WELCOME TO ANNUAL REPORT 2018

BUILDING A TEAM TO LEAD US TO THE FUTURE

Choice International Limited has modelled into striving for excellence and build teams and nurture individuals that shall be creating 'the way forward' for us. The leadership and the management has been building new leaders and new managers who will be playing a role of importance for us to excel across domains. This is the growth towards our future!

As a group, Choice has been one who believes truly in its name and stands by the ideology of having its values reflect in its name itself. Thus today, Choice translates to Commitment, Honesty, Optimism, Innovation, Consistency and Empowerment. For Choice, it is all about the commitment to provide supreme customer service, honesty in dealing with clients, optimism for the future and the economy, innovative solutions to make financial services easier and faster, and consistency in all of our services, modules and team quality, and finally, empowering customers to pursue their financial goals. And, to further carry forward this thought, Choice Group has also coined a belief system for everyone around which are basically words to live by for the entire team! It being 'आप कीजिए कामयाबी की तैयारी, बाकी हमारी जिम्मेदारी', which inspires individuals and businesses to partner and collaborate with us while we do the hard work of handling their compliance & financial management, supporting their business & expansion plans and guiding them with sound advisory & consultancy to grow.

THE VISION OF BECOMING" सर्वश्रेष्ठ"

Challenging the standard practices and endeavouring a path of ultimate excellence, Choice Group has nurtured a dream. A dream of being 'India's Most Respected & Trusted Financial Services Company' and that is the eventual vision and mission for us. It's what the team is working towards with zest, skill and dedication.

But, having said all of the above, what truly inspired us is to be 'The Best' at what we do. Every member, every division, every partner and the entire management team have to put their best foot forward to give clients a service which truly exceeds their expectations! This has been the way forward for Choice Group.

Thus, to conclude, here's the Annual Report 2018.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

GLOBAL ECONOMIC FRAMEWORK

The upswing in global investment and trade continued in the second half of 2017. At 3.8 percent, global growth in 2017 was the fastest since 2011. With financial conditions still supportive, global growth is expected to increase up to a 3.9 percent rate in both 2018 and 2019.

Economic activity in 2017 ended on a high note–growth in the second half of the year was above 4 percent, the strongest since the second half of 2010, supported by a recovery in investment. Outcomes exceeded the October 2017 World Economic Outlook forecasts in the euro area, Japan, the United States, and China, and continued to improve gradually in commodity exporters. Financial conditions remain supportive, despite the recent volatility in equity markets and increases in bond yields following signs of firming inflation in advanced economies. With broad-based momentum and expectations of a sizable fiscal expansion in the United States over this year and the next, global growth is now projected at 3.9 percent for 2018–19, a 0.2 percentage point upgrade for both years relative to the October 2017 forecast.

Aggregate growth in emerging market and developing economies is projected to firm further, with continued strong growth in emerging Asia and Europe and a modest upswing in commodity exporters after three years of weak performance.

The year 2017-18 was marked with strong macro-economic fundamentals. However, the growth of gross domestic product (GDP) moderated in 2017-18 vis-à-vis 2016-17. There was an improvement in export growth, fiscal trends remained attuned to the consolidation plans and inflation remained within the limits. The year also witnessed an increase in global confidence in Indian economy as well as improvement in ease of doing business ranking.

Equity markets in emerging markets and developing economies strengthened in the first three quarters of FY 2017-18. But towards the end of FY 2017-18, a significant portion of the gains were erased due to geopolitical uncertainties and the United States' trade policies.

Emerging markets and developing economies are forecasted to grow at about 4.9% and 5.1% in 2018 and 2019 respectively from 4.8% in 2017. Growth in emerging markets reflects firming activity in commodity exporters and continued solid growth in commodity importers. The contribution of net exports declined in commodity exporters, as import growth rebounded substantially

INDIAN ECONOMY OUT LOOK 2018-2019

As Financial Year 2017-18 (FY18) draws to a close, it is worth taking a look at India's economic performance over what has been quite an interesting period. While the first quarter of the year saw the impact of demonetisation settling down, in the next quarter, introduction of the landmark Goods and Services Tax (GST) brought in some uncertainties as businesses adjusted to the new regime. This did not take long, and from the third quarter onwards, signs of growth returning were evident.

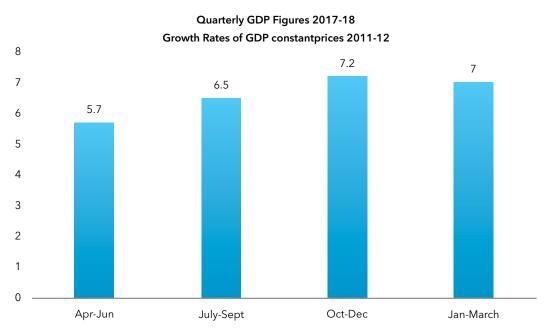

In the current financial year, what can we expect? As global economic activity continues to strengthen, global growth is forecast to grow by 3.9% during 2018 as per the International Monetary Fund's (IMF) January 2018 World Economic Outlook. The IMF expects India to grow at 7.4% during 2018 which could increase further to 7.8% during 2019 in contrast to 6.7% during 2017.

The Economic Survey for 2017-18 pegs the figure at 7-7.5% for the financial year ahead.

Gross Domestic Product

As per the second advance estimates of national income released by the Central Statistics Office in February 2018, real Gross Domestic Product (GDP) at constant prices is estimated to grow at 6.6% for 2017-18. The Indian economy achieved an impressive growth rate of 7.2%, a five-quarter high during the third quarter (Oct-Dec) of FY18 as opposed to 6.5% in the second quarter. India also regained its tag of the fastest growing major economy in the third quarter.

Emerging markets and developing economies are forecasted to grow at about 4.9% and 5.1% in 2018 and 2019 respectively from 4.8% in 2017. Growth in emerging markets reflects firming activity in commodity exporters and continued solid growth in commodity importers. The contribution of net exports declined in commodity exporters, as import growth rebounded substantially

Note: Jan-March is the expected growth rate during 4th quarter, CII calculation based on CSO's estimate of 6.6% annual growth rate during 2017-18

Source: Central Statistics Office; Q4 is estimates

The strong growth registered in the third quarter was primarily on account of the good performance of the manufacturing and construction sectors. The manufacturing sector registered a growth rate of 8.1% as compared to 6.9% in the previous quarter while the construction sector recorded a growth rate of 6.8% in contrast to 2.8% during the previous quarter.

Various economic reforms were undertaken in the year which include: implementation of the Goods and Service Tax, announcement of bank recapitalization, push to infrastructure development by giving infrastructure status to affordable housing, higher allocation of funds for highway construction and greater focus on coastal connectivity. Further initiatives include: lower income tax for companies with annual turnover up to 50 crore; allowing carryforward of MAT credit up to a period of 15 years instead of 10 years at present; further measures to improve the ease of doing business; and, major push to digital economy

Other sectoral initiatives undertaken include: measures to revive the construction sector and promotion of exports in textile and apparel industry. Apart from these, the measures that were taken by the Government in the previous years to boost manufacturing, employment generation, improving ease of doing business and transparency via schemes such as Make-in-India, Skill India, direct benefit transfer and measures for financial inclusion were also taken forward in 2017-18

An important macro-economic challenge faced by the Indian economy relates to the declining trend in the investment and saving rates, as seen from the latest available data. Nonetheless, mediumterm macro outlook remains bright against the background of implementation of GST, green shoots in the global economy, relatively stable prices and improvement in indicators of external sector.

