹ 20.12 lakhs for the previous year showing a fall in the profit of the Company.

The Company has two major polymer operations i.e., HDPE/PP WOVEN SACKS/FABRICS and PLASTIC MOULDED INDUSTRIAL ACCESSORIES PET BOTTLES & DIFFUSERS. Both segments have different business environment, require different technical expertise, have separate market and product profile.

As the members were already informed that the Board of Directors have reviewed the operations of HDPE/PP Woven Sacks Segment / Division and was of the view that the division was incurring losses due to fluctuation of Raw Material Prices, Stiff Competition, change in technology and insolvency of existing plant. The unit specifically caters and dependent on Cement Industry and the market conditions were not very favorable to the Cement Industry. The HDPE unit was incurring losses since quite some time and was facing bigger challenges in terms of sale of products, realization of sale proceeds in time. For better performance, the unit requires Modernization of Plant and Machinery by replacement of Existing machinery, induction of new products in the division and expansion of the market which requires infusion of substantial amount of capital investment as well as working capital funds. The Board was of an opinion that further investment would not be viable at the given rates of interest as there was no hope for revival of the industry in the near future considering the present market scenario.

Therefore the Board recommended to close the operations and sell/transfer the entire plant & machinery, land & Buildings of HDPE Unit of the company as a going concern or separately.

The members have accorded their approval u/s 180(1) (a) on 25th June, 2015 for sale/transfer of the entire plant & machinery, land & Buildings of HDPE Unit of the Company as a going concern or separately by way of special resolution, through Postal Ballot. MANAGEMENT DISCUSSION AND ANALYSIS REPORT**a. Industry Structure & Development**

Over the past few decades, the Indian Plastic Industry has grown rapidly and has been able to find application in both Industrial and household sector with innovation in specification and design of varied products. This has provided an impetus to those in the industry to acquire technical expertise, achieve high quality standards and build capacities in various facets of the industry.

Pankaj Polymers Limited is a polymer manufacturing company primarily operating in the segment of Plastic Moulded Industrial Accessories.

Polymers are essentially used in the manufacture of various plastic products. In the consumption of the basic petrochemical, polymers form the bulk of demand as a packing material in Cement Industries, and also find its usage in Sugar and Fertilizer Industries as a primary packing material and also in packing rice bags for export purposes.

The Company integrates finest quality of raw materials using advanced technology and stringent quality control procedures at all its units. The Company ensures getting new models and designs for its products with good quality at reasonable prices to cater to the requirements and preferences of its customers.

During the year the performance of Plastic Moulded Industrial Accessories segment manufacturing of Plastic Injection Moulded Articles contributed significant performance.

b. Opportunities

Indian Industry demand for petrochemical is robust and growing fast. India petrochemical capacity addition lags the consumption growth. With all the projects under implementation / announced, India will import by 2016-17 around 3Mn MT of Pos. There is enough DEMAND to demand capacity expansion.

The Indian Plastic Industry clearly has the potential to continue its fast growth. It is expanding at a phenomenal pace, with plastic being significantly used in innovating new applications in industries like food processing, packing, healthcare thereby increasing demand for plastic altogether.

c. Threats, Risks & Concerns

Global trade balance and inventories will have impact on polymer prices. At present the threats, risks and concerns being felt and forecasted are, stiff competition in the market, consolidation of manufacturers, who have branded products and fluctuations in prices as well as availability of the raw material. Innovation, rationalization of costs and effective downstream industry management will offer a competitive advantage to polymer manufacturers across the globe.

As the polymer industry becomes more competitive, polymer manufacturers face increasing pressures for production cost reductions and more stringent "polymer quality" requirements. To achieve these goals one needs to develop comprehensive mathematical models capable of predicting the molecular and morphological properties in terms of reactor configuration and operating conditions. These mathematical representations can be classified into micro scale kinetic models, mesoscale physical, transport and thermodynamic models and dynamic reactor ones.

d. Segment wise performance

The segment wise revenue, results and capital employed is given at point no.7 in notes to account.

e. Outlook

Annexure - B to the Auditors' Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Pankaj Polymers Limited ("the Company") as of 31 March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and

dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