As per the 1st Advanced Estimates released by the Central Statistics Office (CSO), the economy is expected to grow by 6.5 per cent in 2017-18 in terms of GDP at constant (2011-12) market prices. The gross value added (GVA) at constant (2011-12) basic prices is expected to grow by 6.1 per cent in 2017-18, as compared to the growth of 7.1 per cent achieved in 2016-17. The growth in agriculture, industry and services is estimated at 2.1 per cent, 4.4 per cent and $8.3\,\mathrm{per}$ cent respectively in 2017-18, as compared to $4.9\,\mathrm{per}$ cent, 5.6 per cent and 7.7 per cent in 2016-17. Growth rate of industry sector declined in 2017-18, mainly on account of moderate growth in manufacturing sector. It was the services sector that contributed to more than half of the overall GVA growth rate of 6.1 per cent in 2017-18. From the demand side, the final consumption expenditure has been the major driver of GDP growth. The growth of fixed investment at constant prices increased from 2.4 per cent in 2016-17 to 4.5 per cent in 2017-18. As per CSO, the exports of goods and services are estimated to grow by 4.5 per cent in real terms in 2017-18 as was the case in 2016-17, whereas the imports are estimated to grow by 10.0 per cent in 2017-18 as against 2.3 per cent in 2016-17.

Index of Industrial Production

India's current account deficit (CAD) stood at US\$ 13.5 billion accounting for 2% of GDP in the third quarter (Oct-Dec) of 2017-18, higher than US\$ 8 billion (1.4% of GDP) during third quarter of 2016-17 and US\$ 7.2 billion (1.1% of GDP) in the preceding quarter.

The widening of CAD on a year-on-year basis was the result of the increased trade deficit which stood at US\$ 44.1 billion during the period.

The global economy is stabilising with favourable global trade and financial conditions. Domestically, GST promises to deliver positive outcomes as India becomes a single, more competitive market. We can look forward to an upward growth path for India in FY 2018-19.

INDIAN FINANCIAL SERVICE INDUSTRY

India has a diversified financial sector undergoing rapid expansion, both in terms of strong growth of existing financial services firms and new entities entering the market. The sector comprises commercial banks, insurance companies, non-banking financial companies, cooperatives, pension funds, mutual funds and other smaller financial entities. The banking regulator has allowed new entities such as payments banks to be created recently thereby adding to the types of entities operating in the sector. However, the financial sector in India is predominantly a banking sector with commercial banks accounting for more than 64 per cent of the total assets held by the financial system.

The Government of India has introduced several reforms to liberalise, regulate and enhance this industry. The Government and Reserve Bank of India (RBI) have taken various measures to facilitate easy access to finance for Micro, Small and Medium Enterprises (MSMEs). These measures include launching Credit Guarantee Fund Scheme for Micro and Small Enterprises, issuing guideline to banks regarding collateral requirements and setting up a Micro Units Development and Refinance Agency (MUDRA). With a combined push by both government and private sector, India is undoubtedly one of the world's most vibrant capital markets. In 2017, a new portal named 'Udyami Mitra' has been launched by the Small Industries Development Bank of India (SIDBI) with the aim of improving credit availability to Micro, Small and Medium Enterprises' (MSMEs) in the country. India has scored a perfect 10 in protecting shareholders' rights on the back of reforms implemented by Securities and Exchange Board of India (SEBI).

India's gross domestic savings (GDS) as a percentage of Gross Domestic Product (GDP) has remained above 30 per cent since 2004. It is projected that national savings in India will reach US\$ 1,272 billion by 2019. Over 95 per cent of household savings in India are invested in bank deposits and only 5 per cent in other financial asset classes

The asset management industry in India is among the fastest growing in the world. Corporate investors accounted for around 43.44 per cent of total AUM in India, while High Net Worth Individuals (HNWI) and retail investors account for 30.09 per cent and 24.79 per cent, respectively. In the Asia-Pacific, India is among the top five countries in terms of HNWIs. RBI has allowed 100 per cent foreign investment under the automatic route in 'other financial services'.

The Government of India has launched the 'Bharat 22' exchange traded fund (ETF), which will be managed by ICICI Prudential Mutual Fund, and is looking to raise Rs 8,000 crore (US\$ 1.22 billion) initially.

The Securities and Exchange Board of India (SEBI) has allowed exchanges in India to operate in equity and commodity segments simultaneously, starting from October 2018.

India's equity market turnover has increased significantly in recent years. The annual turnover value in the National Stock Exchange (NSE) witnessed a CAGR of 19.13 per cent between FY 96 and FY 17 to reach US\$ 790 billion. During the month of January 2018, equity mutual funds have registered a record net inflow of Rs 14,683 crore (US\$ 2.27 billion).

In April 2018, the Government of India issued minimum FDI capital requirement of US\$ 20 million for unregistered /exempt financial

entities engaged in 'fund based activities' and threshold of US\$ 2 million for unregistered financial entities engaged in 'non-fund based activities'.

The Government of India has taken various steps to deepen the reforms in the capital markets, including simplification of the Initial Public Offer (IPO) process which allows qualified foreign investors (QFIs) to access the Indian bond markets. In FY18 the total amount of Initial Public Offerings increased to Rs 84,357 crore (US\$ 13,089 million).

Key Highlights of the financial service sector industry for the year 2017-18:

- ▶ The asset management industry in India is among the fastest growing in the world. As of November 2017, 42 asset management companies were operating in the country
- Inflows in India's mutual fund schemes via the systematic investment plan (SIP) route reached Rs 53,446 crore (US\$ 8.26 billion) between April-January 2018.
- ▶ Equity mutual funds have registered a net inflow of Rs 13,404 crore (US\$ 2.07 billion), thereby taking their asset base to Rs 7.04 lakh crore (US\$ 108.74 billion) in January 2018.
- The number of mutual fund (MF) portfolios have increased to 66.5 million as of December 2017, backed by rising interest in MFs among investors.
- Mutual fund (MF) equity portfolios in India reached a 10-year high of 49.3 million, by end of 2017.
- In December 2017, corporate investors accounted for around 43.03 per cent of total AUM in India, while HNWIs and retail investors accounted for 29.65 per cent and 25.25 per cent, respectively
- The market capitalisation of all the companies listed on the BSE reached a record Rs 150 lakh crore (US\$ 2.33 trillion) backed by high gains in the broader market.
- ▶ The amount raised by IPOs in India increased from US\$ 318 million in FY 2008-09 to US\$ 10,888 million in FY 2017-18*.
- Initial Public Offers (IPOs) by small and medium enterprises (SMEs) in India received record funding of Rs 16.79 billion (US\$ 259.35 million) in 2017 through 133 issues.
- At the end of January 2018, the assets under management of the mutual fund industry stood at Rs 22.41 lakh crore (US\$ 346.15 billion.)

BROKING & DISTRIBUTION

Industry Facts:

Steadily rising turnover in financial markets has led to rapid expansion of the brokerage segment Indian stocks markets, S&P Sensex and Nifty 50, rose 27.9 per cent and 28.6 per cent respectively in CY 2017, thereby yielding the best returns since 2014.

Following a strong performance in the financial year 2017-18, the domestic broking industry is expected to register moderate income growth in the current financial year due to "elongated period of volatility along with possible correction in valuations over the near term", according to ICRA. The rating agency pegs the income growth to around 5% with the projected aggregate income of 19,000 to 20,000 crore in FY2019. "The retail participation is likely to remain stable, supported by the initial public offering (IPO) pipeline, albeit with some fluctuations, given the volatility," said a statement by ICRA. The higher yielding cash volumes are expected to get a boost as more brokerage houses scale up the margin trading offering to their clients, which would also help support the income profile of fullservice brokerage houses, given the price-based competition from the discount brokerage houses, it added. The rating agency highlighted the fact that the domestic capital markets reported a robust performance in FY2018, building on the healthy performance in FY2017, supported by the strong equity inflows by the domestic institutional investor (DII) segment.

Incidentally, equity turnover at the exchanges increased to ₹1,733 trillion in FY2018 from ₹1,004 trillion in FY2017, registering a staggering growth of 73%. The Average Daily Turnover (ADTO) also increased to ₹7.04 trillion from ₹4.05 trillion in the same period, as per ICRA

"The markets (which) remained on an upward trajectory till January 2018, however, witnessed a decline in February 2018, precipitated by the concerns regarding the banking system following the detection of a large-scale fraud in a leading public-sector bank, expectation of US Fed rate hike and rising crude prices," it said while adding that markets continued to remain volatile in March 2018. "FY2018 also witnessed a waning interest by the foreign portfolio investors (FPI) in the domestic capital markets, driven by various domestic and global cues," said Samriddhi Chowdhary, Assistant Vice President and Co-Head-Financial Sector Ratings, ICRA.

While the market volatility is expected to continue over the near term, the outlook for the domestic capital markets remains stable to positive for FY2019 supported by the increasing financialisation of savings and strong DII segment, said ICRA

However, markets and investor sentiment would remain susceptible to events like the outcome of impending state elections, aggravation of geopolitical tensions, uptick in crude prices and hike in rates by US Fed amongst others, which could have a bearing on FPI inflow, it added.

WEALTH MANAGEMENT

Choice group offers its management services under the ambit of one of its subsidiary companies, Choice Wealth Management Private Limited.

With over 25 years of experience in the financial domain, we have expertise in financial wellness & sharing qualitative insights for our clients. As per the PwC report on Mutual Funds, the industry has witnessed a compound annual growth rate (CAGR) of 18% over the past 10 years. Despite the global economic slowdown in 2010 - 2013, there has been a remarkable upliftment in the mutual funds' investments in India. Even in the recent times, the average assets under management (AAUM) of the Indian Mutual Fund Industry for the month of June 2018 stood at 22.86 lakh crores rupees as per AMFI. This is about four and a half fold increase in tenure of a decade. These numbers moving on the upside are a result of factors such as favorable demographics, rising income levels, ongoing government initiatives and investor education initiatives & campaigns (like Mutual Funds Sahi Hai) by AMFI.

In an attempt to penetrate this opportunity which holds such huge potential for Mutual Funds Distributors, we started an online mutual funds distribution portal 'Investica' which was built by our in house tech division. This portal is operational on three platforms viz. Web, Android & iOS.

Investica is a web - app which is in lines with the Digital India Initiative by our Honorable Prime Minister which equipped with Aadhaar based eKYC which enables the client to onboard on the portal with zero paperwork. This feature does not only ease the process for the clients but also aids us in larger client acquisition. The onboarding process is much quicker vis a vis the traditional account opening process. This gives our clients a seamless experience to have an 'ON THE GO' procedure like this.

We allied with Ogilvy & Mather Advertising as our strategic partner in the brand identity building & for our digital commercial for cross platforms. Our Initial identity 'Bull' is now being replaced with 'Hammock' signifying the peace of mind that the consumers will experience as they experience the app. Our Brand Tagline is 'The Joy of Earning' is the joy of making an investment, of having made the right choice and choosing a right partner.

We launched two of our commercials on multiple social media platforms to create a sense of awareness in regards with our brand revamp. The idea was to let our users (existing & potential) about the new identity and how in the midst of our chaotic life, how we forgot the little joys of life. Our Angdaayi & Fursat commercials have crossed 2 million views each! So far, we've received an overwhelming response on these digital stories and we will launch the other 3 commercials hereafter.

The traction from our ads across various portals has gained positive traction so far. Within a year, we stand at 250k installs of the app with the customer satisfaction rate of over 90 % where queries of clients are resolved with a TAT of 1 day or less. Investica was also featured at 6 in the trending list by Google play store in the finance applications. Our transaction volume has witnessed significant rise on the platform recently & will also gain momentum in the coming months.

Currently, Investica offers ratings to various funds based on the risk appetite of the investors and Goal based thematic baskets crafted by our experts which enable its patrons to choose funds based on their investment objectives. These features foster seamless experience for its users whilst making their mutual fund decision. For our clients who are starting their mutual funds journey for the first time, Investica has educative blogs to guide them before making any investment coupled with the cadence of our research team who are available to guide the investors in case of any query.

Future Roadmap - The next wave

With the next update on the portal, it shall have an upheaval feature of Goal Based Investments to cater to the clients. Since the tagline signifies the joy of earning, one can now invest for a small goal like buying a bike to more polished goals like buying your dream home. One can simply select their goal (ex. going for an EDM concert) and the portal will suggest the amount to be invested to achieve that goal and the time in which the goal shall be accomplished. Also, it will suggest if there's any shortfall in reaching the completion of the goal & will also notify the user about the same.

In the beginning of the year, more than 64 NFO's have been filed with SEBI to match the mounting demand from the retail investors. Having said that, another new feature that is lined up is notification to the clients about the New Fund Order (NFO) of the AMC's empanelled with Investica. The user will also be in a position to see the details of the NFO like Scheme Name, Type, Objective, Category, Launch & Closure Date etc.

"BEAN INVESTOR BY CHOICE"

Mentioned below are two of our best strategies which is offered by our Company to meet your investment gaols.

NEW INDIA STRATEGY:

IRADE NAYE Bharat Ke!

India has become a favourable investment destination in the world on the back of following factors:

- Progress on Policy front improving business environment
- Stable macro economic fundamentals
- Huge Market size & demographic dividend
- Low Political uncertainties and less sensitivity towards the global market.
- i) A distinct stamp is being placed on India as structural change has occurred across various dimensions. Implementation of favourable initiatives such as GST, IBC, RERA, DBT and demonetization has made structural changes in economy which would not only yield result in the form of high quality economic growth but generate adequate employment in the long term.
- Economic reforms has given impetus to India's new mantra for success "IRADE"

Infrastructure, Rural Consumption / Renewable Energy, Affordable Housing, Digitalization and Emerging Businesses); will flourish more industrial avenues making "New India" unrivalled.

IDEAL VALUATION STRATEGY

Time Horizon: Long Term

Risk Appetite: Conservative

The Ideal Valuation strategy aims to create wealth by the long term compounding effect on Investment done in:

- Good Business
- Good Management
- Good Valuations

We seek to capitalise the opportunities that come up in the emotionally driven markets, which lead some very fundamentally strong companies to trade at a considerable discount than its intrinsic value.

Our Strategy is to buy the undervalued stocks, or simply the stocks at a price much lower than its fair price, irrespective of the market movements.

The big market whales and the mammoths of value investing , including warren Buffet, have argued that the essence of value investing is buying stocks below its intrinsic value.

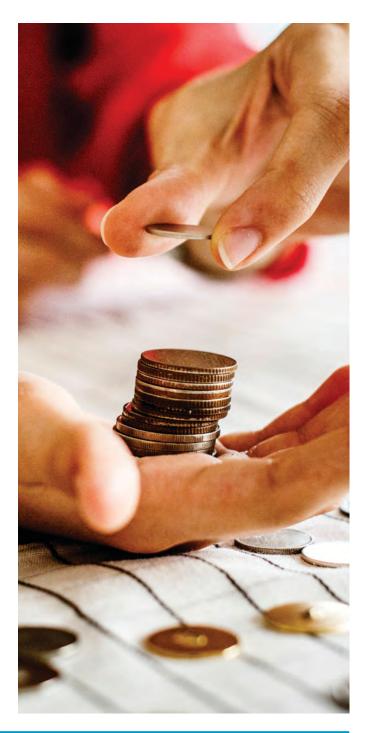

The moderate approach through our "IDEAL VALUATION STRATEGY" helps you appreciate your capital, over a given period of time, with an apt combination of a risk averse & also a moderate risk portfolio.

Ideal Valuation Strategy (IVS) is based on the emphasis on both value as well as growth investing. Under this strategy, we find the businesses which are fundamentally strong and available at reasonable valuation. We believe that a business can trade at higher multiple but it's underlying fundamentals must justify this.

Thereby a company is studied both from quantitative as well as qualitative fronts in order to find fundamental strength of the business.

- Under quantitative analysis, we do rigorous historical financial analysis of the companies through focusing on key ratios relating to growth, margins and returns. We have customized our quantitative approach in the way that any business which shows sustained improvement in key performance parameters comes in selection criteria.
- In qualitative analysis, we strategically study the company and focus would remain on understanding business model, products and services analysis, inter-firm comparison based on SWOT, corporate government standards and promoters zeal to growth and stability.

Our extensive& expertise research through our experienced Fund Managers brings for you a structure for Wealth creation. With the kind of response we have received initially, we expect to cross the mark of Rs.200 Cr. in a few years time and emerge as one the top rated Portfolio services in the industry.

INVESTMENT & MERCHANT BANKING

India is going through a remarkable transformation. The Government of India has introduced several reforms like IBC, RERA, FDI Investment, ease of doing business, mega tax reforms, financial inclusion, infrastructure development and the growth of manufacturing and service sectors are just some of the change enablers. More so, the country currently enjoys prudent fiscal conditions, stable inflation, growing trade and steady employment creation to support sustainable GDP growth.

Capital Market & Debt Syndication service is routed through our subsidiary "Choice Capital Advisors Private Limited" herein referred as "CFPL".

Choice Capital Advisors Private Limited (CCAPL), Category I - Merchant Banker is focused on undertaking new initiatives to give additional thrust to investment banking and corporate advisory services to SMEs and large corporate enterprises across two product group - Capital Market & Debt Syndication.

Its strength has been a deep understanding of capital markets earned over years of experience. With its in-built knowledge and innovative skills, CCAPL has developed a niche in the securities arena, thus paving a growth path for the companies across industries. CCAPL through its financial services enable its multiple consumer segments create, grow and protect their wealth.

On the Capital Market front, CCAPL offers entire bouquet of services which include Initial Public Offer (IPO) - Main Board & SME Platform, Further Public Offer (FPO), Right Issues, Buy Backs, Takeovers, Institutional Trading Platform, Pre - IPO Placement, QIP transactions,

Mergers and Acquisitions. CCAPL's growth is driven by strong focus on IPO readiness and IPO co-ordination services. Valuation services provided to various sectors of the industry has also added value to the operational and financial performance of the Company. We have also empanelled with BSE for valuation services of delisting companies. We promote Companies in improving their compliance and corporate governance through our advisory and consultation services led by a team of expert professionals, yielding optimum results for our clients.

On the Debt Syndication front, the team has successfully created a robust and vibrant edge through its initiative on advisory for working capital and project finance segment.

Although major transformational reforms seen in the past, such as the Government's demonetisation measures and the tax reforms through the introduction of GST, CCAPL has emerged as a resilient player on a steady path of quality growth with PAT of 6.8 Crore during FY 2018. Against the backdrop of an overall difficult market condition, CCAPL have delivered a good performance driven by strong growth and operational efficiencies.

During FY 2018, CCAPL acted as advisors to the Main Board IPO of H.G. Infra Engineering Limited with issue size of INR 462 Crore and as merchant banker to the SME IPO of Globalspace Technologies Limited with issue size of INR 20.02 Crore. CCAPL also acted as advisors to Gini & Jony for fund raising worth INR 30 Crore.

With our well diversified operational model across capital market activities and the expanding scope of financial services in the current economic environment, we firmly believe in our ability to assist our clients in building valuable businesses thereby creating value for all stakeholders.

New Launches

In this digital era, we will lack behind if we are not going upgrade our self on digital world. For that we are looking forward to build an app based portal so that loan process gets easier and handy. We are also on verge of introducing our Online Portal assisting customers in every location of India.

Comparison with the peer group

Today market is so competitive that we need to take primitive measures to stay ahead of our completion Here are some reasons why people rely on us:

- Foremost reason is that we are offering our customers personal assistance that means they are interacting an individual instead of any robot misguiding you in numbers.
- There are various competitors such as Direct Sales agents, Chartered accountants as well as small time agents/connectors who work on reference basis for small commission
- There are also few online portals who invite customer online to apply for loans and thereby pass the same lead to bankers and NBFC's.
- We are currently working on Offline model and plan to compete the online team players of the market too.

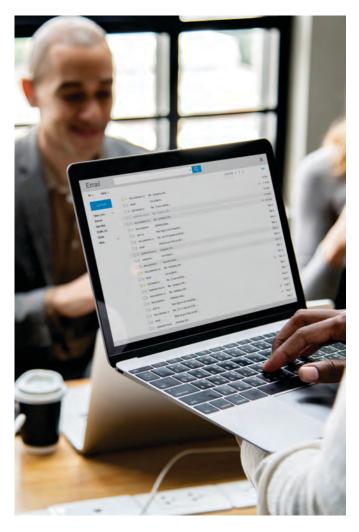

Our Standing in the industry

We have a long list of satisfied and happy customers. As we are always ready to offer the best of best services to our valuable customers-

 We provide E2E services to our customers from loan documentation till the disbursement of cheque.

Way forward Statement

In forth coming years we are targeting to serve people in the remotest locations of India and for that we are aggressively working and building a team of supporting members through our ONLINE portal. The above mentioned activities are carried out by our Wholly owned Subsidiary M/s. Choice Corporate Services Private Limited.

MANAGEMENT CONSULTANCY

The Choice Consultancy Services Private Limited, a wholly owned subsidiary continues to demonstrate steady progress in rendering consultancy services in key segments like roads & highways, civil structures, water management, solid waste management (SWM), urban development & sustainability, public utility & welfare and information technology (IT). Our services include conducting feasibility studies, preparation of detailed project report, project management consultancy, transaction advisory etc.

The recent impetus from the Government on announcements and increased budgetary allocations covering the following in specific has led to growing opportunities for us and moved our focus mainly on orders from Government-

- Smart Cities
- Road & Highways
- Pradhan Mantri Awas Yojna
- National Mission for Clean Ganga (Namami Gange)
- Environmental Infrastructure (Solid Waste Management)

The Company successfully bagged projects in roads & highways (Rajasthan, Himachal Pradesh, Karnataka and Maharashtra), water management (Madhya Pradesh and Jharkhand), SWM (Chhattisgarh), public utility and welfare (for Pradhan Mantri Awas Yojna in Jharkhand, Chhattisgarh, Orissa and Madhya Pradesh).

We continues to focus on 3 aspects - Commercial and financial settlement of completed projects, Efficient execution of ongoing projects and balancing risk-reward approach to targeting new projects. Relationship building with the external stakeholders, including strategic clients and execution partnerships is recognized as a key to navigating through the challenging environment.

The year began with our presence in diverse segments of the market and the Company launched rational approach towards optimizing opportunities in domestic as well as global market.

CROSS BORDER CONSULTANCY

The group provides cross border consultancy through its subsidiary namely "Choice Peers International Private Limited" or "CPI" is an International Division of Choice group.

CPI has shown rapid growth which is substantiated by its increased presence throughout the globe. It has been able to multiply its member strength from 33 in March 2017 to 100+ in the current year. CPI is now present in 90+ countries as on March 2018 and growing constantly. CPI has further added new clients through its members in diversified sectors across countries like UK, Hong Kong, Kenya, UAE, Nigeria, India, Singapore, etc.

Compared to our peers who have been in this space for quite some time, CPI is relatively a new entrant and hence not comparable. CPI started its operations in the year 2016 and in a span of 2 years CPI has managed to make a commendable presence in 90+ countries.

CPI has an association with 100+ members throughout the globe and the Management expects to add more members in the coming years. With a shift in focus to generation of business leads for member firms, the Management is putting in efforts towards the same by connecting to different member firms, government officials, clients, etc. We expect to catch up with the peers in next 5 years at the pace at which we are growing.

Consultancy services offered by our member firms are as under:

- Audit and Assurance
- International Taxation
- Investment Banking
- Business set up and expansion solutions
- Government Reforms and Infrastructure Development
- Strategy and Technology consulting

Way forward:

The Management has a vision to grow business by finding opportunities for the member firms within our space throughout the globe and making them profitable for member firms as well as CPI. Africa being an emerging economy, we further plan to increase our African presence by expanding offices within West and South Africa. Also an office in Singapore would help us bolster our Asian presence which is being discussed thoughtfully.

CORPORATE GOVERNANCE

66

In the End only
Kindness Matters
Good Corporate
Governance it's all bout
Being Proper & Prosper

Corporate Governance is a set of systems, processes and principles which ensure that a Company is governed in the best interests of all stakeholders. It is about promoting fairness, equity, transparency, accountability and respect for laws. The aim of "Good Corporate Governance" is to manage affairs of the company in a transparent manner in order to maximise long-term value of the Company for the benefit of its shareholders and all other stakeholders.

Corporate governance provides a structure that works for the benefit of everyone concerned, by ensuring that the enterprise adheres to ethical standards, laws and accepted best practices. It imbibes the basic business ethics and values that need to be adhered to in letter and spirit. A transparent, ethical and responsible corporate governance framework essentially emanates from the intrinsic will and passion for good governance ingrained in the culture of the organisation.

The extent to which corporate enterprises observe the basic principles of good corporate governance has now become an important factor for attracting foreign investment. In this age of globalisation when quantitative restrictions have been removed and trade barriers dis¬mantled, the relationship between corporate governance and flows of foreign investment has become increasingly important.

Further, in the context of liberalization and globalisation there is growing realization in the emerging economies including India that a country's business environment must be maintained and operated in a manner that is conducive to investors' confidence so that both domestic and foreign investors are induced to make adequate investment in corporate companies. This will be conducive to rapid capital formation and sustained growth of the economy.

It further needs to be emphasized that practices and principles of good corporate governance have been evolved which stimulate business rather than stifle it. In fact in good corporate governance structure what is ensured is that companies must preferably follow voluntarily ethical code of business conduct which are conducive to the expansion of investment in them and ensure good outcome in terms of rates of return.

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance is the combination of voluntary practice and compliance of laws and regulations leading to effective control and management of the affairs of the Company. The Company believes that good corporate governance contemplates that corporate actions balance the interest of all stockholders and satisfy the tests of accountability, transparency and fair play. The Company gives high priority to core value and ethics and believes that all its operations and actions must be directed towards overall share holder value.

At Choice, Corporate Governance is about upholding the highest standards of integrity, transparency and accountability. We maximize shareholder value while safeguarding and promoting the interests of other stakeholders and maintaining a steadfast commitment to ethics and code of conduct. We believe that retaining and enhancing stakeholder trust is essential for sustained corporate growth. We have engrained into our culture and into each associate the values of honesty and fairness. For us, adherence to Corporate Governance stems not only from the letter of law but also from our inherent belief in doing business the right way.

CANONS OF OUR CORPORATE GOVERNANCE PHILOSOPHY:

- Engaging a diverse and highly experienced Board of Directors, with expertise in industry, finance, management and the law;
- Deploying well defined governance structures that establishes checks and balances and delegates decision making to appropriate levels in the organisation;
- Adoption of transparent and robust systems, processes, policies and procedures;
- Making high levels of disclosures for dissemination of corporate, financial and operational information to all its stakeholders;
- Having strong systems and processes to ensure full and timely compliance with all legal and regulatory requirements.
- Respect, accountability and fairness towards all stakeholders.
- Create value for all stakeholders without compromising on ethical principles.
- Clear communication of relevant information and high degree of disclosure levels.

Choice is in full compliance with the corporate governance norms and disclosures of clause of the Listing Regulation with the Stock Exchange. We report our financial results and other relevant disclosures/developments in a clear and timely manner through print and electronic media.

WE BELIEVE THAT, THE CORPORATE GOVERNANCE ISSUES SHOULD NOT BE IMPOSED ON THE CORPORATES BY THE MARKET OR REGULATORS BUT IT SHALL BE ENTREPRENEUR DRIVEN.

ROLE OF BOARD OF DIRECTORS

Corporate Governance is concerned with the functioning of Board of Directors (BODs)-its structure, styles, process, their relationships and roles, activities etc. Therefore, Boards of directors (BODs) are considered as a crucial part of the Corporate Governance. Directors are appointed by the shareholders of the company, who set overall policy for the company, and the board appoints one or more of them as managing directors/whole time directors/ executive directors to be approved by the shareholders.

BOD's are a link between the people who provide capital (the shareholders) and the people who use that capital to create value (the managers). The board's primary role is to monitor management on behalf of the shareholders. Board of directors is the important element of Corporate Governance. As Tricker says, "Corporate Governance addresses the issues facing Boards of Directors".

In this view, the main responsibility of governing a company is upon the Board of Directors and, therefore, attention must be paid to their roles and responsibilities. The roles of the Board of Directors and shareholders are interactive and, therefore, the quality of governance depends upon the level of interface set up by them. The board is accountable in many ways to the shareholders and

stakeholders in a company. The directors are required to attain a balance between competing interests of shareholders, customers, lenders, promoters and directors. Preferably, the board should be the heart and soul of a company. Whether or not, the company grows or declines, depends upon the sense of purpose and direction, the values, the will to generate stakeholders' satisfaction and the drive to achieve them.

At the rudder of the "Choice" Corporate Governance practice is its Board. The Board provides strategic direction to the company's senior management and oversees the interests of all stakeholders. It reviews corporate policies, overall performance, accounting and reporting standards and other significant areas of management, corporate governance and regulatory compliance. Choice's Board consists of eminent individuals with diverse experience and expertise.

It comprises of combination of Various executive, Non -Executive & Independent Director on its Board the details of which are provided in the report.

TO THE MEMBERS OF CHOICE INTERNATIONAL LIMITED

REPORT ON THE STANDALONE FINANCIAL STATEMENTS

We have audited the accompanying standalone financial statements of Choice International Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards prescribed under Section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended ("Accounting Standards"), and other accounting principles generally accepted in India and guidelines issued by the Reserve Bank of India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under Section 143(11) of the Act.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Accounting Standards and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its profit and its cash flows for the year ended on that date.

OTHER MATTER

The comparative standalone financial information of the Company for the year ended March 31, 2017 was audited by M/s Gupta Shyam & Co. (previous auditors of the Company).

Our opinion on the standalone financial statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- 1. As required by Section 143 (3) of the Act, based on our audit we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards prescribed under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Company as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- 2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Choice International Limited)
Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Choice International Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS

OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note.

CHOICE INTERNATIONAL LIMITED

ACCOMPANYING NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Background

Choice International Limited ("CIL" / the "Company") is incorporated in India as a public limited company and registered with Reserve Bank of India as Non-Deposit Taking Non-Systemically Important Non-Banking Financial Services Company. The Company is engaged in financial services business comprising of lending, investments and advisory services.

1: SIGNIFICANT ACCOUNTING POLICIES:

a) Basis of Accounting & preparation of Standalone Financial Statements:

The Standalone Financial Statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") and Guidelines issued by Reserve Bank of India. The Standalone Financial Statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the Standalone Financial Statements are consistent with those followed in the previous year.

b) Use of estimates:

The preparation of Standalone Financial Statements requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the Standalone Financial Statements and the reported income and expenses during the reporting period. Management believes that the estimates used in the preparation of the Standalone Financial Statements are prudent and reasonable. Actual results could differ from these estimates. Any change in the estimates is recognised prospectively in current and future period.

c) Revenue Recognition:

Revenue is recognised to the extent it is probable that economic benefits will flow to the Company and the revenue can be reliably measured. In addition, the following criteria must be met before revenue is recognised:

- (i) Interest and other dues on Lending is recognised on accrual basis, except in case of Non-Performing Assets (NPA's), wherein income is recognized on realisation of the same. NPA's are determined in accordance with the Guidelines issued by the Reserve Bank of India.
- (ii) Income on services provided in the nature of Business Support Services ("BSS") is recognised on an accrual basis on completion of services as enumerated in the BSS policy of the Company.
- (iii) Profit or Loss on sale of investments is determined based on weighted average cost of investments and is recognized on trade date basis.
- (iv) Interest on fixed deposits are recognised on accrual basis.
- (v) Dividend income is recognised once the unconditional right to receive dividend is established.

d) Property, Plant & Equipment

Tangible assets:

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date.

Intangible assets:

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably. Intangible assets are carried at cost less accumulated amortization and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates.

Revaluation of Assets:

Land is accounted for using revaluation model as per Revised Accounting Standard - 10. The fair value of the Company's freehold land as at March 31, 2018 have been arrived at on the basis of a valuation carried out by an independent registered appraiser not related to the Company with appropriate qualifications and relevant experience in the valuation of land at relevant locations. The Fair value was determined based on a Sales Comparison Method. Revaluation Surplus is credited to revaluation surplus in Shareholder's equity. Subsequently, such Land will be carried at fair value based on periodic valuations by an independent registered appraiser.

During the current year, pursuant to the revaluation model adopted as aforesaid, the land of the Company has increased by Rs.417,022,090 and correspondingly the Reserves & Surplus have also increased by that amount.

e) Depreciation & Amortization:

Depreciation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. In respect of computer software which are amortized over a period of five years in accordance with the Accounting Standard 26 "Accounting for Intangible Assets". Depreciation on addition to fixed assets is provided on a pro-rata basis from the date of addition.

The estimated useful life of intangible assets and the amortization period are reviewed at the end of each financial year and amortization method is revised to reflect the changed pattern.

f) Inventories:

Inventories of share & securities are valued at cost (on FIFO basis) or the net realizable whichever is lower, by taking the value of all the scripts of the shares cumulatively. Cost includes all incidental cost of acquisition.

g) Cash & Cash Equivalent:

Cash comprise cash on hand and demand deposits with banks. Cash equivalents are short term balances, highly liquid investments that are readily convertible in cash and which are are subjected to insignificant risk of change in value.

h) Finance Cost:

Interest cost is recognised as expenses in the period in which the cost is incurred. Other finance Charges includes origination fees and other ancillary costs with respect to funds mobilised by the Company which are amortised over the tenure of such borrowings.

i) Employees Benefits:

- (i) Short-term: Short-term employee benefits are recognised as an expense at the undiscounted amount expected to be paid over the period of services rendered by the employees to the Company. These includes Salary, Compensated leave encashment, Bonus, etc.
- (ii) Long-term: The Company has both defined-contribution and defined-benefit plans. The defined contribution plans are financed by the company and in the case of some defined contribution plans by the Company along with its employees.

• Defined-contribution Plans

These are plans in which a company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. These comprise of contributions to the Employees' Provident Fund and Family Pension Fund. The Company's payments to the defined contribution plans are reported as expenses in the period in which the employees perform the services that the payment covers.

• Defined-benefit Plans

Expenses for defined-benefit plans are calculated as at the balance sheet date by independent actuary. These commitments are valued at the present value of the expected future payments, with consideration for calculated future salary increases, using a discount rate corresponding to the interest rate estimated by the actuary having regard to the interest rate on government bonds with a remaining term that is almost equivalent to the average balance working period of employees. Incremental liability based on the projected unit credit method as at the reporting date, is charged to the Statement of Profit and Loss. The actuarial gains / losses are accounted in the Statement of Profit and Loss.

j) Investments:

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments, all other investments are classified as non-current investments. Investments are valued in accordance with the RBI guidelines and Accounting Standard-13 on "Accounting for investments".

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

Quoted current investments are valued at lower of cost and market value of investments on a category basis. Unquoted current investments are valued at lower of cost and breakup value/fair value of investments in accordance with RBI Guidelines.

k) Impairment of Assets:

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss, except in case of revalued assets.

I) Accounting For Taxes On Income:

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognized on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognized for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognized only if there is virtual certainty that there will be sufficient future taxable income available to realize such assets. Deferred tax assets are recognized for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realized. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. The effect on Deferred Tax Assets and Liabilities of a change in tax rates is recognised in the Statement of Profit and Loss in the year of substantive enactment of the change. Deferred tax assets are reviewed at each Balance Sheet date for their reliability.

m) Provisions, contingent liabilities & assets:

A Provision is recognised when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation but the likelihood of outflow of resources is remote, no provision or disclosure as specified in Accounting Standard 29 - "Provisions, Contingent Liabilities and Contingent Assets" is made. Contingent Assets are neither recognised nor disclosed in the Standalone Financial Statements.

n) Provisioning under Prudential Norms:

- (i) NPAs are identified and categorised according to the Guidelines issued by the Reserve Bank of India (RBI). Provisions are made against sub-standard, doubtful and loss assets at the rates prescribed in the RBI guidelines, unless an accelerated provision / write-off is warranted on a case to case basis where additional risks are identified by the Management.
- (ii) Provisioning for NPAs is dependent upon, inter alia, whether the NPA is secured or unsecured. Loans are considered as secured, where the Company has valid recourse to assets / recovery by Pledge of shares, units, other securities.
- (iii) Provision for Standard Assets is made at 0.25% on the outstanding standard assets in accordance with RBI guidelines.
- (iv) Impairment in the investment portfolio is provided, as per the Guidelines issued by the RBI, unless an accelerated provision / write-off is warranted on a case to case basis.

o) Cash Flow Statement:

Cash flow are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of the transactions on non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the company are segregated based on available information.

For the purpose of Cash Flow Statement, cash and cash equivalents includes fixed deposits which are freely remissible but excludes interest accrued on fixed deposits.

p) Earnings Per Share

Basic earnings per share is calculated by dividing the Net Profit / (Loss) for the period attributable to equity shareholders of the Company by weighted average number of equity shares outstanding during the period.

Diluted earnings per share is calculated by dividing the Net Profits / (Loss) for the period attributable to equity shareholders of the Company by weighted average number of equity shares determined by assuming conversion on exercise of conversion rights for all potential dilutive securities.

TO THE MEMBERS OF CHOICE INTERNATIONAL LIMITED

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying consolidated financial statements of CHOICE INTERNATIONAL LIMITED ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") which includes the Group's share of profit in its associate, comprising of the Consolidated Balance Sheet as at March 31, 2018, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information ("the consolidated financial statements") which includes one jointly controlled operation of the Group accounted on a proportionate basis.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its associate and jointly controlled operation in accordance with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended ("Accounting Standards"), other accounting principles generally accepted in India and Guidelines issued by the Reserve Bank of India, to the extent applicable.

 $The\ respective\ Board\ of\ Directors\ of\ the\ entities\ companies\ included$ in the Group and of its associate and joint controlled operation are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding

Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the jointly controlled operation, subsidiaries and associate referred to in the Other Matters paragraph below, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Accounting Standards and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2018, and their consolidated profit and their consolidated cash flows for the year ended on that date.

OTHER MATTERS

- (a) We did not audit the financial statements of one jointly controlled operation included in the standalone financial statements of one of the company included in the Group whose financial statements reflect total assets of Rs.9,736,729 as at March 31, 2018 and total revenues of Rs.27,178,594 for the year ended on that date, as considered in the respective standalone financial statements of the company included in the Group. The financial statements of the jointly controlled operation have been audited by the other auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of this jointly controlled operation, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid jointly controlled operations is based solely on the report of such other auditor.
- (b) We did not audit the financial statements of ten subsidiaries, whose financial statements reflect total assets of Rs.499,875,954 as at March 31, 2018, total revenues of Rs.320,740,693 and net cash inflows amounting to Rs.49,102,315 for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of Rs.2,100,552 for the year ended March 31, 2018, as considered in the consolidated financial statements, in respect of one associate, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and an associate is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements and the other financial information of jointly controlled operation, subsidiaries and associate referred in the Other Matters paragraph above we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2018 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies and associate company incorporated in India, none of the directors of the Group companies and its associate company incorporated in India is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls

over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Holding company, subsidiary companies and associate company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of those companies, for the reasons stated therein.

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate.
 - The Group and its associates did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. There were no amount which were required to be transferred to the Investor Education and Protection Fund by the subsidiaries companies and associate incorporated in India.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Choice International Limited)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of Choice International Limited ("the Holding Company"), its subsidiary companies and its associate company, which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding company, its subsidiary companies and its associate company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection

of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiary companies and its associate company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and associate company, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company, its subsidiary companies and its associate company, which are companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any

evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Holding Company, its subsidiary companies and its associate company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the Guidance Note issued by the ICAI.

OTHER MATTERS

Our aforesaid report under Section 143(3)(I) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to ten subsidiary companies and one associate company, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

A jointly controlled operation of the Company, which is not a Company incorporated in India, to whom reporting on internal financial controls system over financial reporting is not applicable and hence no reporting under the internal financial controls system over financial reporting has been made.

Our opinion is not modified in respect of the above matters.

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Background

Choice International Limited ("CIL" / the "Company") is incorporated in India as a public limited company and registered with Reserve Bank of India as Non-Deposit Taking Non-Systemically Important Non-Banking Financial Services Company. The Company is engaged in financial services business comprising of lending, investments and advisory services.

Choice International Ltd. ("the holding company"), including its subsidiary companies and associate, provides services like Broking & Distribution, Investment Banking, Financial services to Business Advisory, Regulatory Compliances to Government authorities & other corporate entities, Retail Loan distribution, Mutual Fund distribution, technical services and other ancillary services.

A Basis of Consolidation

(i) The consolidated financial statements relate to Choice International Ltd. ("the holding company"), its subsidiary companies and associate, which together constitute the group.

(ii) The Consolidated Financial Statements (CFS) of the Group have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") and Guidelines issued by Reserve Bank of India. The CFS have been prepared on accrual basis under the historical cost conversion. The accounting policies adopted in the preparation of the financials Statements are consistent with those followed in the previous year except the following-

(a) Till the previous year the Broking Segment followed Settlement Date Accounting. In the current year the Segment has changed it's accounting policy to Trade Date Accounting. Had the company followed the earlier method, the imapct on the Financial Statements would be:

	Particulars	Amount lower by
Assets	Trade Receivable	103,327,535
Assets	Other Current Assets	3,875,847
Liability	Other Current Liabilities	105,521,058

(iii) The Group adopts the accrual concept in the preparation of the accounts. The preparation of CFS requires the Management to make estimates & assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of date of the CFS and the reported income and expenses during the reporting period. Management believes that the estimates used in the preparation of the CFS are prudent and reasonable. Actual results could differ from these estimates. Any changes in estimates is recognized prospectively in current and future period.

B Principles of consolidation

(i) The financial statements of the Company and its Subsidiaries have been consolidated as a single economic entity to show the economic resources controlled by the Group and then on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances and unrealised profit/(losses) on intra-group transactions and are presented to the extent possible, in the same manner as the Company's Standalone Financial Statements.

(ii) The Accounting Policies of the Consolidation Entities (note 1C) have been adjusted as necessary so as to ensure consistent accounting within the Group.

(iii) The difference between the cost of investment in the subsidiary, over the net assets at the time of acquisition of shares in the subsidiary is recognized in the consolidated financial statements as Goodwill or Capital Reserve as the case may be.

(iv) Investment in associate company has been accounted for by using the equity method, whereby an investment is initially recorded at cost and the carrying amount is adjusted thereafter for post-acquistion change in the Group's share of net assets of the associate companies. The carrying amount of the investment in associate company is reduced to recognise any decline in value if any, is made for each investment individually. The unrealised profits/losses on transactions with associate company are eliminated by adjusting the carrying amount of investments.

(v) The Group's interest in Jointly controlled operations are proportionately consolidated on line by line basis by adding together the book values of assets, liabilities, income & expenses, after eliminating the unrealised profits/losses on intra group transactions.

(vi) The financial statements of the subsidiaries, jointly controlled operations and associate used in the consolidated Financial Statements are drawn up to the same reporting date as that of the Company .i.e. March 31, 2018.

D Cash and cash Equivalents

Cash comprise cash on hand and demand deposits with banks. Cash equivalents are short term balances, highly liquid investments that are readily convertible in cash and which are subjected to insignificant risk of change in value.

E Cash flow statement

Cash flow are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of the transactions on non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the company are segregated based on available information.

For the purpose of Cash Flow Statement, cash and cash equivalents includes fixed deposits which are freely remissible but excludes interest accrued on fixed deposits.

F Inventories

Inventories of shares and securities are valued at cost (on FIFO basis) or the net realisable whichever is lower by taking the value of all the scripts of the shares cumulatively. Cost includes all incidental cost of acquisition.

G Revenue recognition

Revenue is recognized to the extent it is probable that economic benefits will flow to the Company and the revenue can be reliably measured. In addition, the following criteria must be met before revenue is recognized:

- (i) Interest and other dues on Lending is recognized on accrual basis, except in case of Non-Performing Assets (NPA's), wherein income is recognized on realisation of the same. NPA's are determined in accordance with the Guidelines issued by the Reserve Bank of India.
- (ii) Income on services provided in the nature of Business Support Services ("BSS") is recognized on an accrual basis on completion of services as enumerated in the BSS policy of the Company
- (iii) Profit or Loss on sale of investments is determined based on weighted average cost of investments and is recognized on trade date basis.
- (iv) Interest on fixed deposits and other income are recognized on accrual basis
- (v) Dividend income is recognized once the unconditional right to receive dividend is established.
- (vi) Brokerage income in relation to stock broking activity is recognised on trade date basis.
- (vii)Gain/Losses on dealing in securities are recognised on trade date basis.
- (viii) Income from services in the nature of Advisory services and other services fee based income is recognised on an accrual basis on completion of services as enumerated in the milestone specified in the relevant contracts entered with / work orders issued by the respective clients. Further, the services should be delivered before the period end for the revenue to be accounted as unbilled revenue.

H Employee benefits

- (i) Short-term: Short-term employee benefits are recognised as an expense at the undiscounted amount expected to be paid over the period of services rendered by the employees to the Company. These includes Salary, Compensated leave encashment, Bonus, etc.
- (ii) Long-term: The Company has both defined-contribution and defined-benefit plans. The defined contribution plans are financed by the company and in the case of some defined contribution plans by the Company along with its employees.

- Defined-contribution Plans

These are plans in which a company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. These comprise of contributions to the Employees' Provident Fund and Family Pension Fund. The Company's payments to the defined contribution plans are reported as expenses in the period in which the employees perform the services that the payment covers.

ACCOMPANYING NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

- Defined-benefit Plans

Expenses for defined-benefit plans are calculated as at the balance sheet date by independent actuary. These commitments are valued at the present value of the expected future payments, with consideration for calculated future salary increases, using a discount rate corresponding to the interest rate estimated by the actuary having regard to the interest rate on government bonds with a remaining term that is almost equivalent to the average balance working period of employees. Incremental liability based on the projected unit credit method as at the reporting date, is charged to the Statement of Profit and Loss. The actuarial gains / losses are accounted in the Statement of Profit and Loss.

I Finance Cost

Interest cost is recognised as expenses in the period in which the cost is incurred. Other finance Charges includes origination fees and other ancillary costs with respect to funds mobilised by the Company which are amortised over the tenure of such borrowings

J Earnings per share

Basic earnings per share is calculated by dividing the Net Profit / (Loss) for the period attributable to equity shareholders of the Company by weighted average number of equity shares outstanding during the period.

Diluted earnings per share is calculated by dividing the Net Profits / (Loss) for the period attributable to equity shareholders of the Company by weighted average number of equity shares determined by assuming conversion on exercise of conversion rights for all potential dilutive securities.

K Depreciation and amortization

Depreciation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. In respect of computer software which are amortized over a period of five years in accordance with the Accounting Standard 26 "Accounting for Intangible Assets". Depreciation on addition to fixed assets is provided on a pro-rata basis from the date of addition. The estimated useful life of intangible assets and the amortization period are reviewed at the end of each financial year and amortization method is revised to reflect the changed pattern.

L Property, Plant & Equipment

Tangible assets

Property, Plant & Equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of Property, Plant & Equipment includes interest on borrowings attributable to acquisition of qualifying Property, Plant & Equipment up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date.

Intangible assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably. Intangible assets are carried at cost less accumulated amortization and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates.

Revaluation of Assets:

Land is accounted for using revaluation model as per Revised Accounting Standard - 10. The fair value of the Company's freehold land as at March 31, 2018 have been arrived at on the basis of a valuation carried out by an independent registered appraiser not related to the Company with appropriate qualifications and relevant experience in the valuation of land at relevant locations. The Fair value was determined based on a Sales Comparison Method. Revaluation Surplus is credited to revaluation surplus in Shareholder's equity. Subsequently, such Land will be carried at fair value based on periodic valuations by an independent registered appraiser.

During the current year, pursuant to the revaluation model adopted as aforesaid, the land of the Company has increased by Rs.417,022,090 and correspondingly the Reserves & Surplus have also increased by that amount.

M Accounting for Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act. 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognized on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognized for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognized only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognized for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

N Provision and Contingencies

A Provision is recognised when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow

ACCOMPANYING NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

of resources. Where there is a possible obligation or a present obligation but the likelihood of outflow of resources is remote, no provision or disclosure as specified in Accounting Standard 29 - "Provisions, Contingent Liabilities and Contingent Assets" is made. Contingent Assets are neither recognised nor disclosed in the Standalone Financial Statements.

O Provisioning under Prudential Norms

- (i) NPAs are identified and categorised according to the Guidelines issued by the Reserve Bank of India (RBI). Provisions are made against sub-standard, doubtful and loss assets at the rates prescribed in the RBI guidelines, unless an accelerated provision / write-off is warranted on a case to case basis where additional risks are identified by the Management
- "(ii) Provisioning for NPAs is dependent upon, inter alia, whether the NPA is secured or unsecured. Loans are considered as secured, where the Company has valid recourse to assets / recovery by Pledge of shares, units, other securities."
- (iii) Provision for Standard Assets is made at 0.25% on the outstanding standard assets in accordance with RBI guidelines.
- (iv) Impairment in the investment portfolio is provided, as per the Guidelines issued by the RBI, unless an accelerated provision / write-off is warranted on a case to case basis.

P Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments, all other investments are classified as non-current investments. Investments are valued in accordance with the RBI guidelines and Accounting Standard-13 on "Accounting for investments".

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

Quoted current investments are valued at lower of cost and market value of investments on a category basis. Unquoted current investments are valued at lower of cost and breakup value/fair value of investments in accordance with RBI Guidelines"

Q Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss, except in case of revalued assets.

R Foreign Currency Transactions

(i) Foreign currency transactions and balances Initial Recognition

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions.

Conversion

Foreign Currency monetary items are restated using the exchange rate prevailing at the reporting date. Foreign Currency non-monetary items, which are measured in terms of historical cost, are reported using the exchange rate at the date of the transaction."

(ii) Exchange Differences

Foreign Currency Short-Term Monetary Items

The exchange difference on foreign currency short-term monetary items are recognised as income or as expenses in the period in which they arise.

Foreign Currency Long-Term Monetary Items

The group has exercised the option of amortising / capitalising the exchange difference arising on long-term foreign currency monetary items as given Ministry of Corporate Affairs (MCA) Notification No. G.S.R.914(E) dated December 29, 2011"
